TITLE 30—MINERAL RESOURCES

Chapter III—Bituminous Coal Division

[Docket No. A-1444]

PART 335—MINIMUM PRICE SCHEDULE, DISTRICT NO. 15

ORDER GRANTING RELIEF

Order granting relief in the matter of the petition of District Board No. 15 for establishment of price classifications and minimum prices for all shipments except truck for the coals of certain mines in Production Group No. 9 of District No. 15.

A petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937 and Orders Nos. 303 and 305, having been filed with the Bituminous Coal Division by District Board 15 requesting temporary and permanent relief by amending the District 15 minimum price schedule for all shipments except truck as follows:

1. By establishing the price classification "A" for all shipments except truck for the coals of ten mines in Production Group 9 of District 15 in Size Groups 1 to 4, 6, 8 to 10, and 14;

2. By establishing minimum prices 80 cents per ton lower in Size Groups 1 to 3, inclusive, than the truck prices for the mines in Production Group 9 having "A" grade coals; 50 cents per ton lower in Size Group 4; 20 cents per ton lower in Size Group 6; and the same in Size Groups 8 to 10, and 14, for shipment to Market Areas 154 to 157, inclusive, in Arkansas;

3. By establishing minimum prices 50 cents per ton higher than said truck prices in Size Groups 1 to 4, and 9, and 40 cents per ton higher in Size Groups 6, 8, 10, and 14, for the mines in Production Group 9 having "A" grade coals, for shipments to Market Area 212 in Oklahoma and Market Areas 226 and 227;

4. By establishing minimum prices 50 cents per ton higher than said truck prices in Size Groups 1 to 4, 6, 8, and 9, and 40 cents per ton higher in Size Groups 10 and 14 for the mines in Production Group 9 having "A" grade coals, for shipments to Market Area 212 in Texas and Market Areas 228 and 229;

5. By permitting the aforementioned minimum prices to be adjusted to effect an equal delivered price with Production Group 8 coals, but not to exceed a reduction of 60 cents per ton from the schedule prices;

6. By prohibiting said Production Group 9 from establishing the base at any destination in Market Area 212 in Oklahoma and Market Areas 226 and 227;

7. By establishing a minimum price of $2.10 per ton f. o. b. the mine for the coals of the mines in Production Group 9 having "A" grade coals, for railroad locomotive fuel use;

By Order of May 15, 1942, 7 F.R. 3794, temporary relief having been granted by establishing the requested price classifications and minimum prices for said mines;

Pursuant to orders of the Acting Director and after one continuance at the request of petitioner, a hearing having been held in this matter on July 7, 1942, before Examiner Joseph D. Dermody at a hearing room of the Division in Washington, D. C., at which all interested persons were afforded an opportunity to be present and in which they were permitted to participate fully;

The parties having waived the preparation and filing of a report by the Examiner, and the record thereupon having been submitted to the undersigned;

The undersigned having made Findings of Fact and Conclusions of Law, and having rendered an Opinion, which are filed herewith;

Now, therefore, it is ordered, That § 335.5 (*Alphabetical list of code members*), § 335.7 (*General prices; domestic, commercial and industrial coal schedule*) and § 335.8 (*Special prices*—(b) *Railroad locomotive fuel*) in the Schedule of Effective Minimum Prices for District No. 15 for All Shipments Except Truck be and it hereby is amended, effective 15 days from the date of this Order, as follows:

1. By terminating all temporary relief previously granted in this proceeding;

2. By establishing in § 335.5 the price classifications for the ten Production Group 9 mines as set forth in Supplement R–I annexed hereto and made a part hereof;

3. By establishing in § 335.7 minimum prices for the coals of the mines in Production Group 9 having "A" grade coals, by appending thereto a note reading as follows and as appearing in Supplement R–II annexed hereto and made a part hereof:

Production Group 9 "A" grade coals shall deliver at prices not less than those at which Production Group 8 "A" grade coals deliver.

4. By establishing in § 335.8 (b) the railroad locomotive fuel prices, for the coals of the mines in Production Group 9 having "A" grade coals, as set forth in Supplement R–III annexed hereto and made a part hereof.

It is further ordered, That the prayers for relief contained in the petition filed herein be and they hereby are granted to the extent set forth above and denied in all other respects.

Dated: August 22, 1942.

PART 335—MINIMUM PRICE SCHEDULE, DISTRICT No. 15

ORDER GRANTING RELIEF

Order granting temporary relief and conditionally providing for final relief in the matter of the petition of District Board No. 15 for the establishment of price classifications and minimum prices for the coals of certain mines in District No. 15.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 15 for all shipments except truck and for truck shipments; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith § 335.5 (*Alphabetical list of code members*) is amended by adding thereto Supplement R, and § 335.24 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: August 2, 1942.

LIST 3

[Revised effective September 1, 1942]

Specifications for the manufacture of rubberized fabrics for protective clothing (other than footwear and gloves). (1) Except as provided in paragraph (8) hereof, no person shall use any rubber, latex, reclaimed or scrap rubber in the manufacture of rubberized fabrics for protective clothing, except footwear, gloves and industrial occupational protective clothing consisting of pants, coats, jackets, hats, aprons, firemen's and policemen's clothing, parkas, ponchos, and rain suits.

(2) Except as provided in paragraph (8) hereof, the specifications set forth in this revised List 3 shall apply to all purchase orders including war orders and orders placed by any department or agency of the United States Government.

(3) No crude rubber or latex shall be used in compounds for rubberizing the fabrics for these products.

(4) Single coated fabrics shall contain not more than 12 ounces of compounds per square yard.

(5) Double coated fabrics shall contain not more than 19 ounces of compounds per square yard.

(6) Double texture fabrics shall contain not more than 10 ounces of compounds per square yard.

(7) Crude rubber may be used in the manufacture of cements and/or tapes necessary for seaming in the manufacture of these products.

(8) The restrictions and specifications imposed by this revised List 3 shall not apply to:

(i) Rubber life saving suits designed for use by seamen.

(ii) Aviation waders, self-inflating life preservers, dual tube belts and ponchos when required to fill war orders.

(iii) Commercial diving equipment.

(iv) Raincoats and parkas scheduled for delivery to or for the account of the United States Navy at any time prior to October 1, 1942, under the delivery schedules of purchase orders in existence on August 1, 1942.

PART 942—COTTON LINTERS AND HULL FIBRE

[Amendment 1 to General Preference Order M-12, as Amended July 22, 1942]

Section 942.1 *General Preference Order M-12*, as amended July 22, 1942[1] is hereby amended in the following respects:

1. By striking paragraph (b) of said section and inserting in lieu thereof the following:

(b) *Restrictions on delivery and use.* (1) On and after August 1, 1942, no person shall deliver hull fibre to any person other than producers of chemical cotton pulp and no person, other than such producers, shall accept delivery of or use hull fibre, subject to the exemption provided for in paragraph (b) (5) hereof and to the provisions covering special permits set forth in paragraph (e) hereof.

(2) On and after September 1, 1942, the effective date of this amendment, no person shall deliver cotton linters to any person other than Commodity Credit Corporation and no person, other than Commodity Credit Corporation, shall accept delivery of cotton linters, subject to the provisions covering deliveries by Commodity Credit Corporation provided for in paragraph (b) (3) hereof, the exemption provided for in paragraph (b) (5) hereof and the provisions covering special permits set forth in paragraph (e) hereof.

(3) Commodity Credit Corporation shall deliver cotton linters only to such persons, in such amounts and from such sources as may from time to time be designated by the Director General for Operations, and such persons shall have the right to accept any delivery made pursuant to this paragraph (b) (3).

(4) Producers of chemical cotton pulp shall use cotton linters and hull fibre only in the manufacture of chemical cotton pulp.

(5) The restrictions provided for in paragraphs (b) (1) and (b) (2) hereof, shall not apply to delivery, acceptance of delivery or use of cotton linters or hull fibre acquired or produced prior to August 1, 1942: *Provided, however,* That any such delivery, acceptance of delivery or use shall be subject to all restrictions with respect thereto imposed under General Preference Order No. M-12, as in effect prior to July 22, 1942.

2. By striking paragraph (c) of said section and inserting in lieu thereof the following:

(c) *Compulsory acceptance of orders.* (1) Each producer and each importer of cotton linters shall, to the extent of his production or importation, fill all orders of Commodity Credit Corporation for cotton linters without regard to preference ratings, at not to exceed regularly established prices and terms of sale or payment.

(2) Each producer and each importer of hull fibre shall, to the extent of his production or importation, fill all orders of producers of chemical cotton pulp for hull fibre, in the order in which received and without regard to preference ratings, at not to exceed regularly established prices and terms of sale or payment. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E. O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. PART 980—RAYON YARN

[Amendment 2 to Supplementary Order M-37-c]

Section 980.4 *Supplementary Order M-37-c*[1] is hereby amended in the following respects:

1. Paragraph (c) is amended to read as follows:

(c) *Directions with respect to export orders.* (1) On and after April 1, 1942, each producer of viscose, acetate or cuprammonium rayon yarn shall, notwithstanding any preference rating which may be served upon him, each day set aside, to the extent that he possesses active spindles capable of producing fine rayon yarn, an amount of such yarn equal to the production of 4% of the total number of his active spindles producing viscose, acetate and cuprammonium rayon yarn, respectively. The yarn thus set aside shall be known as "export yarn," and shall be set aside, as nearly as practicable, in such denier sizes as will fill the producer's orders on hand for such yarn at the time the producer sets his production schedule.

(2) Export yarn shall be disposed of to or for the account of foreign manufacturers on orders placed with the producers for the fulfillment of which export licenses have been secured. Such orders shall show the foreign manufacturer's basic quarterly eligibility for the quarter in which the export yarn is to be exported, the amount thereof to be covered by the particular order, and the amounts thereof covered by orders theretofore booked by any rayon producer.

(3) Each producer shall open his books for the booking of orders for export yarn for any calendar quarter not less than 45 days prior to the commencement of such calendar quarter. Each producer shall continue to book orders for any export yarn not covered by orders already placed, and the export licenses for the fulfillment of which have not been denied, until the close of the calendar quarter.

(4) No producer shall sell or deliver any export yarn to or for the account of any foreign manufacturer in excess of the equivalent of the basic quarterly eligibility shown on such foreign manufacturer's order, less the amounts thereof covered by orders theretofore booked by any rayon producer, as shown thereon.

(5) All export yarn set aside from the production of any one month during any calendar quarterly period, pursuant to the provisions of this order, and which has not been delivered or booked during said month, shall be held for delivery or booking until the end of the said calendar quarterly period, and, if not then booked or delivered, shall, notwithstanding the provisions of General Exports Order M-148, be immediately available for sale to any person otherwise eligible to purchase such yarn.

(6) A foreign manufacturer may place orders for export yarn either directly or through an agent, but no foreign manufacturer shall resell any export yarn in yarn form, unless specifically authorized by the Director General for Operations.

2. Paragraph (d) (5) is amended to read as follows:

(5) In making sales or deliveries of any rayon yarn, no person shall make discriminatory cuts in amounts or quantities between former customers and new customers or between new customers, who meet such person's regularly established prices and terms, and, except as provided in paragraph (d) (1) (ii) (c) no person shall discriminate between such former customers, new customers, and his own consumption of such rayon yarn in any capacity: *Provided, however,* That sales or deliveries of reserved domestic yarn to domestic manufacturers for the manufacture of hosiery pursuant to paragraph (d) (1) (ii) (c) which are not in excess of quantities necessary to permit of economical operation by the manufacturer, taking into account the size of the manufacturer's plant and the equipment therein, shall in no case be considered as resulting in discriminatory acts to others. In determining the regular eligibility for rayon yarn other than reserved domestic yarn and export yarn, of customers of any producer (i. e., the amount of the residual supply, after providing for reserved domestic yarn and export yarn, which the producer will sell to such customer) in accordance with whatever method consistent with this subparagraph is adopted by the producer, amounts of reserved domestic yarn or export yarn to which any customer may be entitled shall not be considered in computing such regular eligibility nor shall such regular eligibility be diminished by the amounts of such reserved domestic yarn or export yarn.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

PART 1031—MOLASSES

[Amendment 3 to General Preference Order M-54, as Amended March 27, 1942]

1. Section 1031.1 *General Preference Order M-54*, as amended March 27, 1942[1] is hereby amended in the following particulars:

(1) By striking paragraph (a) (18) of said section and inserting the following in lieu thereof:

(18) "Fiscal year" means the twelve month period commencing October 1 and ending September 30.

(2) By striking the words "calendar year" wherever the same occur in paragraph (c) of said section and inserting in lieu thereof the words "fiscal year".

(3) By adding one new paragraph to said section, designated paragraph (o).

(o) *Exemptions.* None of the restrictions, prohibitions or requirements contained in this order shall apply to the delivery, acceptance of delivery or use of molasses outside of the continental United States. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. PART 1104—BICYCLES

[Amendment 2 to General Limitation Order L–52]

WESTFIELD MANUFACTURING CO. AND HUFFMAN MANUFACTURING CO.

Section 1104.1 *General Limitation Order L–52*[1] is hereby amended in the following particulars:

Paragraph (b) (8) is hereby amended by striking out the word "On" at the beginning of the subparagraph and inserting therefor the words, "Except as provided in paragraph (b) (9) of this order, on".

Paragraph (b) is hereby amended by adding at the end thereof the following new subparagraph:

(9) Notwithstanding the provisions of paragraph (b) (8) of this order, but subject to the restrictions stated below, the following bicycle manufacturers may manufacture, during the month of September 1942, and during each calendar month thereafter until otherwise provided by the Director General for Operations, the following number of bicycles:

Name of manufacturer:	*Number of bicycles*
Westfield Manufacturing Co. Westfield, Mass.	6,000
Huffman Manufacturing Co., Dayton, Ohio	4,000

Provided, That,

(i) If at any time during any given month it is necessary to manufacture military type bicycles on direct order of and for direct delivery to the Army and Navy of the United States, the United States Maritime Commission, the War Shipping Administration or the armed forces of any country including those in the Western Hemisphere pursuant to the Act of March 11, 1942, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act), and the manufacture of such military type bicycles at that time would result in the quota of bicycles specified above being exceeded, such quota may be exceeded in any given month to the extent necessary to manufacture such military bicycles, provided that no civilian type bicycles are manufactured thereafter during such month.

(ii) No trade name or trade-mark shall be placed upon any bicycle manufactured after August 31, 1942, pursuant to this subparagraph (b) (9). However, the Westfield Manufacturing Company may place the letter "W" next to the serial number of each bicycle it manufactures, and the Huffman Manufacturing Company may place the letter "H" next to the serial number of each bicycle it manufactures.

PART 3019—TOILETRIES AND COSMETICS

[Interpretation 1 of General Limitation Order L–171 and Schedules 1 and 2]

The following official interpretation is hereby issued by the Director General for Operations with respect to §§ *3019.1, 3019.2 and 3019.3 General Limitation Order L–171*[1] *and Schedules 1 and 2 to General Limitation Order L–171:*

(a) The word "product", as used in Order L–171 and Schedules 1 and 2 thereto, refers to classes of toiletries and cosmetics, such as those named in Lists 1, 2 and 3, attached to Schedule 1, rather than to the individual items coming within such classes. For example, even though a person has three different types or brands of "cleansing cream" in his line, the product is "cleansing cream", and the three different types or brands are merely varieties of the single product. Thus, in determining permitted production of cleansing cream under Schedule 1, the total production of all three types or brands of cleansing cream during 1941 determines the person's production quota for this product.

Similarly, "tooth cleanser" is the single product, regardless of whether or not a person produces a powder, a paste and a liquid tooth cleanser, and regardless of whether or not one variety comes within List 1 and the other two come within List 2 because of the ingredients contained therein.

Under this interpretation of the word "product," a person may from time to time make changes in the varieties of the product in his line, so long as his production and sales of the product remain within the limitations prescribed by Schedule 1.

The same interpretation of the word "product", of course, applies with regard to the provisions of Schedule 2.

(b) The following calculating proccdures should be used in determining quotas under paragraph (b) (1) of Schedule 1:

(1) In determining the total amount of production of a certain toiletry or cosmetic product, as to quantity (bulk), which is permitted under the provisions of paragraph (b) (1) of Schedule 1, a person is required to add together the quantity of this product that he produced under his name or brand and the quantity that he caused to be produced under his name or brand during 1941, and then apply the appropriate percentage

[1] 7 F.R. 5510, 5511.

figure set forth in paragraph (b) (1). This calculation will give the permitted production, as to quantity, of this particular product. This production may be obtained either through the person producing the product himself, or through his causing it to be produced, or both, regardless of how it was obtained in 1941.

In determining the permitted production of the product, as to number of marketable units, the same calculating procedure should be used.

(2) In determining the total amount of a certain toiletry or cosmetic product, as to quantity (bulk), that a person may sell under the provisions of paragraph (b) (1) of Schedule 1, the person is required to take the quantity that he sold under his name or brand during 1941 and then apply the appropriate percentage figure set forth in paragraph (b) (1). This calculation will give the permitted sales, as to quantity, of this particular product.

In determining the total number of marketable units of the product that may be sold, the same calculating procedure should be used.

All provisions of paragraph (b) (1) of Schedule 1 relating to "sales" refer to "gross sales" rather than "net sales."

(c) Some questions have arisen with regard to the determination of the quota under Schedule 1 for a product which includes one or more varieties coming within List 1 and one or more varieties coming within List 2. Any variety of the product coming within List 1 may be produced and sold without limitation. The quota for all varieties (in total) of the product coming within List 2 is determined by taking the entire production and sales of the product (including all varieties thereof) in 1941 and applying the percentages specified for List 2.

(d) Sizes, such as sample sizes and tester sizes, which are not offered for sale nor sold in any manner by the person under whose name or brand they are produced or caused to be produced, are not to be regarded as consumer sizes, or professional or service sizes, under the provisions of Schedule 2.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 1st day of September 1942.

AMORY HOUGHTON,
Director General for Operations.

PART 3022—SILVER

[Amendment 1 to Conservation Order M–199]

Section 3022.1 *Conservation Order M–199*[1] is hereby amended as follows:

(a) By adding the following sentence to paragraph (a) (1):

The term does not include alloyed gold produced in accordance with U. S. Commerce Standards CS 51–35 and CS 67–38.

(b) By adding the following sentence at the end of paragraph (a) (7):

The term does not include sand-bobbing, buffing, or polishing an assembled article.

(c) By adding the following subparagraphs to paragraph (a):

(10) The term "deliver" shall not be deemed to include a redelivery of silver to the owner thereof, who is a manufacturer, by a person to whom such owner delivered such silver to be alloyed or processed and returned to such owner for further processing; nor does it include the delivery under the same circumstances by the owner to the person who alloys or processes the silver for the owner.

(11) The term "receive" shall not be deemed to include a receipt of silver by the owner thereof, who is a manufacturer, from a person to whom such owner delivered such silver to be alloyed or processed and returned to such owner for further processing; nor does it include the receipt under the same circumstances from the owner by the person who alloys or processes the silver for the owner.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

PART 3022—SILVER

[Interpretation 1 of Conservation Order M–199]

The following official interpretation of § 3022.1, of *Conservation Order M–199*,[1] is hereby issued by the Director General for Operations:

Conservation Order M–199 imposes certain limitations upon the amount of foreign silver which a manufacturer may put into process for restricted uses. In many silver manufacturing processes, a manufacturer starts with a certain amount of silver in primary shapes and ends the operation with a large part of such silver in the form of scrap. It is customary for the manufacturer in these cases to have this scrap melted, rolled, or otherwise processed so as to return it to a primary shape in which it can again be subjected to manufacturing processes. This reforming of the silver scrap in some instances is done by the manufacturer himself, in other instances the work is done by others under toll agreement. The question has been presented as to whether the processing of this reformed scrap must be considered as coming within the meaning of the term "put into process" or whether such processing of reformed scrap shall be considered as only the continuation of a processing operation which began when the manufacturer processed for the first time in any form for a restricted use the specific amount of silver from which such scrap was produced.

It is hereby determined that for the purposes of Order M–199, the term "put into process" shall be deemed to cover only the manufacturer's first processing for a restricted use of a given amount of silver. It shall not be deemed to cover the subsequent processing of reformed scrap produced therefrom, whether such reforming is done by the manufacturer himself or by others for him under toll agreement. The term shall be deemed to cover, however, the processing for a restricted use of reformed scrap which was produced in a manufacturing operation which is not restricted under the order.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 1st day of September 1942.

Director General for Operations.

the term shall not include pig iron. Any iron and steel products as defined above subject to the operations of pickling, cutting by machine or flame, bending and threading of pipe, shall be considered a part of this definition of iron or steel products. This definition includes primes, seconds, wasters and all other off-grade products including used products. The term "iron or steel products" includes concrete reinforcing bars, and structural steel shapes, but not the fabrication thereof except as Price Schedule No. 49 is otherwise amended. The term "iron or steel products" also includes cut nails allocated and sold to distributors under directive order, dated July 23, 1942, issued by the Director of Industry Operations, War Production Board.

§ 1306.159 *Appendix A: Domestic and export maximum prices for iron and steel products.* • • •

(q) The maximum prices for sellers of cut nails specifically allocated and sold to distributors under directive order, dated July 23, 1942, issued by the Director of Industry Operations, War Production Board, shall be as follows:

(1) On sales by those distributors specifically allocated such cut nails, delivered cost from mill plus 50¢ per keg.

(2) On sales by persons who have purchased cut nails from such distributors, delivered cost plus 75¢ per keg.

(3) On sales by any other seller, a price approved by the Office of Price Administration after application by the seller.

(4) The prices set forth in (1), (2) and (3) above shall be f. o. b. seller's warehouse, except that no delivery charge shall be made for deliveries within the seller's customary free delivery area.

§ 1306.158a *Effective dates of amendments.* • • •

(h) Amendment No. 8 (§§ 1306.157 (c) and 1306.159 (q)) to Revised Price Schedule No. 49 shall become effective August 31, 1942.

PART 1361—FARM EQUIPMENT

[Amendment 1 to Maximum Price Regulation 133 [1]]

RETAIL PRICES FOR FARM EQUIPMENT

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of Federal Register.*

Paragraph (c) of § 1361.3 is amended and new § 1361.10a is added as set forth below:

§ 1361.3 *Maximum prices.* • • •

(c) *New complete equipment and parts without suggested retail prices.* The maximum price applicable to the sale at retail of any new complete farm equipment or part for which the manufacturer has not issued a suggested retail price shall be the net price in effect on April 1, 1942, (including all extra charges, but not including any sales, use or gross receipts tax), or, if there was no such price in effect for the item on April 1, 1942, shall be the net cost of the item to the dealer, plus a percentage markup equal to the percentage markup on the most nearly comparable equipment or part for which the manufacturer has issued a current suggested retail price, except that the maximum price applicable to the sale of any binder twine by any dealer shall be determined by applying to the net invoice cost of such twine, not to exceed the maximum price, a percentage markup equal to the average percentage markup over net invoice cost realized by the same dealer on the sale of binder twine during the 1941 selling season.

§ 1361.10a *Effective dates of amendments.* Amendment No. 1 (§§ 1361.3 (c) and 1361.10a) to Maximum Price Regulation No. 133 shall become effective September 5, 1942.

PART 1387—SILVER

[Amendment 1 to Maximum Price Regulation 198 [1]]

IMPORTS OF SILVER BULLION

A statement of the considerations involved in the issuance of this amendment is issued simultaneously herewith and has been filed with the Division of the Federal Register.*

In § 1387.1 paragraph (a) is amended and a new paragraph (d) is added, and a new § 1387.9a is added, as set forth below:

§ 1387.1 *Maximum prices at which silver bullion may be imported.* (a) On and after August 31, 1942, regardless of any contract, agreement, lease or other obligation, except as provided in paragraph (d) of this section, no person in the course of trade or business shall import, or agree, offer, solicit or attempt to import:

(1) Silver bullion in the form of standard commercial bars at a price higher than 45 cents per troy ounce, f. o. b. New York City or San Francisco; or, if such silver bullion is delivered to the importer at a point other than New York City or San Francisco, at a price higher than 45 cents per troy ounce, *plus* the transportation charges from the point of shipment to the point of destination, *minus* the transportation charges from the point of shipment to New York City or to San Francisco, whichever are lower.

(2) Silver bullion in any form other than standard commercial bars, or of a quality, grade, or degree of fineness different from that of standard commercial bars, at a price higher than that determined by the Administrator.

• • • • •

(d) Until September 30, 1942, notwithstanding any of the foregoing provisions of this section, any person may receive and pay for silver bullion pursuant to any contract entered into prior to August 10, 1942, at prices in excess of the maximum prices established by this regulation: *Provided*, That every such contract shall be reported to the Office of Price Administration on or before September 30, 1942. Every such report shall contain:

(1) The names and addresses of the importer, of the seller, and of any agent, broker or other intermediary acting for either party to the transaction;

(2) A description of the silver bullion covered by such contract, including the quantity involved;

(3) The date of the contract;

(4) The contract price, including delivery terms;

(5) The quantity delivered under the contract, the delivery dates, and the date on which settlement was made.

• • • • •

§ 1387.9a *Effective dates of amendments.* (a) Amendment No. 1 (§§ 1387.1 and 1387.9a) to Maximum Price Regulation No. 198 shall become effective August 31, 1942.

§ 1407.86a *Increases in allotments based on increases in population.* (a) A registering unit which in 1941 delivered, to a county designated in § 1407.244, Schedule D, of Rationing Order No. 3, products with respect to which it has a sugar base for industrial use, shall be entitled to have the allotment on that sugar base increased by the percentage shown for such county in schedule D, multiplied by the percentage which the amount of sugar it used in such products, delivered in 1941 to such county, represents of the total amount of sugar it used in such products delivered in 1941. Deliveries, as used in this section, refer to final deliveries, directly or by independent carrier, but do not include deliveries to the Army or Navy of the United States or to persons specified in § 1407.183 (b). The registering unit shall include as its 1941 deliveries to a designated county: (1) deliveries of such products in 1941 by the registering unit to all places in such county not listed in paragraph (b), and (2) deliveries of such products in 1941, with or without further processing, by persons referred to in paragraph (b) from places listed in paragraph (b), wherever located, to all places in such county not so listed.

(b) The places referred to in paragraph (a) are as follows:

(1) An industrial user establishment or warehouse included within the registering unit, or

(2) A plant or warehouse of the owner of the registering unit, or

(3) A plant or warehouse of a person having an exclusive contract to process and distribute, or distribute without processing, in more than one county, products of the registering unit, or

(4) A plant or warehouse of a person owning more than 50 per cent of the stock of the owner of the registering unit, or a plant or warehouse of a corporation or other organization more than 50 per cent of the stock of which is owned by such person or by the owner of the registering unit.

(c) The allotments to be increased by this section shall be the allotments for industrial use provided by § 1407.86 (a) and (c) of Rationing Order No. 3. A registering unit shall be entitled to such increase for each period commencing on or after September 1, 1942.

(d) Application for the increase in allotment provided by this section shall be made for each period at the times

and under the conditions specified in § 1407.86 (b) of Rationing Order No. 3, except that application for the full increase in allotment for the period commencing September 1, 1942 may be made at any time before November 6, 1942. The first application for such increase in allotment shall be made on OPA Form No. R–315 (Special Purpose Application). It shall state facts showing that the registering unit is entitled to the increase applied for and shall include such other information as the Office of Price Administration may require. Subsequent applications for such increase shall be made in the manner specified for applications for the allotment provided by § 1407.86 (a) of Rationing Order No. 3. A registering unit which applies for the increase in allotment provided by this section shall preserve for not less than two years the journals, ledgers, and other records and reports which it used in determining such increase. They shall be kept in the office of the registering unit and shall be made available for inspection by the Office of Price Administration and the Board.

PART 1499—COMMODITIES AND SERVICES

[Amendment 24 to General Maximum Price Regulation [1]]

MAIL ORDER ESTABLISHMENTS

A statement of considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

In § 1499.13 new subparagraphs (1) and (2) are added to paragraph (a), as set forth below:

§ 1499.13 *Maximum prices of cost-of-living commodities: statement, marking, or posting.* (a) • • •

(1) Every mail order establishment selling commodities at retail shall in place of the above requirements post its maximum prices for cost-of-living commodities in one of the following manners in catalogs or flyers published after the effective date of this amendment:

(i) State the maximum price for each cost-of-living commodity listed in each catalog or flyer issued by it at the place in the catalog or flyer where such commodity is listed. The maximum price shall be stated substantially as follows: "Ceiling price $_____;" or "Our ceiling $_____;" or,

(ii) Print on the front cover, or on the page immediately following, of all catalogs or flyers hereafter issued, substantially the following statement: "All the prices in the present catalog are our ceiling prices with the exception of" (here shall follow a list of the commodities offered for sale below the ceiling prices, and the ceiling prices of such commodities, or the purchaser may be referred to another page in the catalog or flyer on which such a list appears).

(2) Any mail order establishment may apply to the Office of Price Administration for permission to deviate from the requirements in subparagraph (1). The application shall state why such requirements are inequitable or inappropriate as applied to the applicant's business, and shall show that the requested method of posting is substantially in line with the requirements of posting for mail order establishments set forth in subparagraph (1).

§ 1499.23 (a) *Effective dates of amendments.* • • •

(y) Amendment No. 24 (§ 1499.13 (a) (1)) to General Maximum Price Regulation shall become effective September 5, 1942.

(Pub. Law 421, 77th Cong.).

Issued this 31st day of August 1942.

PART 1499—COMMODITIES AND SERVICES

[Amendment 15 to Supplementary Regulation 14 [1] of the General Maximum Price Regulation [2]]

SALES OF SILVER BULLION PRODUCED FROM IMPORTED ORES AND ORE CONCENTRATES

A statement of the considerations involved in the issuance of this amendment is issued simultaneously herewith and has been filed with the Division of the Federal Register.*

A new subparagraph (15) is added to paragraph (a) of § 1499.73 as set forth below:

§ 1499.73 *Modification of maximum prices established by § 1499.2 of General Maximum Price Regulation for certain commodities, services and transactions.* (a) The maximum prices established by § 1499.2 of the General Maximum Price Regulation for the commodities, services and transactions listed below are modified as hereinafter provided:

• • • • • •

(15) *Sales of silver bullion produced from imported ores and ore concentrates.* —(i) *Maximum prices for sales by refiners.* On and after August 31, 1942, the maximum price at which any refiner may sell or deliver silver bullion which he has produced from imported ores or ore concentrates shall be the maximum price for such silver bullion established by § 1499.2 of the General Maximum Price Regulation *plus* 9.625 cents per troy ounce 0.999 fine.

(ii) *Records and certification.* On and after August 31, 1942, every sale of silver bullion produced from imported ores or ore concentrates shall be invoiced by the refiner. The original invoice shall be delivered to the buyer, who shall preserve every such invoice for inspection by the Office of Price Administration for a period of not less than two years, and the seller shall preserve a copy of every such invoice for the same period. Each such invoice shall contain:

(*a*) the names and addresses of the refiner and the buyer; (*b*) a description of the silver bullion sold, including the quantity and the degree of fineness; (*c*) a statement of the price charged; and (*d*) the following certificate by the refiner:

I (We) hereby certify that the silver bullion covered by this invoice is silver which I (We) have produced from imported ores or ore concentrates, and that the prices charged therefor are not in excess of the maximum prices established by the said § 1499.73 (a) (15).

(iii) *Reports.* On or before the twentieth day of each month, beginning October 20, 1942, every refiner shall file with the Office of Price Administration, Washington, D. C., a report of all silver bullion sold by him during the preceding calendar month: *Provided*, That the first report so filed shall cover the period from August 31, 1942, to September 30, 1942, inclusive. Each such report shall set forth: (*a*) the names and addresses of the persons to whom the refiner sold silver bullion during the period covered by the report; (*b*) the total quantity, by kind or grade, of silver bullion sold to each buyer during the period covered by the report; and (*c*) the price charged.

(iv) *Definitions.* For the purposes of this § 1499.73 (a) (15), the term:

(*a*) "Silver bullion" means silver which has been melted, smelted or refined, and which is in such state or condition that its value depends primarily upon the silver content and not upon its form.

(*b*) "Imported" ores or ore concentrates means ores or ore concentrates which have been brought into the United States, its Territories or possessions, or the District of Columbia, from any place outside the United States, its Territories and possessions, and the District of Columbia.

(*c*) "Refiner" includes any person regularly engaged in the business of melting, smelting or refining ores or ore concentrates and any person who has ores or ore concentrates melted, smelted or refined for his account by another person under a toll or conversion agreement. For the purposes of this § 1499.73 (a) (15) the latter person shall be considered as having "produced" the silver bullion.

(b) *Effective dates.* • • •

(16) Amendment No. 15 to Supplementary Regulation No. 14 (§ 1499.73 (a) (15)), shall become effective August 31, 1942.

(Pub. Law 421, 77th Cong.)

Issued this 29th day of August 1942.

PART 203—BRIDGE REGULATIONS

DORSEYS (COLLEGE) CREEK, MD.

Pursuant to the provisions of section 5 of the River and Harbor Act of August 18, 1894 (28 Stat. 362; 33 U.S.C. 499), the provisions of § 203.315 of Bridge Regulations are amended, both as to title and regulations, as follows:

§ 203.315 *Dorseys (College) Creek, Md.; bridges of the Maryland State Roads Commission (highway) and the Baltimore and Annapolis Railroad Company (railroad) at Annapolis, Md.* (a) The owners of, or agencies controlling, the bridges will not be required to keep draw

tenders in constant attendance at the above-named bridges.

(b) Whenever a vessel, unable to pass under a closed bridge desires to pass through the draw, at least 5 hours' advance notice to that effect shall be given to the owner's or controlling agency's authorized representative at Annapolis, Maryland.

(c) Upon receipt of such notice, the authorized representative, in compliance therewith, shall arrange for the prompt opening of the draw at the time specified in the notice for the passage of the vessel.

(d) The owners of, or agencies controlling, the bridges shall keep conspicuously posted on both the upstream and downstream sides of the bridges, in such manner that it can easily be read at any time, a copy of these regulations, together with notice stating exactly how the representatives specified in paragraph (b) may be reached.

(e) The operating machinery of the draws shall be maintained in a serviceable condition, and the draws opened and closed at least once each month to make certain that the machinery is in proper order for satisfactory operation. DEPARTMENT OF THE INTERIOR.

Bituminous Coal Division.

[Docket No. A-1503]

DISTRICT BOARD NO. 8

NOTICE OF AND ORDER FOR HEARING

In the matter of the petition of District Board No. 8 for a change of price classifications and minimum prices for all shipments except truck for the coals of Martin 8-H Mine, Mine Index No. 321 of Utilities Eikhorn Coal Company, District No. 8.

A petition, pursuant to the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party;

It is ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the rules of the Division be held on October 13, 1942, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day the Chief of the Records Section in room 502 will advise as to the room where such hearing will be held.

It is further ordered, That W. A. Cuff or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, take evidence, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in this proceeding and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before October 6, 1942.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of intervention or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to a petition filed with the Division by District Board No. 8 requesting that the Price Classification of "L," in Size Groups 18-21, for all shipments except truck, now established for the coals of Martin H. Mine, Mine Index No. 321 of Utilities Elkhorn Coal Company, be changed to a classification of "H."

Dated: August 31, 1942.

FEDERAL TRADE COMMISSION.

[Docket No. 4823]

FRAERING BROKERAGE COMPANY, INC.

COMPLAINT AND NOTICE OF HEARING

In the matter of Fraering Brokerage Company, Inc., a corporation.

The Federal Trade Commission, having reason to believe that the party respondent named in the caption hereof and hereinafter more particularly designated and described, since June 19, 1936, has violated and is now violating the provisions of subsection (c) of section 2 of the Clayton Act (U.S.C. Title 15, sec. 13) as amended by the Robinson-Patman Act, approved June 19, 1936, hereby issues its complaint, stating its charges with respect thereto as follows:

PARAGRAPH 1. Respondent Fraering Brokerage Company, Inc., is a corporation organized and existing under the laws of the State of Louisiana, with its principal office and place of business located at 423 South Front Street, New Orleans, Louisiana. Respondent was organized, as stated in its corporate charter, for the purpose of buying and selling merchandise for its own account, as well as to buy and sell merchandise on a brokerage or commission basis for the accounts of others. Respondent operates two branch offices and warehouses, one of which is located at Alexandria, Louisiana, and the other at Jackson, Mississippi.

PAR. 2. Respondent is now and for many years last past has been engaged in business, principally as a jobber, buying in its own name for resale various canned foods, dried fruit, canned fish and other miscellaneous merchandise, and reselling such products. To a minor extent respondent acts as a broker of canned foods, dried fruits, canned fish and other miscellaneous merchandise.

PAR. 3. Respondent in the course and conduct of its said business as a jobber purchases a substantial portion of its requirements of canned foods, dried fruits, canned fish and other miscellaneous merchandise from sellers located in states other than the states in which respondent is located. Pursuant to respondent's purchase orders and instructions such commodities are caused to be shipped and transported by the respective sellers thereof across state lines to the respondent or to respondent's customers.

PAR. 4. Respondent since June 19, 1936, in connection with the purchase of its requirements of canned foods, dried fruits, canned fish and other miscellaneous merchandise in interstate commerce in its own behalf and for its own account for resale from numerous sellers located in states other than the state where respondent is located, has been and is now receiving and accepting from numerous sellers of said canned foods, dried fruits, canned fish and other miscellaneous merchandise, brokerage fees or allowances and discounts, in lieu of brokerage in substantial amounts.

The respondent receives such brokerage fees, discounts and allowances in lieu thereof in many ways, including the following four specified ways, and others:

1. By purchasing canned foods, dried fruits, canned fish and other miscellaneous merchandise from sellers at prices lower than the same sellers sell such commodities and commodities of like grade and quality to other purchasers;

2. By various methods obtaining such commodities at prices that are lower than the prices at which such commodities and commodities of like grade and quality are sold by such sellers to other purchasers, by an amount which reflects all, or a part, of the brokerage fees currently being paid by such sellers to brokers for the selling of such commodities in behalf of such sellers;

3. By making deductions in lieu of brokerage from the invoices of certain sellers when paying such invoices;

4. By receiving from certain sellers monthly rebate checks representing the customary brokerage fees of such sellers.

PAR. 5. A representative but incomplete list of sellers who since June 19, 1936, have sold and delivered canned foods, dried fruits, canned fish and other miscellaneous merchandise to respondent for its own account, and who have allowed, granted, and paid, directly or indirectly, as hereinabove set out, or otherwise, brokerage fees or allowances or discounts in lieu thereof on respondent's purchases for its own account from said sellers is as follows:

C. C. Lang & Son, Inc., Baltimore, Maryland;
Richmond-Chase Company, San Jose, California;
The Hills Brothers Co., New York City;
Taormina Corporation, Donna, Texas;
Bonner Packing Company, Fresno, California;
C. H. Musselman Company, Biglerville, Pennsylvania;
Dillon Candy Company, Inc., Jacksonville, Florida.

PAR. 6. The receipt and acceptance by the respondent of brokerage fees or allowances and discounts in lieu of brokerage by respondent as set forth above is in violation of subsection (c) of section 2 of the Clayton Act, as amended.

Wherefore, the premises considered, the Federal Trade Commission on this 26th day of August, A. D., 1942, issues its complaint against said respondent.

Notice

Notice is hereby given you, Fraering Brokerage Company, Inc., respondent herein, that the 2nd day of October, A. D., 1942, at 2 o'clock in the afternoon, is hereby fixed as the time, and the offices of the Federal Trade Commission in the City of Washington, D. C., as the place, when and where a hearing will be had on the charges set forth in this complaint, at which time and place you will have the right, under said Act, to appear and show cause why an order should not be entered by said Commission requiring you to cease and desist from the violations of the law charged in the complaint.

You are notified and required, on or before the twentieth day after service upon you of this complaint, to file with the Commission an answer to the complaint. If answer is filed and if your appearance at the place and on the date above stated be not required, due notice to that effect will be given you. The Rules of Practice adopted by the Commission with respect to answers or failure to appear or answer (Rule IX) provide as follows:

In case of desire to contest the proceeding the respondent shall, within twenty (20) days

SEP 5 1942

from the service of the complaint, file with the Commission an answer to the complaint. Such answer shall contain a concise statement of the facts which constitute the ground of defense. Respondent shall specifically admit or deny or explain each of the facts alleged in the complaint, unless respondent is without knowledge, in which case respondent shall so state.

* * * * *

Failure of the respondent to file answer within the time above provided and failure to appear at the time and place fixed for hearing shall be deemed to authorize the Commission, without further notice to respondent, to proceed in regular course on the charges set forth in the complaint.

If respondent desires to waive hearing on the allegations of fact set forth in the complaint and not to contest the facts, the answer may consist of a statement that respondent admits all the material allegations of fact charged in the complaint to be true. Respondent by such answer shall be deemed to have waived a hearing on the allegations of fact set forth in said complaint and to have authorized the Commission, without further evidence, or other intervening procedure, to find such facts to be true.

Contemporaneously with the filing of such answer the respondent may give notice in writing that he desires to be heard on the question as to whether the admitted facts constitute the violation of law charged in the complaint. Pursuant to such notice, the respondent may file a brief, directed solely to that question, in accordance with Rule XXIII.

In witness whereof, the Federal Trade Commission has caused this, its complaint, to be signed by its Secretary, and its official seal to be hereto affixed, at Washington, D. C., this 26th day of August, A. D., 1942.

By the Commission.

termined; the Order of the Director dated May 2, 1941, 6 F.R. 2326, in this matter, having provided that the hearing should be conducted in two phases: the first, concerning the extent of change, if any, in the weighted average of the total costs; and, the second, concerning such revision in the effective minimum prices as may be necessary;

The first phase of this proceeding having been concluded on April 13, 1942, when the Secretary of the Interior issued his Order and Opinion, 7 F.R. 2873, wherein he affirmed the determinations of the undersigned with respect to certain questions of law and policy which he consented to review;

Pursuant to an Order of the undersigned, dated April 17, 1942, and after due notice to all interested persons, a hearing on the second phase of this matter having opened on May 5, 1942, before Floyd McGown, a duly designated Examiner of the Division, at a hearing room thereof in Washington, D. C.; all interested persons having been afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard; appearances having been entered in behalf of District Boards 1–11, 13–17, and District Board 20, the United Mine Workers of America, the Bituminous Coal Consumers' Counsel, the National Coal Association, the State of New York, Associated Industries of New York State, Inc., the Association of American Railroads, the National Association of Hothouse Vegetable Growers of America, the Ohio Hothouse Cooperative Association, the Cleveland Vegetable Growers Cooperative Association, the Toledo Hothouse Growers Cooperative Association, the Ashtabula Growers Association, and the Marion County Greenhouse Association;

Following the hearing on the second phase of this proceeding, the Examiner having submitted his Report, Proposed Findings of Fact, Proposed Conclusions of Law, and Recommendations under the date of July 27, 1942; the parties having been given until August 18, 1942, to file exceptions to the Examiner's Report, briefs in support thereof, and requests for oral argument; and 15 parties having filed exceptions to the Examiner's Report and briefs in support thereof;

The undersigned having heard oral argument in the second phase of this matter on August 20, 1942, at a hearing room of the Division in Washington, D. C.; oral argument having been presented on behalf of District Boards 1-4, 7–12, 15–17, Associated Industries of New York State, Inc., the Association of American Railroads, and the Bituminous Coal Consumers' Counsel;

The undersigned having considered the entire record in this matter and having, on the basis thereof, made and entered his Findings of Fact, Conclusions of Law, and Opinion in this matter:

Now, therefore, it is ordered, That effective October 1, 1942, at 12:01 a. m., the schedules of effective minimum prices for all districts for all shipments of coal be, and they hereby are, revised as follows:

1. § 321.1 (*Price instructions and exceptions*—(a) *Price instructions*) be, and it hereby is, amended by the addition of the following price instruction:

On and after October 1, 1942, the prices established herein are increased by the following amounts for shipments into the designated market areas: Market Areas 1–21, 20 cents per ton; Market Areas 22–31, 103, and 114, 10 cents per ton; Market Areas 32–41, 47–50, 52–69, 71, 73, and 75–78, 5 cents per ton; Market Areas 42–46, 15 cents per ton; Market Areas 70, 72, 74, and 204–212, 10 cents per ton; Market Areas 100–102, 105–112, 118, 125–129, 131, 133–137, and 139–141, 20 cents per ton; Market Areas 104, 115, 116, and 151–157, 10 cents per ton; Market Areas 113, 117, 120–124, 130, 132, 138, 142–148, and 150, 30 cents per ton; Market Areas 200–202, 15 cents per ton; Market Areas 203, 215, 216, 234, 237 (Idaho), 240, and 241, 5 cents per ton; Market Areas 213 and 214, 15 cents per ton; Market Areas 217–232, 236, and 244–246, 15 cents per ton; and Market Areas 237 (Washington) 238, 239, 242, 243, and 247–254, 25 cents per ton: *Provided, however*, That the prices for railroad fuel, other than for central stations and that shipped via the Great Lakes as cargo coal, and coal sold as bunker fuel and vessel fuel are increased 20 cents per ton.

2. § 321.21 (*Price instructions and exceptions*—(a) *Price instructions*) be, and it hereby is, amended by the addition of the following price instruction:

On and after October 1, 1942, the prices established herein are increased 20 cents per ton.

3. § 322.1 (*Price instructions and exceptions*—(a) *Price instructions*) be, and it hereby is, amended by the addition of the following price instruction:

On and after October 1, 1942, the prices established herein are increased by the following amounts for shipments into the designated market areas: Market Areas 1–21, 20 cents per ton; Market Areas 22–31, 103, and 114, 10 cents per ton; Market Areas 32–41, 47–50, 52–69, 71, 73, and 75–78, 5 cents per ton; Market Areas 42–46, 15 cents per ton; Market Areas 70, 72, 74, and 204–212, 10 cents per ton; Market Areas 100–102, 105–112, 118, 125–129, 131, 133–137, and, 139–141, 20 cents per ton; Market Areas 104, 115, 116, and 151–157, 10 cents per ton; Market Areas 113, 117, 120–124, 130, 132, 138, 142–148, and 150, 30 cents per ton; Market Areas 200–202, 15 cents per ton; Market Areas 203, 215, 216, 234, 237 (Idaho), 240, and 241, 5 cents per ton; Market Areas 213 and 214, 15 cents per ton; Market Areas 217–232, 236, and 244–246, 15 cents per ton; and Market Areas 237 (Washington) 238, 239, 242, 243, and 247–254, 25 cents per ton: *Provided, however*, That the prices for railroad fuel, other than that shipped via the Great Lakes as cargo coal, and coal sold as bunker fuel and vessel fuel are increased 20 cents per ton.

4. § 322.21 (*Price instructions and exceptions*—(a) *Price instructions*) be, and it hereby is, amended by the addition of the following price instruction:

On and after October 1, 1942, the prices established herein are increased 20 cents per ton.

5. § 323.1 (*Price instructions and exceptions*—(a) *Price instructions*) be, and it hereby is, amended by the addition of the following price instruction:

On and after October 1, 1942, the prices established herein are increased by the following amounts for shipments into the designated market areas: Market Areas 1–21, 20 cents per ton; Market Areas 22–31, 103, and 114, 10 cents per ton; Market Areas 32–41, 47–50, 52–69, 71, 73, and 75–78, 5 cents per ton; Market Areas 42–46, 15 cents per ton; Market Areas 70, 72, 74, and 204–212, 10 cents per ton; Market Areas 100–102, 105–112, 118, 125–129, 131, 133–137, and 139–141, 20 cents per ton; Market Areas 104, 115, 116, and 151–157, 10 cents per ton; Market Areas 113, 117, 120–124, 130, 132, 138, 142–148, and 150, 30 cents per ton; Market Areas 200–202, 15 cents per ton; Market Areas 203, 215, 216, 234, 237 (Idaho), 240, and 241, 5 cents per ton; Market Areas 213 and 214, 15 cents per ton; Market Areas 217–232, 236, and 244–246, 15 cents per ton; and Market Areas 237 (Washington), 238, 239, 242, 243, and 247–254, 25 cents per ton: *Provided, however*, That the prices for railroad fuel, other than that shipped via the Great Lakes as cargo coal, and coal sold as bunker fuel and vessel fuel are increased 20 cents per ton.

PART 327—MINIMUM PRICE SCHEDULE, DISTRICT NO. 7

ORDER GRANTING RELIEF

Order granting temporary relief and conditionally providing for final relief in the matter of the petition of District Board No. 7 for the establishment of price classifications and minimum prices for the coals of the Leckie No. 6 mine (Mine Index No. 317) in District No. 7.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of the Leckie No. 6 Mine (Mine Index No. 317) in Subdistrict 1, District No. 7;

It appearing that the minimum prices proposed by petitioner for the coals of the Leckie No. 6 Mine (Mine Index No. 317) in Size Groups 1, 5, and 6 for truck shipments are higher than the minimum prices heretofore established and currently in effect for comparable coals for truck shipment in the same size groups produced from the mines of other code members in Subdistrict 1; and

It further appearing that petitioner has not shown any facts to warrant the establishment of prices in said size groups higher than existing prices for similar size groups produced from the mines of other code members in Subdistrict 1; and

It further appearing that a reasonable showing of necessity has been made for the granting of temporary relief and the establishment of price classifications and minimum prices similar to those established for comparable coals in similar size groups in the manner more particularly set forth herein; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith § 327.11 *Low volatile coals: Alphabetical list of code members* is amended by adding thereto Supplement R, and § 327.34 *General prices in cents per net ton for shipment into any market area* is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated August 24, 1942.

Acting Director.

PART 328—MINIMUM PRICE SCHEDULE, DISTRICT NO. 8

ORDER GRANTING RELIEF

Order granting temporary relief and conditionally providing for final relief in the matter of the petition of District Board No. 8 for the establishment of price classifications and minimum prices for the coals of certain mines in District No. 8.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 8; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 328.11 (*Alphabetical list of code members*) is amended by adding thereto Supplement R, and § 328.34 (*General prices for high volatile coals in cents per net ton for shipment into all market areas*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

No relief is granted for the McKinley Mine of Perry F. Gorman and the Wartburg Mine of Glen Mary Mining Company, as these producers have not submitted proper acceptances and for that reason are not code members.

No relief is granted for the Omar No. 15 Mine of the West Virginia Coal and Coke Corporation (Mine Index No. 5556) as rail classifications for this mine were established in Docket No. A–1451, Part II.

Petitioner requests that Oakdale, Tennessee, on the Southern Railway Company, be designated as the shipping point for the Clark & Melhorn Mine (Mine Index No. 5580) of W. A. and V. C. Clark and Lee Melhorn with Freight Origin Group No. 40. The Division records indicate that W. A. and V. C. Clark and Lee Melhorn will actually load coal at Camp Austin, Tennessee, on The Cincinnati, New Orleans and Texas Pacific Railway Company. The correct freight origin group number for the shipping point at Camp Austin is No. 41.

In Docket No. A–550, 6 F.R. 988, a price classification for Size Group 27, for rail shipment, was established for the Betsy Layne Coal Mine, Mine Index No. 3270, of the Betsy Layne Coal Corporation. It is now deemed advisable that Price Classification C be established for this mine in the same size group for Great Lakes cargo shipment.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: August 20, 1942.

Acting Director.

PART 331—MINIMUM PRICE SCHEDULE, DISTRICT NO. 11

ORDER GRANTING RELIEF

Order of consolidation and order granting temporary relief and conditionally providing for final relief in the matter of the petitions of District Board No. 11 for the establishment of price classifications and minimum prices for the coals of certain mines in District No. 11.

Original petitions having been duly filed with this Division by the above-named party, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 11; and

It appearing that the above-entitled matters raise similar and related issues; and

It further appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with this Division in the above-entitled matters; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That the above-entitled matters be, and the same hereby are, consolidated.

It is further ordered, That, pending final disposition of the above-entitled matters, temporary relief be, and the same hereby is, granted as follows: Commencing forthwith § 331.5 (*Alphabetical list of code members*) is amended by adding thereto Supplement R, and § 331.24 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in

[Docket No. A-1485]

PART 342—MINIMUM PRICE SCHEDULE, DISTRICT NO. 22

ORDER CONTINUING RELIEF, ETC.

Order continuing temporary relief, terminating conditionally final relief and notice of and order for hearing in the matter of the petition of District Board No. 22 for the establishment of price classifications and minimum prices for certain mines in District No. 22.

An original petition was filed with this Division by the above-named party, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, requesting the establishment, both temporary and permanent, of price classification and minimum prices for run of mine coals produced in Subdistricts 1 and 2 in District No. 22 for shipment by rail into all market areas.

An Order Granting Temporary Relief and Conditionally Providing for Final Relief was issued on June 29, 1942, 7 F.R. 4876, temporarily establishing the price classifications and minimum prices requested in the original petition for the run of mine coals produced in Subdistricts 1 and 2 in District No. 22 and conditionally providing that such price classifications and minimum prices should become final sixty (60) days from the date of the Order unless it should otherwise be ordered.

On August 13, 1942, the Bituminous Coal Consumers' Counsel filed an Intervention, Answer and Application for Termination or Modification of Temporary Relief in this matter praying (1) that the temporary relief in this proceeding be terminated, or modified, so that the minimum prices will be based on the costs as determined in General Docket 15 rather than on the cost determinations in General Docket 21, and (2) that the order conditionally granting final relief be rescinded until after a public hearing, or else modified so that the applicable minimum prices will be based on General Docket 15 cost determinations rather than General Docket 21 cost findings.

As stated in the Order Granting Temporary Relief and Conditionally Providing for Final Relief issued in this matter on June 29, 1942, it appeared that a reasonable showing of necessity had been made for the granting of temporary relief in the manner provided for therein. It does not appear that the continuation of the temporary relief granted in the above-mentioned Order of June 29, 1942, pending a hearing upon the issues raised by the original petition, will prejudice anyone.

However, in view of the question raised by the Bituminous Coal Consumers' Counsel, with respect to the propriety of permanently establishing the minimum prices requested by petitioner for the run of mine coals produced and shipped by rail from Subdistricts 1 and 2 of District No. 22, it appears that no permanent price classifications or minimum prices should be established for such coals without a hearing. Accordingly, it is deemed advisable that the final relief conditionally provided for in the Order issued in this matter on June 29, 1942, should be terminated pending final determination of the issues raised by the original petition herein.

Now, therefore, it is ordered, That the temporary relief granted herein by the Order Granting Temporary and Conditionally Final Relief, dated June 29, 1942, 7 F.R. 4876, be and it hereby is continued pending further order in this matter.

It is further ordered, That the final relief conditionally provided for in the Order Granting Temporary Relief and Conditionally Providing for Final Relief dated June 29, 1942, 7 F.R. 4876, herein, be, and it hereby is, terminated.

It is further ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the rules of the Division be held on October 1, 1942, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day the Chief of the Records Section in room 502 will advise as to the room where such hearing will be held.

It is further ordered, That D. C. McCurtain or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, take evidence, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in this proceeding and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before September 26, 1942.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of intervention or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of the original petition.

The matter concerned herewith is in regard to the petition of District Board No. 22 for the establishment, both temporary and permanent, of the following price classifications and minimum prices in cents per net ton for the run of mine coals produced from mines in Subdistricts 1 and 2 in District No. 22 for shipment by rail into all market areas:

PART 135—GENERAL LICENSES ISSUED UNDER SECURITIES REGULATIONS OF THE GOVERNOR OF HAWAII

[General License No. HS-4]

AUGUST 26, 1942

§ 135.4 *General License No. HS-4.* (a) A general license is hereby granted authorizing:

(1) The delivery of any stock certificate to the issuing corporation or its transfer agent, in the Territory of Hawaii, for immediate cancellation and the issuance of a new certificate in connection with the transfer thereof: *Provided*, That before the close of business of the day following its issuance such new certificate shall be perforated with the official symbol "H" by or at the direction of the issuing corporation or its transfer agent and delivered to a domestic bank, the Treasurer of the Territory of Hawaii, or such other person as may be authorized to hold securities in the Territory of Hawaii, for deposit in a securities custody account pursuant to the Regulations Relating to Securities, as amended; and

(2) The delivery of any bond or note to the issuer thereof or to the trustee for the holders of such bonds or notes, in the Territory of Hawaii, for the purpose of:

(i) Redemption; or

(ii) Change of name of registrant or conversion to a registered bond: *Provided*, That before the close of business of the day following the change of name of registrant or conversion, the bond shall be delivered to a domestic bank, the Treasurer of the Territory of Hawaii, or such other person as may be authorized to hold securities in the Territory of Hawaii, pursuant to the regulations relating to securities, as amended. If a new bond is issued it shall be perforated with the official symbol "H" promptly upon its issuance and prior to delivery.

(b) All stock transfer agents in the Territory of Hawaii (including corporations acting as their own transfer agents) are hereby authorized to obtain and use machines for perforating any stock certificates which they may issue with the official symbol "H": *Provided*, That such machines make perforations similar in size and form to those made by machines heretofore furnished to domestic banks.

(c) All securities dealers doing business in the Territory of Hawaii are hereby authorized to receive securities and to hold them for not more than five business days in connection with bona fide transactions in the normal course of business: *Provided*, That all securities so held shall be deposited at the close of business each day, and in any event, upon the sounding of any air raid alarm, in the securities vault of a domestic bank.

By authority vested in me as Director of Selective Service under 54 Stat. 885; 50 U.S.C., Sup. 301-318, inclusive; E.O. 8545, 5 F.R. 3779, Selective Service Regulations, Second Edition, are hereby amended in the following respect:

1. Amend paragraph (b) of § 633.13 [1] to read as follows:

§ 633.13 *Classification after man is inducted or is found not acceptable.*
* * *

(b) Upon receiving notice from the induction station that a selected man has not been accepted, the local board shall reopen his classification and classify him in Class IV-F unless, pursuant to instructions from the Director of Selective Service, he is retained in Class I-A or Class I-A-O and forwarded to another component of the armed forces.

2. The foregoing amendment to the Selective Service Regulations shall be effective immediately upon the filing hereof with the Division of the Federal Register.

Chapter IX—War Production Board

Subchapter B—Director General for Operations

PART 3076—NOBLE FIR LOGS

[General Preference Order M-228]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of Noble fir logs for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

[1] 6 F.R. 6849; 7 F.R. 202, 654, 2092.

§ 3076.1 *General Preference Order M-228*—(a) *Definitions.* For the purposes of this order:

(1) "Noble fir logs" means logs of the botanical species of *Abies nobilis* (including cants and flitches of such logs), which are produced in those parts of Oregon and Washington lying west of the crest of the Cascade Mountain Range, or in Alaska.

(2) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons whether incorporated or not.

(3) "Logger" means any person who produces Noble fir logs.

(b) *Restrictions on delivery.* (1) On and after September 11, 1942, no person shall make delivery of Noble fir logs, and no person shall accept delivery of, or consume or process noble fir logs, except as authorized by the Director General for Operations. This restriction shall apply to all stocks of Noble fir logs held within the continental limits of the United States (including Alaska) as of the date of issuance of this order, whether in private or in government hands; but shall not apply to cants and flitches held by manufacturers of aircraft for aircraft use. The Director General for Operations may from time to time allocate the supply of Noble fir logs or any part sawed therefrom, and specifically direct the manner and quantities in which deliveries to particular persons shal be made or withheld. He may also direct or prohibit particular uses of Noble fir logs, or any part sawed therefrom. Such allocations and directions will be made to insure the satisfaction of defense requirements of the United States, both direct and indirect, and they may be made in the discretion of the Director General for Operations, without regard to any preference ratings assigned to particular contracts or purchase orders. The Director General for Operations may also take into consideration the possible dislocation of labor and the necessity of keeping a plant in operation so that it may be able to fulfill war orders and essential civilian requirements.

(2) Notwithstanding the foregoing restrictions, Noble fir logs in transit on September 11, 1942, may be delivered to their immediate destination.

(c) *Applications and reports.* (1) Unless otherwise ordered by the Director General for Operations no person shall be entitled to receive an allocation of Noble fir logs after October 1, 1942 unless, not later than the 20th day of the month next preceding the month in which delivery is desired, he shall have filed with the Western Log and Lumber Administrator of the War Production Board an application on Form PD-651, which may be obtained from such administrator after September 10, 1942.

(2) Any person, other than a logger or aircraft manufacturer, who on September 11, 1942, has in his possession or under his control Noble fir logs in excess of 100,000 feet, log scale, shall file with the Western Log and Lumber Administrator of the War Production Board, not later than the tenth day after such date, an inventory report on Form PD-650, which may be obtained from such administrator after September 10, 1942.

(3) Failure by a person to file an application pursuant to paragraph (c) (1) of this order may be construed as notice to the Director General for Operations that such person does not desire an allocation of Noble fir logs for the next succeeding month.

(4) All persons engaged in scaling Noble fir logs shall, when requested so to do, promptly forward to the Western Log and Lumber Administrator of the War Production Board, a copy of each scaling certificate issued by such person.

(d) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of all the Priorities Regulations of the War Production Board, as amended from time to time.

(e) *Appeal.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of Noble fir logs conserved, or that compliance with this order would disrupt or impair a program of conversion from nondefense to defense work, may appeal to the War Production Board, by letter or other written communication, in duplicate, setting forth the pertinent facts and the reason he considers he is entitled to relief. The Director General for Operations may thereupon take such action as he deems appropriate.

(f) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to the Western Log and Lumber Administrator, War Production Board, Portland, Oregon, Ref: M-228.

(g) *Violations.* Any person who willfully violates any provision of this order or who, in connection with this order, willfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, the Director General for Operations may prohibit such person from making or obtaining further deliveries of or from processing or using material under priority control, may withhold from such person priorities assistance, and may take such other action as he deems appropriate.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 1st day of September 1942.

AMORY HOUGHTON,
Director General for Operations.

PART 3077—WESTERN HEMLOCK AIRCRAFT LOGS

[General Preference Order M-229]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of Western hemlock aircraft logs for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3077.1 *General Preference Order M-229*—(a) *Definitions.* For the purposes of this order:

(1) "Western hemlock aircraft logs" means logs of the botanical species of Tsuga martensiana or Tsuga heterophylla (including cants and flitches of such logs), which are produced in those parts of Oregon and Washington lying west of the crest of the Cascade Mountain Range, or in Alaska, and which meet the following specifications:

(i) Are from stands of timber of approximately 1200 feet or higher elevation and are medium to light in weight;

(ii) Are not less than 26 inches top diameter and not less than 12 feet long;

(iii) Are of straight grain so that the majority of the clear lumber can be produced with a slope of grain not greater than 1 in 15;

(iv) Are free of deep bark seams or other serious defects within the clear portion of the log;

(v) Have reasonably uniform annual rings, not fewer than eight to the inch within the clear portion of the log; and

(vi) Are of a character which will produce at least 50% No. 2 Clear and Better, or B and Better Clear lumber.

(2) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons whether incorporated or not.

(3) "Logger" means any person who produces Western hemlock aircraft logs.

(b) *Restrictions on delivery.* (1) On and after September 11, 1942, no person shall make delivery of Western hemlock aircraft logs, and no person shall accept delivery of, or consume or process Western hemlock aircraft logs, except as authorized by the Director General for Operations. This restriction shall apply to all stocks of Western hemlock aircraft logs held within the continental limits of the United States (including Alaska) as of the date of issuance of this order, whether in private or in government hands; but shall not apply to cants and flitches held by manufacturers of aircraft for aircraft use. The Director General for Operations may from time to time allocate the supply of Western hemlock aircraft logs or any part sawed therefrom, and specifically direct the manner and quantities in which deliveries to particular persons shall be made or withheld. He may also direct or prohibit particular uses of Western hemlock aircraft logs, or any part sawed therefrom. Such allocations and directions will be made to insure the satisfaction of defense requirements of the United States, both direct and indirect, and they may be made, in the discretion of the Director General for Operations, without regard to any preference ratings assigned to particular contracts or purchase orders. The Director General for Operations may also take into consideration the possible dislocation of labor and the necessity of keeping a plant in operation so that it may be able to fulfill war orders and essential civilian requirements.

(2) Notwithstanding the foregoing restrictions, Western hemlock aircraft logs in transit on September 11, 1942, may be delivered to their immediate destination.

(c) *Applications and reports.* (1) Unless otherwise ordered by the Director General for Operations, no person shall be entitled to receive an allocation of Western hemlock aircraft logs after October 1, 1942, unless, not later than the 20th day of the month next preceding the month in which delivery is desired, he shall have filed with the Western Log and Lumber Administrator of the War Production Board an application on Form PD-653, which may be obtained from such Administrator after September 10, 1942.

(2) Any person, other than a logger or aircraft manufacturer, who, on September 11, 1942, has in his possession or under his control Western hemlock aircraft logs in excess of 100,000 feet, log scale, shall file with the Western Log and Lumber Administrator of the War Production Board, not later than the 10th day after such date, an inventory report on Form PD-652, which may be obtained from such Administrator after September 10, 1942.

(3) Failure by a person to file an application pursuant to paragraph (c) (1) of this order may be construed as notice to the Director General for Operations that such person does not desire an allocation of Western hemlock aircraft logs for the next succeeding month.

(4) All persons engaged in scaling Western hemlock logs, shall, when requested to do so, promptly forward to the Western Log and Lumber Administrator of the War Production Board, a copy of each scaling certificate issued by such person.

(d) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of all the Priorities Regulations of the War Production Board, as amended from time to time.

(e) *Appeal.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of Western hemlock aircraft logs conserved, or that compliance with this order would disrupt or impair a program of conversion from nondefense to defense work, may appeal to the War Production Board, by letter or other written communication, in duplicate, setting forth the pertinent facts and the reason he considers he is entitled to relief. The Director General for Operations may thereupon take such action as he deems appropriate.

(f) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to the Western Log and Lumber Administrator, War Production Board, Portland, Oregon, Ref: M-229.

(g) *Violations.* Any person who willfully violates any provision of this order or who, in connection with this order, willfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, the Director General for Operations may prohibit such persons from making or obtaining further deliveries of or from processing or using material under priority control, may withhold from such person priorities assistance, and may take such other action as he deems appropriate.

PART 962—IRON AND STEEL

[Interpretation 1 of M-21, as Amended]

SALVAGED OR USED MATERIALS

The terms "steel" and "iron products" as defined in General Preference Order M-21, as amended [1] (§ 962.1), do not include salvaged or used materials. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

PART 1054—LEAD AND TIN SCRAP

[Supplementary Order M-72-a]

TINNED AND DETINNED SCRAP

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of tin for defense, for private account, and for

[1] 6 F.R. 4005, 4730, 5994, 6144; 7 F.R. 2952, 3150, 3881.

export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 1054.2 *Supplementary Order M–72–a*—(a) *Additional definitions.* (1) "Tinned scrap" means scrap consisting of tin plate, whether clippings, used tin cans, or in any other form.

(2) "Detinned scrap" means tin scrap which has been treated by a chemical or electro-chemical detinning process so that it contains not more than 3/10 of one percent of tin by weight.

(3) "Tin plate clippings" means tinned scrap consisting of new or reclaimed tin plate, generated in the manufacture of cans, closures, or other articles.

(b) *Restrictions on tinned scrap.* Except with specific permission of the Director General for Operations:

(1) *Iron and steel producers.* No person shall deliver tinned scrap to a producer of steel or iron products (as defined in Order M–21, as amended[1]), and no such producer shall accept delivery of tinned scrap from any person.

(2) *Tin plate clippings.* No person shall deliver or accept delivery of tin plate clippings except where delivery is made to a broker or dealer or a detinning plant. Subject to the restrictions of Order M–21–e,[2] and other applicable orders, the provisions of this paragraph (b) (2) do not prohibit a manufacturer from using himself, in further manufacturing operations, tin plate clippings generated in the course of his operations.

(3) *Tinned scrap.* No person shall deliver or accept delivery of tinned scrap except where delivery is made to or for the account of a broker or dealer for sale or resale by him in the form received, a municipal department or agency, a shredding or detinning plant or a plant engaged in the precipitation of copper.

The restrictions of this paragraph (b) (3) shall not apply to deliveries of used tin cans to or for the account of any person for reuse by him in packing any product; nor shall any of the provisions of this paragraph (b) (3) apply to crown or screw caps or similar closures for tin cans or other containers.

(4) *Used tin cans.* In appropriate cases, general permission to acquire used tin cans will be granted, upon such terms and conditions as the Director General for Operations may impose, to persons other than those permitted to accept delivery under paragraph (b) (3) of this order, who should make application for such permission by letter addressed to the War Production Board, Washington, D. C., Reference: M–72–a. If the applicant for such permission is a manufacturer of crown caps or is engaged in the business of bottling beverages, he shall execute and file with his letter of application a certificate substantially in the form of Exhibit 1 annexed to this order.

[2] 7 F.R. 5345.

(c) *Restrictions on sales of detinned scrap.* Except with specific permission of the Director General for Operations, no person producing detinned scrap at a detinning plant located in any of the counties listed in Schedule A hereto shall deliver detinned scrap produced at such plant except to a plant engaged in the precipitation of copper. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. NOTE.—This form may be reproduced for use by an applicant for permission to acquire used tin cans under the provisions of paragraph (b) (4) of the foregoing Supplementary Order M–72–a.

The undersigned hereby certifies to the War Production Board that in the event that the undersigned is granted permission to acquire used tin cans pursuant to the accompanying letter of application therefore, the following terms and conditions with respect to the handling and disposition of such cans by the undersigned, and all other terms and conditions which may be imposed by the War Production Board will be strictly complied with:

1. *No. 10 and Larger Cans.* The bodies of such cans may be used for the manufacture of crown caps provided that: in the preparation of the cans before use for the manufacture of crown caps the cans shall be cleaned; both ends shall be removed and delivered to shredding or detinning plants; the side seams and end rings shall also be removed and may be delivered to shredding plants, but must not be delivered to detinning plants; all residual scrap remaining after the manufacture of crown caps from the bodies of the cans shall be delivered to shredding or detinning plants; with the result that at least 50% by weight of the detinnable scrap represented by all such used cans when acquired will be finally received by shredding or detinning plants.

2. *All Other Cans.* All cans other than those of the size of No. 10 or larger are to be delivered to shredding or detinning plants. Such cans as are to be delivered to detinning plants are to be cleaned, both ends are to be removed and the bodies flattened.

PART 1071 — INDUSTRIAL AND COMMERCIAL REFRIGERATION AND AIR CONDITIONING MACHINERY AND EQUIPMENT

[Required Specifications Schedule III to Limitation Order L–126]

COIL OR TUBE ASSEMBLIES FOR REFRIGERATION CONDENSERS OR COOLERS

§ 1071.5 *Schedule III to Limitation Order L–126*[1]—(a) *Definitions.* For the purpose of this schedule:

(1) "Producer" means any person who produces, manufactures, processes, fabricates or assembles any coil or tube assemblies for refrigeration condensers or coolers.

(2) A "coil or tube assembly for condensers" means an assembly used in "refrigerating and air conditioning equipment" as defined in paragraph (a) (1) of Limitation Order No. L–126 consisting of any arrangement of pipes, tubing, pressure vessels, or plates by means of which heat is removed from the vaporized refrigerant.

(3) A "coil or tube assembly for coolers" means an assembly used in "refrigerating and air conditioning equipment" as defined in paragraph (a) (1) of Limitation Order No. L–126 consisting of any arrangement of pipes, tubing, pressure vessels or plates by means of which heat is absorbed by either a volatile refrigerant or a non-volatile medium such as water.

(4) "Protective coating" means a surface coating applied to any or all parts of a "coil or tube assembly for condensers or coolers" for the purpose of retarding or preventing corrosion.

(5) "Integral fin tubing" means finned tubing, the fins and tubes of which are formed from the same piece of metal by extrusion or by any machine operation.

(6) "Metallic fin bond" means a tie between tubing and fins obtained through the use of a metallic base substance usually applied with heat. The fin surface of integral fin tubing shall be considered as having a metallic fin bond.

(7) "Mechanical fin bond" means a tie obtained between tubing and fins by physical contact and without the use of a metallic base substance.

(8) "Fin height" means the distance from the outside of a pipe or tube to the nearest outside edge of the fin.

(9) "Return bend" means a semi-circular section of tubing or pipe used to join parallel runs of tubing or pipe.

(10) "Lend-lease country" means the government of any foreign country receiving aid pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act).

(b) *Required specifications.* Pursuant to Limitation Order No. L–126, the following required specifications are hereby established for coil or tube assemblies for condensers or coolers:

(1) In the manufacture of any coil or tube assembly for air-cooled or evaporatively cooled condensers, any coil or tube assembly for water or brine coolers, or of any cooler coil or tube assembly for air-cooling, no producer shall, except for use aboard ship, (i) use any non-ferrous metals, except for soldering or brazing materials or for protective coatings;

(ii) Use any seamless steel tubing, except (*a*) to form integral fin tubing, or (*b*) that which has been made into return bends but only if the radius thereof is less than 1½ times the outside diameter of such tubing and the straight extensions thereof are not longer than 2 times the outside diameter of such tubing; or

(iii) Use any steel tubing (other than integral fin tubing) of wall thickness greater than the following:

Outside diameter of tubing	*Wall thickness (inches) Maximum*
(*a*) Up to and including ⅜"-------	0.028"
(*b*) Over ⅜" up to and including ½"-	.035"
(*c*) Over ½" up to and including ¾"-	.049"
(*d*) Over ¾" up to and including 1"-	.065"
(*e*) Over 1" up to and including 1¼"-	.083"
(*f*) Over 1¼" up to and including 2"-	.095"
(*g*) Over 2" up to and including 2½"-	.120"

(2) In the manufacture of any coil or tube assembly for air-cooled condensers no producer shall (i) except for use aboard ship, use finned tubing (other than integral fin tubing) having an average fin thickness to the nearest U. S. standard gauge in excess of 4% of the fin height, or a maximum of 0.023", whichever is smaller;

(ii) Except for use aboard ship, use a metallic protective coating (other than paint) where a mechanical fin bond is employed;

(iii) Use a protective coating containing more than 7% tin where a metallic fin bond is employed;

(3) In the manufacture of any coil or tube assembly for water-cooled condensers, no producer shall, except for use aboard ship (i) use more than 7 lbs. of non-ferrous metals per condensing unit nominal h. p. for all self-contained refrigeration condensing units;

(ii) Use more non-ferrous metals per ton of refrigeration, for other than self-contained condensing unit condenser assemblies, than the following:

7 lbs. per ton of refrigeration for systems having saturated refrigerant vapor suction temperatures above 30° F.

8 lbs. per ton of refrigeration for systems having saturated refrigerant vapor suction temperatures from 0° to 30° F., inclusive.

9 lbs. per ton of refrigeration for systems having saturated refrigerant vapor suction temperatures below 0° F.

"Ton of refrigeration", as here used, means the removal of heat, at the low side, at the rate of 12,000 B. T. U. per hour. Total tons to be based on the design operating load of the low side connected to the condensing unit or units with which the condenser is used.

(4) In the manufacture of any coil or tube assembly for evaporatively cooled condensers, no producer shall (i) use finned tubing (other than integral fin tubing) having an average fin thickness to the nearest U. S. standard gauge in excess of 4% of the fin height, or a maximum of 0.023", whichever is smaller; or

(ii) Use a combination protective coating and metallic fin bond containing more than 7% tin.

(5) In the manufacture of any cooler coil or tube assembly for air-cooling, no producer shall, except for use aboard ship in connection with food storage (i) use a metallic protective coating containing more than 7% tin: *Provided, however,* That when the coil is used in food storage and the air passing over the coil is in direct contact with the food, the foregoing shall not prohibit a hot-dipped galvanized coating or a coating containing not more than 35% tin; or

(ii) Use finned tubing (other than integral fin tubing) having an average fin thickness to the nearest U. S. standard gauge in excess of 4% of the fin height, or a maximum of 0.023", whichever is smaller.

(c) *Applicability of order.* (1) The required specifications established by paragraph (b), shall not prohibit:

(i) The production, fabrication, delivery, acceptance, or installation of coil or tube assemblies, the plans of which have already been drawn and accepted by or for the account of the Army or Navy of the United States, the Maritime Commission, the War Shipping Administration, or Lend-Lease countries, or

(ii) The use in the production or fabrication of, or the delivery, acceptance, or installation of any of the following materials in a producer's possession or control or in transit to a producer on the effective date of this Schedule III:

(*a*) Steel tubing.

(*b*) Coil or tube assemblies which on said date were in finished form or the parts for which had on said date been cast, machined or otherwise processed in such manner that the manufacture of such assemblies in conformance with this Schedule III would be impractical. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. PART 1075—CONSTRUCTION

[Conservation Order L–41 as Amended September 2, 1942]

Conservation Order L–41[1] as heretofore amended is hereby amended to read as follows:

§ 1075.1 *Conservation Order L–41*—(a) *Definitions.* For the purpose of this order:

(1) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not.

(2) "Construction" means the erection, construction, remodeling or rehabilitation of any building, structure or project, or additions thereto or extensions or alterations thereof, but not including maintenance or repair as defined in paragraphs (a) (10) and (11) below.

(3) "Residential construction" means any construction where the principal designed function of the building, structure or project is or will be to provide living space or accommodations.

(4) "Multiple residential construction" means any residential construction where the principal designed function of the building, structure or project is or will be to provide living space or accommodations for more than five families, or which is divided or to be divided into more than five suites.

(5) "Agricultural construction" means any construction, other than residential construction, where the principal designed function of the building, structure or project is or will be the production of agricultural products including, but not limited to, those produced by farmers, planters, ranchmen, dairymen, poultrymen, or nut or fruit growers.

(6) "Industrial construction" means any construction where the principal designed function of the building, structure or project is or will be the manufacture, processing or assembling of goods or materials.

(7) "Other restricted construction" means any construction, other than residential, multiple residential, agricultural, or industrial construction, including, but not limited to, commercial, highway, roadway, sub-surface, and utilities construction, whether publicly or privately financed.

(8) "Begin construction" means to initiate construction by physically incorporating into any construction material which is an integral part of the construction.

(9) "Cost" is meant to include the total cost of labor and material, including equipment, architects', engineers' and contractors' fees, insurance charges and financing costs.

(10) "Maintenance" means the upkeep of a building, structure or project in sound working condition.

(11) "Repair" means the restoration without change of design, of any portion of a building, structure or project to sound working condition, when such portion has been rendered unsafe or unfit for service by wear and tear or other similar causes, but not including the reconstruction or restoration of construction damaged or destroyed by fire, flood, tornado, earthquake, act of God or the public enemy.

(b) *Prohibited construction.* No person shall begin construction or order, purchase, accept delivery of, withdraw from inventory or in any other manner secure or use material or construction plant in order to begin construction, unless the construction is within one of the following classes:

(1) The construction is to be the property of the Army or Navy of the United States, the United States Maritime Commission, Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Authority, or the Office of Scientific Research and Development.

(2) The construction consists of any building, structure or project which is used directly in the discovery, development or depletion of mineral deposits.

(3) The construction is of a type subject to the provisions of any order in the M–68 series (Part 1047) relating to the production and distribution of petroleum. Any such construction is permitted only to the extent authorized by the applicable order in the M–68 series.

(4) The construction is of telephone facilities or equipment, other than buildings, and is authorized or permitted under the terms of Conservation Order L–50[2] § 1095.1).

(5) The construction is of facilities, other than buildings, to be owned by a producer as defined in Preference Rating Order P–46[3] (§ 978.1) pertaining to utilities and is to be used directly in providing one or more of the services set forth in paragraph (a) (1) of said order.

(6) Agricultural construction of irrigation pipe lines or drainage tile drains in which no materials except earth or other unprocessed material and clay or non-reinforced concrete tile or pipe, not more than 12 inches in internal diameter, are incorporated.

(7) The construction can be completed with materials which are either on hand or can be obtained without making application for priorities assistance and upon completion will not require the incorporation of any materials, on site or off site, to supply electric, gas, water, steam, telephone or sewage disposal service, and

(i) The construction is residential (but not multiple residential) or is specifically listed on Schedule B, attached hereto, and the estimated cost is less than $200, or

(ii) The construction is multiple residential, agricultural, or other restricted construction, is not specifically listed on Schedule B, and the estimated cost is less than $1,000, or

(iii) The construction is industrial, is not specifically listed on Schedule B, and the estimated cost is less than $5,000, or

(iv) The construction is to reconstruct or restore residential (but not multiple residential) construction damaged or destroyed after December 31, 1941, by fire, flood, tornado, earthquake, act of God or the public enemy.

(8) (i) The construction is to reconstruct or restore agricultural construction damaged or destroyed after September 7, 1942, by fire, flood, tornado, earthquake, act of God or the public enemy, where the immediate reconstruction thereof is determined by the United States Department of Agriculture, in accordance with such administrative procedures as may be from time to time prescribed, to be essential to the agricultural program, provided, that within two weeks of such determination Form PD-200 is filed in accordance with the provisions of paragraph (f) of this section.

(ii) The construction is to reconstruct or restore industrial or other restricted construction damaged or destroyed after September 7, 1942, by fire, flood, tornado, earthquake, act of God or the public enemy, where the immediate reconstruction thereof is necessary for the prosecution of the war or the protection of public health or safety; provided that within five days of the damage or destruction notice thereof is given by telegraph to the War Production Board setting forth (i) the cause of the damage or destruction, (ii) the function of the building, structure or project which has been damaged or destroyed, (iii) the type of construction, (iv) why immediate reconstruction or restoration is necessary, and (v) the estimated cost of reconstruction; and provided further, that within two weeks of the giving of such telegraphic notice, Form PD–200 is filed in accordance with the provisions of paragraph (f) of this section.

Nothing contained in this subparagraph (8) shall be interpreted as a commitment that priorities assistance will be accorded to any particular construction authorized by the provisions of this subparagraph and the Director General for Operations may at any time either order said construction to cease or require any modification thereof that seems to him to be proper.

(9) The construction has been or is hereafter authorized by the Director of Priorities of the Office of Production Management or by the Director of Industry Operations or the Director General for Operations of the War Production Board by the issuance of:

(i) One of the preference rating orders or certificates listed on Schedule A attached hereto, as that schedule may be amended from time to time, according priorities assistance to the construction; or

(ii) An order specifically authorizing the construction, *Provided, however,* That the exceptions set forth in paragraphs (b) (7) (i), (b) (7) (ii), and (b) (7) (iii) shall not be construed to authorize separate or successive construction operations the aggregate cost of which over any continuous twelve-month period exceeds the amount specified in the applicable paragraph for the particular building, structure or project; not including in said aggregate cost the cost of any construction thereon during said period authorized under the provisions of paragraph (b) (9).

(c) *Prohibited deliveries.* No person shall accept an order for, sell, deliver, or cause to be delivered, material or construction plant which he knows, or has reason to believe, will be used in violation of the terms of this order.

(d) *Further construction limitations.* Nothing in this order shall be construed to authorize the use or delivery of any material, or the application or extension of any preference rating, in violation of the provisions of any conservation, limitation or other order or regulation heretofore or hereafter issued by the Director of Priorities, Office of Production Management, or by the Director General for Operations.

(e) *Orders or certificates not constituting authorization.* The assignment of a preference rating by a PD–1, PD–1A, or other certificate, or by any order other than those listed in Schedule A, shall not constitute authorization to begin construction.

(f) *Applications for authority to begin construction.* (1) If the applicant requires priorities assistance for the proposed construction, an application shall be made for the appropriate preference rating order or certificate listed on Schedule A on the form referred to therein.

(2) Where the applicant does not require priorities assistance, application for the specific authorization to begin construction referred to in paragraph (b) (9) (ii) hereof may be made by filing Forms PD–200 and PD–200A, or such other forms as may hereafter be prescribed, together with a statement showing (1) that no priorities assistance is requested, (2) whether any previous application for authorization has been denied, and, if so, the reasons therefor, and (3) the total value of all construction on the particular building, structure or project in the preceding twelve-month period. Such forms or statements are to be filed with the field office of the Federal Housing Administration having jurisdiction over the location of the site, or in such other place as may be prescribed.

(3) In applying either for priority assistance or for authorization to begin construction, the applicant should also submit additional information as to the necessity for the proposed construction, any exceptional hardships which the restrictions of this order impose upon him, the effect on employment conditions if the application is denied, and any other pertinent facts.

(g) *Violations.* Any person who wilfully violates any provision of this order or who wilfully furnishes false information to the Director General for Operations in connection with this order is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition any such person may be prohibited from making or obtaining further deliveries or from processing or using material under priority control and may be deprived of priorities assistance by the Director General for Operations.

(h) *Communications.* Applications, communications and reports under this order shall, unless otherwise directed, be addressed to, War Production Board, Washington, D. C. Ref: L–41.

Those relating to residential construction shall in addition be conspicuously marked "Res.", those relating to multiple residential construction "M. R.", those relating to agricultural construction, "Agr.", those relating to industrial construction, "Ind.", and those relating to other restricted construction, "O. R."

This amendment shall become effective September 7, 1942.

PART 1149—IMPORTED EGYPTIAN COTTON

[Conservation Order M-117 as Amended September 2, 1942.]

Section 1149.1 *Conservation Order M-117*[1] is hereby amended to read as follows:

§ 1149.1 *Conservation Order M-117*—(a) *Definitions.* For the purposes of this order: (1) "Reserved Egyptian cotton" means raw cotton in unopened bales (including bales opened only for sampling or testing) of the following specifications:

Variety, Giza 7, Grade: "Good to fully good" and better. Staple: Nothing below "good" staple.
Variety, Sudan.
Variety, Sakha 4.
Variety, Sakellaridis.
Variety, Malak1 (Giza 26).
Variety, Karnak (Giza 29).
All 5 varieties with grade—"fully good" and better and staple—nothing below "good" staple.

in accordance with the recognized Egyptian standards of gradings: *Provided, however,* That with respect to Egyptian cotton heretofore imported into the United States, the term "Reserved Egyptian cotton" shall include any Giza 7 cotton grading "good to fully good" and better and having a staple length of nothing below 1 5/16" staple, and any of the other five above-mentioned varieties grading "fully good" and better and having a staple length of nothing below 1 1/16" staple.

(2) "Stitching thread" means finished cotton thread used for stitching, including home sewing, in which reserved Egyptian cotton has heretofore been customarily used and shall also include any cotton yarns, single or plied and having a thread twist, in which such cotton has heretofore been customarily used, sold to another person to be manufactured solely into finished stitching thread, but shall not include crochet, embroidery or other fancy threads in which reserved Egyptian cotton may have heretofore been used.

(3) "Import" means to transport in any manner into the continental United States from any foreign country, and for purposes of this order, Egyptian cotton shall be deemed imported into the United States from the time it is released from the bonded custody of the United States Bureau of Customs.

(4) "Dealer" means any person regularly engaged in the business of purchasing raw cotton for resale, and shall include exporters, importers, agents or brokers, whether or not they hold title to the cotton.

(b) *Restrictions on sales, deliveries and uses.* No person shall, except as provided in paragraph (c) below, or as specifically authorized by the Director General for Operations, sell or deliver, or accept delivery of, or process, or use, any reserved Egyptian cotton.

(c) *General exceptions.* The prohibitions and restrictions of paragraph (b) above shall not apply to: (1) Sales and deliveries to dealers.

[1] 7 F.R. 2539, 5640.

(2) Sales and deliveries to the Board of Economic Warfare, the Commodity Credit Corporation, or any corporation organized under the authority of Section 5d of the Reconstruction Finance Corporation Act, as amended, or any representative designated for the purpose by any of the foregoing;

(3) Sales and deliveries, and the processing or use of reserved Egyptian cotton for physical incorporation into material or equipment to be delivered to or for the account of the Army or Navy of the United States, the United States Maritime Commission, or the War Shipping Administration.

(4) Sales and deliveries, and the processing or use of reserved Egyptian cotton for the manufacture of stitching thread subject, however, to the limitations of paragraph (d) below;

(5) The processing or use by any person within 45 days after September 2, 1942, of reserved Egyptian cotton to the extent necessary to fill orders on hand specifying delivery within such period, and sales or deliveries to any person of amounts necessary, in addition to amounts on hand, to fill such orders within such time, and the processing or use thereof in filling such orders;

Provided, however, That all sales and deliveries exempted from the prohibitions and restrictions of paragraph (b) above by subparagraphs (3), (4) and (5) of this paragraph (c) shall be made only upon the receipt by the vendor from the purchaser of a certificate signed by such purchaser or by a person authorized to sign in his behalf in substantially the following form:

The undersigned hereby certifies to his vendor and to the War Production Board subject to the provisions of Section 35 (A) of the United States Criminal Code (18 U.S.C. 80) that the reserved Egyptian cotton to be delivered on the annexed purchase order is to be used for one or more of the purposes specified in Conservation Order M-117 as amended, for such cotton and for no other purposes; and if used for the manufacture of stitching thread will not be used by the undersigned in an amount in excess of the amount permitted for such purposes by said order.

(d) *Restrictions on the manufacture of stitching thread.* (1) No person shall, during the period from July 1, 1942, to and including December 31, 1942, or if his books are so kept, and he so elects, during the period from July 1, 1942, to and including January 2, 1943, use more reserved Egyptian cotton in the manufacture of stitching thread for physical incorporation into products to be delivered on non-defense orders than 37½% of the amount of such cotton used by such person for the manufacture of stitching thread in the year 1941.

(2) No person manufacturing stitching thread shall sell or deliver any stitching thread made from reserved Egyptian cotton which such person does not wish to be charged against the quota for non-defense uses established by subparagraph (1) of this paragraph (d), and in no event in excess of such quota, unless he shall have first received from the purchaser a certificate signed by such purchaser, or by a person authorized to sign in his behalf, in substantially the following form:

The undersigned hereby certifies to his vendor and to the War Production Board subject to the provisions of Section 35 (A) of the United States Criminal Code (18 U.S.C. 80) that the stitching thread to be delivered on the annexed purchase order is to be physically incorporated into material or equipment to be delivered to or for the account of the Army or Navy of the United States, the United States Maritime Commission, or the War Shipping Administration, or resold for such incorporation.

and no person purchasing or accepting delivery of any stitching thread, to the order for which such a certificate was annexed, shall sell or deliver such stitching thread except upon receipt by him of such a certificate.

(e) *Grading.* The Director General for Operations may require that any lot of Egyptian cotton held in the United States be graded by referring representative samples thereof for classification to the Appeal Board of Review Examiners, United States Department of Agriculture, Washington, D. C., or at such office or offices of the said Board which may be designated for the purpose by the Department of Agriculture. The classification and findings of the said Appeal Board shall, for the purposes of this order only, be final in establishing whether any bale of cotton sample whereof has been so submitted, is or is not reserved Egyptian cotton. If upon the examination of any Egyptian cotton by representatives of the United States Customs Service, any doubt or dispute arises as to whether such cotton is reserved Egyptian cotton, samples thereof shall be referred for classification for the purposes of this order only to the said Appeal Board of Review Examiners. The said Appeal Board will, in every case examined by it, transmit one copy of its findings to the War Production Board.

(f) *Appeal.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of reserved Egyptian cotton conserved, or that compliance with this order would disrupt or impair a program of conversion from non-defense to defense work, may appeal to the War Production Board by letter or telegram, Reference M-117, setting forth the pertinent facts and the reason he considers he is entitled to relief. The Director General for Operations may thereupon take such action as he deems appropriate.

(g) *Reports.* Each person who, on July 27, 1942, holds or owns any reserved Egyptian cotton shall cause an inventory to be taken as of such date showing to the extent such information is known to him, the number of bales of each variety, staple length and grade of such cotton on hand and, to the extent known to each such person, the name of the owner or owners thereof and the address of each owner. All holders of such cotton shall execute and file with the War Production Board on form PD-597 a report of the amount of such cotton held or owned on the said date. Owners and holders of such cotton must be prepared to furnish or cause the original importer to furnish the War Production Board upon request with import documents relating thereto, including the customs invoices on which such cotton was entered into the United States and the grade or grades established for the purpose of levying customs duties thereon. In addition, all holders and users of such cotton must be prepared to execute and file with the War Production Board such monthly or quarterly reports on forms that may be prescribed for the purpose and in the detail that may be required by the War Production Board showing stocks on hand, additions to stocks, withdrawals from stocks, consumption by uses and such other reports or questionnaires as may be required by the War Production Board from time to time.

(h) *Records.* All owners and processors of reserved Egyptian cotton affected by this order shall keep and preserve for not less than two years accurate and complete records concerning inventories, production and sales, and copies of all invoices of both purchases and sales relating to such cotton.

(i) *Communications to the War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Textile, Clothing and Leather Branch, Washington, D. C., Reference: M-117.

(j) *Violations.* Any person who wilfully violates any provision of this order or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. PART 3018—AMERICAN EXTRA STAPLE COTTON

[Conservation Order M-197 as Amended September 2, 1942]

Section 3018.1 *Conservation Order M-197*[1] is hereby amended to read as follows:

§ 3018.1 *Conservation Order M-197*—(a) *Definitions.* For the purposes of this order:

(1) "Reserved American extra staple cotton" means any raw cotton in unopened bales (including bales opened only for the purposes of sampling or testing) of the following specifications, grown within the Western Hemisphere,

SXP Variety, grading No. 2 or higher and with staple of 1 7/16" or longer.
Pima Variety (including both United States and Peruvian), grading No. 2 or higher and with staple of 1½" or longer.
Sea Island Variety, grading No. 2½ or higher and with staple of 1½" or longer.

in accordance with the official grading standards of the United States.

(2) "Stitching thread" means finished cotton thread used for stitching including home sewing in which reserved American extra staple cotton or reserved Egyptian cotton as defined in Conservation Order No. M-117 has heretofore been customarily used and shall also include any cotton yarns, single or plied and having a thread twist, in which such cotton has heretofore been customarily used, sold to another person to be manufactured solely into finished stitching thread, but shall not include crochet, embroidery or other fancy threads in which reserved American extra staple cotton or reserved Egyptian cotton may have heretofore been used.

(3) "Import" means to transport in any manner into the continental United States from any foreign country, and for purposes of this order, American extra staple cotton shall be deemed imported into the United States from the time it is released from the bonded custody of the United States Bureau of Customs.

(4) "Dealer" means any person regularly engaged in the business of purchasing raw cotton for resale, and shall include exporters, importers, agents or brokers, whether or not they hold title to the cotton.

(b) *Restrictions on sales, deliveries and uses.* No person shall, except as provided in paragraph (c) below, or as specifically authorized by the Director General for Operations, sell or deliver, or accept delivery of, or process, or use, any reserved American extra staple cotton.

(c) *General exceptions.* The prohibitions and restrictions of paragraph (b) above shall not apply to:

(1) Sales and deliveries to dealers.

(2) Sales and deliveries to the Board of Economic Warfare, the Commodity Credit Corporation, or any corporation organized under the authority of section 5d of the Reconstruction Finance Corporation Act, as amended, or any representative designated for the purpose by any of the foregoing.

[1] 7 F.R. 5644.

(3) Sales and deliveries, and the processing or use of reserved American extra staple cotton for physical incorporation into material or equipment to be delivered to or for the account of the Army or Navy of the United States, the United States Maritime Commission, or the War Shipping Administration.

(4) Sales and deliveries, and the processing or use of reserved American extra staple cotton for the manufacture of stitching thread subject, however, to the limitations of paragraph (d) below.

(5) The processing or use by any person within 45 days after September 2, 1942 of reserved American extra staple cotton to the extent necessary to fill orders on hand specifying delivery within such period, and sales or deliveries to any person of amounts necessary, in addition to amounts on hand, to fill such orders within such time, and the processing or use thereof in filling such orders.

Provided, however, That all sales and deliveries exempted from the prohibitions and restrictions of paragraph (b) above by subparagraphs (3), (4) and (5) of this paragraph (c) shall be made only upon the receipt by the vendor from the purchaser of a certificate signed by such purchaser or by a person authorized to sign in his behalf in substantially the following form:

The undersigned hereby certifies to his vendor and to the War Production Board subject to the provisions of Section 35(A) of the United States Criminal Code (18USC80) that the reserved American extra staple cotton to be delivered on the annexed purchase order is to be used for one or more of the purposes specified in Conservation Order M-197, as amended, for such cotton and for no other purposes; and if used for the manufacture of stitching thread will not be used by the undersigned in an amount in excess of the amount permitted for such purposes by said order.

(d) *Restrictions on the manufacture of stitching thread.* (1) No person shall during the period from July 1, 1942, to and including December 31, 1942, or, if his books are so kept, and he so elects, during the period from July 1, 1942, to and including January 2, 1943, use more reserved American extra staple cotton in the manufacture of stitching thread for physical incorporation into products to be delivered on nondefense orders than:

(i) 37½% of the total amount of reserved American extra staple cotton and reserved Egyptian cotton (as defined in Conservation Order M-117, sec. 1149.1) used by such person for the manufacture of stitching thread in the year 1941, minus

(ii) The actual amount of reserved Egyptian cotton used or scheduled to be used by such person in the second half of 1942 for the manufacture of stitching thread for nondefense uses pursuant to the limitations described in Conservation Order M-117.

(2) No person manufacturing stitching thread shall sell or deliver any stitching thread made from reserved American extra staple cotton which such person does not wish to be charged against the quota for nondefense uses established by subparagraph (1) of this paragraph (d), and in no event in excess of such quota, unless he shall have first received from the purchaser a certificate signed by such purchaser, or by a person authorized to sign in his behalf, in substantially the following form:

The undersigned hereby certifies to his vendor and to the War Production Board subject to the provisions of Section 35 (A) of the United States Criminal Code (18USC80) that the stitching thread to be delivered on the annexed purchase order is to be physically incorporated into material or equipment to be delivered to or for the account of the Army or Navy of the United States, the United States Maritime Commission, or the War Shipping Administration, or resold for such incorporation.

The said Appeal Board will, in every case examined by it, transmit one copy of its findings to the War Production Board.

(f) *Appeal.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of reserved American extra staple cotton conserved, or that compliance with this order would disrupt or impair a program of conversion from nondefense to defense work, may appeal to the War Production Board, by letter or telegram, Reference M–197, setting forth the pertinent facts and the reason he considers he is entitled to relief. The Director General for Operations may thereupon take such action as he deems appropriate.

(g) *Reports.* Each person who, on July 27, 1942, holds or owns any reserved American extra staple cotton shall cause an inventory to be taken as of such date showing, to the extent such information is known to him, the number of bales of each variety, staple length and grade of such cotton on hand, and, to the extent known to each such person, the name of the owner or owners thereof and the address of each owner. All holders of such cotton shall execute and file with the War Production Board on Form PD–597 a report of the amount of such cotton held or owned on the said date. Owners and holders of such cotton must be prepared to furnish or cause the original importer to furnish the War Production Board, upon request, with import documents relating thereto, including the customs invoices on which such cotton was entered into the United States and the grade or grades established for the purpose of levying customs duties thereon. In addition, all holders and users of such cotton must be prepared to execute and file with the War Production Board such monthly or quarterly reports on forms that may be prescribed for the purpose and in the detail that may be required by the War Production Board showing stocks on hand, additions to stocks, withdrawals from stocks, consumption by uses and such other reports or questionnaires as may be required by the War Production Board from time to time.

(h) *Records.* All owners and processors of reserved American extra staple cotton affected by this order shall keep and preserve for not less than two years accurate and complete records concerning inventories, production, and sales and copies of all invoices of both purchases and sales relating to such cotton.

(i) *Communications to the War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Textile, Clothing and Leather Branch, Washington, D. C.—Reference: M–197.

(j) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using material under priority control and may be deprived of priorities assistance.

Chapter XI—Office of Price Administration

PART 1300—PROCEDURE

[Procedural Regulation 2]

PROCEDURE FOR THE ADJUSTMENT OF MAXIMUM PRICES FOR RETAIL SELLERS OF COMMODITIES OR SELLERS OF SERVICES

Pursuant to the authority of sections 201 (d) and 203 (a) of the Emergency Price Control Act of 1942 (Public, No. 421, 77th Cong., 2d Sess., Jan. 30, 1942), the following rules of procedure are hereby prescribed for the adjustment of certain maximum retail prices of commodities and services established by any maximum price regulation and of all maximum prices of services established by Maximum Price Regulation No. 165 as amended (Services):

Sec.
1300.121 Right to apply for adjustment.
1300.122 Place of filing.
1300.123 Authorized office.
1300.124 Form of application.
1300.125 Application must be verified.
1300.126 Joint applications.
1300.127 Investigation of application.
1300.128 Action by the authorized office on applications for adjustment.
1300.129 Requests for review.
1300.130 Action on review by Director of the Retail Trade and Services Division.
1300.131 Protest of denial of application.
1300.132 Treatment of application and petitions filed pursuant to other procedural regulations.
1300.133 Amendment of this regulation.
1300.134 Definitions.
1300.135 Effective date.
1300.136 Appendix A: Form OPA–2PR–1.

AUTHORITY: §§ 1300.121 to 1300.135, inclusive, issued under Pub. Law 421, 77th Cong.

§ 1300.121 *Right to apply for adjustment.* Any person selling at retail commodities or services subject to any provision of a maximum price regulation, or any person selling any services subject to Maximum Price Regulation No. 165 as amended,[1] (Services) who seeks adjustment of a maximum price under an adjustment provision of any maximum price regulation shall make such application pursuant to the provisions of this Procedural Regulation No. 2.

§ 1300.122 *Place of filing.* All applications for adjustment shall be filed with a Regional, State or District office of the Office of Price Administration without regard to whether such office is authorized to consider such application. If the office with which the application is filed is not so authorized, it shall forward such application to the authorized office, and shall notify the applicant by mail of such forwarding.

[1] 7 F.R. 4734, 5028, 6428.

§ 1300.123 *Authorized office.* The authorized office shall be the office of the Office of Price Administration which has been authorized to handle such an application for adjustment pursuant to a proper delegation of authority.

§ 1300.124 *Form of application.* Applications for adjustment shall be filed upon such forms as the Price Administrator shall from time to time prescribe. The number of copies required to be filed shall be stated on the face of the form. If no form is designated for applications for a particular type of adjustment the applicant shall submit a clear and concise statement of the facts which he feels entitles him to an adjustment under the provisions of the particular maximum price regulation, including the names and addresses of each establishment for which he seeks an adjustment and a statement of the specific adjustment or other relief which he seeks. Applications in cases for which no form has been designated shall be filed in duplicate.

§ 1300.125 *Applications must be verified.* An application for adjustment shall be signed by the applicant and shall contain a statement, signed and sworn to by the applicant, that the statements made in the application and attached thereto are true and correct to the best of his knowledge, information and belief. Unless otherwise prohibited by law, every employee of the Office of Price Administration who is authorized to administer oaths shall, without charge, administer the oath required by this section.

§ 1300.126 *Joint applications.* Two or more persons may file a joint application for adjustment where the basis or bases of the application are common to all persons joining in it. A joint application shall be filed and determined in accordance with the rules governing the filing and determination of applications filed by one person. A joint application shall be verified in accordance with § 1300.125 hereof by each applicant. Whenever the authorized office deems it to be necessary or appropriate for the determination of individual questions raised by joint applications, it may treat such joint applications as several, and, in any event, may require the filing of materials relevant to each person joining in it.

§ 1300.127 *Investigation of application.* Upon receipt of an application for adjustment, the authorized office or any office designated by the authorized office may make such investigation of the facts involved in the application, hold such conferences, and request the filing of such supplementary reports as may be necessary to the proper disposition of the application.

§ 1300.128 *Action by the authorized office on applications for adjustment.* Within a reasonable time after receiving an application, the authorized office shall by order either (a) grant or deny such application in whole or in part; (b) provide the applicant an opportunity to present further evidence; or (c) forward the official application file for advise either to the Regional Office for the region in which the authorized office is located, or if the authorized office is itself a Regional Office, to the Director of the Retail Trade and Services Division, Office of Price Administration, Washington, D. C. The decision of the authorized office granting or denying the application in whole or in part shall be accompanied by a statement of the reasons for such action. A copy of each order and opinion shall be forwarded to the applicant.

§ 1300.129 *Request for review.* Any applicant whose application for adjustment has been denied in whole or in part by a State or District Office may, within fifteen days after the date on which such order of denial was mailed to him, file with such office a request for review by the Regional Office of the order of denial. Any applicant whose application for adjustment has been denied in whole or in part by a Regional Office either on an original application or on a request for review may, within fifteen days after the date on which such order of denial was mailed to him, file with such Regional Office a request for review by the Director of the Retail Trade and Services Division of the order of denial. Requests for review shall be filed on form OPA–2PR–1, set out in Appendix A, incorporated as § 1300.136 of this Procedural Regulation No. 2. Such form may be obtained from any Regional, State or District Office or local War Price and Rationing Board or may be copied by the applicant from Appendix A.

§ 1300.130 *Action on review by Director of the Retail Trade and Services Division or by Regional Office.* After due consideration, the Director of the Retail Trade and Services Division or the Regional Office, as the case may be, shall by order grant or deny in whole or in part any application for adjustment which is properly before him on request for review of action by an authorized office. The order shall be accompanied by a statement of the reasons for his action. A copy of the order and opinion shall be forwarded to the applicant.

§ 1300.131 *Protest of denial of application.* Any applicant whose application for adjustment is denied in whole or in part by the Director of the Retail Trade and Services Division either on an original application or a request for review, may, within thirty days after the issuance of the director's order finally denying such application in whole or in part, file a protest against such order in accordance with the provisions of Procedural Regulation No. 1.[2]

§ 1300.132 *Treatment of application and petitions filed pursuant to other procedural regulations.* Every petition for amendment or petition for adjustment or exception filed by a seller at retail pursuant to Procedural Regulation No. 1,[3] and every application for adjustment filed pursuant to Temporary Procedural Regulation No. 2,[4] or Temporary Procedural Regulation No. 5,[5] may be treated as an application for adjustment filed pursuant to this Procedural Regulation No. 2 without redocketing and shall be disposed of in accordance with the form and substance of this Procedural Regulation No. 2 to the extent practicable. The fact that an application is filed pursuant to a specified provision of a maximum price regulation shall not prevent its consideration under any other provisions for relief, provided that the substantive facts set forth establish grounds for relief under any other provision.

§ 1300.133 *Amendment of this regulation.* Any provision of this Procedural Regulation No. 2 may be amended or rescinded by the Administrator at any time. Such amendment or rescission shall be published in the FEDERAL REGISTER and shall take effect from the date of its publication, unless otherwise specified.

§ 1300.134 *Definitions.* As used in this Procedural Regulation No. 2 the terms:

(a) "Person" includes an individual, corporation, partnership, association, or any other organized group of persons, or legal successor or representative of any of the foregoing, and includes the United States or any agency thereof, or any other government, or any of its political subdivisions or any agency of any of the foregoing.

(b) "Price regulation" means a price schedule effective in accordance with the provisions of section 206 of the Emergency Price Control Act of 1942, a maximum price regulation or temporary maximum price regulation issued by the Office of Price Administration, or any amendment or supplement thereto or order issued thereunder.

(c) "FEDERAL REGISTER" means the publication provided for by the Act of July 26, 1935 (49 Stat. 500), as amended.

§ 1300.135 *Effective date.* This Procedural Regulation No. 2 shall become effective September 1, 1942.

Issued this 1st day of September 1942.

LEON HENDERSON,
Administrator.

PART 1360—MOTOR VEHICLES AND MOTOR VEHICLE EQUIPMENT

[Amendment 15 to Rationing Order 2A [1]]

NEW PASSENGER AUTOMOBILE RATIONING REGULATIONS

In § 1360.310 a new paragraph (k) is added; § 1360.335 (a), and paragraph (d) of § 1360.362 are amended to read as set forth below; new paragraph (d) is added to § 1360.361; and in § 1360.371 the text preceding paragraph (a) is amended to read as set forth below, and a new paragraph (c) is added:

Definitions

§ 1360.310 *Definitions.* • • •

(k) "Family" means a grandparent, parent, brother, sister, spouse, child, or grandchild, whether or not residing in the same household with applicant; or any other person related by blood, marriage, or legal adoption, if regularly residing in the same household with applicant.

• • • • • •

Restriction of Transfers

§ 1360.335 *Sale or transfer of new passenger automobiles by certain persons serving in the armed forces.* (a) Notwithstanding any other provision of Rationing Order No. 2 or 2A, as amended, any person who is serving with, or who has taken his oath of service for, any branch of the armed forces of the United States, or any person who is a member of any branch of the armed forces of the United States and who has been called for duty, may, upon compliance with the provisions of paragraphs (b) and (c) of this section, sell or transfer to any person any new passenger automobile owned by him for personal use: *Provided*, That, if the person desiring to transfer the automobile acquired it after August 17, 1942 while on duty with the armed forces of the United States the transfer permitted in paragraph (a) of this section may be made only to a member of that person's family.

Transfers Without Certificates

§ 1360.361 *Persons eligible to acquire for use.* • • •

(d) Persons, other than trustees or receivers, acquiring all or substantially all of the assets of a business or institution when one or more new passenger automobiles constitute part of such assets, and when such new passenger automobiles are registered in the name of the transferor, or in the name of such business or institution, and have been used principally in connection with the operation of such business or institution, and will continue to be used in the same manner by the transferee.

§ 1360.362 *Persons eligible to acquire only for purposes of transfer.* • • •

(d) Persons duly authorized by law to engage in the insurance business by exercise of the right of subrogation or in consequence of the payment of a claim: *Provided, however*, That a transfer pursuant to this subsection may be rescinded by the insurer and the insured and the automobile may be redelivered to the insured if, after the loss of such automobile, the latter has not acquired, or has not been authorized to acquire, a new passenger automobile.

§ 1360.371 *Proof of need.* Subject to the quota provisions of these regulations, an applicant described in § 1360.372 may obtain a certificate if he needs an automobile for the efficient performance of services specified in § 1360.372 and if he does not already have the use of an automobile or has not since January 1, 1942 transferred an automobile which is adequate for this purpose.

• • • • • •

(c) An applicant who on or since January 1, 1942 owned an automobile which he has since transferred, must establish that the automobile was inadequate for his purposes, as described in paragraph (b) of this section unless other circumstances justified its transfer.

Effective Dates

§ 1360.442. *Effective dates of amendments.* • • •

(o) Amendment No. 15 (§§ 1360.310, 1360.335, 1360.361, 1360.362, 1360.371) to Rationing Order No. 2A shall become effective September 3, 1942.

[Amendment 18 to Supplementary Regulation 14 [2] of the General Maximum Price Regulation [2]]

TRANSPORTATION OF PROPERTY IN TANK TRUCKS BY CERTAIN CARRIERS

The statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.*

A new subparagraph (18) is added to paragraph (a) of § 1499.73 as set forth below:

§ 1499.73 *Modification of maximum prices established by § 1499.2 of General Maximum Price Regulation for certain commodities, services and transactions.* (a) The maximum prices established by § 1499.2 of the General Maximum Price Regulation for the commodities, services and transactions listed below are modified as hereinafter provided:

• • • • • •

(18) *Transportation of property in tank trucks by carriers other than common carriers within the exemption conferred by section 302 (c) of the Emergency Price Control Act of 1942.* (i) The maximum price for transportation of property in tank trucks by any carrier other than a common carrier shall be either (*a*) the maximum price established for such service by § 1499.2 of the General Maximum Price Regulation or (*b*) a price agreed upon between the carrier and the shipper involved and reported to the Office of Price Administration by such carrier within ten (10) days of the agreement or the effective date of this amendment, whichever is later.

(ii) Maximum prices established pursuant to subdivision (i) (*b*) above shall be subject to adjustment by the Office of Price Administration at any time: *Provided*, That a maximum price so adjusted by the Office of Price Administration shall thereafter be subject to increase by the carrier only after specific authorization by the Office of Price Administration.

(iii) The report required in subdivision (i) (*b*) shall be mailed to the Office of Price Administration, Transportation Division, Washington, D. C. Such report shall be headed "Rate Report pursuant to Amendment No. 18 to Supplementary Regulation No. 14", shall be in duplicate, shall be signed under oath or affirmation, and shall contain the following information:

(*a*) Name and address of carrier, indicating whether an individual, partnership, or corporation.

(*b*) If a corporation, state and date of incorporation.

(*c*) Brief description of business indicating operating authority and permit numbers.

(*d*) Names and addresses of customers to be served.

(*e*) Commodity carried, points of origin and destination and distances over actual route of movement, and maximum price agreed upon.

(*f*) The price to which the carrier would have been limited under the General Maximum Price Regulation, except for subdivision (i).

(*g*) Description of any special service involved, such as split pick-ups and deliveries.

(*h*) Probable volume of movement under each price.

(*i*) Probable frequency of movement under each price.

*Copies may be obtained from the Office of Price Administration.

PART 1365—HOUSEHOLD FURNITURE

[Maximum Price Regulation 213]

COIL AND FLAT BEDSPRINGS WITH NON-STEEL FRAMES

The purpose of this Maximum Price Regulation No. 213 is to set specific maximum prices for coil and flat bedsprings with non-steel frames at all levels. The Price Administrator has ascertained and given due consideration to the prices and the trade practices prevailing in the industry between October 1 and October 15, 1941, and has made adjustments for such relevant factors as he has determined and deemed to be of general applicability. So far as practicable, the Price Administrator has advised and consulted with representative members of the industry which will be affected by this regulation.

In the judgment of the Price Administrator, the maximum prices established by this Regulation are and will be generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942. A statement of the considerations involved in the issuance of this Regulation has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Therefore, under authority vested in the Price Administrator by the Emergency Price Control Act of 1942 and in accordance with Procedural Regulation No. 1,[1] issued by the Office of Price Administration, Maximum Price Regulation No. 213 is hereby issued.

AUTHORITY: §§ 1365.51 to 1365.75, inclusive, issued under Pub. Law 421, 77th Cong.

§ 1365.51 *Prohibition against dealing in coil or flat bedsprings with non-steel frames above maximum prices.* On and after September 7, 1942, regardless of any contract or any other obligations, no person shall sell or deliver any coil or flat bedspring with a non-steel frame and no person in the course of trade or business shall buy or receive any such bedspring at prices higher than the maximum prices set forth in this Maximum Price Regulation No. 213, and no person shall agree, offer, solicit, or attempt to do any of the foregoing. The provisions of this Section shall not be applicable to sales or deliveries of such a bedspring to purchasers, if prior to September 7, 1942, such a bedspring has been received by a carrier, other than a carrier owned or controlled by the seller for shipment to such purchaser.

§ 1365.52 *Less than maximum prices.* Lower prices than those set forth in this Maximum Price Regulation No. 213 may be charged, demanded, paid or offered.

§ 1365.53 *F. O. B. factory maximum prices for the sale of coil bedsprings with wood frames by manufacturers.* (a) The F. O. B. factory, L. C. L. maximum price for the sale by a manufacturer of a coil bedspring with a wood frame shall be the price listed in this paragraph below:

Class	Description	Maximum price f.o.b. factory, l.c.l.[1]
A	Single deck coil, crimp wire tie, bedspring with wood frame	$5.45
B	Single deck coil, helical tie, bedspring with wood frame	6.00
C	Semidouble deck coil, helical tie, bedspring with wood frame	7.00
D	Double deck coil, bedspring with wood frame	7.30

[1] F. O. B. factory L. C. L. maximum prices in the Far West Zone shall be determined by adding $.30 per bedspring to Class A and B coil bedsprings and $.40 per bedspring to Class C and D coil bedsprings.

(b) To determine the F. O. B. factory carload maximum price of the class of coil bedspring with a wood frame listed in paragraph (a) hereof,

(1) A manufacturer who in March 1942 quoted both on an F. O. B. factory L. C. L. and an F. O. B. factory carload basis, shall deduct from the maximum price of such bedspring set forth in paragraph (a) hereof, an amount equal to the difference between the manufacturer's F. O. B. factory L. C. L. and F. O. B. factory carload prices in effect during March 1942 for a bedspring in the nearest price bracket under the same conditions of sale.

(2) A manufacturer who in March 1942 did not quote on an F. O. B. factory L. C. L. basis, but did quote on an F. O. B. factory carload basis shall file an application in writing with the Office of Price Administration, Washington, D. C., for instructions and authorization to determine such a carload price.

(c) An F. O. B. factory maximum price established by paragraphs (a), or (b) hereof shall be subject to trade discounts, allowances, and differentials which reflect the same differentials the manufacturer made during March 1942 from his F. O. B. factory price (L. C. L. or carload respectively) of the most comparable bedspring with a steel frame for different types of purchasers or for purchases of different quantities of bedsprings.

§ 1365.54 *Delivered and warehouse maximum prices for manufacturers and jobbers.* (a) If a manufacturer customarily made free delivery of a bedspring to certain delivery points during March 1942 at a F. O. B. factory price, then such F. O. B. factory price established by this Maximum Price Regulation No. 213 for the most comparable bedspring with a wood frame shall include free delivery to the same delivery points.

(b) To determine a delivered or warehouse maximum price of a class of coil bedspring with a wood frame which is listed in § 1365.43 of this Maximum Price Regulation No. 213, a manufacturer or person selling at wholesale shall add,

(1) To the F. O. B. factory L. C. L. maximum price established in paragraph (a) of § 1365.53 of this Maximum Price Regulation No. 213, the dollar amount by which such seller's delivered or warehouse price exceeded the manufacturer's F. O. B. factory L. C. L. price for the most comparable bedspring with a steel frame during March 1942 under the same conditions of sales; or

(2) To the F. O. B. factory carload maximum price determined in accordance with § 1365.53 (b) of this Maximum Price Regulation No. 213, the dollar amount by which the seller's delivered or warehouse price exceeded the manufacturer's F. O. B. factory carload price for the most comparable bedspring with a steel frame during March 1942 under the same conditions of sale.

§ 1365.55 *Manufacturers' and jobbers' terms.* (a) No manufacturer or person selling at wholesale a class of coil bedspring with a wood frame listed in § 1365.53 (a) hereof may reduce his cash discounts below those which he had in effect during March 1942 for a bedspring in the most comparable price bracket.

§ 1365.56 *Additions to maximum prices.* There may be added to the maximum prices of the classes of coil bedsprings with wood frames determined by §§ 1365.53 and 1365.54 of this Maximum Price Regulation No. 213, $1.05 for a full platform top, $.60 for a partial platform top and $.15 per pair for stabilizers.

§ 1365.57 *Specifications of classes of coil bedsprings with wood frames.* (a) Class "A," single deck coil, crimp wire tie, bedspring with wood frame means a bedspring manufactured in accordance with the following specifications:

Gauge and Kind of Coil Wire—Minimum: #12 high carbon steel spring wire.

Top Assembly—Cross Helical.

Gauge and Kind of Helical Wire—Minimum: #17 high carbon steel spring wire.

Gauge and Kind of Border Wire—Minimum: #0 low carbon wire.

Center Wire Tie—Round wire through all semi-double deck coils.

Frame—To be adequately braced and composed of the following members:

Side Rails—13/16" x 1¾" Maple, Oak, Ash or wood of equivalent strength and serviceability.

Cross Members—10 for 90 coil bedspring and 11 for 88 coil bedspring; 13/16" x 1¼" Maple, Oak, Ash, or wood of equivalent strength and serviceability assembled with side rails by mortise and tenon or by notched and lap joint connection.

Frame Finish—Raked enamel with sealer undercoat; or a finish of equivalent quality.

Weight of Wire (not including hardware and accessories)—Minimum: 27 lbs.

(d) Class "D", double deck coil bedspring with wood frame means a bedspring manufactured in accordance with the following specifications:

Number and Type of Coils—88 or 90, close wound center double deck coils (excepting border coils).

Gauge and Kind of Coil Wire—Minimum: #12 high carbon steel spring wire.

Top Assembly—Cross helical.

Gauge & Kind of Helical Wire—#17 high carbon steel spring wire.

Gauge & Kind of Border Wire—#0 low carbon steel wire.

Center Wire Tie—Round or flat wire running two ways through all double deck coils.

Frame—To be adequately braced and composed of the following members:

Side Rails—[illegible]" x 1¾" Maple, Oak, Ash or wood of equivalent strength and serviceability.

Cross Members—10 for 90 coil bedspring and 11 for 88 coil bedspring; [illegible]" x 1¼" Maple, Oak, Ash or wood of equivalent strength and serviceability assembled with side rails by mortise and tenon or by notched and lap joint connection.

Frame Finish—Baked enamel with sealer undercoat; or a finish of equivalent quality.

Weight of Wire (not including hardware and accessories)—Minimum: 29 lbs.

(e) "Full platform top" means the steel bands on top of a coil spring of the following minimum specifications: Platform top to cover the entire coil area (excepting border coils) and to consist of the following number of ⅝" x .020" steel bands:

	Cross bands	*Length bands*
80 Coil Bedspring	8	6
81 Coil Bedspring	7	7
88 Coil Bedspring	9	6
90 Coil Bedspring	8	7

(f) "Partial platform top" means the steel bands on top of a coil spring of the following minimum specifications: Platform top to extend full length of coil surface (excepting border coils) and to consist of the following number of ⅝" x .020" steel bands:

	Length bands
80 Coil Bedspring	6
81 Coil Bedspring	7
88 Coil Bedspring	6
90 Coil Bedspring	7

or platform top to extend full width of coil surface (excepting border coils) and to consist of the following number of ⅝" x .020" steel bands:

	Cross bands
80 Coil Bedspring	8
81 Coil Bedspring	7
88 Coil Bedspring	9
90 Coil Bedspring	8

or Platform top to cover one third of the coil area of the spring and to consist of the following number of ⅝" x .020" steel bands:

	Cross bands	*Short length bands*
80 Coil Bedspring	4	6
81 Coil Bedspring	3	7
88 Coil Bedspring	5	6
90 Coil Bedspring	4	7

(g) The specifications set forth in paragraphs (a), (b), (c), (d), (e) and (f) hereof are for the full size 4'-6" bedspring. Other widths are to conform to above specifications except for the number of coils, weight of wire, and number of steel bands in a platform top which may vary in the same proportion as such specifications of the manufacturer's most comparable bedspring with a steel frame of any other width customarily varied from the specifications of the 4'-6" size during the most recent period of production provided such specifications conform to orders of the War Production Board.

(h) "Stabilizer" means a device fastened to and connecting the border frame to the base frame in a manner adequately to prevent sway.

(i) "Hardware and accessories" means any metal appurtenance attached to or used in the assembly of the bedspring, such as nails, screws, platform tops, stabilizers, etc., but does not include wire which is part of the bedspring proper.

§ 1365.58 *Permitted variations of specifications.* (a) Wood frames differing in specifications from those set forth in paragraphs (a), (b), (c) and (d) of § 1365.57 of this Maximum Price Regulation No. 213 may be substituted for those listed in such paragraphs: *Provided*, That they are equal in strength and serviceability and are specifically approved in writing by the Office of Price Administration prior to first offering the bedspring for sale.

(b) If a manufacturer is able to manufacture a bedspring fulfilling all of the specifications of a Class A, B, C, or D bedspring, as set out in § 1365.57 of this Maximum Price Regulation No. 213, except for the gauge of wire, then in case the prescribed wire is unavailable, the manufacturer may manufacture such bedspring with a different gauge of wire as long as the prescribed wire is unavailable: *Provided*, That the substitute wire does not cost less, does not lessen the serviceability of such bedspring and the following requirements of this paragraph have been fulfilled. Immediately upon the substitution of such wire, the manufacturer shall file, with the Office of Price Administration, Washington, D. C., a statement setting forth (1) the specifications of the bedspring in which the substitution is necessary, (2) the reasons for the necessity of such substitution, (3) the gauge and amount of wire substituted, (4) explanation of why such substitution does not decrease the serviceability of such bedspring, and (5) the approximate number of bedsprings proposed to be made with such substitute wire. After such statement has been mailed to the Office of Price Administration, the manufacturer may sell the number of such bedspring set forth in said statement, subject to price adjustment which may be ordered by the Office of Price Administration at any time. If the manufacturer finds that he will exceed the number indicated, he shall file a supplementary statement setting forth the additional number to be so manufactured, and may sell such additional number subject to price adjustment which may be ordered by the Office of Price Administration.

§ 1365.59 *Maximum prices for sales at retail.* (a) The maximum cash prices for a sale at retail of the following classes of coil bedsprings with wood frames shall be the prices listed in the paragraph below:

Class and description:	*Maximum cash[a] price at retail*
A. Single deck coil, crimp wire tie, bedspring with wood frame	$9.50
B. Single deck coil, helical tie, bedspring with wood frame	10.50
C. Semi-double deck coil, helical tie, bedspring with wood frame	12.50
D. Double deck coil, bedspring with wood frame	13.00

(b) Carrying charges and credit terms for sales at retail of the classes of coil bedsprings listed in paragraph (a) hereof shall be no less favorable to the purchaser than those which such seller had in effect during March 1942 for the most comparable bedsprings to the extent that such terms are not in conflict with any law, regulation or order of the United States Government or agency thereof.

§ 1365.60 *Additions to basic maximum retail prices.* There may be added to the basic maximum cash prices of the classes of coil bedsprings with wood frames set forth in paragraph (a) of § 1365.59 of this Maximum Price Regulation No. 213, $1.75 for a full platform top, $1.00 for a partial platform top and $.25 per pair for stabilizers.

§ 1365.61 *Maximum prices for the sale of coil and flat bedsprings with non-steel frames other than those established in §§ 1365.53 and 1365.54.* (a) The maximum price for a coil or flat bedspring with a non-steel frame other than one manufactured in accordance with the specifications set forth in § 1365.57 or which cannot be priced under §§ 1365.53 and 1365.54 of this Maximum Price Regulation No. 213 shall be a price in line with those established by this Maximum Price Regulation No. 213, specifically authorized by the Office of Price Administration.

[a] There may be added for sales at retail in the Far West Zone a maximum of $.50 to Class A and B bedsprings and $.70 to Class C and D bedsprings.

(b) Prior to first offering such bedspring for sale, the manufacturer shall submit to the Office of Price Administration, Washington, D. C., a report applying for specific authorization of the maximum price. The report shall contain a description in detail of the article (including the manufacturing process), a statement of the facts which make it necessary to price the article under this Section and the proposed maximum F. O. B. factory, delivered and warehouse prices with a detailed explanation of their computation. The manufacturer shall also propose maximum prices for persons selling at wholesale and persons selling at retail in line with the differentials established in this Maximum Price Regulation No. 213 for the classes of coil bedspring with wood frames listed in § 1365.53 (a) hereof. On the basis of this application, the Office of Price Administration may authorize by order maximum prices for sales by the manufacturer, for sales at wholesale, and sales at retail of such bedspring. After receipt of the authorization, the manufacturer may sell the bedspring if, by a communication in writing at the time of, or prior to his first invoice to a person purchasing for the purpose of resale, he informs each purchaser of the provisions of the authorization which establishes the maximum prices of such bedspring, and if such manufacturer complies with the requirements of § 1365.62 of this Maximum Price Regulation No. 213.

§ 1365.62. *Retail price label.* Before the delivery of any coil or flat bedspring with a non-steel frame, the manufacturer must attach securely to such bedspring so that it is clearly visible a durable tag containing in easily readable lettering the statement in the following form:

The Office of Price Administration has established a Retail Ceiling Price of $_____ for this bedspring. Lower prices may be charged. This tag may not be removed until after delivery to the consumer.

§ 1365.63 *Evasion.* The provisions of this Maximum Price Regulation No. 213 shall not be evaded either by direct or indirect methods in connection with the manufacturing or sale of a coil or flat bedspring with a non-steel frame or in connection with an offer, solicitation, agreement, or sale of any such bedspring, or in conjunction with any other commodity or by way of commission, service, transportation, or other charge or discount, premium, or other privilege, or by tying agreement, or trade understanding, or by any other means.

§ 1365.64 *Records.* (a) Every manufacturer and person selling at wholesale a coil or flat bedspring with a non-steel frame after September 7, 1942, shall keep for inspection by the Office of Price Administration for a period of not less than two years complete and accurate records of each sale of such bedspring, name and address of the buyer, name, number or other designation, and the price received for each such bedspring, quantity sold, and discounts and allowances of any nature given.

(b) Every person selling at retail a bedspring for which, upon sale by that person, maximum prices are established by this Maximum Price Regulation No. 213 shall keep, and make available for examination by the Office of Price Administration, records of the same kind as he has customarily kept, relating to the prices which he charged for such bedsprings as he sold after the effective date of this Maximum Price Regulation No. 213.

§ 1365.65 *Reports.* On or before September 7, 1942, every manufacturer and person selling at wholesale offering to sell a coil or flat bedspring with a non-steel frame shall file with the Office of Price Administration in Washington, D. C., a statement giving specifications and the F. O. B. factory and delivered maximum price of such article, showing all allowances, discounts, charges and other differentials in effect at the time of filing of such statement. Such statement shall be kept up to date by such person filing on the 10th day of any month thereafter, a similar statement of any additional coil or flat bedspring with a non-steel frame which was first manufactured and offered for sale during the preceding calendar month.

§ 1365.66 *Sales slips and receipts.* (a) Any seller of bedsprings who has customarily given a purchaser a flat or coil bedsprings with steel frames a sales slip, receipt, or similar evidence of purchase shall continue to do so to purchasers of flat or coil bedsprings with non-steel frames. Upon request from a purchaser any seller of a flat or coil bedspring with a non-steel frame, regardless of previous custom, shall give the purchaser a receipt showing the date, the name and address of the seller, the name of such bedspring sold, and the price received for it.

§ 1365.67 *Penalties.* Persons violating any provisions of this Regulation are subject to the criminal penalties, civil enforcement actions, and suits for treble damages provided by the Emergency Price Control Act of 1942, and proceedings for the suspension of licenses.

§ 1365.68 *Application for adjustment.* (a) The Office of Price Administration may by order adjust the maximum price established under this Maximum Price Regulation No. 213 for any seller who shows: (1) that due to the circumstances of his case the maximum prices established by this Maximum Price Regulation No. 213 cause a substantial hardship to him and (2) that the granting of relief in his case and in all like cases will not defeat or impair the policy of the Emergency Price Control Act of 1942 and of this Maximum Price Regulation No. 213 to eliminate danger of inflation.

(b) Applications for adjustment under this section shall be filed in accordance with the provisions of the appropriate Procedural Regulation No. 1[4] or No. 2.[5]

§ 1365.69 *Petitions for amendment.* Any person seeking a modification of any provision of this Maximum Price Regulation No. 213 may file a petition for amendment in accordance with provisions of the appropriate Procedural Regulation No. 1 or No. 2, issued by the Office of Price Administration.

§ 1365.70 *Licensing—applicability of the registration and licensing provisions of the General Maximum Price Regulation.* The registration and licensing provisions of §§ 1499.15 and 1499.16 of the General Maximum Price Regulation are applicable to every person subject to this Maximum Price Regulation No. 213 selling at wholesale or retail any bedspring covered by this Maximum Price Regulation No. 213. When used in this Section, the terms "selling at wholesale", "selling at retail" and "seller" have the definitions given to them by §§ 1499.20 (p), 1499.20 (o) and 1499.20 (s) respectively of the General Maximum Price Regulation.

§ 1365.71 *Definitions.* (a) When used in this Maximum Price Regulation No. 213 the term:

(1) "Manufacturing" means the process of fabricating, or assembling a coil or flat bedspring with a non-steel frame.

(2) "Manufacturer" means a person operating a business which fabricates or assembles a flat or coil bedspring with a non-steel frame.

(3) "Person" includes an individual, corporation, partnership, association, any other organized group of persons, legal successor or representative of any of the foregoing, and includes the United States, any agency thereof, any other government, or any of its political sub-divisions, and any agency of any of the foregoing.

(4) "Records" includes books of accounts, sales lists, sales slips, orders, vouchers, contracts, receipts, invoices, bills of lading, and other papers and documents.

(5) "Sale at retail" or "selling at retail" means a sale or selling to an ultimate consumer.

(6) "Sale at wholesale" or "selling at wholesale" means a sale by a person who receives delivery of a coil or flat bedspring with a non-steel frame and resells it, without substantially changing its form, to any person other than the ultimate consumer.

(7) "Far West Zone" means the states of Arizona, California, Colorado, Idaho, Montana, Nevada, New Mexico, Oregon, Utah, Washington, Wyoming, and the following counties in Texas: El Paso, Hudspeth, Culberson, Jefferson, Davis, Presidio, Brewster, Terrell, Pecos, Reeves.

(8) "F. O. B. factory L. C. L." means the manufacturer's list or other regularly quoted price for a bedspring sold in less than carload lots for delivery

[4] 7 F.R. 663, 9713.

[5] 7 F.R. 3522, 3664.

F. O. B. his factory or local area surrounding his factory.

(9) "F. O. B. factory carload" means the manufacturer's list or other regularly quoted price for a bedspring sold in carload lots for delivery F. O. B. his factory or local area surrounding his factory.

(10) Coil or flat bedspring with nonsteel frame as used in this order means an unupholstered bedspring in which materials other than steel are used in the supporting frame.

(11) "Most comparable bedspring" is a bedspring, the specifications of which, except for the supporting frame, are most nearly the same as those set forth in § 1365.57 hereof for the bedspring being compared.

§ 1365.72 *Applicability of General Maximum Price Regulation.* The provisions of this Maximum Price Regulation No. 213 supersede the provisions of the General Maximum Price Regulation with respect to sales and deliveries for which maximum prices are established by this regulation.

§ 1365.73 *Export sales.* The maximum price at which a person may export flat or coil bedsprings with wood frames shall be determined in accordance with the provisions of the Maximum Export Price Regulation [2] issued by the Office of Price Administration.

§ 1365.74 *Geographical applicability.* The provisions of this Maximum Price Regulation No. 213 shall be applicable to the forty-eight states and the District of Columbia.

§ 1365.75 *Effective date.* This Maximum Price Regulation No. 213 (§§ 1365.51 to 1365.75, inclusive) shall become effective September 7, 1942.

Issued this 2d day of September 1942.

PART 1389—APPAREL

[Amendment 2 to Maximum Price Regulation 177 [1]]

MEN'S AND BOYS' TAILORED CLOTHING

A statement of the considerations involved in the issuance of this amendment is issued simultaneously herewith and has been filed with the Division of the Federal Register.*

The text of § 1389.104 (a) (2) is redesignated § 1389.104 (a) (3). Sections 1389.102 (b); 1389.103 (a) (3) (i) and (b) (3) (i); 1389.104 (a) (1), (a) (2) and (b) (1); 1389.115 (b); 1389.116 (c); 1389.119 (a) (9) are amended as set forth below:

§ 1389.102 *Categories of men's and boys' tailored clothing.* • • •

(b) *Same and similar garments.* (1) One garment shall be considered similar to another garment if the first is in the same classification as the second, has the same use, is made with equivalent workmanship, and contains materials and trimmings which are of the same type and quality, and would ordinarily sell at substantially the same price; differences merely in color or design shall be disregarded.

(2) A garment which is the same as, or similar to, a garment dealt in during the applicable base period, except for simplification in compliance with War Production Board Conservation Order No. M-73-A of March 2, 1942 (§ 1055.2), shall be considered the same as, or similar to such base period garment, except that a one-pant suit shall be considered the same as, or similar to, a two-pant suit.

§ 1389.103 *Maximum prices for sales at retail of ready-made garments.* (a) • • •

(3) • • •

(i) Selecting from the same classification and nearest price range that garment, priced under paragraph (a) (1) of this section, of which the seller delivered the largest number of units during March 1942; • • •

(b) • • •

(3) • • •

(i) Selecting from the same classification and nearest price range that garment, priced under paragraph (b) (1) of this section of which the seller delivered the largest number of units during September, October, and November 1941; • • •

§ 1389.104 *Maximum prices for sales of ready-made garments otherwise than at retail.* (a) • • •

(1) In those cases in which the same or similar garments were booked during July, August, September, October or November 1941, and in which subparagraph (2) does not apply:

The price at which the largest number of units of the same and similar garments were booked during such months, plus the amount indicated in Appendix A (§ 1389.121);

(2) In those cases in which the same or similar garments were booked during July, August, September, October or November 1941, and in which more than 60 percent of the garments so booked were delivered before December 1, 1941.

The price at which the largest number of units of the same and similar garments so booked were delivered during such months, plus nine percent of that portion of such price which does not exceed thirty dollars in the case of suits, twenty dollars in the case of separate coats and ten dollars in the case of separate pants and vests, and by five percent of that portion of such price which exceeds such limits. To this figure shall be added the amount indicated in Appendix A (§ 1389.121); • • •

(b) • • •

(1) In those cases in which the seller delivered the same or similar garments during July, August, September, October, and November 1941:

The price at which the seller during such months delivered the largest number of units of the same and similar garments, plus the amount indicated in Appendix B (§ 1389.122);

• • • • •

§ 1389.115 *Records of sellers of ready-made garments otherwise than at retail, and of all manufacturers.* • • •

(b) *Statements to be filed.* (1) On or before October 10, 1942, every person who sells men's and boys' ready-made tailored clothing otherwise than at retail, and every person who retails men's and boys' ready-made tailored clothing of which he is the manufacturer, shall file a statement with the Office of Price Administration, Washington, D. C., on a form to be prescribed. The statement shall contain such information relating to garments sold during the applicable base period, and to garments sold on and after July 11, 1942, as the form requires.

(2) On or before the tenth day of the month of November 1942, and of each succeeding month, every person who sells men's and boys' ready-made tailored clothing shall file a supplemental statement. This statement shall be subject to the same requirements as the original statement, but shall relate only to garments sold, delivered or offered for sale during the preceding calendar month, and not previously reported. When there is nothing new to report, no supplemental statement need be filed.

(3) The requirements of subparagraphs (1) and (2) are subject to the following exceptions:

(i) No statement need be filed by any person whose total sales of all men's and boys' tailored clothing during the year ended June 30, 1942, did not exceed one hundred thousand dollars.

(ii) No statement need be filed with respect to ceremonial and religious vestments other than suits, coats, pants and vests.

§ 1389.116 *Records of sellers of "tailored to the trade" and "made to measure" garments.* • • •

(c) *Statements to be filed by manufacturers.* (1) On or before October 10, 1942, every manufacturer of men's and boys' "tailored to the trade" and "made to measure" clothing shall file a statement with the Office of Price Administration, Washington, D. C., on a form to be prescribed. The statement shall contain such information relating to garments sold during the applicable base period, and to garments sold on and after July 11, 1942, as the form requires.

(2) On or before the 10th day of November 1942, and of each succeeding month, every manufacturer of men's and boys' "tailored to the trade" and "made to measure" clothing shall file a supplemental statement. This statement shall be subject to the same requirements as the original statement, but shall relate only to garments sold, delivered or offered for sale during the preceding calendar month, and not previously reported. When there is nothing new to report, no supplemental statement need be filed.

(3) The requirements of subparagraphs (1) and (2) are subject to the following exceptions:

(i) No statement need be filed by any person whose total sales of all men's and boys' tailored clothing during the year ended June 30, 1942, did not exceed one hundred thousand dollars.

(ii) No statement need be filed with respect to ceremonial and religious vestments other than suits, coats, pants and vests.

§ 1389.119 *Definitions.* (a) • • •

(9) A "price" at which any person booked, delivered or offered any garments during any base period shall be the net price at which such garment was booked, delivered or offered to purchasers of the same class; but if a garment was not booked or delivered to any purchaser of a particular class, the price at which it was actually booked or delivered to purchasers of another class, adjusted to reflect the seller's customary differentials between the two classes of purchasers, shall be taken as the price at at which it was booked or delivered to purchasers of such particular class.

• • • • •

§ 1389.120a *Effective dates of corrections and amendments.* • • •

(c) Amendment No. 2 (§§ 1389.102 (b); 1389.103 (a) (3) (i) and (b) (3) (i); 1389.104 (a) (1), (a) (2), (a) (3) and (b) (1); 1389.115 (b); 1389.116 (c); 1389.119 (a) (9)) to Maximum Price Regulation No. 177 shall become effective September 8, 1942.

(Pub. Law 421, 77th Cong.)

Issued this 2d day of September 1942.

WOOLEN AND WORSTED CIVILIAN APPAREL FABRICS

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Paragraphs (a), (c) and (d) and subparagraph (1) of paragraph (f) of §1410.102 and subparagraphs (3) and (5) of paragraph (a) of § 1410.115 are amended, paragraphs (h) and (i) and subparagraph (3) of paragraph (f) of § 1410.102, subparagraphs (11) and (12) of paragraph (a) of §§ 1410.115 and 1410.119 are added, and read as set forth below. Subparagraphs (4) and (6) of paragraph (a) of § 1410.115 are hereby revoked.

§ 1410.102 *Maximum prices for woolen and worsted apparel fabrics sold by the manufacturer—*(a) *Fabrics sold by the manufacturer during the applicable base period.* (1) Except as provided in paragraph (b) of this § 1410.102, the maximum price for a woolen or worsted apparel fabric which was sold by the manufacturer during the applicable base period shall be the manufacturer's standard opening price for such fabric in such period plus the applicable percentage of such standard opening price set forth below:

(i) *Classification No. 1.* The applicable base period for all stock-dyed woolen or worsted apparel fabrics sold for the spring season only or for both the spring and fall seasons, shall be the selling period for the spring season of 1942, and the applicable percentage shall be 12½%.

(ii) *Classification No. 2.* The applicable base period for all piece-dyed woolen or worsted apparel fabrics sold for the spring season only or for both the spring and fall seasons, shall be the selling period for the spring season of 1942, and the applicable percentage shall be 10%.

(iii) *Classification No. 3.* The applicable base pericd for all stock-dyed woolen or worsted apparel fabrics sold only for the fall season shall be the selling period for the fall season of 1941, and the applicable percentage shall be 22½%.

(iv) *Classification No. 4.* The applicable base period for all piece-dyed woolen or worsted apparel fabrics, other than the types enumerated in subparagraph (v) of this paragraph, sold only for the fall season shall be the selling period for the fall season of 1941, and the applicable percentage shall be 20%.

(v) *Classification No. 5.* The applicable base period for manipulated piece-dyed ski or snow cloth (all wool, cotton warp or cotton filling) and piece-dyed cotton warp or cotton filling meltons shall be the selling period for the fall season of 1941 and the applicable percentage shall be 30%: *Provided,* That in no

[1] 7 F.R. 4513, 4733, 4734, 5827, 5872.

case shall the maximum price for such fabrics exceed $1.50 per yard.

(2) For the purposes of this paragraph (a), the "standard opening price" for a fabric shall be determined as follows: The gross selling prices at which sales of the fabric were made during the applicable base period shall be converted to "standard prices" by deducting from the gross selling prices the amount of all term discounts in excess of 1% offered by the manufacturer. The "standard opening price" shall be the "standard price," determined in accordance with the preceding sentence, at which the largest quantity of the fabric was sold by the manufacturer during the applicable base period.

* * * * *

(c) *Comparable fabrics.* (1) Except as provided in paragraph (i) of this § 1410.102, the maximum price for a woolen or worsted apparel fabric comparable to a fabric sold by the manufacturer during the applicable base period shall be the maximum price for such fabric determined in accordance with paragraph (a) of this § 1410.102, increased or decreased by the difference in the cost of raw materials used therein: *Provided*, That raw material costs for both the comparable fabric and the fabric to which it is compared shall be calculated at the highest cost which the manufacturer would have incurred for such raw material if purchased from his customary source of supply for delivery during March 1942.

(2) One fabric shall be deemed "comparable" to another fabric if the first has the same weave as the second, contains substantially the same total number of ends and picks per finished inch, substantially the same yarn sizes, weight per yard, width and finish, and belongs to the same classification,[2] but is manufactured from different blends of raw material: *Provided*, That one fabric shall not be deemed "comparable" to another fabric if the first differs from the second in respect to any one or more of the following elements of construction in excess of the amount of variance allowed:

Elements of construction:	*Amount of variance allowed, percent*
The sum of ends and picks per finished inch	10
Weight per finished yard	10
Yarn sizes	10
Finished width	4

(d) *New woolen or worsted apparel fabrics.* (1) The maximum price for a woolen or worsted apparel fabric for which a maximum price cannot be determined pursuant to paragraph (a), (b), (c) or (i) of this § 1410.102, shall be computed by multiplying the sum of (i) the cost of the raw materials used in the fabric and (ii) the manufacturing cost thereof, by the 1941 ratio of the manufacturer's weighted average selling price to his weighted average manufacturing cost of all woolen and worsted apparel fabrics.

(2) For the purposes of this paragraph (d):

(i) The cost of raw materials and the manufacturing cost shall not exceed such costs, determined in accordance with the customary accounting practice of the manufacturer, which the manufacturer would have incurred if the raw materials had been purchased from his customary source of supply for delivery during March 1942 and the fabric manufactured during such month;

(ii) The weighted average selling price shall be determined by dividing the total amount received during 1941 from the sale of all woolen and worsted apparel fabrics by the total number of yards thereof sold during 1941;

(iii) The weighted average manufacturing cost shall be determined by dividing the total manufacturing costs, including the cost of raw materials, of all woolen and worsted apparel fabrics manufactured during 1941 by the number of yards thereof so manufactured.

* * * * *

(f) *Customary discounts, trade practices, and transportation costs.* (1) Every manufacturer of woolen or worsted apparel fabrics shall continue his customary terms of sale, allowances, discounts and other price differentials to different purchasers and different classes of purchasers: *Provided*, That in no case need the terms of sale be more favorable to the purchaser than a discount of 1% for payment within ten days of the date of invoice, the gross amount payable within sixty days of such date.

* * * * *

(3) Every manufacturer of woolen or worsted apparel fabrics making sales subject to this § 1410.102, shall determine his maximum prices to the closest 2½¢ per yard.

* * * * *

(h) *Decorations.* In any case where a manufacturer adds decorations to a fabric the maximum price for which is determined pursuant to paragraphs (a), (c), (d) or (i) of this § 1410.102, the maximum price for such fabric shall be increased or decreased by the difference between the actual cost of the decorations added and the cost of the yarn replaced: *Provided*, That in computing the maximum price for a comparable, new or similar fabric pursuant to paragraphs (c), (d) or (i) of this § 1410.102, respectively, the cost of the decorations added to such fabric shall not be included in the cost of the raw materials used therein: *Provided further*, That in the case of sales of woolen or worsted apparel fabrics to which decorations have been added, the invoice or similar document required by paragraph (g) of this § 1410.102 shall also set forth a statement of the amount by which the maximum price for the fabric was increased or decreased by the addition of the decorations.

(i) *Similar fabrics.* (1) The maximum price for a woolen or worsted apparel fabric similar to a fabric sold by the manufacturer during the applicable base period shall be the maximum price for such fabric determined in accordance with paragraph (a) of this § 1410.102, increased or decreased by (i) the difference in the cost of the raw materials used therein and (ii) by the difference in the manufacturing cost thereof: *Provided*, That the raw material and manufacturing costs for both the fabric priced under this paragraph (i) and the fabric to which it is similar shall be calculated at the highest costs which the manufacturer would have incurred if the raw material had been purchased from his customary source of supply for delivery during March 1942, and the fabrics manufactured during such month: *Provided further*, That in any case in which the maximum price for a fabric which was not sold by the manufacturer during a base period can be determined pursuant to either this paragraph (i) or paragraph (c) of this § 1410.102, the maximum price therefor shall be determined in accordance with that paragraph which results in the lower maximum price.

(2) One fabric shall be deemed "similar" to another fabric if the first is used for the same purpose as, and is regarded as a satisfactory substitute for, the second, affords fairly equivalent serviceability, has approximately the same "handle," finish and appearance, and belongs to the same classification:[2] *Provided*, That one fabric in which the blend contains other than woolen fibers shall not be deemed "similar" to a fabric in which the blend is made entirely of woolen fibers: *Provided further*, That one fabric shall not be deemed "similar" to another fabric if the first differs from the second in respect to any one or more of the following elements of construction in excess of the amount of variance allowed:

Elements of construction:	*Amount of variance allowed, percent*
Ends per finished inch	17½
Picks per finished inch	17½
Weight per finished yard	12
Yarn sizes	17½
Finished width	4
Cost of raw materials used in the blend	20

§ 1410.115 *Definitions.* (a) When used in this Maximum Price Regulation No. 163, the term: * * *

(3) "Woolen or worsted apparel fabrics" means domestic, men's, women's, children's and infants' suitings, dress goods, topcoatings, overcoatings, cloakings, ski or snow cloths, mackinaws, bathrobe fabrics, necktie fabrics, shirtings and meltons, containing 25% or more of woolen fiber by weight and woven on looms; the term is applicable only to such fabrics for civilian use and does not include pile fabrics.

* * * * *

[2] As set forth in § 1410.102 (a).

(5) "New woolen or worsted apparel fabric" means a woolen or worsted apparel fabric not sold by the seller during the applicable base period and neither comparable nor similar to any such fabric.

* * * * *

(11) "Pile fabric" means a three dimensional fabric composed of backing warp, filling, and pile warp woven at right angles to the backing warp and filling.

(12) "Decorations" means silk, rayon, worsted or cotton threads added to a fabric to enhance its style value.

§ 1410.119 *Maximum prices for woolen or worsted apparel fabrics which cannot be priced under § 1410.102 or § 1410.103.* The maximum price for a woolen or worsted apparel fabric sold by a person who cannot determine the maximum price therefor under § 1410.102 or § 1410.103 shall be a price determined by the seller after specific authorization from the Office of Price Administration. A seller who seeks an authorization to determine a maximum price under the provision of this § 1410.119, shall file with the Office of Price Administration in Washington, D. C. an application setting forth (a) a description in detail of the fabric for which a maximum price is sought, and (b) a statement of the reasons why such fabric cannot be priced under § 1410.102 or § 1410.103 of this Maximum Price Regulation No. 163. If such authorization is given, it will be accompanied by instructions as to the method for determining the maximum price. Within ten days after such price has been determined, the seller shall report the price to the Office of Price Administration in Washington, D. C. The price so reported shall be subject to adjustment at any time by the Office of Price Administration.

§ 1410.117 *Effective dates of amendments.* * * *

(f) Amendment No. 4 (§§ 1410.102 (a), (c), (d), (f), (h) and (i), 1410.115 (a) (3), (5), (11) and (12) and 1410.119) to Maximum Price Regulation No. 163 shall become effective September 8, 1942.

(Pub. Law 421, 77th Cong.)

Issued this 2d day of September 1942.

PART 1499—COMMODITIES AND SERVICES

[Order 36 Under § 1499.18 (b) of The General Maximum Price Regulation—Docket No. GF3-1259]

GOLDEN COOKIE COMPANY

For the reasons set forth in an opinion[*] issued simultaneously herewith, *it is ordered:*

§ 1499.336 *Adjustment of maximum prices for cookies sold by Rudolph R. Ellingson doing business as Golden Cookie Company, Watertown, Massachusetts.* (a) Rudolph R. Ellingson doing business as Golden Cookie Company may sell and deliver and any person may buy and receive from Rudolph R. Ellingson, doing business as Golden Cookie Company, the following commodities at prices not higher than the following:

Cookies packed 7½ ounce in cellophane boat packages, eighty cents ($.80) per dozen packages to wholesalers and eighty-six cents ($.86) per dozen packages to Supermarkets. All prices are f.o.b. factory.

(b) All prayers of the application not granted herein are denied.

(c) This Order No. 36 may be revoked or amended by the Price Administrator at any time.

(d) Incorporation of Order No. 36 in Supplementary Regulation No. 14. This Order No. 36 (§ 1499.336) is hereby incorporated as a part of Supplementary Regulation No. 14 which contains modifications of maximum prices established by § 1499.2.

(e) This Order No. 36 (§ 1499.336) shall become effective September 3, 1942.

(Pub. Law No. 421, 77th Cong.)

Issued this 2d day of September 1942.

TITLE 47—TELECOMMUNICATION

Chapter I—Federal Communications Commission

PART 8—RULES GOVERNING SHIP SERVICE

LIFEBOAT INSTALLATIONS

REQUIREMENTS FOR ALL COMPULSORY LIFEBOAT RADIO INSTALLATIONS

The Commission on August 27, 1942, effective immediately, adopted the following new §§ 8.201 to 8.210, inclusive, to be substituted for the now existant §§ 8.201 to 8.210, inclusive.

§ 8.201 *Inspection and maintenance of lifeboat radio installation.* (a) The lifeboat radio installation shall be inspected and tested[1] by a qualified representative of the licensee within twenty-four hours prior to departure to sea from each port (except not necessarily more than once each week) and at least once each year with the lifeboat afloat in a harbor or port of the United States. The results of the inspections and tests shall be made known to the master of the vessel and shall be entered in the ship's radio station log or recorded in the ship's log if the ship is not provided with a radio telegraph station. The records of all inspections and tests shall be made available to duly authorized representatives of the Commission upon request. The annual inspection afloat shall include an actual test of the transmitter (and receiver when required) connected to the regular lifeboat antenna erected to determine that each is in effective operating condition. When testing with the lifeboat not afloat, the transmitter may be connected to an artificial antenna, in lieu of the regular lifeboat antenna, having electrical characteristics approximately equal to those of the regular lifeboat antenna. To avoid interference, any transmission tests using an actual antenna shall be conducted[1] under the same procedure and regulations as prescribed for testing a ship's regular radio-station transmitting equipment; when using an actual antenna, an automatic device for transmitting the international distress signal or any other emergency signal shall not be operated nor shall any transmitting tests be made during an international silent period. In addition to the foregoing requirements, the lifeboat radio installation shall be made available for inspection by duly authorized representatives of the Commission and for demonstration of satisfactory performance to these representatives at any reasonable time and at such intervals as within the discretion of the Commission will insure compliance with applicable regulations.

(b) When the vessel is under way, provision shall be made for adequate charging of the storage batteries and the routine inspection of all batteries used to supply the power to lifeboat radio installations. Except for portable lifeboat radio installations not required to be located in lifeboats at all times, the charging and routine inspection of such batteries shall not require their removal from the lifeboats in which they are installed. The necessary charging equipment shall be arranged so as not to interfere with the launching of the lifeboats, and for this purpose shall be easily and quickly removable. Inspection of the batteries shall be made at least once every seven days by a qualified representative of the licensee and a statement in regard to the condition and specific gravity in the case of a lead-acid battery, or voltage under normal load in the case of Edison batteries (or dry batteries when such batteries are permitted) shall be reported to the master and entered in the ship's radio station log or recorded in the ship's log if the ship is not provided with a radiotelegraph station. Any storage battery provided as a power supply or as a spare power supply shall be kept fully charged at all times.

[1] Subject to such limitations as may be imposed by United States Naval Authority or by foreign governments at foreign ports. It is necessary that each lifeboat transmitter be licensed by the Commission to insure compliance with the Rules and Regulations of the Commission, during the required tests with an actual antenna. Operation of a lifeboat transmitter is ordinarily authorized by the regular ship station license when it has been described in the application for such license and the authorization has been approved by the Commission.

[*] Copies may be obtained from the Office of Price Administration.

§ 8.202 *Demonstration of the power supply for lifeboat installations.* The shipowner, operating company, or station licensee, if directed by the Commission or its authorized representative, shall prove by demonstration as may be deemed necessary, that a storage battery used for a required lifeboat radio installation is capable of energizing this installation for the required period of time as stipulated in § 8.120.

§ 8.203 *Radio installation requirements.* (a) For new radio installations completed after January 1, 1940, in motor lifeboats of oceangoing passenger vessels, and for new lifeboat radio installations (other than in motor lifeboats of oceangoing passenger vessels) completed after January 1, 1943, on vessels provided with a licensed radiotelegraph station, the charging circuit for the lifeboat radio storage battery or batteries when used as a source of power, shall be routed through the main radiotelegraph operating room of the vessel. A device which, during charge of the lifeboat radio battery or batteries, gives a continuous indication of the polarity and the rate of such charge, shall be connected in this charging circuit and shall be located in the main radiotelegraph operating room for purposes of frequent observation. This provision, however, shall not apply as a requirement with respect to storage batteries used to supply power for portable lifeboat radio installations.

(b) The use of metal masts and stays, unless broken by insulators, or of any structure at electrical ground potential at the masthead(s) is not permitted: *Provided, however,* That this limitation shall not prohibit the use of a metal mast or masts used as the antenna. Provision shall be made for the expeditious erection of the antenna system under adverse weather and sea conditions.

REQUIREMENTS FOR RADIO INSTALLATIONS IN MOTOR LIFEBOATS OF PASSENGER VESSELS

§ 8.204 *Lifeboat radio station.* The radio installation on motor lifeboats of vessels navigated in the open sea, designated in accordance with section 355 of the Communications Act of 1934, as amended, as requiring a radio installation shall consist of an efficient installation, for emergency use, in good operating condition which shall comply with the following requirements:

(a) Frequency of operation of transmitter: 500 kilocycles.

(b) Type of emission of transmitter: A–2.

(c) Frequency tolerance of transmitter: 0.5 per cent.

(d) Power of transmitter: Not less than 75 watts plate input power to the oscillator or amplifier supplying power to the antenna when such oscillator or amplifier is effectively coupled to an antenna equivalent to that described in the following paragraph (e).

(e) Antenna: A single wire inverted L type not less than 20 feet above the waterline with a horizontal section of the maximum practicable length.

(f) Receiver: Electron tube type. Continuous frequency range of at least 350 to 550 kilocycles and capable of reception of types A–1, A–2, and B emissions.

(g) The type of power supply shall be—

For the transmitter: A storage battery.
For the receiver: Dry cell battery and/or storage battery.

The necessary power for the transmitter and receiver, at voltages other than the battery voltages, may be obtained by the use of a dynamotor or other suitable device approved by the Commission.

(h) The lifeboat radio transmitter shall be fitted with a radio frequency ammeter of suitable range and scale, connected so as to indicate the current in the antenna circuit.

§ 8.205 *Availability and use of lifeboat radio power.* The power supply of a lifeboat radio installation shall be capable at all times of operating the entire lifeboat radio installation for a period of at least 6 continuous hours in accordance with § 8.115 (d). With the exception of the electric starte of the lifeboat motor the storage battery or batteries may also be used to operate equipment other than radio: *Provided,* The additional use of the battery or batteries will not affect, adversely, the ability of the installation to fulfill the foregoing six-hour radio-operating requirement. All individual circuits connected to the transmitter storage battery shall be independently and properly fused.

§ 8.206 *Details of lifeboat radio installation.* The components and assembly of the entire installation shall insure, primarily, the utmost dependable operation, and the design shall be such that heavy vibration and physical shocks to which a lifeboat is subject will cause no damage. All components shall be housed and treated so as to withstand saline dampness for extended periods without damage and to minimize the adverse effect of prolonged exposure to salt water or salt spray. Storage batteries shall be mounted in cabinets that will provide protection from salt water spray, and also allow proper ventilation, subject to approval of the U. S. Coast Guard. Provision shall be made to protect the operator from the elements when the lifeboat is afloat in a heavy sea. Antenna lead-in insulators shall be of a type approved by the Commission. Auxiliary equipment and spare parts prescribed for motor lifeboat radio stations by § 8.235 shall be retained within the radio-equipped lifeboat at all times while the vessel is in active service.

§ 8.207 *Lifeboat radio instructions.* Instructions shall be plainly marked on the apparatus in sufficient detail which will inform inexperienced or uninstructed personnel how to place the radio equipment in operation and how to transmit appropriate signals for a sufficient period of time to enable vessels or land stations, within communication range and equipped with radio direction finders, to determine the position of the lifeboat.

REQUIREMENTS FOR PORTABLE RADIO INSTALLATIONS FOR USE IN LIFEBOATS

§ 8.208 *Portable libeboat radio installation—general.* Portable radio installations required aboard oceangoing vessels for emergency use in lifeboats shall include the following components:

(a) An efficient and reliable transmitter in good operating condition, an emergency power supply, an artificial antenna capacitor, an antenna wire and insulator assembly; and a grounding conductor, all enclosed in a single portable watertight container; and such auxiliary equipment and spare parts as are prescribed in § 8.235.

(b) At least one mast[2] and one complete antenna wire and insulator assembly for each lifeboat: *Provided,* That not more than four such masts and assemblies[3] need be provided on board any vessel.

§ 8.209 *Technical requirements for portable lifeboat radio transmitter and associated equipment.* (a) The component described in § 8.208 (a) shall comply with the following requirements:

(1) It shall be of sufficient buoyancy to float in sea water and shall be sufficiently rugged in construction to withstand physical shocks and rough handling. This component shall be deemed to comply with this requirement if, after being dropped into sea water from a height of at least 12 feet, it can be immediately operated without any repair or adjustment (other than normal antenna circuit tuning) and without any perceptible departure from its normal performance. The container shall be deemed watertight if it can be submerged in sea water for at least two hours without leaking.

(2) Frequency of operation of transmitter: 500 kilocycles.

(3) Frequency tolerance of transmitter: 0.5 per cent.

(4) The transmitter radio frequency control circuit(s) shall be pretuned to 500 kilocycles and shall be of such design and construction that the operating frequency is maintained within 0.5 per cent of 500 kilocycles under varying antenna circuit characteristics and conditions of adjustment. The frequency control circuit adjustment shall not be readily available to the person using the transmitter.

(5) Type of emission of transmitter: A–2 (amplitude modulation) or B.

(6) Modulation: The frequency of modulation shall be not less than 450 nor greater than 1250 cycles per second and the percentage of modulation shall be at least 70 per cent.

(7) Power output of transmitter: Not less than 5 watts, A–2 or B emission, into an artificial antenna having an effective capacitance of 100 micromicrofarads and an effective resistance of 10 ohms at 500 kilocycles. In addition, the power output of the transmitter when installed in any lifeboat for which it is intended, using the required mast(s) and antenna wire-insulator assembly shall be such that the product of the antenna current in amperes and the maximum height in meters of the antenna above the water is not less than 5.

(8) The emergency power supply shall be a storage battery, adequately protected against spilling of electrolyte, or a manually operated electric generator, or both; capable of efficiently energizing the transmitter at the specified output power of 5 watts. When the transmitter is developing the prescribed output power not more than 250 watts mechanical power (0.335 horsepower) shall be required at the crank handle(s) or propelling lever(s) at any temperature of the generator and associated driving mechanism between zero and 75° Fahrenheit. Under these conditions the speed of rotation of the crank handle(s) shall not exceed 60 revolutions per minute or the cycles of operation of the propelling lever(s) shall not exceed 60 per minute. When a manually operated electric generator is used automatic means of voltage regulation shall be provided to protect the transmitter against damage due to excessive generator potentials.

(9) Provision shall be made for keying the transmitter manually and by automatic means so as to transmit the international distress signal "SOS" in groups of three consecutive "SOS" signals with these groups interspersed at frequent intervals by a dash not exceeding four seconds in length (for direction finding purposes). The speed of automatic transmission of the international distress signal shall be at a rate not in excess of 16 words per minute. Not more than one manual switch shall be provided to place the transmitter in operation for telegraphy. If a storage battery is employed as a source of power, this switch shall be self-releasing (such as a push button) to prevent inadvertent operation and the duration of any cycle of automatic operation shall not exceed three minutes.

(10) The transmitter shall be equipped with a reliable visual indicator (such as a neon tube) to indicate when the antenna circuit is tuned to resonance at the operating frequency. Failure of this indicator shall not have any effect upon the actual operation of the transmitter.

(11) A reliable 100 micromicrofarad artificial antenna capacitor of the "transmitting" type (for purpose of routine tests) shall be provided with the transmitter at all times.

(12) A length of not less than 40 feet of extra-flexible stranded copper wire, having a cross section of not less than 10,000 circular mils, the antenna insulators necessary for effective insulation of the antenna, and a grounding conductor consisting of not less than 20 feet of low resistance stranded copper wire or braid weighted at one end, for immersion in the sea or attachment to a prepared ground terminal on the lifeboat shall be provided. This material shall be stowed in the watertight container at all times while the vessel is at sea.

(13) Panel control(s) (not more than two) shall be provided for adjustment of the antenna circuit so as to obtain electrical resonance with any antenna capacitance between the limits of 60 and 250 micromicrofarads at 500 kilocycles.

(14) The required portable watertight container shall be fitted with durable handles or grips. The handles or grips shall be so arranged and the distribution of weight in the container shall be such as to provide for convenient carrying of the container by either one or two persons. Not less than 40 feet of 15-thread manila or sisal rope, or the equivalent thereof shall be securely attached to the container at all times while the vessel is at sea.

(15) The radio transmitter in its portable water-tight container together with the emergency power supply, artificial antenna capacitor, antenna wire, insulators, and conductor for making the ground connection shall weigh not more than 65 pounds.

(16) If a storage battery is used for the emergency power supply, the capacity of such battery shall be sufficient to operate the transmitter while automatically keyed at not less than the required output power for a continuous period of at least one and one-half hours.

(17) If a storage battery is used as a power supply, a notice in large letters shall be permanently placed on an outer surface of the required water-tight container designating the position of the container for stowing to prevent leakage of the battery electrolyte.

(18) Suitable printed instructions (which have been approved by the Commission) for the installation and operation of the equipment (including the manual transmission of the distress signal and the auto alarm signal) by unskilled personnel shall be permanently and conspicuously attached to the transmitter or its container. These instructions shall be durable and water-proof and shall include sketches or diagrams showing a method of properly installing an antenna on the lifeboats concerned. An instruction manual covering maintenance of the transmitter and power supply shall be supplied with the installation.

(19) Each portable lifeboat radio transmitter shall be equipped with a durable nameplate showing at least the following:

(i) The type or model number.

(ii) The name of the manufacturer.

(iii) Rated power into the artificial antenna specified in § 8.209 (a) (7).

(iv) The month and year of manufacture.

(b) Specific requirements for mast(s) and antenna - wire - antenna - insulator assemblies.

(1) The mast(s) required by § 8.208 (b) shall be capable of supporting the radio antenna at not less than 26 feet at the highest point above the water line.[4]

(2) Each antenna-wire and insulator assembly required by § 8.208 (b) shall consist of a length of at least 40 feet of extra-flexible stranded copper wire having a cross-section area of not less than 10,000 circular mils together with attached antenna insulators necessary for effective insulation of the antenna, means for fastening to the antenna supports, and provision for making an electrical connection to the transmitter.

(3) The masts and the antenna wire and insulator assemblies required by § 8.208 (b) shall be securely stowed in the lifeboats in which they are to be used, at all times while the vessel is outside a harbor or port.

(4) Each metal-hulled lifeboat for which an antenna mast is required shall be permanently fitted with one or more ground terminals at an accessible position or positions for use in electrically grounding the portable radio installation. The ground terminal shall make good electrical connection with the sea water and for the purpose of making such connection shall be welded or securely bolted to the bare metal of the hull of the lifeboat. The ground terminal shall be resistant to corrosion due to sea water. The entire installation shall be so designed and constructed that no tools are necessary to place it in operation for routine tests or for emergency use.

REQUIREMENTS FOR RADIO INSTALLATIONS PROVIDED IN LIEU OF PORTABLE INSTALLATIONS FOR USE IN LIFEBOATS

§ 8.210 (a) *Technical requirements.* Radio installations required in lieu of a portable radio installation for emergency use in lifeboats of oceangoing vessels (other than radio installations covered by § 8.204 of these Rules), shall consist of an efficient and reliable emergency transmitter in good operating condition, an emergency power supply, an artificial antenna capacitor, a complete antenna wire and insulator assembly and ground system, at least one antenna mast,[5] and such auxiliary equipment and spare parts as are prescribed in § 8.235, and shall comply with the following requirements:

(1) Frequency of operation: 500 kilocycles.

(2) Frequency tolerance: 0.5 per cent.

(3) The transmitter radio frequency control circuits shall be pretuned to 500 kilocycles, and shall be of such design and construction that the operating frequency is maintained within 0.5 per cent

[2] This mast may be a mast which is normally supplied in the lifeboat for purposes other than the support of a radio antenna, provided it has the required height or can be extended to the required height.

[3] In addition to the antenna wire and insulator assembly enclosed with the transmitter.

[4] A suitable topmast may be used as an extension to a sailing mast for compliance with this requirement if provision is made for its attachment to the sailing mast.

[5] This mast may be a mast which is normally supplied in the lifeboat for purposes other than the support of a radio antenna, provided it has the required height or can be extended to the required height.

of 500 kilocycles under varying antenna circuit characteristics and conditions of adjustment.

(4) Type of emission of transmitter: A–2 (amplitude modulation) or B.

(5) Modulation: For type A–2 and type B emission the frequency of modulation shall be not less than 450 nor greater than 1250 cycles per second and the percentage of modulation shall be at least 70 per cent.

(6) Power output of transmitter: Not less than 5 watts, type A–2 or type B emission into an artificial antenna having an effective capacitance of 100 micromicrofarads and an effective resistance of 10 ohms at 500 kilocycles.

(7) The emergency power supply shall be a storage battery properly ventilated and adequately protected against salt water spray, or a manually operated electric generator; or both, capable of efficiently energizing the transmitter at the required output power and emission. When the transmitter is developing the required output power, not more than 250 watts (0.335 horsepower) shall be required at the crank handle(s) or propelling lever(s) at any temperature of the generator and associated driving mechanism between zero and 75 degrees Fahrenheit. Under these conditions the speed of rotation of the crank handle(s) shall not exceed 60 revolutions per minute or the cycles of operation of the propelling lever(s) shall not exceed 60 per minute. When a manually operated generator is used, automatic means of voltage regulation shall be provided to protect the transmitter against damage due to excessive generator potentials.

The emergency power supply, whether a storage battery or a manually operated electric generator or both, shall be considered as part of the required lifeboat radio installation and shall be installed and retained in the lifeboat together with the required radio transmitter. When a storage battery is used for the emergency power supply, the capacity of the battery shall be sufficient at all times to operate the transmitter (while automatically keyed as provided in paragraph (8) at not less than the required output power for a continuous period of at least 6 hours.

(8) Provisions shall be made for keying the transmitter manually and in addition, means shall be provided for automatic keying so as to transmit the international distress signal "SOS" in groups of three consecutive "SOS" signals with these groups interspersed at frequent intervals by a dash not exceeding four seconds in length (for direction finding purposes). The speed of automatic transmission of the international distress signal shall be at a rate not in excess of 16 words per minute.

Not more than one manual switch shall be provided to place the transmitter in operation for A–2 emission except that when A–3 emission is provided, an additional manual switch may be employed to select either A–2 or A–3 emission. If a storage battery is employed as a source of power, this switch shall be self-releasing (such as a push button) to prevent inadvertent operation, and the duration of any cycle of automatic operation shall not exceed three minutes.

(9) The transmitter shall be equipped with a reliable visual indicator (such as a neon tube) to indicate when the antenna circuit is tuned to resonance at the operating frequency. Failure of this indicator shall not have any effect upon the actual operation of the transmitter.

(10) A reliable 100 micromicrofarad artificial antenna capacitor of the "transmitting" type (for purpose of routine tests) shall be provided with the transmitter at all times.

(11) An antenna wire and insulator assembly consisting of not less than 40 feet of flexible stranded copper wire, having a cross-section of not less than 10,000 circular mils and the number of antenna insulators necessary for efficient insulation of the antenna shall be provided. Also, there shall be provided a grounding conductor consisting of not less than 20 feet of low resistance stranded copper wire or braid, weighted at one end, for immersion in the sea; or in lieu thereof, the transmitter shall be electrically grounded, by means of a low resistance conductor, to a permanently installed ground on the lifeboat. A permanently installed ground for this purpose shall make good electrical connection with the sea water and shall be resistant to corrosion. The required antenna and insulator assembly and the required grounding conductor shall be securely stowed in the lifeboat with the radio transmitter at all times while the vessel is at sea.

(12) Suitable printed instructions (which have been approved by the Commission) for the erection of the antenna and the operation of the equipment (including the manual transmission of the distress signal and the international auto-alarm signal and proper use of the microphone if A–3 emission is provided) by unskilled personnel shall be permanently and conspicuously attached to the transmitter or its container. These instructions shall be durable and waterproof and shall include sketches or diagrams showing a method of properly erecting an antenna system on the lifeboat concerned. An instruction manual covering maintenance of the transmitter and power supply shall be provided with the installation.

(13) Each lifeboat radio transmitter shall be equipped with a durable nameplate showing at least the following:

(i) The type or model number.

(ii) The name of the manufacturer.

(iii) Rated power into the artificial antenna specified in § 8.210 (a) (6).

(iv) The month and year of manufacture.

(14) Two masts shall be provided in each lifeboat compulsorily fitted with a radio installation which shall be capable of supporting a radio antenna of the inverted "L" type at not less than 18 feet above the waterline with a horizontal section of the maximum practicable length, or in lieu thereof, one mast shall be provided capable of supporting a suitable antenna at not less than 26 feet at the highest point above the waterline.

(15) All components of the lifeboat radio installation shall be sufficiently rugged in construction and so fitted in the lifeboat as to withstand the physical shocks and vibration to which a lifeboat is subject. All components shall be housed and treated so as to withstand saline dampness for extended periods without damage and to minimize the adverse effect of prolonged exposure to salt spray and to salt water such as may be encountered by an occasional flooding of the lifeboat.

(16) The maximum weight of the complete lifeboat radio installation (not including antenna and ground system) shall not exceed 140 pounds, and the space occupied by the installation shall be the minimum amount required to properly enclose the necessary components in a suitable container or containers.

(17) Tuning control(s) (not more than two, one of which shall be accessible from the exterior of the transmitter container) shall be provided for adjustment of the antenna circuit so as to obtain electrical resonance with the antenna intended for use in the particular lifeboat when this antenna is erected to any height within the range of height provided by the antenna support(s), provided that the minimum height for this purpose shall not be less than 14 feet above the waterline.

(18) The design and construction of the entire installation shall be such that no tools are necessary to place it in operation for routine tests and for use in an actual emergency.

(b) *Departure from requirements.* The requirements in § 8.210 (a) (6) relating to power output, §§ 8.210 (a) (8) and 8.210 (a) (14) relating to height of masts, may be waived by the Commission with respect to a radio installation for which authorization is requested prior to January 1, 1943 only if satisfactory evidence is presented to the Commission that the construction of such radio installation was completed prior to August 27, 1942 or satisfactory evidence is presented to the Commission that prior to August 27, 1942 construction of such installation was commenced by the manufacturer and the materials used in such construction were allocated by the War Production Board. With respect to any such installation, provision shall be made for a transmitter power output of not less than 3 watts, for supporting a radio antenna of the inverted "L" type at not less than 16 feet above the waterline where the inverted "L" type of antenna is used, and for manual keying of the transmitter. Any other departure from the requirements of §§ 8.204 to 8.210 (a) inclusive, will be considered by the Commission only upon a satisfactory showing that such departure will not reduce the required efficiency, reliability, and effectiveness of the installation.

The Commission also amended § 8.235 (e) as follows:

§ 8.235 *Additional spare parts in general.*[1] * * *

(e) *Radio-equipped motor lifeboats of passenger vessels navigated in the open sea (spare parts).* (1) At least 35 feet of insulated wire suitable for use as antenna wire.

(2) Two antenna insulators.

(3) One artificial antenna capacitor.

(4) Two tubes for radiotelegraph transmitters, except when transmitter employs a single transmitting tube, in which case one tube is required.

(5) One complete set of tubes for the radiotelegraph receiver.

(6) One panel electric light bulb, if used.

(7) Renewable fuse-cartridges of each type used in connection with the units of the lifeboat radio installation in the amount of at least one-half the number of each size and type in actual use. For each renewable fuse-cartridge in actual use, there shall be available six spare fuse links of appropriate capacity. For each nonrenewable fuse in use, there shall be available six spare fuses of the same type and of appropriate capacity. If fuse wire is used, sufficient wire shall be provided to permit six complete fuse replacements.

The following new paragraphs (f) and (g) to § 8.235 were adopted:

(f) *Portable radio installations for use in lifeboats (spare parts).* (1) Where a storage battery is used as the emergency power supply of one or more portable installations one spare battery of the type used and interchangeable therewith: *Provided, however,* That only one such spare battery need be supplied on board any one vessel.

(2) One spare electron tube of each type used for radiotelegraph transmission, including neon or any other type of tube employed as a resonance indicator.

(g) *Radio installations provided in lieu of portable installations for use in lifeboats.* (1) One electron tube of each type used for radiotelegraph transmission including neon or any other type of tube or lamp employed as a resonance indicator.

(2) Six fuses of each type used of the same rating and interchangeable therewith. (Sec. 4 (i), 48 Stat. 1068; 47 U.S.C. 154 (i))

By the Commission.

DISTRICT BOARD NO. 7

NOTICE OF AND ORDER FOR HEARING

In the matter of the petition of District Board No. 7 for a change in price classifications in minimum prices in Size Group 7 for all shipments except truck and Size Group 4, for truck shipments, for the coals of Hunter No. 2 Mine, Mine Index No. 84, of Fire Creek Fuel Company.

A petition, pursuant to the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party;

It is ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the rules of the Division be held on October 6, 1942, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day the Chief of the Records Sections in room 502 will advise as to the room where such hearing will be held.

It is further ordered; That D. C. McCurtain or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, evidence, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in this proceeding and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is

sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before September 25, 1942.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of intervention or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to a petition filed with the Division by District Board No. 7 requesting that the price classification of "C" in Size Group 7, now established for the coals of Hunter No. 2 Mine, Mine Index No. 84, be changed to "B" for all shipments except truck and that the minimum price of $2.05 in Size Group 4 be changed to $2.15 for truck shipments for the coals of the said mine.

Dated: August 29, 1942.

[Docket No. A-1572]

ONTARIO GAS COAL CORP. OF VA.

NOTICE OF AND ORDER FOR HEARING AND ORDER GRANTING TEMPORARY RELIEF

In the matter of the petition of Ontario Gas Coal Corporation of Virginia for the establishment of price classifications and minimum prices for the coals of its Tidewater No. 2 Mine, Mine Index No. 316, in District No. 7.

The petition, and amended petition, pursuant to the Bituminous Coal Act of 1937, were duly filed with this Division by the above-named party, requesting the establishment of price classifications and minimum prices for the coals of its Tidewater No. 1, Mine, Mine Index No. 289, in District No. 7.

It appears from the records of the Division that Mine Index No. 289 is a deep mine and that the mine for which the petitioner proposes price classifications and minimum prices is a strip operation and therefore must be identified as Tidewater No. 2 Mine, Mine Index No. 316.

The petition alleges that the coals of the said mine, although produced in the same vicinity and seam as the coals of the Robious Mine, Mine Index No. 703, District No. 7, are analytically superior to the coals of that mine. The petition proposes a minimum price of 280 cents per net ton for the coals of the said Mine Index No. 316 in Size Group 8 for rail shipment from Midlothian, Virginia, only to within the switching limits of Richmond, Virginia, in Market Area 100, and minimum prices of 425, 410, 420, 325, 300, and 280 cents per net ton in Size Groups 1 to 6, inclusive, respectively, for truck shipments.

The amended petition proposes minimum prices of $5.25, $4.25 and $4.00 in Size Groups 1, 7 and 8, respectively, and in Size Group 8 a price of $3.80 per ton f. o. b. railroad cars at Midlothian, Virginia, for shipment only to within the switching limits of Richmond, Virginia, in Market Area 100 for all shipments except truck, and minimum prices of $5.25, $5.10, $5.20, $4.25, $4.00 and $3.80 in Size Groups 1 to 6, inclusive, respectively, for truck shipments.

The proposed minimum prices for the coals of the said mine for truck shipments are substantially higher than those heretofore established for other mines in District No. 7 for truck shipments. Moreover, the proposed minimum prices for the coals of the said mine in Size Group 8 for rail shipment and in all other sizes for truck shipment differ substantially from the customary minimum price relationships for other coals for such shipments. Accordingly, it appears that the necessity for the proposed price classifications and minimum prices should be clearly shown at a hearing.

It appears, however, that a reasonable showing of necessity has been made for the granting of temporary relief, that no petitions of intervention have been filed with the Division in the above-entitled matter, opposing the granting of temporary relief, and that the granting of temporary relief is necessary in order to effectuate the purposes of the Act. It further appears, however, that, pending a hearing, the minimum prices hereinafter established for truck shipments should not be higher than the highest minimum prices heretofore established for coals produced in District No. 7, and that the minimum prices for rail shipments should be proper.

It is, therefore, ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the rules and regulations of the Division be held on October 1, 1942, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day the Chief of the Records Section in Room 502 will advise as to the room where such hearing is to be held.

It is further ordered, That W. A. Cuff or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, administer oaths and affirmations, examine witnesses, take evidence, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and a recommendation of an appropriate order in the premises and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before September 25, 1942.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein, may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto which may be raised by amendment to the petition, petitions of interveners, or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of Ontario Gas Coal Corporation of Virginia for the establishment of price classifications and minimum prices for the coals of its Tidewater No. 2 Mine, Mine Index No. 316, in District No. 7; and more particularly for the establishment for the coals of the said mine of a minimum price of 280 cents per net ton in Size Group 8, for rail shipment from Midlothian, Virginia, only to within the switching limits of Richmond, Virginia, in Market Area 100, and minimum prices of 425, 410, 420, 325, 300, and 280 cents per net ton in Size Groups 1 to 6, inclusive, respectively, for truck shipments.

It is further ordered, That pending final disposition of the above-entitled matter, temporary relief be, and it hereby is, granted as follows: Commencing forthwith, the Schedule of Effective Minimum Prices for District No. 7 for All Shipments Except Truck is supplemented to include a provision that the Mine Index No. 316 coals of Size Group 8 shall have a minimum price of $1.86 per net ton f. o. b. railroad cars at Midlothian, Virginia, applicable only on shipments for delivery to within the switching limits of Richmond, Virginia, in Market Area 100, and the Schedule of Effective Minimum Prices for District No. 7 for Truck Shipments is supplemented to include for the coals of Mine Index No. 316 prices of 315, 250, 280, 215, 186, and 181 cents per net ton in Size Groups 1 to 6, inclusive, respectively.

Notice is hereby given that applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

Dated: August 29, 1942.

[General Docket No. 21]

REVIEW OF PRICE DETERMINATIONS

ORDER FOR PROCEDURE

In the matter of determining the extent of change, if any, in excess of 2 cents per net ton in the weighted average of the total costs of any of the minimum price areas; and of revising the effective minimum prices as may be required by reason of any such change in costs.

By Findings of Fact, Conclusions of Law and Opinion and an accompanying order in this matter all dated August 28, 1942, the Acting Director determined effective minimum prices for all shipments of bituminous coal produced in each minimum price area, for shipments by all methods of transportation into various groups of market areas.

In that Opinion it was stated that:

A procedure is being devised whereby parties may request the Secretary of the Interior to review my determinations herein on specified questions of law and policy of general application, and may present briefs to him on such questions. Parties will be permitted to accompany their requests for review and briefs with a request that the Secretary stay the effective date of my order herein. An appropriate order will issue setting forth this procedure.

Now therefore it is ordered, as follows:

1. Parties to this proceeding who desire to do so may file with the Secretary of the Interior requests that he review specific questions of law and policy of general application that pertain to the determinations embodied in the order of the Acting Director herein, dated August 28, 1942. Such requests for review and briefs in support of the matters sought to be reviewed must be filed by September 10, 1942. Interested parties may file with such requests and briefs, applications for a stay of the effective date of the Order of the Acting Director, herein, dated August 28, 1942. Such applications shall set forth fully whether it is sought to stay said order in whole or in part and the reasons on the basis of which it is urged that a stay be granted.

2. Since any review herein is not a matter of right and is purely a matter within the discretion of the Secretary of the Interior, such requests should indicate each specific determination of law and policy of which review is sought, together with a brief statement of the considerations which are believed to warrant reviewing such determination.

3. Since the Secretary will at the same time and in the same order and opinion, announce the determinations of law and policy which he decides to review and review such designated determinations, briefs filed by interested parties should be addressed to all of the matters concerning which they seek a review.

4. Any requests, statements or briefs filed pursuant to this order shall be filed with the Secretary of the Interior, Washington, D. C. Ten copies of all such documents shall be filed.

Dated: August 28, 1942.

[Docket No. B-211]

C. H. AMSLER AND C. W. AMSLER

ORDER APPROVING AND ADOPTING THE PROPOSED FINDINGS OF FACT, PROPOSED CONCLUSIONS OF LAW OF THE EXAMINER, AND CEASE AND DESIST ORDER

In the matter of C. H. Amsler and C. W. Amsler, individually and as copartners, doing business as C. H. and C. W. Amsler, Partnership, code member.

This proceeding having been instituted upon a complaint filed on February 10, 1942, with the Bituminous Coal Division, pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, by the Bituminous Coal Producers Board for District No. 1 against C. H. Amsler and C. W. Amsler, co-partners, doing business as C. H. and C. W. Amsler, a partnership code member alleging that code member had wilfully violated the Bituminous Coal Act of 1937, or the rules and regulations promulgated thereunder and praying that the Division either cancel and revoke the code membership, or, in its discretion, direct the code member to cease and desist from violation of the Bituminous Coal Act of 1937 and the rules and regulations thereunder;

Pursuant to an order of the Acting Director dated February 21, 1942, a hearing having been held on March 27, 1942 before Joseph A. Huston, a duly designated Examiner of the Division at a hearing room thereof in Altoona, Pennsylvania, at which time all interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses and otherwise participate fully in the hearing; District Board No. 1 and C. H. and C. W. Amsler having appeared at the hearing;

The Examiner having made and entered his Report, Proposed Findings of Fact, Proposed Conclusions of Law and Recommendation in this matter, dated July 29, 1942, in which he found that code member wilfully violated the Schedule of Effective Minimum Prices for District No. 1 for Truck Shipment, particularly Price Instruction No. 6 thereto by:

(1) Selling and delivering between the dates of June 23, and August 5, 1941, both dates inclusive, 62.895 tons of run of mine coal (Size Group No. 3) at $2.30 per net ton f. o. b. Oil City, Pennsylvania, when the effective minimum price established therefore was $2.20 per net ton f. o. b. the mine; and

(2) Selling and delivering between the dates of July 11 and July 15, 1941, both dates inclusive, approximately 12 tons of run of mine coal (Size Group No. 3) at $3.00 per net ton f. o. b. Smethport, Pennsylvania, when the effective minimum price therefor was $2.30 per net ton f. o. b. the mine; and

(3) Selling and delivering between August 11 and August 15, 1941, both dates inclusive, approximately 19 tons of run of mine coal (Size Group 3) at $2.30 per net ton f. o. b. Oil City, Pennsylvania, when the effective minimum price established therefor was $2.15 per ton f. o. b. the mine;

The Examiner having found that in each of these transactions the code member failed to add the actual cost of transporting the coal from its mine to the point of delivery as required by Price Instruction No. 6, and having recommended that the code member be ordered to cease and desist from violating the Schedule of Effective Minimum Prices for District No. 1 for Truck Shipments or from otherwise violating the provisions of the Act, the Code and the rules and regulations promulgated thereunder;

An opportunity having been afforded to all parties to file exceptions and supporting briefs to the said Examiner's Report and no such exceptions or supporting briefs having been filed;

The undersigned having considered the record of this proceeding and having determined that the proposed findings of fact and proposed conclusions of law of the Examiner should be approved and adopted as his findings of fact and conclusions of law;

Now, therefore, it is ordered, That the proposed findings of fact and proposed conclusions of law be, and the same hereby are approved and adopted as the findings of fact and conclusions of law of the undersigned.

It is further ordered, That the code member, C. H. Amsler and C. W. Amsler, individually and as partners, their representatives, agents, servants, employees, attorneys, successors or assigns, and all persons acting or claiming to act for or in their behalf, cease and desist from selling coal below the applicable minimum price therefor, plus the actual cost of transportation and from otherwise violating the Schedule of Effective Minimum Prices for District No. 1 for Truck Shipments, and any provisions of the Bituminous Coal Act of 1937.

It is further ordered, That the Division may, upon the failure of code member herein to comply with this order, apply to the Circuit Court of Appeals of the United States within any circuit wherein the code member resides or carries on business for the enforcement

hereof or take such further action as may be appropriate in the premises.

Dated: September 1, 1942.

HERALD PUBLISHING CO. (WALB)

NOTICE OF HEARING

In re application of Herald Publishing Company (WALB); dated June 29, 1942, for renewal of license; class of service, broadcast; class of station, broadcast; location, Albany, Georgia; operating assignment specified; frequency, 1590 kc. power, 1 kw (DA-night); hours of operation, unlimited.

You are hereby notified that the Commission has examined the above described application and has designated the matter for a consolidated hearing with the applications of the Herald Publishing Company, Dockets Nos. 6399, and 6400, for the following reasons:

1. To determine the qualifications of the licensee, its officers, directors and stockholders, with respect to continued operations of station WALB.

2. To determine whether the licensee, its officers, directors or stockholders have at any time made false or misleading statements to the Commission.

3. To obtain full information concerning the establishment, financing, ownership, control, and management of station WALB.

4. To determine whether the licensee, its officers, directors and stockholders, have permitted any unlicensed person to use or operate station WALB in violation of section 301 of the Communications Act of 1934, as amended.

5. To determine whether rights under any construction permit for Station WALB have been assigned or otherwise transferred to any person without the approval of the Commission in violation of section 319 (b) of the Communications Act of 1934, as amended.

6. To determine whether the license of Station WALB or any of the rights therein granted have been transferred, assigned or in any manner disposed of without the prior written consent of the Commission in violation of section 310 (b) of the Communications Act of 1934, as amended.

7. To determine whether, in view of the foregoing and in view of the proceedings upon application No. B3-AL-346 (Docket No. 6400), public interest, convenience or necessity would be served by a grant of this application.

The application involved herein will not be granted by the Commission unless the issues listed above are determined in favor of the applicant on the basis of a record duly and properly made by means of a formal hearing.

The applicant is hereby given the opportunity to obtain a hearing on such issues by filing a written appearance in accordance with the provisions of § 1.382 (b) of the Commission's Rules of Practice and Procedure. Persons other than the applicant who desire to be heard must file a petition to intervene in accordance with the provisions of § 1.102 of the Commission's Rules of Practice and Procedure.

The applicant's address is as follows: Herald Publishing Company, Radio Station WALB, 138 Pine Avenue, Albany, Georgia.

OFFICE OF PRICE ADMINISTRATION.

[Administrative Order 25]

REGIONAL ADMINISTRATORS

DELEGATION OF AUTHORITY TO ACT FOR THE PRICE ADMINISTRATOR

Pursuant to the authority conferred upon the Price Administrator by the Emergency Price Control Act of 1942, the following Order is prescribed:

(a) Each Regional Administrator is hereby authorized to exercise within his region the functions, duties, powers and authority conferred upon the Price Administrator, for the purpose of acting upon such applications for adjustment, issuing such orders adjusting maximum prices and making such determinations of or affecting maximum prices as are set forth herein, except where such action affects selling units located in more than one region.

(1) Applications for adjustment of maximum prices pursuant to § 1499.18 (a) of the General Maximum Price Regulation, or any identical provision of any maximum price regulation, or pursuant to § 1499.114 of Maximum Price Regulation No. 165, as amended, (Services), or pursuant to §§ 1393.8 (a) and 1393.8 (b) of Maximum Price Regulation No. 154, as amended, (Ice).

(2) Orders of adjustment of the maximum prices reported by sellers pursuant to § 1499.3 (a) of the General Maximum Price Regulation, or any identical provision of any maximum price regulation, or § 1499.4b of the General Maximum Price Regulation, or §§ 1499.102 (c) or 1499.102 (d) or 1499.103 (d) of Maximum Price Regulation No. 165, as amended, (Services).

(3) Determinations of maximum prices pursuant to § 1499.3 (c) of the General Maximum Price Regulation or § 1389.154 (a) of Maximum Price Regulation No. 178, as amended, (Women's Fur Garments).

(b) Each Regional Administrator may, by issuing an "Order of Delegation under Administrative Order No. 25," delegate in whole or in part to a State Director or District Manager within his region the functions, duties, powers and authority conferred upon the Regional Administrator for the purpose of acting upon such applications for adjustment, issuing such orders adjusting maximum prices and making such determinations of or affecting maximum prices as are set forth herein. Within ten days after the issuance of such an order of delegation, a copy thereof shall be sent by the Regional Administrator to the Executive Officer for Price, Washington, D. C.

(1) Applications for adjustment of maximum prices pursuant to § 1499.18 (a) of the General Maximum Price Regulation or of any identical provisions of any maximum price regulation, or pursuant to § 1499.114 of Maximum Price Regulation No. 165, as amended, (Services), or pursuant to §§ 1393.8 (a) and 1393.8 (b) of Maximum Price Regulation No. 154, as amended, (Ice).

(2) Orders of adjustment of the maximum prices reported by sellers pursuant to § 1499.3 (a) of the General Maximum Price Regulation, or any identical provision of any maximum price regulation, or § 1499.4b of the General Maximum Price Regulation, or §§ 1499.102 (c) or 1499.102 (d) or 1499.103 (d) of Maximum Price Regulation No. 165, as amended, (Services).

(3) Determinations of maximum prices pursuant to § 1389.154 (a) of Maximum Price Regulation No. 178, as amended, (Women's Fur Garments).

(c) Any order issued or other action taken by any duly authorized officer pursuant to this delegation of authority shall have the same force and effect as if issued or taken by the Price Administrator.

Issued and effective this 1st day of September 1942.

[Order 15 Under Supplementary Regulation No. 1[1] of the General Maximum Price Regulation]

CHEMICAL SERVICE COMPANY

DISAPPROVAL OF REGISTRATION

An opinion in support of this order has been issued simultaneously herewith and has been filed with the Division of the Federal Register.

The following company applied for registration and approval of the Office of Price Administration in order that its sales and deliveries might be excepted from the provisions of the General Maximum Price Regulation pursuant to § 1499.26 (b) (1) of Supplementary Regulation No. 1.

Chemical Service Company, 235 Fourth Avenue, New York, N. Y.

Due consideration has been given to the application for registration and approval of Chemical Service Company and it has been found that said company does not meet the requirements of § 1499.26 (b) (1) of Supplementary Regulation No. 1. Therefore, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942 *it is hereby ordered:*

(a) That the said application for registration and approval of Chemical Service Company, 235 Fourth Avenue, New York, N. Y., be, and the same is, denied and disapproved.

(b) This Order No. 15 shall become effective September 2, 1942.

Issued this 1st day of September 1942.

AMERICAN POWER & LIGHT CO.

ORDER REQUIRING DISSOLUTION

In the matter of Electric Bond and Share Company, American Power & Light Company, Pacific Power & Light Company, Electric Power & Light Corporation, Utah Power & Light Company, National Power & Light Company, and Ebasco Services, Incorporated, respondents.

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 22nd day of August, A. D. 1942.

The Commission having on May 9, 1940 issued its Notice of and Order for Hearing instituting this proceeding pursuant to section 11 (b) (2) of the Public Utility Holding Company Act of 1935 and having issued supplementary orders dated June 7, 1940, and June 17, 1940; and

After hearings had been held in the above matter, the Commission having issued its order dated August 23, 1941, requiring the dissolution of Respondent National Power & Light Company and reserving jurisdiction as to the issues in the proceeding with respect to the other Respondents; and

Further hearings have been held in the above matter, and Counsel for the Respondents and for the Public Utilities Division having stipulated that the record may be closed with respect to Respondent American Power & Light Company, and that the Commission may proceed to enter its findings, opinion, and order with respect to the aforesaid Respondent; and

Counsel for the Respondent having waived any right to a trial examiner's report or to submit proposed findings of fact, oral argument or briefs with respect to the issues herein as respects the aforesaid Respondent; and

The Commission having examined the record herein and having considered all motions and objections urged by the Respondents and having this day made and filed its findings and opinion thereon, finding inter alia that the action hereinafter directed to be taken is necessary to ensure that the corporate structure and continued existence of Respondent American Power & Light Company shall not unduly or unnecessarily complicate the structure, or unfairly or inequitably distribute voting power among security holders, of the holding-company system of Electric Bond and Share Company;

It is ordered, That the motion filed by Counsel for Respondents to dismiss the Commission's notice of and order for hearing dated May 9, 1940 and supplementary order dated June 7, 1940, and to dismiss the within proceeding, be, and the same hereby is, denied as to Respondent American Power & Light Company; and that the motion filed by Respondents to strike various exhibits introduced in evidence by Counsel for the Public Utilities Division be, and the same hereby is denied as to Respondent American Power & Light Company; and that the exceptions noted by Respondents to rulings of the trial examiner during the course of the hearings be, and the same hereby are, overruled as to Respondent American Power & Light Company; and

It is further ordered, That the motion of Respondents to consolidate with the within proceeding a certain "Application for approval of Plan Under section 11 (e) of the Public Utility Holding Company Act of 1935" heretofore filed with this Commission by American Power & Light Company be, and the same hereby is denied; and

It is further ordered, Pursuant to section 11 (b) (2) of the Public Utility Holding Company Act of 1935, That the existence of American Power & Light Company shall be terminated and that said company shall be dissolved;

It is further ordered, That Respondent American Power & Light Company and Respondent Electric Bond and Share Company shall proceed with due diligence to submit to this Commission a plan or plans for the effectuation of this order, and shall take such other and further steps as may be necessary or appropriate to effectuate this order; and

It is further ordered, That jurisdiction be, and the same hereby is, reserved to enter such further orders as may be necessary or appropriate for the purpose of ensuring that the provisions of this order are carried out in a manner consistent with the public interest and the provi-

sions of the Act; and that jurisdiction be, and the same hereby is, reserved with respect to all issues in the within proceeding not resolved by the provisions of this order above set forth.

PLAN AND AGREEMENT EXECUTED BY CERTAIN OIL COMPANIES

THE ATTORNEY GENERAL:

Pursuant to the provisions of section 12 of Public Law 603, approved June 11, 1942, I enclose Plan and Agreement, dated July 4, 1942,[1] executed by Gulf Refining Company, Socony-Vacuum Oil Company, Incorporated, The Texas Company, Lion Oil Refining Company, and Premier Oil Refining Company of Texas.

The Plan and Agreement provides for the acquisition, financing, construction, completion, operation and maintenance of a ten-inch common carrier products pipeline, originating in the vicinity of El Dorado, Arkansas, and extending in a northeasterly direction approximately one hundred and fifty miles to a point on the Mississippi River near Helena, Arkansas.

The activities provided for in such Plan and Agreement have been undertaken by the affected persons, pursuant to the direction of the Petroleum Coordinator for War, issued under date of August 13, 1942, addressed to the above-named five signatory parties to the Plan and Agreement, and to Mr. W. Alton Jones, Chairman of the Temporary Joint Pipeline Managing Subcommittee, 122 East 42nd Street, New York, New York.

I hereby approve said Plan and Agreement for the purposes of section 12 of Public Law No. 603, approved June 11, 1942, and after consultation with you, I hereby find and so certify to you that the doing of any act or thing, or the omission to do any act or thing, by any person in compliance with my approval herein expressed, is requisite to the prosecution of the war.

DONALD M. NELSON, *Chairman.*

EXECUTIVE ORDER 9235

PROVIDING FOR THE EFFECTIVE UTILIZATION OF SUPPLIES AND EQUIPMENT BY GOVERNMENT AGENCIES

By virtue of the authority vested in me by Title I of the First War Powers Act, 1941 (Public Law 354—77th Cong.), by Title II of the Budget and Accounting Act, 1921 (42 Stat. 20), and as President of the United States, and for the purpose of providing such general direction and control over the use of supplies and equipment in the Executive branch of the Government as will insure the most economical and effective utilization thereof, it is hereby ordered as follows:

1. As used in this order:

(a) *Government agency* means any executive department, independent establishment, agency, commission, board, bureau, division, administration, service, or office of the Executive branch of the Federal Government, including any independent regulatory commission or board and any Government-owned or Government-controlled corporation.

(b) *Supplies and equipment* means any and all supplies, equipment, machines, commodities, accessories, parts, assemblies, or products of any kind in the possession of any Government agency, whether new or used, in use or in storage: *Provided*, that supplies and equipment which the Director of the Bureau of the Budget determines to be within the following categories shall not be subject to this order: (1) tactical supplies and equipment of the War Department, the Navy Department, or the United States Maritime Commission, (2) food and clothing, (3) construction materials acquired for the maintenance or construction of housing, electric power works or facilities, roads, reservoirs, or other physical improvements, (4) supplies and equipment acquired by any Government agency for transfer or export to any foreign government, and (5) supplies and equipment acquired from foreign or domestic sources for stock piling in connection with the war.

2. The Director of the Bureau of the Budget, acting through such assistants as he may designate, shall:

(a) Survey supplies and equipment in possession of Government agencies and the utilization thereof. For this purpose he may require the Government agencies to submit reports and estimates in such form and at such times as he may find necessary: *Provided*, that in making such surveys he shall utilize, subject to the approval of the Secretary of the Treasury, the services and facilities of the Procurement Division of the Treasury Department:

(b) Develop and promulgate such qualitative and quantitative standards with respect to supplies and equipment used by Government agencies as he may deem necessary to effectuate the purposes of this order;

(c) Require, when, in his opinion, such action is necessary or expedient, the transfer from one Government agency to another, for permanent or temporary use, of such supplies and equipment as he may determine to be surplus to the needs of one agency and essential to the needs of another agency;

(d) Consult with and seek the advice of the War Production Board in connection with the administration of paragraphs (a), (b), and (c) above;

(e) Issue such regulations and directives as may be necessary to effectuate this order.

3. The Procurement Division of the Treasury Department shall undertake such warehousing, rehabilitation, and physical distribution of supplies and equipment for Government agencies, and, in connection therewith, shall take over such Government warehouses, appurtenant facilities, and personnel used or employed by other Government agencies in the performance of these functions, together with such funds heretofore or hereafter provided therefor, as the Director of the Bureau of the Budget may approve.

EXECUTIVE ORDER 9236

TRANSFER OF THE SURVEY SHIP PATHFINDER TO THE NAVY DEPARTMENT AND TRANSFER OF CERTAIN PERSONNEL AMONG THE COAST AND GEODETIC SURVEY AND THE WAR AND NAVY DEPARTMENTS

By virtue of the authority vested in me by section 16 of the act of May 22, 1917, 40 Stat. 87 (U. S. C., title 33, sec. 855), and as President of the United States, and in view of the existing national emergency, it is hereby ordered as follows:

1. The survey ship PATHFINDER shall be transferred, upon completion of construction, from the Coast and Geodetic Survey to the service and jurisdiction of the Navy Department.

2. The following-named commissioned officers are hereby transferred from the Coast and Geodetic Survey to the service and jurisdiction of the War Department:

Lieut. Comdr. Glendon E. Boothe
Lieut. Comdr. Earle A. Deily
Lieut. Ector B. Latham
Lieut. Harry F. Garber.
Lieut. Dorland H. Konichek

3. The above-named officers shall, while under the jurisdiction of the War Department, serve under their commissions in the Coast and Geodetic Survey, and while so serving shall constitute a part of the active military forces of the United States and shall be under direct orders of the War Department and subject to the laws, regulations, and orders for the government of the Army so far as they may be applicable.

4. The above-named vessel and officers shall be returned to the Coast and Geodetic Survey when the present national emergency ceases to exist.

5. The following-named officers, transferred from the Coast and Geodetic Survey to the Navy Department by Executive Order No. 9187 of June 30, 1942,[1] are hereby returned to the service and jurisdiction of the Coast and Geodetic Survey:

Captain Paul C. Whitney
Captain Frederick B. T. Siems
Lieut. Comdr. Edgar H. Bernstein

6. Lieutenant Edwin C. Baum, who was transferred by Executive Order No. 9113 of March 28, 1942,[2] to the service and jurisdiction of the Navy Department, is hereby returned to the service and jurisdiction of the Coast and Geodetic Survey.

PART 802—SUGAR DETERMINATIONS

VIRGIN ISLANDS; SUGAR CANE FARMING PRACTICES, 1943

Determination of farming practices to be carried out in connection with the production of sugarcane of the 1943 crop year in the Virgin Islands, pursuant to the Sugar Act of 1937, as amended.

Pursuant to the provisions of section 301 (e) of the Sugar Act of 1937, as amended, the following determination is hereby issued:

§ 802.55a *Farming practices to be carried out in connection with the production of sugarcane of the 1943 crop year.* The requirements of section 301 (e) of the Sugar Act of 1937, as amended, shall be deemed to have been met with respect to any farm in the Virgin Islands if soil-conserving food crops for human consumption are grown during the period August 1, 1942, to January 31, 1943, on the type of land and in the manner set forth below:

(a) The land to be used for the production of the crops in question shall be land suitable for the production of sugarcane, and the acreage so used shall be equal to not less than 7% of the land on the farm on which sugarcane is growing at July 31, 1942 (but in no event less than one-tenth of an acre): *Provided, however,* That (1) not less than 80% of such acreage shall be planted to the types of leguminous food crops required under § 702.301 (e) (1) of the 1942 Agricultural Conservation Program Bulletin for the Insular Region and the balance planted to any other food crops therein specified, (2) the plants or vines of such food crops shall not be removed from the land on which grown, and (3) where row crops are to be grown on land of more than 6% average slope, the planting and cultivating shall be carried out along lines deviating not more than 2% from contour lines.

(b) The land devoted to the crops in question shall be suitably prepared by plowing or disking, adequately seeded, and cultivated in a workmanlike manner to assure a good stand at the time of maturity. (Section 301, 50 Stat. 910; 7 U.S.C. 1940 ed. 1131)

TITLE 10—ARMY: WAR DEPARTMENT

Chapter II—Aircraft

PART 21—USE OF ARMY AIRCRAFT

PASSENGERS IN ARMY AIRCRAFT

Sections 21.3[1] and 21.4[2] are hereby amended to read as follows:

§ 21.3 *Passengers in aircraft; authorization.* (a) Commanding officers of Army Air Forces stations or higher authority in the chain of command are authorized to permit personnel of the following categories to ride as passengers in Army aircraft under their control in the following circumstances:

(1) On flights which may extend beyond the local flying area.

(i) Military personnel of the Army of the United States, Navy, Marine Corps, Coast Guard, and personnel of the Army Specialist Corps and the Women's Army Auxiliary Corps.

(ii) Military and civilian personnel of foreign nations in cases involving war activities, including projects carried out under the Lend-Lease Act (55 Stat. 31).

(iii) Employees of government contractors and technical agencies acting as technical advisers to military authorities in cases involving war activities and where other means of appropriate transportation are not available.

(iv) Civilians whose flight in Army aircraft will facilitate the execution of Army Air Forces activities.

(v) Students, foreign or otherwise, undergoing instruction with or under supervision of the Army Air Forces, when such flights are a part of the authorized course of instruction.

(vi) Red Cross personnel when serving with the armed forces of the United States in the field both within and without the territorial jurisdiction of the United States.

(vii) Any person, in case of an emergency involving catastrophe or possible loss of life, when other means of transportation is not available. Full and complete report will be submitted by station commanders to the Commanding General, Army Air Forces, immediately upon completion of such flights.

(2) On flights which will not extend beyond the local flying area:

(i) Wives, mothers, and children of military personnel of the United States who hold aeronautical ratings and who are required in the performance of their duties to participate in regular and frequent flights. Such children must be 10 years of age or over and have the permission of a parent. These flights must not exceed two in number for any person during any calendar year.

(ii) Civilians participating in flight tests prescribed by the Army Air Forces.

(3) On flights within the continental limits of the United States and its territorial possessions upon application to and approval of the Commanding General, Army Air Forces:

(i) The Vice President or President pro tempore of the Senate, the Speaker of the House of Representatives, members of the Cabinet, Government officials, and civilian employees of the War Department and other governmental agencies in cases involving war activities.

(ii) Members of the Senate and House Military or Naval Affairs Committees, members of the Senate and House Subcommittees on Military or Naval Appropriations, the chairman of the Senate or House Committee on Appropriations and members of their Subcommittees on Deficiency Appropriations, on flights on official business in connection with the War Department.

(iii) Representatives of the pictorial and news disseminating agencies on flights which will benefit the War Department.

(4) All expenses incident to transporting the personnel of other departments or agencies, except committees of Congress, will be charged to the department or agency concerned. The transfer of funds will be arranged by the Commanding General, Army Air Forces.

(b) The commanding general of any theater, or any department, base command, defense command, or task force outside the continental limits of the United States may authorize any person to ride as a passenger in Army aircraft under his control when, in the opinion of such commanding general, this action is necessary or desirable in the Government interest. This authority may be delegated by commanders mentioned above to subordinate commanders. All persons so authorized except those in the Federal military or naval service will be required to sign the release specified in § 21.4 (b).

(c) The following passengers may be carried in Army aircraft under the conditions set out below:

(1) The High Commissioner to the Philippine Commonwealth, within the territorial limits of the Philippine De-

partment, upon request to and approval of the Commanding General, Philippine Department.

(2) United States ambassadors and ministers, or in their absence, chargés d'affaires, within the territorial limits of the country to which each is accredited. The ambassador or minister may designate a member of his staff to fly as a passenger with the military attaché in the conduct of urgent Government business, as his representative, when the ambassador or minister is unable to conduct this business personally, upon request to and approval of the military attaché concerned.

(3) Army Air Forces members of the United States military missions in Latin America are authorized to carry as passengers, on local flights within the jurisdiction of the mission, distinguished nationals of the country in which they are stationed, on the approval of the United States ambassador or minister, and at the discretion of the chief of the mission, members of the armed forces of the country in which they are stationed and students who are under their instruction. (R. S. 161; 5 U. S. C. 22) [Par. 1, AR 95–90, July 24, 1942]

§ 21.4 *Release from claim for injury or death.* (a) Civilians specified in § 21.3 (a) (1) (ii) (iii) and (iv) and persons specified in § 21.3 (a) (2), (3) (iii), (b), and (c) (3) will be required to sign the release form specified in (b) below, unless under the provisions of these regulations they are exempted from signing the form. Persons specified in § 21.3 (a) (1) (vii) will, when practicable, be required to sign the release form specified in paragraph (b) of this section, unless under the provisions of these regulations they are exempted from signing the form.

(b) The release required by paragraph (a) of this section will be prepared locally in the following form:

TITLE 24—HOUSING CREDIT

Chapter IV—Home Owners' Loan Corporation

[Bulletin 102]

PART 402—LOAN SERVICE DIVISION

INSURANCE LOSSES

Amending Part 402, Chapter IV, Title 24 of the Code of Federal Regulations. Sections 402.25–20 to and including 402.25–33 are amended to read as follows:

§ 402.25–20 *Definition of terms "loss" and "amount of loss."* The terms "loss" and "amount of loss" as used in this chapter for the purpose of establishing procedure or otherwise, shall be deemed to mean the amount paid by the insurance company or companies for the damage.

§ 402.25–21 *Proofs of loss.* The Regional Manager, the Assistant Regional Manager in Charge of Loan Service, or a duly appointed deputy, is authorized to sign proofs of loss for the Corporation to insurance companies when home owners will not, or through legal incapacity, cannot execute such proofs of loss; and to execute for the Corporation such other forms as may be required in connection with proofs of loss.

§ 402.25–22 *Emergency loss cases.* It is the obligation of the home owner and a condition of his insurance contract that he take such immediate steps as may be required to protect the property temporarily from further damage from any cause whatsoever after a loss, regardless of the estimated amount of such loss. It is customary practice of the insurance agents or company adjusters to assist the home owner in providing this protection.

In unusual cases, when emergency repairs are necessary and the home owner cannot arrange adequate protection for the property immediately, the Regional Manager, upon request, may give telegraphic or telephonic approval to effect the necessary emergency repairs.

§ 402.25–23 *Loss adjustments—home owner cases.* Representatives of the Corporation shall not confer or negotiate with insurance adjusters or insurance company representatives relative to the adjustment or settlement of losses on home owner properties unless directed to do so by the Regional Manager in cases where negotiations or conferences are necessary for emergency action or to expedite the settlement of cases in controversy. In any case where it is necessary for a representative of the Corporation to participate in adjustments, it is to be definitely understood that the Corporation will in no way waive any right it may have against the insurer.

Private adjusters. When home owners employ adjusters or attorneys to represent them in the adjustments of losses with the insurance company or companies, it must be understood that the fees or charges of such representatives are ordinarily not to be paid from loss proceeds. However, in unusual cases where the loss proceeds exceed all costs in connection with the restoration of the property to a condition satisfactory to the Corporation, such payments may be made in accordance with the provisions of § 402.22 (a) and sections thereunder.

§ 402.25–24 *Losses of $100 or less—home owner cases.* In cases where the total amount of the loss is $100 or less, the Corporation will not require notice of the loss, and restoration may be arranged for and carried out by the home owner who may receive the insurance loss draft direct from the insurance carrier. Exceptions are made in those cases wherein the insurer denies liability to the home owner or notice of foreclosure proceedings has been given to the insurance carrier.

Cases where the total amount of the loss is $100 or less and the Corporation is made the payee or one of the payees in the insurance loss draft, such draft should be referred to the Insurance Clerk who may transmit the draft to the Regional Treasurer for endorsement without recourse and transmittal to the home owners, in accordance with the provisions of § 402.25 (b).

§ 402.25–25 *Losses over $100—home owner cases.* All loss drafts where the total amount of the loss is over $100 shall be transmitted immediately to the Insurance Section. The Insurance Clerk shall ascertain from the insurance records whether or not the draft or drafts cover the entire adjustment and transmit such draft or drafts to the Regional Treasurer, indicating whether the same represents full or partial loss settlement. If, however, the Insurance Clerk finds that the records of the Accounting Division show that the indebtedness of the former home owner has been paid to the Corporation in full, he shall return the loss draft or drafts to the insurance agent or company without endorsement, accompanied by a statement that the indebtedness to the Corporation has been satisfied.

When the loss draft or drafts do not cover the entire adjustment, an appropriate entry shall be made in Block I, Form 115, and all further drafts covering the same adjustment shall be treated in like manner. Upon receipt of the full adjustment, the Insurance Clerk shall complete Block I, Form 115, and forward the form to the Control Supervisor.

Control Supervisor. The Control Supervisor shall review the manner in which the account has been maintained, the extent to which the loan balance has been reduced, the amount of the loss set forth in Block I, Form 115, as compared with the insurable value of the security property, the present status of the account, the Reconditioning Supervisor's reports and recommendation, where required, and complete Block II, Form 115, indicating his recommendation as to one of the following:

(a) That the loss draft or drafts be endorsed without recourse by the Regional Treasurer and forwarded to the home owner with Form 115–D.

(b) That the loss draft or drafts be deposited for credit to the Suspended Credits Account and disbursed upon vouchers prepared by the Loan Service Division.

(c) That the loss draft or drafts be deposited for credit to the Suspended Credits Account and used for the restoration of the property under the supervision of the Reconditioning Section in accordance with the provisions of Part 405 of this Chapter.

(d) That the proceeds of the loss draft or drafts be applied to the loan account.

Recommendations (a) and (b) shall not be made in any case where the amount of the loss is in excess of $300.

After the Control Supervisor has entered his recommendation, Form 115 shall be referred to the Regional Manager who shall indicate his decision in Block III. When the form is returned to the Control Supervisor, he shall transmit one copy of the form to the Regional Treasurer as direction to him of the disposition to be made of all the loss drafts listed in the form. The Control Supervisor shall indicate the closing of the case in Block V.

§ 402.25–26 *Disbursement of loss proceeds by Control Supervisor.* In cases where the Regional Manager authorizes the loss draft or drafts to be deposited for credit to the Suspended Credits Account and disbursed upon vouchers prepared by the Loan Service Division, the loss draft or drafts shall be forwarded by the Regional Treasurer to the home owner for endorsement with Form 115–E. When endorsed and returned, the loss draft or drafts shall be forwarded to the Regional Treasurer to be deposited for credit to the Suspended Credits Account.

Upon the receipt by the Corporation of Form 115–E properly completed by the home owner, disbursement may be made direct to the home owner for the items set forth in such form: *Provided,* That where the home owner lists a creditor whose bill is in excess of $100 disbursement shall be made direct to such creditor: *And provided further,* That where the Control Supervisor considers from his experience with the account that it would not be advisable to make disbursement direct to the home owner, disbursement may be made direct to the creditors listed on Form 115–E.

Lien waivers. Where disbursement is made direct to the home owner or to a creditor listed on Form 115–E, whose bill is $100 or less, lien releases or waivers need not be required by the Corporation. Where disbursement is made direct to a creditor listed in Form 115–E whose bill is in excess of $100, such an appropriate lien release or waiver or other form as may be approved by the Regional Counsel should be procured.

Disbursement procedure. The Control Supervisor shall prepare the necessary voucher or vouchers. Vouchers drawn payable to the home owner need not be forwarded to the home owner for execution of the payee's certificate, but in lieu of such certificate a copy of Form 115–E properly executed by the home owner shall be attached to the voucher. Where lien releases or waivers, or other forms are required, these shall be forwarded with the voucher to the payee for execution and return to the Control Supervisor. When disbursement is completed the lien releases or waivers, where required, shall be forwarded to the Regional Treasurer for filing in the loan file. Form 115–E may also be filed in the loan file.

In the event there should be a balance left over from the loss proceeds after disbursement has been made for restoration, such residue shall be handled in accordance with § 402.22 (a) and sections thereunder.

An inspection report of the property may be obtained when it is deemed necessary by the Control Supervisor.

§ 402.25–27 *Restoration referred to Reconditioning Section — home owner cases over $300.* In cases where the amount of the loss is in excess of $300 and the Regional Manager authorizes the loss proceeds to be used in the restoration of the security property, the Control Supervisor shall so advise the home owner and the case shall be referred to the Reconditioning Supervisor, together with one copy of Form 115.

When the Reconditioning Section has completed its handling of the case, it shall fill in that portion of Block V indicating what expenditures have been made and return Form 115 to the Control Supervisor. In the event there should be a balance left over from the loss proceeds after disbursement has been made for restoration, then such residue shall be handled in accordance with § 402.22 (a) and sections thereunder.

§ 402.25–30 *Subrogation agreements.* Where an insurance company claims non-liability to the home owner and also claims subrogation under its contract to the extent of the payment made to the Corporation as mortgagee, vendor, or trustee, the Regional Manager shall forward to the General Manager a full report of the facts, with an accompanying report on the legal aspects of the case prepared by the Regional Counsel. The General Manager, with the advice of the General Counsel, shall determine the disposition of the case and instruct the Regional Manager accordingly; but no separate subrogation agreement shall be executed on behalf of the Corporation unless required by the specific terms of the insurance contract or unless the General Counsel advises that under the particular circumstances, a special subrogation agreement would be advisable. Where payment of the loss is made by the insurance company subject to its claim of subrogation, the Regional Manager shall so notify the home owner and any other parties liable for the indebtedness, as well as the Supervising Auditor and the Regional Accountant and any other interested Department or Division of the Corporation.

§ 402.25–32 *Reinstatement after loss.* Reinstatement of insurance is required as follows:

(a) In cases where the loss is partially or entirely covered by direct policies, the home owner shall be requested to furnish reinstatement of that part of the loss covered by direct policies if such part of the loss is in excess of $200 and the remaining insurance in force is not sufficient to fulfill the requirements of the Corporation.

(b) In cases where the loss is partially or entirely covered by certificates, the insurer under contract will reinstate insurance for that part of the loss covered by certificates up to the amount of the certificates, without order from the Corporation.

Where the home owner has a Tax and Insurance Account and part of the loss is covered by direct policies, and reinstatement is not made of this part because the amount involved is $200 or less, the Regional Manager, if necessary, may issue a new Form 198 to reflect the change in the amount of insurance required.

Cancellation of reinstatement endorsements. In any case where insurance is reinstated by the insurer under contract without order from the Corporation, if it is found that the circumstances are such that the reinstatement of insurance should not have been made, the reinstatement endorsement should be returned to the insurer under contract for cancellation. Insurance so reinstated should not be in excess of the Corporation's requirements.

(Effective Sept. 1, 1942.)

PART 405—RECONDITIONING

INSURANCE LOSS RESTORATION

Amending Part 405, Chapter IV, Title 24 of the Code of Federal Regulations. Sections 405.01–50 to 405.01–57, inclusive, are amended to read as follows:

§ 405.01–50 *Inspection and reports—home owner cases over $300.* Where the amount or the estimated amount of the loss as shown on Form 115, or Form 115 marked "Preliminary" is in excess of $300, the Control Supervisor will refer the case to the Reconditioning Supervisor who, unless he has satisfactory information otherwise available, shall assign the case to a salaried inspector, if available, or to a fee inspector. The inspector shall make a complete and detailed list of necessary repairs to effect restoration on Form R–4D, estimate the cost thereof, obtain a statement as to the home owner's wishes concerning restoration, and return the form to the Reconditioning Supervisor. A copy of Form R–4D may be given to the home owner for adjustment purposes if he so requests, provided that the home owner is informed by the inspector that the furnishing of such copy in no way commits the Corporation to apply the loss proceeds to the restoration of the security property.

§ 405.01–51 *Restoration commenced by home owner prior to inspection.* If the inspection reveals that restoration by the home owner has been commenced without the prior knowledge of the Corporation, Form R–4D shall be prepared in the same manner as though the repairs had not been started and shall include a report of the scope and amount of work which the home owner contemplates and which is specified in any contract then under way. If the work to be done by the home owner appears sufficient to satisfactorily restore the security property, this fact shall be included on Form R–4D.

§ 405.01–52 *Restoration fully completed by home owner prior to inspection.* Where the inspection reveals that restoration has been fully completed without the prior knowledge of the Corporation, the inspector shall prepare Form R–4D, indicating thereon the cost necessary to effect proper restoration, the scope and amount of work which is specified on the contract between the home owner and contractor and in addition prepare and obtain the proper Form R–17A–B–C and the necessary receipts, releases, or waivers as required by the Legal Department. The inspector shall clearly inform the home owner and the contractor that the obtainment by the Corporation of the proper Form R–17A–B–C and the receipts, releases, and waivers required by the Legal Department is not to be understood as in any way committing the Corporation to apply the loss proceeds to the restoration of the security property. The inspector shall certify on Form R–4D whether the total cost of restoration incurred by the home owner is commensurate with the amount of reconditioning which was performed in restoring the security property and whether the restoration has been satisfactorily completed.

§ 405.01–54 *Application of loss proceeds to restoration.* Upon the receipt of a copy of Form 115 containing the Regional Manager's authorization for the application of the loss proceeds to the restoration of the security property, the Reconditioning Supervisor shall, where restoration has not previously been undertaken or completed by the home owner, approve the award of the contract and conduct of the work, within the amount of insurance funds available, to a contractor of the home owner's choice, acceptable to the Corporation, and otherwise handle the case in accordance with reconditioning procedure. Upon completion of the work and execution of Form R–17C by the home owner, such form together with receipts, releases, and waivers as required by the Legal Department and the inspector's final report and acceptance of the work shall be sent to the Reconditioning Section for preparation of vouchers and other final papers. When the Reconditioning Section has completed the handling of the case, the Reconditioning Supervisor shall indicate in Block V of the Copy of Form 115, the expenditures which have been made and return such copy of Form 115 to the Control Supervisor.

Modification procedure. Modifications of this procedure may be permitted by the Regional Manager when home owners desire to undertake restoration themselves with contractors and contracts of their own choice, provided the Reconditioning Section reviews and approves the specifications and contracts presented by the home owner and provided that such deviation from procedure does not jeopardize the interests of the Corporation.

Intermediate and final inspection. When the home owner utilizes the facilities of the Reconditioning Section, the Reconditioning Supervisor shall make the customary final inspection assignment to a Reconditioning Inspector, providing also for as many intermediate inspections as may be appropriate to the size and scope of the restoration contract.

Partial or complete restoration by home owner prior to Regional Manager's authorization. In cases where there has been partial or complete restoration of the security property by the home owner prior to the authorization by the Regional Manager for the application of the loss proceeds to the restoration of the security property, the Reconditioning Supervisor shall make such additional inspection assignments as he may deem necessary to protect the Corporation's interests and upon the receipt of proper Forms R–17A–B–C executed by the home owner and contractor, such lien waivers or releases as required by the Legal Department, where such forms and waivers or releases have not previously been received, the Reconditioning Supervisor shall cause to be prepared appropriate vouchers and other final papers. Upon completion of the case the Reconditioning Supervisor shall indicate in Block V of the copy of Form 115 the expenditures that have been made and return such copy of Form 115 to the Control Supervisor.

§ 405.01–55 *Supplementing loss proceeds—escrow account.* If the restoration contract is in an amount in excess of the insurance funds available, the home owner will be required to place an amount equal to the difference between the amount of the restoration contract and the insurance funds available in escrow for disbursement, according to approved procedure.

Advances. An advance may be made to the home owner to supplement insurance loss proceeds for the restoration of the security property; such advances shall be made in accordance with § 405.02 and sections thereunder.

(Effective September 1, 1942.)

(Secs. 4 (a), 4 (k), 48 Stat. 129, 132, as amended by section 13, 48 Stat. 647; 12 U.S.C. 1463 (a), (k), E.O. 9070, 7 F.R. 1529.)

TITLE 25—INDIANS

Chapter I—Office of Indian Affairs

PART 252—ARRANGEMENT WITH STATES, TERRITORIES OR OTHER AGENCIES FOR RELIEF OF DISTRESS AND SOCIAL WELFARE OF INDIANS

WELFARE SERVICES

Sec.
252.1 Commissioner to negotiate contracts.
252.2 Contracts, by whom executed.
252.3 State or other contracting agency furnish plan of operation.
252.4 Standards of service.
252.5 Personnel.
252.6 Financial statement.
252.7 Cooperative services.
252.8 Use of government property and facilities.

AUTHORITY: §§ 252.1 to 252.8, inclusive, issued under sec. 3, 48 Stat. 596, 49 Stat. 1458; 25 U.S.C. 454.

§ 252.1 *Commissioner to negotiate contracts.* The Commissioner of Indian Affairs may negotiate with State, territory, county or other welfare agencies for such agencies to provide welfare services, as contemplated by the Act of June 4, 1936 (49 Stat. 1458), for Indians residing within the particular State.

§ 252.2 *Contracts, by whom executed.* All contracts executed for the purposes of § 252.1 of this part shall be signed on behalf of the United States by the Commissioner of Indian Affairs. The proper officer of the State, territory, county or welfare agency shall execute the contract on its behalf. Evidence of the authority of such officer must accompany the contract. All contracts must be executed in quintuplicate. (They shall become effective only after approval by the Secretary of the Interior.)

§ 252.3 *State or other contracting agency furnish plan of operation.* A plan executed by the proper State or other agency entering into the contract shall accompany each instrument. This plan shall describe the services and assistance to be rendered under the terms of the contract. It shall include a budget showing the plan of expenditure of the funds to be turned over to the State or other agency. Upon the approval of the contract, no deviation from the plan shall be made unless approved in advance by the Commissioner of Indian Affairs.

§ 252.4 *Standards of service.* Standard of aid, care, and service rendered to the Indians under the contract shall not be less than those standards maintained by the State for other clients requiring similar aid, care and services.

§ 252.5 *Personnel.* The personnel employed for public welfare services to Indians under the contract shall be subject to the State merit system and to the approval of the Commissioner of Indian Affairs and the welfare authorities of the State, unless otherwise provided in the contract.

§ 252.6 *Financial statement.* Thirty days after the close of each fiscal year, the State or other agency to which funds have been furnished pursuant to the contract shall submit to the Commissioner of Indian Affairs a detailed financial statement showing all expenditures made pursuant to the contract. An explanation shall be contained of any deviation from the plan originally submitted by the agency. The records of the contractor shall be available for inspection by representatives of the Indian Service.

§ 252.7 *Cooperative services.* The Indian Service will maintain cooperative services through its superintendents and other personnel to further the purposes of the contract. When mutually agreed to in the contract, the Indian Service may maintain on its payroll one or more representatives whose duties shall be described in the contract and the salary and expenses of any such person or persons shall constitute part of the funds to be furnished to the State or other contracting agency.

§ 252.8 *Use of Government property and facilities.* The contract shall specify the terms upon which property, other facilities and equipment of the Government may be used by the State or other agency. All contracts which provide for the use of Government automobiles shall require that the particular State or other agency shall be responsible for the return of the equipment in as good condition as when received, excepting usual wear and tear and depreciation and such agency shall be responsible for all damage or injury done to property or persons and shall carry sufficient insurance to cover same and expressly relieve the Government of any and all liability for any such personal injury or property damages committed while such automobile is in the possession of the contracting agency.

OSCAR L. CHAPMAN,
Assistant Secretary of the Interior.

TITLE 30—MINERAL RESOURCES

Chapter VII—Defense Supplies Corporation

[Regulation No. 1]

PART 701—PETROLEUM COMPENSATORY ADJUSTMENTS

WARTIME INCREASES IN COSTS OF SUPPLYING PETROLEUM AND PETROLEUM PRODUCTS FOR USE IN EASTERN UNITED STATES

Sec.
701.1 Definitions.
701.2 Persons eligible to apply for petroleum compensatory adjustments.
701.3 Filing application for compensation.
701.4 Inspection and payment of claims.
701.5 Extra transportation and compensable product costs.
701.6 Effective date.

AUTHORITY: §§ 701.1 to 701.6 inclusive, issued under sec. 5d of the Reconstruction Finance Corporation Act, as amended, 52 Stat. 212, 54 Stat. 573; 15 U.S.C. 606b; 6 F.R. 2972.

§ 701.1 *Definitions.* When used in this regulation, the following terms shall have the following meanings:

(a) "District One" means the States of Connecticut, Delaware, Florida, Georgia, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, North Carolina, Pennsylvania, Rhode Island, South Carolina, Vermont, Virginia, West Virginia, and the District of Columbia.

(b) "District Two" means the States of Illinois, Indiana, Iowa, Kansas, Kentucky, Michigan, Minnesota, Missouri, Nebraska, North Dakota, Ohio, Oklahoma, South Dakota, Tennessee, and Wisconsin.

(c) "District Three" means the States of Alabama, Arkansas, Louisiana, Mississippi, New Mexico, and Texas.

(d) "Crude" means crude petroleum.

(e) "Compensable products" means all grades of gasoline, kerosene (including range oil and stove oil), distillate fuel oils (including gas oils) and residual fuel oils.

(f) "Aviation gasoline" means aviation gasoline of 91 octane, A. S. T. M. or higher and all hydrocarbon components thereof.

(g) "Import" means to move on or after August 1, 1942, crude or compensable products from any point outside District One to any point in District One.

(h) "Normal method of transportation" means the use of ocean going tankers, either alone or in conjunction with other facilities which would have been used in normal times and in the absence of a tanker shortage in moving crude or compensable products from a point of origin outside of District One to any refinery, terminal, bulk plant or other place in District One.

(i) "Substitute method of transportation" means the use of tankers, lake steamers, tank cars, barges, pipe lines, trucks, or other facilities, or a combination of any such facilities, in lieu of a normal method of transportation in moving crude or compensable products from a point of origin outside District One to any refinery, terminal, bulk plant or other place in District One, which in normal times and in the absence of a tanker shortage would have been supplied by a normal method of transportation.

(j) "Normal origin," in the case of both crude and compensable products shall be deemed to be aboard tanker at the U. S. Texas Gulf Coast.

(k) "Actual origin," except in the case of purchased crude or of purchased compensable products, means the well producing the crude imported into District One by the substitute method of transportation, or the refinery (which term shall include natural gasoline plants) manufacturing the compensable products imported into District One by the substitute method of transportation and, in the case of the purchase of crude or of compensable products, means the point at which such crude or compensable products are delivered to buyer under the sale. For the purpose of this definition the acquisition of crude or compensable products under an exchange shall not be deemed a purchase.

(l) "Claim" means a claim for extra transportation and compensable product costs computed in accordance with §701.5.

(m) "Ceiling price" or "ceiling rate" means the maximum price or maximum rate prescribed by the Office of Price Administration or in effect under any regulation, schedule or order issued by the Office of Price Administration.

(n) "Person" means an individual, corporation, partnership, association, or legal successor or representative of any of the foregoing, but shall not include the United States or any of its political subdivisions or any Agency thereof, or any other Government or any of its political subdivisions or any Agency thereof.

§ 701.2 *Persons eligible to apply for petroleum compensatory adjustments.* A person who produces, manufactures, acquires or purchases crude or compensable products in Districts Two or Three and imports the same, by substitute method of transportation, for manufacture or sale within District One, may file an application for a petroleum compensatory adjustment on account of any claim for extra costs covered by this regulation. In addition to the above, any person who, during the twelve months' period ending June 30, 1941, regularly imported compensable products for his own consumption within District One and who imports, by substitute method of transportation, compensable products from Districts Two or Three for his own consumption in Dis-

trict One shall likewise be eligible to file an application for a petroleum compensatory adjustment under this regulation.

§ 701.3 *Filing application for compensation*—(a) *Place of filing.* Applications for petroleum compensatory adjustments shall be filed with Defense Supplies Corporation, 33 Liberty Street, New York, New York, or such other place as may later be designated.

(b) *Time of filing.* Extra transportation costs and extra compensable product costs incurred during any calendar month shall be accumulated until the end of the month and applications for petroleum compensatory adjustments on account of such costs shall be filed on or before the last day of the second calendar month following the month in which such costs were incurred.

(c) *Form of application.* All applications for petroleum compensatory adjustments shall be filed in quadruplicate on forms approved by Defense Supplies Corporation, and all information and supporting documents therein provided for shall be supplied, except that information required need not be restated after such information has once been included in a previous application filed pursuant to this regulation, provided reference is made to such previous application. A separate application shall be filed for claims accruing during each calendar month.

§ 701.4 *Inspection and payment of claims*—(a) *Advance.* As soon as an application is submitted it shall be determined by Defense Supplies Corporation whether it comes within the provisions of this regulation, and whether it appears to have been correctly and accurately prepared. If after such preliminary examination the application or any part thereof is accepted by Defense Supplies Corporation subject to final verification, then Defense Supplies Corporation will advance to the applicant 75% of that part of the claim so accepted.

(b) *Final payment of claims.* Upon receipt of any application it will be referred to accountants who will make such examinations and audits of any books, records and other supporting data as may be necessary to ascertain the facts or as may be required by Defense Supplies Corporation. Upon verification of the claims contained in any application and approval by Defense Supplies Corporation, the corporation will pay to the applicant the amount of the verified claim less any advance previously made thereon. If the verified claim does not equal or exceed the amount of any advance made thereon, the applicant shall, upon demand, return to Defense Supplies Corporation the amount of the deficiency, and no further advances or payments shall be made to such applicant until such deficiency has been returned.

(c) *Petitions for reconsideration or interpretation.* (1) Should any claim be rejected in whole or in part or should any applicant desire an interpretation of this regulation then the applicant may request the Defense Supplies Corporation to reconsider its action or to issue an interpretation. If the request is in connection with a rejected claim, it must be filed within thirty (30) days after such claim is rejected. Such request shall be addressed to Defense Supplies Corporation, 33 Liberty Street, New York, New York, or such other place as may later be designated and shall state clearly and concisely the question involved and the applicant's views thereon.

(2) Upon the announcement of any decision or interpretation issued hereunder any applicant may within thirty (30) days apply to Defense Supplies Corporation for the right to modify or revise any claims theretofore filed which are affected by such decision or interpretation and which accrued within the period of ninety (90) days immediately preceding the first of the month following date when the decision or interpretation was announced. If Defense Supplies Corporation finds justification for reopening the claim it shall so notify the applicant and the latter may thereupon submit a new application for a petroleum compensatory adjustment which shall be processed in the same manner as though submitted within the required time.

§ 701.5 *Extra transportation and compensable product costs*—(a) *Amount of compensatory adjustment.* (1) Extra transportation and compensable product costs shall be computed on the basis of the crude or compensable products actually moved by the substitute method of transportation. The amount of the claim in case crude or aviation gasoline is imported shall be equal to the excess of (i) the cost of transporting crude or aviation gasoline from the actual origin to the destination in District One by the substitute method of transportation, over (ii) the cost of transporting similar crude or aviation gasoline from the normal origin to the same destination in District One by the facilities which would have been used under the normal method of transportation plus in the case of crude but not in the case of aviation gasoline, the normal weighted average cost of the pipe line movement (including gathering charges) of crude from the various fields normally supplying the Gulf Coast area to the tanker, which average rate will be determined and hereafter announced by Defense Supplies Corporation. The amount of the claim in case compensable products other than aviation gasoline are imported shall be equal to the excess of (*a*) the value of such compensable products at the actual origin plus the cost of transporting such compensable products from the actual origin to the destination in District One by the substitute method of transportation, over (*b*) the value of similar compensable products at the normal origin plus the cost of transporting similar compensable products from the normal origin to the same destination in District One by the facilities which would have been used under the normal method of transportation.

(2) Any person submitting an application for petroleum compensatory adjustments who is not a participant in the plan for the equitable sharing of revenues and extra transportation expenses adopted and approved March 12, 1942 under Recommendation No. 12, as amended, signed by the Deputy Petroleum Coordinator for War on March 12, 1942 (Title 32—National Defense, Chapter XIII—Office of Petroleum Coordinator for National Defense), shall account for all revenue computed in accordance with the terms of the plan as though such applicant became a participant on August 1, 1942.[1] The revenue to be accounted for by a consumer submitting an application for a petroleum compensatory adjustment shall be computed on the basis of the volume of petroleum products imported into District One in lieu of the actual sales made in District One as provided in said plan. The amount of any such revenue shall be deducted from the amount of any claims for which an application is filed hereunder.

(b) *Method of determining value of compensable products other than aviation gasoline*—(1) *Value at the actual origin.* (i) If purchased by the applicant the value of compensable products at the actual origin shall be the price paid therefor.

(ii) If acquired by the applicant under an exchange the value of compensable products shall be the supplier's prevailing wholesale price[2] in effect at the point of actual origin for such product on date of acquisition.

(iii) If manufactured by the applicant the value of compensable products shall be the applicant's prevailing wholesale price[2] in effect at point of actual origin for such product on date of shipment. *Provided,* That the value at the actual origin shall not exceed the lower of the prices determined as follows:

(*a*) If the actual origin is in District Three, the value of similar compensable products at the normal origin as determined under the provisions of paragraph (b) (2) of this section.

(*b*) The applicable ceiling price for such compensable products in effect on date of shipment.

(c) The prevailing market price. The applicant shall obtain from the seller and such other sources as are available to him such evidence as he is able to obtain as to the prevailing market price and shall submit such evidence with his application.

(2) *Value at the normal origin.* (i) The value of compensable products at the normal origin shall be as follows:

Product:	*Value (cents per gallon)*
Motor gasoline:	
80 octane (1939 research method) 60–62 gravity, maximum 400 end point:	6.000
72–74 octane ASTM, leaded	5.750
68–70 octane ASTM, unleaded	5.750
65–67 octane ASTM, unleaded	5.250
60–64 octane ASTM, unleaded	5.000
Kerosene, 41–43 waterwhite	3.875
Range oil and stove oil	3.875
No. 1 fuel oil	3.875
No. 2 fuel oil	3.750
No. 3 fuel oil	3.750
No. 4 fuel oil	3.750
Gas oils:	
Diesel index, 52 and below	4.125
Diesel index, 53–57	4.250
Diesel index, 58 and above	4.375
	(Per barrel)
No. 5 fuel oil	$1.05
Navy special fuel oil	1.05
No. 6 fuel oil	.85
Bunker C. fuel oil	.85

(ii) In the case of any compensable product, other than those specified above in this paragraph, applicant shall procure and submit with his application a statement from the Office of Price Administration as to the price which will be considered as the value of the compensable products at the normal origin.

(c) *Method of determining extra transportation costs.* (1) Transportation costs, under both the normal and substitute methods of transportation, shall be computed on the basis of the crude or compensable products actually moved by the substitute method of transportation, and shall be computed to the first actual delivery point in District One which is common to both methods. Except as hereinafter provided only costs computed or incurred in respect of the use of the following facilities may be included in an application for compensatory adjustments for extra transportation costs. The costs for the use of any facilities shall be computed on the bases prescribed below:

Facilities used:	*Rate or cost to be used in computation*
Pipe line (Gathering or trunk line).	Rate prescribed by or on file with an authorized regulatory body for the movement and material involved, or in the absence of such a rate, then the actual cost of the movement.
Tanker	The maximum voyage charter rate for the material and voyage involved as prescribed by the United States Maritime Commission or the War Shipping Administration.
Tank cars	Freight paid.
Facilities used—Con.	*Rate or cost to be used in computation*
Barges	Rates prescribed by or on file with an authorized regulatory body for the voyage and material involved, or in the absence of such a rate, then the actual cost of the movement: *Provided,* That such rate or cost shall not exceed any applicable ceiling rate.
Lake steamers	Rates prescribed by or on file with an authorized regulatory body for the voyage and material involved, or in the absence of such a rate, then the actual cost of the movement: *Provided,* That such rate or cost shall not exceed any applicable ceiling rate.
Trucks and other transportation facilities.	Actual cost of the movement, provided, that such cost shall not exceed any applicable ceiling rate.

If, upon the written request of the Office of Defense Transportation or the Office of Petroleum Coordinator for War specifically directing that in-transit-storage be used in connection with a substitute method of transportation for the purpose of increasing the efficient use of available transportation facilities, a person shall incur in-transit-storage charges which would not have been incurred under a normal method of transportation then the actual cost thereof may be included in an application for compensatory adjustments for extra transportation costs. Loading and unloading costs, terminaling charges, tank car rentals, tank car mileage earnings and storage charges, except in-transit-storage charges referred to above, which may be related to any movement shall be excluded from all computations.

(2) When products are acquired in District One under an exchange, the claim shall be presented in such form as to show all facts concerning the exchange. Thereafter proper method for determining compensation will be prescribed and the prescribed method will be used in determining all future claims in connection with further exchanges under the same arrangement.

§ 701.6 *Effective date.* This Petroleum Compensatory Adjustment Regulation No. 1 shall become effective as of August 1, 1942.

Issued this 31st day of August 1942.

DEFENSE SUPPLIES CORPORATION,
By H. A. MULLIGAN,
President.

[F. R. Doc. 42–8650; Filed, September 2, 1942; 4:18 p. m.]

[1] Any person who is not participating in the plan for the equitable sharing of revenues and extra transportation expenses referred to above but who desires to obtain benefit of such plan for the period September 4, 1941 to July 31, 1942, or for the period March 20, 1942 to July 31, 1942 may become a participant in such plan. If any such person is not eligible for participation under the present plan it is understood that an amendment is now under consideration which will permit such participation. A proper accounting for all revenues may thereupon be made under the terms of the plan and claims for all extra transportation expenses accruing prior to August 1, 1942 may be filed under the terms of such plan.

[2] "Wholesale price" as used above means the lowest price at the actual origin for sales to resellers by the same method of shipment as that involved under the substitute method of transportation.

PART 1047—PETROLEUM MATERIAL CONSERVATION

[Supplementary Order M–68–6]

HUGOTON FIELD

Whereas, the prosecution of the war requires the immediate use in emergency activities of vast quantities of steel, nonferrous metals, rubber and other critical materials, and it is imperative to an effective prosecution of the war that the production of petroleum be conducted under circumstances and conditions which will assure a maximum recovery of petroleum and associated hydrocarbons and which will not involve a wasteful and inefficient use of the limited quantities of critical materials; and

Whereas, conservation of materials by means of the restrictions hereinafter ordered in the use of such material in the production of petroleum is necessary in order to maintain the production of petroleum for war uses and essential civilian services and to assure a minimum expenditure of scarce equipment; *Now, therefore, it is hereby ordered*, That:

§ 1047.11 *Supplementary Order M–68–6*—(a) *Definitions.* The definitions of Conservation Order M–68,[1] as amended from time to time, shall apply in this order.

(b) *Wells drilled in portions of the States of Kansas and Oklahoma.* The provisions of paragraph (c) (8) of Conservation Order M–68, as amended, shall not apply to any case where material is to be used by any person to drill, complete, or provide additions to any well in any discovered or undiscovered natural gas field in the counties of Kearney, Finney, Grant, Haskell, Morton, Stevens or Seward in the State of Kansas, or in Texas County in the State of Oklahoma.

(c) *Violations or false statements.* Any person who wilfully violates any provision of this order or who wilfully furnishes false information to any department or agency of the United States in connection with this order is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of or from processing or using material under priority control and may be deprived of priorities assistance by the Director General for Operations.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 3d day of September 1942.

PART 3065—SILICA GEL

[General Preference Order M–219]

§ 3065.1 *General Preference Order M–219*—(a) *Definitions.* For the purposes of this order:

(1) "Silica gel" means any partially dehydrated form of colloidal silicon dioxide, excluding, however, silica gel manufactured specifically for catalytic purposes.

(2) "Producer" means any person engaged in the production of silica gel and includes any person who has such material produced for him pursuant to toll agreement.

(3) "Distributor" means any person who has purchased or purchases silica gel for resale.

(4) "Implements of war" means combat end-products, complete for tactical operations (including, but not limited to, aircraft, ammunition, armaments, weapons, merchant and naval ships, tanks and vehicles) and any parts, assemblies, and material to be incorporated in any of the foregoing items. This term does not include facilities or equipment used to manufacture the foregoing items.

(b) *Restrictions on use and delivery.* (1) On and after October 1, 1942, no person shall deliver, or accept delivery of, any silica gel except as specifically authorized by the Director General for Operations upon application pursuant to paragraph (c) hereof.

(2) Each person accepting delivery of any silica gel pursuant to specific authorization of the Director General for Operations shall use the same only for the purposes specified in such authorization.

(3) Each person affected by this order shall comply with such directions as may be given from time to time by the Director General for Operations, with respect to the use or delivery of any silica gel.

(c) *Applications and reports.* In addition to such other reports as may from time to time be required by the Director General for Operations:

(1) Each person seeking authorization to accept delivery of any silica gel pursuant to paragraph (b) (1) hereof shall apply therefor on Form PD–600. Such applicant shall file with the War Production Board the original and two copies of such form on or before the 20th day of the month preceding the month for which authorization for acceptance of delivery is requested and shall file with his supplier one copy of such form on or before the 15th day of such month if the supplier is a producer or on or before the 10th day of such month if the supplier is a distributor, which form shall be prepared in the manner prescribed therein, subject to the following specific instructions:

(i) *Heading.* Specify "silica gel" and order number "M–219" and specify pounds as the unit of measure and in addition to giving the delivery destination, indicate the address to which communications should be sent.

(ii) *Columns 1, 11 and 19.* Specify "fines" or mesh size.

(iii) *Column 3.* Specify "silica gel".

(iv) *Column 4.* In the case of a distributor, specify "resale subject to further authorization." In the case of a consumer, specify:

Packaging implements of war.
Dehumidification of air space in ships.
Dehydration of foods.
Preparation of pharmaceuticals.
Generation of oxygen.
Deleading of gasoline.
Gas mask manufacture.
Preparation of blood plasma.
Refrigeration.
Air conditioning.
Other.

If "other" is specified, describe briefly.

(2) Each producer and distributor seeking authorization to deliver any silica gel shall apply therefor on Form PD–601. Such applicant shall file with the War Production Board the original and two copies of such form on or before the 20th day of the month preceding the month for which authorization to deliver is requested, which form shall be prepared in the manner prescribed therein, subject to the following specific instructions:

(i) *Heading.* Specify "silica gel" and order number "M–219" and specify pounds as the unit of measure and in addition to giving the plant or warehouse address, indicate the address to which communications should be sent.

(ii) *Columns 3 and 8.* Specify "fines" or mesh size.

(d) *Notification of customers.* Producers and distributors of silica gel shall, as soon as practicable, notify each of their regular customers of the requirements of this order, but failure to give such notice shall not excuse any such person from complying with the terms hereof.

(e) *Miscellaneous provisions*—(1) *Intra-company deliveries.* The prohibitions and restrictions of this order with respect to deliveries of silica gel, shall apply not only to deliveries to other persons, including affiliates and subsidiaries, but also to deliveries from one branch, division or section of a single enterprise to another branch, division or section of the same or any other enterprise under common ownership or control.

(2) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact, or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(3) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Chemicals Branch, Washington, D. C. Ref.: M–219.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 3d day of September 1942.

PART 1421—IRON AND STEEL FOUNDRY PRODUCTS

[Maximum Price Regulation 214]

HIGH ALLOY CASTINGS

In the judgment of the Price Administrator it is necessary and proper to establish maximum prices for sales of high alloy castings. Such action is required as the General Maximum Price Regulation [1] does not provide a satisfactory method for the pricing of high alloy castings and the Price Administrator has ascertained and given due consideration to the prices of high alloy castings prevailing between October 1 and October 15, 1941 and has determined that those prices are generally more fair and equitable than the prices established by the General Maximum Price Regulation, and has made adjustments for such relevant factors as he has determined and deemed to be of general applicability. So far as practicable, the Price Administrator has advised and consulted with representative members of the industry which will be affected by this regulation.

In the judgment of the Price Administrator the maximum prices established by this regulation are and will be generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942. A statement of the considerations involved in the issuance of this regulation has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Therefore, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, and in accordance with Procedural Regulation No. 1,[2] issued by the Office of Price Administration, Maximum Price Regulation No. 214, is hereby issued.

AUTHORITY: §§ 1421.1 to 1421.19 inclusive issued under Pub. Law 421, 77th Cong.

§ 1421.1 *Maximum prices for high alloy castings.* (a) On and after September 7, 1942, regardless of any contract, agreement, lease or other obligation, no producer shall sell or deliver high alloy castings and no person shall buy or receive high alloy castings from a producer in the course of trade or business, at prices higher than the maximum prices set forth in Appendix A hereof, incorporated herein as § 1421.15 and no person shall agree, offer, solicit or attempt to do any of the foregoing. The provisions of this section shall not be applicable to sales or deliveries of high alloy castings by a producer to a purchaser if prior to September 7, 1942, such high alloy castings had been received by a carrier, other than a carrier owned or controlled by the producer for shipment to such purchaser.

(b) If upon the purchase of any high alloy casting the purchaser shall receive from the seller or supplier a written affirmation that to the best of his knowledge, information and belief the price charged does not exceed the maximum price established by this Maximum Price Regulation No. 214, and if in such case the purchaser shall have no knowledge of the maximum price and no cause to doubt the accuracy of the affirmation, the purchaser shall be deemed to have complied with this section.

§ 1421.2 *Less than maximum prices.* Lower prices than those set forth in Appendix A (§ 1421.15) may be charged, demanded, or offered.

§ 1421.3 *Conditional agreements and adjustable prices.* No producer shall enter into an agreement permitting the adjustment of the prices to prices which may be higher than the maximum prices provided by § 1421.1, in the event that this Maximum Price Regulation No. 214 is amended or is determined by a court to be invalid or upon any other contingency: *Provided,* That where a petition for amendment or for adjustment or for

exception has been made pursuant to § 1421.8 a producer may make sales, deliveries or offers of sale at prices adjustable in accordance with the disposition of the petition for amendment or for adjustment or exception.

§ 1421.4 *Evasion.* The price limitations set forth in this Maximum Price Regulation No. 214 shall not be evaded, whether by direct or indirect methods, in connection with an offer, solicitation, agreement, sale, delivery, purchase or receipt of or relating to high alloy castings alone or in conjunction with any other commodity or by way of commission, service, transportation, or other charge, or discount, premium or other privilege, or by tying-agreement or other trade understanding or otherwise; without limiting the foregoing the price limitations set forth in this Maximum Price Regulation No. 214 shall not be evaded by improper classification, unnecessary pattern changes, improper application of extras, exchange of patterns or division of orders to obtain more favorable quantity differentials.

§ 1421.5 *Records and reports.* (a) Every person making purchases from a producer and every producer making sales of high alloy castings in the course of trade or business on and after September 7, 1942, shall keep for inspection by the Office of Price Administration for a period of not less than two years, complete and accurate records of each such purchase or sale, showing the date thereof, the name and address of the buyer or the seller, either the shipping point or delivered price paid or received, and transportation charges or allowances, if any.

(b) Every producer of high alloy castings shall preserve and keep for inspection by the Office of Price Administration all of its records in regard to sales of high alloy castings made between July 15, 1941 and October 15, 1941, inclusive.

(c) Every producer shall preserve and keep for inspection by the Office of Price Administration all of its records in regard to its labor rates for each class of laborers and its material costs and machine hour rates prevailing and in effect at each of its foundries and machine shops, between October 1 and October 15, 1941 together with its records in regard to the methods used for figuring or estimating burden or overhead, delivery charges or allowances, and selling and administrative expense customarily used between October 1 and October 15, 1941.

(d) Persons affected by this Maximum Price Regulation No. 214 shall submit such reports to the Office of Price Administration as it may, from time to time require.

§ 1421.6 *Filing.* (a) Each producer shall file with the Iron and Steel Branch, Office of Price Administration, Washington, D. C., on or before September 25, 1942: (1) its published price lists and schedules, tentative or subject to change or otherwise, for high alloy castings and for extras or machining thereon insofar as such lists and schedules were distributed and outstanding with one or more of such producer's customers between July 15, 1941 and October 15, 1941, inclusive, and (2) a statement of its established practice between July 15, 1941 and October 15, 1941 of making allowances or discounts to any purchasers or classes thereof. If a producer had no such lists or schedules, or had no established practice of making allowances or discounts, he shall file a statement to that effect.

(b) Each producer, who had in effect between July 15, 1941 and October 15, 1941, inclusive, established and customary quantity or alloy or carbon content price differentials for any or all high alloy castings produced and sold by him, shall file with the Iron and Steel Branch, Office of Price Administration, Washington, D. C., on or before September 25, 1942, a statement listing or describing such quantity or alloy or carbon content price differentials and the types of high alloy castings to which such differentials applied. If a producer had no such quantity or alloy or carbon content price differentials, he shall file a statement to that effect.

(c) Each producer, who customarily let out machining work on high alloy castings to independent machine shops between October 1 and October 15, 1941, shall file with the Iron and Steel Branch, Office of Price Administration, Washington, D. C., on or before September 25, 1942 a statement of his customary method, in effect between October 1 and October 15, 1941, of computing charges for the machining of high alloy castings in cases where the machining has been let out to an independent machine shop. If a producer did not customarily let out machining work to independent machine shops between October 1 and October 15, 1941, he shall file a statement to that effect.

§ 1421.7 *Enforcement.* (a) Persons violating any provisions of this Maximum Price Regulation No. 214 are subject to the criminal penalties, civil enforcement actions and suits for treble damages provided for by the Emergency Price Control Act of 1942.

(b) Persons who have evidence of any violation of this Maximum Price Regulation No. 214 or any price schedule, regulation or order issued by the Office of Price Administration or any acts or practices which constitute such a violation are urged to communicate with the nearest field or regional office of the Office of Price Administration or its principal office in Washington, D. C.

§ 1421.8 *Petitions for amendment, adjustment and exception.* (a) Any producer who has entered into or proposes to enter into a contract for the sale of high alloy castings, who believes that the maximum price for such high alloy casting as established by this Maximum Price Regulation No. 214 impedes or threatens to impede the production of high alloy castings which are essential to the war program and which are or will be the subject of a contract for production essential to the war program may petition for, and the Price Administrator may grant, adjustment of the maximum price. The petition for adjustment pursuant to this paragraph shall be made on Form No. 314:1 set out in Appendix D, incorporated herein as § 1421.18, or on a copy of said Form made by petitioner, and separate forms shall be used for each high alloy casting of different design or specification. Petitions for such adjustment must be filed in accordance with Procedural Regulation No. 1 [3] issued by the Office of Price Administration. After a petition has been filed and pending the issuance of an order granting or denying the petition, the petitioner may enter into or offer to enter into contracts and may make deliveries at the price requested in the petition. If the order issued denies the petition in whole or in part, the contract price shall be revised downward to the maximum price ordered; and if any payment has been made at the requested price, the petitioner shall refund the excess.

(b) The Price Administrator may grant an exception permitting a producer to make charges for machining of high alloy castings performed by such producer sufficient in amount to permit such producer to recover: (1) his cost of labor directly expended on and applicable to the machining of high alloy castings; (2) his cost of material directly expended on and applicable to the machining of high alloy castings; and (3) other costs necessary to bring the machining of high alloy castings to a state of physical completion in the machine shop. An exception under this paragraph may be granted only in cases where the producer shows to the satisfaction of the Price Administrator that such costs were customarily being recovered by him between October 1 and October 15, 1941 or that the percentage of such costs currently being recovered at the time of the petition hereunder is less than that customarily recovered by him between October 1 and October 15, 1941 to such a degree as to work a substantial hardship. Petitions for such exceptions must be filed in accordance with Procedural Regulation No. 1 [3] issued by the Office of Price Administration.

(c) The Price Administrator may grant an exception permitting a producer to charge more than the maximum price set forth in this Maximum Price Regulation No. 214 in cases where the producer shows that he must otherwise absorb abnormally high transportation costs resulting from the emergency demands of war. In all such cases the petitioner shall submit a description of the shipment or shipments, the reasons why the shipment or shipments bear abnormally high transportation costs, the price or proposed price, the transportation costs and the

[4] *Supra*, note 2.

relation of such shipment or shipments to the war effort. Petitions for such exceptions must be filed in accordance with Procedural Regulation No. 1 [4] issued by the Office of Price Administration.

(d) Persons seeking any modification of this Maximum Price Regulation No. 214 or an adjustment or exception not provided for therein, may file petitions for amendment in accordance with the provisions of Procedural Regulation No. 1,[4] issued by the Office of Price Administration.

§ 1421.9 *Federal and state taxes.* There may be added to the maximum price established by this Maximum Price Regulation No. 214 the amount of tax levied by any Federal excise tax statute or any state or municipal sales, gross receipts, gross proceeds, or compensating use tax statute or ordinance, under which the tax is measured by gross proceeds or units of sale, if, but only if, (1) such statute or ordinance requires the vendor to state the tax separately from the purchase price paid by the purchaser, consumer, or user, on the bill, sales check, or evidence of sale, at the time of the transaction; or (2) such statute or ordinance requires such tax to be separately paid by the purchaser, consumer or user with tokens or other media of state or municipal tax payment; or (3) such a statute or ordinance permits the vendor to state such tax separately, and such tax is in fact stated separately by the vendor. The amount of tax permitted to be added by this section shall in no event exceed that paid by the purchaser, consumer, or user.

§ 1421.10 *Applicability of General Maximum Price Regulation.* The provisions of this Maximum Price Regulation No. 214 supersede the provisions of the General Maximum Price Regulation [5] with respect to sales and deliveries for which maximum prices are established by this regulation.

§ 1421.11 *Sales for export.* The maximum price at which a producer may export high alloy castings shall be determined in accordance with the provisions of the Maximum Export Regulation [6] issued by the Office of Price Administration.

§1421.12 *Invoicing.* The producer's invoices shall separately state the price for each of the following items: (a) rough casting; (b) machining, if any; (c) each extra, if any; and (d) transportation charges or allowances: *Provided*, That where any high alloy casting, which is a patented or trade marked product was or would have been customarily invoiced between October 1 and October 15, 1941 on a per piece basis by any such producer, or where any agency of the government requires invoicing of any high alloy casting on a per piece basis, such castings may be invoiced on a per piece basis and separate statements as hereinabove provided are not required.

§ 1421.13 *Definitions.* (a) When used in this Maximum Price Regulation No. 214 the terms:

(1) "Person" includes an individual, corporation, partnership, association, or any other organized group of persons or legal successor or representative of the foregoing, and includes the United States or any agency thereof, or any other government, or any of its political subdivisions, or any agency of any of the foregoing.

(2) "Producer" means any person engaged in the production of high alloy castings.

(3) "High alloy casting" means any heat-resistant casting or corrosion-resistant casting, rough or machined, which has a ferrous and/or nickel base and which contains more than 8% alloy, and also means any chrome iron casting, abrasion-resistant rough or machined, which has a ferrous base and which contains more than 8% alloy. This definition does not include wear-resistant castings containing 10% or more manganese and commonly known as "Hadfield manganese" steel castings.

(4) "Heat-resistant castings" means any nickel-chrome or chrome-nickel, (carbon 1% or under) high alloy casting, which normally operates at a metal temperature of 900° Fahrenheit or higher, except castings used up to 1200° Fahrenheit operated under conditions of high pressure and corrosion.

(5) "Corrosion-resistant casting" means any nickel-chrome or chrome-nickel, (carbon 1% or under) high alloy casting, which normally operates in contact with corrosive agents at temperatures less than 900° Fahrenheit, including castings used up to 1200° Fahrenheit under conditions of high pressure and corrosion.

(6) "Rough casting" means a high alloy casting with respect to which the foundry processes have been completed but on which no machining, necessary construction welding, or assembling by welding, or other work of attachment has been performed.

(7) "Sold or offered for sale" means (i) entering into a contract of sale, or (ii), if no contract of sale is entered into, an offer of sale made in writing, or (iii), if neither a contract of sale is entered into or an offer of sale made, a published price list or schedule distributed to a particular customer or group of customers and whether or not the prices contained therein are tentative or subject to change without notice.

(8) "Base period" means the period July 15, 1941 to October 15, 1941, inclusive.

(9) "Machining" means any finishing operation performed on the rough casting prior to delivery to the purchaser and also means any welding, treating, testing, inspecting, adjusting, repairing and rebuilding performed on the rough casting prior to delivery to the purchaser.

(b) Unless the context otherwise requires, the definitions set forth in section 302 of the Emergency Price Control Act of 1942 shall apply to other terms used herein.

§ 1421.14 *Effective date.* This Maximum Price Regulation No. 214 (§§ 1421.1 to 1421.19 inclusive) shall become effective September 7, 1942.

§ 1421.15 *Appendix A*—(a) *Maximum delivered prices for high alloy castings of designs sold or offered for sale during the base period.* The maximum delivered price for a producer for a high alloy casting of the same, or substantially the same, design as a high alloy casting sold or offered for sale [7] during the base period by such producer shall be an amount not in excess of a price computed as follows:

(1) *Rough casting:* The maximum price for the rough casting shall be the highest price at which such producer sold or offered for sale an identical quantity of such casting as a rough casting during the base period: *Provided*, That (i) in case of a quantity other than an identical quantity said maximum price shall be determined by adjusting for such established, customary and applicable quantity price differential as was in effect for such producer during the base period, or, if such producer had no such quantity price differential during the base period, by adjusting for a quantity price differential determined by multiplying said highest price by the percentage difference between the prices for the applicable quantities set forth in the applicable base schedule in Appendix B (§ 1421.16); [8] (ii) in case of a casting of the same, or substantially the same, de-

[7] 7 F.R. 5059.

[7] The expression "sold or offered for sale" is defined in § 1421.13 (a) (7) and should be carefully noted and applied wherever the expression is used.

[8] *Example:* Assume the highest price in the base period was established by a sale of 8 25-lb. heat-resistant castings, 67% (65%–69% tolerance) nickel and 17% (15%–19% tolerance) chromium analysis, at $1.00 per lb. An order is received after the effective date of this Maximum Price Regulation No. 214 for 20 castings of the same design and analysis. The base schedule price for 8 is 61¢ per lb. The base schedule price for 20 is 54¢ per lb. The maximum price for the rough castings on the new order of 20 castings is $1.00 x .54/.61 or 88.5¢ per lb.

sign but where different alloy or carbon content is specified said maximum price shall be determined by adjusting for such established, customary and applicable alloy or carbon content price differential as was in effect for such producer during the base period, or if such producer had no such alloy or carbon content price differential during the base period, by adjusting for the difference in alloy or carbon content specification by adding to or subtracting from said highest price such of the price differentials set forth in § 1421.16 (a) (3) and § 1421.16 (b)[9] as are applicable.

(2) *Extras:* There may be added to the maximum price of the rough casting an amount for extras, other than machining, not in excess of the amount customarily charged by such producer on similar sales during the base period, but only where such extras are furnished and have not already been included in the maximum price for the rough casting.

(3) *Machining:* There may be added to the maximum price of the rough casting, where the rough casting is machined before delivery to the purchaser, an amount not in excess of the applicable amount determined pursuant to paragraph (b) of Appendix C (§ 1421.17).

(4) *Discounts and credit terms:* (i) Where any commission or functional or other discount was or would have been customarily allowed by such producer during the base period to any manufacturer, jobber, dealer, or other distributor or to specific classes or purchasers, such as the automotive producers, the amount of such commission or functional or other discount shall be deducted from the above maximum price (if not already deducted in the computation thereof); (ii) There shall be deducted one half of one percent before adjustment for transportation allowances and charges, for payment within 10 days from receipt of the invoice by the purchaser.

(5) *Transportation allowances and charges:* Such allowances for transportation as were customarily made on similar sales by such producer during the base period shall be computed at rates in effect at the time of shipment and shall be continued. Such charges for transportation as were made on similar sales by such producer during the base period shall be computed at rates in effect at the time of shipment and may be added to the maximum price for the rough casting.

(6) *Limitation:* In no event shall the maximum delivered price determined pursuant to subparagraphs (1) to (5), inclusive, of this paragraph exceed the highest price at which a high alloy casting of the same or substantially the same design and alloy and carbon content was sold or offered for sale to the same purchaser during the base period in an identical quantity, or in case of other than an identical quantity a price computed on such highest price as a base and adjusted for the quantity price differential as in subparagraph (1) (i).

(7) *Per piece basis:* Where such high alloy casting was customarily, during the base period, sold and invoiced by a producer on a per piece basis the maximum price shall not exceed the highest price at which such producer sold or offered for sale an identical quantity of such casting during the base period: *Provided*, That (i) in the case of a quantity other than an identical quantity said maximum price shall be adjusted for the quantity price differential as in subparagraph (1) (i); (ii) in case of a casting of the same design, but of different alloy or carbon content specification said maximum price shall be adjusted for the alloy or carbon content price differential as in subparagraph (1) (ii); (iii) there may be added, where machining on such casting is let out to independent machine shops, an amount not in excess of the difference between the net cost to the producer of such machining and the net cost to the producer of the machining on the casting of the same, or substantially the same, design sold at the highest price during the base period; (iv) adjustment shall be made for discounts and credit terms as provided in subparagraph (4); (v) adjustment shall be made for the transportation allowances and charges in subparagraph (5); and (vi) the limitation set forth in subparagraph (6) shall apply.

(b) *Maximum delivered prices for heat-resistant castings and corrosion-resistant castings of designs produced by the industry since 1937 and for which a maximum price is not established by paragraph* (a). The maximum delivered price for a heat-resistant casting or corrosion-resistant casting of a design produced and sold commercially by the industry since 1937 and prior to the effective date of this Maximum Price Regulation No. 214, and for which no maximum price for a producer is established by paragraph (a) of this section, shall be an amount not in excess of a price computed as follows: (1) the applicable base price for the rough casting in accordance with the base schedule and quantity and alloy and carbon content differentials set forth in Appendix B (§ 1421.16); (2) where the rough casting is machined before delivery to the purchaser, there may be added an amount therefor not in excess of the applicable amount determined pursuant to paragraph (b) of Appendix C (§ 1421.17); (3) there may be added such of the extras set forth in paragraph (a) of Appendix C (§ 1421.17) as are applicable; (4) there shall be deducted one half of one percent for payment within 10 days from receipt of the invoice by the purchaser; and (5) adjustment shall be made for freight as follows: (i) on shipments of 100 pounds or more the lowest applicable railroad charge at rates in effect at the time of shipment for an identical quantity of high alloy castings shall be allowed; (ii) on shipments of less than 100 pounds the lowest applicable railroad charges at rates in effect at the time of shipment for an identical quantity of high alloy castings may be added; and (iii) where the purchaser specifies means of transportation costing in excess of the lowest applicable rail charges at rates in effect at the time of shipment, the difference may be added.

[9] *Example:* Assume the highest price in the base period was established by a sale of 8 25-lb. heat-resistant castings, 67% (65%–69% tolerance) (nickel and 17% (15%–19% tolerance) chromium analysis, at $1.00 per lb. An order is received after the effective date of this Maximum Price Regulation No. 214 for another 8 castings of the same design, but of an analysis of 35% (34%–36% tolerance) nickel and 15% (13%–17% tolerance) chromium. This is 31% less nickel and 2% less chromium than the base period sale. The applicable per lb. differential (§ 1421.16 (b)) is 5¢ for nickel and 2¢ for chromium for each 1% difference in content. The maximum price for the rough castings on the new order is 84.1¢ per lb. ascertained as follows:

31 x .5¢ = 15.5¢ deduction for nickel
2 x .2¢ = .4¢ deduction for chromium

15.9¢ per lb. total deduction
$1.00 – 15.9¢ = 84.1¢ per lb.

This paragraph does not apply to chrome iron abrasion-resistant castings.

(c) *Maximum delivered prices for high alloy castings other than those in paragraphs* (a) *and* (b). The maximum delivered price for any high alloy casting for which a maximum price is not established by paragraphs (a) and (b) of this section shall be the price for any producer which is established as follows: A producer who proposes to sell or offer to sell such casting shall file with the Iron and Steel Branch of the Office of Price Administration, Washington, D. C., a cost estimate and proposed selling price for such casting on and pursuant to Form No. 314 : 2 (set out in Appendix E, incorporated herein as § 1421.19) which proposed selling price shall be approved as filed, or approved subject to such adjustments, conditions and limitations as the Office of Price Administration may in its discretion provide, or shall be disapproved within seven days from the time it is received by said Iron and Steel Branch, and in the event the Office of Price Administration does not send out in writing its approval or disapproval within seven days as above, the proposed price as filed shall be deemed approved for the proposed sale with respect to which it was stated on Form No. 314 : 2 to be filed: *Provided*, That (1) in filling out the items on Form No. 314 : 2 the cost factors and profit margin used shall be those in effect and prevailing between October 1 and October 15, 1941 for the producer filing said Form No. 314 : 2; and (2) where a price for a casting has been approved pursuant to this paragraph for a producer, such producer may submit for approval a quantity price differential for such casting and if approved, such prices shall constitute the maximum prices at which such producer may sell such castings, except that maximum prices so established shall be subject to adjustment by the Office of Price Administration. Form No. 314 : 2 may be obtained from the Iron and Steel Branch, Office of Price Administration, Washington, D. C., or may be copied from Appendix E (§ 1421.19).

§ 1421.16 *Appendix B — Base price schedules for heat-resistant and corrosion-resistant castings.* (a) The following are the base price schedules for corrosion-resistant castings of a basic analysis of chromium, 18% to 20%, nickel, 8% to 10%, and carbon, .16% to .30%:

(1) For castings weighing less than 1 lb. each:

Number of pieces per pound	Number of castings per pattern						
	1 to 4	5 to 9	10 to 24	25 to 99	100 to 249	250 to 499	500 and over
	Each	*Each*	*Each*	*Each*	*Each*	*Each*	*Each*
2 or less	$1.12	$1.12	$1.12	$1.04	$0.88	$0.71	$0.71
3 and 4	1.12	1.12	1.12	.99	.82	.67	.66
5 through 8	1.12	1.12	1.12	.93	.77	.60	.60
9 through 16	1.12	1.12	1.12	.88	.71	.55	.55
16 and over	1.12	1.12	1.12	.82	.66	.49	.49

(2) For castings weighing 1 lb. or more each:

Weight each	Number of castings per pattern						
	1 to 4	5 to 9	10 to 24	25 to 99	100 to 249	250 to 499	500 and over
	Per pound	*Per pound*	*Per pound*	*Per pound*	*Per pound*	*Per pound*	*Per pound*
1 to 3 pounds	$1.12	$1.12	$1.12	$1.06	$0.95	$0.84	$0.73
3 to 5 pounds	1.06	1.06	1.06	.95	.84	.73	.62
5 to 10 pounds	.95	.90	.84	.79	.73	.68	.62
10 to 15 pounds	.84	.80	.75	.71	.67	.62	.58
15 to 25 pounds	.79	.74	.70	.66	.61	.57	.52
25 to 50 pounds	.73	.69	.64	.60	.57	.52	.49
50 to 100 pounds	.68	.63	.59	.56	.52	.49	.49
100 to 200 pounds	.62	.59	.56	.52	.49	.49	.49
200 to 300 pounds	.60	.57	.53	.50	.49	.49	.49
300 to 500 pounds	.59	.56	.52	.50	.49	.49	.49
500 to 1,000 pounds	.58	.55	.52	.50	.49	.49	.49
1,000 and over	.57	.55	.52	.50	.49	.49	.49

(3) For alloy or carbon content differences from the midpoint of the basic analysis add to or subtract from the applicable base price in the schedules in subparagraphs (1) and (2), using the midpoints of the basic analysis and the analysis specified in the contract of sale to determine the extent of such differences, the following price differentials: [10]

(i) *Nickel-chromium:*

Nickel, 0.8¢ per lb. for each 1% difference.
Chromium, 0.6¢ per lb. for each 1% difference.

Provided, That on chrome-nickel alloys where the chromium content is in excess of 8% and the nickel content is less than 3% and no other alloying elements are present, no deductions need be made from the base price in the schedules in subparagraphs (1) and (2) above on account of nickel difference from the basic analysis.

(ii) *Other alloys:*

Selenium, 0.40% maximum add 2¢ per lb. to base schedule.

Titanium, 0.25% to 1.00% add 10¢ per lb. to base schedule.

Molybdenum, 2.00% maximum add 3¢ per lb. to base schedule.

Molybdenum, 2.01% to 4.50% add 5¢ per lb. to base schedule.

Columbium, 10% X carbon add 5¢ per lb. to base schedule.

(iii) *Carbon:*

Up to 0.10% maximum add 5¢ per lb. to base schedule.

From 0.10% to .16% add 2½¢ per lb. to base schedule.

From 0.16% to .30% use base schedule.

From 0.30% to 1.00% subtract 2¢ per lb. from base schedule.

[10] Example:

Alloy designation	Chromium	Nickel	Carbon	Molybdenum	Columbium
	Percent	*Percent*	*Percent*	*Percent*	*Percent*
GG-7MC	20–22	10–12	0.07	3.0	10 x C = 0.70

	Cents
Chromium, add	1.2
Nickel, add	1.6
Carbon, add	5.0
Molybdenum, add	5.0
Columbium, add	5.0
Add to base price	17.8

(b) The following is the base price schedule for heat-resistant castings of a basic analysis of chromium 23% to 27%, nickel 10% to 13% and carbon, 1% or under.

Weight each	Number of castings per pattern						
	1 to 4	5 to 9	10 to 24	25 to 99	100 to 249	250 to 499	500 and over
	Per pound	*Per pound*	*Per pound*	*Per pound*	*Per pound*	*Per pound*	*Per pound*
Less than 1 pound	$1.10	$1.10	$1.10	$0.99	$0.88	$0.77	$0.72
1 to 5 pounds	.88	.88	.88	.77	.72	.66	.64
5 to 20 pounds	.77	.66	.64	.63	.61	.58	.56
20 to 50 pounds	.64	.61	.54	.53	.52	.51	.50
50 to 100 pounds	.57	.53	.52	.51	.51	.50	.48
100 to 250 pounds	.53	.52	.50	.48	.48	.47	.47
250 to 500 pounds	.51	.51	.48	.47	.46	.46	.46
500 pounds and over	.50	.48	.47	.45	.45	.45	.45

For alloy content differences from the midpoint of the basic analysis add to or subtract from the applicable base price in this schedule, using the midpoints of the basic analysis and the analysis specified in the contract of sale to determine the extent of such differences, the following price differentials: [11]

Nickel-chromium:

Nickel, 0.5¢ per lb. for each 1% difference.

Chromium, 0.2¢ per lb. for each 1% difference.

Other alloys:

Selenium, 0.40% maximum add 2¢ per lb. to base schedule.

Titanium, 0.25% to 1.00% add 10¢ per lb. to base schedule.

Molybdenum, 2.00% maximum add 3¢ per lb. to base schedule.

Molybdenum, 2.01% to 4.50% add 5¢ per lb. to base schedule.

Columbium, 10 x carbon add 5¢ per lb. to base schedule.

§ 1421.17 *Appendix C: Extras and machining*—(a) *Extras.* The following are the extras which may be added, where applicable and furnished by the producer, to the maximum prices referred to in paragraph (b) of § 1421.15:

(1) Specification extras: On orders of $200.00 or less that require test specimens in accordance with buyer's specifications, the following extras may be charged.

A. Each tensile test specimen machined and/or tested	$5.00
B. Each bend test specimen machined and/or tested	5.00
C. Each salt spray test specimen	4.00
D. Each weld effect test specimen welded and/or tested	4.00
E. Each electrolytic etch test specimen	5.00
F. Each nitric acid corrosion test specimen	5.00
G. Atmospheric Temperature Charpy Impact Test Specimen	5.00
H. Sub-atmospheric Temperature Charpy Impact Test Specimen	5.00

[11] Example:

Alloy designation	Chromium	Nickel
	Percent	*Percent*
RS	8–12	29–32

	Cents
Chromium, deduct	3.0
Nickel, add	9.8
Add to base price	6.8

When a combination of the above tests is required the extras indicated shall be added together.

(2) Special specification extras: An extra charge of 5¢ per pound may be added to the pound price for castings that are subject to United States Navy specification 46–S–27 A.

(3) Wall thickness extras. If one or more sections of pump parts carburising boxes centrifugally cast tubes, roller rails and furnace parts is less than $1\frac{1}{32}$" thick the following prices per casting (but not per section) may be added to the base price:

	Cents
Less than $\frac{5}{32}$"	add 12
$\frac{5}{32}$" up to but not including $\frac{7}{32}$"	add 9
$\frac{7}{32}$" up to but not including $\frac{9}{32}$"	add 6
$\frac{9}{32}$" up to but not including $1\frac{1}{32}$"	add 3

(4) Pressure test: When pressure tests are required and made by the producer there may be added:

Weight per casting

1– 5 lbs	Add 12¢ per lb.
5–10 lbs	Add 8¢ per lb.
10–50 lbs	Add 5¢ per lb.
50–250 lbs	Add 3¢ per lb.
Over 250 lbs	Add 2¢ per lb.

(b) *Machining.* The following are the maximum charges for machining where furnished and applicable: (1) Where performed by the producer, by application of such producer's established machine hour rate in effect between October 1 and October 15, 1941, or, if such producer had no such work between October 1 and October 15, 1941 determined by the cost factors and profit margins then in effect for such producer. If such producer did not customarily perform machining between October 1 and October 15, 1941 his maximum charge shall be a charge determined after specific authorization from the Office of Price Administration; a producer who seeks an authorization to determine such maximum charge shall file with the Iron and Steel Branch, Office of Price Administration, Washington, D. C., an application setting forth (i) a description of the proposed machining of high alloy casting to be performed by such producer, and (ii) a detailed statement of such producer's actual costs, if any, and estimated costs for machining of high alloy castings. If such authorization is given, it will be accompanied by instructions as to the method for determining such maximum charges.

(2) Where the machining is let out by such producers, the net cost to such producer for the machining together with such additional charge, if any, as was in effect for such producer between October 1 and October 15, 1941 on machining let out to independent machine shops.

§ 1421.18 *Appendix D.* The following is Form No. 314:1 referred to in § 1421.8 (a):

UNITED STATES OF AMERICA

OFFICE OF PRICE ADMINISTRATION

Form OPA 314:1 [1]

Petition for adjustment of maximum prices for high alloy castings under § 1421.8 (a) of Maximum Price Regulation No. 214.

The petitioner, _____
(insert name and address)

hereby petitions the Price Administrator, under § 1421.8 (a) of Maximum Price Regulation No. 214 and Procedural Regulation No. 1 for adjustment of the maximum price established for the particular high alloy casting described below.

The following facts are furnished to the OPA in support of this petition:

I. *Description of casting*

a. Classification or type _____
b. Where used _____
c. Chemical analysis specified in contract of sale _____
d. Pattern No. _____
e. Kind of pattern _____
f. Size flask _____
g. No. patterns in flask _____
h. No. cores _____
i. Method of molding _____
j. Heads, gates, recovered scrap (estimate in lbs. for each casting) _____
k. Defectives (estimate per cent) _____
l. Yield from charge (estimate) _____
m. Shipping weight each (estimate) _____

II. *Description of contract.* [2] Answer (a) and either (b) or (c).

(a) Serial number or other identification of contract, giving name and address of purchaser or prospective purchaser:

(1) Identification of Contract _____
(2) Name of Purchaser _____
(3) Address of Purchaser _____
_____
(Street) (City) (State)

(b) If price adjustment is sought with respect to deliveries under existing contracts submit:

(1) Date of Contract _____
(2) Estimated date of completion _____
(3) Total quantity of castings contracted for _____ (lbs.)
(4) Total quantity of castings remaining to be delivered or supplied _____ (lbs.)

(c) If price adjustment is sought for a proposed contract, submit:

(1) Final delivery date to be stipulated by proposed contract _____
(2) Estimated date at which deliveries will begin _____
(3) Total quantity of castings to be contracted for _____ (lbs.)
(4) Value of contract (proposed price per casting times quantity) _____ $

III. *Importance of the contract in petitioner's operations.* The term "sales" means sales as usually computed by petitioner.

(a) Total of petitioner's sales of high alloy castings for last six calendar months prior to the date of this petition $_____

(b) Estimated sales for next six months of particular high alloy castings with respect to which this petition is made, assuming the price adjustment requested is granted $_____

(c) Total of petitioner's sales of all products for last six calendar months prior to the date of this petition $_____

IV. *Costs of producing particular casting.* The following instructions should be followed in furnishing the information required in Columns 1 and 11 below. The furnishing of the information required in Column 1 is optional.

(a) Give actual cost data if available. If no actual cost data are available, give estimates as to current costs. Indicate, however, by encircling the appropriate figures where estimates are being employed.

(b) Net metal cost. In computing "net metal cost," use costs shown on your books. Report "net metal cost" as the difference between gross metal charged and recovered scrap. "Conversion Cost" will include labor, fuel, power, electrodes, supplies, furnace repairs, and other overhead items applicable to the melting department.

(c) Direct labor. State cost of direct or production labor following the classifications in your own records; and for each classification, use actual wages of men employed on the job, or if not practicable, base cost on departmental or shop average wage rates for each classification.

(d) Other foundry costs. If the practice of your foundry is to allocate shop overhead to departments, report overhead by departments. If, however, "General Shop Overhead" is not broken down by departments, report only as "General Shop Overhead." If shop overhead by departments is used as well as "General Shop Overhead" not directly applicable to departments, report both by departments and also by "General Shop Overhead."

(e) Costs shall be given on either a per piece or per 100 pound basis. Indicate whichever basis is used.

V. Submit any other facts relevant to this request for a price adjustment, including a statement of the established maximum price for the particular casting at the time this petition was filed and the computation by which said maximum price was ascertained.

VI. State whether the petitioner has entered into, or will enter into a contract or will make deliveries, at the requested price pending final action by the Office of Price Administration. Yes ( ). No ( ).

VII. Submit the following:

A. Balance Sheets as of the close of:

1. 1936 through 1941 (fiscal or calendar years).
2. Most recent accounting period.

B. Income Statements for:

1. 1936 through 1941 (fiscal or calendar years).
2. Most recent accounting period.

C. Sales:

1. Of all products in 1941.
2. Of high alloy castings in 1941.

Instructions. (1) Income statements must show: (a) net sales (b) cost of products sold, stating separately total direct material costs, and total other manufacturing costs (c) general and administrative expenses, segregating compensation to officers and directors, and (d) net profits before income and excess profits taxes. All charges to operations representing accumulations of reserves must be shown in detail on the statements.

(2) The petitioner need not file with the petition any required financial data which were previously submitted on Form A—annual Financial Report—or Form B—Interim Financial Report—or any other questionnaire issued by the Office of Price Administration.

PART 1499—COMMODITIES AND SERVICES

[Order 3, as Amended, Under § 1499.18 (c) of the General Maximum Price Regulation]

GEORGE ORAVETZ AND SON, INC.

A statement of the considerations involved in the issuance of this Order No. 3, as amended, under § 1499.18 (c) of the General Maximum Price Regulation has been issued simultaneously herewith and filed with the Division of the Federal Register.*

Section 1499.353 is amended to read as set forth below:

§ 1499.353 *Adjustment of maximum prices for charcoal sold by George Oravetz and Son, Inc.* (a) George Oravetz and Son, Inc., Auburn, Washington, may sell and deliver, and any person may buy and receive from George Oravetz and Son, Inc., the following commodities at prices not higher than those set forth below:

(1) Alder wood ground charcoal, $44 per ton carload lots, $63.00 per ton less than carload lots;

(2) Alder wood lump charcoal, $45.00 per ton carload lots, $52.00 per ton less than carload lots;

(3) Fir wood ground charcoal, $43.00 per ton carload lots, $46.00 per ton less than carload lots;

(4) Fir wood lump charcoal, $40.00 per ton carload lots, $46.50 per ton less than carload lots.

The above maximum prices are f. o. b. plant, bags returnable.

(b) All discounts, allowances and practices with regard to charges for transportation and other trade practices in effect with respect to the above listed commodities during March 1942 by the seller shall remain in effect under this order.

(c) George Oravetz and Son, Inc., shall mail or cause to be mailed to all persons who purchase from it for resale the commodities set forth in paragraph (a) of § 1499.353 at the prices established pursuant to this Order No. 3 (§ 1499.353), a notice reading as follows:

The Office of Price Administration, by Order No. 3 (§ 1499.353) effective September 2, 1942, pursuant to section 18 (c) of the General Maximum Price Regulation, has permitted George Oravetz and Son, Inc., to raise its maximum prices for sales to you from the following prices:

	Carload	Less than carload
Alder wood ground	$36	$55.00
Alder wood lump	35	42.00
Fir wood ground	39	42.00
Fir wood lump	36	42.50

to the prices set forth below:

	Carload	Less than carload
Alder wood ground	$44	$63.00
Alder wood lump	45	52.00
Fir wood ground	43	46.00
Fir wood lump	40	46.50

Such prices are subject to all discounts, allowances and trade practices in effect during March 1942 with respect to sales of the above commodities by that Company.

Order No. 3 (§ 1499.353) does not permit you to raise your maximum prices, as established under the General Maximum Price Regulation, for sales of charcoal. However, if the price charged by George Oravetz and Son, Inc., for sales of charcoal to you, pursuant to such Order imposes a substantial hardship upon you, you may communicate with the nearest District, State or Regional Office of the Office of Price Administration, setting forth any facts relating to such hardship as you may believe pertinent.

(d) This Order No. 3 may be amended or revoked by the Price Administrator at any time.

(e) This Order No. 3 (§ 1499.353) is hereby incorporated as a section of Supplementary Regulation No. 14, which contains modifications of maximum prices established by § 1499.2.

(f) Order No. 3, as amended, under § 1499.18 (c) of the General Maximum Price Regulation shall become effective September 2, 1942. (Pub. Law 421, 77th Cong.)

Issued this 2d day of September 1942.

LEON HENDERSON,
Administrator.

PART 1499—COMMODITIES AND SERVICES

[Order 1 Under § 1499.114 (c)[1] of Maximum Price Regulation 165, as Amended—Services]

COUNTY TRUCK RENTALS IN STATE OF MICHIGAN

For the reasons set forth in an opinion* issued simultaneously herewith and filed with the Division of the Federal Register, and pursuant to and under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942 and § 1499.114 (c) of Maximum Price Regulation No. 165—*Services*, it is hereby ordered that:

§ 1499.501 *Adjustment of maximum prices for rentals of trucks by counties of the State of Michigan:*

(a) The Board of County Road Commissioners of any county of the State of Michigan is hereby authorized to charge the State of Michigan for the rental of trucks at the rates agreed upon by the State of Michigan and its counties on July 21, 1942, and filed with the Office of Price Administration August 17, 1942.

(b) This order may be revoked or amended by the Price Administrator at any time.

(c) This Order No. 1 (§ 1499.501) shall become effective September 8, 1942.

(Pub. Law 421, 77th Cong.)

Issued this 2d day of September 1942.

PART 1381—SOFTWOOD LUMBER

[Amendment 2 to Maximum Price Regulation 161[1]]

WEST COAST LOGS

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Paragraph (b) of § 1381.155 is amended, and a new paragraph (c) is added to § 1381.155; § 1381.157 is amended by changing the heading, numbering the first paragraph (a), and adding a new paragraph (b); § 1381.158, paragraph (a) (10) is amended, and new subparagraphs (13) and (14) are added; § 1381.160, paragraph (a), subparagraph (1), headings (iii) and (iv) are amended, and new headings (vii) and (viii) are added; paragraphs (b) and (c) of § 1381.160 are amended, and a new paragraph (e) is added; and a new § 1381.159a (b) is added; as set forth below.

§ 1381.155 *Records and reports.*

* * *

(b) On and after September 9, 1942, a scale and grade statement must accompany every sale of West Coast logs subject to this Regulation, of a quantity of 20,000 feet or more. The statement must be prepared by the person who scaled and graded the logs, and must certify that the requirements of this Maximum Price Regulation No. 161 have been complied with in the scaling and grading of the logs. A copy of this certified statement shall be furnished by the seller to the buyer, unless the statement was prepared solely by the buyer, in which case the buyer shall furnish a copy of such statement to the seller. In either case a copy of every such scale and grade statement shall be filed by the seller (or by the buyer, if the grade and scale statement was prepared solely by him) with the state office of the Office of Price Administration at Seattle, Washington or Portland, Oregon within ten days of the date of the scaling or grading.

(c) Such persons designated in paragraphs (a) and (b) of this section shall submit such reports to the Office of Price Administration and keep such other records in addition to or in place of the records required in paragraphs (a) and (b) of this section as the Office of Price Administration may from time to time require or permit.

§ 1381.157 *Petitions for amendment and adjustment.* (a) Persons seeking any modification of this Maximum Price Regulation No. 161 or any adjustment or exception not provided for therein may file petitions for amendment in accordance with the provisions of Procedural Regulation No. 1,[2] issued by the Office of Price Administration.

(b) *Government contracts or subcontracts.* Any person who has entered into or proposes to enter into a contract with the United States or any agency thereof, or with the Government of any country whose defense the President deems vital to the defense of the United States under the terms of the Act of March 11, 1941, entitled "An Act to promote the defense of the United States," or any agency of any such Government, or a subcontract under any such contract, who believes that the maximum price impedes or threatens to impede production of West Coast logs which is essential to the war program and which is or will be the subject of such contract or subcontract, may file an application for adjustment of the maximum prices established by this Maximum Price Regulation No. 161, in accordance with Procedural Regulation No. 6,[2] issued by the Office of Price Administration.

§ 1381.158 *Definitions.* (a) When used in this Maximum Price Regulation No. 161, the term: * * *

(10) The grades of Douglas fir, western red cedar, western hemlock, western white fir, noble fir, and Sitka spruce logs specified in Appendix A, § 1381.160, shall mean such grades as understood in the particular district on August 1, 1941; except the following two aircraft grades:

(i) "Aircraft grade western hemlock log" means a log which is selected from a suitable for peeling, No. 1, or No. 2 grade of western hemlock log and which:

(*a*) Is of high elevation timber (approximately 1200 ft. or higher), medium to light in weight;

(*b*) Is not less than 26 inches top diameter and not less than 12 feet long;

(*c*) Is of straight grain so that the majority of the clear lumber can be produced with a slope of grain not greater than 1 in 15;

(*d*) Is free of deep bark seams or other serious defects within the clear portion of the log;

(*e*) Has reasonably uniform annual rings, not fewer than 8 to the inch within the clear portion of the log.

(*f*) Is of a character which will produce at least 50 per cent No. 2 clear and better, or B and better clear lumber.

(ii) "Aircraft grade noble fir log" means a log which is selected from a suitable for peeling, No. 1, or No. 2 grade of noble fir log and which:

(*a*) Is not less than 26 inches top diameter and not less than 16 feet long;

(*b*) Is straight-grained so that the majority of the clear lumber can be produced with a slope of grain not greater than 1 in 15;

(*c*) If defects for which a scale deduction is made, are present, such defects are permitted provided the size and location thereof will not prevent the log from producing 50 per cent No. 2 clear and better or B and better lumber;

(*d*) Has reasonably uniform annual rings, not fewer than 8 to the inch and within the clear portion of the log; and

(*e*) Is free of deep bark seams or other serious defects within the clear portion of the log.

* * * * *

(13) "Delivered" includes:

(i) Logs boomed and rafted and prepared for towing when such logs are delivered to any towable waters;

(ii) Dumping in the mill-pond at the buyer's manufacturing plant where rafting is not required;

(iii) Loading on the railroad car or on any other transportation facility.

(14) "Log scale" means the merchantable lumber content of a log calculated according to the Revised Scribner Decimal C Log Rule or the Spaulding Log Rule: *Provided*, That when waste or defect is found in any log, a deduction in scale shall be made by the scaler which, in his judgment, will adequately and sufficiently eliminate the waste. If no waste or defect is found, such log shall be scaled at its full diameter inside the bark, and full length with necessary trim.

All deductions shall be made in inches in diameter, and feet in length. All original scale records shall show gross and net measurements in diameter and length, and designate the type of defect by appropriate symbols: *Provided*, That such original scale-record requirements shall not apply to

Douglas fir: Pee wee sawmill logs;

Western red cedar logs;

Western white fir: No. 2, No. 3, and camp run (ungraded) logs;

Noble fir: No. 2, No. 3, and camp run (ungraded) logs;

Western hemlock: No. 2, No. 3, and camp run (ungraded) logs;

Sitka spruce: No. 3 and camp run (ungraded) logs.

(e) The following additions may be made by any seller to the maximum price of any West Coast logs produced by any company whose entire logging operation is operated the following number of hours per week in actual production:

Hours of operation:	Addition per M ft. l. s.
48 to 53 hrs.	$1.00
54 to 59 hrs.	1.50
60 hrs. or more	2.00

This addition is subject to all of the following conditions and provisions:

(1) Any person intending to claim the overtime addition must first file a certified statement with the Office of Price Administration, Washington, D. C., that the company regularly maintains the required number of hours in all its logging operations. If the certificate is approved, the company's name and permissible addition will be published in the Federal Register; and thereafter, such addition may be made to the maximum price of all logs produced by such company, until the status of the company as an overtime company is terminated by a similar publication in the Federal Register.

(2) Not later than the 5th of October, 1942, and the 5th of every month thereafter in which the overtime addition is claimed, the company must file a certified statement with the Office of Price Administration, Washington, D. C., containing the following:

(i) A statement that the required hours prevailed during the preceding month;

(ii) The company's production figures for the month;

(iii) The amount of logs sold during the month on which the overtime addition was claimed.

(3) The requirement relating to weekly hours of production will be considered satisfied if at the end of each monthly reporting period set forth in subparagraph (2) above the average weekly hours are equal to or above the required number of hours; that is, if the total number of hours for the period divided by the number of weeks or fractions thereof in the period results in a figure equal to or above the required number of weekly hours.

(4) The overtime addition must be shown as a separate charge on all invoices, and labeled "Overtime Addition." The invoice must further show the name and address of the company producing the logs. Copies of such invoices shall be preserved by the company and shall, if required, be submitted to the Office of Price Administration.

(5) The overtime addition is not limited to logs produced after the publication of the company's name as an overtime company, but may be added to the maximum price of any logs sold or delivered after the effective date of the amendment, whether such logs were already in inventory or not.

(6) Only the hours devoted to actual log production may be counted for purposes of this section. Actual log production does not include such operations as maintenance and repair work, road building, and similar operations incidental to logging.

(7) The company's name will be published as an overtime company only if every camp and logging side operated by that company is maintaining the required number of hours. Upon petition, however, the Office of Price Administration may by order make special provision for a company which shows that it is in good faith attempting to conduct all its operations on a regular overtime basis, but due to special circumstances one or more of its camps or sides is unable to maintain the overtime basis.

(8) Upon petition, the Office of Price Administration may by order grant exceptions from the strict requirements of this paragraph (e) where a company which has previously had its name published as an overtime company, and which is in good faith attempting to operate on a regular overtime basis, finds that in a particular month it is impossible to meet the requirements of this paragraph (e) due to weather conditions or other circumstances beyond its control. A petition in such case must show not that his regular overtime operation would have been inconvenient or costly by peacetime standards, but that it was impossible in the light of the standards of operation demanded by wartime conditions and in the light of the critical lumber requirements of the military services.

[Amendment 16 to Supplementary Regulation 14 [1] of the General Maximum Price Regulation [2]]

HOLIDAY CANDY

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.* A new subparagraph (16) is added to paragraph (a) of § 1499.73 as set forth below:

§ 1499.73 *Modification of maximum prices established by § 1499.2 of General Maximum Price Regulation for certain commodities, services and transactions.* (a) The maximum prices established by § 1499.2 of the General Maximum Price Regulation for the commodities, services and transactions listed below are modified as hereinafter provided:

* * * * * * *

(16) *Holiday candy.* * * *

(i) *Sales by manufacturers.* (*a*) The manufacturer's maximum price for holiday candy to each class of purchasers shall be his cost of ingredients, packaging material, and direct labor, computed at March replacement prices, plus an average dollar and cents margin, as herein defined, obtained by the manufacturer between April 1, 1941 and March 31, 1942 on sales of holiday candy of the same or the most nearly similar kind, sold to a purchaser of the same class.

(*b*) In those cases in which the manufacturer did not deal in the same or similar kind of holiday candy between April 1, 1941 and March 31, 1942, the maximum price to each class of purchasers shall be the maximum price of the most closely competitive manufacturer of the same class for the same or the most nearly similar kind of holiday candy sold to a purchaser of the same class.

(ii) *Filing.* Before making any sales of holiday candy, each manufacturer shall file with the Office of Price Administration in Washington, D. C. (*a*) a list of his maximum prices for each class of purchasers; (*b*) a detailed description of the candy for identification; (*c*) a full explanation of the manner in which his maximum prices were determined in accordance with (*a*) or (*b*) of subdivision (i). If maximum prices have been determined under subdivision (*a*), actual figures, breaking down all component costs, i.e. ingredients, packaging material, and direct labor, shall be submitted in affidavit form.

(iii) *Definitions.* (a) For the purpose of this subparagraph (16), "holiday candy" is any candy which is manufactured and marketed specifically for such holidays or festivals as the following: St. Valentine's Day, Washington's Birthday, St. Patrick's Day, Easter, Mother's Day, Fourth of July, Halloween, Thanksgiving, and Christmas, and the form, color, or style of which definitely identifies it with the particular holiday or festival to the extent that such candies cannot readily be sold after the special occasion for which they were made.

(b) The manufacturer's cost of ingredients and packaging material "computed at March replacement prices" shall be prices no higher than the highest prices charged to a purchaser of the same class by the manufacturer's usual suppliers during March 1942 for such ingredients or packaging material, or, if no charge was made for such ingredients or packaging material by the manufacturer's usual suppliers, then "March replacement prices" shall be prices no higher than the highest prices charged during March to a purchaser of the same class by a seller of the same class as the manufacturer's usual suppliers. Direct labor "computed at March replacement prices" shall be calculated at the rate of remuneration paid by the manufacturer to his employees engaged directly in the manufacture of the same or the most nearly similar kind of candy during March 1942.

(c) "Average dollar and cents margin" of the manufacturer shall be determined by computing, for the period from April 1, 1941, to March 31, 1942, the difference between his average selling price and the average cost of ingredients, packaging material and direct labor used in the manufacture of holiday candy. "Average selling prices" and "average cost" as used in this definition shall be an average weighted by the volume of units sold or purchased.

(d) All other terms used in this subparagraph (16) shall have the meaning given them by the General Maximum Price Regulation.

(iv) *Adjustment of maximum prices.* Any price determined pursuant to this subparagraph (16) shall be subject to adjustment at any time by the Office of Price Administration.

(v) *Applicability.* The provisions of this subparagraph (16) shall be applicable to the 48 states of the United States and the District of Columbia.

(*b*) *Effective dates.* * * *

[Amendment 17 to Supplementary Regulation 14[1] of the General Maximum Price Regulation[2]]

CHOCOLATE COVERED CHERRIES

A statement of the considerations involved in the issuance of this Amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.* A new subparagraph (17) is added to paragraph (a) of § 1499.73 as set forth below:

§ 1499.73 *Modification of maximum prices established by § 1499.2 of General Maximum Price Regulation for certain commodities, services, and transactions.* (a) The maximum prices established by § 1499.2 of the General Maximum Price Regulation for the commodities, services and transactions listed below are modified as hereinafter provided:

* * * * *

(17) *Chocolate covered cherries.* * * *

(i) *Sales by manufacturers.* (a) The manufacturer's maximum price for chocolate covered cherries to each class of purchasers shall be his cost of ingredients, packaging material and direct labor, computed at March replacement prices, plus an average dollar and cents margin, as herein defined, obtained by the manufacturer between April 1, 1941 and March 31, 1942 on sales of chocolate covered cherries of the same or the most nearly similar kind, sold to a purchaser of the same class: *Provided*, That in the case of fresh cherries, the manufacturer shall use for purposes of calculating his cost, the actual cost to him of such ingredient.

(b) In those cases in which the manufacturer did not deal in the same or similar kind of chocolate covered cherries between April 1, 1941 and March 31, 1942, the maximum price to each class of purchasers shall be the maximum price of the most closely competitive manufacturer of the same class for the same or the most nearly similar kind of chocolate covered cherries sold to a purchaser of the same class.

(ii) *Filing.* Before making any sales of chocolate covered cherries, each manufacturer shall file with the Office of Price Administration in Washington, D. C. a list of his maximum prices for such chocolate covered cherries to each class of purchasers, together with a full explanation of the manner in which these prices were computed as prescribed in (a) or (b) of subdivision (i). If maximum prices have been determined under subdivision (a), actual figures, breaking down all component costs, i. e. ingredients, packaging material and direct labor, shall be submitted in affidavit form.

(iii) *Definitions.* (a) The manufacturer's cost of ingredients and packaging material "computed at March replacement prices" shall be prices no higher than the highest prices charged to a purchaser of the same class by the manufacturer's usual suppliers during March 1942 for such ingredients and packaging material, or, if no charge was made for such ingredients or packaging material by the manufacturer's usual suppliers, then "March replacement prices" shall be prices no higher than the highest prices charged to a purchaser of the same class by a seller of the same class as the manufacturer's usual suppliers. Direct labor "computed at March replacement prices" shall be calculated at the rate of remuneration paid by the manufacturer to his employees engaged directly in the manufacture of the same or the most nearly similar kind of candy during March 1942.

(b) "Average dollar and cents margin" of the manufacturer shall be determined by computing for the period from April 1, 1941 to March 31, 1942, the difference between his average selling price and the average cost of ingredients, packaging material and direct labor used in the manufacture of chocolate covered cherries. "Average selling price" and "average cost" as used in this definition shall be an average weighted by the volume of units sold or purchased.

(c) All other terms used in this subparagraph (17) shall have the meaning given them by the General Maximum Price Regulation.

(iv) *Adjustment of maximum prices.* Any price determined pursuant to this subparagraph (17) shall be subject to adjustment at any time by the Office of Price Administration.

(v) *Applicability.* The provisions of this subparagraph (17) shall be applicable to the 48 states of the United States and the District of Columbia.

(b) Effective dates * * *

(18) Amendment No. (17) (§ 1499.73 (a) (17)) to Supplementary Regulation No. 14 shall become effective September 8, 1942.

Chapter XV—Board of War Communications

[Order No. 18]

PART 1714—INTERNATIONAL RADIOTELEPHONE COMMUNICATIONS

TERMINATION OF CERTAIN SERVICES

Whereas, The Board of War Communications has determined to postpone the effective date of § 1714.2 of its Order No. 17, dated August 13, 1942,[1] for a period of one month;

Now, therefore, By virtue of the authority vested in the Board by Executive Order No. 8964[2] dated December 10, 1941, the Board's Order No. 17, dated August 13, 1942, is hereby amended to read as follows:

It is hereby ordered as follows:

§ 1714.1 *Termination of Certain International Radiotelephone Communications.* (a) From and after the date hereof, no non-governmental business or personal radiotelephone call shall be made to or from any foreign point outside of the Western Hemisphere except England, unless such call is made in the interest of the United States or the United Nations and unless an agency of the United States Government sponsors such call and obtains prior approval therefor from the Office of Censorship: *Provided, however*, That this provision shall not apply to American press calls or radio broadcast programs, or to such other press calls and radio programs as may be specifically approved by the Office of Censorship.

(b) No calls of any nature, over the radiotelephone circuits under the jurisdiction of the United States, no matter where such calls may originate, unless sponsored and approved as provided in paragraph (a), shall be permitted to, from, or on behalf of, the following thirteen countries: Egypt, Finland, France, Iceland, Iran, Ireland, Latvia, Lithuania, Portugal, Spain, Sweden, Switzerland, and Turkey.

(c) Personal calls other than those prohibited in the foregoing paragraphs may be completed between two points in the Western Hemisphere.

§ 1714.2 *Closure of non-governmental point-to-point circuits between the United States and Australia.* All non-governmental point-to-point radiotelephone service between the United States and Australia be, and it is hereby, designated for termination and, effective midnight September 30, 1942, is terminated, except as to the transmission of duly authorized radiobroadcast programs.

Subject to such further order as the Board may deem appropriate.

Nothing herein shall apply to existing regulations governing the use of cable, telegraph or radiotelegraph communications.

EXCEPTION TO WALSH-HEALY PUBLIC CONTRACTS ACT

PURCHASE OF CERTAIN EXPORT COMMODITIES

ORDER GRANTING EXCEPTIONS

In the matter of an exception from the provisions of section 1 (a) of the Walsh-Healy Public Contracts Act to permit the purchase of certain export commodities.

Whereas, the Secretary of the Treasury has made a written finding that the inclusion in contracts between the United States and foreign governments or the representatives thereof and with the custodians of or the holders of the title documents to materials, the exportation of which has been prohibited or curtailed pursuant to the Act of July 2, 1940, 54 Stat. 714 (U.S.C. 1940 ed. quired by section 1 (a) of the Walsh-Healey Public Contracts Act (49 Stat. 2036, U. S. Code, Title 41, Sup. III, 35) will seriously impair the conduct of Government business; and

Whereas, the Secretary of the Treasury has requested that an exception be granted under section 6 of the Walsh-Healey Public Contracts Act permitting the award of such contracts without the inclusion of such representation and stipulation; and

Whereas, it appears from the findings of the Secretary of the Treasury that the materials to be supplied under such contracts have been manufactured in the United States, were purchased for export to a foreign country, but have not been exported because of existing conditions in the foreign country of export which have been brought about by the war or because of the action taken pursuant to the aforesaid Act of July 2, 1940, and that in most cases the parties to the contract with the United States cannot make the representation and stipulation required by section 1 (a) of the Walsh-Healey Public Contracts Act; and

Whereas, I find that justice and the public interest will be served by granting the request of the Secretary of the Treasury;

Now, therefore, I do hereby grant an exception from this date, pursuant to the powers vested in me by section 6 of the Walsh-Healey Public Contracts Act, from the requirement of section 1 (a) of the Act that there shall be included in any contract subject to the Act the representation and stipulation that the contractor is the manufacturer or a regular dealer in the materials, supplies, articles or equipment to be manufactured or used in the performance of the contract, with respect to any contract with a foreign government or its representative for the purchase of materials which have been purchased for export to a foreign country but which have not been exported because of existing conditions due to the war in the foreign country of export and with respect to any contract with the custodians of or the holders of title documents to materials purchased for export but which have not been exported because their exportation has been prohibited or curtailed pursuant to the aforesaid Act of July 2, 1940, and I do specifically except Contract No. DA-TPS-10600, awarded to the Netherlands Purchasing Commission June 6, 1942, from the necessity of including such representation and stipulation.

TITLE 46—SHIPPING

Chapter IV—War Shipping Administration

[General Order 8, Supp. 5]

PART 302—CONTRACTS WITH VESSEL OWNERS AND RATES OF COMPENSATION RELATING THERETO

EXCEPTION OF VESSELS FROM APPLICATION OF CERTAIN RATES

Basis for the determination of Time Charter Hire under Charter Parties tendered by the War Shipping Administration to owners of American Flag vessels engaged in the coastwise transportation of coal and chartered or requisitioned for use pursuant to the Provisions of Section 902 of the Merchant Marine Act, 1936, as amended.

Sec.
302.63 Exception of certain vessels from application of rates under subparagraph (i) of § 302.12.
302.64 Basic rates.
302.65 Deadweight determination.
302.66 Excluded vessels.
302.67 Basic terms and conditions.

AUTHORITY: §§ 302.63 to 302.67, inclusive, issued under E.O. 9054, 7 F.R. 837.

§ 302.63 *Exception of certain vessels from application of rates under sub-paragraph (i) of § 302.12.*[1] Pursuant to sub-paragraph (i) of § 302.12 dated June 15, 1942, I hereby except from the application of the said order colliers and vessels engaged in the coastwise transportation of coal. If at the direction of the War Shipping Administration any such vessels are placed in another trade, the said vessels shall be subject to the terms of General Order No. 8 (Revised) so long as they continue in such other trade.

§ 302.64 *Basic rates.* Effective as of the date of delivery of the vessel to the War Shipping Administration under requisition, the charter rates on all vessels engaged in the coastwise transportation of coal, except excluded vessels referred to in section 4 hereof, shall be as follows:

(a)

	Per DWT per month
8,000 DWT and up	$3.85
7,000 to 7,999	4.10
6,000 to 6,999	4.40
5,000 to 5,999	4.75
4,000 to 4,999	5.15

Provided, That no vessel shall receive more aggregate charter hire (including adjustments) than a vessel of the same kind of the lowest tonnage in the next higher class can receive at the rate (with corresponding adjustments) shown for its class.

[1] 7 F.R. 4592, 6543.

(b) *Adjustments for speed.* Vessels with a speed in excess of 10½ knots, as determined pursuant to §§ 302.44 to 302.46, inclusive, shall receive an additional sum of 10¢ per dwt per month for each knot or major fraction (including one-half) thereof over 10½ knots. Speed added to the vessel at the cost of the United States shall be ignored for the purpose of this determination; subject to this, a certificate of speed, as computed in accordance with §§ 302.44 to 302.46, given by the American Bureau of Shipping in satisfactory form shall constitute proof of the vessel's speed.

(c) *Adjustments for arming and degaussing.* Time lost in partially or entirely arming, degaussing, or demagnetizing any vessel at any time prior to delivery to the Government and not previously compensated for by the Government shall be compensated for under the charter tendered pursuant to this order. Such compensation shall be computed on the basis of the applicable time charter rate established by this order and shall constitute additional charter hire earned upon delivery and acceptance of the vessel under any charter tendered hereunder. Time lost shall be determined in accordance with regulations hereinafter determined by the Administrator.

(d) *Adjustments for War Risk insurance and bonuses.* War risk insurance on vessels and crew war risk bonuses as well as marine insurance occasioned by trading beyond the Institute Warranties shall be for the account of the charterer in accordance with the provisions of standard form of time charter agreement designated WARSHIPTIME Form No. 101, § 302.50.

(e) *Adjustments for motorships.* Vessels with Diesel engine propulsion shall receive an additional sum of 35¢ per dwt per month.

(f) *Adjustments for age of vessels not built under construction—Differential subsidy agreements.* Vessels constructed in the United States subsequent to 1928 shall receive an additional sum per dwt per month computed in accordance with the following schedule:

Year of construction:	*Additional premium per DWT per month*
1929	$0.05
1930	.10
1931	.15
1932	.20
1933	.25
1934	.30
1935	.35
1936	.40
1937	.45
1938	.50
1939	.55
1940	.60
1941 and subsequent years	[1] .65

[1] Minimum.

The date of delivery by the shipbuilder shall constitute the date of construction hereunder. Upon application, consideration will be given to the allowance of a greater adjustment under this subsection for vessels delivered in 1941 and thereafter.

(g) *Adjustment for vessels not classed.* The rates of time charter hire on vessels not classed A-1 American Bureau or equivalent shall be $.25 per deadweight ton per month less in each instance than the appropriate rate applicable to a comparable vessel which is so classed.

§ 302.65 *Deadweight determination.* Deadweight capacity is to be established in accordance with normal Summer Freeboard as assigned pursuant to the International Load Line Convention, 1930. Deadweight shall be calculated exclusive of weight added by installation of refrigerated cargo capacity, arming, degaussing, demagnetizing, or the installation of splinter-protection equipment or because of ice-strengthening, or other installation or equipment required by the Administrator, the United States Maritime Commission, the Army, or the Navy. Certificate of deadweight, in satisfactory form, by American Bureau of Shipping shall constitute sufficient proof of deadweight capacity.

§ 302.66 *Excluded vessels.* This order shall not apply to colliers of less than 8 knots of speed, determined in accordance with §§ 302.44 to 302.46 inclusive, or to colliers which are otherwise specifically excluded from this supplement from time to time by the Administrator. Charter rates for such excluded vessels shall be established by supplements hereto or by other appropriate action on the part of the Administrator and such rates shall become effective as of the time fixed by the Administrator in each case.

§ 302.67 *Basic terms and conditions.* The rates and adjustments herein prescribed are based upon the standard form of time charter agreement approved by the War Shipping Administrator and designated WARSHIPTIME Form No. 101, § 302.50. Such additions and modifications shall be made in Part I of the said charter agreement as may be necessary to make it conform with the terms of this supplement and to provide for special conditions affecting vessels engaged in the coastwise transportation of coal.

By Order of the War Shipping Administrator.

Notices

DEPARTMENT OF THE INTERIOR.

Bituminous Coal Division.

[Docket No. A-1562]

District Board No. 17

MEMORANDUM OPINION AND ORDER GRANTING TEMPORARY RELIEF AND NOTICE OF AND ORDER FOR HEARING

In the matter of the petition of District Board No. 17 for revision of the effective minimum prices for coals produced and shipped by rail from mines in Subdistricts Nos. 11, 12, 15 and 16 in District No. 17 to destinations in Market Area 203.

The original petition in the above-entitled matter, filed with this Division, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, requests that the Schedule of Effective Minimum Prices for District No. 17 For All Shipments be amended to permit producers in Subdistricts 11, 12, 15 and 16 of District No. 17 to absorb, with certain limitations, the difference in freight rate over the freight rate from Subdistrict No. 4—Oak Hills on rail shipments of coal to destinations in Market Area 203.

The Schedule of Effective Minimum Prices for District No. 17 for all shipments presently provides that, with certain limitations, the minimum f. o. b. mine prices for coals produced in the above-numbered subdistricts and shipped by rail to Market Areas 200 through 202 and 204 through 207, as well as to several other market areas, shall be reduced by the exact amount of the difference in freight rate over the freight rate from Subdistrict No. 4—Oak Hills.

Petitioner alleges that in proposing the minimum price schedule for District No. 17 coals, provisions for freight rate absorptions for the coals of Subdistricts Nos. 11, 12, 15 and 16 for rail shipments to Market Area No. 203 were inadvertently omitted; that such omission must be remedied in order to accord to the coals of these subdistricts the same privileges for shipment by rail to Market Area 203, as are now provided for shipments to Market Areas 200 through 202; and that the relief requested by petitioner is necessary in order to maintain a proper relationship between District 17 coals, to preserve the coordinated minimum prices and the fair competitive opportunities of those coals in conformance with the standards of section 4 II (a) and (b) of the Bituminous Coal Act of 1937.

The original petition in this matter does not contain facts sufficient to warrant the granting of the permanent relief requested by petitioner without a hearing.

It does appear, however, that a reasonable showing of necessity has been made for the granting of temporary relief and that, pending final disposition of the original petition herein, the minimum prices for coals produced and shipped by rail from mines in Subdistricts Nos. 11, 12, 15 and 16 in District No. 17 to destinations in Market Area 203 should be reduced in the manner, and to the extent, hereinafter set forth.

Now, therefore, it is ordered, That a hearing in Docket No. A-1562 under the applicable provisions of said Act and the rules and regulations of the Division be held on October 5, 1942, in the forenoon of that day at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day the Chief of the Records Section in Room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Edward J. Hayes or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officer or officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, to continue said hearing from time to time and to prepare and submit proposed findings of fact and proposed conclusions of law and a recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in these proceedings and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Act, set forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before September 30, 1942.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of intervention or otherwise, or which may be necessary

corollaries to the relief, if any, granted on the basis of the original petition.

The matter concerned herewith is in regard to the petition of the District Board No. 17 for revision of the effective minimum prices for coals produced, and shipped by rail, from mines in Subdistricts Nos. 11, 12, 15 and 16 in District No. 17 to destinations in Market Area 203, as follows:

(1) The effective minimum prices for coals in Size Group Nos. 1 through 9, produced and shipped by rail from mines in Subdistricts Nos. 11, 15 and 16 in District No. 17 to destinations in Market Area 203 shall be reduced by the exact amount of the difference in freight rate over the freight rate from Subdistrict No. 4—Oak Hills: *Provided, however,* That in no case shall such reductions exceed $1.00 per net ton.

(2) The effective minimum prices for coals in Size Group Nos. 1 through 13 produced and shipped by rail from mines in Subdistrict No. 12 in District No. 17 to destinations in Market Area 203 shall be reduced by the exact amount of the difference in freight rate over the freight rate from Subdistrict No. 4—Oak Hills: *Provided, however,* That in no case shall such reductions exceed $1.25 per net ton for coals in Size Groups Nos. 1 through 9, and shall not exceed 50 cents per net ton for coals in Size Groups Nos. 10 through 13.

It is ordered, That, pending final disposition of this matter, temporary relief is granted as follows: (1) Commencing forthwith the effective minimum prices for coals in Size Groups Nos. 1 through 9, produced and shipped by rail from mines in Subdistrict Nos. 11, 15 and 16, in District No. 17 to destinations in Market Area 203, shall be reduced by the exact amount of the difference in freight rate over the freight rate from Subdistrict No. 4—Oak Hills: *Provided, however,* That in no case shall such reductions exceed $1.00 per net ton;

(2) Commencing forthwith the effective minimum prices for coals, in Size Group Nos. 1 through 13, produced and shipped by rail from mines in Subdistrict No. 12 in District No. 17 to destinations in Market Area 203, shall be reduced by the exact amount of the difference in freight rate over the freight rate from Subdistrict No. 4—Oak Hills: *Provided, however,* That in no case shall such reductions exceed $1.25 per net ton for coals in Size Groups Nos. 1 through 9, and shall not exceed 50 cents per net ton for coals in Size Groups Nos. 10 through 13.

Notice is hereby given that applications to stay, terminate or modify the temporary relief granted may be filed pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in proceedings instituted pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

Dated: September 2, 1942.

ALBUQUERQUE AND CERRILLOS COAL CO.

ORDER ADOPTING THE PROPOSED FINDINGS OF FACT, PROPOSED CONCLUSIONS OF LAW AND RECOMMENDATION OF THE EXAMINER AND CEASE AND DESIST ORDER

In the matter of Albuquerque and Cerrillos Coal Company, code member.

A complaint, pursuant to sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937, having been filed with the Bituminous Coal Division on June 30, 1941, by Bituminous Coal Producers Board for District No. 18, alleging that Albuquerque and Cerrillos Coal Company, a code member in District No. 18, has wilfully violated the provisions of the Bituminous Coal Code or the rules and regulations thereunder, and praying that the Division either cancel or revoke code member's code membership, or in its discretion direct code member to cease and desist from violation of the Code and the rules and regulations thereunder;

A hearing having been held before Scott A. Dahlquist, a duly designated examiner of the Division, at a hearing room thereof at Albuquerque, New Mexico, on December 5, 1941;

The examiner having made and entered his report, proposed findings of fact, proposed conclusions of law and recommendation in the matter, dated July 13, 1942, finding that the entry of 1¼" x ⅜" as the dimensional size of pea coal on the sales tickets and spot orders was the result of a clerical error and that code member did not violate section 4 II (e) by selling this size coal below the effective minimum price therefor, and finding that code member did wilfully violate Rule 1 (F) of section VII of the Marketing Rules and Regulations by selling a substantial tonnage of coal during the period, November 14, 1940, to February 20, 1941, and accepting scrip in full payment thereof and recommending that an order be entered directing code member and those acting in its behalf to cease and desist from violating Rule 1 (F) of section VII of the Marketing Rules and Regulations;

An opportunity having been afforded to all parties to file exceptions thereto and supporting briefs, and no exceptions or supporting briefs having been filed, the undersigned having determined after consideration of the record that the proposed findings of fact and proposed conclusions of law of the examiner should be approved and adopted as the findings of fact and conclusions of law of the undersigned;

Now, therefore, it is ordered, That the proposed findings of fact and proposed conclusions of law of the examiner be and the same hereby are approved and adopted as the findings of fact and conclusions of law of the undersigned.

It is further ordered, That code member, Albuquerque and Cerrillos Coal Company, its representatives, agents, servants, employees, attorneys, successors or assigns, and all persons acting or claiming to act in its behalf or interest, cease and desist, and they are hereby permanently enjoined and restrained from selling or offering to sell coal and accepting in payment thereof scrip and from otherwise violating the Marketing Rules and Regulations, the Bituminous Coal Act of 1937 and the Bituminous Coal Code.

It is further ordered, That code member be notified that if code member fails or refuses to comply with this order, the Division may forthwith apply to the Circuit Court of Appeals of the United States for the circuit wherein code member does business or take any other appropriate action for the enforcement or this order.

Dated: September 2, 1942.

[Docket No. 821-FD]

BELLEVILLE FUELS, INC.

MEMORANDUM OPINION AND ORDER GRANTING PERMISSION TO AMEND CONTRACTS

In the matter of the application of Belleville Fuels, Incorporated, for provisional approval as a marketing agency.

Belleville Fuels, Incorporated, which was given provisional approval as a "marketing agency" by an order dated January 9, 1940, pursuant to section 12 of the Bituminous Coal Act of 1937, has filed a petition for leave to amend its producer and sub-agency contracts, in order to permit payment of commissions to the sub-agent where contracts for the sale of coal are made directly by the selling agent, to read as follows:

PRODUCER CONTRACT

Ninth:

(b) Where the Producer appoints a Sub-Agent for the sale of its coal, the commission shall be One Cent (1¢) per ton to the Selling Agent and ------ percent (------%) to the Sub-Agent: *Provided,* That where Selling Agent shall, with the consent of the Sub-Agent, enter into direct contracts with consumers, commissions shall be paid to the Sub-Agent as herein set forth.

SUB-AGENCY CONTRACT

SECTION 6.

(a) Where Sub-Agent, or the Selling Agent, with consent of the Sub-Agent, sells the coal directly, the commission shall be ------ percent (------%) to the Sub-Agent.

After consideration of applicant's request to amend its producers' and sub-agents' contracts, to which there has been no opposition, I am of the opinion that this request should be granted.

Now, therefore, it is ordered, That applicant be, and it is hereby, granted permission to amend clause Ninth (b) of its producer contracts and section 6 (a) of its sub-agency contracts to read as set forth above.

Dated September 2, 1942.

[Docket No. B-9]

CLAUDE GALBRAITH AND SON COAL CO.

ORDER ADOPTING THE PROPOSED FINDINGS OF FACT, PROPOSED CONCLUSIONS OF LAW OF THE EXAMINER AND REVOKING CODE MEMBERSHIP

In the matter of Claude Galbraith & Son Coal Company, a partnership, Code Member.

This proceeding was instituted upon a complaint filed with the Bituminous Coal Division on August 29, 1941, by District Board 11. The complaint alleged that code member wilfully violated the Bituminous Coal Code, or the rules and regulations thereunder, and prayed that the Division either cancel or revoke its code membership, or, in its discretion, direct code member to cease and desist from violations of the Code and rules and regulations thereunder.

A hearing was held in this matter on December 18, 1941, before Joseph D. Dermody, a duly designated Examiner of the Division, at a hearing room thereof, at Terre Haute, Indiana. Interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, or otherwise be heard. District Board 11 and the code member appeared at the hearing.

The examiner made and entered his report, proposed findings of fact, proposed conclusions of law and recommendation in this matter, dated August 1, 1942, finding that code member wilfully violated section 4 II (e) of the Act, by selling during the period from October 1, 1940, to May 31, 1941, both dates inclusive, at prices which were below the effective minimum price established therefor, approximately 731.18 tons of 2" lump coal and approximately 2,019.99 tons of 2" screenings, produced at code member's Galbraith & Son Mine, Mine Index No. 217, located in Posey Township, Clay County, Indiana, and by executing an agreement for the sale of coal for a period longer than thirty days.

The examiner recommended that an order be entered cancelling and revoking the code membership of said Claude Galbraith & Son Coal Company, a partnership, and providing that prior to reinstatement into code membership there shall be paid by said Claude Galbraith & Son Coal Company to the United States a tax in the sum of $1,690.87, in accordance with the provisions of section 5 (c) of the Act.

An opportunity was afforded to all parties to file exceptions and supporting briefs to said examiner's report and such exceptions or supporting briefs have not been filed.

The undersigned has considered the record in this matter and has determined that the proposed findings of fact and proposed conclusions of law of the examiner should be approved and adopted as his findings of fact and conclusions of law.

Now, therefore, it is ordered, That the proposed findings of fact and proposed conclusions of law of the examiner be, and the same are hereby approved and adopted as the findings of fact and conclusions of law of the undersigned.

It is further ordered, That effective fifteen (15) days from the date hereof, the code membership of Claude Galbraith & Son Coal Company, operating the Galbraith & Son Mine, Mine Index No. 217, be, and it hereby is, cancelled and revoked.

It is further ordered, That prior to the reinstatement of said Claude Galbraith & Son Coal Company into membership in the Code, it shall pay to the United States a tax, as provided in section 5 (c) of the Act, in the amount of $1,690.87.

Dated: September 2, 1942.

[Docket No. B-239]

THOS. SNEED COAL COMPANY

NOTICE OF FILING OF APPLICATION FOR DISPOSITION OF COMPLIANCE PROCEEDING WITHOUT FORMAL HEARING.

In the matter of Thos. Sneed, Bill White, Terrence O'Donnell and Arkell Sneed, individually and as co-partners, doing business under the name and style of Thos Sneed Coal Company, code member.

Notice is hereby given that an application, dated August 11, 1942, for the disposition of this proceeding without formal hearing was filed with the Bituminous Coal Division (the "Division") on August 13, 1942, pursuant to § 301.132 of the Rules of Practice and Procedure Before the Bituminous Coal Division by Thos. Sneed, Bill White, Terrence O'Donnell and Arkell Sneed, individually and as co-partners, doing business under the name and style of Thos. Sneed Coal Company, the above-named Code Member (the "Code Member").

In said application, the Code Member:

1. Admits that, during the period June 15, 1941 to and including October 27, 1941, it sold 106.22 tons of 1" screening (Size Group No. 14) to John B. Brown at a price of 35 cents per net ton f. o. b. the mine whereas the effective minimum code price for said coal was $1.10 per net ton;

2. Admits that, during the period October 1, 1940, to December 31, 1940, both dates inclusive, it failed to maintain proper records and file with the Division reports of all coal sold and shipped by truck or wagon as required by order No. 296, dated September 23, 1940, and order No. 297, dated October 22, 1940;

3. Admits that it failed to comply with order No. 307 during the period January 1, 1941, to March 31, 1941, both dates inclusive, and order No. 312 during the period April 1, 1941, to October 27, 1941, both dates inclusive, in that it failed to maintain proper records of all coal sold to be shipped by truck or wagon within the time and in the manner prescribed by said orders;

4. States that to the best of its knowledge and belief it has not committed any other violations of the Act, the Code or regulations thereunder, either before or after the admitted violations referred to hereinabove;

5. Consents, upon the basis of the above-mentioned admitted violations, to the entry of an order directing it to cease and desist from further violations of the Act, the Code and regulations thereunder; and

6. Agrees that the Division may impose a tax upon the basis of the above admitted violations in the amount of forty-five dollars and fifty-seven cents ($45.57) and that it will pay said tax to the United States Government within ten (10) days after the Code Member has been served with a copy of the order of the Division revoking its Code Membership.

All interested parties desiring to do so may, within fifteen (15) days from the date of this notice, file with the Division recommendations or requests for informal conferences in respect to such application.

Dated: September 2, 1942.

Prevailing Minimum Wage in Rainwear Industry

Notice of opportunity to show cause

Whereas, the prevailing minimum wage determination for Men's Raincoat Industry, issued by the Secretary of Labor on July 28, 1937, pursuant to the provisions of section 1 (b) of the Act of June 30, 1936 (49 Stat. 2036; 41 U.S.C. Sup. III 35), as amended September 18, 1939, March 6, 1941, and August 12, 1942, provides that the minimum wage for employees engaged in the performance of contracts with agencies of the United States Government, subject to the provisions of that Act, for the manufacture or supply of men's raincoats, including vulcanized and rubberized raincoats and raincoats made from material known under the registered trade-mark of "Cravenette" or from fabric chemically or otherwise treated so as to render it water-resistant, of oiled waterproof cotton outer garments, and of all other types of rainwear, shall be 40 cents an hour or $16 per week of 40 hours, arrived at either upon a time or piece work basis, and that there shall be a tolerance of not to exceed 10 percent of the workers in any one establishment for workers who are in fact learners, provided that such learners are paid not less than 25 cents per hour, or $10 per week of 40 hours, and not less than the piece rates paid to other workers in the same establishment, and that handicapped workers may be employed at subminimum rates in accordance with the regulations of the Administrator of the Wage and Hour Division, issued under the Fair Labor Standards Act of 1938; and

Whereas, it is deemed advisable to change the description of the industry in the title of this determination from the "Men's Raincoat Industry" to the "Rainwear Industry," and to provide that learners may be employed at subminimum rates in accordance with the present applicable regulations of the Administrator of the Wage and Hour Division issued under the Fair Labor Standards Act.

Now, therefore, notice is hereby given to all interested parties of the opportunity to show cause on or before September 22, 1942 why the prevailing minimum wage determination for the Men's Raincoat Industry should not be amended in accordance with the preceding paragraph.

All objections, protests, or any statements in opposition to or in support of the proposed amendments should be addressed to the Administrator, Division of Public Contracts, Department of Labor, Washington, D. C., and should be filed with the Administrator not later than September 22, 1942.

Dated: September 2, 1942.

Employment of Female Minors in Spinning and Weaving of Cotton Textiles

Notice of opportunity to show cause

In the matter of an exception from the provisions of section 1 of the Walsh-Healey Public Contracts Act to permit the employment of female minors under 18 years of age in the spinning and weaving of cotton textiles.

Whereas, the Secretary of War on August 24, 1942, found that the application, during the present war, of that portion of section 1 (d) of the Act of June 30, 1936 (49 Stat. 2036; 41 U.S.C. Sup. III 35), otherwise known as the Walsh-Healey Public Contracts Act, which prohibits the employment of female persons of 16 and 17 years of age in the spinning and weaving of cotton textiles, is seriously impairing and will increasingly impair the conduct of Government business, and that justice and the public interest will be served through the removal of this prohibition.

Now, therefore, notice is hereby given to all interested parties of the opportunity to show cause on or before September 10, 1942, why the Secretary of Labor should not grant, pursuant to the terms of section 6 of the Walsh-Healey Public Contracts Act, an exception from the application of section 1 (d) of the Act to permit the employment of female persons under eighteen (18) but not under sixteen (16) years of age by contractors in the spinning and weaving of cotton textiles.

All objections, protests, or any statements in opposition to or in support of the proposed exception should be filed with the Assistant Administrator, Division of Public Contracts, Department of Labor, Washington, D. C., not later than September 12, 1942.

Dated this 2d day of September 1942.

[Administrative Order 158]

PRINTING AND PUBLISHING AND ALLIED GRAPHIC ARTS INDUSTRY

APPOINTMENT OF INDUSTRY COMMITTEE NO. 49

1. By virtue of and pursuant to the authority vested in me by the Fair Labor Standards Act of 1938, I, William B. Grogan, Acting Administrator of the Wage and Hour Division, U. S. Department of Labor, do hereby appoint and convene for the Printing and Publishing and Allied Graphic Arts Industry (as such industry is defined in paragraph 2) an industry committee composed of the following representatives:

For the public: Alexander Meiklejohn, Chairman, Berkeley, California; Harold E. Fey, Chicago, Illinois; Aurelius Morgner, Minneapolis, Minnesota; Carroll R. Daugherty, New York, New York; Tipton R. Snavely, Charlottesville, Virginia; C. R. F. Smith, Baton Rouge, Louisiana; T. A. Distler, Lancaster, Pennsylvania; Reverend John F. Cronin, Baltimore, Maryland; Fred S. Siebert, Chicago, Illinois.

For the employees: Robert Bruck, Chicago, Illinois; C. V. Ernest, Baltimore, Maryland; John B. Haggerty, Washington, D. C.; Edward J. Volz, New York, New York; Leo J. Buckley, New York, New York; Conrad Woelfel, New York, New York; W. A. Copeland, Memphis, Tennessee; Aaron Schneider, New York, New York; George E. Mitchell, San Francisco, California.

For the employers: George E. Loder, New York, New York; Joseph Siegel, New York, New York; George N. Dale, Chicago, Illinois; Julian Wolfner, Detroit, Michigan; Arthur Knol, Chicago, Illinois; Bernard E. Esters, Houlton, Maine; C. T. Dean, Dallas, Texas; T. J. Buttikofer, New York, New York; William Simpson, Louisville, Kentucky.

Such representatives having been appointed with due regard to the geographical regions in which such industry is carried on.

2. For the purpose of this order the term "printing and publishing and allied graphic arts industry" means:

The impressing, stamping, or transferring on paper or other materials, of any mark, character, or delineation, through the use of ink, color, or graphic art processes, as well as any preparatory or finishing operations related thereto.

a. It includes, but without limitation, the printing and publishing of newspapers, books, periodicals, maps, music, and all other products or services of typesetters and advertising typographers, electrotypers and stereotypers, photo-engravers, steel and copper plate engravers, commercial printers, lithographers, gravure printers, letter shops, decalcomania manufacturers, private printing plants of concerns engaged primarily in other business, book and pamphlet binders, trade binderies, and news syndicates.

b. The printing of printed forms, blank books, stationery, tablets, calendars, announcement cards, greeting cards, and the like is included within this definition only when performed in "job printing establishments" (as this term is used in the wage order for the Converted Paper Products Industry).

Provided, however, That this definition shall not include the manufacture of products which are covered by a wage order heretofore issued by the Administrator of the Wage and Hour Division, business service establishments not engaged in printing or publishing operations, nor the production of motion pictures, blueprints or photographs, except photographs made in establishments engaged in the production of the articles or services covered by this definition.

3. The definition of the printing and publishing and allied graphic arts industry covers all occupations in the industry which are necessary to the production of the products or services specified in the definition, including clerical, maintenance, shipping and selling occupations: *Provided, however,* That where an employee covered by this definition is employed during the same workweek at two or more different minimum rates of pay, he shall be paid the highest of such rates for such workweek unless records concerning his employment are kept by his employer in accordance with applicable regulations of the Wage and Hour Division.

4. The industry committee herein created shall meet at 10:00 A. M. on September 28, 1942 in the College Room of the Hotel Astor, New York City, and, in accordance with the provisions of the Fair Labor Standards Act of 1938 and rules and regulations promulgated thereunder, shall proceed to investigate conditions in the industry and recommend to the Administrator minimum wage rates for all employees thereof who within the meaning of said Act are "engaged in commerce or in the production of goods for commerce," excepting employees exempted by virtue of the provisions of section 13 (a) and employees coming under the provisions of section 14.

Signed at New York, New York this 2d day of September 1942.

WILLIAM B. GROGAN,
Acting Administrator.

[Docket No. G–412]

UNITED FUEL GAS COMPANY

ORDER FIXING DATE OF HEARING AND SUSPENDING RATE SCHEDULE

SEPTEMBER 1, 1942.

It appearing to the Commission that: (a) United Fuel Gas Company has on

file a rate schedule and supplements thereto designated in the files of the Commission as United Fuel Gas Company Rate Schedule FPC No. 3 and Supplements Nos. 1 and 2 and Supplement No. 2 to Supplement No. 2 to said rate schedule, providing for the sale of natural gas to Louisville Gas & Electric Company for resale for ultimate public consumption for domestic, commercial, industrial or other use;

(b) On July 15, 1942, United Fuel Gas Company submitted to the Commission for filing, a rate schedule dated June 30, 1942, designated as United Fuel Gas Company Rate Schedule FPC No. 22, providing for increased rates or charges for such sales of natural gas to Louisville Gas & Electric Company, and requested that the increased rates be allowed to take effect as of July 1, 1942;

(c) Since this rate schedule FPC No. 22, dated June 30, 1942, was not accompanied by the information required by the Provisional Rules of Practice and Regulations under the Natural Gas Act to be filed with proposed increased rates, United Fuel Gas Company was advised of this omission by letter of July 21, 1942; on August 3, 1942, United's response was received stating that compliance with the rules would require an amount of work out of all proportion with the business involved; without waiving compliance with the Provisional Rules of Practice and Regulations, this rate schedule was accepted for filing on August 3, 1942;

(d) Unless suspended by order of the Commission, United Fuel Gas Company Rate Schedule FPC No. 22 will become effective as of September 2, 1942, pursuant to the provisions of the Natural Gas Act and the Provisional Rules of Practice and Regulations thereunder;

(e) In purported justification of the proposed increased rates or charges, United Fuel Gas Company did not submit the detailed information required by the Provisional Rules of Practice and Regulations but in lieu thereof stated that the new rate schedule was an arm's-length transaction between adverse parties; that it would equalize the rate to Louisville Gas & Electric Company with a rate charged another customer receiving natural gas at the same point of delivery; that, because the new rate schedule would result in a reduction in the volume of sales, United's load factor would be lower than under the present rate schedule, and that the purchaser may call upon United for unlimited amounts of additional gas;

(f) The schedule of increased rates or charges contained in United Fuel Gas Company Rate Schedule FPC No. 22 may result in excessive rates or charges to Louisville Gas & Electric Company or place an undue burden upon ultimate consumers of natural gas; and the proposed increased rates or charges have not been shown to be justified;

The Commission finds that:

It is necessary, desirable and in the public interest that the Commission enter upon a hearing concerning the lawfulness of the proposed increased rates or charges and that said proposed increased rates or charges be suspended pending such hearing and the decision thereon;

The Commission, upon its own motion, *orders*, That: (a) A public hearing be held on November 9, 1942, at 9:45 a. m., in the Hearing Room of the Federal Power Commission, 1800 Pennsylvania Avenue, NW., Washington, D. C., concerning the lawfulness of the rates or charges, subject to the jurisdiction of the Commission, contained in United Fuel Gas Company Rate Schedule FPC No. 22 for the sale of natural gas to Louisville Gas & Electric Company for resale for ultimate public consumption for domestic, commercial, industrial, or any other use;

(b) Pending such hearing and decision thereon, the schedule of increased rates or charges contained in United Fuel Gas Company Rate Schedule FPC No. 22, except insofar as it may provide for the sale of natural gas for resale for industrial use only, be and it hereby is suspended until February 2, 1943, or until such time thereafter as said schedule shall be made effective in the manner prescribed by the Natural Gas Act;

(c) During the period of suspension, the rates or charges collected and received by United Fuel Gas Company from Louisville Gas & Electric Company, as provided in United Fuel Gas Company Rate Schedule FPC No. 3, and Supplements Nos. 1 and 2 and Supplement No. 2 to Supplement No. 2 to that rate schedule, except insofar as they may be for the sale of natural gas for resale for industrial use only, shall remain and continue in full force and effect;

(d) At the hearing, the burden of proof to show that the proposed increased rates or charges are just and reasonable shall be upon the United Fuel Gas Company;

(e) Interested State commissions may participate in said hearing as provided in § 67.4 of the Provisional Rules of Practice and Regulations under the Natural Gas Act.

By the Commission.

[Docket No. FDC-39]

CANNED FRUIT COCKTAIL

NOTICE OF HEARING

In the matter of an amended definition and standard of identity for canned fruit cocktail, canned cocktail fruits, canned fruits for cocktail.

Notice is hereby given that the Administrator of the Federal Security Agency, pursuant to the application of Canners' League of California, on behalf of its members constituting a substantial portion of the industry, stating reasonable grounds therefor, and in accordance with the provisions of the Federal Food, Drug, and Cosmetic Act, secs. 401 and 701, 21 U.S.C. secs. 341 and 371 (Supp. V, 1939), will hold a public hearing commencing at 10 o'clock in the morning of October 5, 1942, in Room 3106, South Building, Independence Avenue, between 12th and 14th Streets SW., Washington, D. C., for the purpose of receiving evidence upon the basis of which regulations may be promulgated amending the definition and standard of identity for canned fruit cocktail, canned cocktail fruits, canned fruits for cocktail.[1] Proposals, which are for the purpose of giving notice of the subject matter to be considered and giving direction to the hearing, are set forth below. Interested persons are notified that the hearing is a fact-finding proceeding, after which it will be determined in accordance with the Act whether an amended definition and standard of identity for canned fruit cocktail, canned cocktail fruits, canned fruits for cocktail should be established and what the provisions of any such amended definition and standard of identity should be. It is not to be inferred from the fact that proposals are made that they represent the views of the Federal Security Agency or that evidence will be adduced by the Agency to support each such proposal.

The suggested amendments are subject to adoption, rejection, amendment, or modification, in whole or in part, as the evidence of record at the hearing may require. All interested persons are invited to attend the hearing either in person or by representative and to offer evidence relevant and material to the subject matter of this notice.

Michael F. Markel is hereby designated as Presiding Officer to conduct the hearing in the place of the Administrator, with full authority to administer oaths and affirmations and to do all other things appropriate to the conduct of the hearing.

The hearing will be conducted in accordance with the rules of practice provided for such hearings as published in 21 Code of Federal Regulations, §§ 2.701-2.715 (Supp. 1939).

In lieu of personal appearance, interested persons may proffer affidavits by delivering them to the Presiding Officer at Room 2242 South Building, Independence Avenue, between 12th and 14th Streets SW., Washington, D. C., not later than 10 o'clock in the morning of the day of the opening of the hearing. Such affidavits must be submitted in quintuplicate and, if relevant and material, may be received and made a part of the record at the hearing, but the Administrator will consider the lack of opportunity for cross-examination in determining the weight to be given to statements in the affidavits. Every interested person will be permitted to examine the affidavits proffered and to file with the Presiding Officer during the hearing affidavits counter to relevant and material statements of fact and opinion in such original affidavits.

Suggested amendments. The suggested amendments of the petitioners for the hearing are, in substance, that the regulation establishing a definition and standard of identity for canned fruit cocktail, canned cocktail fruits, canned fruits for cocktail, § 27.040, be amended so as to provide for the addition of light sirup and light fruit juice sirup as optional ingredients thereof by amending such section in the following particulars:

(1) To amend the list of optional packing media contained in subsection (c) by adding thereto the two optional packing media light sirup and light fruit juice sirup and by so re-enumerating other optional packing media in the list as to make the list read as follows:

(1) Water;
(2) Fruit juice;
(3) Light sirup;
(4) Heavy sirup;
(5) Extra heavy sirup;
(6) Light fruit juice sirup;
(7) Heavy fruit juice sirup; and
(8) Extra heavy fruit juice sirup.

(2) To revise that portion of subsection (c) following the aforesaid list of optional packing media so as to provide that the density of light sirup and light fruit juice sirup shall be 14° or more but less than 18°, as measured on the Brix hydrometer fifteen days or more after the fruit cocktail is canned, and to conform the designations of optional packing media therein to the numbers thereof in the preceding list as proposed to be revised in (1) above, so as to make such portion read as follows:

Each of packing media (3), (4), and (5) is prepared with water as its liquid ingredient, and each of packing media (6), (7), and (8) is prepared with fruit juice as its liquid ingredient. Except as provided in paragraph (d) (6), each of packing media (3) to (8), inclusive, is prepared with any one of the following saccharine ingredients: sugar; or any combination of sugar and dextrose in which the weight of the solids of the dextrose used is not more than one-half the weight of the solids of the sugar used; or any combination of sugar and corn sirup in which the weight of the solids of the corn sirup used is not more than one-third the weight of the solids of the sugar used; or any combination of sugar, dextrose, and corn sirup in which the weight of the solids of the dextrose used multiplied by 2, added to the weight of the solids of the corn sirup used multiplied by 3, is not more than the weight of the solids of the sugar used. The respective densities of packing media (3) to (8), inclusive, as measured on the Brix hydrometer fifteen days or more after the fruit cocktail is canned, are within the range prescribed for each in the following list:

Number of packing medium:	*Brix measurement*
(3) and (6)	14° or more but less than 18°.
(4) and (7)	18° or more but less than 22°.
(5) and (8)	22° or more but not more than 35°.

(3) To amend paragraph (d) (6) so as to make said paragraph read as follows:

(6) When the optional packing medium is prepared with fruit juice and invert sugar sirup or corn sirup other than dried corn sirup, it shall be considered to be light sirup, heavy sirup, or extra heavy sirup, as the case may be, and not light fruit juice sirup, heavy fruit juice sirup, or extra heavy fruit juice sirup.

(4) To amend paragraph (d) (7) so as to make said paragraph read as follows:

(7) The term "light sirup", "heavy sirup", or "extra heavy sirup" includes a sirup which conforms in all other respects to the provisions of this section, in the preparation of which there is used the liquid drained from any fruit ingredient previously canned in a packing medium consisting wholly of the liquid and saccharine ingredients of a light sirup, heavy sirup, or extra heavy sirup.

(5) To amend paragraph (d) (8) so as to make said paragraph read as follows:

(8) Except as provided in subparagraph (6) of this paragraph, the term "light fruit juice sirup", "heavy fruit juice sirup", or "extra heavy fruit juice sirup" includes a sirup which conforms in all other respects to the provisions of this section, in the preparation of which there is used the liquid drained from any fruit ingredient previously canned in a packing medium consisting wholly of the liquid and saccharine ingredients of light fruit juice sirup, heavy fruit juice sirup, or extra heavy fruit juice sirup.

(6) To amend paragraph (e) (1) by striking the figure (6) and substituting therefor the figure (8).

POTOMAC ELECTRIC POWER COMPANY

ORDER GRANTING APPLICATION, ETC.

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 1st day of September, A. D. 1942.

The Commission having heretofore, on August 26, 1942, made findings and entered an order herein granting an exemption from the provisions of section 6 (a) of the Public Utility Holding Company Act of 1935 pursuant to section 6 (b) of said Act for the issuance and sale of $5,000,000 principal amount of First Mortgage Bonds, 3¼% series due 1977, due August 1, 1977 by Potomac Electric Power Company, except that no findings were made in regard to the price to said company, spread and distribution thereof, and the Commission having reserved jurisdiction in said order in regard thereto; and

An amendment to said application having been filed as provided in Rule U-50 (c), specifying the proposals which had been received for the purchase of said bonds pursuant to the invitation of competitive bids therefor, and stating that Potomac Electric Power Company had received nine proposal and had accepted a bid from a group of underwriters headed by Kuhn, Loeb & Co. of 112.2679% of the principal amount thereof, plus accrued interest thereon from August 1, 1942 to the date of delivery of and payment for the bonds which are to be resold to the public at 113% of the principal amount thereof plus accrued interest from August 1, 1942 to the date of delivery, representing a spread to the underwriters of 0.7321%; and

The Commission having examined the record and finding no basis for imposing terms and conditions with respect to the price, spread and distribution thereof, at which such bonds are to be issued and sold;

It is ordered, That said application, as amended, be and it is hereby granted forthwith in regard to the price to the issuer, the spread and the distribution thereof applicable to such bonds subject, however, to the terms and conditions prescribed in Rule U-24 and to the terms and conditions contained in our order of August 26, 1942 except that relating to compliance with Rule U-50 (c).

By the Commission.

Regulations

TITLE 7—AGRICULTURE

Chapter III—Bureau of Entomology and Plant Quarantine

PART 320—THE MEXICAN BORDER REGULATIONS

INSPECTION OF VEHICLES

Introductory Note

Authority to inspect and apply safeguards to railway cars, vehicles, and various materials entering this country from Mexico has been granted by Congress on an annual basis since 1917 and regulations covering these activities have likewise been in force since that date. With the enactment of the Mexican Border Act, approved January 31, 1942, it has become necessary to revise the existing regulations so as to bring them under the authority of the new act, and into accord with its terms. The revision thus accomplished follows closely in scope and procedure the previous regulations, care being taken to avoid encroachment on the field covered by the Plant Quarantine Act.

Order of the Secretary of Agriculture

By virtue of the authority vested in the Secretary of Agriculture by the act, approved January 31, 1942, entitled, "To provide for regulating, inspecting, cleaning, and, when necessary, disinfecting railway cars, other vehicles, and other materials entering the United States from Mexico" (Public Law 426, 77th Congress), I, Grover B. Hill, Acting Secretary of Agriculture, do prescribe and promulgate the following regulations to be in force and effect on September 8, 1942.

Sec.
320.1 Administration.
320.2 Regulated vehicles, articles and materials.
320.3 Definitions.
320.4 Inspection.
320.5 Railway cars.
320.6 Vehicles, articles, and materials other than railway cars and unregulated boats.
320.7 Responsibility for opening and cleaning.
320.8 Responsibility for disinfection.
320.9 Fees for disinfection in government-owned facilities.

AUTHORITY: §§ 320.1 to 320.9, inclusive, issued under the act approved January 31, 1942, entitled "To provide for regulating, inspecting, cleaning, and, when necessary, disinfecting railway cars, other vehicles, and other materials entering the United States from Mexico," (Public Law 426, 77th Congress).

§ 320.1 *Administration.* The Chief of the Bureau of Entomology and Plant Quarantine is charge with the administration of the provisions of this Act and the regulations in this part concurrently with the Plant Quarantine Act and the quarantines and orders issued thereunder.

§ 320.2 *Regulated vehicles, articles, and materials.*[1] To carry out the purpose of the aforesaid Act to prevent the introduction of insect pests and plant diseases these regulations shall apply to railway cars, boats crossing the Rio Grande, aircraft, drawn or self-propelled vehicles (such as wagons, carts, trucks, automobiles), freight, baggage, containers, and articles or materials which may be contaminated with insect pests or plant diseases. These regulations, however, shall not apply to railway cars, other vehicles, and other materials originating in and moving directly from the Northern Territory of Baja California, Mexico.

§ 320.3 *Definitions.* For the purpose of these regulations the following words, names, and terms shall be construed, respectively, to mean:

(a) "Inspector" means an inspector of the Bureau of Entomology and Plant Quarantine, United States Department of Agriculture.

(b) "Owner or agent" includes both the singular and the plural and denotes the person, agent, firm, company, or official, having responsible custody of railway cars, vehicles, or other materials subject to these regulations.

(c) "Disinfection" includes any treatment or process designed to destroy insect pests or plant disease organisms.

(d) "Railway cars" includes all types of cars commonly employed in the transportation of freight, such as box, flat, tank, refrigerator, gondola, stock, etc.

(e) "Cleaning" means the removal, to the satisfaction of the inspector, of matter, other than the cargo and articles being moved, which may carry insect pests or plant diseases from railway cars, other vehicles, freight, express, baggage, and other materials.

(f) "Other vehicles" includes means of conveyance other than railway cars, such as aircraft, boats, automobiles, trailers, trucks, wagons, and carts, etc.

(g) "Other materials" includes all commodities, articles, and materials which may be the means of introducing insect pests or plant diseases into the United States.

§ 320.4 *Inspection.* As a condition of entry into the United States from Mexico all articles and materials under these regulations (§ 320.2) shall be subject to examination by an inspector for the purpose of determining whether they may enter the United States without risk of introducing insect pests and plant diseases.

§ 320.5 *Railway cars.* When the inspector has determined by examination that railway cars may enter the United States without risk of introducing insect pests and plant diseases into the United States, he shall, insofar as these regulations may govern, permit their entry. If the examination discloses that any car is contaminated and would involve risk of introducing insect pests or plant diseases into the United States, he shall prescribe, as condition of entry, cleaning, transfer of cargo, or disinfection, or all three. When cleaning alone has been prescribed and done to the satisfaction of the inspector he shall permit the entry of the cleaned cars, insofar as these regulations may govern entry. When disinfection is prescribed the entry of the cars shall be conditioned on their being fumigated, under the supervision of the inspector, either in a government-owned fumigation house or otherwise in a place and by methods prescribed by the inspector. Immediately upon entry of railway cars for fumigation they shall be moved by the owner or agent having charge of same directly to the government-owned fumigation plant or "spotted" at an approved place and before placing the cars in the fumigation chambers or "spotting" them for fumigating the railroad company servicing the cars shall cause the car doors to be opened and subsequent to fumigation it shall be the responsibility of the railroad company to remove the cars from the fumigation plant or place where they have been "spotted" and to close the car doors when the occasion requires. When the prescribed fumigation has been accomplished in manner required by the Chief of the Bureau of Entomology and Plant Quarantine, the inspector shall permit entry into the United States insofar as these regulations may govern. The inspector may authorize temporary entry of railway cars under conditions to be prescribed by him for unloading or loading in railroad yards at the port of entry or for in-transit movement from and to Mexico.

[1] The entry of certain plants and plant products is regulated or prohibited by quarantines and regulations promulgated under the Plant Quarantine Act as amended.

§ 320.6 *Vehicles, articles, and materials, other than railway cars and unregulated boats.* When the inspector has determined by examination that vehicles, other than railway cars and unregulated boats, or any of the various articles and materials covered by these regulations may enter the United States without risk of introducing insect pests or plant diseases, he shall permit their entry insofar as these regulations may govern. If the examination by the inspector discloses such regulated vehicles, articles, or materials are contaminated and would involve risk of introducing insect pests or plant diseases into the United States, he shall prescribe, as a condition of entry, cleaning, transfer of cargo, or disinfection, or any or all of these. The cleaning, transfer of cargo and disinfection shall be carried out under his supervision and to his satisfaction and until it has been so accomplished, entry into the United States shall be refused.

§ 320.7 *Responsibility for opening and cleaning.* The owner or agent in charge of railway cars, other vehicles, and freight, express, baggage, articles, or other materials shall open these for inspection as required by the inspector and provide reasonable access to every part thereof, and when cleaning is prescribed by the inspector as a condition of entry, shall so open, and clean, and do any and all things reasonably pertaining thereto as required by the inspector. All costs incident to entry, opening, and cleaning, except for the services of the inspector, shall be paid by the owner or agent in charge.

§ 320.8 *Responsibility for disinfection.* When disinfection involves fumigation the inspector will apply the fumigant whether in the houses erected for the purpose or in the cars themselves. If, in the judgment of the inspector, fumigation will not provide adequate safegards against the introduction of insect pests and plant diseases, he may prescribe another type of disinfection which shall be applied by the owner or agent under the supervision of the inspector. Costs incident to such disinfection, other than the services of the inspector, shall be borne by the owner or his agent, or paid for as prescribed elsewhere in these regulations.

§ 320.9 *Fees for disinfection in government-owned facilities.* Prior to entry of railway cars or other vehicles requiring fumigation in government-owned facilities as a condition of entry, the owner or agent in charge shall buy fumigation coupons from the inspector in charge at the port of entry. The price fixed for these coupons shall represent as nearly as may be, the average cost of materials, facilities, and special labor used by the Bureau of Entomology and Plant Quarantine in performing such fumigation. On the basis of the average cost for such fumigation over a period of years the inspector in charge shall, until further notice, collect a fee of $4.00 for each coupon sold. Payments for coupons, if practicable, shall be in the form of postal money orders, or bank drafts or certified checks drawn on United States banks, drawn to the credit of the Treasurer of the United States. Payments in United States currency will be accepted if tendered. All fees so collected by the inspector shall be promptly turned into the Treasury of the United States as miscellaneous receipts in accordance with the practices approved by the Secretary of Agriculture.

These regulations shall supersede the Rules and Regulations Prohibiting the Movement of Cotton and Cottonseed from Mexico into the United States and Governing the Entry into the United States of Railway Cars and Other Vehicles, Freight, Express, Baggage, or Other Materials from Mexico at Border Points, effective July 1, 1917, as amended January 29, 1920 (7 CFR §§ 320.1 to 320.6; 39 Stat. 1164) and may be referred to as "The Mexican Border Regulations."

Done at the City of Washington this 3d day of September 1942.

Witness my hand and the seal of the United States Department of Agriculture.

[SEAL] GROVER B. HILL,
Acting Secretary of Agriculture.

Chapter I—Immigration and Naturalization Service

[General Order C–1, Supplement 14]

PART 110—PRIMARY INSPECTION AND DETENTION

DESIGNATION OF PORT HUENEME, CALIFORNIA, AND PHILADELPHIA, PENNSYLVANIA, AS PORTS OF ENTRY FOR ALIENS

AUGUST 31, 1942.

Pursuant to the authority contained in section 23 of the Act of February 5, 1917 (39 Stat. 892; 8 U.S.C. 102); section 24 of the Act of May 26, 1924 (43 Stat. 166; 8 U.S.C. 222); section 1 of Reorganization Plan No. V (5 F.R. 2223); section 37 (a) of the Act of June 28, 1940 (54 Stat. 675; 8 U.S.C. 458) and § 90.1, Title 8, Chapter I, Code of Federal Regulations (7 F.R. 6753), Port Hueneme, California, and Philadelphia, Pennsylvania, are hereby designated as ports of entry for aliens entering the United States.

Section 110.1, Title 8, Chapter I, Code of Federal Regulations (Rule 3, Subd. A, Par. 1 of the Immigration Rules and Regulations of January 1, 1930, Edition of December 31, 1936) is amended by inserting Port Hueneme, California, between Los Angeles, California, and San Diego, California, in the list of ports of entry for aliens in District No. 20.

The said § 110.1 is further amended by deleting Gloucester City, N. J., now shown as a port of entry in District No. 4 of the Immigration and Naturalization Service, and substituting in lieu thereof the following:

Philadelphia, Pa. (The port of Philadelphia includes, among others, the port facilities at Trenton, Camden, Gloucester City, Paulsboro, Gibbstown, and Deepwater Point, N. J.; Chester and Marcus Hook, Pa., and Wilmington, Del.)

EARL G. HARRISON,
Commissioner.

nection with offer, etc., in interstate commerce or in the District of Columbia, of wellpoints and wellpoint systems, (1) misrepresenting the amount of unobstructed water-passing screen area of a competitive wellpoint, either directly or by comparison with its own wellpoint; (2) representing that wellpoints manufactured by its competitors have only a limited use as jetting points, or back waste the jetting water, or are otherwise inefficient or difficult to jet because equipped with only one valve; (3) representing that one of its wellpoints is equal or superior to five of any other well points; (4) representing that its wellpoints never clog up; and (5) representing that contractors all over the world testify that operating costs of its wellpoint system are always 50 percent or any other constant percentage lower than operating costs of competitive wellpoint systems; prohibited. (Sec. 5, 38 Stat. 719, as amended by Sec. 3, 52 Stat. 112; 15 U.S.C., sec. 45i) [Modified cease and desist order, Moretrench Corporation, Docket 3262, August 25, 1942]

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 25th of August, A. D. 1942.

This proceeding coming on for further hearing before the Federal Trade Commission and it appearing that on February 6, 1939 the Commission made its findings as to the facts herein and concluded therefrom that the respondent had violated certain provisions of the Federal Trade Commission Act and thereupon issued and caused to be served on the respondent its order requiring respondent to cease and desist from such violations; and it further appearing that on April 6, 1939, the respondent filed with the United States Circuit Court of Appeals for the Second Circuit its petition to review and set aside said order to cease and desist, and that on May 4, 1942, the United States Circuit Court of Appeals for the Second Circuit rendered its opinion and on May 21, 1942 issued its decree modifying the aforesaid order of the Commission in certain particulars and affirming said order as so modified:

Now therefore, pursuant to the provisions of subsection (l) of section 5 of the Federal Trade Commission Act, the Commission issues this, its modified order to cease and desist in conformity with said decree:

It is ordered, That the respondent, Moretrench Corporation, its officers, representatives, agents and employees, directly or through any corporate or other device, in connection with the offering for sale, sale and distribution of wellpoints and wellpoint systems in interstate commerce or in the District of Columbia, do forthwith cease and desist from:

1. Misrepresenting the amount of unobstructed water-passing screen area of a competitive wellpoint, either directly or by comparison with its own wellpoint;

2. Representing that wellpoints manufactured by its competitors have only a limited use as jetting points, or back waste the jetting water, or are otherwise inefficient or difficult to jet because equipped with only one valve;

3. Representing that one of its wellpoints is equal or superior to five of any other wellpoints;

4. Representing that its wellpoints never clog up;

5. Representing that contractors all over the world testify that operating costs of its wellpoint system are always 50 percent or any other constant percentage lower than operating costs of competitive wellpoint systems.

It is further ordered, That the respondent shall, within thirty (30) days after the service upon it of this order, file with the Commission a report in writing setting forth in detail the manner and form in which it has complied with this order.

By the Commission.

(Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., sec. 45b) [Cease and desist order, Giroux Company, Inc., Docket 4731, September 1, 1942]

§ 3.66 (k) *Misbranding or mislabeling—Source or origin—Place—Domestic product as imported:* § 3.96 (a) *Using misleading name—Goods—Place—Domestic product as imported.* In connection with offer, etc., of "Worcestershire Sauce", whether sold under that name or any other name, and among other things, as in order specified, using the words "English Pride" and "Old English Brand", or any other words which indicate English origin, to designate, describe, or refer to Worcestershire Sauce which is not made in England; prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., sec. 45b) [Cease and desist order, Giroux Company, Inc., Docket 4731, September 1, 1942]

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 1st day of September, A. D. 1942.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, the answer of the respondent, and a stipulation as to the facts entered into by the respondent herein and Richard P. Whiteley, Assistant Chief Counsel for the Commission, which provides, among other things, that without further evidence or other intervening procedure the Commission may issue and serve upon the respondent herein findings as to the facts and conclusion based thereon and an order disposing of the proceeding, and the Commission having made its findings as to the facts and conclusion that said respondent has violated the provisions of the Federal Trade Commission Act;

It is ordered, That the respondent Giroux Company, Inc., a corporation, and its officers, representatives, agents and employees, directly or through any corporate or other device, in connection with the offering for sale, sale and distribution of Worcestershire Sauce, whether sold under that name or any other name, in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

1. Using wrappers, containers, or labels which simulate the wrappers, containers, or labels used by Lea & Perrins, Inc., in marketing its Worcestershire Sauce, or otherwise representing that respondent's product is Worcestershire Sauce manufactured and distributed by Lea & Perrins, Inc.

2. Using the words "English Pride" and "Old English Brand", or any other words which indicate English origin, to designate, describe, or refer to Worcestershire Sauce which is not made in England.

It is further ordered, That the respondent shall, within sixty (60) days after service upon it of this order, file with the Commission a report in writing setting forth in detail the manner and form in which it has complied with this order.

By the Commission.

TEETERBABE COMPANY OF COLORADO

§ 3.99 (b) *Using or selling lottery devices—In merchandising.* In connection with offer, etc., in commerce, of electric irons, electric toasters, cameras, electric fans, hot plates, electric mixers, and children's chairs and jumper seats, or any other merchandise, (1) supplying, etc., agents, distributors, or members of the public, with pull cards or other devices which are to be used, or may be used, in the sale or distribution of respondent's merchandise or any merchandise to the public by means of a game of chance, gift enterprise, or lottery scheme; and (2) selling, etc., any merchandise by means of a game of chance, gift enterprise, or lottery scheme; prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., sec. 45b) [Cease and desist order, Teeterbabe Company of Colorado, Docket 3709, August 31, 1942]

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 31st day of August, A. D. 1942.

In the Matter of Kersh A. Smith, Individually and Trading as Teeterbabe Company of Colorado

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, the answer of respondent, testimony and other evidence in support of and in opposition to the allegations of the complaint taken before trial examiners of the Commission theretofore duly designated by it, report of the trial examiners upon the evidence, and brief in support of the complaint (no brief having been filed by respondent and oral argument not having been requested), and the Commission having made its findings as to the facts and its conclusion that the respondent has violated the provisions of the Federal Trade Commission Act;

It is ordered, That the respondent, Kersh A. Smith, individually and trading as Teeterbabe Company of Colorado, or trading under any other name, and his agents, representatives and employees, directly or through any corporate or other device, in connection with the offering for sale, sale, and distribution in commerce, as "commerce" is defined in the Federal Trade Commission Act, of electric irons, electric toasters, cameras, electric fans, hot plates, electric mixers, and children's chairs and jumper seats, or any other merchandise, do forthwith cease and desist from:

1. Supplying to or placing in the hands of agents, distributors, or members of the public, pull cards or other devices which are to be used, or may be used, in the sale or distribution of respondent's merchandise or any merchandise to the public by means of a game of chance, gift enterprise, or lottery scheme.

2. Selling or otherwise disposing of any merchandise by means of a game of chance, gift enterprise, or lottery scheme.

It is further ordered, That the respondent shall, within sixty (60) days after service upon him of this order, file with the Commission a report in writing setting forth in detail the manner and form in which he has complied with this order.

By the Commission.

Chapter IX—War Production Board

PART 1010—SUSPENSION ORDERS

[Suspension Order S-76]

PRODUCTION FOUNDRY COMPANY

Production Foundry Company of Oakland, California, is an unincorporated aluminum foundry owned and operated by Leon Cameto. Between February 1 and April 23, 1942, the company made deliveries of approximately 11,929 pounds of aluminum to various customers although such shipments had been specifically disapproved on the PD-26a Form filed by the company. The shipment of 9577 pounds of this amount was due to a justifiable misunderstanding on the part of the company but shipment of the remaining 2753 pounds was made in wilful violation of Supplementary Orders M-1-a[1] and M-1-f.[2] Between February 1 and April 23, 1942, the company also made deliveries of approximately 26,700 pounds of aluminum which had not been listed for approval on Form PD-26a and which had not been authorized for shipment by the Director of Industry Operations. Such shipments were made in wilful violation of Supplementary Orders M-1-a and M-1-f.

These violations of Supplementary Orders M-1-a and M-1-f have impeded and hampered the war effort of the United States by diverting aluminum to uses unauthorized by the War Production Board. In view of the foregoing: *It is hereby ordered*, That:

§ 1010.76 *Suspension Order S-76.* (a) Leon Cameto, individually or doing business as Production Foundry Company, his successors and assigns, shall accept no deliveries from any source of primary aluminum, secondary aluminum, aluminum scrap or alloys of which aluminum constitutes the major part, except as specifically authorized by the Director General for Operations.

(b) Beginning 15 days after the effective date of this order, Leon Cameto, individually or doing business as Production Foundry Company, his successors and assigns, shall not melt, process, fabricate, or in any way use any primary aluminum, secondary aluminum, aluminum scrap, or alloys of which aluminum constitutes the major part, except as specifically authorized by the Director General for Operations.

(c) Deliveries of material to Leon Cameto, individually or doing business as Production Foundry Company, his successors and assigns, shall not be accorded priority over deliveries under any other contract or order and no preference ratings shall be assigned or applied to such deliveries to Leon Cameto, individually or doing business as Production Foundry Company, by means of preference rating certificates, preference rating orders, general preference orders or any other orders or regulations of the Director of Industry Operations or the Director General for Operations except as specifically authorized by the Director General for Operations.

(d) No allocation shall be made to Leon Cameto, individually or doing business as Production Foundry Company, his successors and assigns, of any material the supply or distribution of which is governed by any order of the Director of Industry Operations or the Director General for Operations, except as specifically authorized by the Director General for Operations.

(e) Nothing contained in this order shall be deemed to relieve Leon Cameto, individually or doing business as Production Foundry Company, from any restriction, prohibition or provision contained in any other order or regulation of the Director of Industry Operations or the Director General for Operations except in so far as the same may be inconsistent with the provisions hereof.

(f) This order shall take effect September 8, 1942, and shall expire on December 8, 1942, at which time the restrictions contained in this order shall be of no further effect.

(P. D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024; 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 3d day of September 1942.

PART 1223—STANDARDIZATION AND SIMPLIFICATION OF PAPER

[Interpretation 1 of Schedule III to Limitation Order L-120]

A question has arisen as to whether the term "special name watermark", as used in item (vi) of various captions in the Appendix to § 1223.4 (Schedule III to Limitation Order L-120[1]), includes merchant marks.

The term "special name watermark", as used in item (vi) of various of the captions in the Appendix to § 1223.4 (Schedule III to Limitation Order L-120), is hereby officially interpreted to include merchant marks. However, the provisions applying to special name watermarks do not prevent the manufacture of fine writing papers for a merchant's stock with a mark used to identify a merchant's regular stock line, provided such marks are applied to papers of standard grade, color and substance weight, in a standard size or sizes, and in the quantities provided for a special name watermark under the appropriate caption.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Chapter XI—Office of Price Administration

PART 1305—ADMINISTRATION

[Supplementary Order 14]

LICENSING SELLERS OF MEAT AND MEAT PRODUCTS

A statement of the reasons for this Supplementary Order No. 14 has been issued simultaneously herewith and filed with the Division of the Federal Register.*

Pursuant to the authority of the Emergency Price Control Act of 1942, including section 205 (f) (1) thereof, it is hereby ordered:

§ 1305.18 *Provisions licensing sellers of meat and meat products*—(a) *License required.* Effective September 8, 1942, a license as a condition of selling is hereby required of every seller now or hereafter selling any meat, meat product or service for which maximum prices are established by Price Regulations Nos. 148, 156, 169 or Temporary Maximum Price Regulation No. 20,[1] as now or hereafter amended or supplemented, or by any price regulation now or hereafter issued, amended or supplemented by the Office of Price Administration making applicable by reference the provisions of this Supplementary Order No. 14.

(b) *License granted.* Every seller now or hereafter selling any meat, meat products or services for which maximum prices are established by Price Regulations Nos. 148, 156, 169 or Temporary Maximum Price Regulation No. 20, as now or hereafter amended or supplemented, or by any price regulation now or hereafter issued, amended or supplemented by the Office of Price Administration making applicable by reference the provisions of this Supplementary Order No. 14, is hereby granted a license as a condition of selling such meat, meat products, or services. The provisions of every price regulation of the Office of Price Administration to which this order now is or may hereafter become applicable shall be deemed to be incorporated in the license hereby granted, and any violation of any provision so incorporated shall be a violation of the provisions of said license. The license granted by this order shall become effective September 8, 1942, or when any person becomes subject to the provisions of this order, and shall, unless suspended as provided in the Act, continue in force so long as and to the extent that any such regulation or any applicable part, amendment or supplement remains in effect.

(c) *Exclusions.* This order shall not apply to sales at retail.

(d) *Licensing section of General Maximum Price Regulation superseded.* This Supplementary Order No. 14 supersedes the provisions of § 1499.16 of the General Maximum Price Regulation insofar as said § 1499.16 may be applicable to sales for which a license is required by this order: *Provided*, That, the licensing provisions of the General Maximum Price Regulation shall continue to apply to sales at retail.

(e) *Registration of licensees.* Every seller hereby licensed may be required to register with the Office of Price Administration at such time and in such manner as the Administrator may hereafter by regulation prescribe.

(f) *License not transferable.* The license hereby granted is not transferable.

(g) *Suspension of license.* Licensees violating any of the provisions of this order or of the license hereby granted, or violating any of the provisions of the price regulations specified in paragraph (b) hereof, or violating the provisions of any applicable regulation, order or requirement under section 202 (b) of the Act, are subject to the license suspension proceedings provided in the Act: *Provided, however*, That no proceedings for the suspension of a license, and no suspension, shall confer any immunity from any other provision of the Act.

(h) *Definitions.* When used in this Supplementary Order No. 14, the term:

(1) "Seller" means any individual, corporation, partnership, car route, packer's branch house, or any other organized group of persons or legal successor or representative of any of the foregoing who sells, slaughters for another, supplies, disposes, barters, exchanges, transfers or delivers, or contracts or offers to do any of the foregoing. Where a person makes sales from more than one place of business, each separate place of business of such person shall be deemed to be a separate seller, except that all places of business owned or controlled by the same person, and selling in the same market area shall be regarded as a single seller. Each shipping point from which a car route or car routes originate shall be deemed a separate seller.

(2) "Sales at retail" means sales to the ultimate consumer: *Provided*, That no wholesaler, processor, packer, slaughterer, branch house, purchaser for resale, car route or commercial user, shall be deemed to be an ultimate consumer, except that a sale to a purveyor of meals, by a person regularly and generally engaged in selling at retail, made on usual retail terms, shall be regarded as a sale at retail.

(3) "Market area" means any municipality or group of municipalities each of which has a common boundary with another: *Provided*, That such market area shall in no event extend in any direction farther than 50 miles from the seller's shipping point.

(4) "Act" means the Emergency Price Control Act of 1942.

*Copies may be obtained from the Office of Price Administration.

[1] 7 F.R. 3821, 4230, 4342, 4653, 4798, 5222, 5426, 5780, 5868.

(5) "Price regulation" means a schedule effective in accordance with the provisions of section 206 of the Emergency Price Control Act of 1942, a maximum price regulation or temporary maximum price regulation issued by the Office of Price Administration, or any order issued pursuant to any such regulation or schedule.

(i) Effective date of Supplementary Order No. 14. This Supplementary Order No. 14 (§ 1305.18) shall become effective September 8, 1942. (Pub. Law 421, 77th Cong.)

Issued this 3d day of September 1942.

PART 1315—RUBBER AND PRODUCTS AND MATERIALS OF WHICH RUBBER IS A COMPONENT

[Amendment 26 to Revised Tire Rationing Regulations[1]]

TIRES AND TUBES, RETREADING AND RECAPPING OF TIRES, AND CAMELBACK

In § 1315.801, paragraph (f) (2) (ii) is amended to read as set forth below:

Transfers and Deliveries of New Tires and Tubes, Retreaded or Recapped Tires and Camelback

§ 1315.801 *Permitted and prohibited transfers of new tires and tubes.* • • •

(f) *Other transfers.* • • •

(2) *By wholesaler or manufacturer without changing ownership or control: new tires and tubes kept on any premises by manufacturer.* • • •

(ii) Any person who manufactures tires and tubes and who complies with the following conditions may, without certificate, transfer new tires or tubes or recapped or retreaded tires to, or keep them upon any premises, provided that no change in ownership or control of such tires or tubes is thereby effected:

(*a*) Except as provided hereinafter, the manufacturer shall not transfer to, or keep such tires and tubes upon any premises, whether or not such tires or tubes were previously kept at such premises, unless he has been authorized in writing to do so by the Office of Price Administration, Washington, D. C. Application for such authorization shall be made in writing by the manufacturer and shall state for each of such premises the location thereof and the name and address of the person who owns or controls them. For each of such authorized premises, except where the authorized premises are regional branches, the manufacturer shall appoint a specified individual as his agent to be responsible for the stock of tires and tubes and shall submit with his application for authorization the name and address of the agent, a verified copy of his agreement with the agent and a statement that he will be fully responsible for acts of the agent and any person acting for him. The manufacturer shall not designate any other individual as his agent except upon authorization in writing from the Office of Price Administration, Washington, D. C. The Office of Price Administration may in its discretion deny, modify or revoke any authorization at any time. The number of premises authorized for each manufacturer shall not exceed 50.

(*b*) The manufacturer shall also submit with his first application for authorization, a statement setting forth the total number of consignments then kept by him upon premises used in performing the functions of a distributor or retailer in the United States or any of its territories or possessions together with the names and addresses of the consignees.

(*c*) A manufacturer may not keep more than 500 such tires and 500 such tubes at any time on any authorized premises unless the Office of Price Administration authorizes him in writing to keep a greater stock, or unless the authorized premises are regional branches of the manufacturer. A regional branch means any premises wholly controlled by the manufacturer at which the usual functions of the manufacturer's business, apart from production, are performed, provided that such premises are not used in performing the functions of a distributor or retailer.

(*d*) The tires or tubes shall be kept segregated from any others owned, possessed or controlled by a person other than the manufacturer and shall be kept readily identifiable upon inspection by signs, labels or similar means. The manufacturer shall at all times have access to the portion of the premises on which the tires and tubes are so segregated.

(*e*) Except in the case of transfer without certificate expressly permitted by other provisions of these regulations, or transfer by a manufacturer from one of his authorized premises to another, no tires or tubes shall be transferred from any authorized premises unless the manufacturer or his duly designated agent shall have first received in exchange therefor and in accordance with the requirements of these regulations a nontransferable certificate for the purchase of new tires or tubes, OPA Form No. R-2, a nontransferable certificate for the purchase of retreaded or recapped tires, OPA Form No. R-8, a nontransferable emergency certificate, OPA Form No. R-20, a nontransferable receipt, OPA Form No. R-12, or Part B of any such certificate or receipt.

(*f*) Records of inventory and of all transfers to and from any authorized premises shall be kept by the manufacturer at such premises and at his principal place of business. The manufacturer shall make monthly reports thereof to the Office of Price Administration commencing with the month of September 1942. Such reports shall be filed not later than the 20th day of the calendar month following the period covered by the report.

For each of such authorized premises, except regional branches the monthly reports shall include an inventory based upon a physical count showing the total number of tires and tubes at the beginning and end of the preceding monthly period on each of such premises and the total number of transfers to and from such stocks during said monthly period and shall list, by serial number if there is one, the certificates or receipts or Parts B thereof upon which the transfers were made, and the number, by size and type, of tires or tubes represented by each such certificate or receipt.

For authorized premises that are regional branches of the manufacturer, the report shall include an inventory based upon book records showing the total number of tires and tubes at the beginning and end of the preceding monthly period on each of such premises (except that the monthly reports that shall be filed on the 20th day of January, April, July and October shall include an inventory based upon a physical count rather than upon book records) and the total number of tires and tubes transferred to and from such stocks during said monthly period. The number of tires and tubes included in the inventory and the transfers to and from such stocks during said monthly period shall be listed by totals of passenger tires (including motorcycle tires), passenger tubes (including motorcycle tubes), truck tires, truck tubes, tractor tires (including implement tires and tires not otherwise specified) and tractor tubes (including implement tubes and tubes not otherwise specified). The size, grade or ply of such tires or tubes need not be stated.

(*g*) The provisions of paragraph (f) (2) (ii) of this section shall apply only to tires and tubes located at any authorized premises and not to tires or tubes located at the place of manufacture or in a public warehouse. In the case of segregated stocks "authorized premises" means only that portion of the premises upon which the segregated stock is located.

§ 1349.1 *Maximum prices for wire, cable and cable accessories.* (a) On and after January 29, 1942, regardless of any contract, lease or any other obligation, no manufacturer shall sell or deliver any wire, cable or cable accessories and no person in the course of trade or business shall buy or receive from any manufacturer any wire, cable or cable accessories at a price higher than the maximum price set forth in Appendices A, B and C hereof, incorporated herein as §§ 1349.17 to 1349.19 inclusive.

(b) On an after July 22, 1942, regardless of any contract, lease or other obligation, no seller other than the manufacturer shall sell or deliver any wire, cable or cable accessories and no person in the course of trade or business shall buy or receive from any seller other than the manufacturer any wire, cable or cable accessories at a price higher than the maximum price set forth in Appendix D hereof, incorporated herein as § 1349.20.

(c) On and after January 29, 1942, regardless of the terms of any contract or other commitment, no person shall make, and no person shall pay, a charge for rolling bars into rods or drawing wire therefrom in excess of the net charge made for similar operations on October 15, 1941, or on the latest date prior thereto on which such operation was performed.

(d) No person shall agree, offer, solicit, or attempt to do any of the acts prohibited in paragraphs (a), (b) and (c) of this section.

(e) (1) The prohibition contained in this Revised Price Schedule No. 82 against buying or receiving any commodity or service at a price higher than the maximum price permitted by such regulation shall not be construed to apply to (i) any war procurement agency of the United States or any contracting or paying finance officer thereof and (ii) the government of any country the defense of which the President of the United States deems vital to the defense of the United States under the terms of the Act of March 11, 1941, entitled "An Act to promote the defense of the United States" or to any agency of any such government. Any such war procurement agency or contracting or paying finance officer thereof and any such government or any agency thereof shall be relieved of any and every liability, civil or criminal, imposed by such regulation or by the Emergency Price Control Act of 1942.

(2) "War procurement agency", as used in this paragraph includes the War Department, the Department of the Navy, the United States Maritime Commission, the Lend-Lease Section of the Procurement Division of the Treasury Department; and the following subsidiaries of the Reconstruction Finance Corporation, Rubber Reserve Corporation, Metals Reserve Corporation and Defense Supplies Corporation, or any agency of any of the foregoing.

(f) Notwithstanding the provisions of paragraphs (a) (b) and (c) of this section, if, upon the purchase of any wire, cable or cable accessories the purchaser shall receive from the seller a written affirmation that to the best of his knowledge, information, and belief the price charged does not exceed the maximum price established by this Revised Price Schedule No. 82 and if in such case the purchaser shall have no knowledge of the maximum price, and no cause to doubt the accuracy of the affirmation, the purchaser shall be deemed to have complied with this section.

• • • • • •

§ 1349.4 *Records and reports.* • • •

(g) If the maximum prices for wire, cable or cable accessories are to be determined in accordance with the provisions of Appendix C hereof, incorporated herein as § 1349.19, the manufacturer shall submit to the Office of Price Administration, Washington, D. C., the specifications of such wire, cable or cable accessories, the proposed price, price and cost estimate sheets, the proposed billing date, a statement that no standard estimating procedure is applicable and the reasons therefor, and a statement, where applicable, of differentials in the cost of material used in substitution for materials no longer available, all certified by an authorized agent having knowledge of the facts. Such information shall be submitted by mail postmarked not less than thirty days before the proposed date of billing of such wire, cable or cable accessories.

• • • • • •

§ 1349.5 *Federal and state taxes.* (a) Any tax levied by any statute of the United States or statute or ordinance of any state or subdivision thereof which the manufacturer on October 15, 1941 added to the price paid by the purchaser shall not be included in the maximum price but may be collected by the manufacturer in addition to the maximum price if such tax is stated separately from the purchase price.

(b) Any tax upon the sale or delivery of wire, cable or cable accessories and any compensating use tax upon wire, cable or cable accessories levied by any statute of the United States, or statute or ordinance of any state or subdivision thereof and becoming effective on or after October 15, 1941, may also be collected by the manufacturer making such taxable sale or delivery in addition to the maximum price if such tax is stated separately from the purchase price, unless the manufacturer had increased his price on or before October 15, 1941, to reflect such new or increased tax.

(c) Any separately stated tax paid by a purchaser for resale upon the purchase of wire, cable or cable accessories may be collected by such purchaser in addition to the maximum price upon the resale of such wire, cable or cable accessories unless the purchaser's price in effect on October 15, 1941, reflected the amount of such tax.

§ 1349.6 *Developmental contracts and subcontracts.* (a) This revised Price Schedule No. 82 shall not apply to any sale or delivery of wire, cable or cable accessories, or to the service of rolling bars into rods or drawing wire therefrom, pursuant to a contract or subcontract certified in writing to the Office of Price Administration by the United States or any agency thereof as being developmental: *Provided*, That a report is filed pursuant to paragraph (b). For the purposes of this section, a contract is deemed to be "developmental" during the period required for the selection of a product by the purchaser or for the accumulation of sufficient production experience by the manufacturer to permit a fair estimate of the manufacturing costs, or both. After the Office of Price Administration shall have determined, upon consultation with the appropriate government agency, that the period necessary for development has expired, and has in writing so notified such agency and the manufacturer, this Revised Price Schedule No. 82 shall apply to all subsequent sales and deliveries of such wire, cable or cable accessories, or service of rolling bars into rods or drawing wire therefrom.

(b) Within ten days after entering into any such developmental contract or subcontract the manufacturer shall file a report with the Office of Price Administration, Washington, D. C., containing a description of the product or products to be manufactured, or service to be performed in rolling bars into rods or drawing wire therefrom, a summary of the terms of the contract or subcontract including all pricing provisions, a short statement of the production plan of which this contract is a part, and an estimate of the expected duration of such developmental work. For any such contract or subcontract in effect on July 22, 1942 such report shall be filed prior to October 1, 1942.

§ 1349.7 *Secret contracts.* This Revised Price Schedule No. 82 shall not apply to any sale or delivery of wire, cable or cable accessories, or to the service of rolling bars into rods or drawing wire

*Copies may be obtained from the Office of Price Administration.

therefrom, pursuant to a contract or subcontract which is deemed to be a "secret" contract and is so certified to the Office of Price Administration by the United States or any agency thereof. Such certification shall set forth the date of the "secret" contract and its number or other designation. After the Office of Price Administration shall have received notice from the United States or the certifying agency that the contract is no longer deemed to be secret, this Revised Price Schedule No. 82 shall apply to all subsequent sales and deliveries of such wire, cable and cable accessories, or to the service of rolling bars into rods or drawing wire therefrom.

§ 1349.8 *Emergency purchases.* This Revised Price Schedule No. 82 shall not apply to any sale or delivery pursuant to any emergency purchase by the United States or any agency thereof for immediate delivery of any wire, cable or cable accessories, or to the immediate performance of any service of rolling bars into rods or drawing wire therefrom: *Provided*, That if the total price exceeds $500, a report is filed pursuant to paragraph (b).

(b) Within ten days after making any such emergency purchase in the amount of more than $500, at a price which is known or suspected by the purchaser to be in excess of the maximum price, any person making such purchase on behalf of the United States or any agency thereof shall file a report with the Office of Price Administration, Washington, D. C., certifying that such purchase was made in a situation in which it was imperative to secure wire, cable, or cable accessories or the service of rolling bars into rods or drawing wire therefrom, immediately and in which it was impossible to secure, or unfair to require, immediate delivery or performance at the applicable maximum price and setting forth (1) the name and address of the seller or supplier; (2) date of purchase; (3) date of delivery or performance; (4) description of the wire, cable or cable accessories purchased, or rolling or drawing service performed; (5) quantity purchased; (6) price at which purchased; and (7) a brief statement of the facts giving rise to the emergency situation which necessitated the purchase at a price higher than the applicable maximum price.

§ 1349.9 *Privileges accorded to certain foreign governments.* The privileges accorded to the United States or any agency thereof by § 1349.6 (developmental contracts and subcontracts), § 1349.7 (secret contracts) and § 1349.8 (emergency purchases) shall apply to the government of any country whose defense the President deems vital to the defense of the United States under the terms of the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States," or to any agency of any such government.

* * * * *

§ 1349.11 *Enforcement.* (a) Persons violating any provision of this Revised Price Schedule No. 82 are subject to the criminal penalties, civil enforcement actions, license suspension proceedings and suits for treble damages provided for by the Emergency Price Control Act.

* * * * *

§ 1349.13 *Definitions.* When used in this Revised Price Schedule No. 82, the term:

(a) "Person" includes an individual, corporation, partnership, association, or any other organized group of persons, or legal successor or representative of any of the foregoing, and includes the United States or any agency thereof, or any other government, or any of its political subdivisions or any agency of any of the foregoing. * * *

§ 1349.14 *Exclusions.* This Revised Price Schedule No. 82 shall not apply to any sale or delivery at retail or wire, cable or cable accessories except any sale or delivery of wire, cable accessories by the manufacturer thereof. "Sale at retail" means any sale to an ultimate user other than an industrial, commercial or governmental user, or any sale at a retail price to a purchaser of a class to whom sales were regularly made at retail prices prior to October 15, 1941.

* * * * *

§ 1349.17 *Appendix A: Manufacturers—maximum prices for wire, cable and cable accessories listed in price sheets.* * * *

(c) For wire, cable or cable accessories developed subsequent to October 15, 1941, or sold on or before October 15, 1941 without listing in price sheets, new price sheets may be issued containing prices the manufacturer thereof would have charged on October 15, 1941, if said prices had been calculated upon labor and material costs existing on such date and by the use of a standard estimating procedure or formula in effect on or before October 15, 1941 or submitted to and approved by the Office of Price Administration. Maximum prices for such wire, cable or cable accessories shall be the prices reported pursuant to § 1349.4 (e): *Provided*, That the Office of Price Administration either approves such prices in writing or fails to disapprove them within thirty days after receipt of the report. The Office of Price Administration may disapprove such prices in writing within such thirty-day period and upon such disapproval the manufacturer shall recompute the proposed prices in accordance with the requirements of this paragraph and report the same to the Office of Price Administration pursuant to § 1349.4 (e). During the thirty-day period following the receipt of the report of the proposed prices, as originally reported or as recomputed, but not after such proposed prices shall have been disapproved by the Office of Price Administration, the manufacturer may quote, contract, sell or deliver at the proposed prices, but final settlement shall be made in accordance with the action of the Office of Price Administration on such report, and, if required by the Office of Price Administration, refunds shall be made. If the proposed prices are disapproved by the Office of Price Administration, the manufacturer shall not quote, contract, sell or deliver any such wire, cable or cable accessories until proposed prices therefor have been recomputed and reported as herein required. Nothing herein contained shall be construed to prohibit amendment of this Revised Price Schedule No. 82 in any respect at any time.

§ 1349.18 *Appendix B: Manufacturers—maximum prices for wire, cable and cable accessories priced in accordance with standard estimating procedures.* For all wire, cable and cable accessories not covered by Appendix A, incorporated herein as § 1349.17: * * *

(b) for which a standard estimating procedure was not in effect on or before October 15, 1941, but for which a standard estimating procedure has been reported to the Office of Price Administration, pursuant to § 1349.4 (f), maximum prices shall be the net prices calculated by the use of such estimating procedure: *Provided*, That the Office of Price Administration either approves such estimating procedure in writing or fails to disapprove it within thirty days after the receipt of the report. The Office of Price Administration may disapprove such estimating procedure in writing within such thirty day period and upon such disapproval the manufacturer shall revise the proposed estimating procedure in accordance with the requirements of this paragraph and report the same to the Office of Price Administration pursuant to § 1349.4 (f). During the thirty day period following the receipt of the proposed estimating procedure, as originally reported or as revised, but not after such proposed estimating procedure shall have been disapproved by the Office of Price Administration, the manufacturer may quote, contract, sell or deliver at the prices computed in accordance with the proposed estimating procedure but final settlement shall be made in accordance with the action of the Office of Price Administration on such report, and, if required by the Office of Price Administration, refunds shall be made. If the proposed estimating procedure is disapproved by the Office of Price Administration, the manufacturer shall not quote, contract, sell or deliver any such wire, cable or cable accessories until the proposed estimating procedure for computing prices therefor has been revised and reported as required herein. Nothing herein contained shall be construed to prohibit amendment of this Revised Price Schedule No. 82 in any respect at any time.

§ 1349.19 *Appendix C: Manufacturers—maximum prices for wire, cable and cable accessories not covered by § 1349.17 or § 1349.18, Appendices A or B.* For all wire, cable and cable accessories not covered by Appendices A or B, incorporated herein as §§ 1349.17 and 1349.18, maximum prices shall be the prices the manufacturer thereof would have charged on October 15, 1941, employing experience acquired by him subsequent to such date in manufacturing the same or similar products, and adjusted to reflect differentials in the cost of materials used in substitution for materials no longer available and reported pursuant to § 1349.4 (g): *Provided*, That the Office of Price Administration either approves such prices in writing or fails to disapprove them within thirty days after receipt of the report. The office of Price Administration may disapprove such prices in writing within such thirty day period and upon such disapproval, the manufacturer shall recompute the proposed prices in accordance with the requirements of this paragraph and report the same to the Office of Price Administration pursuant to § 1349.4 (g). During the thirty day period following the receipt of the report of the proposed prices, as originally reported or as recomputed, but not after such proposed prices shall have been disapproved by the Office of Price Administration, the manufacturer may quote, contract, sell or deliver at the proposed prices, but final settlement shall be made in accordance with the action of the Office of Price Administration on such report, and, if required by the Office of Price Administration, refunds shall be made. If the proposed prices are disapproved by the Office of Price Administration, the manufacturer shall not quote, contract, sell or deliver any such wire, cable or cable accessories until proposed prices therefor have been recomputed and reported as herein required. Nothing herein contained shall be construed to prohibit amendment of this Revised Price Schedule No. 82 in any respect at any time.

§ 1349.20 *Appendix D: Sellers other than the manufacturer—maximum prices for wire, cable and cable accessories—*(a) *Wire, cable and cable accessories listed in price sheets.* For any type of wire, cable or cable accessories, the price of which can be determined by prices listed or methods of computation provided in such seller's price sheets in effect on October 15, 1941:

(1) *Price:* The maximum price to any purchaser of such wire, cable, or cable accessory shall be the net price such seller would have received on that date from a purchaser of the same class, except that (i), for solid copper Weatherproof Wire, the seller may add to such net price the sum of 2.375¢ per pound and (ii), for any such wire, cable or cable accessory containing lead, the seller may add to such net price an amount equal to the number of pounds of lead contained on such wire, cable or cable accessory, multiplied by $.00325.

(2) *Reports.* On or before October 1, 1942, every such seller shall file with the Office of Price Administration, Washington, D. C., all his price and discount sheets in effect on October 15, 1941, corrected where necessary, to reflect the differentials provided in paragraph (a) (1) of this section for solid copper weatherproof wire and lead-covered wire, cable and cable accessories. Any such seller who on October 15, 1941 sold or delivered wire, cable or cable accessories at prices based upon price sheets published by any other person subject to this Revised Price Schedule No. 82 need not file such other person's price sheets but shall file instead a statement identifying the particular price sheets and prices based thereon which he used on that date, a list of the prices of any wire, cable or cable accessory not sold at prices based upon such other person's price sheets and any discount sheets issued by such seller in effect on that date.

(b) *Thirty-day price adjustment period.* Notwithstanding the provisions of paragraph (a) of this section, for any wire, cable or cable accessory the price of which, determined from prices listed or methods of computation provided on such seller's price sheets in effect on November 15, 1941, was higher than such seller's price in effect on October 15, 1941 because of an increase of price to him on such wire, cable or cable accessory made between September 15, 1941 and October 15, 1941 inclusive, and for which a report is filed pursuant to subparagraph (2) hereof:

(1) *Prices.* The maximum price for such wire, cable or cable accessory shall be the lower of:

(i) The price in effect on October 15, 1941 plus an amount not exceeding in percentage the amount of the increase in price to him, or

(ii) The price in effect on November 15, except that, for solid copper, weatherproof wire the seller may add to the lower of such prices the sum of 2.375¢ per pound and for any such wire, cable or cable accessory containing lead the seller may add to the lower of such prices an amount equal to the number of pounds of lead contained on such wire, cable or cable accessory multiplied by $.00325.

(2) *Reports.* In the circumstances set forth above in paragraph (b), a report shall be filed with the Office of Price Administration, Washington, D. C., not later than October 1, 1942, containing a description of the wire, cable or cable accessory in question, the seller's price in effect on November 15, 1941, and the date such price became effective, the seller's price in effect on October 15, 1941, and the date such price became effective, the price to such seller in effect on September 15, 1941, the price to such seller in effect on October 15, 1941 and the date such price became effective, and the maximum price determined pursuant to this paragraph.

(c) *Wire, cable and cable accessories not listed in price sheets.* For any wire, cable or cable accessory not covered by paragraph (a) hereof, the maximum price to any purchaser shall be the net price determined by applying to the seller's net invoiced cost, not exceeding the maximum price, of such wire, cable or cable accessory the average percentage margin over net invoiced cost realized on or about October 15, 1941 for the same wire, cable or cable accessory sold by such seller on or about October 15, 1941 to a purchaser of the same class, or if none was sold on or about that date, for all wire, cable or cable accessories of the same class sold on or about that date.

(d) *New lines.* For any wire, cable or cable accessory not covered by paragraphs (a) or (c) hereof:

(1) *Price.* The maximum price shall be the price reported pursuant to subparagraph (2) of this paragraph (d): *Provided*, That the Office of Price Administration either approve such price in writing or fails to disapprove it within thirty days after receipt of the report. The Office of Price Administration may disapprove such price in writing within such thirty day period and upon such disapproval such seller shall recompute the proposed price, and report the same to the Office of Price Administration, in accordance with the requirements of this paragraph (d). During the thirty day period following the receipt of the report of the proposed price, as originally reported or as recomputed, but not after such proposed price shall have been disapproved by the Office of Price Administration, such seller may quote, contract, sell or deliver at the proposed price, but final settlement shall be made in accordance with the action of the Office of Price Administration on such report, and, if required by the Office of Price Administration, refunds shall be made. If the proposed price is disapproved by the Office of Price Administration, such seller shall not quote, contract, sell or deliver any such wire, cable or cable accessories until the proposed price therefor has been recomputed and reported as herein required. Nothing herein contained shall be construed to prohibit amendment of this Revised Price Schedule No. 82 in any respect at any time.

(2) *Reports.* The seller of such wire, cable or cable accessory shall file with the Office of Price Administration, Washington, D. C., a report containing the proposed price, the proposed billing date, the net invoiced cost of such wire, cable or cable accessory, the date of purchase, a statement of the basis on which such proposed price was determined, and an explanation of the reasons why paragraphs (a) and (c) of this section were inapplicable. If such seller desires such price to become the maximum price applicable to all subsequent sales and deliveries of any such wire, cable or cable accessories, a statement that the report is also being filed pursuant to paragraph (e) of this section should be included.

(e) *New list prices.* (1) Any seller other than the manufacturer who desires or is required in writing by the Office of Price Administration to establish a new list price for any wire, cable or cable accessory shall file a report pursuant to subparagraph (2) hereof, containing a proposed price determined under paragraph (c) or (d) of this section, and such price shall thereafter be the maximum price: *Provided*, That the Office of Price Administration either approves such price in writing or fails to disapprove it within thirty days after receipt of the report. Such price may be disapproved only on the ground that it was not computed in accordance with the applicable provision of this Revised Price Schedule No. 82 or because the Office of Price Administration finds that a computation at a later date may result in a lower maximum price.

(2) Under the circumstances set forth in subparagraph (1), a report shall be

filed with the Office of Price Administration, Washington, D. C., containing the proposed list price, the proposed effective date, the class or classes of purchasers to whom such price is to be quoted and the discounts applicable to each such class, all relevant data used in determining such price, and evidence that such price was determined in accordance with the applicable provisions of this Revised Price Schedule No. 82.

(f) *Records.* Every such seller of wire, cable or cable accessories making any sale after July 22, 1942, shall keep for inspection by the Office of Price Administration for a period of not less than one year, complete and accurate records of each such sale, showing (1) the date thereof, (2) the name and address of the buyer, (3) the price on the date of sale, (4) the net price received, and (5) the quantity and description of the wire, cable or cable accessories sold.

§ 1349.16 *Effective date of amendments.* * * *

(b) Amendment No. 2 (§§ 1349.1; 1349.4 (e), (f), (g); 1349.5; 1349.6; 1349.7; 1349.8; 1349.9; 1349.10; 1349.11 (a); 1349.12; 1349.13 (a); 1349.14; 1349.15; 1349.16 (a), (b); 1349.17 (a), (c); 1349.18 (b); 1349.19; 1349.20) to Revised Price Schedule No. 82 shall become effective as of July 22, 1942.

TITLE 33—NAVIGATION AND NAVIGABLE WATERS

Chapter I—Coast Guard, Department of the Navy

PART 6—ANCHORAGE REGULATIONS FOR THE CONTROL OF VESSELS IN THE TERRITORIAL WATERS OF THE UNITED STATES

SPECIAL AUTHORIZATION FOR LICENSES

Pursuant to the authority contained in section 1, Title II of the Espionage Act, approved June 15, 1917, 40 Stat. 220 (U.S.C., title 50, sec. 191), as amended by the Act of November 15, 1941 (Pub. Law 292, 77th Cong.), and by virtue of the Proclamation and Executive Order issued June 27, 1940 (5 F.R. 2419), and November 1, 1941 (6 F.R. 5581), respectively, the Regulations relating to the control of vessels in the territorial waters of the United States (5 F.R. 2442), issued by the Secretary of the Treasury and approved by the President on June 27, 1940, as amended, are further amended as follows:

Paragraph (a) of § 6.6, *Special authorization for licenses* etc., is amended by adding the following:

§ 6.6 *Special authorization for licenses.* * * *

(a) * * *

(3) Where the presence of a vessel outside of local waters will, because of specialized equipment or other reason, aid the Naval or military defenses of the nation: *Provided*, That no such license will be issued unless the Commandant of the Naval District requests that licenses of this kind be issued: *Provided further*, That no license shall be granted to any vessel having an enemy alien on board, either in the capacity of master, operator, person in charge, member of the crew, or passenger.

FRANK KNOX.
Secretary of the Navy.

Approved: August 31, 1942.

PART 9—GENERAL LICENSES FOR MOVEMENT OF VESSELS WITHIN, OR DEPARTURE FROM, TERRITORIAL WATERS

REVOCATION OF GENERAL LICENSE NO. 2

By virtue of the authority vested in me by § 6.6 (d) of this chapter (6 F.R. 5222), and in accordance with the provisions of § 9.2 (1) (6 F.R. 5342; 7 F.R. 3213), I hereby find that the continuance in force of General License No. 2 (§ 9.4 *General License No. 2*) (7 F.R. 4343), as hereinafter defined, would be inimical to the interests of national defense and of the safety and protection of vessels and the territorial waters, and therefore said General License No. 2 (§ 9.4 *General License No. 2*) is revoked.

R. R. WAESCHE,
Commandant.

Approved: August 31, 1942.

TITLE 49—TRANSPORTATION AND RAILROADS

Chapter I—Interstate Commerce Commission

[No. 3666]

PART 85—REGULATIONS APPLYING TO SHIPMENTS MADE BY WAY OF COMMON OR CONTRACT CARRIERS BY PUBLIC HIGHWAY

EXPLOSIVES IN FULL TRAILERS

In the matter of regulations for transportation of explosives and other dangerous articles.

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 28th day of August, A. D. 1942.

It appearing, that pursuant to section 233 of the Transportation of Explosives Act approved March 4, 1921 (41 Stat. 1445), and section 204 (a) (2) of Part II of the Interstate Commerce Act, the Commission has formulated and published certain regulations for transportation of explosives and other dangerous articles applying to shipments made by way of common or contract carriers engaged in interstate or foreign commerce by public highway;

It further appearing, that by applications of Pacific Inland Tariff Bureau, Inc., and American Trucking Associations, Inc., we are asked to amend section 824, paragraphs (b) (3) and (b) (4), of the aforesaid regulations so as to permit loading and transporting of military or naval explosives in motor combination units of truck and full trailer, in addition to the types of vehicles in which such commodities may now be transported; said permission to be granted because of the present emergency and until further order of the Commission, and to apply to transportation performed to, from, or on behalf of the United States Government or the United Nations;

It further appearing, that said applications are supported by requests received from the armed services that the aforesaid regulations be revised so as to permit the transportation described in the applications;

It further appearing, that pursuant to our notice interested parties of record conferred at the office of the Commission in Washington on August 20, 1942, and reached an agreement upon the matter of transportation and the form in which amendment of the aforesaid regulations should meet the terms of the applications and the desire of interested parties;

It further appearing, that section 824, paragraphs (b) (3) and (b) (4), of the aforesaid regulations now provide for loading and transporting of explosives on any truck or any semitrailer attached to a tractor, to which no form of trailer may be attached when so loaded, and specifically that no explosives may be loaded into or transported on any full trailer;

And it further appearing, that the said applications having been considered and found to be in accord with the best-known practicable means for securing safety in the transportation of explosives by public highway:

It is ordered, That the regulations for transportation of explosives and other dangerous articles be, and they are hereby, amended as follows:

Amending section 824, paragraphs (b) (3) and (b) (4), order November 8, 1941, as follows (*explosives in full trailers*):

Add: *Provided, however*, That because of the present emergency and until further order of the Commission, loading and transporting of military or naval explosives is permitted in motor combination units of truck and full trailer, in addition to the types of vehicles in which such commodities may now be transported, when said transportation is performed to, from, or on behalf of the United States Government or the United Nations.

(Sec. 233, Transportation of Explosives Act, and sec. 204 (a) (2) of Part II, Interstate Commerce Act; 41 Stat. 1445, 49 Stat. 545, and 52 Stat. 1237; 18 U.S.C. 383, and 49 U.S.C. 304 (a) (2))

It is further ordered, That the aforesaid regulations as further amended herein shall be and remain in full force and effect on and after the date of approval hereof, and shall be observed until further order of the Commission;

And it is further ordered, That copies of this order be served upon all the parties of record herein and that notice be given to the public by posting in the office of the Secretary of the Commission at Washington, D. C.

By the Commission, division 3.

Bureau of Mines.

W. J. CROSKILL, LICENSEE

ORDER REVOKING LICENSE AND DIRECTING ITS SURRENDER

To: W. J. Croskill, Licensee above named, 16th Avenue South and 160th Street South, Seattle, Washington.

Based upon the records in this matter, I, R. R. Sayers, Director of the Bureau of Mines, make the following findings of fact:

1. On August 4, 1942, a Specification of Charges against you, setting forth violations of the Federal Explosives Act (55 Stat. 863) and regulations thereunder of which you were accused, was mailed to you at the above named, your last known address, giving you notice to file an answer within 15 days if you wished to be heard on the charges against you.

2. More than 15 days have elapsed since the giving of said notice, and you have failed to file an answer to said charges.

3. The charges against you are true.

Now, therefore, by virtue of the authority vested in me by sections 8 and 18 of the Federal Explosives Act (55 Stat. 863) and § 301.22 of the regulations thereunder (7 F.R. 5901).

It is hereby ordered, That Purchaser's License No. 314,224, heretofore issued to you under the Federal Explosives Act (55 Stat. 863), be and it is hereby revoked; and

It is further ordered, That you shall immediately surrender said license and all certified or photostatic copies thereof, if any, by delivering or by mailing the same to the Director of the Bureau of Mines, Interior Department, Washington, D. C.

This order is effective on and after its date, except that you will be allowed not to exceed 10 days thereafter within which to sell or otherwise dispose of explosives or ingredients thereof now on hand to persons licensed under the Federal Explosives Act and in accordance with the provisions of the act and regulations thereunder. This exception does not authorize you to use or test explosives or ingredients thereof on hand, nor does it authorize you to manufacture or to purchase or otherwise acquire explosives or ingredients thereof.

Failure to comply with any of the provisions of this order will constitute a violation of the Federal Explosives Act, punishable by a fine of not more than $5,000 or by imprisonment for not more than one year, or by both such fine and imprisonment.

Dated: September 2, 1942.

[Docket No. AO 1-A 9]

CALIFORNIA, OREGON, AND WASHINGTON WALNUTS

NOTICE OF HEARING

Pursuant to the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 1940 ed. 601 *et seq.*), and in accordance with the applicable rules of practice and procedure thereunder (7 CFR §§ 900.1-900.17; 6 F.R. 6570, 7 F.R. 3350), notice is hereby given of a hearing to be held in the Comstock Room, Palace Hotel, San Francisco, California, at 9:30 a. m., P. w. t., September 11, 1942, with respect to proposed amendments to the marketing agreement, as amended, and order, as amended, regulating the handling of walnuts grown in California, Oregon, and Washington. These amendments have not received the approval of the Secretary of Agriculture.

This public hearing is for the purpose of receiving evidence with respect to the economic or marketing conditions which relate to the amendments, or any modification thereof, which are hereinafter set forth. Such evidence may also include economic or marketing data relative to the provisions of said marketing agreement, as amended, and order, as amended, which will be affected by approval of the proposed amendments or any modification thereof. The amendments which have been proposed are as follows:

(1) Delete the period at the end of the first sentence in section 2, article III (§ 901.4 (b)) of the aforesaid order, as amended, and insert in lieu thereof a semicolon and the following:

• • • and the salable percentage for the crop year September 1, 1942 to August 31, 1943, shall be sixty-five (65) percent.

(2) Delete the period at the end of the next to the last sentence in section 2, article III (§ 901.4 (b)) of the aforesaid order, as amended, and insert in lieu thereof a semicolon and the following:

• • • and thirty-five (35) percent, being the difference between the salable percentage for the crop year ending August 31, 1943, and one hundred (100) percent shall be the "surplus percentage" for said crop year.

(3) Delete all of the provisions contained in "Exhibit A" of the aforesaid order, as amended, and insert in lieu thereof the following as "Exhibit A" to said order, as amended:

EXHIBIT A—PACK SPECIFICATIONS FOR MERCHANTABLE WALNUTS

California Packs

No. 1 Grade or No. 1 Soft Shell. Walnuts produced from seedling trees or walnuts not properly classified in any of the following varietal packs, and in which not over 12 percent by count pass through a round opening $^{73}/_{64}$ inches in diameter.

Large Budded. Walnuts produced from trees of the Placentia Perfection or closely similar varieties, and in which not over 12 percent by count pass through a round opening $^{70}/_{64}$ inches in diameter.

Medium Budded. Walnuts produced from trees of the Placentia Perfection or closely similar varieties, and all of which pass through a round opening $^{70}/_{64}$ inches in diameter and in which not over 12 percent by count can pass through a round opening $^{74}/_{64}$ inches in diameter.

Large Concords. Walnuts of the Concord variety and of the same size specifications as given for Large Budded.

Medium Concords. Walnuts of the Concord variety and of the same size specifications as given for Medium Budded.

Large Eurekas. Walnuts of the Eureka variety and of the same size specifications as given for Large Budded.

Medium Eurekas. Walnuts of the Eureka variety and of the same size specifications as given for Medium Budded.

Large Franquettes. Walnuts of the Franquette variety and of the same size specifications as given for Large Budded.

Medium Franquettes. Walnuta of the Franquette variety and of the same size specifications as given for Medium Budded.

Large Mayettes. Walnuts of the Mayette variety and of the same size specifications as given for Large Budded.

Medium Mayettes. Walnuts of the Mayette variety and of the same size specifications as given for Medium Budded.

Large Paynes. Walnuts of the Payne variety and of the same size specifications as given for Large Budded.

Medium Paynes. Walnuts of the Payne variety and of the same size specifications as given for Medium Budded.

Baby Grade. Walnuts of any of the above-mentioned varieties may be packed under the designation of Baby Grade of that variety provided all such walnuts pass through a round opening 75/64 inches in diameter and not over 12 percent by count pass through a round opening 60/64 inch in diameter. Baby size walnuts of the Eureka, Franquette, or Payne varieties when packed as such shall be designated as "Long Type Baby Walnuts": *Provided, however,* That it shall not be obligatory on any packer to pack separately the Baby size of the different varieties.

No pack of any of the above-mentioned varities except the No. 1 Grade and Baby Grades, shall contain in excess of 10 percent by count of walnuts of a dissimilar variety.

All of the walnuts contained in the foregoing packs shall be graded for size and culled for removal of external defects.

Oregon and Washington Packs

Oregon and Washington walnuts may be packed in any of the pack specifications above-described for California walnuts, and in addition thereto, the following pack specifications which apply only to walnuts grown in Oregon or Washington.

Large Soft Shells. Walnuts produced from seedling trees or walnuts not properly classified in any of the varietal packs, and in which not over 12 percent by count pass through a round opening $^{78}/_{64}$ inches in diameter.

Medium Soft Shells. The same as Large Soft Shells except that all pass through a round opening $^{78}/_{64}$ inches in diameter and not over 12 percent by count pass through a round opening $^{74}/_{64}$ inches in diameter.

Baby Soft Shells. The same as Large and Medium Soft Shells except that all pass through a round opening $^{74}/_{64}$ inches in diameter and not over 12 percent by count pass through a round opening $^{66}/_{64}$ inch in diameter.

Baby Franquettes. Walnuts of the Franquette variety (subject to 10% tolerance for dissimilar varieties) and of the same size specifications as Baby Soft Shells.

Baby Mayettes. Walnuts of the Mayette variety (subject to 10% tolerance for dissimilar varieties) and of the same size specifications as Baby Soft Shells and Baby Franquettes.

All of the walnuts contained in the foregoing packs shall be graded for size and culled for removal of external defects.

(4) Provide that nothing contained in the foregoing amendments to the marketing agreement, as amended, and the order, as amended, shall be deemed to affect, waive, or terminate any right, duty, obligation, or liability which has arisen, or which prior to the effective date hereof, may arise in connection with, by virtue of, or pursuant to any provision of the aforesaid marketing agreement, as amended, and order, as amended, or affect, release, or extinguish any violation of the provisions of said marketing agreement, as amended, and order, as amended, or of any regulation issued pursuant thereto, or affect or impair any right or remedy of the Secretary of Agriculture of the United States or any other person with respect to any such violation.

Copies of this notice of hearing and of the aforesaid order, as amended, now in effect, may be procured from the Hearing Clerk, Office of the Solicitor, United States Department of Agriculture, in Room 1019 South Building, Washington, D. C., or may be there inspected.

Dated: September 3, 1942.

DEPARTMENT OF LABOR.

Wage and Hour Division.

HANDKERCHIEF MANUFACTURING INDUSTRY

NOTICE OF HEARING

Notice of hearing to be held October 7, 1942 on the minimum wage recommendations of Industry Committee No. 46 for the Handkerchief Manufacturing Industry and the prohibition, restriction, or regulation of home work in the industry.

Whereas the Acting Administrator of the Wage and Hour Division of the United States Department of Labor, acting pursuant to section 5 (b) of the Fair Labor Standards Act of 1938 on July 23, 1942, by Administrative Order No. 149, appointed Industry Committee No. 46 for the Handkerchief Manufacturing Industry, composed of an equal number of representatives of the public, employers in the industry and employees in the industry, such representatives having been appointed with due regard to the geographical regions in which the industry is carried on; and

Whereas Industry Committee No. 46, on August 14, 1942, recommended a minimum wage rate for the Handkerchief Manufacturing Industry and duly adopted a report containing such recommendations and reasons therefor and filed such report with the Administrator on August 15, 1942, pursuant to section 8 (d) of the Act and § 511.19 of the regulations issued under the Act; and

Whereas the Administrator is required by section 8 (d) of the Act, after due notice to interested persons and giving them an opportunity to be heard, to approve and carry into effect by order the recommendation of Industry Committee No. 46 if he finds that the recommendation is made in accordance with the law and is supported by the evidence adduced at the hearing before him and taking into consideration the same factors as are required to be considered by the industry committee, will carry out the purposes of section 8 of the Act; and, if he finds otherwise, to disapprove such recommendation;

Now, therefore, notice is hereby given that:

I. The recommendation of Industry Committee No. 46 is as follows:

Wages at a rate of not less than 40 cents an hour shall be paid under section 6 of the Fair Labor Standards Act of 1938 by every employer to each of his employees in the Handkerchief Manufacturing Industry (defined in Administrative Order No. 149) who is engaged in commerce or in the production of goods for commerce.

II. The definition of the Handkerchief Manufacturing Industry as set forth in Administrative Order No. 149, issued July 23, 1942, is as follows:

The manufacture of men's, women's and children's handkerchiefs, plain or ornamented, from any materials.

The definition of the Handkerchief Manufacturing Industry covers all occupations in the industry which are necessary to the production of the articles specified in the definition, including clerical, maintenance, shipping and selling occupations: *Provided, however,* That such clerical, maintenance, shipping, and selling occupations when carried on in a wholesaling or selling department physically segregated from other departments of a manufacturing establishment, the greater part of the sales of which wholesaling or selling department are sales of articles which have been purchased for resale, shall not be deemed to be covered by this definition, and *Provided, further,* That where an employee covered by this definition is employed during the same workweek at two or more different minimum rates of pay, he shall be paid the highest of such rates for such workweek unless records concerning his employment are kept by his employer in accordance with applicable regulations of the Wage and Hour Division.

III. The full text of the report and recommendation of Industry Committee No. 46 is and will be available for inspection by any person between the hours of 9:00 a. m. and 4:30 p. m. at the following offices of the United States Department of Labor, Wage and Hour Division:

C. and New York, New York.

VII. Copies of the following documents relating to the Handkerchief Manufacturing Industry will be made available on request for inspection by any interested person who intends to appear at the aforesaid hearing:

Report entitled, *Report on the Handkerchiefs Branch of the Apparel Industry*, prepared by the Economics Branch, Wage and Hour Division, United States Department of Labor, June, 1939.

Report entitled, *Economic Factors Bearing on the Revision of the Minimum Wage Rate in the Handkerchief Manufacturing Industry*, prepared by the Economics Branch, Wage and Hour Division, United States Department of Labor, August, 1942.

VIII. The hearing will be conducted in accordance with the following rules, subject, however, to such subsequent modifications by the Administrator or the Presiding Officer as are deemed appropriate:

1. The hearings shall be stenographically reported and a transcript made which will be available to any person at prescribed rates upon request addressed to the Administrator, Wage and Hour Division, United States Department of Labor, 165 West 46th Street, New York, New York.

2. In order to maintain orderly and expeditious procedure, each person filing a Notice to Appear shall be notified, if practicable, of the approximate day and the place at which he may offer evidence at the hearing. If such person does not appear at the time set in the notice, he will not be permitted to offer evidence at any other time except by special permission of the Presiding Officer.

3. At the discretion of the Presiding Officer, the hearing may be continued from day to day, or adjourned to a later date, or to a different place, by announcement thereof at the hearing by the Presiding Officer, or by other appropriate notice.

4. At any stage of the hearing, the Presiding Officer may call for further evidence upon any matter. After the Presiding Officer has closed the hearing before him, no further evidence shall be taken, except at the request of the Administrator, unless provision has been made at the hearing for the later receipt of such evidence. In the event that the Administrator shall cause the hearing to be reopened for the purpose of receiving further evidence, due and reasonable notice of the time and place fixed for such taking of testimony shall be given to all persons who have filed a notice of intention to appear at the hearing.

5. All evidence must be presented under oath or affirmation.

6. Written documents or exhibits, except as otherwise permitted by the Presiding Officer, must be offered in evidence by a person who is prepared to testify as to the authenticity and trustworthiness thereof, and who shall, at the time of offering the documentary exhibit, make a brief statement as to the contents and manner of preparation thereof.

7. Written documents and exhibits shall be tendered in duplicate and the persons preparing the same shall be prepared to supply additional copies if such are ordered by the Presiding Officer. When evidence is embraced in a document containing matter not intended to be put in evidence, such a document will not be received, but the person offering the same may present to the Presiding Officer the original document together with two copies of those portions of the document intended to be put in evidence. Upon presentation of such copies in proper form, the copies will be received in evidence.

8. Subpoenas requiring the attendance of witnesses or the presentation of a document from any place in the United States at any designated place of hearing may be issued by the Administrator at his discretion, and any person appearing in the proceeding may apply in writing for the issuance by the Administrator of the subpoena. Such application shall be timely and shall identify exactly the witness or document and state fully the nature of the evidence proposed to be secured.

9. Witnesses summoned by the Administrator shall be paid the same fees and mileage as are paid witnesses in the courts of the United States. Witness fees and mileage shall be paid by the party at whose instance witnesses appear, and the Administrator before issuing subpoena may require a deposit of an amount adequate to cover the fees and mileage involved.

10. The rules of evidence prevailing in the courts of law or equity shall not be controlling.

11. The Presiding Officer may, at his discretion, permit any person appearing in the proceeding to cross-examine any witness offered by another person insofar as is practicable, and to object to the admission or exclusion of evidence by the Presiding Officer. Requests for permission to cross-examine a witness offered by another person and objections to the admission or exclusion of evidence shall be stated briefly with the reasons for such request or the ground of objection relied on. Such requests or objections shall become a part of the record, but this record shall not include argument thereon except as ordered by the Presiding Officer. Objections to the approval of the Committee's recommendation and to the promulgation of a wage order based upon such approval must be made at the hearing before the Presiding Officer.

12. Before the close of the hearing, the Presiding Officer shall receive written requests from persons appearing in the proceeding for permission to make oral arguments before the Administrator upon the matter in issue. These requests will be forwarded to the Administrator by the Presiding Officer with the record of the proceedings. If the Administrator, in his discretion, allows the request, he shall give such notice thereof as he deems suitable to all persons appearing in the proceedings, and shall designate the time and place at which the oral arguments shall be heard. If such requests are allowed, all persons appearing at the hearing will be given opportunity to present oral argument.

13. Briefs (12 copies) may be submitted to the Administrator following the close of the hearing, by any persons appearing therein. Notice of the final dates for filing such briefs shall be given by the Administrator in such manner as shall be deemed suitable by him.

14. On the close of the hearing, the Presiding Officer shall forthwith file a complete record of the proceedings with the Administrator. The Presiding Officer shall not file an intermediate report unless so directed by the Administrator. If a report is filed, it shall be advisory only and have no binding effect upon the Administrator.

15. No order issued as a result of the hearing will take effect until after due notice is given of the issuance thereof by publication in the FEDERAL REGISTER.

Signed at New York, New York, this 2d day of September 1942.

WILLIAM B. GROGAN,
Acting Administrator.

FEDERAL COMMUNICATIONS COMMISSION.

[Docket No. 6420]

ALL AMERICA CABLES AND RADIO, INC.

ORDER SETTING HEARING, ETC.

In the matter of All America Cables and Radio, Inc. Increased rates from Brazil and Honduras to points in the United States.

At a session of the Federal Communications Commission held at its offices in Washington, D. C. on the 1st day of September, 1942:

It appearing that All America Cables and Radio, Inc. has filed with the Commission a tariff schedule, to become effective September 8, 1942, stating increased charges for and in connection with telegraph messages from Brazil to Key West, Florida, and for and in connection with British Government telegraph messages from Honduras to the District of Columbia; said tariff schedules being designated as follows: All America Cables and Radio, Inc., F. C. C. No. 2, 7th Revised page 54, 6th Revised page 72.

It further appearing that said tariff schedules state increased charges for the receipt, transmission and delivery of telegraph communications in foreign commerce; that the rights of the public may be injuriously affected thereby; and it being the opinion of the Commission that the effective date of said schedules, insofar as they relate to increased charges for and in connection with telegraph messages from Brazil to Key West, Florida, and British Government Telegraph messages from Honduras to the District of Columbia, should be postponed pending hearing and decision on the lawfulness of such increased charges;

It is ordered, That the Commission, upon its own motion, without further pleading, enter upon a hearing concerning the lawfulness of charges contained in 7th Revised page 54 and 6th Revised page 72 of All America Cables and Radio, Inc., Tariff F.C.C. No. 2, insofar as they relate to telegraph messages from Brazil to Key West, Florida, and to British Government telegraph messages from Honduras to the District of Columbia;

It is further ordered, That the operation of said schedules, contained in said tariff, insofar as they provide for increased charges for and in connection with telegraph messages from Brazil to Key West, Florida, and British Government telegraph messages from Honduras to the District of Columbia, be suspended; that the use of the charges therein stated as applicable to such messages be deferred until three months beyond the time when they would otherwise go into effect, unless otherwise ordered by the Commission; and that during said period of suspension no changes shall be made in such charges or in the charges sought to be altered, unless authorized by special permission of the Commission.

It is further ordered, That an investigation be, and the same is hereby, instituted into the lawfulness of the rates, charges, classifications, regulations, practices and services of All America Cables and Radio, Inc. for and in connection with telegraph service between Brazil and the United States and between Honduras and the United States;

It is further ordered, That in the event a decision as to the lawfulness of the charges herein suspended has not been made during the suspension period, and said charges shall go into effect, All America Cables and Radio, Inc. and all other carriers subject to the Commission's jurisdiction participating in the service provided under the tariff provisions herein suspended, shall, until further order of the Commission, each keep accurate account of all amounts charged, collected, or received by reason of any increase in charges effected thereby; and that each such carrier shall specify in such accounts by whom and in whose behalf such amounts are paid;

It is further ordered, That All America Cables and Radio, Inc., and each such participating carrier subject to the Commission's jurisdiction shall file with this Commission a report, under oath, on or before the 10th day of each calendar month commencing January 10, 1943, showing the amounts charged, collected, or received and accounted for as aforesaid during the previous calendar month;

It is further ordered, That a copy of this order be filed in the office of the Federal Communications Commission with said tariff schedules herein suspended in part; that copies hereof be served upon the carriers parties to such schedules; and that said carriers parties be, and they are hereby, each made a party respondent to this proceeding;

It is further ordered, That this proceeding be, and the same is hereby assigned for hearing on the 25th day of September, 1942, at the offices of the Federal Communications Commission, in Washington, D. C.

By the Commission.

INTERSTATE COMMERCE COMMISSION.

HAZARDS INVOLVED IN ACCIDENTS OF MOTOR VEHICLES WITH EXPLOSIVE LADINGS

NOTICE TO MOTOR CARRIERS

AUGUST 28, 1942.

Recently there has come to the attention of the Commission for appropriate action an accident involving a tractor-semitrailer combination transporting dangerous explosives. This accident involved a collision which started a fire on the tractor which later resulted in a fire and explosion of the contents of the semitrailer. Six persons were killed and 40 injured, more than five seriously, as a result of the explosion which followed the fire. All buildings within a radius of 600 feet were razed, burned, or heavily damaged and numerous motor vehicles were severely damaged by concussion. Property damage estimated at several hundreds of thousands of dollars was caused in the vicinity and at a distance of several miles.

The deaths directly or indirectly attributable to the explosion occurred because persons failed to evacuate nearby buildings, were congregated too close, or were attempting to pass the vehicle which was on fire. Had sufficient forewarning been given to these persons and to others, most, if not all, of the lives could have been saved, and the property damage could have been saved, and the property damage could have been materially reduced.

The apparent reason such forewarning was not given was that neither the drivers of the vehicles nor the police officers present were aware of or sufficiently impressed with, the gravity of the hazard, which eventuated as described.

Every carrier engaged in the transportation of explosives should take especial care in the instruction of his drivers in the regulations of this Commission applying to the transportation of explosives by motor vehicle as required by said regulations; and each driver should be impressed with the likelihood of the explosion of the contents in the event of fire and with the gravity of the hazard of such an explosion.

In the event of collision involving the carrier's vehicle and another vehicle or with a fixed object, carriers' drivers should be fully informed as to the hazard of moving any entangled vehicle until the explosives contents together with any fragments, have been removed to a distance at least 200 feet from the scene of the accident and the same distance, if feasible, from any habitation, in accordance with the provisions of section 828 (a) (1) of Part 7—Regulations Applying to Shipments Made by Way of Common and Contract Carriers by Public Highway.

In the event of fire or of collision or both, drivers should be instructed by the carriers to inform all persons in the vicinity of the accident of the probable hazard and, as soon as opportunity affords, police officers should be sought out and impressed with the gravity of the hazard and warned of the imperative need for: (1) the warning of persons in the vicinity; (2) the prevention of the congregation of vehicles or persons; (3) the prevention of the movement of traffic past, near or toward the burning or entangled vehicle, at least in its vicinity, and more particularly in the event of fire.

Similar information should be given to fire departments so that they may have proper facts upon which to base a judgment as to whether to abandon the vehicle or whether to attempt to extinguish the fire, and to use the proper method in the latter event. In many instances fire may be extinguished by the use of sand or dirt.

Section 828 (a) (1) of "Part 7—Regulations Applying to Shipments Made by Way of Common and Contract Carriers by Public Highway" requires the removal of the explosives contents from vehicles which have been entangled. Whether or not it is feasible to attempt to remove the explosives contents from a vehicle, a portion of which is on fire, is a matter upon which advice cannot be offered, as the relative hazards involved in removing the contents in the event of fire as compared to the possible hazard of the detonation of the contents cannot be predetermined. The most imperative duty of those in charge of the situation in such a case is, as has been set forth, to warn others of the probable result in the event explosion occurs, which eventuality, as was exemplified in the case to which attention is herein directed, is very likely.

Secretary.

ALL OF THE CAPITAL STOCK OF S. SUZUKI & CO. OF NEW YORK, LTD.

Under the authority of the Trading with the enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding that the property described as follows:

All of the capital stock of S. Suzuki & Co. of New York, Ltd., a New York corporation, consisting of 1,000 shares of $100 par value common stock owned by S. Suzuki & Co., Ltd., a Japanese corporation, Tokyo, Japan,

is property of, and represents ownership of a business enterprise within the United States which is, a national of a designated enemy country (Japan), and determining that to the extent that either or both of such nationals are persons not within a designated enemy country the national interest of the United States requires that such persons be treated as nationals of a designated enemy country, and having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise, and deeming it necessary in the national interest, hereby vests such property, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in a special account pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national", "designated enemy country" and "business enterprise within the United States" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

Executed at Washington, D. C., on July 30, 1942.

All of the capital stock of Bolle and Detzel, Inc., a New York corporation, which is a business enterprise within the United States, consisting of 200 shares of $100 par value common stock, the names of the owners of which, and the number of shares owned by them respectively, are as follows:

Names:	Number of shares
Willy Bolle	100
Emil Detzel	100
Total	200

is property of nationals, and represents ownership of said business enterprise which is a national, of a designated enemy country (Germany), and determining that to the extent that any or all of such nationals are persons not within a designated enemy country the national interest of the United States requires that such persons be treated as nationals of a designated enemy country, and having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise, and deeming it necessary in the national interest, hereby vests such property in the Alien Property Custodian, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in a special account pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national", "designated enemy country" and "business enterprise within the United States" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

[Vesting Order No. 104]

12,152 SHARES OF THE CAPITAL STOCK OF CENTRAL AMERICAN PLANTATIONS CORPORATION

Under the authority of the Trading with the enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding:

(a) That the property described as follows:

(i) 9,824 shares of $100 par value common capital stock of Central American Plantations Corporation, a Delaware corporation, the names and last known addresses of the registered owners of which, and the number of shares owned by them respectively, are set forth in Exhibit A attached hereto and made a part hereof, and

(ii) all of the property hereinafter described in subparagraphs (b) and (c).

is property of nationals, and represents an interest in a business enterprise within the United States which is a national, of a designated enemy country (Germany); and determining that to the extent that any or all of such nationals are persons not within a designated enemy country the national interest of the United States requires that such persons be treated as nationals of a designated enemy country, and to the extent that any or all of the holders of any or all of the shares to which reference is made in sub-paragraphs (a), (b) and (c) hereof are persons not within a designated enemy country, such holders

are persons controlled by or acting for or on behalf of or as cloaks for a designated enemy country (Germany) or a person within such country;

(b) That the property described as follows:

2,088 additional shares of similar stock of the aforesaid Central American Plantations Corporation, the names and last known addresses of the registered owners of which, and the number of shares owned by them respectively, are set forth in Exhibit B attached hereto and made a part hereof,

is property of nationals, and represents an interest in a business enterprise within the United States which is a national, of a foreign country (Guatemala); and

(c) That the property described as follows:

240 additional shares of similar stock of the aforesaid Central American Plantations Corporation registered in the name of Geo. Ehni & Co., whose last known address was represented to the undersigned as being Pelikanstrasse 2, Zurich, Switzerland,

is property of, and represents an interest in a business enterprise within the United States which is, a national of a foreign country (Switzerland);

and having determined, and certified to the Secretary of the Treasury, that it is necessary in the national interest to vest the property hereinbefore described in sub-paragraphs (b) and (c), and having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise, and deeming it necessary in the national interest, hereby vests all the property hereinbefore described in sub-paragraphs (a), (b) and (c), to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in a special account pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national", "designated enemy country" and "business enterprise within the United States" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

ASSETS OF JAPAN TEA BUYING AGENCY

Under the authority of the Trading with the enemy Act, as amended, and

Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding that the property described as follows:

All right, title and interest of Kenzo Ikeda, whose last known address was represented to the undersigned as being in Shizuoka, Japan, in and to Japan Tea Buying Agency, the name under which he maintains offices and does business in New York, New York, which is a business enterprise within the United States, and all property of any nature whatsoever owned or controlled by, payable or deliverable to, or held (by Title Guarantee & Trust Company, New York, New York, and/or any or all others) on behalf of or on account of or owing to, said Kenzo Ikeda or Japan Tea Buying Agency,

is property of, and represents ownership of said business enterprise which is, a national of a designated enemy country (Japan), and determining that to the extent that either or both of such nationals are persons not within a designated enemy country such persons are controlled by or acting for or on behalf of or as cloaks for a designated enemy country (Japan) or a person within such country, and the national interest of the United States requires that such persons be treated as nationals of a designated enemy country, and having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise, and deeming it necessary in the national interest, hereby vests such property in the Alien Property Custodian, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in a special account pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian, a notice of his claim, together with a request for a hearing thereon, on Form APC–1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national", "designated enemy country" and "business enterprise within the United States" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

Executed at Washington, D. C., on August 28, 1942.

SECURITIES AND EXCHANGE COMMISSION.

[File No. 70-595]

STANLEY CLARKE, TRUSTEE OF ASSOCIATED GAS AND ELECTRIC COMPANY

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 1st day of September, A. D. 1942.

Notice is hereby given that a declaration or application (or both) has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935, by Stanley Clarke, Trustee of Associated Gas and Electric Company; and

Notice is further given that any interested person may, not later than September 9, 1942, at 5:30 p. m., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such declaration or application, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act, or the Commission may exempt such transactions as provided in Rules U-20 (a) and U-100 thereof. Any such requests should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pa.

All interested persons are referred to said declaration or application, which is on file in the office of said Commission, for a statement of the transactions therein proposed, which are summarized below:

The Trustee has presently outstanding Trustee's Certificates in the principal amount of $125,000, which mature on September 13, 1942. On or before the maturity date, $50,000 principal amount of the certificates will be retired. In order to avoid a default in the payment of the balance of the principal amount of the certificates, the Trustee proposes to enter into an agreement with the holders of the certificates extending the maturity dates of $75,000 principal amount of the certificates to September 13, 1943.

The Trustee has requested the Commission to issue its order permitting the declaration to become effective, or granting the application, not later than September 11, 1942.

By the Commission.

[SEAL] ORVAL L. DUBOIS,
Secretary.

TITLE 7—AGRICULTURE

Chapter I—Agricultural Marketing Administration

Subchapter A—Commodity Standards and Standard Container Regulations

PART 26—GRAIN STANDARDS

AMENDMENT FIXING FEES AND CHARGES IN AN APPEAL OR A DISPUTE

By virtue of the authority vested in the Secretary of Agriculture by the United States Grain Standards Act (39 Stat. 482, as amended: 7 U.S.C. 1940 ed. 71-87), the following amendment to Title 7, Chapter I, Part 26, Code of Federal Regulations (7 CFR and 1939 Supp., Chapter I, Part 26, as amended and supplemented by 5 F.R. 2883 and 6 F.R. 417, 2675), is promulgated effective October 1, 1942.

Section 26.74 is amended to read:

§ 26.74 *Fees and charges.* The fee in an appeal or a dispute shall be fixed as follows:

(a) For bulk or sacked grain in carload lots, $2.00 per car;

(b) For bulk or sacked grain in a wagon or truck or in a lot of 75 sacks or less, $1.00 per wagon, truck, or lot;

(c) For a submitted sample or package of grain, $1.00 per sample or package;

(d) For all lots of grain other than those referred to in (a), (b), and (c) of this section, $1.00 per one thousand bushels or fraction thereof, with a minimum fee of $2.00.

Charges may be made for telegrams, express, parcel post, registry fees, travel expenses, and other items paid or incurred by the Department on account of an appeal or a dispute and for oral hearings, as will reimburse the Department; all such additional items to be determined by the Administrator. Unless otherwise stated in the findings in any appeal, the fee as prescribed by this regulation and no further charges, shall be deemed to be fixed and assessed.

Done at Washington, D. C., this 7th day of September 1942. Witness my hand and the seal of the Department of Agriculture.

[SEAL] PAUL H. APPLEBY,
Acting Secretary of Agriculture.

Subchapter C—Regulation Under the Farm Products Inspection Act

PART 51—FRUITS, VEGETABLES AND OTHER PRODUCTS (INSPECTION AND CERTIFICATION)

AMENDMENT CHANGING BASIS FOR CHARGES

By virtue of authority vested in the Secretary of Agriculture by law (50 Stat. 730, sec. 12, 7 U.S.C., 499n), the following amendment, to become effective 30 days after the date of approval, to Title 7, Chapter I, Subchapter C, Part 51, Code of Federal Regulations, as published in the FEDERAL REGISTER on December 31, 1941 (6 F.R. 6817) is promulgated:

Section 51.36 is amended to read:

§ 51.36 *Basis for charges.* The fee for each lot of products inspected by a salaried inspector acting exclusively for the Department of Agriculture, except for peanuts, pecans, and other nuts, and except under the provisions of § 51.19, shall be on the following basis: For an inspection covering quality and/or condition, $4 when the quantity involved is more than ½ a carload of the customary size for such products in the area from which shipped but not more than a full carload, and $2.50 when the quantity involved is not more than ½ of such a carload, but the maximum fee for any carload not exceeding the customary size shall be $7.50. For each lot of peanuts, pecans, or other nuts inspected, except under § 51.19 the fee shall be $5 when the quantity involved is not more than a full carload, provided that different grades and varieties of peanuts shall be considered separate lots. When the lot involved is in excess of a carload the quantity shall be calculated in terms of carloads and fractions thereof of the customary size for such carloads and the carload rates aforesaid applied provided that said fractions shall be calculated in terms of fourths or next higher

TITLE 10—ARMY: WAR DEPARTMENT

Chapter IV—Military Education

PART 45—AVIATION INSTRUCTION AT NON-FEDERAL ESTABLISHMENTS

AMENDMENT OF REGULATIONS

Sections 45.1 to 45.10, inclusive, issued under authority contained in 53 Stat. 556; 10 U.S.C. 298a, 298b, are hereby amended to read as follows. These regulations are also contained in AR 350-3500, July 29, 1942, the particular paragraphs being shown in brackets at end of sections.

Sec.
45.1 Specific application of these regulations.
45.2 Duties of the Commanding General, Army Air Forces.
45.3 Selection of institutions.
45.4 Responsibilities of institutions.
45.5 Agreements with institutions for instruction.
45.6 Military organization.
45.7 Duties of Army Air Forces supervisor.
45.8 Termination of status as student.
45.9 Property.
45.10 Loan of Government property.

AUTHORITY: §§ 45.1 to 45.10, inclusive, issued under 53 Stat. 556; 10 U.S.C. 298a, 298b.

§ 45.1 *Specific application of these regulations.* These regulations apply specifically to aviation instruction given military personnel in regularly established civil flying schools and in civil technical schools. Training at other educational institutions, industrial plants, or places under the authority of the act of April 3, 1939, as amended will be as prescribed by the Commanding General, Army Air Forces, and approved by the Secretary of War. [Par. 2]

§ 45.2 *Duties of the Commanding General, Army Air Forces.* The Commanding General, Army Air Forces, is responsible for coordination of instruction. He will exercise supervision over all military personnel at institutions. He will determine the numbers of officers and enlisted men required for administrative and supervisory duties and the numbers of students that are to be trained, and will recommend the detail or relief of such personnel to the War Department. He is charged with the issuance of necessary instructions not provided for in these regulations. [Par. 3]

§ 45.3 *Selection of institutions.* The selection of an institution to give instruction to military students will be made by the Commanding General, Army Air Forces. (a) The primary requirement for selection will be the suitability of an institution to accomplish satisfactorily the training projected by the Army Air Forces. Except for publicly aided vocational schools, a prerequisite to the selection of a civil school is the holding of a rating or letter of recognition from the Department of Commerce, Civil Aeronautics Administration, covering pertinent courses and subjects where the Administration takes cognizance of such instruction.

(b) The following factors when applicable will have special importance: (1) Geographical location as it influences the cost of Government transportation or other expense, and the functioning of the system of supply and repair of Government property.

(2) Capacity for instruction of military personnel insofar as it warrants the maintenance of the requisite governmental supervisory and administrative establishment thereat.

(3) Ability to maintain output of trained military personnel at a uniform rate.

(4) Ability to conduct the desired training without undue hazard to personnel or property.

(5) Conditions affecting health and safety of military personnel, and the preservation and maintenance of Government property.

(6) Availability of suitable housing and messing facilities adjacent to place of instruction.

(7) Adequacy of instructional facilities and methods, and quality of instruction.

(8) Adequacy of facilities for maintenance and preservation of Government property.

(9) Provisions for maintaining the governmental supervisory and administrative establishment. [Par. 4]

§ 45.4 *Responsibilities of institutions.* In addition to functions provided for elsewhere in these regulations, institutions will be required to agree to the following prior to the assignment of military personnel thereat for instruction:

(a) To provide adequate and satisfactory housing and messing facilities or make arrangements therefor at a reasonable cost to personnel concerned, for all military students assigned for instruction.

(b) To provide adequate and satisfactory office and other space required by Government administrative personnel in the performance of their assigned duties.

(c) To comply with regulations prescribed by proper civil authorities to insure safety and with such supplementary instructions issued by the Commanding General, Army Air Forces, or his representatives, in regard thereto and not in conflict therewith as may be deemed necessary in the premises.

(d) To save the Government harmless from liability for any injury or damage to persons and property, except Government personnel.

(e) To keep in the office of the school registrar and available to the Commanding General, Army Air Forces, or his representatives, complete records pertaining to the training and progress of each military student. Records should be kept as prescribed by the Commanding General, Army Air Forces.

(f) To give representatives of the Government access to books of account and records at such time as it may be necessary for the Government to determine actual cost of instruction.

(g) To open to inspection by Government representatives, at any time, all facilities employed for the training of military personnel. [Par. 5]

§ 45.5 *Agreements with institutions for instruction.* Services of schools will be procured by a contract in writing which will embody the terms and conditions governing the furnishing of the instruction contemplated herein. The cost of tuition for courses of instruction as authorized in these regulations will be established by negotiation. [Par. 6]

§ 45.6 *Military organization*—(a) *Organization*—(1) *Army Air Forces training detachments.* A military detachment will ordinarily be formed at institutions operating under the provisions of these regulations. All administrative and supervisory personnel (commissioned and enlisted), will be assigned to this detachment and all students will be attached. Detachments so organized will be appropriately designated by the Commanding General, Army Air Forces. The senior Air Corps officer on duty with each detachment will be designated the Army Air Forces supervisor, and will command the detachment unless otherwise provided in Army Regulations.

(2) *Districts.* For the purpose of properly supervising the training being conducted at schools in accordance with these regulations and properly coordinating activities of training and supply, the Commanding General, Army Air Forces, is authorized to divide the schools conducting military training into districts and to appoint a district supervisor in charge of each district. The duties and responsibilities of district supervisors will be as directed by the Commanding General, Army Air Forces.

(b) *Exemption from command.* Detachments formed under the provisions of these regulations will be exempt from service command. Services of Supply, supervision and control except for disciplinary matters and routine supply. [Par. 7]

§ 45.7 *Duties of Army Air Forces supervisor.* (a) The Army Air Forces supervisor will be an intermediary in all relations between the War Department and the institution at which he is assigned in matters pertaining to the instruction of military students thereat.

(b) In addition to his duties as commander of his detachment and such other duties as may be assigned by proper authority he will—

(1) Determine the continued adequacy and suitability of contractors' facilities and methods as they apply to the instruction of military students.

(2) Maintain contact with progress of military students and pass upon the eligibility of any student to receive a certificate of graduation.

(3) Determine the proficiency of students in their assignments at any time during the course of instruction.

(4) Be responsible for the discipline of military students at all times.

(5) Suspend the instruction of any military student when such action is necessary.

(6) Insure that no officer or enlisted man is conducting or pursuing any course of instruction at the school without proper authority of the War Department.

(7) Render reports prescribed by the Commanding General, Army Air Forces, and by pertinent Army Regulations. A special report will be submitted in writing covering any serious breach of contract or agreement on the part of any school or school representative, concerning which adequate corrective action has not been taken within a reasonable length of time. [Par. 8]

§ 45.8 *Termination of status as student.* An academic board composed of officers will be appointed as directed by the Commanding General, Army Air Forces, at each institution which has been designated to give aviation instruction to military personnel. This board will consider all cases that are referred to it by the Army Air Forces supervisor which involve the fitness of a student to continue instruction for any reason whatsoever and will make appropriate recommendations relating to the disqualification, discharge, or reinstatement of any student. The academic board will comply with such instructions as may be issued from time to time by the Commanding General, Army Air Forces. [Par. 9]

§ 45.9 *Property.* All Government-owned property required at institutions, regardless of the purpose for which intended, will be consigned to the commanding officer of the local Army Air Forces training detachment. Property transactions between the Army Air Forces supervisor and a school will be governed by § 45.10 (c) (2) (i). An accountable officer will be designated by the Commanding General, Army Air Forces, who will account for all Government property located at each institution. The Commanding General, Army Air Forces, will furnish each service command commander concerned with the name or designation of the accountable officer. [Par. 10]

§ 45.10 *Loan of Government Property*—(a) *General.* Property subject to loan will comprise any Government-owned property mentioned and described in sec. 4, 53 Stat. 556; 10 U.S.C. 298b. All loans of Government property will be made subject to return upon call of the Government, and without obligations upon the part of the Government to repair or replace the same in whole or in part unless otherwise specifically provided for by agreement in writing with the institution concerned.

(b) *Accredited aviation schools defined.* The term "accredited aviation schools" is defined as those flying schools or aviation mechanics schools that have been selected by the Commanding General, Army Air Forces, in accordance with § 45.3.

(c) *Eligibility for loans.* (1) The institution must be an accredited school within the definition of paragraph (b) of this section and under contractual obligations with the Government for the training of personnel of the Military Establishment pursuant to sec. 2, 53 Stat. 556; 10 U.S.C 298a.

(2) The detail of military personnel as students at institutions will not create any obligation on the part of the Government to provide property for the instruction of military students except as set forth in formal agreements that may be entered into by the Government with the institution concerned.

(d) *Administrative provisions.* (1) Loans of Government property, except serviceable aircraft, necessary for proper instruction at accredited aviation schools will be made at the discretion of the Commanding General, Army Air Forces. The quantity and nature of the property and the conditions under which loans will be made will be as determined by the Commanding General, Army Air Forces.

(2) Administrative details not inconsistent with these regulations respecting the loan of Government property and the maintenance thereof, including the extent to which an institution will be held responsible for replacement, repair, and overhaul, will be matters for determination by the Comanding General, Army Air Forces.

(c) *Procedure*—(1) *Requisitions.* Requests for the issue of Government property will be submitted by the institution to the Army Air Forces supervisor. When authorized, the issue to the institution will be made by the Army Air Forces supervisor, or if not on hand, will be obtained by him on requisition.

(2) *Loans.* (i) Government property will be loaned to institutions by the Army Air Forces supervisor on memorandum receipt. Credit memorandum receipt will be furnished the institution by the Army Air Forces supervisor for property returned to the War Department.

(ii) The responsible head or corresponding executive of the institution will designate in writing a representative who will sign all property papers for the school in the name of the institution.

(iii) Reports concerning the quantity and condition of Government property in its possession will be rendered by the institution as required by the Commanding General, Army Air Forces.

(iv) The institution will make settlement for property held on memorandum receipt as required by the Army Air Forces supervisor.

(3) *Accounting.* Property will be accounted for as prescribed in § 45.9.

(f) *Transportation.* (1) Property authorized to be loaned under the provisions of § 45.10 (a) will be delivered to an institution through the Army Air Forces supervisor by air, rail, or motor transportation as the interests of the Government may require, at the expense of the Government, except for drayage as provided for in paragraph (b) of this section. The return of such property as requires rail or motor transportation, including property in the possession of the Army Air Forces supervisor, will be accomplished by the institution making delivery f. o. b. cars or motor truck city of the institution concerned, properly packed, boxed, crated, and prepared for domestic shipment to such destination as may be determined by the Government. The return of airplanes in condition for flight will be accomplished by the institution, set up, serviced, and made ready for flight at the flying field of the institution concerned.

(2) All drayage of Government property to and from air or mail terminal, city of institution concerned, will be furnished by and at the expense of the institution.

(3) The cost of transportation chargeable to the Government will be paid from funds allocated to the Commanding General, Army Air Forces.

(g) *Lost, damaged, or destroyed property.* (1) Government property which becomes unserviceable through fair wear and tear incident to the proper and authorized use thereof will occasion no liability to the institution. Such property may be returned to the Government for replacement or credit or should be repaired by the institution in accordance with the written agreement that is entered into with the Government for the instruction of military personnel.

(2) Government property lost, destroyed, or damaged by fire, theft, tornado, aircraft accident, or other similar causes, without fault or neglect on the part of the institution, its servants, or employees, will occasion no liability to the institution. To determine whether such loss, destruction, or damage was without fault or neglect on the part of the institution, its servants, or employees, a survey will be made as provided in AR 35–6640.[1] The surveying officer will be appointed in accordance with instructions issued by the Commanding General, Army Air Forces. Reports of survey for property in the possession of an institution will be prepared by the Army Air Forces supervisor.

(3) All other loss, damage, or deterioration of Government property for which an institution is responsible will be made good by the institution. The Chief of Finance will take the necessary action to secure reimbursement to the United States for such loss, destruction, damage, or deterioration.

(4) The Army Air Forces supervisor will report to the authorities of the institution in writing any facts, circumstances, or conditions which he believes to be prejudicial to the proper protection of Government property against loss through fire, floods, theft, tornado, accident, or other similar causes. In the event that proper corrective action is not taken by the institution as the result of such communication, report thereof will be made to the Commanding General, Army Air Forces. Access to all such reports will be afforded to surveying officers appointed under the provision of paragraph (b) of this section.

(5) The relief of institutions from liability in connection with property referred to above will in no way render inoperative any written agreement made by them with the Government for repairs and maintenance.

(h) *Maintenance and repair.* (1) The institution will keep and maintain property loaned to it in good repair and in the same condition as when received by it, usual wear, tear, and usage excepted, unless otherwise specifically provided for in written agreement made with the institution for the instruction of military personnel.

(2) Authorized Government representatives will have free access to all Government property loaned to an institution for the purpose of ascertaining the condition of such property and the manner in which it is being safeguarded, stored, maintained, and repaired.

(3) The Commanding General, Army Air Forces, may prescribe regulations that will facilitate proper inspection and maintenance of loaned Government property, when such regulations are consistent with the contractual obligations of the institution.

(i) *Care and safekeeping.* (1) None of the property owned by the Government and furnished to an institution under these regulations will be removed by the institution from the continental limits of the United States. Such property will not be utilized by the contractor for any other purpose than the instruction of military personnel or the performance of formal contracts pertaining to such instruction except where specifically authorized by the Commanding General, Army Air Forces.

(2) Proper storage facilities will be furnished by the institution for all Government property in its possession and in the possession of the Army Air Forces supervisor. The place and manner of storage will provide satisfactorily for the care and safekeeping of Government property and will be such as to prevent undue and avoidable deterioration.

(3) Government parts, accessories, and supplies will in no case be stored or mingled with the articles of a like nature that belong to an institution. The manner of storage will permit ready identification of the property that is loaned by the Government and facilitate its inventory when such action is required. [Pars. 11 to 19]

PART 54—EXCHANGES

CONTRACTS FOR TEMPORARY BUILDINGS

Section 54.11 (f) and (g) is hereby amended to read as follows:

§ 54.11 *Contracts.*

* * * * *

(f) Contracts for the erection of temporary exchange buildings will contain a statement that the proposed construction is an exchange transaction and that the exchange alone is responsible for the debt, and not the Government.

(g) When applicable, contracts for the erection of temporary buildings will contain a statement that immediately upon completion of the building, title thereto passes to the exchange. See paragraph (f) of this section. (R. S. 161; 5 U. S. C. 22) [Par. 33*f* and *g*, AR 210–65, July 1, 1941, as amended by C 1, August 22, 1942]

Chapter VII—Personnel

PART 73—APPOINTMENT OF COMMISSIONED OFFICERS, WARRANT OFFICERS, AND CHAPLAINS

MISCELLANEOUS AMENDMENTS

Sections 73.206, 73.209, 73.211 and 73.215 (b) (2) and (c), issued under authority contained in 55 Stat. 728; 10 U. S. C. Sup. 484, are hereby amended to read as follows: These regulations are also contained in AR 605–10, December 10, 1941, as amended by C1, dated August 11, 1942, the particular paragraphs being shown in brackets at end of sections.

§ 73.206 *Grades in which appointed.* Appointments may be made in any grade for which the appointee is qualified and eligible, subject to the following limitations:

(a) Appointments in the following categories will be limited to the grades indicated for each:

(1) Appointments in the Medical Corps, Dental Corps, Veterinary Corps, Sanitary Corps, and the Chaplains' Corps, first lieutenant to colonel, both inclusive.

(2) Appointments in the Medical Administrative Corps, second lieutenant to colonel, both inclusive.

(3) Appointments for assignment to The Judge Advocate General's Department, captain to colonel, both inclusive.

(4) Appointments for assignment to the Military Intelligence Department, second lieutenant to lieutenant colonel, both inclusive.

(b) Graduates of officer candidate schools will be initially appointed as second lieutenants only. [Par. 8]

§ 73.209 *Appointments, how made.* Appointments will be without reference to an arm or service, except that, in the case of appointment as a chaplain or for service with the Medical Department, the service for which appointed will be stated in the notice of appointment. [Par. 11]

§ 73.211 *Assignment.* (a) When an officer appointed in the Army of the United States, other than a chaplain or an officer of the Medical Department, is ordered to active duty, the orders placing him on active duty will designate, where appropriate, the arm or service to which he is assigned.

(b) An officer appointed in the Army of the United States and assigned to a branch immaterial position not allotted to a particular arm or service will be designated as Army of the United States without reference to arm or service.

(c) Persons appointed from civilian status without previous military experience will not be assigned to duty with units of the field forces unless they have completed not less than 6 months' active military service as a commissioned officer subsequent to appointment, and have satisfactorily completed an appropriate course of instruction at a special service school of the arm or service to which they are assigned, except in the following cases:

(1) Persons assigned to units and installations of the Army Air Forces.

(2) Persons assigned to positions on the special staff of divisions or higher echelons.

(3) Persons appointed in the Medical Department or for duty as a chaplain.

(4) Persons appointed and assigned to affiliated units and who may be ordered to field duty with their units when the units reach satisfactory training level for service in the field.

(5) Persons assigned to units organized for Services of Supply installations and activities not organically assigned to tactical units of the field forces and whose duties are primarily technical in nature.

(d) Officers appointed in the Army of the United States will be subject to the administrative jurisdiction and control governing Reserve officers on similar assignments and will be vested with the same right to exercise command in accordance with existing regulations as is vested in officers of the Army who are permanently commissioned. [Par. 13]

§ 73.215 *Methods of separation.*

* * * * *

(b) *Discharge and dismissal.* * * *

(2) (i) Any officer initially appointed in the Army of the United States from civil life, who during the first 12 months of his current active service fails to complete satisfactorily any course of instruction he is required to undergo or exhibits habits or traits of character undesirable in an officer, may be relieved from active duty and his appointment terminated upon the recommendation of the division or corresponding commander concerned, or any higher commander. Recommendations for termination of appointment in such cases will be forwarded to The Adjutant General, with a report of the circumstances in each case.

(ii) All other officers of the Army of the United States, including those appointed from civil life, with more than 12 months' current active service, who are deemed unfit for any reason will be processed in accordance with the provisions of AR 605–230.[1]

[1] Administrative regulations of the War Department relative to reclassification of commissioned officers.

(3) Except in case of dismissal pursuant to sentence of a general court martial, an officer on active duty will be returned to his home and relieved from active duty prior to the effective date of termination of commission [Par. 25].

PART 76—CARE AND DISPOSITION OF INSANE

MISCELLANEOUS AMENDMENTS

Sections 76.1 and 76.2 are hereby amended to read as follows:

§ 76.1 *Transfer to care of nearest known relative.* Insane persons requiring institutional care will be transferred to the custody of the nearest known relative upon their request; provided, the relative produces satisfactory evidence that proper care for the insane person concerned will be provided. This evidence will consist of affidavits from those concerned declaring that they are willing and have the necessary financial means to provide adequate care and treatment. The relative receiving an insane person will be required to receipt for the articles of clothing and baggage belonging to the patient. The patient's money and other valuables will be turned over to the person authorized by law to receive them in the insane person's behalf, upon presentation of proper evidence of such authorization. (R. S. 161; 5 U.S.C. 22) [Par. 7, AR 600-500, August 7, 1942]

§ 76.2 *Applicants for enlistment or selectees.* Applicants for enlistment or selectees discovered to be insane after arrival at a military station, and before the completion of their enlistment or induction, will be disposed of as follows:

(a) Those whose liberation will be unattended by danger to themselves or others will be rejected and disposed of under the regulations governing the disposal of other rejected applicants or selectees.

(b) Those whose insanity is of a type that would probably make their liberation dangerous to themselves or others will be delivered to relatives or to the civil authorities designated by law to apply for the commitment of insane persons residing in the place where they applied for enlistment or at place of induction. The station commander will provide the necessary escort for such delivery, and issue the necessary travel orders, transportation, and subsistence (in kind or by commutation, as may be most suitable). If they refuse to accept the insane person, report will be made to The Adjutant General.

(c) The effects of the patient will be inventoried, and his money and valuables will be secured for disposition as indicated below; his other personal effects will be sent with him as baggage to his destination. The relative or the local committing authorities, as the case may be, will be advised that the patient's money and valuables are subject to the orders of the person legally authorized to receive the same in the insane man's behalf upon presentation of proof of such authority. (R.S. 161; 5 U.S.C. 22) [Par. 9*a*, *b*, AR 600-500, August 7, 1942]

Chapter IX—Transport

PART 93—TRANSPORTATION OF INDIVIDUALS

DEPENDENTS

Section 93.1 (d) (3) and (4) is hereby amended to read as follows:

§ 93.1 *Dependents.*

* * * * *

(d) *Between what places furnished.* Transportation may be furnished:

* * * * *

(3) From the old station to any point, when for public reasons the dependents are not permitted by the War Department to proceed to the new station in an oversea department, upon deposit with the issuing transportation officer of the excess cost over and above that from the old station to the appropriate port of embarkation en route to the new station.

(4) From any point to the new station in an oversea department, when for public reasons the dependents were not permitted under the orders directing the change of station to proceed to the new station, but have subsequently been authorized by the War Department to proceed to the new station, upon deposit with the issuing transportation officer of the amount by which the cost to the Government of transportation previously furnished under (3) above plus the cost of that to be furnished under this authorization exceeds the cost from the old station to the appropriate port of embarkation en route to the new station.

PART 93—TRANSPORTATION OF INDIVIDUALS

MISCELLANEOUS AMENDMENTS

Sections 93.15 (b) (4), 93.16 (b), and 93.17 (a) are hereby amended to read as follows:

§ 93.15 *When and to whom sleeping-car and similar accomodations furnished; allowances.*

* * * * *

(b) *Tourist accomodations.*

* * * * *

(4) *Alternative allowances; reservations.* The alternative allowances (upper and lower berths; tourist or standard accommodations) provided for in subparagraphs (1), (2), and (3) of this section contemplate the furnishing of the most economical accommodations available on the train (and connecting trains en route) which the persons enumerated are required to use so as to carry out their orders. The higher cost berths and/or accommodations will be utilized only for such distance that those of lower cost are not available. The transportation officer furnishing the transportation will endeavor, through the carrier's agent, to reserve, so far as practicable, the required accommodations for the entire journey, except that the Chief of Transportation will arrange for accommodations in the case of movements which are routed by him under existing regulations, except that under AR 615-500 (now MR 1-7)[1] transportation officers at induction stations arrange for any accommodations authorized herein, in connection with routings prescribed by the Chief of Transportation. See § 93.20., (R.S. 161; 5 U.S.C. 22) [Par. 2*b*, AR 30-925, Oct. 8, 1935, as amended by C 2, August 22, 1942]

§ 93.16 *Physically disabled persons.*

* * * * *

(b) Whenever a physically disabled person may be expected to be noisy, ill-mannered, unpresentable, or otherwise objectionable to the public, or is in such physical condition as to require exclusive accommodations, the responsible medical officer will furnish the transportation officer issuing the transportation request with a certificate, in duplicate, stating that the condition of the person requires exclusive accommodations. Attendants will be provided at all times for such physically disabled persons. Accommodations will be furnished for such physically disabled persons and their attendants in compartments or drawing rooms in parlor cars or sleeping cars where the total number of persons (physically disabled persons and attendants) in one movement is 49 or less. The responsible medical officer will determine in each case of such movements the number of attendants required, the class of accommodations required (that is, compartments or drawing rooms), and the total number of persons (physically disabled persons and attendants), not less than two, to occupy each compartment or drawing room. A statement of this determination will be included by the medical officer in the above-mentioned certificate furnished the transportation officer, who will enter on the top right corner of the original certificate the serial number of the transportation request and forward such original certificate immediately to the disbursing officer designated to pay the carrier's bill. § 93.17 *Insane.* (a) Whenever transportation is required for any person who is insane, or who is undergoing observation for insanity or mental disorders, the responsible medical officer will furnish transportation officer issuing the transportation request with a certificate, in duplicate, as to such mental condition of the person. Attendants will be provided at all times for such mental cases. Accommodations will be furnished for such mental cases and their attendants in compartments or drawing rooms in parlor cars or sleeping cars where the total number of persons (mental cases and attendants) in one movement is 49 or less. The responsible medical officer will determine in each case of such movements the number of attendants required, the class of accommodations required (that is, compartment or drawing rooms), and the total number of persons (mental cases and attendants), not less than two, to occupy each compartment or drawing room. A statement of this determination will be included by the medical officer in the above-mentioned certificate furnished the transportation officer who will enter on the top right hand corner of the original certificate the serial number of the transportation request and forward such original certificate immediately to the disbursing officer designated to pay the carrier's bill. PART 3—DIGEST OF CEASE AND DESIST ORDERS

CAPITOL PAINT & VARNISH WORKS, INC.

§ 3.6 (c) *Advertising falsely or misleadingly—Composition of goods:* § 3.66 (a 7) *Misbranding or mislabeling—Composition.* In connection with offer, etc., in commerce, of respondent's paints, (1) using the words "Pure Lead—Pure Zinc—Pure Oil", or other words of like import, to designate, describe, or refer to any paint not exclusively composed of lead, zinc, and oil, except for the addition of the usual and customary quantities of tinting material, thinner, and drier; (2) representing, directly or by implication, that any paint contains any material or ingredient which it does not actually contain; and (3) representing, directly or by implication, that any paint contains materials or ingredients in quantities or proportions different from the actual quantities or proportions of such materials or ingredients in such paint; prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., sec. 45b) [Cease and desist order, Capitol Paint & Varnish Works, Inc., Docket 4536, August 31, 1942]

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 31st day of August, A. D. 1942.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission and the answer of respondent, in which answer respondent admits all the material allegations of fact set forth in said complaint and states that it waives all intervening procedure and further hearing as to said facts, and the Commission having made its findings as to the facts and its conclusion that said respondent has violated the provisions of the Federal Trade Commission Act:

It is ordered, That respondent Capitol Paint & Varnish Works, Inc., a corporation, its officers, representatives, agents, and employees, directly or through any corporate or other device, in connection with the offering for sale, sale, and distribution of its paints in commerce, as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

1. Using the words "Pure Lead—Pure Zinc—Pure Oil," or other words of like import, to designate, describe, or refer to any paint not exclusively composed of lead, zinc, and oil, except for the addition of the usual and customary quantities of tinting material, thinner, and drier;

2. Representing, directly or by implication, that any paint contains any material or ingredient which it does not actually contain;

3. Representing, directly or by implication, that any paint contains materials or ingredients in quantities or proportions different from the actual quantities or proportions of such materials or ingredients in such paint.

It is further ordered, That the respondent shall, within sixty days after service upon it of this order, file with the Commission a report in writing setting forth in detail the manner and form in which it has complied with this order.

By the Commission.

In the Matter of Bigelow-Sanford Carpet Company, Inc., a Corporation

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 4th day of September, A. D. 1942.

The Federal Trade Commission having further considered the order to cease and desist heretofore issued in the above-entitled cause on the 26th day of May, A. D. 1942,[1] and it appearing to the Commission that paragraph (2) of said order to cease and desist was indefinite and incomplete and that public interest required that said cause be reopened for

[1] 7 F.R. 4017.

the purpose of correcting said paragraph by the issuance of a modified order to cease and desist; and the Commission having heretofore entered its order upon the respondent to show cause within ten (10) days from date of service of said order, why a modified order to cease and desist should not be issued by the Commission amending said paragraph (2) of the order issued May 26, 1942, and ten days having elapsed since date of service of said order to show cause and no objections having been filed by the respondent; and the Commission having considered the record and being now fully advised in the premises:

It is ordered, That the respondent, Bigelow-Sanford Carpet Company, Inc., a corporation, its officers, directors, representatives, agents, and employees, jointly or severally, directly or through any corporate or other device, in connection with the offering for sale, sale, and distribution of rugs or carpets in commerce as "commerce" is defined in the Federal Trade Commission Act, do forthwith cease and desist from:

(1) Using the words "Persiamar" or "Kashamar," or any other word or name indicative of the Orient, to mark, designate, describe, or refer to rugs not made in the Orient and which do not possess all the essential characteristics and structure of the type of Oriental rug which they purport to be;

(2) The use of the words "true copies," "perfect copies," "reproductions," or any other words of similar import, to designate or describe rugs which are not replicas or duplicates of original Oriental rugs in every respect;

(3) Representing in any manner that the rugs manufactured and sold by it are true copies of museum Oriental rugs, or that they are reproductions of Oriental rugs;

(4) Furnishing dealers buying its rugs with advertising copy intended to be inserted by such dealers in newspapers and other publications of general circulation, which contain one or more of the following statements with reference to respondent's rugs: "True copies of Sarouks, Kirmans and Persians"; "Perfect copies of collectors' Orientals"; "Oriental rugs reproduced by those clever Bigelow weavers"; "True copies of museum Orientals"; "Amazing reproductions from the original Orientals."

It is further ordered, That the respondent shall, within sixty (60) days after service upon it of this order, file with the Commission a report in writing, setting forth in detail the manner and form in which it has complied with this order.

By the Commission.

PART 3—DIGEST OF CEASE AND DESIST ORDERS

MERIT HEALTH APPLIANCE CO.

§ 3.6 (t) *Advertising falsely or misleadingly—Qualities or properties of product:* § 3.6 (x) *Advertising falsely or misleadingly—Results:* § 3.6 (y) *Advertising falsely or misleadingly—Safety:* § 3.71 (e) *Neglecting, unfairly or deceptively, to make material disclosure—Safety.* In connection with offer, etc., of respondents' "Merit Short Wave Diathermy", or other similar device, disseminating, etc., any advertisements by means of the United States mails, or in commerce, or by any means, to induce, etc., directly or indirectly, purchase in commerce, etc., of said device, which advertisements represent, directly or through inference, (1) that respondents' device is safe or harmless; or (2) that respondents' device constitutes a competent or effective treatment for, or will alleviate pain resulting from, rheumatism, arthritis, neuritis, bursitis, lumbago, sciatica, neuralgia, sinus trouble, female disorders, or any other ailment or disorder of the human body, unless such advertisement is specifically limited to those cases in which the condition is chronic rather than acute, and in which there is an absence of acute inflammation; or which advertisements fail to reveal clearly and conspicuously that respondents' device is not safe for use unless and until a competent medical authority has determined, as a result of diagnosis, that the use of diathermy is indicated, and has prescribed the frequency and rate of application of the treatments, and the user has been adequately instructed by a trained technician in the use of such device; prohibited. (Sec. 5, 38 Stat. 719, as amended by sec. 3, 52 Stat. 112; 15 U.S.C., sec. 45b) [Cease and desist order, Merit Health Appliance Co., Docket 4543, August 31, 1942]

In the Matter of George S. Mogilner and James Walker, Individuals, Trading as Merit Health Appliance Co.

At a regular session of the Federal Trade Commission, held at its office in the City of Washington, D. C., on the 31st day of August, A. D. 1942.

This proceeding having been heard by the Federal Trade Commission upon the complaint of the Commission, the answer of respondents, testimony and other evidence taken before a trial examiner of the Commission theretofore duly designated by it, in support of the allegations of the complaint and in opposition thereto, report of the trial examiner upon the evidence, and briefs in support of and in opposition to the complaint (oral argument not having been requested), and the Commission having made its findings as to the facts and its conclusion that the respondents have violated the provisions of the Federal Trade Commission Act;

It is ordered, That the respondents, George S. Mogilner and James Walker, individually and trading as Merit Health Appliance Co., or trading under any other name, and their agents, representatives and employees, directly or through any corporate or other device, in connection with the offering for sale, sale or distribution of respondents' device designated "Merit Short Wave Diathermy", or any other device of substantially similar character, whether sold under the same name or under any other name, do forthwith cease and desist from directly or indirectly:

1. Disseminating or causing to be disseminated any advertisement by means of the United States mails, or by any means in commerce, as "Commerce" is defined in the Federal Trade Commission Act, which advertisement represents, directly or by implication,

(a) That respondents' device is safe or harmless;

(b) That respondents' device constitutes a competent or effective treatment for, or will alleviate pain resulting from, rheumatism, arthritis, neuritis, bursitis, lumbago, sciatica, neuralgia, sinus trouble, female disorders, or any other ailment or disorder of the human body unless such advertisement is specifically limited to those cases in which the condition is chronic rather than acute, and in which there is an absence of acute inflammation.

2. Dissemination or causing to be disseminated any advertisement by means of the United States mails, or by any means in commerce, as "commerce" is defined in the Federal Trade Commission Act, which advertisement fails to reveal clearly and conspicuously that respondents' device is not safe for use unless and until a competent medical authority has determined, as a result of diagnosis, that the use of diathermy is indicated, and has prescribed the frequency and rate of application of the treatments, and the user has been adequately instructed by a trained technician in the use of such device.

3. Disseminating or causing to be disseminated any advertisement by any means for the purpose of inducing or which is likely to induce, directly or indirectly, the purchase in commerce, as "commerce" is defined in the Federal Trade Commission Act, of respondents' device, which advertisement contains any representation prohibited in paragraph 1 hereof or which fails to contain the warning set forth in paragraph 2 hereof.

It is further ordered, That the respondents shall, within ten (10) days after service upon them of this order, file with the Commission an interim report in writing stating whether they intend to comply with this order, and, if so, the manner and form in which they intend to comply; and that within sixty (60) days after the service upon them of this order, the respondents shall file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with this order.

By the Commission.

TITLE 17—COMMODITY AND SECURITIES EXCHANGES

Chapter II—Securities and Exchange Commission

PART 230—RULES AND REGULATIONS, SECURITIES ACT OF 1933

AMENDMENT TO REGULATION EXEMPTING CERTAIN ISSUES OF SECURITIES FROM REGISTRATION

Amendment to regulation under the act exempting from registration certain issues of securities whose aggregate offering price to the public does not exceed $100,000.

The Securities and Exchange Commission, acting pursuant to authority conferred upon it by the Securities Act of 1933, particularly sections 3 (b) and 19 (a) thereof, and finding such action necessary and appropriate in the public interest and for the protection of investors, and necessary for the execution of the functions vested in it by the said Act, hereby takes the following action:

I. Section 230.221 [Rule 221] is amended by adding at the end of the rule the following new paragraph (i):

§ 230.221 *Securities excluded from exemption.* • • •

(i) Securities as to which a registration statement has been in effect in connection with the offering made under this regulation, before (1) the expiration of one year from the date of the last sale made pursuant to the registration statement by the issuer or other person on behalf of or for the benefit of whom the securities were registered or by any underwriter and (2) the effective date of an amendment to the registration statement removing from a registered status all the securities remaining unsold by the issuer or other person on behalf of or for the benefit of whom they were registered or by any underwriter.

II. Paragraph (b) of § 230.222 [Rule 222] is amended to read as follows:

§ 230.222 *Letter of notification.* An original and two copies of each letter of notification shall be filed, at least 24 hours prior to any public offering of securities under the regulation, with the regional office of the Commission for the region in which the issuer's principal place of business is located. Form 3-3b-1 may be used in supplying the information required to be set forth in the letter of notification.

Effective September 4, 1942.

TITLE 25—INDIANS

Chapter I—Office of Indian Affairs

Subchapter G—Enrollment and Reallotment of Indians

PART 51—ENROLLMENT OF MENOMINEE INDIANS, WISCONSIN

MISCELLANEOUS AMENDMENTS

The following sections of Part 51 are amended to read as follows:

§ 51.2 *Tribal roll.* The names of all persons entitled on June 15, 1934, to tribal rights with the Menominee Indian Tribe, pursuant to the terms and conditions of the act of June 15, 1934 (48 Stat. 965), as amended July 14, 1939 (53 Stat. 1003), shall be placed automatically on the official certified roll approved by the Secretary of the Interior on December 27, 1935, as modified June 30, 1941, pursuant to section 2 of the said act of July 14, 1939, requiring the placing thereon after the name of each Indian the degree of Menominee Indian blood possessed by such Indian, as determined by the Secretary of the Interior.

§ 51.3 *Names added to roll.* The Superintendent is responsible for the placing immediately on the official certified roll the names of all persons automatically enrolled under provisions of § 51.4 of this part and from time to time the names of all other persons who qualify for membership under §§ 51.5 to 51.20, inclusive, of this part.

§ 51.4 *Automatic enrollment of children.* Irrespective of the derivation of their Menominee blood, there shall be placed automatically on the official certified roll, upon the filing of proper birth certificates with the Superintendent, (a) names of unenrolled living Menominee Indian children named therein, born prior to June 15, 1934 of an enrolled parent or parents residing on the Menominee Reservation at the time of the births of such children and (b) the names of children born on or subsequent to June 15, 1934, who possess one-fourth or more Menominee Indian blood who were born of parents residing at the time of the births of such children upon the Menominee Reservation at least one of whom is an enrolled member of the Menominee Tribe.

§ 51.5 *Application for enrollment.* Any unenrolled person not entitled to automatic enrollment under § 51.4 of this part, may at any time apply to the Secretary of the Interior through the Superintendent of the Menominee Indian Reservation, to have his name placed on the official certified roll.

§ 51.13 *Back annuities.* Except in all cases of children whose names are automatically placed on the official certified roll as provided in § 51.4 of this part, persons whose names are placed on the official certified roll subsequent to June 15, 1934, shall share only in payments made after their names are placed on such roll. Children whose names are

automatically placed on the official certified roll shall participate in any tribal payments between the time of their births and enrollment.

§ 51.14 *Enrollees only to participate in payments.*—Subject to the exception contained in § 51.13 of this part, only persons whose names actually appear on the official certified roll at the time of a payment can participate therein; applications for back annuities by or for those persons subsequently enrolled cannot be considered.

51.19 *Decedents names stricken from official certified roll.* As the official certified roll is not final, the names of deceased enrollees shall be stricken therefrom as deaths occur.

TITLE 30—MINERAL RESOURCES

Chapter III—Bituminous Coal Division

[Order No. 341]

PART 308—REPORTS AND RECORDS

METHODS OF FILING ANALYSES, ETC.

Order revoking and cancelling orders Nos. 234, 235, 288, and 333 as amended, and the Director's Statement No. 5, dated October 5, 1940, and revising the methods of filing analyses and the requirements thereof.

It appearing that in order to carry out and administer the provisions of the Bituminous Coal Act of 1937, it is necessary that copies of certain analyses and other information, herein described, be supplied to the Bituminous Coal Division;

Pursuant to the provisions of section 4 II (a) and 10 (a) of the Bituminous Coal Act of 1937,

It is ordered, That:

Orders Nos. 234[1], 235[2], 288[3], 333, as amended,[4] and the Director's Statement No. 5, dated October 5, 1940, be, and the same are hereby revoked and the following new section is added to Part 308:

§ 308.29 *Methods of filing analyses and the requirements thereof.* (a) All code members, sales agents, or distributors required to file reports of any coal analyses pursuant to § 318.8 of the Marketing Rules and Regulations, shall file not later than fifteen (15) days from the date of this Order one copy of any such analysis with the district board for the district in which the producing mine is located and two copies with the appropriate statistical bureau for such district: *Provided, however,* That this rule shall not be construed to require retroactively the filing of additional copies of analyses heretofore filed pursuant to § 318.8 of the Marketing Rules or Orders No. 234 (§§ 309.10–309.16), 235 (§§ 306.30–306.38), 288 (§ 309.13), and 333, as amended.

(b) For the purpose of securing information relating to the qualities and characteristics of coals of code members the several district boards are hereby authorized to request from code members by questionnaire, or by other means, information concerning the physical characteristics and characteristics of performance of the coals of code members, and said district boards are hereby authorized to provide facilities for sampling and analyzing such coals, and to enter into contracts for the performance of such work by competent and disinterested private individuals, or recognized companies generally engaged in the business of sampling and analyzing coal.

(c) If, in the judgment of the appropriate district board, an analysis filed by a code member is not representative of the coal produced by that code member, said district board may, in its discretion, cause a proper sample or samples to be taken after final tipple preparation of the coal for shipment to market, in accordance with the standard methods developed by the United States Bureau of Mines in Technical Paper No. 133 as revised, and approved by the American Society for Testing Materials; upon completion of such analysis the district board shall file in duplicate with the statistical bureau copies of the analyses obtained together with a statement indicating the manner in which the sample was taken and the analysis made; and the reasonable expenses of providing and operating such facilities or of having such analysis work performed shall be paid from the general funds of the appropriate district board and such expenditures shall be subject to the general supervision and approval of the Bituminous Coal Division.

(d) Every code member shall make a report in writing, one copy to the appropriate district board and two copies to the appropriate statistical bureau, setting forth all pertinent facts relating to any changes in ownership or operation of bituminous coal mines in which he has, acquires, or surrenders any interest, including, but not limited to the following:

(1) The purchase, lease, or other acquisition of any mine or interest therein, regardless of whether or not the mine is currently producing coal.

(2) The mortgage, sale, transfer, or other disposition of any mine or interest therein, regardless of whether or not the mine is currently producing coal.

(3) Any change in the proprietary or business organization of the code member, such as incorporation, reorganization, or dissolution of a mining corporation, formation or dissolution of a mining copartnership, or change of name of code member or any mines owned or operated by code member.

(4) Any change in mining or operational methods, such as the opening of new mines or new mine adits, the substitution of machine-loading for hand-loading or deep mining for strip mining.

(5) Changes in the methods of coal preparation, such as the installation of tipples, washing or other cleaning facilities, screening and crushing facilities.

(6) All substantial changes in sizes, analytical properties, or other characteristics of coals produced by the code member.

(7) Any changes in the method of shipping or transporting coals produced at the mine. Such changes in ownership or operation of bituminous coal mines shall be reported within 10 days of their occurrence: *Provided, however,* That the requirements of this rule may be fulfilled by filing a report of prospective or contemplated changes in ownership or operation: *And further provided,* That in the event that such prospective or contemplated changes are not put into effect, this fact shall be reported in the same manner as above set forth.

(e) If the code member produces or contemplates producing coal from a mine for which no price classification and minimum prices have been proposed or established, the code member shall file one copy of a report indicating such fact with the appropriate district board and two copies with the appropriate statistical bureau: *Provided, however,* That this rule shall in no way be construed to permit the sale of any coal for which minimum prices have not been established.

(f) From and after the date of this Order analyses filed with the appropriate statistical bureau and district board, in accordance with the provisions of § 318.8 of the Marketing Rules and Regulations, and this Order, may be considered by said district board and the Bituminous Coal Division in determining the proper classifications and prices of the coal produced by the code member for whose coals the analysis was made and filed; and said analysis shall be subject to inspection by any interested person at the office of the statistical bureau and the Division during office hours. Chapter IX—War Production Board

Subchapter B—Director General for Operations

PART 989—DOMESTIC MECHANICAL REFRIGERATORS

[Amendment 2 to Supplementary General Limitation Order L–5–d]

Section 989.5 *Supplementary General Limitation Order L–5–d*[1] is hereby amended in the following respects:

Paragraph (a) is hereby amended by adding the following new subparagraphs at the end thereof:

(8) "Affiliated distributor" means any distributor which is owned or controlled by a manufacturer or under common ownership or control with a manufacturer. A person shall be deemed to be owned or controlled by another person when more than 50% of its voting capital stock is directly or indirectly owned by such other person.

(9) "Independent distributor" means any distributor other than an affiliated distributor.

Paragraph (b) is hereby amended to read as follows:

(b) *Restrictions on transfers of new domestic mechanical refrigerators.* No person shall transfer or accept transfer of any new domestic mechanical refrigerator except as permitted under the provisions of this paragraph (b). Whenever any manufacturer or distributor is authorized to transfer new domestic mechanical refrigerators under subparagraph (3) of this paragraph (b) or under paragraph (c) (2) (iii), such transfers shall be made as far as is practicable through his normal distributive outlets on a basis proportionate to his distribution of new domestic mechanical refrigerators to them, respectively, during the year 1941, regardless of any previous commitments or contracts.

(1) Any new domestic mechanical refrigerator may be transferred pursuant to a certificate of transfer under the provisions of paragraph (c) or pursuant to other specific authorization of the Director General for Operations.

(2) Any new domestic mechanical refrigerator may be transferred in fulfillment of any contract or purchase order for delivery of any such refrigerator to or for the account of the Army or Navy of the United States, the United States Maritime Commission, the War Shipping Administration or the Panama Canal.

(3) Any new electric or gas (but not kerosene) domestic mechanical refrigerator, which, at 10 A. M. Eastern War Time, February 14, 1942, was in the inventory of a dealer, independent distributor or any other person not a manufacturer or affiliated distributor, may be transferred by any person to any other person without limit as to the number of transfers which may be made of any such refrigerator, provided that any transfer of a new domestic mechanical refrigerator to an ultimate consumer under the provisions of this subparagraph (3) may be made only if such transferee certifies in writing (which shall constitute a representation to the transferor and to the War Production Board) substantially as follows:

The domestic mechanical refrigerator being transferred is for my personal use (or for the use of my family, or my tenants). I have no other domestic mechanical or ice refrigerator at my disposal (or, I have disposed of any domestic mechanical or ice refrigerator which has been at my disposal since February 14, 1942 to a dealer or consumer).

Any new electric or gas domestic mechanical refrigerator which at 10 A. M. Eastern War Time, February 14, 1942 had been bought and fully paid for and was in the hands of the seller at that time, shall be deemed to have been in the inventory of the purchaser at 10 A. M. Eastern War Time, February 14, 1942.

(4) Any new kerosene domestic mechanical refrigerator which at 10 A. M. Eastern War Time, February 14, 1942, had been bought and fully paid for by an ultimate consumer, and was in the hands of the seller at that time may be delivered to the purchaser.

(5) Any person may distrain or levy by execution, attachment or similar form of judicial process, on any new domestic mechanical refrigerators, or repossess them on default, but may not transfer them thereafter except pursuant to the provisions of subparagraphs (1) and (2) of this paragraph (b) unless the refrigerators come within the provisions of subparagraph (3) of this paragraph (b).

(6) Any manufacturer may sell any new domestic mechanical refrigerator to Defense Supplies Corporation or any other corporation organized under Section 5 (d) of the Reconstruction Finance Corporation Act as amended, and any such corporation may resell any such refrigerators to the manufacturer from whom they were purchased.

Paragraph (c) (2) is hereby amended to read as follows:

(2) A certificate of transfer on Form PD–430 may be issued in order to permit the transfer of new domestic mechanical refrigerators:

(i) From one warehouse or place of storage to another warehouse or other place of storage, whether or not it involves any change in the ownership or title of such refrigerators;

(ii) From any person to any other person when the transfer does not come within the provisions of subparagraph (1) of this paragraph (c); or

(iii) From any manufacturer or affiliated distributor to any person, without limit as to the number of transfers which may be made of any such refrigerators, provided that (a) the words "unlimited transfer" appear on such certificate; and (b) any transfer to an ultimate consumer made under the provisions of this subdivision (iii) of this paragraph (c) (2) may be made only if such transferee certifies in writing in the form mentioned in paragraph (b) (3) of this order.

Whenever such certificates for "unlimited transfer" are issued by the Director General for Operations he shall take into consideration the number, price range, size and type of new domestic mechanical refrigerators in the stocks of manufacturers and affiliated distributors on February 14, 1942 and thereafter.

Paragraph (g) is hereby amended to read as follows:

(g) *Reports.* (1) Each manufacturer shall file with the War Production Board, on or before the next business day after any shipment to or from his stock of refrigerators a report of all such shipments on Form PD–431.

(2) Each person (other than a manufacturer) holding any new domestic mechanical refrigerator which he cannot transfer under the terms of paragraphs (b) (3) or (c) (2) (iii) shall file with the War Production Board, on or before the next business day after any shipment to or from his stock of refrigerators a report of all such shipments on Form PD–431.

(3) All persons affected by this order shall file with the War Production Board such other reports and questionnaires as the Director General for Operations shall, from time to time prescribe.

PART 1075—CONSTRUCTION

[Interpretation 1 of Conservation Order L–41 as Amended September 2, 1942]

The following official interpretation is hereby issued by the Director General for Operations with respect to § 1075.1, *Conservation Order L–41.*[1]

(a) Paragraph (a) of Conservation Order No. L–41, as amended, places in different classes the construction of various buildings, structures or projects, and paragraph (b) (7) provides the limits within which the several classes of construction may be begun without authorization. Any building or structure shall be classified in accordance with such provisions unless it constitutes a part of a "project" as defined below, in which event the classification of the project shall control.

(b) The word "project" as used in paragraphs (a) (3), (a) (4), (a) (5), (a) (6), and (a) (7) in defining the classes of construction and as used elsewhere in the order, means all separate buildings, structures, or units of construction situated in close proximity to each other and integrated to serve a single general use; it does not mean a particular construction operation or job.

Generally speaking whether separate buildings, structures or units of construc-

[1] 7 F.R. 6958.

tion together constitute a project depends upon the exact engineering, functional, and other phases of the particular construction involved. The fact that one or more buildings, structures, or units of a single project come within a class or classes of construction different from the class within which the project falls is of no consequence, inasmuch as the class within which the entire project falls will be determined by its predominant designed use in accordance with paragraph (b) of Interpretation No. 1 of Conservation Order L–41 issued June 6, 1942. However, a separate building, structure, or unit of construction situated in close proximity to a project, whether of the same or different classification, is not part of said project, unless it is integrated to serve the same general use as said project.

In no case shall a single building or structure be subdivided into more than one project for the purpose of this Order.

(c) "Total cost of labor" as used in paragraph (a) (9) means (1) actual money outlay for labor employed in the construction; and (2) estimated value of all labor performed in the construction not entailing actual money outlay, excluding only the labor of an owner or tenant and members of the owner's or tenant's immediate family residing with him, on a building, structure or project owned or leased by him.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 5th day of September 1942.

Director General for Operations.

PART 1090—AGAVE FIBER

[Amendment 2 to General Preference Order M–84 as Amended August 5, 1942]

Section 1090.1 *General Preference Order M–84*[1] is hereby amended as follows:

(1) Paragraph (a) (2) is amended to read as follows:

(2) "Agave cordage" means cables and ropes 3/16" in diameter and larger, and twines used for fishing nets, in which agave fiber either alone or in combination with other material is used.

(2) Paragraph (c) (1) (i) is amended to read as follows:

(i) *Wrapping twine.* Processors may use agave fiber for the manufacture of wrapping twine in an amount in any month not in excess of the percentage, for such month, of his average monthly sales for the calendar year 1941 described below.

Year 1942:	Percent
February	100
March	70
April	65
May	65
June	57½
July	50
August	40
September	20
October, and each month thereafter	0

Provided, however, That no person shall put into process after April 13, 1942, any Java agave sisalana for the manufacture of wrapping twine, or after August 5, 1942, any Java agave cantala for this purpose.

(3) Paragraph (d) (3) is amended to read as follows:

(3) No importer shall sell or deliver in any month agave cordage in excess of his average monthly sales of Manila and agave cordage in the calendar years 1939–1941, or wrapping twine, imported or domestic, in excess of the following percentages of his average monthly sales thereof during the calendar year 1941:

	Percent
July	65
August	40
September, and each month thereafter	20

Provided, however, That no importer shall, after September 30, 1942, import, purchase for import, offer to import, offer to purchase for import, contract or otherwise arrange to import any wrapping twine unless specifically authorized by the Director General for Operations. Authorizations will only be granted, in the absence of extraordinary circumstances, where it can clearly be demonstrated that such wrapping twine was processed only from tow, waste or fiber under 20" in length.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 5th day of September 1942.

PART 1208—NAPHTHENIC ACID AND NAPHTHENATES

[General Preference Order M–142, as Amended September 5, 1942]

Section 1208.1 *General Preference Order M–142* is hereby amended to read as follows:

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of naphthenic acid and naphthenates for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 1208.1 *General Preference Order M–142*[1]—(a) *Definitions* For the purposes of this order:

(1) "Naphthenic acid" means the acids existing naturally in certain crude petroleums and distillates therefrom and known as monobasic carboxylic acids of the general formula RCOOH, where R is a naphthene (cyclic hydrocarbon) radical and the acid values of which are 180 or higher on an oil free basis, such acids being normally obtained by extraction from certain petroleum distillates by means of caustic soda. The term includes crude and refined sodium naphthenate intended for the manufacture of other naphthenates.

(2) "Naphthenate" means any salt of naphthenic acid other than crude and refined sodium naphthenate intended for the manufacture of other naphthenates. The term includes, but is not limited to, potassium naphthenate, calcium naphthenate, copper naphthenate, zinc naphthenate, aluminum naphthenate, lead naphthenate, cobalt naphthenate, manganese naphthenate, triethanolamine naphthenate and also sodium naphthenate other than sodium naphthenate intended for the manufacture of other naphthenates. The term also includes any mixture containing more than 5% by weight (dry basis) of naphthenic acid combined as a naphthenate.

(3) "Producer" means any person engaged in the production of naphthenic acid or naphthenates and includes any person who has any naphthenic acid or naphthenate produced for him pursuant to toll agreement.

(4) "Distributor" means any person who has purchased or purchases any naphthenic acid or naphthenate for resale.

(b) *Restrictions on use and delivery of naphthenic acid and naphthenates.* (1) During the period commencing September 5, 1942, the date of issuance of this amendment, and ending September 30, 1942, no person shall, subject to the provisions of paragraphs (c) and (d) hereof, sell, deliver or use any naphthenic acid or naphthenate except in accordance with the provisions of General Preference Order No. M–142 as in effect prior to this amendment.

(2) On and after October 1, 1942, no person shall, subject to the provisions of paragraphs (c) and (d) hereof, use or deliver any naphthenic acid or naphthenate except as specifically authorized by the Director General for Operations upon application pursuant to paragraph (e) hereof, and no person shall accept delivery of any naphthenic acid or naphthenate which he knows or has reason to believe is in violation of this order.

(3) Each person accepting delivery of any naphthenic acid or naphthenate pursuant to specific authorization of the Director General for Operations shall use the same only for the purposes specifically authorized.

(4) Each person affected by this order shall comply with such directions as may be given from time to time by the Director General for Operations, with respect to the use or delivery by any such person of any naphthenic acid or naphthenate.

[1] 7 F.R. 6144, 6599.

[1] 7 F.R. 3368, 4173.

(c) *Small order exemptions.* The restrictions provided for in paragraph (b) (1) hereof shall not apply to, and the specific authorization provided for in paragraph (b) (2) hereof shall not be required with respect to, the following:

(1) Use by any person of not to exceed fifty (50) pounds of any naphthenic acid or naphthenate in any one month.

(2) Delivery by any supplier of not to exceed fifty (50) pounds of any naphthenic acid or naphthenate to any one person in any one month, and the acceptance thereof by any such person, subject to the following conditions:

(i) Each supplier desiring to make small order deliveries of any naphthenic acid or naphthenate pursuant to this paragraph (c) (2) shall apply for authorization to make small order deliveries pursuant to paragraph (e) hereof, and the aggregate amount of small order deliveries made by any supplier during any month shall not exceed the amount of such deliveries which he is specifically authorized to make.

(ii) Each person seeking delivery of fifty (50) pounds or less of any naphthenate shall file with his supplier at the time of placing his order therefor a certificate to the effect that if the delivery covered by such order is made, the deliverees will not have received during the current month in excess of an aggregate of fifty (50) pounds of naphthenates: *Provided, however,* That such certificate shall not be required with respect to deliveries of ten (10) pounds or less of any naphthenate.

(d) *Special exemptions.* The restrictions provided for in paragraph (b) (1) hereof shall not apply to, and the specific authorization provided for in paragraph (b) (2) hereof shall not be required with respect to the following:

(1) Delivery, acceptance of delivery or use by any person of any finished lubricant containing less than 20% of naphthenates.

(2) Use by any person in his own manufacturing operations of naphthenates owned by him on May 4, 1942.

(e) *Applications and reports.* In addition to such other reports as may from time to time be required by the Director General for Operations:

A. *Naphthenic Acid*

(1) Each person seeking authorization to use or accept delivery of any naphthenic acid pursuant to paragraph (b) (2) hereof shall apply therefor on Form PD–600. Such applicant shall file with the War Production Board the original and two copies of such form on or before the 15th day of the month preceding the month for which such authorization is requested and shall file with his supplier one copy of such form on or before the 15th day of such month if the supplier is a producer or on or before the 10th day of such month if the supplier is a distributor, which form shall be prepared in the manner prescribed therein, subject to the following specific instructions:

(i) *Heading.* Specify "naphthenic acid" and Order No. "M–142, as amended September 5, 1942" and specify pounds as the unit of measure, and in addition to specifying the delivery destination indicate the address to which communications should be directed.

(ii) *Columns 1, 11 and 19.* Specify crude, processed, rectified or refined, by acid value on an oil free basis and by maximum unsaponifiable content.

(iii) *Columns 3, 20 and 22.* In the case of a distributor, specify "resale pursuant to further authorization." In the case of a consumer, specify:

Lead naphthenate.
Cobalt naphthenate.
Manganese naphthenate.
Iron naphthenate.
Zinc naphthenate.
Copper naphthenate.
Aluminum naphthenate.
Sodium naphthenate.
Rubber compounding composition.
Crude oil demulsifier.
Pigments.
Mineral concentrates.
Other.

If "other" is specified describe briefly.

(iv) *Column 4.* In the case of a distributor, disregard. In the case of a consumer, specify:

Drier.
Dispersing agent.
Fungicide.
E. P. lubricant.
Grease.
Cutting oils and compounds.
Rubber compounding.
Demulsification of crude oil.
Bodying agent.
Potash chemical manufacture.
Production of metallic magnesium.
Other.

If "other" is specified, describe briefly.

(2) Each producer and distributor seeking authorization to deliver any naphthenic acid pursuant to paragraph (b) (2) hereof shall apply therefor on Form PD–601. Such applicant shall file with the War Production Board the original and two copies of such form on or before the 20th day of the month preceding the month for which such authorization is requested, which form shall be prepared in the manner prescribed therein, subject to the following specific instructions:

(i) *Heading.* Specify "naphthenic acid" and Order No. "M–142, as amended September 5, 1942" and specify pounds as the unit of measure, and in addition to specifying the plant or warehouse address indicate the address to which communications should be directed.

(ii) *Column 1.* If authorization to make small order deliveries under paragraph (c) (2) (i) hereof is requested, insert "aggregate small order deliveries" in Column 1 after completing the list of customers and specify in Column 4 the aggregate amount of each grade shown in Column 3 requested to be authorized.

(iii) *Columns 3 and 8.* Specify crude, processed, rectified, or refined, by acid value on an oil free basis and by maximum unsaponifiable content.

B. *Naphthenates*

(3) Each person seeking authorization to use or accept delivery of any naphthenate pursuant to paragraph (b) (2) hereof shall apply therefor on Form PD–600. Such applicant shall file with the War Production Board the original and two copies of such form on or before the 10th day of the month preceding the month for which such authorization is requested and shall file with his supplier one copy of such form on or before the 10th day of such month if the supplier is a producer or on or before the 5th day of such month if the supplier is a distributor, which form shall be prepared in the manner prescribed therein, subject to the following specific instructions:

(i) Heading. Specify "naphthenates" and Order No. "M–142, as amended September 5, 1942" and specify pounds as the unit of measure and in addition to specifying the delivery destination indicate the address to which communications should be directed.

(ii) *Columns 1, 11 and 19.* Specify naphthenate by chemical name and the percentage by weight of metal content.

(iii) *Columns 3, 20 and 22.* In the case of a distributor, specify "Resale Pursuant to Further Authorization." In the case of a consumer, specify:

Paint.
Varnish.
Enamel.
Synthetic enamel.
Lacquer.
Printing ink.
Sandbag fabrics.
Camouflage fabrics.
E. P. lubricants.
Grease.
Cutting oils and compounds.
Grinding oils and compounds.
Lumber.
Fish nets.
Natural rubber.
Synthetic rubber.
Other.

If "other" is specified, describe briefly.

(iv) *Column 4.* In the case of a distributor, disregard. In the case of a consumer, specify:

Sandbag manufacture.
Camouflage material manufacture.
Commercial fishing.
Automotive transmission lubricants.
Industrial greases.
Machine tool operation.
Rubber product manufacture.
U. S. Army specification number.
U. S. Navy specification number.
Army-Navy aircraft specification number.
Other U. S. Government agency specification number.
Other.

If "other" is specified, describe briefly.

(4) Each producer and distributor seeking authorization to deliver any naphthenic acid pursuant to paragraph (b) (2) hereof shall apply therefor on Form PD–601. Such applicant shall file with the War Production Board the orig-

inal and two copies of such form on or before the 15th day of the month, preceding the month for which such authorization is requested, which form shall be prepared in the manner prescribed therein, subject to the following specific instructions:

(i) *Heading.* Specify "naphthenates" and Order No. "M–142, as amended September 5, 1942" and specify pounds as the unit of measure and in addition to specifying the plant or warehouse address indicate the address to which communications should be directed.

(ii) *Column 1.* If authorization to make small order deliveries under paragraph (c) (2) (i) hereof is requested, insert "aggregate small order deliveries" in Column 1 after completing the list of customers and specify in Column 4 the aggregate amount of each naphthenate shown in Column 3 requested to be authorized.

(iii) *Columns 3 and 8.* Specify naphthenate by chemical name and the percentage by weight of metal content.

(f) *Notification of customers.* Producers and distributors shall, as soon as practicable, notify each of their regular customers of the requirements of this order, but failure to give such notice shall not excuse any such person from complying with the terms hereof.

(g) *Miscellaneous provisions*—(1) *Intra-company deliveries.* The prohibitions and restrictions of this order with respect to deliveries of naphthenic acid and naphthenates, shall apply not only to deliveries to other persons, including affiliates and subsidiaries, but also to deliveries from one branch, division or section of a single enterprise to another branch, division or section of the same or any other enterprise under common ownership or control.

(2) *Violations.* Any person who wilfully violates any provision of this order or who, in connection with this order, wilfully conceals a material fact, or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(3) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Chemicals Branch, Washington, D. C. Ref: M–142.

PART 3029—PORTABLE ELECTRIC FANS

[General Limitation Order L–176]

The fulfillment of requirements of the defense of the United States has created a shortage in the supply of critical materials used in the manufacture of portable electric fans for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3029.1 *General Limitation Order L–176*—(a) *Definitions.* For the purposes of this order: (1) "Portable fan" means any portable domestic or commercial device, powered by a fractional horsepower electric motor which circulates or blows air by a rotary means, including, but not limited to, any fan commonly known as a desk and bracket fan, any portable air circulator and any portable window ventilating fan. "Portable fan" does not include any industrial fan or blower, ceiling fan, attic fan or any fan which is a functional part of any equipment or device having a primary use other than ventilation.

(2) "Victory model fan" means any portable fan manufactured or assembled in accordance with Emergency Alternate Federal Specification No. E–W–F–101a, issued March 9, 1942.

(3) "Manufacturer" means any person who manufactures or assembles any portable fan.

(4) "Copper" means unalloyed copper metal, including unalloyed copper metal produced from scrap.

(5) "Copper base alloy" means any alloy metal in the composition of which the percentage of copper metal, by weight, equals or exceeds 40% of the total weight of the alloy, including alloy metal produced from scrap.

(b) *General restrictions on manufacture.* No manufacturer shall manufacture or assemble any new portable fan, except that: (1) He may manufacture or assemble any Victory model fan in fulfillment of any purchase order placed prior to August 1, 1942, by the Procurement Division of the Treasury Department of the United States.

(2) He may manufacture or assemble any portable fan in accordance with Specifications Nos. 17–F6E or 17–F9C, issued by the Navy Department, or Specification No. 17MC–5, issued by the United States Maritime Commission, in fulfillment of any purchase order, contract or subcontract for portable fans for use on combat or other maritime vessels placed by or for the account of the United States Navy, the United States Maritime Commission or the War Shipping Administration or the government of any country pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act).

(3) He may manufacture or assemble any portable fan in accordance with any specific relief granted prior to September 5, 1942, by the Director of Industry Operations or the Director General for Operations pursuant to paragraph (h) (2) of General Conservation Order M–9–c as amended May 7, 1942.[1]

(c) *Restrictions on delivery.* No manufacturer shall sell, lease, trade, deliver, ship or transfer any new portable fan, except pursuant to specific authorization of the Director General for Operations on Form PD–556. Applications for such authorizations must be filed on Form PD–556 in accordance with the instructions thereon. Any manufacturer filing such an application must list thereon his inventory of fans of the type covered by the application on the date thereof.

(d) *Repair parts.* No manufacturer shall manufacture or assemble repair and replacement parts for any portable fan containing any copper or copper base alloys: *Provided, however,* That any person repairing a used portable fan on or off the premises of its owner, may use up to two pounds of copper and copper base alloy to repair said fan when and to the extent that the use of less scarce material is impracticable.

(e) *Applicability of other orders.* In so far as any other order hertofore or hereafter issued by the Director of Priorities, the Director of Industry Operations or the Director General for Operations shall limit the use of any material in the manufacture of portable fans to a greater extent than the restrictions imposed by this order, the provisions of such other order shall govern unless otherwise specified therein: *Provided, however,* That a manufacturer may complete the production of Victory Model Fans permitted under paragraph (b) (1) notwithstanding the provisions of General Conservation Order No. M–9–c.

(f) *Inventory restrictions.* No manufacturer of portable fans shall accumulate, for use in the manufacture of such fans, inventories of raw materials, semi-processed materials, or finished parts in quantities in excess of the minimum amount necessary to maintain production of portable fans in the quantities permitted by this order.

(g) *Records.* All persons affected by this order shall keep and preserve, for not less than two years, accurate and complete records concerning inventories, production and sales.

(h) *Audit and inspection.* All records required to be kept by this order shall, upon request, be submitted to audit and inspection by duly authorized representatives of the War Production Board.

(i) *Reports.* Each manufacturer to whom this order applies shall file with the War Production Board, on or before the fifteenth day after the date of issuance of this order, a report of all the portable fans in his inventory by model on the date of issuance of this order, together with such other reports and questionnaires as said Board shall from time to time require.

(j) *Appeal.* Any appeal from the provisions of this order must be made on Form PD–500 and must be filed with the field office of the War Production Board for the district in which is located the plant to which the appeal relates.

(k) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of Priorities Regulations of the War Production Board as amended from time to time.

(l) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of or from processing or using material under priority control and may be deprived of priorities assistance.

(m) *Communications.* All reports to be filed and other communications concerning this order should be addressed to the War Production Board, Washington, D. C., Ref.: L–176. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 5th day of September 1942.

PART 3059—PHTHALIC ANHYDRIDE

[General Preference Order M–214]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of phthalic anhydride for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3059.1 *General Preference Order M–214*—(a) *Definitions.* For purposes of this order:

(1) "Phthalic anhydride" means the anhydride of phthalic acid in any form and from whatever source derived.

(2) "Supplier" means any producer or distributor of phthalic anhydride.

(3) "Producer" means any person who produces phthalic anhydride.

(4) "Distributor" means any purchaser of phthalic anhydride from a producer for purpose of resale without further processing.

(b) *Restrictions on use and delivery of phthalic anhydride.* (1) On and after October 1, 1942, no supplier shall use or deliver phthalic anhydride, and no person shall accept delivery of phthalic anhydride from a supplier, except as specifically authorized by the Director General for Operations upon application pursuant to paragraph (d), or as provided in paragraph (c).

(2) Each person specifically authorized to accept delivery of phthalic anhydride shall use such phthalic anhydride for the purpose authorized, except as otherwise specifically directed.

(3) The Director General for Operations in his discretion may at any time issue special directions to any person with respect to the use or delivery of phthalic anhydride by such person, notwithstanding the provisions of paragraph (c) hereof, or special directions to any producer with respect to the kinds of phthalic anhydride which he may or must manufacture.

(c) *Small order exemption.* (1) Any person may accept delivery of, and any supplier may use 700 pounds or less of phthalic anhydride in the aggregate during any one calendar month without specific authorization under this order: *Provided,* That such person (or supplier) has not been specifically authorized to use or accept delivery of any quantity of phthalic anhydride during such month.

(2) No delivery of 50 pounds or more of phthalic anhydride shall be made or accepted pursuant to this paragraph unless and until the person accepting delivery shall certify in writing to the person making delivery that such delivery is accepted within the terms of paragraph (c) (1).

(3) Any supplier may deliver phthalic anhydride without specific authorization to any person entitled to accept delivery pursuant to this paragraph, provided that:

(i) No producer shall deliver an aggregate amount of phthalic anhydride in any one calendar month pursuant to this paragraph in excess of 2% of the amount of phthalic anhydride which he is specifically authorized to deliver during such month; and

(ii) No supplier shall make deliveries during any month pursuant to this paragraph if such deliveries will prevent completion of any deliveries which have been specifically authorized for such month; and

(iii) Any supplier may make deliveries pursuant to this paragraph without regard to preference ratings.

(d) *Applications and reports.* (1) Each person seeking authorization to accept delivery of phthalic anhydride, and each supplier seeking to use (or accept delivery of) phthalic anhydride during any calendar month, shall file application on or before the 15th day of the month preceding the month for which authorization for use or delivery is requested. Such application shall be made on Form PD–600, in the manner prescribed therein, subject to the following instructions for the purpose of this order:

(i) Copies of Form PD–600 may be obtained at local field offices of the War Production Board.

(ii) Five copies shall be prepared, of which one shall be forwarded to supplier and three certified copies to the War Production Board, Chemicals Branch, Washington, D. C., Ref.: M–214.

(iii) In the heading, under name of chemical, specify phthalic anhydride; under War Production Board order, specify M–214; under name of company, specify name and mailing address; under unit of measure, specify pounds; and specify the month and year for which authorization for use or acceptance of delivery is sought.

(iv) In Columns (1), (11) and (19) specify the particular quality or physical form ordered, such as, pure, technical, off-color, flake, powdered, etc.

(v) In Columns (3), (20) and (22), specify primary product in terms of the following:

Esters (identify).
Resins.
Dyes and intermediates.
Pharmaceuticals.
Miscellaneous.
Export (as phthalic anhydride).
Resale (as phthalic anhydride).
Inventory.

Suppliers as defined in this order shall add after "resale" the words "upon authorization on Form PD–601, or pursuant to paragraph (c)".

(vi) Column (4) shall be left blank except as follows:

Opposite miscellaneous show the groupings, as far as possible, of the more important miscellaneous primary products.

Opposite inventory, specify the amount considered necessary, if any, to bring the applicant's inventory to a safe working minimum; the ratings called for by Columns 5, 6, 7, and 8 need not be filled in opposite inventory in Column 3.

(2) Each supplier seeking authorization to make delivery of phthalic anhydride during any calendar month shall file application on or before the 22nd day of the month preceding the month for which authorization is requested. Such application shall be made on Form PD–601, in the manner prescribed therein, subject to the following instructions for the purpose of this order:

(i) Copies of Form PD–601 may be obtained at local field offices of the War Production Board.

(ii) Prepare four copies and forward three certified copies to the War Production Board, Chemicals Branch, Washington, D. C., Ref.: M–214.

(iii) Suppliers who have filed application on Form PD–600, specifying themselves as their suppliers, shall list their own names as customers on Form PD–601, and shall list their request for allocation in the manner prescribed for other customers.

(iv) In the heading, under name of chemical specify phthalic anhydride; under War Production Board order, specify M–214; under name of company, state name and mailing address; under unit of measure specify pounds; and state the month and year during which deliveries covered by your application are to be made.

(v) In Columns 3 and 8, specify grades as stated in customer's Form PD–600. Any objection to such grade should be noted in Column 7, in which any other pertinent comments should be noted.

(vi) The supplier may, if he wishes, leave Column 5 blank.

(vii) No statement need be made with respect to deliveries which may be made during the next month pursuant to paragraph (c) of this order.

(viii) If it is necessary to use more than one sheet to list customers, number each sheet in order and show grand totals for all sheets on the last sheet, which is the only one that need be certified.

(3) The Director General for Operations may require each person affected by this order to file such other reports as may be prescribed, and may issue special directions to any such person with respect to preparing and filing forms PD–600 and 601.

(e) *Notification of customers.* Each supplier shall notify his regular customers as soon as possible of the requirements of this order, but failure to receive such notice shall not excuse any person from complying with the terms hereof.

(f) *Miscellaneous provisions*—(1) *Applicability of priorities regulations.* This order and all transactions affected hereby are subject to all applicable provisions of War Production Board priorities regulations, as amended from time to time.

(2) *Effect of other orders.* Nothing contained in this order shall be construed to limit the restrictions imposed by any other order of the War Production Board.

(3) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(4) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Chemicals Branch, Washington, D. C. Ref.: M–214.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

PART 3060—GLYCOLS

[General Preference Order M–215]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of glycols for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3060.1 *General Preference Order M–215*—(a) *Definitions.* For the purpose of this order:

(1) "Glycols" means ethylene glycol, propylene glycol, diethylene glycol, triethylene glycol and physical mixtures of such glycols.

(2) "Supplier" means any producer or distributor of glycols.

(3) "Producer" means any person who produces glycols.

(4) "Distributor" means any purchaser of glycols from a producer for purpose of resale without further processing or admixing.

(5) "Anti-freeze or motor coolant preparation" means any such preparation which is complete and ready for use without the addition of any further ingredients other than water, and which does not consist of glycols alone.

(b) *Restrictions on use and delivery of glycols.* (1) On and after October 1, 1942, no supplier shall use or deliver glycols, and no person shall accept delivery of glycols from a supplier, except as specifically authorized by the Director General for Operations upon application pursuant to paragraph (e) hereof, or as provided in paragraphs (c) or (d) hereof.

(2) Each person specifically authorized to accept delivery of glycols shall use such glycols only for the purpose authorized, except as otherwise specifically directed by the Director General for Operations.

(3) The Director General for Operations in his discretion may at any time issue special directions to any person with respect to the use or delivery of glycols by such person, or special directions to any producer with respect to the kinds of glycols which he may or must manufacture. Such directions may supersede the provisions of paragraphs (c) or (d) hereof.

(c) *Small order exemption for industrial and experimental uses.* (1) Any person may accept delivery of, and any supplier may use 55 gallons or less of each of any two kinds of glycols during any one calendar month without specific authorization under this order, provided such glycols are not of the same kinds which have been specifically allocated to such person or supplier during such month, and provided that such glycols are not used or received by such person or supplier for automotive anti-freeze or motor coolant use or for the manufacture of any automotive anti-freeze or motor coolant preparation.

(2) No delivery of more than 5 gallons of glycols shall be made or accepted pursuant to this paragraph unless and until the person accepting delivery shall certify in writing to the person making delivery that such delivery is accepted within the terms of this paragraph.

(3) Any supplier may deliver glycols without specific authorization to any person entitled to accept delivery pursuant to this paragraph, provided that:

(i) No producer shall deliver an aggregate amount of any one kind of glycol in any one calendar month pursuant to this paragraph in excess of 1% of the amount of such glycol which he is specifically authorized to deliver during such month; and

(ii) No supplier shall make deliveries pursuant to this paragraph if such deliveries would prevent completion of any deliveries which have been specifically authorized for the current month; and

(iii) Any supplier may make deliveries pursuant to this paragraph without regard to preference ratings.

(d) *Anti-freeze deliveries.* The restrictions of this order shall govern the use of glycols by any supplier in the manufacture of anti-freeze or motor coolant preparations, provided that:

(1) Any supplier may deliver completed anti-freeze or motor coolant preparations containing glycols without specific authorization under this order; and

(2) Nothing contained in this order shall be construed to permit the manufacture of anti-freeze in violation of § 1100.1 *General Limitation Order L–51.*[1]

(e) *Applications and reports.* (1) Each person seeking authorization to accept delivery of glycols, and each supplier seeking to use (or accept delivery of) glycols during any calendar month, shall file application on or before the 16th day of the month preceding the month for which authorization for use or delivery is requested. Such application shall be made on Form PD–600, in the manner prescribed therein, subject to the following instructions for the purpose of this order:

(i) Copies of Form PD–600 may be obtained at local field offices of the War Production Board.

(ii) For each kind of glycol requested a set of five copies shall be prepared, of which one shall be forwarded to supplier and three certified copies to the War Production Board, Chemicals Branch, Washington, D. C., Ref.: M–215.

(iii) In the heading, under name of chemical specify the particular glycol requested (for example, "ethylene glycol"). Physical mixtures of glycols shall be referred to as "mixed glycols" and an approximate analysis given. Under WPB order specify M–215. Under name of company state name and mailing address. Under unit of measure specify pounds.

(iv) Columns 1 and 3 shall be left blank.

(v) In Column 2, specify requested quantity for each of the separate uses listed in Column 4.

(vi) In Column 4, specify product use according to the following classifications:

Anti-freeze (specify military or civilian).
Dynamite.
Cellophane plasticizer.
Rayon yarn processing.
Brake and hydraulic fluids.
Tobacco humectant.
General textile—describe; (example: coupling agent, soluble oil, dye solvent, softener, etc.).
Chemical manufacturing (identify product).
Cutting oils.
General plasticizer—describe (examples: cork, adhesives, coatings, etc.).
De-icer fluid.
Radio condenser fluid.
Air or gas dehydration.
Molding sand binder.
Drugs.
Cosmetics.
Foods and flavors.
Coolant (specify military or industrial).
Miscellaneous (describe briefly).
Export (as glycol).
Inventory.

(vii) Columns 11, 19, 20, 21, 22 and 23 shall be left blank.

(2) Each supplier seeking authorization to make delivery of glycols during any calendar month shall file application on or before the 23rd day of the month preceding the month for which authorization is requested. Such application shall be made on Form PD–601, in the manner prescribed therein, subject to the following instructions for the purpose of this order:

(i) Copies of Form PD–601 may be obtained at local field offices of the War Production Board.

(ii) Suppliers shall prepare one set of forms for each glycol scheduled. Producers shall file for producing points only and shall include wholly owned warehouse stocks as part of their total stocks. Distributors shall file separately for each distributing point. Four copies of each set shall be prepared and three certified copies shall be forwarded to the War Production Board, Chemicals Branch, Washington, D. C., Ref.: M–215.

(iii) Suppliers who have filed application to use glycols on Form PD–600, specifying themselves as their suppliers, shall list their own names as customers on Form PD–601, and shall list their request for allocation in the manner prescribed for other customers.

(iv) In the heading, under the name of chemical specify the particular glycol being scheduled (for example, "ethylene glycol"). Physical mixtures of glycols shall be referred to as "mixed glycols" and an approximate analysis given. Under WPB order specify M–215, under name of company state name and mailing address, and under unit of measure specify pounds.

(v) Columns 3 and 8 shall be left blank.

(vi) The supplier may, if he wishes, leave Column 5 blank.

(vii) If it is necessary to use more than one sheet to list customers, number each sheet in order and show grand totals for all sheets on the last sheet, which is the only one that need be certified.

(3) The Director General for Operations may require each person affected by this order to file such other reports as may be prescribed, and may issue special directions to any such person with respect to preparing and filing Forms PD–600 and PD–601.

[1] F.R. 3573, 5662.

(f) *Notification of customers.* Each supplier shall notify his regular customers as soon as possible of the requirements of this order, but failure to receive such notice shall not excuse any person from complying with the terms hereof.

(g) *Miscellaneous provisions*—(1) *Applicability of priorities regulations.* This order and all transactions affected hereby are subject to all applicable provisions of War Production Board Priorities Regulations, as amended from time to time.

(2) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(3) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Chemicals Branch, Washington, D. C. Ref.: M–215.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

PART 3068—THEOBROMINE AND CAFFEINE

[Conservation Order M–222]

The fulfillment of requirements for the defense of the United States has created a shortage in the supplies of theobromine and caffeine for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the war effort:

§ 3068.1 *General Conservation Order M–222*—(a) *Definitions.* For the purposes of this order:

(1) "Theobromine" means 3:7-dimethylxanthine, whether synthetic or natural, in crude or refined form. The term shall include any compound of theobromine including, but not limited to, theobromine sodium-acetate and theobromine with sodium salicylate, but shall not include standard dosage forms (tablets, capsules, ampules, solutions, etc.).

(2) "Caffeine" means 1:3:7-trimethylxanthine, whether synthetic or natural, in crude or refined form. The term shall include any compound of caffeine including, but not limited to, caffeine citrated, caffeine with sodium benzoate and caffeine with sodium salicylate, but shall not include standard dosage forms (tablets, capsules, ampules, solutions, etc.).

(3) "Producer" means any person engaged in the production or refining of theobromine or caffeine, as defined above, and includes any person who imports theobromine or caffeine or has theobromine or caffeine produced or refined for him pursuant to toll agreement.

(4) "Retailer" means any person who purchases theobromine or caffeine solely for the purpose of resale directly to the ultimate consumer for medicinal use.

(5) "Wholesaler" means any person who purchases theobromine or caffeine solely for the purpose of resale directly to retailers without further processing and without changing the form thereof.

(6) "Distributor" means any person (other than a wholesaler or retailer) who purchases theobromine or caffeine from a producer solely for the purpose of resale without further processing and without changing the form thereof.

(b) *Restrictions on use and delivery of theobromine and caffeine.* (1) On and after October 1, 1942, no producer shall use any theobromine or caffeine other than stocks in his hands on said date, no producer or distributor shall deliver any theobromine or caffeine, and no person (other than a wholesaler or retailer) shall accept delivery of any theobromine or caffeine except as specifically authorized by the Director General for Operations upon application pursuant to paragraph (d) of this order or except as provided in paragraph (c) of this order.

(2) Each person who shall accept delivery of theobromine or caffeine pursuant to specific authorization of the Director General for Operations shall use such theobromine or caffeine in accordance with the representations made by him in his application for such authorization.

(3) The Director General for Operations in his discretion may at any time issue special directions to any person with respect to the use and delivery of theobromine or caffeine by such person.

(c) *Exception.* Specific authorization pursuant to paragraph (b) (1) of this order shall not be required with respect to the delivery to any person or the acceptance of delivery or use by any person of two pounds or less of theobromine and two pounds or less of caffeine during any one calendar month. Such use or delivery may be made without regard to preference ratings.

(d) *Applications and reports.* (1) Each person seeking authorization, as required by paragraph (b) (1) of this order, to accept delivery of and use theobromine or caffeine during any calendar month shall place his purchase order with his supplier on or before the twelfth day of the month preceding the month for which authorization to accept delivery is requested, and shall file two copies of Form PD–600 with the War Production Board on or before such date. (Copies of this form may be obtained at the local offices of the War Production Board.) He shall also send one copy of such form to his supplier along with his purchase order.

Any producer seeking authorization to use theobromine or caffeine during any calendar month shall file two copies of Form PD–600 with the War Production Board on or before such date. Any persons, including producers, filing Form PD–600 as required by this paragraph (d) (1) shall prepare such form in the manner prescribed therein, subject to the following instructions:

(i) *Heading:* Specify either "theobromine" or "caffeine" in heading, using separate set of forms for each. Specify WPB Order No. "M–222". As unit of measure, specify "pounds". A separate set of forms must be filed for each supplier with whom a purchase order is placed.

(ii) *Column 1, grade:* Specify the quality, for example: crude; refined; caffeine USP; caffeine alkaloid anhydrous; caffeine citrated USP; caffeine with sodium benzoate USP; theobromine sodium-acetate USP; etc.

(iii) *Column 3, primary product:* Specify the exact product or products to be produced in which the theobromine or caffeine will be used or incorporated. (Distributors should disregard this column as well as Columns 20 and 22.)

(iv) *Column 4, product use:* Specify "medicinal", "beverage", or any other use. (Distributors should specify "resale".)

(2) Each producer and each distributor seeking authorization, as required by paragraph (b)(1) of this order, to make deliveries of theobromine or caffeine shall file with the War Production Board on or before September 20, 1942, and on or before the 20th day of each month thereafter three copies of Form PD–601 (copies of this form may be obtained at the local offices of the War Production Board) prepared in the manner prescribed therein, subject to the following specific instructions:

(i) *Heading:* Specify either "theobromine" or "caffeine" in heading, using separate set of forms for each. Specify WPB Order No. "M–222". As unit of measure, specify "pounds". A separate set of forms must be filed for each plant or warehouse. Check whether producer or distributor.

(ii) *Columns 3 and 8, grade:* Specify the quality, for example: crude; refined; caffeine USP; caffeine alkaloid anhydrous; caffeine citrated USP; caffeine with sodium benzoate USP; theobromine sodium-acetate USP; etc.

(3) The Director General for Operations may issue additional instructions from time to time concerning the preparation and filing of Forms PD–600 and PD–601.

(4) All persons affected by this order shall file such other reports as may be required from time to time by the War Production Board.

(e) *Production of theobromine and caffeine.* Each producer shall comply with such directions as may be given from time to time by the Director General for Operations with respect to the production of theobromine and caffeine.

(f) *Restrictions on methylation of theobromine.* (1) Unless otherwise authorized or directed by the Director General for Operations, no producer shall hereafter methylate theobromine to caffeine except (i) to fill purchase orders for caffeine which he has been specifically authorized to fill pursuant to paragraph (b) (1) of this order, and/or (ii) to maintain a practicable minimum working inventory of caffeine.

(2) No producer shall, during any calendar month, methylate any theobromine to caffeine unless and until provision has been made by such producer to make all deliveries of theobromine which have been directed by the Director General for Operations to be made by him during such month.

(g) *Notification of customers.* Producers and distributors shall, as soon as practicable, notify each of their regular customers of the requirements of this order, but failure to give such notice shall not excuse any such person from the obligation of complying with the terms of this order.

(h) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the priorities regulations of the War Production Board, as amended from time to time.

(i) *Intra-company deliveries.* The prohibitions and restrictions of this order with respect to deliveries of theobromine or caffeine shall apply not only to deliveries to other persons, including affiliates and subsidiaries, but also to deliveries from one branch, division or section of a single enterprise to another branch, division or section of the same or any other enterprise under common ownership or control.

(j) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact, or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(k) *Communications to War Production Board.* All reports and applications required to be filed hereunder, and all communications concerning this order shall, unless otherwise directed, be addressed to: War Production Board, Health Supplies Branch, Washington, D. C., Ref: M–222.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 5th day of September 1942.

PART 3070—FURFURAL

[General Preference Order M–224]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of furfural for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3070.1 *General Preference Order M–224*—(a) *Definitions.* For the purpose of this order:

(1) "Furfural" means monomeric furfuryl aldehyde from whatever source derived.

(2) "Producer" means any person who produces furfural.

(3) "Distributor" means any purchaser of furfural from a producer for purpose of resale without further processing.

(b) *Restrictions on use and delivery of furfural.* (1) On and after October 1, 1942, no producer or distributor shall use or deliver furfural, and no person shall accept delivery of furfural from a producer or distributor, except as specifically authorized by the Director General for Operations upon application pursuant to paragraph (d), or as provided in paragraph (c).

(2) Each person specifically authorized to accept delivery of furfural shall use such furfural for the purpose authorized, except as otherwise specifically directed.

(3) The Director General for Operations in his discretion may at any time issue special directions to any person with respect to the use or delivery of furfural by such person, notwithstanding the provisions of paragraph (c).

(c) *Small order exemption.* (1) Any person may accept delivery of, and any producer or distributor may use, 55 gallons or less of furfural in the aggregate during any one calendar month without specific authorization: *Provided,* That such person has not been specifically authorized to use or accept delivery of any quantity of furfural during such month.

(2) No delivery of 5 gallons or more of furfural shall be made or accepted pursuant to this paragraph unless and until the person accepting delivery shall certify in writing to the person making delivery that such delivery is accepted within the terms of paragraph (c) (1).

(3) Any producer or distributor may deliver furfural without specific authorization to any person entitled to accept delivery pursuant to this paragraph, provided that:

(i) No producer shall deliver an aggregate amount of furfural in any one calendar month pursuant to this paragraph in excess of 2% of the amount of furfural which he is specifically authorized to deliver during such month; and

(ii) No producer or distributor shall make deliveries during any month pursuant to this paragraph if such deliveries will prevent completion of any deliveries which have been specifically authorized for such month; and

(iii) Any producer or distributor may make deliveries pursuant to this paragraph without regard to preference ratings.

(d) *Applications and reports.* (1) Each person seeking authorization to accept delivery of furfural, and each producer or distributor seeking to use or accept delivery of furfural during any calendar month, shall file application on or before the 15th day of the month preceding the month for which authorization for use or delivery is requested. Such application shall be made on Form PD–600, in the manner prescribed therein, subject to the following instructions for the purpose of this order:

(i) Copies of Form PD–600 may be obtained at local field offices of the War Production Board.

(ii) Five copies shall be prepared, of which one shall be forwarded to supplier and three certified copies to the War Production Board, Chemicals Branch, Washington, D. C., Ref : M–224.

(iii) In the heading, under name of chemical, specify furfural; under War Production Board order, specify M–224; under name of company, specify name and mailing address; under unit of measure, specify pounds; and specify the month and year for which authorization for use or acceptance of delivery is sought.

(iv) Columns 1 and 11 shall be left blank.

(v) In Column 3 specify primary product in terms of the following:

Gas purification.	Miscellaneous.
Resins.	Export (as furfural).
Petroleum refining.	Resale (as furfural).
Rosin refining.	Inventory.
Abrasive wheel binder.	
Hydrogenation.	

(vi) In Column 4:

Identify gas purified.
State end-use of resins, insofar as practicable, such as, general molding, oil filter binder, etc.
Opposite petroleum or rosin refining in Column 3, leave Column 4 blank.
State name of product produced by hydrogenation.

Opposite miscellaneous show the groupings, as far as possible, of the more important miscellaneous primary products.

Opposite inventory, specify the amount considered necessary, if any, to bring the applicant's inventory to a safe working minimum; the ratings called for by Columns 5, 6, 7, and 8 need not be filled in opposite inventory in Column 3. Furfural allocated for inventory shall not be used or consumed without further authorization.

(vii) Tables III and IV shall be left blank.

(2) Each producer or distributor seeking authorization to make delivery of furfural during any calendar month shall file application on or before the 22nd day of the month preceding the month for which authorization is requested. Such application shall be made on Form PD–601, in the manner prescribed therein, subject to the following instructions for the purpose of this order:

(i) Copies of Form PD–601 may be obtained at local field offices of the War Production Board.

(ii) Prepare four copies and forward three certified copies to the War Production Board, Chemicals Branch, Washington, D. C., Ref:M–224.

(iii) Producers or distributors who have filed application on Form PD–600, specifying themselves as their suppliers, shall list their own names as customers on Form PD–601, and shall list their request for allocation in the manner prescribed for other customers.

(iv) In the heading, under name of chemical, specify furfural; under War Production Board order, specify M–224; under name of company, state name and mailing address; under unit of measure specify pounds; and state the month and year during which deliveries covered by the application are to be made.

(v) Columns 3 and 8 shall be left blank.

(vi) Column 5 may, at discretion, be left blank.

(vii) No statement need be made with respect to small order deliveries which may be made during the next month pursuant to paragraph (c) of this order.

(viii) If it is necessary to use more than one sheet to list customers, number each sheet in order and show grand totals for all sheets on the last sheet, which is the only one that need be certified.

(3) The Director General for Operations may require each person affected by this order to file such other reports as may be prescribed, and may issue special directions to any such person with respect to preparing and filing forms PD–600 and PD–601.

(e) *Notification of customers.* Each supplier shall notify his regular customers as soon as possible, of the requirements of this order, but failure to receive such notice shall not excuse any person from complying with the terms hereof.

(f) *Miscellaneous provisions.* (1) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of War Production Board Priorities Regulations, as amended from time to time.

(2) *Effect of other orders.* Nothing contained in this order shall be construed to limit the requirements of any other order of the War Production Board.

(3) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(4) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Chemicals Branch, Washington, D. C., Ref.: M–224.

PART 3074—DICHLORETHYL ETHER

[General Preference Order M–226]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of dichlorethyl ether for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3074.1 *General Preference Order M–226*—(a) *Definitions.* For the purposes of this order: (1) "Dichlorethyl ether" means a chlorinated ether having a specific gravity of 1.219 to 1.224 at 20° C. and having a boiling point range of 170° to 180° C. at 760 m.

(2) "Producer" means any person engaged in the production of dichlorethyl ether and includes any person who has such material produced for him pursuant to toll agreement.

(3) "Distributor" means any person who has purchased or purchases dichlorethyl ether for purposes of resale.

(b) *Restrictions on use and delivery.* (1) On and after October 1, 1942 no producer or distributor shall use, and no person shall deliver, dichlorethyl ether except as specifically authorized by the Director General for Operations upon application pursuant to paragraph (d) hereof, and no person shall accept any delivery of such material which he knows or has reason to believe is made in violation of this order.

(2) Each person accepting delivery of dichlorethyl ether pursuant to specific authorization of the Director General for Operations shall use such material only for the purposes specified in such authorization.

(3) Each person affected by this order shall comply with such directions as may be given from time to time by the Director General for Operations with respect to the use or delivery of dichlorethyl ether.

(c) *Directions with respect to production and inventories.* (1) Each producer shall comply with such directions as may be given from time to time by the Director General for Operations with respect to the production of dichlorethyl ether.

(2) Each person affected by this order shall comply with such directions as may be given from time to time by the Director General for Operations with respect to the establishment of inventories of dichlorethyl ether.

(d) *Applications and reports.* In addition to such other reports as may from time to time be required by the Director General for Operations:

(1) Each producer or distributor seeking authorization to use, and each person seeking authorization to accept delivery of, any dichlorethyl ether pursuant to paragraph (b) (1) hereof, shall apply therefor on Form PD–600. Such applicant shall file with the War Production Board the original and two copies of such form on or before the 15th day of the month preceding the month for which authorization for use or delivery is requested and shall file with his supplier one copy of such form on or before the 15th day of such month if the supplier is a producer or on or before the 10th day of such month if the supplier is a distributor, which form shall be prepared in the manner prescribed therein, subject to the following specific instructions:

(i) *Heading.* Specify "dichlorethyl ether" and order number "M–226" and specify pounds as the unit of measure and in addition to specifying the delivery destination, indicate the address to which communications should be directed.

(ii) *Columns 1, 11 and 19.* Specify crude or refined.

(iii) *Columns 3, 20 and 22.* In the case of a distributor, specify "Resale pursuant to further authorization". In the case of a consumer, specify "dichlorethyl ether."

(iv) *Column 4.* In the case of a distributor, disregard. In the case of a consumer, specify purification of butadiene, stock-piling, treatment of lubricating oil, manufacture of insecticides or other. If "other" is specified, describe briefly.

(2) Each producer and distributor seeking authorization to deliver dichlorethyl ether pursuant to paragraph (b) (1) hereof, shall apply therefor on Form PD–601. Such applicant shall file with the War Production Board the original and two copies of such form on or before the 20th day of the month preceding the month for which such authorization is requested, which form shall be prepared in the manner prescribed therein, subject to the following specific instructions:

(i) *Heading.* Specify "dichlorethyl ether" and order number "M–226" and specify pounds as the unit of measure and in addition to specifying the plant or warehouse address, indicate the address to which communications should be directed.

(ii) *Columns 3 and 8.* Specify crude or refined.

(e) *Notification of customers.* Producers and distributors shall, as soon as practicable, notify each of their regular customers of the requirements of this order, but failure to give such notice shall not excuse any such person from complying with the terms hereof.

(f) *Miscellaneous provisions.* (1) *Applicability of priorities regulations.* This order and all transactions affected hereby are subject to all applicable provisions of War Production Board Priorities Regulations, as amended from time to time.

(2) *Intra-company deliveries.* The prohibitions and restrictions of this order with respect to deliveries of dichlorethyl ether, shall apply not only to deliveries to other persons, including affiliates and subsidiaries, but also to deliveries from one branch, division or section of a single enterprise to another branch, division or section of the same or any other enterprise under common ownership or control.

(3) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact, or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(4) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Chemical Branch, Washington, D. C. Ref.: M–226.

PART 1095—COMMUNICATIONS

[General Conservation Order L-50, as Amended September 7, 1942]

TO LIMIT THE USE OF SCARCE AND CRITICAL MATERIALS BY THE WIRE TELEPHONE INDUSTRY

General Conservation Order L-50[1] (§ 1095.1) is hereby amended to read as follows:

§ 1095.1 *General Conservation Order L-50*—(a) *Definitions.* For the purposes of this order:

(1) "Operator" means any individual, partnership, association, business trust, corporation, receiver, or any form of enterprise whatsoever, whether incorporated or not, the United States, the District of Columbia, any state or territory of the United States, and any political, corporate, administrative or other division or agency thereof, to the extent engaged in rendering telephone communication service (and such telegraph and teletypewriter service as may also be conducted by him) within, to, or from the United States, its territories or possessions.

(2) "Exchange line plant" means all that portion of an operator's local wire or cable distribution system which extends from the central office main frame, exclusive of poles, crossarms, insulators and non-metallic conduit and exclusive of drop and block wires as defined in the Federal Communications Commission's Uniform System of Accounts, Class A and B Telephone Companies, § 31.233 (a).

(3) Without regard to whether or not the expenditures therefor are for any reason required to be recorded in the operator's accounting records in accounts other than maintenance and repair:

(i) "Maintenance" means the upkeep of an operator's property and equipment in sound working condition.

(ii) "Repair" means the restoration, without thereby increasing existing facilities, of an operator's property and equipment which has been rendered unsafe or unfit for service by wear and tear, damage, destruction of parts, or similar cause.

(b) *General.* All operators shall:

(1) Conserve scarce and critical materials by the employment of all practical methods such as: the use of such types of equipment and facilities as will reduce the use of such materials to a practical minimum and meet necessary service requirements, the substitution of less scarce materials, when such substitution can be made without serious loss of efficiency, the reuse of existing telephone equipment and facilities.

(2) Discontinue the further installation of residence extensions, jacks and plugs therefor, and the employment of additional main lines or stations on party lines in substitution thereof.

(3) Discontinue the placing of open copper wire in exchange line plant.

(c) *Restrictions on replacements.* All operators shall:

(1) limit the replacement of all equipment and facilities to the essential requirements of maintenance, repair or protection of existing service, except where necessary to provide:

(i) A permanent installation in lieu of one temporarily made to meet an exigency.

(ii) A substitution of facilities necessitated either by decreased service demands or by a regrading in service in accordance with paragraph (d) (1) (ii).

(d) *Reservations and regrading.* All operators shall:

(1) To the extent necessary to meet the known or fairly anticipated demands for service of the kind included in paragraphs (e) (1) (i) and (e) (1) (ii):

(i) Make a reservation of facilities, either by agreement with interim subscribers or by such other method as will assure their immediate recovery, for the service requirements of the kind included in paragraphs (e) (1) (i) and (e) (1) (ii)

(ii) Employ party line service and make available such additional facilities as may be necessary by regrading existing service whenever current installations of central office equipment and the requirements of affected business subscribers will permit.

(e) *Limitations on additions.* All operators shall:

(1) Limit additions of exchange central office equipment and exchange line plant to such as are essential to the maintenance or protection of existing service, except that, when no additional facilities may be recovered or made available by the methods described in paragraph (d) above, additions may be made to the extent necessary:

(i) To meet the known or fairly anticipated demands for service essential to persons engaged in direct defense or charged with responsibility for public health, welfare or security including, but not limited to, those in the service categories shown in Schedule A attached; where their employment in direct defense or their responsibilities for public health, welfare, or security require such service for the proper discharge of such duties.

(ii) To provide for the installation of public pay stations to meet essential public demands.

(iii) To provide minor cable or line rearrangements or extensions required in existing exchange line plant, in order to make available for use additional facilities not otherwise usable, except that in no single instance shall more than 100 pounds of copper or 50 pounds of steel wire be used therefor, nor shall any operator so divide a single job or project as to qualify it hereunder.

(f) *Engineering and planning.* All operators shall:

(1) Engineer all replacements and additions to exchange plant so as to limit the margins for expected growth of service requirements of the kind described in paragraphs (e) (1) (i) and (e) (1) (ii), to a period not in excess of one-half the period for which provision would be normally made, but in no event to exceed a period of three years.

(2) Engineer all replacements or additions to toll plant so as to limit the margins for expected growth of service requirements to a period not in excess of one-half the period for which provision would be normally made, but in no event to exceed a period of three years; provided, however, that this requirement shall not require the limitation of the margins of such growth to a period less than one year, and provided, further, that conductors in cables designed or suitable for use with carrier current systems may be provided (but not equipped) in such numbers that, when fully utilized by present or immediate contemplated carrier current system technique, they will provide for margins for expected growth of one-half the normal provision for such growth, even though such provision exceeds a three-year period.

(g) *Non-applicability to certain replacements and additions.* The terms of paragraphs (c), (e), and (f) shall not prohibit replacements and/or additions which may be authorized hereafter by the Director General for Operations of the War Production Board by the issuance of (1) A preference rating certificate pursuant to an application for priorities assistance on Form PD-1A or PD-200; or (2) An order specifically authorizing such replacement and/or addition.

(h) *Reports.* Each operator who utilizes copper under the provisions of paragraph (e) (1) (iii) shall make monthly reports of such usage to the War Production Board on Form PD-536.

(i) *Exemption of armed services.* The restrictions of this order shall not apply to replacements or additions for the official use of the armed services of the United States.

(j) *Appeals.* Any person affected by the order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him may appeal to the War Production Board, setting forth the pertinent facts and the reason he considers he is entitled to relief. The Director General for Operations may thereupon take such action as he deems appropriate.

(k) *Violations.* Any person who wilfully violates any provision of the order or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any depart-

ment or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control, and may be deprived of priorities assistance.

(l) *Communications.* All reports required to be filed hereunder, and all communications concerning this Order, shall, unless otherwise directed, be addressed to: War Production Board, Communications Branch, Washington, D. C. Ref.: L–50.

PART 1166—FEMININE APPAREL FOR OUTER WEAR AND CERTAIN OTHER GARMENTS

[Interpretation 1 to General Limitation Order L–85 as Amended July 10, 1942]

The following official interpretation is hereby issued with respect to § 1166.1 *General Limitation Order L–85*, as amended July 10, 1942,[1] paragraph (d) (8):

Feminine apparel made for employees of Government contractors must conform to the restrictions of the order.

The order contains an exception in favor of feminine apparel "manufactured for or sold to the Army or Navy of the United States" and other Government departments or agencies.

This exception does not include feminine apparel manufactured or sold for use by employees of privately-owned plants operating under Government contract, even where the contract provides that the Government may thereafter acquire title to the apparel.

PART 3066—SHEEP INTESTINES

[General Conservation Order M–220]

§ 3066.1 *General Conservation Order M–220*—(a) *Definitions.* For the purposes of this order:

(1) "Sheep intestine" means any and all parts (other than the cecum) of the entire intestine of a sheep (ovis aries) which are suitable for the manufacture of surgical gut; but the term shall not include the intestine of any sheep slaughtered at any place west of the Continental Divide of the Rocky Mountains.

(2) "Surgical gut" means sterile gut prepared from the longitudinally split segment of sub-mucous connective tissue of the intestines of healthy sheep (ovis aries), meeting U.S.P. standards for diameter and tensile strength.

(3) "Slaughterer" means any person who slaughtered over 100,000 sheep during the 365 day period immediately prior to the date of issuance of this order.

[1] 7 F.R. 5297.

(b) *Restrictions on the use, sale and delivery of sheep intestines.* (1) No slaughterer shall use or process any sheep intestines for purposes other than the manufacture of surgical gut nor sell or deliver any sheep intestines which he knows or has reason to believe will be used or processed for purposes other than the manufacture of surgical gut, until he has filled all purchase orders and contracts in his hands for sheep intestines which are to be processed or prepared for use in the manufacture of surgical gut.

(2) Any person desiring to purchase or accept delivery of sheep intestines from a slaughterer for the purpose of processing or preparing such sheep intestines for use in the manufacture of surgical gut shall make a certification on his purchase order or contract, signed by himself or a duly authorized official, in substantially the following form:

The undersigned hereby certifies that the sheep intestines ordered by this purchase order (or purchased under this contract) will be processed or prepared solely for use in the manufacture of surgical gut. This certification is made in accordance with the terms of Order M–220 with which the undersigned is familiar.

Name _____
By _____
Address _____
Date _____

Such certification shall constitute a representation to the War Production Board and the slaughterer of the facts stated therein. The slaughterer shall be entitled to rely on such representation until he knows or has reason to believe it to be false.

(c) *Intra-company deliveries.* The prohibitions and restrictions of this order with respect to deliveries of sheep intestines shall apply not only to deliveries to other persons, including affiliates and subsidiaries, but also to deliveries from one branch, division or section of a single enterprise to another branch, division or section of the same or any other enterprise under common ownership or control.

(d) *Records.* All persons affected by this order shall keep and preserve for not less than two years accurate and complete records concerning inventories, production, sales, and deliveries, and shall also preserve all purchase orders and contracts affected by the terms of this order.

(e) *Reports.* All persons affected by this order shall file such reports as may be required from time to time by the War Production Board.

(f) *Appeals.* Any person affected by this order who considers that compliance herewith would work an exceptional and unreasonable hardship upon him may appeal to the War Production Board, setting forth the pertinent facts and the reasons such person considers that he is entitled to relief. The Director General for Operations may thereupon take such action as he deems appropriate.

(g) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the Priorities Regulations of the War Production Board, as amended from time to time.

(h) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(i) *Communications to War Production Board.* All communications concerning this order shall, unless otherwise directed, be addressed to: War Production Board, Health Supplies Branch, Washington, D. C. Ref: M–220. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. PART 3071—OVERHEAD TRAVELING CRANES

[General Preference Order M–225]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of overhead traveling cranes for defense, for private account and for export; orderly scheduling of production and delivery of overhead traveling cranes is necessary in order that maximum productive efficiency and capacity can be maintained; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense.

§ 3071.1 *General Preference Order M–225*—(a) *Production and delivery of overhead traveling cranes.* (1) Each producer of overhead traveling cranes shall schedule its production and make deliveries of overhead traveling cranes in accordance with such specific directions as may be issued from time to time by the Director General for Operations.

(2) The production and delivery schedules established by any specific direction which may be issued from time to time pursuant to paragraph (a) (1) above shall be maintained without regard to any preference ratings already assigned or hereafter assigned to particular contracts, commitments, or purchase orders and may be altered only upon specific directions of the Director General for Operations.

(3) If it becomes impossible for any producer to maintain production and delivery of overhead traveling cranes in accordance with any such schedule, he shall immediately notify the Director General for Operations, and, unless otherwise directed by the Director General for Operations, he shall continue to produce and deliver overhead traveling cranes in the order set forth in such schedule and shall postpone production and delivery of any such overhead traveling cranes only to the extent required by the circumstances causing his failure to maintain production and delivery as required by such schedule.

(b) *Reports.* Each person to whom this order applies shall execute and file with the War Production Board such reports and questionnaires as said Board shall from time to time require.

(c) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(d) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order shall, unless otherwise directed, be addressed to: Crane Section, Tools Division, War Production Board, Washington, D. C., Ref: M–225.

(e) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the Priorities Regulations of the War Production Board, as amended from time to time.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 7th day of September 1942.

PART 1068—CANS MADE OF TINPLATE OR TERNEPLATE

[Interpretation 1 of Order M-81 as Amended June 27, 1942]

The following interpretation is hereby issued by the Director General for Operations with respect to § 1068.1 *Conservation Order M-81* as amended June 27, 1942.[1]

Paragraph (c) (1) states, with reference to quotas, that "The calendar year basis shall obtain, except for products for which a seasonal base period is specified."

This provision means that a canner packing a product for which a seasonal base period is specified, may, until further order by the Director General for Operations, use during the 1942-1943 packing season, the tinplate quota based upon his 1940-1941 pack. The quota for the 1942-1943 packing season is separate from and in addition to the quota used during the 1941-1942 packing season. "Seasonal base period" as used in Order M-81, as amended June 27, 1942, means a twelve months' period beginning in one calendar year and ending in the next.

PART 1095—COMMUNICATIONS

[Preference Rating Order P-130, As Amended September 8, 1942]

MAINTENANCE, REPAIR, OPERATING SUPPLIES AND OPERATING CONSTRUCTION

Preference Rating Order P-130[1] (§ 1095.3) is hereby amended to read as follows:

§ 1095.3 *Preference Rating Order P-130*—(a) *Definitions.* For the purposes of this order:

(1) "Operator" means any individual, partnership, association, business trust, corporation, receiver, or any form of enterprise whatsoever, whether incorporated or not, the United States, the District of Columbia, any state or territory of the United States and any political, corporate, administrative or other division or agency thereof, to the extent engaged in rendering telephone communication service (and such telegraph and teletypewriter service as may also be conducted by him), within, to, or from the United States, its territories or possessions.

(2) "Material" means any commodity, equipment, accessory, part, assembly, or product of any kind.

(3) Without regard to whether or not the expenditures therefor are for any reason required to be recorded in the operator's accounting records in accounts other than maintenance and repair:

(i) "Maintenance" means the upkeep of an operator's property and equipment in sound working condition.

(ii) "Repair" means the restoration, without thereby increasing existing facilities, of an operator's property and equipment which has been rendered unsafe or unfit for service by wear and tear, damage, destruction of parts, or similar cause.

(4) "Operating supplies" means any material which is essential to and consumed in the operation of communication services by an operator but does not include any material which is physically incorporated in whole or in part in the property or equipment of the operator.

(5) Material for maintenance, repair or operating supplies for the purpose of this order shall not include material used for:

(i) The improvement of an operator's property or equipment through the replacement of material which is still usable in the existing property or equipment with material of a better kind, quality, or design;

(ii) Additions to or expansion of the operator's existing property or equipment.

(6) "Operating construction" means the use of materials by an operator for such construction of exchange and toll plant (including such telegraph and teletypewriter service as may be conducted by an operator) as is permitted under the provisions of General Conservation Order L-50 as amended from time to time.[1]

(7) "Operator's inventory of material" shall include all items of new and/or salvaged material and supplies on hand, whether held for current use or for sale as junk, until physically incorporated into plant by way of maintenance, repair, operating construction or otherwise, and without regard to whether or not such items of material are carried in the operator's accounting records under "Material and Supplies Account" exclusive nevertheless of:

(i) Any equipment of a superseded type reserved by an operator for reuse, as a practical measure of conservation to meet probable future operating contingencies;

(ii) Any material identified for use in projects which have been specifically authorized by the War Production Board upon application of an operator;

(iii) Any operating supplies which are in the process of being consumed by an operator.

(b) *Assignment of preference rating.* (1) Subject to the terms of this order, the following preference ratings are hereby assigned to operators:

(i) A-1-a for deliveries to an operator of material required by him for maintenance, repair, operating supplies, or operating construction.

(ii) For deliveries to an operator of material required by him for the construction of facilities necessary to serve defense projects bearing a rating of A-1-c or better, the same rating as is assigned to such defense project; except that where such project is assigned two or more ratings and both or all of these are A-1-c or better, such deliveries to an operator are assigned the lowest rating which is assigned to such defense project.

(2) *Application and extension of ratings.* The ratings assigned by paragraph (b) (1) above shall be applied and extended in accordance with Priorities Regulations Numbers 1 and 3, as amended from time to time.

(c) *Restrictions on use of rating.* (1) In addition to the limitation in paragraph (c) (3) below, the preference ratings hereby assigned shall not be applied by an operator:

(i) To obtain deliveries of materials containing copper, iron, steel, or nickel where such metals could be eliminated from said materials by the substitution of less scarce metals without serious loss of efficiency in the use of said materials.

(ii) To obtain material for operating construction as defined in paragraph

[1] 7 F.R. 5810.

(a) (6) for exchange plant where the cost of such material in any single case exceeds $2,500, or, to obtain PBX switchboards required to serve subscribers other than those set forth in paragraphs (e) (1) (i) and (e) (1) (ii) of General Conservation Order L-50.

(iii) To obtain material for operating construction as defined in subparagraph (a) (6) for toll plant where the cost of such material in any single case exceeds $500.

(2) An operator by applying or extending any preference ratings hereby assigned thereby represents to the seller and to the War Production Board that the material thus to be acquired will be used in conformity with all provisions of General Conservation Order L-50, as amended from time to time, and in addition that the acquisition of such material will not violate the provisions of paragraph (e) (1) hereof, or that such acquisition and/or use has been specifically authorized by the Director General for Operations.

(3) No operator shall subdivide a single order, job, or project to qualify the same under the terms of this order.

(d) *Reports.* Each operator affected by this order shall file such reports and questionnaires with the War Production Board as may from time to time be required by the Director General for Operations.

(e) *Restrictions on deliveries, inventory, and use.* (1) On and after October 15, 1942, except as provided in paragraph (e) (3) below, no operator who has applied the rating assigned hereby shall at any time accept deliveries of material (whether or not rated pursuant to this order) to be used for any purpose:

(i) Until the dollar value of the operator's inventory of material shall have been reduced to a practical working minimum. Such practical working minimum shall in no event exceed 27½% of the dollar value of material used for all purposes during the calendar year 1940.

(ii) Where the receipt thereof shall increase the dollar value of the operator's inventory of material to an amount in excess of normal requirements which in no event shall exceed 27½% of the dollar value of material used for all purposes during the calendar year 1940.

(2) Except as provided in paragraph (e) (3) below, no operator who has applied the rating assigned hereby shall, during any calendar quarterly period, use material for maintenance, repair, operating supplies, and operating construction the aggregate dollar value of which shall exceed 110% of the aggregate dollar value of such material used during the corresponding quarter of 1940, or at the operator's option 27½% of the aggregate dollar value of such material used during the calendar year 1940.

(3) (i) Any operator whose average value of inventory of material for the five calendar years prior to January 1, 1942, did not exceed $10,000, shall be exempt from the provisions of subparagraph (1) above.

[2] 7 F.R. 3029, 4202, 4272.

(ii) Any operator whose use of materials for the year 1942 does not exceed $10,000, shall be exempt from the provisions of subparagraph (2) above.

(iii) Material delivered pursuant to paragraph (b) (1) (ii), shall be exempt from the provisions of subparagraphs (1) and (2) above.

(iv) From time to time, the Director General for Operations may determine that certain operators are exempt in whole or in part from the restrictions contained in subparagraphs (1) and (2) above.

(f) *Sales of material from excess stock.* Any operator may sell to any other operator materials from the seller's excess stocks or inventories, provided that a preference rating of A-1-c or higher assigned by this order, or any preference rating certificate, order, or other direction issued by the Director General for Operations is applied or extended to the operator selling such materials; and any such sale shall be expressly permitted within the terms of paragraph (c) (2) (iii) of Priorities Regulation No. 13.

(g) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the priorities regulations of the War Production Board, as amended from time to time.

(h) *Violations.* Any person who wilfully violates any provision of this order or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control, and may be deprived of priorities assistance.

(i) *Communications.* All reports to be filed, appeals and other communications concerning this order should be addressed to: War Production Board, Communications Branch, Washington, D. C., Ref.: P-130.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 8th day of September 1942.

PART 1095—COMMUNICATIONS

[General Conservation Order L-148]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of certain types of wire communication equipment for defense, for private account, and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense.

§ 1095.4 *General Conservation Order L-148*—(a) *Definitions.* For the purpose of this order:

(1) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not.

(2) "Manufacturer" means any person manufacturing wire communication equipment, parts or attachments thereto, of the kinds listed in Schedule A, to the extent that he is engaged in such manufacture, and shall include sales and distribution outlets controlled by said manufacturer.

(3) "Distributor" means any person other than a manufacturer regularly engaged in the business of leasing or selling wire communication equipment, parts or attachments thereto, to dealers.

(4) "Dealer" means any person (other than one engaged in rendering wire or radio communication service), regularly engaged in the business of offering wire communication equipment, parts or attachments thereto for sale or lease at retail to the consumer.

(5) "Wire communication equipment" shall include, but not by way of limitation, new and used wire telephone and telegraph communication equipment, parts and attachments thereto (including wire intercommunicating systems) of the kinds listed in Schedule A, to the extent used in the communications industry.

(b) *General restrictions.* On and after the fifteenth day following the date of issue of this order, regardless of the terms of any contract of sale, purchase, rental or other commitment, no manufacturer, distributor or dealer shall accept any purchase, rental or other order for wire communication equipment, parts or attachments thereto including, but not limited to, those included in Schedule A which is attached and made a part of this order, except a purchase, rental or other order bearing a preference rating of A-7 or higher; and no manufacturer, distributor, or dealer shall sell, lend, lease, rent, deliver, or otherwise transfer any such wire communication equipment, parts or attachments thereto nor shall any person receive or accept deliveries of any such equipment, parts or attachments thereto except to fill a purchase, rental or other order bearing a preference rating of A-7 or higher. *Provided, however,* that this paragraph shall not prohibit the transfer or delivery of wire communication equipment to a manufacturer for repair or storage or the return of said equipment to the owner thereof after repair has been effected or storage terminated.

(c) *Existing contracts.* Fulfillments of contracts in violation of this order is prohibited regardless of whether such contracts are entered into before or after the effective date of this order. No person shall be held liable for damages or penalties for default under any contract

or order which shall result directly or indirectly from compliance with the terms of this order.

(d) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the priorities regulations of the War Production Board, as amended from time to time.

(e) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Communications Branch, Washington, D. C., Ref.: L-148.

(f) *Appeals.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him may appeal to the Director General for Operations, setting forth the pertinent facts and the reason he considers he is entitled to relief. The Director General for Operations may thereupon take such action as he deems appropriate.

(g) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from process or use of, material under priority contract, and may be deprived of priorities assistance.

(h) *Reports.* All persons affected by this order shall execute and file such reports as the Director General for Operations shall from time to time require.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 8th day of September 1942.

AMORY HOUGHTON,
Director General for Operations.

PART 1097—SHEARLINGS AND OTHER WOOL SKINS

[Amendment 1 to General Conservation Order M-94 as Amended July 30, 1942]

Section 1097.1 *General Conservation Order M-94* as amended July 30, 1941[1] is hereby amended in the following respects:

Paragraphs (a) (1) and (a) (2) are amended to read as follows:

(1) "Shearling" shall mean the skin of a sheep or lamb that has been shorn, domestic or foreign, a so-called California lamb skin or other native lamb skin, whether raw, semi-processed, or finished, of 46's grade or higher, having a wool growth of 2" or less, or originally of a wool length in excess of 2" which has been clipped after flaying by any person so as to leave a wool growth of ¼" or more thereon.

(2) "Wool skin" shall mean the raw skin of a sheep or lamb bearing wool.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 8th day of September 1942.

PART 3083—DOUGLAS FIR LOGS

[General Preference Order M-234]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of Douglas fir logs for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3083.1 *General Preference Order M-234*—(a) *Definitions.* For the purposes of this order:

(1) "Douglas fir logs" means logs of the botanical species of *Pseudotsuga taxifolia* (including cants and flitches of such logs), which are produced in those parts of Oregon and Washington lying west of the crest of the Cascade Mountain Range.

(2) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons whether incorporated or not.

(b) *Allocations.* The Director General for Operations may allocate specific quantities of Douglas fir logs, or any part sawed therefrom, to specific persons. He may also direct the specific manner and quantities in which delivery shall be made to particular persons, and direct or prohibit particular uses of Douglas fir logs, or any part sawed therefrom, or the production by any person of particular lumber items from Douglas fir logs. Allocations and directions will be made to insure the satisfaction of war requirements of the United States, both direct and indirect, and they may be made, in the discretion of the Director General for Operations, without regard to any preference rating assigned to particular contracts or purchase orders. The Director General for Operations may also take into consideration the possible dislocation of labor and the necessity of keeping a plant in operation so that it may be able to fulfill war orders and essential civilian requirements.

(c) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of all the Priorities Regulations of the War Production Board, as amended from time to time.

(d) *Appeal.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of Douglas fir logs conserved, or that compliance with this order would disrupt or impair a program of conversion from nondefense to defense work, may appeal to the War Production Board, by letter or other written communication, in duplicate, setting forth the pertinent facts and the reason he considers he is entitled to relief. The Director General for Operations may thereupon take such action as he deems appropriate.

(e) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to the Western Log and Lumber Administrator, War Production Board, Portland, Oregon, Ref.: M-234.

(f) *Violations.* Any person who wilfully violates any provision of this order or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, the Director General for Operations may prohibit such person from making or obtaining further deliveries of or from processing or using material under priority control, may withhold from such person priorities assistance, and may take such other action as he deems appropriate.

PART 1499—COMMODITIES AND SERVICES

[Amendment 25 to General Maximum Price Regulation [2]]

ADDITIONAL METHOD FOR DETERMINING CEILING PRICES

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Section 1499.3 is amended to read as set forth below.

§ 1499.3 *Maximum prices for commodities and services which cannot be priced under § 1499.2.* The seller's maximum price for a commodity or service which cannot be priced under § 1499.2 of this General Maximum Price Regulation shall be a maximum price in line with the level of maximum prices established by this General Maximum Price Regulation. Such price shall be determined by the seller in accordance with the following procedures:

(a) In the case of a "sale at wholesale or retail" of a commodity, the seller (1) shall select from the same general classification and price range as the commodity being priced under this section, the comparable commodity for which a maximum price is established under section 2 of this Regulation and of which the seller delivered the largest number of units during March 1942; (2) shall divide his maximum price for that commodity by his "replacement cost" of that commodity; and (3) shall multiply the percentage so obtained by the cost to him of the commodity being priced under this paragraph. The resulting figure shall be the maximum price of the commodity being priced. Within ten days after determining such maximum price under this paragraph, the seller shall report such price to the "appropriate field office of the Office of Price Administration" upon a form, duly filled out, copied from the form contained in Appendix A of this Regulation. The price so reported shall be subject to adjustment at any time by the Office of Price Administration.

(b) In the case of a sale other than at wholesale or retail of a commodity, the maximum price shall be a price determined by the seller after specific authorization from the Office of Price Administration. A seller who seeks an authorization to determine a maximum price under the provisions of this paragraph shall file with the Office of Price Administration in Washington, D. C., an application setting forth (1) a description in detail of the commodity for which a maximum price is sought; and (2) a statement of the facts which differentiate such commodity from other commodities delivered during March 1942 by such seller and by other competitive sellers of the same class. Such authorization will be given in the form of an order prescribing a method of determining the maximum price for the applicant or for sellers of the commodity generally, including purchasers for resale, or for a class of such sellers.

(c) In the case of a sale at wholesale or retail of a commodity which cannot be priced under paragraph (a) of this section, the maximum price shall be a price determined by the seller after specific authorization from the Office of Price Administration or any duly authorized officer thereof. A seller who seeks an authorization to determine a maximum price under the provisions of this paragraph shall file with the regional office of the Office of Price Administration for the region in which his principal place of business is located an application setting forth (1) a description of the commodity or commodities for which a maximum price is sought; (2) a statement of the reasons why such commodity or commodities cannot be priced under § 1499.2 or § 1499.3 (a) of this General Maximum Price Regulation; and (3) any other facts which the seller wishes to submit in support of the application. The seller shall also submit such additional pertinent information as the regional office may require. Such authorization will be given in the form of an order prescribing a method of determining the maximum price.

(d) In the case of a sale of a commodity the price for which includes the supply of a service of substantial value and which cannot be priced under paragraph (a) of this section, or in the case of a sale of a service, the maximum price shall be a price determined by the seller by applying the first applicable pricing method of the pricing methods stated in § 1499.102 of Maximum Price Regulation No. 165, as amended.

§ 1499.23a *Effective dates of amendments.* * * *

(z) Amendment No. 25 (§ 1499.3) to General Maximum Price Regulation shall become effective September 9, 1942.

PART 1425—LUMBER DISTRIBUTION

[Maximum Price Regulation 215]

DISTRIBUTION YARD SALES OF SOFTWOOD

In the judgment of the Price Administrator it is necessary and proper to establish maximum prices for distribution yard sales of softwood lumber which differ in some respects from the maximum prices established by the General Maximum Price Regulation.[2] The Price Administrator has ascertained and given due consideration to the prices at which such sales were made between October 1–15, 1941. So far as practicable the Price Administrator has advised and consulted with representative members of the industry which will be affected by this regulation.

In the judgment of the Price Administrator the maximum prices established by this regulation are and will be generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942. A statement of the considerations involved in the issuance of this regulation has been issued simultaneously herewith and filed with the Division of the Federal Register.*

Therefore, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942 and in accordance with Procedural Regulation No. 1,[3] issued by the Office of Price Administration, Maximum Price Regulation No. 215 is hereby issued.

AUTHORITY: §§ 1425.1 to 1425.14, inclusive, issued under the authority contained in Pub. Law 421, 77th Cong.

§ 1425.1 *Definition of distribution yard sale.* (a) "Distribution yard sale" for purposes of this Maximum Price Regulation No. 215 means a sale of 5,000 feet or more of softwood lumber to the following persons: *Provided*, That such sale is made out of the seller's stock of such lumber at a point where he regularly maintains such stock:

(1) To the United States or any agency thereof or to contractors and subcontractors who will use such lumber to fulfill a contract with the United States or any agency thereof;

(2) To State Governments, including the District of Columbia, or any of their political subdivisions, or any agency of any of the foregoing, but not to contractors and subcontractors who will use such lumber to fulfill a contract with the foregoing;

(3) To an industrial user for use in the fabrication, packaging, or shipping of its products;

(4) To a railroad, but not to contractors and subcontractors who will use such lumber to fulfill a contract with a railroad;

(5) To a shipbuilder, dock builder, dam builder, or a bridge builder, or to contractors and subcontractors who will use such lumber to fulfill a contract with the foregoing;

(6) To other distribution yards, wholesale or retail.

(b) The term "distribution yard sale" of any particular kind of softwood lumber shall be construed to include any sale of the type described in paragraph (a) of this section which does not "originate at a mill, rather than at a distribution yard", as that phrase, and the terms therein included, are defined in the specific Maximum Price Regulations dealing with direct mill sales of that kind of lumber.

(c) For the purpose of paragraph (a) of this section, the size of the sale shall be determined by the size of the order, and the size of the order shall be determined by the over-all quantity involved in a single transaction. In determining the size of a sale subject to this Maximum Price Regulation No. 215, shingles shall be converted in the ratio of 10,000 shingles to 1,000 feet of lumber, and lath shall be converted in the ratio of 6,000 laths to 1,000 feet of lumber.

§ 1425.2 *Maximum prices for distribution yard sales of softwood lumber.* (a) On and after September 10, 1942, regardless of any contract or other obligation, no person shall make a distribution yard sale of softwood lumber for domestic or export use, and no person shall buy or receive in the course of trade or business softwood lumber out of a distribution yard at prices higher than the maximum prices set forth in Appendix A, § 1425.14, where the sale satisfies all of the tests of a distribution yard sale.

(b) No person shall offer, agree, solicit, or attempt to do any of the foregoing.

(c) The provisions of this Maximum Price Regulation No. 215 shall not be applicable to distribution yard sales or deliveries of softwood lumber to a purchaser if prior to September 10, 1942, such lumber had been received by a carrier other than a carrier owned or controlled by the seller for shipment to such purchaser.

§ 1425.3 *Less than maximum prices.* Lower prices than those set forth in Appendix A, § 1425.14, may be charged, demanded, paid, or offered.

§ 1425.4 *Applicability of General Maximum Price Regulation.* The provisions of this Maximum Price Regulation No. 215 supersede the provisions of the General Maximum Price Regulation with respect to sales and deliveries for which maximum prices are established by this Regulation, except as provided in § 1425.14 (d).

§ 1425.5 *Conditional agreements.* No seller subject to this Maximum Price Regulation No. 215 shall enter into an agreement permitting the adjustment of the price of a distribution yard sale to prices which may be higher than the maximum prices in effect upon the date of the agreement: *Provided*, That if a petition for amendment has been duly filed and such petition requires extensive consideration, the Administrator may grant an exception from the provisions of this section permitting the making of contracts adjustable upon the granting of the petition for amendment. Requests for such an exception may be included in the aforesaid petition for amendment.

§ 1425.6 *Evasion.* (a) The price limitations set forth in this Maximum Price Regulation No. 215 shall not be evaded, whether by direct or indirect methods, in connection with an offer, solicitation, agreement, sale, delivery, purchase, or receipt of or relating to a distribution yard sale, alone or in conjunction with any other commodity or by way of commission, service, transportation, or other charge, or discount, premium or other privilege, or by tying-agreement or other trade understanding or otherwise.

(b) Specifically, but not exclusively, the following practices are prohibited:

(1) Making charges for delivery which exceed the actual cost to the seller of such delivery except as otherwise provided in Appendix A, § 1425.14;

(2) Falsely or wrongly grading or invoicing lumber;

(3) Grading as a special grade lumber which can be graded as a standard grade;

(4) Selling as specified lengths a shipment of lumber which is substantially equivalent to standard or random lengths;

(5) Breaking up an order which would normally be a single order into a series of smaller orders or combining a number of single orders into one large order in order to evade the maximum price limitations set forth in this Maximum Price Regulation No. 215.

(6) Refusing to sell except on a delivered basis;

(7) Quoting delivered prices on the basis of estimated weights higher than those permitted by Appendix A, § 1425.14.

§ 1425.8 *Records and reports.* (a) On and after September 10, 1942, every person who, during any calendar month, offers or agrees to sell, sells, or delivers, or offers or agrees to buy, buys or receives a total of 34,000 pounds or more of softwood lumber out of a distribution yard subject to this Maximum Price Regulation No. 215, in the course of trade or business, shall keep for inspection by the Office of Price Administration for a period of not less than 2 years a complete and accurate record of every such offer, agreement, purchase, sale, or delivery, showing the date thereof, the name and address of the buyer and the seller, the price paid and received, and the quantity, size, grade, specifications, and condition of seasoning of such lumber in each such sale or purchase.

(b) Every person making sales subject to this Maximum Price Regulation No. 215, who buys or receives a total of 100,000 feet or more of softwood lumber during the 60 day period following the effective date of this Regulation shall, on or before December 1, 1942, file with the Lumber Branch of the Office of Price Administration a statement under oath of the following facts for all receipts of each species of softwood lumber purchased:

(1) Date of purchase;

(2) Kind purchased (grade, size, whether rough or dressed and how dressed, whether green or dry and how dried);

(3) Quantity of each purchase;

(4) From whom purchased;

(5) Shipping point;

(6) Destination;

(7) Transportation charges paid (give applicable weight and rate and state whether such charges were prepaid or collect);

(8) Prices paid (whether f. o. b. mill or delivered); and

(9) Discounts received (cash and trade discounts and amounts thereof).

(c) Such persons shall keep such other records in addition to or in place of the records required in paragraphs (a) and (b) of this section and shall submit such reports to the Office of Price Administration as that Office may from time to time require or permit.

§ 1425.9 *Enforcement.* (a) Persons violating any provision of this Maximum Price Regulation No. 215 are subject to the criminal penalties, civil enforcement actions, suits for treble damages, and procedure for revocation of license provided for by the Emergency Price Control Act of 1942.

(b) Persons who have evidence of any violation of this Maximum Price Regulation No. 215 or any price schedule, regulation, or order issued by the Office of Price Administration or of any acts or practices which constitute such a violation are urged to communicate with the nearest Field, State, or Regional office of the Office of Price Administration or its principal office in Washington, D. C.

(c) No War Procurement Agency, or any contracting or paying finance officer thereof, shall be subject to any liability, civil or criminal, imposed by this Maximum Price Regulation No. 215 or the Emergency Price Control Act of 1942.

§ 1425.10 *Petitions for amendment or adjustment*—(a) *Government contracts or subcontracts.* Any person who has entered into or proposes to enter into a contract with the United States or any agency thereof, or with the Government of any country whose defense the President deems vital to the defense of the United States under the terms of the Act of March 11, 1941, entitled "An Act to promote the defense of the United States", or any agency of any such Government, or a subcontract under any such contract, who believes that the maximum price impedes or threatens to impede production of softwood lumber which is essential to the war program and which is or will be the subject of such contract or subcontract, may file an application for adjustment of the maximum price established by this Maximum Price Regulation No. 215 in accordance with Procedural Regulation No. 6[4], issued by the Office of Price Administration.

(b) *Special relief.* Any person seeking special relief for which no provision is made in paragraph (a) of this section, from a maximum price established under this Maximum Price Regulation No. 215, may present the special circumstances of his case in an application for an order of adjustment. Such an application shall be filed in accordance with Procedural Regulation No. 1, issued by this Office of Price Administration, and shall set forth the facts relating to the hardship to which such maximum price subjects the applicant, together with a statement of the reasons why he believes that the granting of relief in his case and in all like cases will not defeat or impair the policy of the Emergency Price Control Act of 1942 and of this Maximum Price Regulation No. 215 to eliminate the danger of inflation.

(c) *General amendments and adjustments.* Persons seeking any general modification of this Maximum Price Regulation No. 215 or any general adjustment or exception not provided for therein may file petitions for amendment in accordance with Procedural Regulation No. 1, issued by the Office of Price Administration.

§ 1425.11 *Export sales.* The maximum price at which a person may export softwood lumber sold out of a distribution yard subject to this Maximum Price Regulation No. 215, shall be determined in accordance with the provisions of the Revised Maximum Export Price Regulation,[4] issued by the Office of Price Administration.

§ 1425.12 *Definitions.* (a) This Maximum Price Regulation No. 215 and the terms appearing therein, unless the context otherwise requires, shall be construed as follows:

(1) "Person" includes an individual, corporation, partnership, association, or any other organized group of persons or legal successor or representative of any of the foregoing, and includes the United States or any other Government, or any of its political subdivisions, or any agency of any of the foregoing.

(2) "Softwood lumber" means any lumber or shingles subject to Maximum Price Regulations 19, 26, 94, and 164.

(3) "Applicable basing points" means the points of origin to be used, based on rates set forth in the tariffs of railroad carriers, in determining incoming transportation charges.

(4) "War procurement agency" includes the War Department, the Department of the Navy, the United States Maritime Commission, and the Lend-Lease Section in the Procurement Division of the Treasury Department, or any agency of the foregoing.

(b) Unless the context otherwise requires the definitions set forth in section 302 of the Emergency Price Control Act of 1942 shall apply to other terms used herein.

§ 1425.13 *Effective date.* Maximum Price Regulation No. 215 (§§ 1425.1 to 1425.14, inclusive) shall become effective September 10, 1942.

§ 1425.14 *Appendix A: Maximum prices for distribution yard sales of softwood lumber.* (a) The maximum price at which a distribution yard sale subject to this Maximum Price Regulation No. 215 of each species, grade, and size of softwood lumber may be made shall be a price not higher than the sum of the following where the shipment originates at such yard:

(1) F. O. B. mill maximum price of such lumber as established by any applicable price regulation of the Office of Price

(2) Inbound transportation charges to the distribution yard to be calculated on the basis set forth in paragraph (i) of this § 1425.14.

(3) (i) $5.00 per thousand feet for lumber.

(ii) $0.30 per square for shingles.

(iii) $0.60 per hundred pieces for lath.

(4) 10 percent of the total of the applicable items set forth in subparagraphs (1), (2), and (3) above.

The maximum prices set forth above shall include loading by and at the expense of the seller on the railroad car, motor vehicle, or other transportation medium, but does not include transportation to the buyer.

(b) If a distribution yard sale subject to this Maximum Price Regulation No. 215 is made on a delivered basis at the request of the buyer, a delivered price in excess of the maximum price at the distribution yard as set forth in paragraph (a) hereof may be charged consisting of such maximum prices plus actual transportation costs to the extent that such costs are paid by the seller, if a carrier other than the seller's own transportation facilities are used, or actual cost of delivery if the seller's own transportation facilities are used: *Provided*, That all transportation charges to the purchaser for such delivery are separately set forth on the invoice, bill of sale, or other billing. In computing such actual transportation costs, the parties may adopt the practice of charging a sum equivalent to the one-quarter of a dollar per thousand feet nearest such actual transportation costs. In addition, the parties may adopt estimated average weights where provided for by any applicable price regulation.

(c) An addition to the maximum prices established by paragraphs (a) and (b) of this § 1425.14 may be charged for workings as follows, when the working is performed by the distribution yard itself:

	4/4, 5/4, 6/4	2"	3" and 4"	5 x 5 to 8 x 8	6 x 10 and larger
S1S, S2S, S3S, S4S, D & M, Shiplap, Grooved, Beveled Sleepers	$3.00	$2.50	$2.50	$3.00	$4.00
Drop Siding & Ceiling	3.50	3.00	3.00	6.00	6.00
Outsauged & Special patterns	3.50	3.00			
Cross-cutting	7.50	7.50	7.50	7.50	7.50
Ripping	1.00	1.00	1.00	2.00	2.00
Resawing	1.50	1.50	1.50		
	2.00	2.00	2.00	2.00	3.00

Working charges for quantities less than 2,000 feet to be charged as for 2,000 feet.

(d) Additions for workings, specifications, services, or other extras not expressly provided for herein shall be subject to the General Maximum Price Regulation.

(e) The maximum prices herein established shall not be increased by any charges for the extension of credit, and shall be decreased for prompt payment to the same extent that the sale price would have been decreased by the seller on August 1, 1941. The cash and credit periods recognized by the seller on August 1, 1941, shall not be reduced.

(f) No person shall pay, and no person shall charge or receive a commission for purchasing softwood lumber out of a distribution yard, if such a purchase and sale is subject to this Maximum Price Regulation No. 215, if the amount of the commission plus the purchase price is higher than the maximum price permitted by this Maximum Price Regulation No. 215.

(g) The maximum price for sales on combination grades shall be the maximum price established in this § 1425.14 for the lowest grade named in the combination.

(h) A gross price above the maximum price established in this § 1425.14 shall not be quoted, even if accompanied by a discount, the effect of which is to bring the net price below such maximum price.

(i) In adding inbound transportation charges as provided in paragraph (a) (2) of this § 1425.14, each seller shall calculate incoming transportation charges on the basis of carload railroad rates applicable to each species of softwood lumber as follows:

PART 1426—WOOD PRESERVATION AND PRIMARY FOREST PRODUCTS

[Maximum Price Regulation 216]

RAILROAD TIES

In the judgment of the Price Administrator it is necessary and proper to establish maximum prices for railroad ties which differ in some respects from the maximum prices established by the General Maximum Price Regulation.[1] The Price Administrator has ascertained and given due consideration to the prices of railroad ties prevailing between October 1 and October 15, 1941, and has made adjustments for such relevant factors as he has determined and deemed to be of general applicability. So far as practicable, the Price Administrator has advised and consulted with representative members of the industry which will be affected by this regulation.

In the judgment of the Price Administrator the maximum price established by this regulation are and will be generally fair and equitable and will effectuate the purposes of the Emergency Price Control Act of 1942. A statement of the considerations involved in the issuance of this regulation has been issued simultaneously herewith and filed with the Division of the Federal Register.[2]

Therefore, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, and in accordance with Procedural Regulation No. 1,[3] issued by the Office of Price Administration, Maximum Price Regulation No. 216 is hereby issued.

AUTHORITY: §§ 1426.1 to 1426.14, inclusive issued under Pub. Law 421, 77th Cong.

§ 1426.1 *Prohibition against dealing in railroad ties above maximum prices.* On and after the effective date of this regulation, regardless of any contract or other obligation:

(a) No person in the course of trade or business shall buy or receive railroad ties at a price higher than the maximum price permitted by this regulation.

(b) No person shall sell or deliver railroad ties at a price higher than the maximum price permitted by this regulation: *Provided*, That if upon the sale of any railroad tie, the seller shall receive from the purchaser a written affirmation that to the best of his knowledge, information, and belief the prices to be paid do not exceed the maximum price established by this Maximum Price Regulation No. 216, and if in such case the seller shall have no knowledge of the maximum price and no cause to doubt the accuracy of the affirmation, the seller shall be deemed to have complied with this section.

(c) No person shall sell, agree, offer, solicit, or attempt to do any of the acts set forth in paragraphs (a) and (b) of this section.

§ 1426.2 *Maximum prices for railroad ties*—(a) *For a railroad purchasing railroad ties*, the maximum price for each species and size of untreated or treated railroad tie at each delivery point shall be the highest price at which each railroad received delivery (for its own use) of each species and size of railroad tie at the same delivery point during the first quarter of 1942.

(b) *For the United States or any agency thereof or to contractors or subcontractors who will use such railroad ties to fulfill a contract with the United States or any agency thereof*, the maximum price for untreated railroad ties shall be 110 percent of the maximum price established or permitted by this Maximum Price Regulation No. 216 for the railroad on whose line such railroad ties were produced:

(1) For the "same" species and size of untreated railroad tie at each delivery point of such railroad; or

(2) If no such maximum price is established or permitted for the "same" species and size of untreated railroad tie, for the "most similar" species and size of untreated railroad tie at each delivery point of such railroad, adjusted for the customary differential between the two species and sizes.

(c) *For all other persons purchasing railroad ties*, the maximum price for untreated railroad ties shall be the maximum price established or permitted by this Maximum Price Regulation No. 216 for the railroad on whose line such railroad ties were produced:

(1) For the "same" species and size of untreated railroad tie at each delivery point of such railroad; or

(2) If no such maximum price is established or permitted for the "same" species and size of untreated railroad tie, for the "most similar" species and size of untreated railroad tie at each delivery point of such railroad, adjusted for the customary differential between the two species and sizes.

(d) Additions to the maximum prices established by paragraphs (b) and (c) of this section may be charged and paid:

(1) For preservative treatment, at prices not higher than those permitted by any applicable maximum price regulation of the Office of Price Administration.

(2) For actual transportation charges from the loading-out point on the railroad on whose line the railroad ties were produced to the ultimate destination specified by the buyer.

§ 1426.3 *Less than maximum prices.* Lower prices than those established by this regulation may be charged, demanded, paid or offered.

§ 1426.4 *Adjustable pricing.* Nothing in this Maximum Price Regulation No. 216 shall be construed to prohibit the making of a contract to sell and purchase railroad ties at a price not to exceed the maximum price at the time of delivery or supply. Where a petition for amendment or an application for adjustment or exception has been filed which requires extended consideration, the Price Administrator may, upon application, grant permission to agree to adjust prices upon deliveries made during the pendency of the petition or application in accordance with the disposition of the petition or application.

§ 1426.5 *Evasion.* The price limitations set forth in this Maximum Price Regulation No. 216 shall not be evaded, whether by direct or indirect methods, in connection with an offer, solicitation, agreement, sale, purchase, delivery or receipt of, or relating to the sale or purchase of railroad ties, alone or in conjunction with any other commodity, or by way of commission, service, transportation, or other charge, or discount, premium or other privilege, or by tying-agreement or trade understanding, or otherwise.

§ 1426.6 *Records and reports.* (a) On and after September 5, 1942:

(1) Every person who, during any calendar month, offers or agrees to buy, buys, or receives railroad ties in the course of trade or business shall keep for inspection by the Office of Price Administration for a period of not less than two years a complete and accurate record of every such offer, purchase, or receipt, showing the date thereof, the name and address of the seller, and the price paid for, and the quantity of, each species and size of railroad tie at each delivery point.

(2) Every person who, during any calendar month, offers or agrees to sell, sells, or delivers 5,000 railroads ties or more or 150,000 feet board measure or more of railroad ties shall keep for inspection by the Office of Price Administration for a period of not less than two years a complete and accurate record of every such offer, agreement, sale, or delivery, showing the date thereof, the name and address of the buyer, and the price received for, and the quantity of, each species and size of railroad tie at each delivery point.

(b) On or before October 1, 1942, every person who purchased railroad ties in the course of trade or business during the period January 1, 1942, to March 31, 1942, shall submit to the Office of Price Administration in Washington, D. C., a report setting forth the highest price paid for, and the quantity purchased of,

each size and species of railroad tie at each delivery point.

(c) Such persons designated in paragraphs (a) and (b) of this section shall submit such reports to the Office of Price Administration and keep such other records in addition to or in place of the records and reports required in paragraphs (a) and (b) of this section as the Office of Price Administration may from time to time require or permit.

§ 1426.7 *Enforcement.* (a) Persons violating any provision of this Maximum Price Regulation No. 216 are subject to the criminal penalties, civil enforcement actions, and suits for treble damages provided for by the Emergency Price Control Act of 1942.

(b) Persons who have evidence of any violation of this Maximum Price Regulation No. 216, or any price schedule, regulation or order issued by the Office of Price Administration, or of any acts or practices which constitute such a violation, are urged to communicate with the nearest District, State, or Regional Office of the Office of Price Administration or its principal office in Washington, D. C.

(c) No War Procurement Agency, or any contracting or paying finance officer thereof, shall be subject to any liability, civil or criminal, imposed by this Maximum Price Regulation No. 216 or the Emergency Price Control Act of 1942.

§ 1426.8 *Applications for adjustment—*(a) *Government contracts or subcontracts.* Any person who has entered into or proposes to enter into a contract with the United States or any agency thereof, or with the Government of any country whose defense the President deems vital to the defense of the United States under the terms of the Act of March 11, 1941, entitled "An Act to promote the defense of the United States", or any agency of any such Government, or a subcontract under such contract, who believes that the maximum price impedes or threatens to impede production of railroad ties which is essential to the war program and which is or will be the subject of such contract or subcontract, may file an application for adjustment of the maximum prices established by this Maximum Price Regulation No. 216, in accordance with Procedural Regulation No. 6,[3] issued by this Office of Price Administration.

(b) *Special filing by buyers.* Any railroad which purchased or offered to purchase railroad ties at prices higher than those established by paragraph (a) of § 1426.2 subsequent to March 31, 1942, and prior to May 11, 1942, and submits evidence of such purchase or offer to purchase,[4] and any person other than a railroad who purchased railroad ties at prices higher than those established by paragraph (c) of § 1426.2 between January 1 and March 31, 1942, may apply for adjustment of such maximum prices in accordance with the provisions of Appendix A, § 1426.14. After such an application for adjustment as herein provided for has been filed, and pending the issuance of an order granting or denying the application, in whole or in part, any railroad may enter into or offer to enter into contracts to purchase and may purchase railroad ties at a price not exceeding the maximum price paid by it for each species and size of railroad tie at each delivery point during the period subsequent to March 31, 1942, and prior to May 11, 1942; and any person other than a railroad may enter into or offer to enter into contracts to purchase and may purchase railroad ties at a price not exceeding the maximum price paid by him for each species and size of railroad tie at each delivery point during the period January 1 to March 31, 1942, inclusive, and any seller may sell or offer or agree to sell at such prices: *Provided,* That such an application for adjustment is filed with the Lumber Branch, Office of Price Administration in Washington, D. C., within 30 days after this regulation shall take effect. If the order denies the application in whole or in part, the contract price shall be revised downward to the maximum price ordered, and if any payment has been made at the requested price, the seller may be required to refund the excess.

(c) *General filing by buyers.* The Office of Price Administration, or any duly authorized officer thereof, may by order adjust the maximum prices established under this Maximum Price Regulation No. 216 for any buyer of railroad ties, other than persons designated in paragraph (a) of this § 1426.8, in any case in which the buyer submits the information requested by Appendix A, § 1426.14.

§ 1426.9 *Petitions for amendment.* Persons seeking any modification of this Maximum Price Regulation No. 216, or any adjustment or exception not provided for therein, may file petitions for amendment in accordance with the provisions of Procedural Regulation No. 1, issued by the Office of Price Administration.

§ 1426.10 *Definitions.* (a) When used in this Maximum Price Regulation No. 216, the term:

(1) "Person" includes an individual, corporation, partnership, association or any other organized group of persons, or legal successor or representative of any of the foregoing, and includes the United States or any agency thereof, any other government, or any of its political subdivisions, or any agency of the foregoing;

(2) "Railroad tie" means a timber produced at any point in the United States other than in those parts of Oregon and Washington west of the crest of the Cascade Mountain range,[5] of any species other than redwood (species Sequoia sempervirens), and includes cross ties and switch ties, whether untreated or preservatively treated;

(3) "Cross tie" means a railroad tie of varying specified size, whether sawn or hewn, which is suitable for use in supporting the rails of a railroad track;

(4) "Switch tie" means a railroad tie of varying specified size, whether sawn or hewn, which is suitable for use in supporting a switch in a railroad track;

(5) "Size", sometimes referred to as "grade", of any roalroad tie means the dimensions of a railroad tie as specified by the buyer;

(6) "Delivery point" means any railroad siding, railroad junction point, or river landing at which cross ties are customarily accepted;

(7) "Price" means the price at the delivery point and includes loading by and at the expnse of the seller on the railroad car, motor vehicle, or other transportation medium;

(8) "First quarter of 1942" means the period January 1 to March 31, 1942, inclusive.

(b) Unless the context otherwise requires, the definitions set forth in section 302 of the Emergency Price Control Act of 1942 shall apply to other terms used herein.

§ 1426.11 *Applicability of General Maximum Price Regulation.* This regulation shall apply and the General Maximum Price Regulation shall not apply to purchases and sales of railroad ties for which maximum prices are established herein.

§ 1426.12 *Export sales.* The maximum price at which a person may export railroad ties subject to this Maximum Price Regulation No. 216 shall be determined in accordance with the provisions of the Revised Maximum Export Price Regulation,[6] issued by the Office of Price Administration.

§ 1426.13 *Effective date.* This Maximum Price Regulation No. 216 (§§ 1426.1 to 1426.14, inclusive) shall become effective September 5, 1942.

§ 1426.14 *Appendix A: Filing and content of applications for adjustment provided for in paragraphs* (b) *and* (c) *of § 1426.8.* An original copy under oath, and two copies of an application for adjustment provided for in paragraphs (b) and (c) of § 1426.8 shall be filed with the Lumber Branch, Office of Price Administration, Washington, D. C., and shall be accompanied by a statement under oath showing:

(1) Name and address of applicant;

(2) Highest price paid by applicant for each species and size of railroad tie at each delivery point during March 1941, October 1941, the first quarter of 1942, and the period April 1 to May 11, 1942;

(3) Maximum price requested at each delivery point for each species and size of railroad tie;

(4) Delineation of producing territory involved in this application, together with a list of the principal delivery points in such territory and the percentage of 1941 purchases obtained from these points;

(5) Names of competitive buyers at the principal delivery points specified in (4) above[7];

(6) The highest price paid by competitive buyers for the same species and size of railroad tie at the principal delivery points specified in (4) above during

AUTHORITY: §§ 501.90 to 501.104, inclusive, issued under E.O. 8989, 6 F.R. 6725, and E.O. 9156, 7 F.R. 3349.

§ 501.90 *Definitions.* As used in this subpart:

(a) The term "commercial motor vehicle" means (1) (i) a straight truck, (ii) a combination truck-tractor and semi-trailer, (iii) a full trailer, (iv) any combination thereof, or (v) any other rubber-tired vehicle, excluding a motorcycle, propelled or drawn by mechanical power and built (or rebuilt) primarily for the purpose of transporting property, and (2) any bus, taxicab, jitney, or other rubber-tired vehicle, propelled or drawn by mechanical power, used in the transportation of persons upon the highways, or available for public rental, including ambulances and hearses, but not including a private passenger automobile.

(b) The term "person" means an individual, partnership, corporation, association, joint-stock company, business trust, or other organized group of persons, and includes the United States or any agency, territory, or possession thereof, a State or any agency or political subdivision thereof, or any trustee, receiver, assignee, or personal representative.

(c) The term "property" means anything, except persons, capable of being transported by motor truck.

(d) The term "fleet" means three or more commercial motor vehicles owned or operated by one person.

(e) The term "private passenger automobile" means any motor vehicle built primarily for the purpose of transporting

persons and having a rated seating capacity of seven (7) or less; and includes station wagons and suburban carryalls, irrespective of seating capacity, which are not used in the transportation of persons or property for compensation.

§ 501.91 *Certificate of war necessity required.* On and after November 15, 1942, no person shall operate any commercial motor vehicle within the continental limits of the United States unless there is in force with respect to such commercial motor vehicle a certificate of war necessity issued by the Office of Defense Transportation governing such operation.

§ 501.92 *Application for certificate.* Application for a certificate of war necessity shall be made in writing to the field office of the Office of Defense Transportation for the area in which the home office or principal place of business of applicant is located, unless the applicant is directed to make application to some other office of the Office of Defense Transportation. Any such application shall be made on forms provided by the Office of Defense Transportation, and shall contain such information as the Office of Defense Transportation shall require.

§ 501.93 *Issuance of certificate of war necessity.* (a) A certificate of war necessity will be issued by the Office of Defense Transportation to any qualified applicant therefor, certifying, with respect to the operations covered by the application, limitations of mileage or of motor fuel or requirements as to loads, or any one or more of such limitations or requirements, in order that such operations (1) shall be confined to those which are necessary to the war effort or to the maintenance of essential civilian economy, (2) shall be so conducted as to assure maximum utilization in such service of the commercial motor vehicle or vehicles of the applicant, and (3) shall conserve and providently utilize rubber or rubber substitutes and other critical materials used in the manufacture, maintenance, and operation of such vehicles.

(b) In all original and subsequent certifications the Office of Defense Transportation will be guided by the provisions of its outstanding orders or public statements of policy relating to the operations under consideration, and all such outstanding orders and statements of policy will remain in full force and effect unless and until they are formally amended, superseded, or revoked.

(c) Such certificate, when issued in respect of a single commercial motor vehicle, shall at all times be carried on such vehicle. When such certificate is issued in respect of a fleet of commercial motor vehicles, a fleet unit certificate shall at all times be carried on each commercial motor vehicle covered by such fleet certificate.

§ 501.94 *Certificate of war necessity not transferable.* No certificate of war necessity shall be transferable. In the event of the sale or other transfer of a commercial motor vehicle, or a substantial change in the character of its use or the condition under which it is used, the purchaser or transferee or owner thereof shall forthwith make application to the Office of Defense Transportation for a new certificate, upon the issuance of which the previously issued Certificate of War Necessity appertaining to such vehicle shall be surrendered for cancellation.

§ 501.95 *Contents and conditions of certificate.* Any certificate of war necessity issued under this subpart shall specify:

(a) The name and address of the person to whom issued;

(b) The vehicle or vehicles covered thereby;

(c) The purposes for which and the conditions under which such vehicle or vehicles may be operated;

(d) Such other terms or conditions as the Office of Defense Transportation may from time to time specify.

§ 501.96 *Motor fuel and commercial motor vehicle parts, tires, or tubes.* On and after November 15, 1942, no person shall:

(a) Transfer any motor fuel to, or transfer, mount, or install any part, tire, or tube, in or upon any commercial motor vehicle, unless the operator thereof, at the time of such transfer or installation, shall present to such person for inspection a valid Certificate of War Necessity pertaining to such vehicle, issued by the Office of Defense Transportation.

(b) Transfer or deliver any motor fuel for the use of, or transfer, mount, install, or deliver any part, tire, or tube for the use of, any commercial motor vehicle, unless the operator of such commercial motor vehicle shall at the time thereof sign a written receipt, in duplicate, for such motor fuel, part, tire, or tube, and endorse on each copy of such receipt the number of the Certificate of War Necessity pertaining to the commercial motor vehicle or vehicles in or upon which such motor fuel, part, tire, or tube is to be used. In the event such transfer, delivery, or installation is for the use of a fleet of commercial motor vehicles, the number of the Certificate of War Necessity pertaining to such fleet shall be endorsed on each such written receipt. The original receipt shall be retained by the person making the transfer, delivery, or installation, and the copy shall be retained by the person operating the commercial motor vehicle. Such receipts shall be available for examination and inspection at all reasonable times by accredited representatives of the Office of Defense Transportation.

(c) The provisions of this section shall not apply to transfers or installations made pursuant to a coupon, certificate, or other instrument, authorized or issued by a rationing agency of the United States, or to the sale, transfer, or delivery of motor fuel, parts, tires, or tubes, to any person for the purpose of resale.

§ 501.97 *Inspection of tires.* On and after November 15, 1942, no person shall operate any commercial motor vehicle, unless within the sixty (60) days immediately preceding such operation, or, in the event such motor vehicle has been operated more than five thousand (5,000) miles during such period, unless within the five thousand (5,000) miles last operated by such vehicle, all tires mounted upon the wheels thereof or carried for use on such vehicle have been inspected by an inspection agency designated by the Office of Price Administration, and unless such inspection agency has certified that such person has made all reasonable and necessary adjustments, repairs, retreading, recapping, replacement of parts or tires, and realignment of wheels, found by such inspection agency to be necessary to conserve and providently utilize such tires, unless such operator is unable, under then existing rationing regulations, to make such repairs, retreading, recapping, or replacement of parts or tires.

§ 501.98 *Records and reports.* Any person operating a commercial motor vehicle in respect of which a certificate of war necessity has been issued, shall prepare and permanently maintain in the manner and form prescribed by the Office of Defense Transportation records of all operations conducted by such vehicle. A weekly record of such operations shall be maintained in accordance with the form provided on the reverse side of such certificate of war necessity, and shall be carried at all times in such vehicle. Such person shall keep such other records and make such reports as may be required and in the manner and form prescribed by the Office of Defense Transportation. All such records shall be available for examination and inspection at all reasonable times by accredited representatives of the Office of Defense Transportation.

§ 501.99 *Enforcement officers authorized to report violations.* Any enforcement officer of any State or political subdivision thereof, who, on or after November 15, 1942, finds any commercial motor vehicle being operated which at such time does not have in such vehicle, available for inspection and examination, a valid certificate of war necessity issued under this subpart, or which is in any other way being operated in violation of any order of the Office of Defense Transportation, or any term or condition of a certificate of war necessity governing its operation, is authorized to make a report thereof to the Office of Defense Transportation, stating the name of the person operating such vehicle, the owner or lessee thereof, and such other information as the Office of Defense Transportation may specify. Such reports may be made on forms prescribed by the Office of Defense Transportation.

time Commission, pursuant to authority to the Interstate Commerce Commission. primarily for the purpose of transporting

§ 501.100 *Suspension or revocation of certificate.* Any certificate of war necessity issued under this subpart shall be effective from the date specified therein and shall remain in effect according to its terms until amended, modified, recalled, suspended, cancelled, or revoked in whole or in part by the Director of Defense Transportation for good cause.

§ 501.101 *Control of vehicles.* (a) Whenever the Office of Defense Transportation shall deem it to be advisable, any person having possession or control of any commercial motor vehicle shall, notwithstanding any contract, lease, or other commitment, express or implied, with respect to the use or operation of such commercial motor vehicle, cause such vehicle (1) to be operated in such manner, for such purpose, and between such points, as the Office of Defense Transportation shall from time to time direct, and (2) to be leased or rented by any such person to such person or persons, except by a person engaged in transporting property in a commercial motor vehicle for compensation to a person not engaged in such transportation, as the Office of Defense Transportation shall from time to time direct. Unless the interested parties agree upon the amount of compensation payable for the use of any such vehicle, so directed to be leased or rented, the amount of such compensation shall be such amount as may be determined by the Office of Defense Transportation to be just and equitable, subject to any applicable maximum price established by any competent governmental authority.

(b) The provisions of this section shall not be so construed or applied as to require any person operating a commercial motor vehicle to perform any transportation service, the performance of which by it is not authorized or sanctioned by law.

§ 501.102 *Exemptions.* The provisions of this subpart shall not apply to or include the following:

(a) A commercial motor vehicle operated by or under the direction of the military or naval forces of the United States or State military forces organized pursuant to section 61 of the National Defense Act, as amended;

(b) A commercial motor vehicle operated by a dealer exclusively for the purpose of selling such vehicle;

(c) A motor vehicle having a capacity of not to exceed seven (7) passengers operated by a person between his or her home and place of work and used in transporting other persons between their homes and their places of work, if such motor vehicle is not used for any other purpose for compensation.

§ 501.103 *Communications.* Communications concerning this subpart should be addressed to the Division of Motor Transport, Office of Defense Transportation, Washington, D. C., or to the field office of the Office of Defense Transportation designated for the area in which the home office or principal place of business of the correspondent is located. Such communications should refer to General Order O.D.T. 21.

§ 501.104 *Effective date.* Except as otherwise provided herein, this subpart shall become effective November 15, 1942, and shall remain in full force and effect until further order of the Office of Defense Transportation.

Issued at Washington, D. C., this 8th day of September 1942.

Bituminous Coal Division.

[Docket No. B-308]

COAL HILL MINING CO., INC.

NOTICE OF AND ORDER FOR HEARING

In the matter of Coal Hill Mining Co., Inc., registered distributor, Registration No. 1675.

The Bituminous Coal Division (the "Division") finds it necessary in the proper administration of the Bituminous Coal Act of 1937, (the "Act") and the Bituminous Coal Code (the "Code") promulgated thereunder to determine:

A. Whether or not Coal Hill Mining Co., Inc., registered distributor, Registration No. 1675 (hereafter sometimes referred to as the "distributor"), whose address is Dubois, Pennsylvania, has violated any provision of the Act, the Code and orders and regulations of the Division, including the Marketing Rules and Regulations, Rules and Regulations for the Registration of Distributors and the Distributor's Agreement (the "agreement") dated June 11, 1940, and filed by Coal Hill Mining Co., Inc., pursuant to an Order of the National Bituminous Coal Commission dated March 24, 1939, entered in General Docket No. 12, which was adopted and ratified as an Order of the Division on July 1, 1939, and more particularly whether or not subsequent to September 30, 1940, said Registered Distributor:

1. During the period October 2, 1940, to September 2, 1941, both dates inclusive, acting as a registered distributor, purchased from the code members, approximately 5095.10 net tons of various sizes of coal produced by said code members at their respective mines, and in reselling said coal for rail shipment to various purchasers, prepaid the freight in the total amount of $13,168.82 thereon and physically handled said coal, as follows:

Code member producer	Mine index No.	Dates of shipment	Tonnage	Amount freight prepaid
Pennsylvania Coal & Coke Corporation	371	Oct. 2, 1940 to Sept. 2, 1941	2,534.95	$6,388.07
Stineman Coal & Coke Company	630	Oct. 16, 1940 to Nov. 24, 1941	1,025.40	2,688.84
The Pursglove Coal Mining Co.	120	Oct. 21, 1940 to Nov. 6, 1940	150.20	411.55
Arrow Coal Corporation	18	Dec. 19, 1940	240.10	605.05
Reitz Coal Company	420	Oct. 9, 1940 to July 9, 1941	364.65	1,073.15
W. J. Rainey, Inc.	3	Oct. 14, 1940	39.35	91.89
Seger Bros. Coal Co., Inc.	202	Oct. 12, 1940	28.95	72.95
DuShan Coal Mining Co.	140	Nov. 16, 1940	34.25	86.31
Abbie E. Lansberry & Son	2337	Aug. 20, 1941	160.30	415.40
Goshen Valley Coal Co.	130	June 23, 1941 to June 26, 1941	106.50	280.10
E. B. Peterson	102	Jan. 7, 1941	235.35	614.26
Heckler, B. F. (The "B" Quality Coal Co.)	57	June 23, 1941 to Nov. 19, 1941	175.10	441.25

and accepted and retained Distributor's discounts from the effective minimum prices of said coal, resulting in violations of Rule 1 (J) of section VII, Rules 3 and 6, respectively, of section XIII of the Marketing Rules and Regulations, section 4, Part II (i) 3 and 6, respectively, of the Act, Part II (i) 3 and 6, respectively, of the Code, and paragraphs (c), (d), and (e) of the Agreement;

2. During the period October 2, 1940 to September 2, 1941, both dates inclusive, acting as a registered distributor, purchased from said Pennsylvania Coal & Coke Corporation, a code member located in District 1, approximately 2101.50 net tons of 3/4" x 0 slack coal (Size Group 5), produced by said code member at its said Pennsylvania No. 3 Mine, Mine Index No. 371, located in Subdistrict 30 of District 1, which tonnage is a portion of that set forth in paragraph 1 hereof, and resold said coal to the Philadelphia Dairy Products Co., Philadelphia, Pennsylvania, at prices ranging from $4.84 to $5.14 per net ton f. o. b. destination, which prices were less than the minimum therefor of $2.15 f. o. b. the mine established by the Division in the Schedule of Effective Minimum Prices for District No. 1 for All Shipments Except Truck, plus the actual transporation, handling or incidental charges incurred in delivering said coal from the transportation facilities at said mine to the point from which all such charges were assumed and directly paid by such purchaser, as required by Price Instruction 9, as amended, of said schedule, resulting in violations by said Distributor of sections 4 II (e) and (g) of the Act, Part II (e) and (g) of the Code, and paragraphs (b) and (e) of its Agreement;

3. On or about July 17 and 18, 1941, acting as registered distributor, purchased from Waddell Fuel Company, a code member located in District 3, approximately 104.55 net tons of mine run coal produced by said code member at its Delmar No. 1 Mine, Mine Index No. 48, located in said district, and accepted and retained discounts thereon of 17 cents per net ton from the effective minimum f. o. b. mine price established therefor by the Division, which discounts were in excess of the maximum allowable discounts prescribed by the Division by Order of the Director entered in General Docket No. 12 dated June 19, 1940, resulting in violations by said Distributor of paragraph (a) of its Agreement;

Code member producer	Mine index No.	Dates of shipment	Tonnage	Size
Fred Barlar	1042	Oct. 15, 1940 to Jan. 30, 1941	640.07	2" N & S
Harlan Spencer	638	Oct. 14, 1940 to Nov. 11, 1940	229.73	2" N & S
Hamilton Coal Co	707	Jan. 20, 1941 to Feb. 22, 1941	16.00	2" N & S (Mine Run

for which coal minimum prices, temporary or final, had not been established by the Division, so that its participation in the aforesaid transactions which were in violation of the Order of the Director entered in General Docket No. 19, dated October 9, 1940, resulted in violations by said Distributor of paragraph (e) of its Agreement;

7. During the period October 5, 1940 to September 23, 1941, both dates inclusive, acting as sales agent for the code member producers indicated below, pursuant to sales agency contracts, entered into between said Distributor and the said code members, respectively, and filed with the Division, sold coal produced by said code members at their respective mines located in District No. 1 and accepted and retained sales agency commissions on said coal in excess of those stipulated in said sales agency contracts, although certified copies of agreements modifying the stipulated commissions as set forth in said sales agency contracts were not filed with the Division, as required by Rule 4 (B) of section II of the Marketing Rules and Regulations, as follows:

resulting in participation by said Distributor in wilful violations by said code members, as principals in said transactions, of Rule 9 (a) of section II of the Marketing Rules and Regulations, and in violations by said Distributor of paragraph (e) of its Agreement;

8. During the period March 10, 1941 to March 25, 1941, both dates inclusive, acting as sales agent pursuant to sales agency contracts entered into between said Distributor and the Hamler Coal Mining Company, and the Superior Cherry Run Coal Company, respectively,

(a) Sold approximately 189.55 net tons of run of mine coal produced by the Hamler Coal Mining Company, a code member producer, at its Hamler Mine, Mine Index No. 194, in District No. 1, for rail shipment to Abbotts Dairies, Coudersport, Pennsylvania, at $4.43 per net ton f. o. b. said destination, and

(b) Sold on or about December 16 and 17, 1940, approximately 89.70 net tons of run of mine coal and 1" x 2" coal produced by the Superior Cherry Run Coal Company at its Cherry Run Mine, Mine Index No. 90, in District No. 1, for rail shipment to Abbotts Dairies, Coudersport, Pennsylvania, at $4.43 per net ton f. o. b. said destination,

which prices were less than the minimum prices of $2.15 f. o. b. the said Hamler Mine and of $2.15 f. o. b. the said Cherry Run Mine for the aforesaid mine run coal and 1" x 2" coal, respectively, plus the actual transportation, handling or incidental charges for delivering said coal from the transportation facilities at said mines to the point from which all such charges were assumed and directly paid by the said purchaser, as required by Price Instruction 9 of the said schedule, as amended, so that its participation in the aforesaid transactions, which were in violation of section 4 II (e) and (g) of the Act and Part II (e) and (g) of the Code, resulted in violation by said Distributor of paragraphs (b) and (e) of its Agreement.

9. During the period October 9, 1940 to December 31, 1940, both dates inclusive, acting as sales agent, pursuant to a sales agency contract entered into between said Distributor and Culbertson Coal Co., a code member producer, and filed with the Division, sold for rail shipment to various purchasers approximately 4,670.94 net tons of 2" nut and slack coal, produced by said Culbertson Coal Co. at its Harvey No. 1 Mine, Mine Index No. 1480, located in District 1, at $2.00 per net ton f. o. b. said mine, whereas minimum prices, temporary or final, had not been established by the Division for rail shipment of said coal, so that its participation in the aforesaid transactions, which were in violation of Order of the Division entered in General Docket No. 19 dated October 9, 1940, resulted in violation by said Distributor of paragraph (e) of its Agreement;

10. During the period October 5, 1940, to January 30, 1941, both dates inclusive, acting as sales agent for the code members indicated below, sold coal produced by said code members at their respective mines, located in District No. 1, as follows:

Code member producer	Mine index No.	Dates of shipment	Tonnage	Size group No.	Sales price f. o. b. mine
Ed. E. Carlson	605	Oct. 5, 1940 to Jan. 30, 1941	755.65	4	$2.15
Harlan Spencer	638	Nov. 26, 1940 to Jan. 31, 1941	179.75	4	2.15

whereas no minimum prices were established for Size Group No. 4 coal produced at the aforesaid mines, so that, as required by Price Instruction No. 5 of the Schedule of Effective Minimum Prices for District No. 1 for All Shipments Except Truck, such coal should have been sold at the effective minimum price of $2.25 per net ton established for Size Group No. 3 coal produced at said mines, and its participation in the aforesaid transactions, which were in violation of section 4, Part II (e) of the Act and Part II (e) of the Code, and Rule 2 of section XII of the Marketing Rules and Regulations, resulted in violation by said Distributor of paragraphs (b) and (e) of its Agreement;

B. Whether or not the registration of said Coal Hill Mining Co., Inc., registered distributor, Registration No. 1675, should be revoked or suspended, or other appropriate order should be issued.

It is, therefore, ordered, That a hearing pursuant to § 304.14 of the Rules and Regulations for the Registration of Distributors, to determine whether or not the aforementioned Coal Hill Mining Co., Inc., has committed violations in the respects heretofore described and whether or not the registration of said Distributor should be revoked or suspended, or other appropriate order should be issued, be held on September 30, 1942, at a hearing room of the Bituminous Coal Division at Room 118, Colonial Hotel, Altoona, Pennsylvania, at 10 a. m.

It is further ordered, That Charles S. Mitchell or any other officer or officers of the Bituminous Coal Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, take evidence, to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said Coal Hill Mining Co., Inc., and to all persons and entities having an interest in such proceeding.

Notice is hereby given that answer setting forth the position of the aforementioned Coal Hill Mining Co., Inc., with reference to the matters hereinbefore described must be filed with the Bituminous Coal Division at its Washington Office or with any one of the field offices of the Division within twenty (20) days after date of service hereof on said Coal Hill Mining Co., Inc., and that failure to file an answer herein within such period, unless the presiding officer shall otherwise order, shall be deemed to be an admission by said Coal Hill Mining Co., Inc., of the commission of the violations hereinbefore described and a consent to the entry of an appropriate order thereon.

Notice is also hereby given that any application, pursuant to § 301.132 of the Rules of Practice and Procedure before the Division, for the disposition of this proceeding without formal hearing, must be filed not later than fifteen (15) days after receipt by the Code Member of the complaint herein.

All persons are hereby notified that the hearing in the above-entitled matter and orders entered therein may concern, in addition to the matters specifically alleged herein, other matters incidental and related thereto, whether raised by amendment, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

Dated: September 3, 1942.

[Docket No. A-1604]

DISTRICT BOARD 3—RAY MCDONALD

NOTICE OF AND ORDER FOR HEARING AND ORDER GRANTING TEMPORARY RELIEF

In the matter of the petition of District Board No. 3 for a change in the price classifications and minimum prices established for all shipments except truck for the coals of the McDonald No. 1 Mine, Mine Index No. 677, of Ray McDonald.

A petition, pursuant to the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party;

It is ordered, That a hearing in the above-entitled matter under the applicable provisions of said Act and the rules of the Division be held on October 7, 1942, at 10 o'clock in the forenoon of that day, at a hearing room of the Bituminous Coal Division, 734 Fifteenth Street NW., Washington, D. C. On such day the Chief of the Records Section in room 502 will advise as to the room where such hearing will be held.

It is further ordered, That Travis Williams or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, take evidence, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in this proceeding and eligible to become a party herein. Any person desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before October 2, 1942.

All persons are hereby notified that the hearing in the above-entitled matter and any orders entered therein may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of intervention, or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to petition filed with the Division by District Board No. 3, requesting the following changes and additions to the price classifications and minimum prices of the coals of the McDonald Mine, Mine Index No. 677, of McDonald Coal Company, a code member in District No. 3: A change in the price classifications from "F" to "DE" in Size Groups 1 to 6, inclusive; a change from "F" to "DF" in Size Groups 7 to 10, inclusive; and an additional classification of "B" in Size Groups 11 to 16, inclusive.

It is further ordered, That, pending final disposition of the above-entitled matter, temporary relief be, and the same hereby is, granted as follows: Commencing forthwith, the Schedule of Effective Minimum Prices for District No. 3 for

[Docket No. B-250]

CLAUDE B. BRATCHER

ORDER APPROVING AND ADOPTING THE PROPOSED FINDINGS OF FACT, PROPOSED CONCLUSIONS OF LAW OF THE EXAMINER, AND REVOKING CODE MEMBERSHIP

In the matter of Claude B. Bratcher, code member.

This proceeding was instituted upon a complaint duly filed with the Bituminous Coal Division on April 23, 1942, by District Board 9. The complaint alleged that code member wilfully violated the Bituminous Coal Code, or the rules and regulations thereunder, and prayed that the Division either cancel and revoke Claude B. Bratcher's code membership, or, in its discretion, direct Bratcher to cease and desist from violations of the Code and the rules and regulations thereunder.

A hearing in this matter was held on June 18, 1942, before Joseph A. Huston, a duly designated Examiner of the Division, at a hearing room thereof at Owensboro, Kentucky. Interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard. Neither District Board 9 nor code member appeared at the hearing.

The Examiner made and entered his Report, Proposed Findings of Fact, Proposed Conclusions of Law and Recommendation in this matter, dated August 6, 1942, finding that code member wilfully violated section 4 II (e) of the Act by selling during the period from August 1, 1941, to September 3, 1941, 216 tons of lump coal below the effective minimum price therefor, and that he also violated paragraph 8 of section 4 II (i) of the Act and Rule 8 of section XII and Rule 2 of section XII of the Marketing Rules and Regulations, by misrepresenting the sizes and designations of his coal.

The Examiner recommended that an order be entered cancelling and revoking the code membership of said Claude B. Bratcher, and providing that prior to reinstatement into code membership, said Bratcher shall pay to the United States a tax in the sum of $147.42 in accordance with the provisions of section 5 (c) of the Act.

An opportunity was afforded to all parties to file exceptions and supporting briefs to said Examiner's Report and no such exceptions or supporting briefs have been filed.

The undersigned has considered the record in this matter and has determined that the proposed findings of fact and proposed conclusions of law of the Examiner should be approved and adopted as his findings of fact and conclusions of law.

Now, therefore, it is ordered, That the proposed findings of fact and proposed conclusions of law of the Examiner be, and they hereby are, adopted as the findings of fact and conclusions of law of the undersigned.

It is further ordered, That effective fifteen (15) days from the date hereof the code membership of Claude B. Bratcher, who operates the Claude B. Bratcher Mine, Mine Index No. 407, located in Ohio County, Kentucky, District No. 9, be, and it hereby is cancelled and revoked.

It is further ordered, That prior to the reinstatement of said Claude B. Bratcher, he shall pay to the United States a tax, as provided in section 5 (c) of the Act, in the amount of $147.42.

Dated: September 3, 1942.

GIBBS BROTHERS

ORDER APPROVING AND ADOPTING THE PROPOSED FINDINGS OF FACT, PROPOSED CONCLUSIONS OF LAW OF THE EXAMINER AND REVOKING CODE MEMBERSHIP

In the matter of Arthur Gibbs and Wilson Gibbs, individuals and as co-partners, doing business under the name and style of Gibbs Brothers, code member.

This proceeding was instituted upon a complaint filed with the Bituminous Coal Division on February 12, 1942, by District Board 11. The complaint alleged that code member wilfully violated the Bituminous Coal Code, or the rules and regulations thereunder, and prayed that the Division either cancel or revoke its code membership, or, in its discretion, direct code member to cease and desist from violations of the Code and rules and regulations thereunder.

A hearing was held in this matter on April 22, 1942, before Joseph B. Dermody, a duly designated Examiner of the Division at a hearing room thereof, at Vincennes, Indiana. All interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, or otherwise be heard. District Board 11 appeared at the hearing but the code member did not.

The Examiner made and entered his Report, Proposed Findings of Fact, Proposed Conclusions of Law and Recommendation in this matter, dated August 3, 1942, finding that code member wilfully violated section 4 II (e) of the Act and the Schedule of Effective Minimum Prices for District 11 for Truck Shipments, by selling during the period from October 1, 1940 to August 31, 1941, approximately 111 tons of 1" x 0 screenings, produced at its Gibbs Mine, Mine Index No. 414, located in Center Township, Martin County, Indiana, at the price of 60 cents per ton f. o. b. the mine, whereas, the effective minimum price for said coal was $1.55 per ton f. o. b. the mine. The Examiner also found that code member violated the appropriate orders of the Division by failing and neglecting during the period from October 1, 1940 to August 31, 1941, to keep proper records pertaining to the production and sale of 1" x 0 screenings produced at its mine.

The Examiner recommended that an order be entered cancelling and revoking the code membership of said Arthur Gibbs and Wilson Gibbs, individuals and as co-partners, doing business under the name and style of Gibbs Brothers, and providing that prior to reinstatement into membership in the Code it shall pay to the United States a tax in the sum of $67.10, in accordance with the provisions of section 5 (c) of the Act.

An opportunity was afforded to all parties to file exceptions and supporting briefs to said Examiner's Report and such exceptions or supporting briefs have not been filed.

The undersigned has considered the record in this matter and has determined that the proposed findings of fact and proposed conclusions of law of the Examiner should be approved and adopted as his findings of fact and conclusions of law.

Now, therefore, it is ordered, That the proposed findings of fact and proposed conclusions of law of the Examiner be, and the same are hereby approved and adopted as the findings of fact and conclusions of law of the undersigned.

It is further ordered, That effective fifteen (15) days from the date hereof, the code membership of Arthur Gibbs and Wilson Gibbs, individuals and as co-partners, doing business under the name and style of Gibbs Brothers operating the Gibbs Mine, Mine Index No. 414, be, and it hereby is, cancelled and revoked.

It is further ordered, That prior to the reinstatement of said Arthur Gibbs and Wilson Gibbs, individuals or as co-partners, doing business under the name and style of Gibbs Brothers, into membership in the Code, there shall be paid to the United States a tax, as provided in section 5 (c) of the Act, in the amount of $67.10.

C. V. OKES

ORDER APPROVING AND ADOPTING THE PROPOSED FINDINGS OF FACT, PROPOSED CONCLUSIONS OF LAW OF THE EXAMINER, AND DISMISSING COMPLAINT

In the matter of C. V. Okes, code member.

This proceeding was instituted upon a complaint filed with the Bituminous Coal Division on April 30, 1942, by District Board 7. The complaint alleged that code member wilfully violated the Bituminous Coal Code, or the rules and regulations thereunder, and prayed that the Division either cancel or revoke the code membership of C. V. Okes, or, in its discretion, direct Okes to cease and desist from violations of the Code and rules and regulations thereunder.

A hearing in this matter was held on June 30, 1942, before Travis Williams, a duly designated Examiner of the Division, at a hearing room thereof in Bluefield, West Virginia. Interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, or otherwise be heard. District Board 7 did not appear at the hearing. Code member appeared by counsel.

The Examiner made and entered his Report, Proposed Findings of Fact, Proposed Conclusions of Law and Recommendation in this matter, dated August 8, 1942, finding that code member violated Rule 1 (F) of section VII of the Marketing Rules and Regulations by selling coal produced at code member's mine and receiving payment for same in other than United States currency or funds equivalent thereto. The Examiner found that there was a fatal variance between the proof and the allegations in the complaint, and recommended that the complaint against this code member be dismissed without prejudice to any further action by the Division.

An opportunity was afforded to all parties to file exceptions and supporting briefs to said Examiner's Report, and no such exceptions or supporting briefs have been filed.

The undersigned has considered the record in this matter and has determined that the proposed findings of fact and proposed conclusions of law of the Examiner should be approved and adopted as his findings of fact and conclusions of law.

Now, therefore, it is ordered, That the proposed findings of fact and proposed conclusions of law of the Examiner be, and they hereby are, approved and adopted as the findings of fact and conclusions of law of the undersigned.

It is further ordered, That the proceedings instituted against said C. V. Okes, a code member, operating the Blue Jay No. 6 Mine, Mine Index No. 639, located in Raleigh County, West Virginia, be and it hereby is dismissed, without prejudice.

Dated: September 3, 1942.

JOHN WEBB

ORDER APPROVING AND ADOPTING THE PROPOSED FINDINGS OF FACT, PROPOSED CONCLUSIONS OF LAW OF THE EXAMINER, AND CEASE AND DESIST ORDER

In the matter of John Webb, code member.

This proceeding was instituted upon a complaint filed with the Bituminous Coal Division on January 6, 1942, by District Board 8. The complaint alleged that code member wilfully violated the Bituminous Coal Code, or the rules and regulations thereunder, and prayed that the Division either cancel or revoke his code membership, or, in its discretion, direct code member to cease and desist from violations of the Code and rules and regulations thereunder.

A hearing in this matter was held on February 21, 1942, before Joseph A. Huston, a duly designated Examiner of the Division, at a hearing room thereof, at Catlettsburg, Kentucky. Interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses, and otherwise be heard. District Board 8 and code member appeared.

The Examiner made and entered his Report, Proposed Findings of Fact, Proposed Conclusions of Law and Recommendation in this matter, dated August 3, 1942, finding that code member wilfully violated section 4 II (e) of the Act, by selling during the period from March 31, 1941 to July 18, 1941, to Deer Creek Coal Company, Olive Hill, Kentucky, approximately 552.32 tons of high volatile, Size Group 6, mine run coal produced at his Webb Mine, Mine Index No. 2872, located in Lawrence County, Kentucky, at a price of $1.50 f. o. b. the mine, whereas, the effective minimum price for this particular coal was $2.00 per ton f. o. b. the mine.

The Examiner recommended that an order be entered directing said John Webb to cease and desist from selling coal at prices below the established minima or from otherwise violating the Act, the Code, the Schedule of Effective Minimum Prices for Truck Shipments, or the Marketing Rules and Regulations.

An opportunity was afforded to all parties to file exceptions to said Examiner's report and such exceptions or supporting briefs have not been filed.

The undersigned has considered the record in this matter and has determined that the proposed findings of fact and proposed conclusions of law of the Examiner should be approved and adopted as his findings of fact and conclusions of law.

Now, therefore, it is ordered, That the proposed findings of fact and proposed conclusions of law of the Examiner be, and the same are hereby approved and adopted as the findings of fact and conclusions of law of the undersigned.

It is further ordered, That code member, John Webb, his representatives, agents, servants, employees, attorneys, heirs, administrators, successors or assigns, cease and desist, and they are hereby permanently enjoined and restrained from selling or offering to sell coal below the effective minimum prices established therefor, or from otherwise violating the Bituminous Coal Act, the Code, the Schedule of Effective Minimum Prices for District 8, For Truck Shipments, the Marketing Rules and Regulations and all appropriate orders of the Division.

It is further ordered, That the Division may, upon failure of code member herein to comply with this order, forthwith apply to the Circuit Court of Appeals of the United States within any circuit wherein the code member resides or carries on business for the enforcement hereof or take any other appropriate action.

Dated: September 2, 1942.

FRANCIS WEIDERKEHR

ORDER APPROVING AND ADOPTING PROPOSED FINDINGS OF FACT, PROPOSED CONCLUSIONS OF LAW, AND RECOMMENDATION OF THE EXAMINER, AND REVOKING AND CANCELLING CODE MEMBERSHIP

In the matter of Francis Weiderkehr, also known as Francis Wiederkehr, code member, defendant.

This proceeding having been instituted upon a complaint filed with the Bituminous Coal Division on February 1, 1942, by District Board No. 11, alleging that Francis Weiderkehr, an individual doing business under the name of Francis Wiederkehr, a code member, had wilfully violated the Bituminous Coal Code or the rules and regulations thereunder, and prayed that the Division either cancel or revoke Francis Weiderkehr's code membership, or in its discretion, direct the code member to cease and desist from violations of the Code and rules and regulations thereunder;

A hearing in this matter having been held on April 22, 1942, before Joseph D. Dermody, a duly designated Examiner of the Division, at a hearing room thereof in Vincennes, Indiana;

The Examiner having made and entered his Report, Proposed Findings of Fact, Proposed Conclusions of Law, and Recommendation in this matter, dated August 1, 1942, recommending that an order be entered by the Acting Director cancelling and revoking the code membership of Francis Weiderkehr:

An opportunity having been afforded to all parties to file exceptions thereto and supporting briefs and no such exceptions nor supporting briefs having been filed;

The undersigned having considered this matter and having determined that the proposed findings of fact and proposed conclusions of law of the Examiner should be approved and adopted as the findings of fact and conclusions of law of the undersigned;

Now, therefore, it is ordered, That the proposed findings of fact and proposed conclusions of law of the Examiner be

and they hereby are adopted as the findings of fact and conclusions of law of the undersigned.

It is further ordered, That the code membership of Francis Weiderkehr, code member, doing business as Francis Wiederkehr, be, and it is hereby, cancelled and revoked, effective fifteen (15) days from the date of this order.

It is further ordered, That prior to the reinstatement of the code membership of Francis Weiderkehr said Francis Weiderkehr shall pay to the United States a tax in the sum of $413.40 in accordance with section 5 (c) of the Act.

[Docket No. 1221-FD]

WALTER WOODROW

DETERMINATION OF INTERIM EXEMPTION

In the matter of the application of Walter Woodrow for exemption, pursuant to section 4-A of the Bituminous Coal Act of 1937.

Pursuant to the second paragraph of section 4-A of the Bituminous Coal Act of 1937, Walter Woodrow (applicant) on February 12, 1940, filed an application for a determination of the status of the coal produced at a mine operated by him in Cascade County, Montana, approximately nine miles south of the town of Simms, Montana. The application alleges among other matters, that applicant commenced the production of coal from this mine in December 1938, and that 381 tons of run of mine were produced during the year 1939, all of which was sold for consumption in the state of Montana.

An order of the Director, dated October 17, 1939, 4 F.R. 4301, in General Docket No. 17, provided, among other matters, that

> All applications seeking exemption pursuant to the provisions of the second paragraph of section 4-A should be filed within the following periods of time:
>
> 1. If the commerce covered by the application exists upon the effective date of this rule, not more than 30 days after such date.
>
> Any application which is filed after the periods herein specified will be presumed not to have been filed in good faith.

On May 11, 1942, applicant requested a determination that he is entitled to the interim exemption provided in the second paragraph of section 4-A of the Act on the ground that the said application had been filed in good faith. With this request, applicant submitted an affidavit stating that he was not aware of the Order in General Docket No. 17, but that he filed the aforesaid application for exemption forthwith upon receipt of notice of the Order, dated June 27, 1938, 3 F.R. 1565, issued by the National Bituminous Coal Commission (predecessor of the Bituminous Coal Division), in Docket No. 153-FD. The affidavit further recites that on September 1, 1941, applicant disposed of the mine involved herein, and since that time has not been engaged in the business of producing coal.

The said Order in Docket No. 153-FD provided, among other matters:

> That on and after the first day of August 1938, all coal sold, delivered or offered for sale in transactions in intrastate commerce in such coal in all localities within the state of Montana, should be subject to the provisions of section 4-A of the Bituminous Coal Act of 1937 • • •
>
> That any producer of bituminous coal in intrastate commerce within the state of Montana, who may believe that he or it particular transactions in intrastate commerce in bituminous coal should be exempted • • • from the provisions of section 4-A of said Bituminous Coal Act of 1937, may file application at any time hereafter for exemption pursuant to the second paragraph of section 4-A of said Act, and be entitled to a hearing for appropriate orders thereon.

It appears that the recitals contained in the affidavit rebut the presumption of bad faith established by the order of the Director, dated October 17, 1939, in General Docket No. 17.

Now, therefore, it is determined that in accordance with the provisions of the second paragraph of section 4-A of the Bituminous Coal Act of 1937, Walter Woodrow has been exempt during the period beginning with the third day following the filing of the said application and ending September 1, 1941, from any obligation, duty or liability imposed by section 4 of the Act, with respect to the commerce covered by the said application.

Dated: September 3, 1942.

[Docket No. A-1294]

DISTRICT NO. 23

MEMORANDUM OPINION AND ORDER ADOPTING THE PROPOSED FINDINGS OF FACT AND PROPOSED CONCLUSIONS OF LAW OF THE EXAMINER AND ORDER DENYING RELIEF

In the matter of establishment of a moisture allowance on truck shipments from mines in District No. 23, when coal is washed or wet-screened, in Size Groups 12 through 18 and 21 through 25. Prayer for temporary and permanent relief under section 4 II (d) of the Bituminous Coal Act of 1937.

This proceeding was instituted upon a petition filed with the Bituminous Coal Division on January 31, 1942, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, by District Board No. 23, proposing the adoption by the Division of a price exception applicable to the sale of coal for truck shipments, permitting code members of District No. 23 to make an allowance of 3 per cent for moisture on sales of coal for truck shipments for Size Group 12 through 18 and 21 through 25.

Pursuant to appropriate orders, a hearing in this matter was held on April 7, 1942, before Scott A. Dahlquist, a duly designated Examiner of the Division, at a hearing room thereof in Salt Lake City, Utah. Interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses and otherwise be heard. District Boards Nos. 19, 20 and 23, and the United States Fuel Company appeared at the hearing. The Bituminous Coal Consumers' Counsel filed a notice of appearance but did not appear at the hearing. He filed a brief with the Examiner and subsequent to the issuance of the Examiner's Report, filed exceptions thereto. District Board No. 23 also filed exceptions to the Examiner's Report.

The Examiner made and entered his report, proposed findings of fact, proposed conclusions of law and recommendation in this matter under date of July 13, 1942. He found that upon the basis of the record, the petitioner failed to adduce sufficient evidence to justify the relief requested and recommended that the relief requested by the petitioner be denied.

Both in his brief before the Examiner and in his exceptions to the Examiner's Report, the Bituminous Coal Consumers' Counsel urges that the relief requested by the petitioner be allowed. His reasons are: First, it is improper and discriminatory for the Division practically to force code members to sell coal, part of which is water or moisture, and second, it violates provisions of municipal ordinances governing under-weighing and adulteration of merchandise.

The position taken by District Board No. 23 is similar to that of the Bituminous Coal Consumers' Counsel. District Board No. 23 particularly stresses the point that the refusal to grant the relief requested by the petitioner will force code members to violate municipal ordinances against underweighing and adulteration of merchandise. It also makes the joint thought that upon recession of the coal market the code members, who presently make the 3 per cent allowance for moisture without violating the minimum prices, since coal prices are now above the minimum established by the Division, will then be violating the minimum price schedules.

The record in this matter does not warrant the undersigned granting a 3 per cent moisture allowance for washed or wet-screened coal of all sizes below 2 inches. There is evidence in the record showing that coal, when prepared for truck shipments, is weighed at the mine after being wet-screened or watered; at such time it contains a certain percentage of water depending on the size of coal and the type of washing equipment. It is not clear, however, from the evidence submitted as to exactly what percentage of moisture or water is contained in each of the Size Groups 12 through 18 and 21 through 25. It is a well-known fact that the smaller the size of coal, the more moisture it will hold. To group all the various sizes of coal, for which relief is requested by the petitioner, into one class and allow 3 per cent for water or moisture is not justified by evidence in the record. To grant the relief requested by the petitioner and leave the matter of the exact amount of moisture allowance to the code members might, under strained conditions, give rise to unjustified and unfair price allowances and thus violate the minimum price provisions of the Act.

The undersigned has carefully considered all the evidence in this record and has given full consideration to the contentions made by the Bituminous Coal Consumers' Counsel and by District Board No. 23. He has determined, however, that the proposed findings of fact and proposed conclusions of law of the Examiner are amply supported by the record and that they should be approved and adopted.

Now, therefore, it is ordered, That the proposed findings of fact and proposed conclusions of law of the Examiner be, and the same hereby are approved and adopted as the findings of fact and conclusions of law of the undersigned;

It is further ordered, That the exception to the Examiner's Report filed herein by the Bituminous Coal Consumers' Counsel be, and the same is hereby overruled; and,

It is further ordered, That the relief requested by District Board No. 23 for the adoption of a price exception permitting code members to make a 3 per cent allowance on wet-screened and watered coal be, and it hereby is denied.

DISTRICT BOARD NO. 19

ORDER CORRECTING TYPOGRAPHICAL ERRORS IN THE PRINTED COPIES OF THE ORDER OF JUNE 24, 1942

In the matter of the petition of District Board No. 19 for the establishment of price classifications and minimum prices for certain mines in District No. 19.

An order granting temporary relief and conditionally providing for final relief was issued in the above-entitled matter on June 24, 1942. Although the original order was correct, the printed copies thereof incorrectly show the minimum prices for coals of the Pat Burnell (Burnell Coal) Gebo No. 1 Mine (Mine Index No. 238) in Subdistrict 5 of District No. 19 in Size Groups 1 and 2, for shipment via rail to Market Areas 209 and 211 as 445 cents. The correct minimum prices as shown in the original order are 455 cents.

Accordingly, all copies of the above-mentioned order should be corrected by the insertion of minimum prices of 455 cents, in lieu of the minimum prices of 445 cents for the coals of the Pat Burnell (Burnell Coal) Gebo No. 1 Mine (Mine Index No. 238) in Subdistrict 5 of District No. 19, in Size Groups 1 and 2, for shipment via rail to Market Areas 209 and 211.

And it is so ordered.

FRANCIS E. BURK AND SONS AND HOWARD WILLIAMS

ORDER GRANTING APPLICATION FOR THE RESTORATION OF CODE MEMBERSHIP

In the matter of William Burk, Charles Burk, and Howard Williams, individually and as copartners, doing business under the name and style of Francis E. Burk & Sons and Howard Williams, defendants.

A complaint dated October 13, 1941, pursuant to the provisions of sections 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937 (the "Act") having been duly filed on October 16, 1941, by Bituminous Coal Producers Board for District No. 1, complainant, with the Bituminous Coal Division (the "Division") alleging that William Burk, Charles Burk and Howard Williams, individually and as copartners, doing business under the name and style of Francis E. Burk & Sons and Howard Williams, wilfully violated the Bituminous Coal Code (the "Code"), or rules and regulations thereunder; and

An order entitled "In the Matter of Francis E. Burk & Sons and Howard Williams, Individually and as Copartners Doing Business Under the Name and Style of Francis E. Burk & Sons and Howard Williams," having been issued herein on June 25, 1942, revoking and canceling the code membership of the above-named defendants and ordering that prior to any reinstatement of membership in the Code there shall be paid to the United States, a tax of six hundred and sixty dollars and twenty cents ($660.20) as provided by section 5 (c) of the Act, and said order having been served on the above-named defendants on June 30, 1942; and

An application, dated August 22, 1942, for restoration of membership in the Code, to become effective as of the date of the payment of said tax, having been filed by said defendants with the Division on August 24, 1942; and

It appearing from said application that the above-named defendants paid to the Collector of Internal Revenue at Pittsburgh, Pennsylvania, on August 6, 1942, said tax of six hundred and sixty dollars and twenty cents ($660.20), pursuant to said order issued June 25, 1942, and section 5 (c) of the Act, as a condition precedent to the restoration of said membership in the Code;

Now, therefore, it is ordered, That said Application be, and the same hereby is, granted; and

It is further ordered, That the Code membership of William Burk, Charles Burk, and Howard Williams, individually and as copartners, doing business under the name and style of Francis E. Burk & Sons and Howard Williams be and the same hereby is restored as of August 6, 1942, at 12:01 a. m.

THE BURNS MINE

ORDER APPROVING AND ADOPTING PROPOSED FINDINGS OF FACT, PROPOSED CONCLUSIONS OF LAW AND RECOMMENDATION OF THE EXAMINER, AND CEASE AND DESIST ORDER

In the matter of Robert Burns and Irvin R. Burns, individually and as copartners, doing business under the name and style of the Burns Mine (Burns Mine, Robert Burns, Manager, Irvin R. Burns), code member.

This proceeding having been instituted upon a complaint filed with the Bituminous Coal Division on March 9, 1942, by District Board No. 22, alleging that copartners Robert Burns and Irvin R. Burns, individually and as copartners, doing business under the name and style of Burns Mine, a code member in District 22, had wilfully violated the Bituminous Coal Code or the rules and regulations thereunder, and praying that the Division either cancel or revoke the code membership of the code member, or, in its discretion, direct the code member to cease and desist from violations of the Code and rules and regulations thereunder;

A hearing in this matter having been held on June 30, 1942, before Joseph A. Huston, a duly designated Examiner of the Division, at a hearing room thereof in Billings, Montana;

The Examiner having made and entered his report, proposed findings of fact, proposed conclusions of law, and recommendation in this matter, dated August 6, 1942, in which he recommended that an order be entered by the Acting Director requiring code member to cease and desist from selling coal below the effective minimum prices and from falsely billing or invoicing his coal, and from otherwise violating the Act, the Code, or the Marketing Rules and Regulations;

An opportunity having been afforded to all parties to file exceptions thereto and supporting briefs, and no such exceptions nor supporting briefs having been filed;

The undersigned having considered this matter and having determined that the proposed findings of fact and proposed conclusions of law of the Examiner should be approved and adopted as the findings of fact and conclusions of law of the undersigned;

Now, therefore, it is ordered, That the proposed findings of fact and proposed and supporting briefs, and no such conclusions of law of the Examiner be, and they hereby are, adopted as the findings of fact and conclusions of law of the undersigned.

It is further ordered, That code members Robert Burns and Irvin R. Burns, doing business as the Burns Mine, their representatives, agents, servants, employees, attorneys, successors, or assignees, and all persons acting or claiming to act in their behalf or interest, cease and desist, and they are hereby permanently enjoined and restrained, from selling or offering to sell coal below the prescribed minimum prices therefor, and from violating the Bituminous Coal Act, the Code, the Schedule of Effective Minimum Prices for District No. 22 for All Shipments, the Marketing Rules and Regulations and all appropriate orders of the Division.

It is further ordered, That the Division may, upon failure of the code members herein to comply with this Order, forthwith apply to the Circuit Court of Appeals of the United States within any circuit where they carry on business for the enforcement thereof or take any other appropriate action.

ROWELL AND ROWELL

ORDER APPROVING AND ADOPTING THE PROPOSED FINDINGS OF FACT, PROPOSED CONCLUSIONS OF LAW OF THE EXAMINER, AND CEASE AND DESIST ORDER

In the matter of Fred Rowell and Audebee Rowell, also known as Audibee Rowell, and individually and as copartners, doing business under the name and style of Rowell and Rowell, code member.

This proceeding was instituted upon a complaint filed with the Bituminous Coal Division on April 15, 1942, by District Board 13. The complaint alleged that code member wilfully violated the Bituminous Coal Code, or the rules and regulations thereunder, and prayed that the Division either cancel and revoke this code membership or, in its discretion, direct code member to cease and desist from violations of the Code and rules and regulations thereunder.

A hearing in this matter was held on June 17, 1942, before Travis Williams, a duly designated Examiner of the Division at a hearing room thereof at Birmingham, Alabama. Interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses and otherwise be heard. District Board 13 appeared at the hearing. Code member appeared without counsel.

The Examiner made and entered his Report, Proposed Findings of Fact, Proposed Conclusions of Law, and Recommendations in this matter, dated August 8, 1942, finding that code member wilfully violated the order of the Director in General Docket No. 19, dated October 9, 1940, by selling during the month of July 1941, approximately 26 tons of 1½" x 0 coal and 13 tons of lump coal without first having obtained classifications and prices therefore, and that code member violated Order No. 288, dated December 8, 1939, by failing to inform the Division of changes made in the operation of its mine. The Examiner recommended that an order be entered directing code member to cease and desist from violations of said orders of the Division, and from otherwise violating the Act, the Code, and the rules and regulations thereunder.

An opportunity was afforded to all parties to file exceptions and supporting briefs to the said Examiner's report and no such exceptions or supporting briefs have been filed.

The undersigned has considered the record in this matter and has determined that the proposed findings of fact and proposed conclusions of law of the Examiner should be approved and adopted as the findings of fact and conclusions of law of the undersigned.

Now, therefore, it is ordered, That the proposed findings of fact and the proposed conclusions of law of the Examiner be, and they hereby are, approved and adopted as the findings of fact and conclusions of law of the undersigned.

It is further ordered, That Fred Rowell and Audebee Rowell also known as Audibee Rowell, individually and as copartners, doing business under the name and style of Rowell and Rowell, code members, operating the Fred Rowell Mine, located in Marion County, Alabama, their representatives, agents, servants, employees, attorneys, heirs, administrators, successors, or assigns cease and desist, and they are hereby permanently enjoined and restrained from selling or offering to sell, unpriced coal and from violating Order No. 288 of the Division, or from otherwise violating the Bituminous Coal Act, the Code, the Schedule of Effective Minimum Prices for Truck Shipments, the Marketing Rules and Regulations and all appropriate orders of the Division.

It is further ordered, That the Division may upon failure of code members herewith to comply with the order, forthwith apply to the Circuit Court of Appeals of the United States within any circuit wherein code members reside or carry on business for the enforcement thereof, or take any other appropriate action.

Dated: September 3, 1942.

OFFICE OF DEFENSE TRANSPORTATION.

[Special Order O. D. T. B-18]

WILLIAMSPORT, PA.—NEW YORK, N. Y.

MOTOR VEHICLE PASSENGER SERVICE COORDINATION

Order directing coordinated operation of passenger carriers by motor vehicle between Williamsport, Pennsylvania, and New York, New York.

Upon consideration of the application for authority to coordinate motor vehicle service in the transportation of passengers filed with this Office by Edwards Motor Transit Co., Williamsport, Pennsylvania, Jersey Central Transportation Co., New York, New York, and Reading Transportation Company, Philadelphia, Pennsylvania, and in order to assure maximum utilization of the facilities, services, and equipment of common carriers of passengers by motor vehicle, and to conserve and providently utilize vital equipment, material, and supplies, including rubber, the attainment of which purposes is essential to the successful prosecution of the war,

It is hereby ordered, That:

(1) Edwards Motor Transit Co., Jersey Central Transportation Co. and Reading Transportation Company (hereinafter called "carriers"), respectively, in the transportation of passengers on the routes served by them between Williamsport, Pennsylvania, and New York, New York, as common carriers by motor vehicle, shall:

(a) Honor each other's tickets between all points common to their lines where equal fares apply and divert to each other traffic routed between such points for the purpose of relieving overloads and reducing the operation of additional equipment in extra sections;

(b) Adjust and establish schedules to eliminate duplication of times of departure of the respective carriers and provide reasonable frequency of service throughout the day;

(c) Wherever practicable eliminate duplicate depot facilities and commission ticket agencies and, in lieu thereof, utilize joint depot facilities and joint commission ticket agencies. Contracts, agreements, and arrangements for any such joint facilities and agencies shall not extend beyond the effective period of this order. At such depot facilities and commission ticket agencies used jointly by the carriers, service, travel information, and ticket sales shall be impartial, without preference or discrimination for or against either of such carriers.

(2) On the routes served by the carriers between Williamsport, Pennsylvania, and New York, New York, Edwards Motor Transit Co. shall operate a through service of not to exceed four round trips daily, and Jersey Central Transportation Co. and Reading Transportation Company shall operate a joint through service of not to exceed one round trip daily.

(3) The carriers forthwith shall file with the Interstate Commerce Commission, in respect of transportation in interstate or foreign commerce, and with each appropriate State regulatory body, in respect of transportation in intrastate commerce, and publish, in accordance with law, and continue in effect until further order, tariffs or appropriate supplements to filed tariffs, setting forth any changes in the fares, charges, operations, rules, regulations, and practices of each carrier which may be necessary to accord with the provisions of this order; and forthwith shall apply to said Commission, and each such regulatory body for special permission for such tariffs or supplements, to become effective on one day's notice.

This order shall become effective September 15, 1942, and shall remain in full force and effect until further order of this Office.

Issued at Washington, D. C., this 8th day of September 1942.

ST. LOUIS, MO.—CERTAIN POINTS IN SOUTHERN ILLINOIS

MOTOR VEHICLE PASSENGER SERVICE COORDINATION

Order directing coordinated operation of passenger carriers by motor vehicle between St. Louis, Missouri, and certain points in Southern Illinois.

Upon consideration of the application for authority to coordinate motor vehicle service in the transportation of passengers filed with this Office by Gulf Transport Company, Mobile, Alabama, and Belleville-St. Louis Coach Co., Belleville, Illinois, and in order to assure maximum utilization of the facilities, services, and equipment of common carriers of passengers by motor vehicle, and to conserve and providently utilize vital equipment, material and supplies, including rubber, the attainment of which purposes is essential to the successful prosecution of the war,

It is hereby ordered, That:

(1) Gulf Transport Company and Belleville-St. Louis Coach Co. (hereinafter called "carriers"), respectively, in the transportation of passengers on the routes served by them between St. Louis, Missouri, and Cutler, Percy and Chester, Illinois, as common carriers by motor vehicle, shall:

(a) Honor each other's tickets between all points common to their lines where equal fares apply and divert to each other traffic routed between such points for the purpose of relieving overloads and reducing the operation of additional equipment in extra sections;

(b) Adjust and establish schedules to eliminate duplication of times of departure of the respective carriers and provide reasonable frequency of service throughout the day;

(c) Wherever practicable eliminate duplicate depot facilities and commission ticket agencies and, in lieu thereof, utilize joint depot facilities and joint commission ticket agencies. Contracts, agreements, and arrangements for any such joint facilities and agencies shall not extend beyond the effective period of this order. At such depot facilities and commission ticket agencies used jointly by the carriers, service, travel information, and ticket sales shall be impartial, without preference or discrimination for or against either of such carriers.

(2) Belleville-St. Louis Coach Co. shall suspend service over its route between Chester, Illinois, and the junction of Illinois Highways Nos. 150 and 43 at Steeleville Y and forthwith shall file with the Interstate Commerce Commission and the appropriate State regulatory body a notice describing the operations to be suspended in compliance herewith.

(3) Belleville-St. Louis Coach Co. shall operate a through service of not to exceed two round trips daily between St. Louis, Missouri and Cutler, Illinois, and, in addition thereto, not to exceed one round trip daily between St. Louis, Missouri and Sparta, Illinois.

(4) Gulf Transport Company shall operate a through service of not to exceed two round trips daily between St. Louis, Missouri and Murphysboro, Illinois, one of which, subject to obtaining prior approval of the appropriate regulatory authority or authorities, shall be routed over the route described in paragraph 2. In addition thereto, it shall operate a through service of not to exceed two round trips daily between St. Louis, Missouri and Chester, Illinois.

(5) The carriers forthwith shall file with the Interstate Commerce Commission in respect of transportation in interstate or foreign commerce, and with the Illinois Commerce Commission in respect of transportation in intrastate commerce, and publish in accordance with law, and continue in effect until further order, tariffs or appropriate supplements to filed tariffs, setting forth any changes in the fares, charges, operations, rules, regulations, and practices of each carrier which may be necessary to accord with the provisions of this order, together with a copy of this order; and forthwith shall apply to said Commissions for special permission for such tariffs or supplements to become effective on one day's notice.

This order shall become effective October 1, 1942, and shall remain in full force and effect until further order of this Office.

Issued at Washington, D. C., this 8th day of September 1942.

Due consideration has been given to said petitions and an opinion in support of this Order No. 14 has been issued simultaneously herewith and has been filed with the Division of the Federal Register. For the reasons set forth in the opinion and pursuant to the authority vested in the Administrator by the Emergency Price Control Act of 1942 and Procedural Regulation No. 1,[2] *it is ordered:*

(a) Newark Coal Company; Samuel Truppo, doing business as Vailsburg Ice and Coal Company; Joseph Crescenzi, doing business as C & I Coal Company; and S. Smith Coal and Oil Company may sell and deliver, and the City of Newark, New Jersey, may buy and receive the kinds of anthracite coal set forth in the subparagraph of paragraph (b) below applicable to each company, at prices not in excess of those stated therein pursuant to contracts awarded by the Board of City Commissioners of Newark New Jersey;

(b) (1) *Newark Coal Company.* Buckwheat #1 coal may be sold at prices not to exceed $7.16 per net ton for truck delivery within the city limits of Newark. Stove coal may be sold at prices not to exceed $10.64 per net ton for truck delivery within the city limits of Newark. Nut coal may be sold at prices not to exceed $10.64 per net ton for truck delivery within the city limits of Newark;

(2) *Samuel Truppo, doing business as Vailsburg Ice and Coal Company.* Buckwheat #1 coal may be sold at prices not to exceed $7.20 per net ton for truck delivery at Ivy Hill Power Plant.

(3) *Joseph Crescenzi, doing business as C & I Coal Company.* Buckwheat #2 coal may be sold at prices not to exceed $6.18 per net ton for truck delivery within the city limits of Newark;

(4) *S. Smith Coal and Oil Company.* Buckwheat #2 coal may be sold at prices not to exceed $5.87 per net ton for truck delivery at City Hospital. Pea coal may be sold at prices not to exceed $8.27 per net ton for truck delivery within the city limits of Newark. Egg coal may be sold at prices not to exceed $9.97 per net ton for truck delivery within the city limits of Newark;

(c) This Order No. 14 may be revoked or amended by the Administrator at any time;

(d) All prayers of the petition not granted herein are denied;

(e) Unless the context otherwise requires, the definitions set forth in § 1340.258 of Maximum Price Regulation No. 122 shall apply to the terms used herein;

(f) This Order No. 14 shall become effective September 8, 1942.

Issued this 5th day of September 1942.

[Order 1 Under Maximum Price Regulation 193 [1]—Domestic Distilled Spirits]

FRANKFORT DISTILLERIES, INC.

APPROVAL OF MAXIMUM PRICES

Approval of maximum prices for sales of Four Roses 86° proof and Paul Jones 86° proof, blends of straight whiskey by Frankfort Distilleries, Inc. in the State of New York.

For the reasons set forth in an opinion issued simultaneously herewith, and pursuant to the authority vested in the Price Administrator by the Emergency Price Control Act of 1942 *it is ordered:*

(a) On and after September 8, 1942 the maximum prices in the State of New York for the sale by Frankfort Distilleries Incorporated, having its principal place of business in Louisville, Kentucky, of Four Roses 86° proof and Paul Jones 86° proof blends of straight whiskey, shall be those hereinafter set forth:

(1) Four Roses 86° proof blend of straight whiskey (delivered N. Y. State points):

Per case of 24 pints	$27.67
Per case of 12 fifths	21.71
Per case of 12 quarts	27.17

(2) Paul Jones 86° proof blend of straight whiskey (F. O. B. Baltimore, Md.):

Per case of 24 pints	$20.34
Per case of 12 fifths	16.10
Per case of 12 quarts	19.84

(b) The discounts allowable for time of payment of the maximum prices prescribed in paragraph (a) shall be one percent for payment within ten (10) days from date of shipment.

(c) Frankfort Distilleries, Inc., shall mail or cause to be mailed to all purchasers from said company of Four Roses 86° proof and Paul Jones 86° proof, blends of straight whiskey for which maximum prices are established in this order, written notice of the method to determine the maximum prices for such products together with an explanation of the method to determine maximum prices for sales at retail of such products in the state of New York.

(d) All suppliers of such products to sellers at retail in the state of New York shall mail or cause to be mailed to all such sellers an explanation of the method to be used to determine maximum prices for sales at retail of such distilled spirits as set forth in this paragraph. To determine the maximum prices, sellers at wholesale and at retail shall deduct the amounts given below in this paragraph for the corresponding brands and sizes from the maximum prices determined in accordance with § 1420.13 Appendix A of Maximum Price Regulation No. 193, Domestic Distilled Spirits, for Four Roses 90° proof and Paul Jones 90° proof blends of straight whiskey.

(1) For Four Roses 86° proof deduct from the maximum prices established under Maximum Price Regulation No. 193 for Four Roses 90° proof:

	Per case (cents)	*Per bottle (cents)*
Case of 24 pints	49	2 1/24
Case of 12 fifths	39	3 1/4
Case of 12 quarts	49	4 1/12

(2) For Paul Jones 86° proof deduct from the maximum prices established under Maximum Price Regulation No. 193 for Paul Jones 90° proof:

	Per case (cents)	*Per bottle (cents)*
Case of 24 pints	19	19/24
Case of 12 fifths	15	1 1/4
Case of 12 quarts	19	1 9/12

If the result is a fractional cent price and the fraction of a cent is less than one-half of a cent, the price shall be lowered to the next lower cent. If the fraction is one-half of a cent or larger, the retailer is permitted to increase his maximum price to the next higher cent.

(e) This Order No. 1 may be revoked or amended by the Price Administrator at any time.

(f) This Order No. 1 shall become effective as of September 8, 1942 (Pub. Law 421, 77th Cong.)

Issued this 5th day of September 1942.

EDISON SAULT ELECTRIC COMPANY

MEMORANDUM OPINION AND ORDER GRANTING EXEMPTION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 2d day of September A. D. 1942.

Edison Sault Electric Company, a subsidiary company of American States Utilities Corporation, a registered holding company, has filed applications and amendments thereto, pursuant to section 6 (b) of the Public Utility Holding Company Act of 1935 and Rule U-50 of the rules and regulations promulgated thereunder, for an exemption from the provisions of section 6 (a) of the Act of the issue and private sale to certain insurance companies of $990,000 principal amount of first mortgage bonds, 3¾%, due 1972, at 104 or an aggregate consideration of $1,029,600, and 3% notes in the total principal amount of $100,000, and for an exemption from the competitive bidding requirements of paragraphs (b) and (c) of Rule U-50 of the proposed issue and sale of the bonds. The company has requested that its application for exemption from Rule U-50 be acted upon prior to its applications for exemption from section 6 (a).

After appropriate public notice, a hearing was held upon the applications. We have examined the record and make the following findings with respect to the application for exemption from Rule U-50.

Subsection (a) (4) of Rule U-50 expressly exempts from the competitive bidding requirements of the rule issuances and sales in which the total proceeds to be received by the issuer will not exceed $1,000,000. The subject issuance and sale would, therefore, require no action on our part in this respect were it not for the fact that the premium to be received brings the total proceeds $29,600 above the mentioned limit.

Under the circumstances we find that compliance with paragraphs (b) and (c) of Rule U-50 is not appropriate in the public interest or for the protection of investors or consumers as a condition to the exemption, if such is granted, of the issuance and sale of the bonds from the provisions of section 6 (a), or to aid us in determining any other terms and conditions which it may be appropriate to impose in the public interest or for the protection of investors or consumers in connection with any such latter exemption.

It is therefore ordered, That said issue and sale be and the same hereby are exempted from the provisions of Rule U-50.

It is further ordered, That jurisdiction be and hereby is reserved for consideration of all matters in these proceedings not hereby determined.

By the Commission.

Secretary.

NORTH BOSTON LIGHTING PROPERTIES, ET AL.

ORDER GRANTING APPLICATIONS AND PERMITTING DECLARATIONS TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 29th day of August, 1942.

In the matter of North Boston Lighting Properties, New England Power Association, Beverly Gas and Electric Company, Gloucester Electric Company, Haverhill Electric Company, Salem Gas Light Company and Suburban Gas and Electric Company.

North Boston Lighting Properties, five of its subsidiary companies, namely, Beverly Gas and Electric Company, Gloucester Electric Company, Haverhill Electric Company, Salem Gas Light Company and Suburban Gas and Electric Company, and New England Power Association, a registered holding company and a parent company of North Boston Lighting Properties have filed applications and declarations and amendments thereto pursuant to sections 7 and 10 of the Public Utility Holding Company Act of 1935 and Rules U-42, U-43 and U-44 thereunder with respect to the borrowing by North Boston Lighting Properties of $13,000,000 from the following banks in the following amounts: The First National Bank of Boston—$6,000,000, The Chase National Bank of the City of New York—$4,500,000, Chemical Bank and Trust Company—$1,250,000 and Guaranty Trust Company of New York—$1,250,000, said borrowings to be evidenced by a single promissory note to each bank, each note bearing interest at the rate of 2½ per cent per annum payable semi-annually and maturing October 1, 1947 and to be secured under a joint bank credit letter agreement by the pledge of all common stocks of subsidiary utility companies held by North Boston Lighting Properties and by the notes of subsidiary utility companies proposed to be issued herein. The proceeds of the proposed borrowings, together with other funds, will be used to retire presently outstanding secured notes of North Boston Lighting Properties in the principal amount of $13,000,000 bearing interest at the rate of 3½ per cent per annum. With respect to Beverly Gas and Electric Company, Gloucester Electric Company, Haverhill Electric Company, Salem Gas Light Company and Suburban Gas and Electric Company the applications and declarations relate to the issue by such companies to North Boston Lighting Properties of unsecured notes in the following amounts, respectively, $700,000, $320,000, $1,089,375, $485,000 and $785,000, said notes to mature in ten months, to bear interest at the rate of 3 per cent per annum and to be issued in substitution for certain presently outstanding notes and advances owing by such companies to North Boston Lighting Properties.

A public hearing having been held after appropriate notice, the Commission having considered the record, and having filed its Findings and Opinion herein.

It is ordered, That said applications, as amended, be, and they hereby are, granted forthwith and that said declarations, as amended, be, and they hereby are, permitted to become effective forthwith, subject, however, to the terms and conditions set forth in Rule U-24 and to the additional condition that without further order of this Commission North Boston Lighting Properties shall not, so long as any portion of the proposed $13,000,000 secured notes remain outstanding, cause or permit Beverly Gas and Electric Company, Eastern Massachusetts Electric Company, Gloucester Electric Company, Haverhill Electric Company, Malden Electric Company, Malden and Melrose Gas Light Company, Salem Electric Lighting Company, Salem Gas Light Company and Suburban Gas and Electric Company, or any of them, to declare any dividends except upon fifteen (15) days prior written notice to this Commission of the proposed amount of dividends to be declared by the respective companies.

By the Commission.

KEWANEE PUBLIC SERVICE CO.

NOTICE OF AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pa., on the 3d day of September A. D. 1942.

In the matter of Kewanee Public Service Company, respondent.

The Commission having examined the corporate structure of Kewanee Public Service Company, a public utility company, the distribution of voting power among the security holders of such company, and the method of said company in keeping its accounts and records, and it appearing to the Commission on the basis of such examinations that there are reasonable grounds for believing;

(1) That Kewanee Public Service Company, a public utility company, has outstanding First Mortgage Bonds due July 1, 1949 in the principal amount of $883,300; an overdue note held by North American Light & Power Company in the principal amount of $210,000 and bearing interest at 5½%; 7,000 shares of 7% preferred stock, par value $50 per share in the aggregate amount of $350,000 on which there were arrears of $32.66⅔ per share in the aggregate amount of $228,667 as of April 30, 1942 and 10,000 shares of common stock without par value but with a stated value in the aggregate amount of $500,000.

(2) That all of the common stock of Kewanee Public Service Company is owned by Illinois Traction Company, a registered holding company and a subsidiary of North American Light & Power Company, also a registered holding company and in turn a subsidiary of The North American Company.

(3) That Illinois Traction Company is the owner of 1,496 shares of the 7% preferred stock above mentioned and that the remaining 5,504 shares of said preferred stock are publicly held.

(4) That the assets and physical properties of Kewanee Public Service Company as of April 30, 1942 were carried on the books of said company at a stated net value of $1,873,097; that the said net carrying value of $1,873,097 includes not less than $710,000 of intangibles and plant not used or useful.

(5) That the past due note held by North American Light & Power Company was executed in 1935 and received by it in consideration of the cancellation of an open account indebtedness; that said note was originally in the amount of $360,000 but as of December 31, 1941 had been reduced to $210,000; that in the years 1928, 1929 and 1930 while dividends were purportedly declared and paid on the common stock of Kewanee aggregating $170,000 the open account indebtedness increased by $430,369.

(6) That for the years 1932–1941 inclusive, the net income, earned surplus, dividends, amounts due affiliates, and depreciation accruals were reported to be as follows:

Year	Net income per books	Earned surplus, end of year	Preferred stock dividends	Due affiliates end of year		Depreciation accruals
				Open account	Note	
1932	$17,564	$17,000	$24,500	$534,488		$45,031
1933	(45,168)	[1] (105,305)		470,000		67,678
1934	(30,819)	(104,813)		415,000		74,750
1935	(14,365)	(105,132)			$360,000	79,034
1936	(6,300)	(122,537)			360,000	74,025
1937	15,511	(106,625)			335,000	84,186
1938	12,253	(88,372)			310,000	75,796
1939	9,313	(69,010)			260,000	84,855
1940	4,996	(67,334)			210,000	87,945
1941	2,863	(64,044)			210,000	87,606

[1] Includes $86,152 loss on street railway properties.

As may be seen by the above table the common stock of Kewanee Public Service Company has had no equity in the earnings of the company and no dividends have been paid on the preferred stock for the past nine years.

(7) That all the voting power of Kewanee Public Service Company is vested in the common stock of said company and that the assets and earnings of said company are insufficient to provide any equity for said common stock, as is indicated by the following table:

Total net assets per books [1]		$1,873,097
Plant not used or useful (not less than)		290,000
Balance		1,583,097
Bonded indebtedness	$883,300	
Past due note payable to NALPCO	210,000	
Total preferred and arrears	578,667	1,671,967
Balance applicable to common		(88,870)

[1] Includes not less than $420,000 of intangibles.

(8) That the corporate structure of Kewanee unfairly and inequitably distributes voting power among the security holders thereof.

(9) That the books of account of Kewanee Public Service Company do not properly reflect or disclose the assets, properties or financial condition of the Kewanee Public Service Company.

It, therefore, appearing to the Commission on the basis of its examinations as aforesaid that proceedings should be instituted and hearings held under sections 11 (b) (2), 12 (c), 12 (f), 15 (f) and 20 (a) of said Act with respect to Kewanee Public Service Company to determine what steps, if any, are necessary and should be required to be taken by said company in order to comply with the said provisions of said Act;

It is ordered, That Kewanee Public Service Company is hereby made respondent in these proceedings and that said respondent shall file with the Secretary of the Commission on or before September 19, 1942 an answer in the form prescribed in Rule U-25 to the allegations of paragraphs numbered 1–9 inclusive thereof;

It is further ordered, That a hearing be held on the proceedings herein instituted on the 23d day of September, 1942 at 10 A. M., E. W. T., at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania, in such room as may be designated on that day by the hearing room clerk in Room 318;

It is further ordered, That William W. Swift or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to a Trial Examiner under the Commission's Rules of Practice.

It is further ordered, That the Secretary of the Commission shall serve notice of the hearing aforesaid by mailing a copy of this order by registered mail to Kewanee Public Service Company, Illinois Iowa Power Company, Illinois Traction Company and North American Light & Power Company not less than 15 days prior to the date hereinbefore fixed as the date for said hearing; and that notice of said hearing is hereby given to all security holders of said companies, to all consumers of said Respondent, to the State of Illinois and to all municipalities and political subdivisions of the State of Illinois within which are located any of the utility assets of Respondent, and to the Illinois Commerce Commission, that such notice be given by a general release of the Commission distributed to the press and mailed to the mailing list for releases issued under the Public Utility Holding Company Act of 1935 and by publication of this order in the FEDERAL REGISTER not later than 15 days prior to the date hereinbefore fixed as the date of the hearing;

It is further ordered, That any persons desiring to be heard in connection with these proceedings shall file with the Secretary of the Commission on or before the 19th day of September, 1942, a written statement relative thereto; that any person proposing to intervene shall file with the Secretary of the Commission on or before the 19th day of September, 1942 his application therefor as provided by Rule XVII of the Rules of Practice of the Commission;

It is further ordered, That without limiting the scope of the issues presented by the proceedings hereby instituted that evidence having particular bearing on the following matters will be adduced:

(1) Whether the allegations in paragraphs 1 to 9 inclusive hereof are true and accurate;

(2) What steps, if any, are necessary and should be required to be taken by Kewanee Public Service Company to insure a fair and equitable distribution of voting power among its security holders;

(3) Whether recapitalization of Kewanee Public Service Company is necessary in order to distribute voting power fairly and equitably among its security holders, and if so what form such recapitalization should take;

(4) What treatment should be accorded the past due note owned by North American Light & Power Company and preferred stock owned by Illinois Traction Company in any such recapitalization;

(5) What steps, if any, are necessary and should be required to be taken by Kewanee Public Service Company to insure that the books, records and accounts of Kewanee Public Service Company accurately and truly reflect the financial condition, property and assets of Kewanee Public Service Company;

(6) What adjustments and charges should be required on the balance sheet of Kewanee Public Service Company;

It is further ordered, That jurisdiction be and it is hereby reserved to separate, either for hearing in whole or in part or for disposition in whole or in part any of the issues or questions which may arise in this proceeding and to take such other action which may appear conducive to an orderly, prompt and economical disposition of the matters involved.

By the Commission.

THE PUEBLO GAS AND FUEL COMPANY AND CITIES SERVICE POWER & LIGHT COMPANY

NOTICE OF FILING AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 1st day of September A. D. 1942.

Notice is hereby given that declarations or applications (or both) have been filed with this Commission by The Pueblo Gas and Fuel Company and Cities Service Power & Light Company pursuant to the Public Utility Holding Company Act of 1935 and particularly sections 6, 7, 9, 10, and 12 thereof. All interested persons are referred to said declarations or applications which are on file in the office of said Commission for a statement of the transactions therein proposed, which are summarized as follows:

The Pueblo Gas and Fuel Company (hereinafter referred to as "Pueblo") has outstanding 3,000 shares of common stock of the par value of $100 per share out of an authorized issue of 10,000 shares; and 4,023 shares of preferred stock of the par value of $100 per share. All of such outstanding common and preferred stock is owned by Fred Witsell, president of Pueblo. There are also outstanding under an indenture of Pueblo to Manufacturers Trust Company (successor trustee) dated September 1, 1922, $637,600 principal amount of the company's Series A 5% First Mortgage Sinking Fund Gold Bonds which mature on September 1, 1942. Of these outstanding bonds $290,080 principal amount thereof are publicly owned; $315,520 principal amount thereof are owned by Cities Service Power & Light Company (hereinafter referred to as "Power & Light") and $32,000 principal amount are owned by Cities Service Company. Pueblo is also indebted to Power & Light in the amount of $1,227,408.15, of which $1,227,000 is represented by a non-interest bearing note and $408.15 is represented by open account indebtedness.

The companies propose to effect the following transactions:

1. Power & Light proposes to purchase all outstanding shares of common and preferred stocks of Pueblo for a total consideration of $1,000.

2. Pueblo proposes to issue to Power & Light, and Power & Light proposes to acquire 3,155.2 shares of the common stock of Pueblo with a par value of $315,520 in full satisfaction and discharge of an equal principal amount of Pueblo's First Mortgage Sinking Fund Gold Bonds due September 1, 1942 now owned by Power & Light.

3. Pueblo proposes to extend the maturity date of the balance of its outstanding First Mortgage Bonds in the principal amount of $322,080 from September 1, 1942 to September 1, 1952, such extended bonds to continue to bear interest at 5% per annum, to be redeemable at 100% of the principal amount thereof, plus accrued interest, and to be further secured by the terms of an indenture supplemental to the indenture dated September 1, 1922.

4. Power & Light proposes to donate to Pueblo, and Pueblo proposes to acquire: (a) 2,655.2 shares of the common stock of Pueblo in the aggregate par value of $265 520; (b) 4,023 shares of Pueblo's preferred stock in the aggregate par value of $402,300; and (c) the $1,227,408.15 principal amount of indebtedness of Pueblo due Power & Light.

Pueblo proposes to retire and cancel all of such securities and credit the amount thereof to capital surplus.

5. Pueblo proposes to provide for additional property reserves in the amount of $210 510 80 by a charge to surplus, and further proposes to write-off against surplus certain intangible property in the amount of $48,676.10, which amounts, together with the existing surplus (deficit) of $1,186.041.25 as at June 30, 1942, will be charged to the capital surplus created through the donation of securities by Power & Light; to charge retirement reserve with the estimated cost of its manufacturing gas facilities no longer used or useful in the approximate amount of $200,000.

All of the foregoing transactions are to become effective, when, as and if the holders of 90% of the First Mortgage Bonds of Pueblo, owned by others than Power & Light, shall have duly extended the maturity of their bonds to September 1, 1952 in accordance with the supplemental indenture.

Additional information concerning the proposed transaction is to be filed by amendment.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to said matters, and that said applications shall not be granted nor said declarations become effective except pursuant to further order of this Commission:

It is ordered, That a hearing on such matters under the applicable provisions of said Act and Rules of the Commission thereunder be held on September 24, 1942, at 10 A. M.. E. W. T., at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania, in the room designated on said date by the hearing room clerk in Room 318. At such hearing, cause shall be shown why such declarations or applications (or both) shall become effective or shall be granted.

Notice is hereby given to the above named declarants or applicants and to all interested persons, said notice to be given to said declarants or applicants by registered mail and to all other persons by publication in the FEDERAL REGISTER.

It is further ordered, That Robert P. Reeder or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing in such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to a trial examiner under the Commission's Rules of Practice.

It is further ordered, That without limiting the scope of issues presented by said declarations and applications (or both) otherwise to be considered in this proceeding, particular attention will be directed at the hearing to the following matters and questions:

1. Whether the issues and sales by Pueblo of its common stock and first mortgage bonds are reasonably adapted to the security structure and earning power of Pueblo, and whether the terms and conditions of such issues and sales are detrimental to the public interest or the interest of investors or consumers.

2. Whether the acquisition of Pueblo's securities by Power & Light (a) will tend toward interlocking relations or the concentration of control of public utility companies, of a kind or to an extent detrimental to the public interest or the interest of investors or consumers; (b) will unduly complicate the capital structure of the holding company system or will be detrimental to the public interest or the interest of investors or consumers or the proper functioning of the holding company system; (c) is detrimental to the carrying out of the provisions of section 11 of the Act; and (d) will tend toward the economical and efficient development of an integrated public utility system.

3. Facts and circumstances concerning the acquisition and ownership by Cities Service Company of $32,000 principal amount of first mortgage bonds of Pueblo, and whether, in view of such facts as determined, any particular action should be taken with respect to the interest of Cities Service Company represented by such securities, including the subordination thereof, in whole or in part, to the claims of other security holders.

4. Whether, in the public interest or in the interest of investors or consumers, it is necessary or appropriate to impose any terms or conditions in any order which might be entered approving said transactions.

5. Whether all action proposed to be taken complies with the requirements of the Act and Rules, Regulations or Orders promulgated thereunder.

By the Commission.

In the absence of such arrears, voting rights are vested solely in the common stock.

II

ORGANIZATION OF CITIES SERVICE POWER & LIGHT COMPANY

5. Power & Light was incorporated on November 3, 1924 Pursuant to an agreement dated January 2, 1925, Power & Light acquired as of June 30, 1924, from Cities Service Company, securities and accounts of certain utility companies, the book cost of which to Cities Service Company was $42 909.502 of which $34,567,830 was applicable to the securities. In consideration for the transfer of such securities and accounts, Power & Light issued and delivered to Cities Service Company and assumed securities as follows:

Description	*Amount*
20-year 6% gold bonds	$20, 000, 000
First preferred stock 7%	10, 000: 000
Second preferred stock 7%	5, 000, 000
Common stock	64, 999, 000
Cash	1, 000
Indebtedness assumed	6, 465. 889
Total	$106, 465, 889

The excess of the book cost to Power & Light over book cost to Cities amounted to $58 556,387.[1] The securities thus acquired from Cities Service Company presently comprise substantially the major assets of Power & Light. The securities issued therefor represented the total issued and outstanding securities of Power & Light at such date.

6. The bonds and first preferred stock so received by Cities Service Company, together with additional bonds for which the second preferred stock so received was exchanged par for par, were offered to the public through underwriters. Cities Service Company still owns all of the common stock of Power & Light which it acquired upon the organization of that company with the exception of $5,000,000 par value which was "donated" to Power & Light in September 1935. The investment of Cities Service Company in such common stock is carried on its books at $8,001,938. This investment affords control of the Power & Light system, with total consolidated assets of $426,727,463 as at December 31, 1941.

III

ACQUISITION OF PREFERRED STOCKS

7. Between June 15, 1932 and December 27, 1939 Power & Light paid no dividends on its preferred stocks Between such dates Cities acquired outstanding preferred stock of Power & Light through market purchases at the costs as shown in the following table:

Year acquired	Shares purchased	Total cost	Average price
June 1, to Dec. 31:			
1932	1, 886	$36, 714	$19. 47

While arrears were accumulating on Power & Light preferred stock, Cities acquired 24,481 shares of such stock at an aggregate cost of $1,217,316 of which 11,452 shares were acquired during the year 1938 at an average cost of $55.84 per share. Between December 27, 1939 (when Power & Light began paying its accumulated dividend arrears) and De-

[1] As reduced by the "donation" by Cities of $5,000,000 par value of Power & Light's common stock (See paragraph 6 hereof.)

cember 31, 1942, Cities received dividends on the shares so purchased in the amount of $1,514,942 which was $297,626 more than the total cost of such shares to Cities.

8. During the period when Power & Light was accumulating preferred dividend arrears and when Cities Service Company was increasing its investment in preferred shares of Power & Light, the latter issued notes payable to Cities Service Company and to Cities Service Securities Company (a wholly owned subsidiary of Cities Service Company). Principal and interest were paid in full on these notes prior to the resumption of dividend payments on the preferred stock.

9. Dividends were resumed on December 27, 1939 and between such date and May 8, 1941 all accumulated arrearages were paid. Accumulated arrearages for a period of approximately seven and one-half years were paid within a period of approximately sixteen and one-half months, during which time current dividends were also paid. During the three years 1939 to 1941, Cities received dividends in the aggregate amount of $6,856,712 on the Power & Light preferred stock held by it, including the shares acquired as shown in paragraph 7 above. Immediately following payment of all accumulated dividend arrearages on its preferred stocks, Power & Light resumed payment of dividends on its common stock, all held by Cities, and paid dividends thereon during the balance of the year 1941 in the aggregate amount of $1,650,000.

[1] No preferred dividends paid between June 15, 1932 and Dec. 27, 1939.
[1] Indicates red figure.
[2] Includes undistributed earnings of subsidiaries for the years prior to Jan. 1, 1938, which in certain years were computed after depreciation charges in amounts less than those actually made by subsidiaries.

12. Prior to 1938, it was the policy of Power & Light to reflect on its books its equity in the surplus of subsidiary companies and to include as income its proportion of the net earnings of such subsidiaries. If net income were computed on the basis of dividends actually received from subsidiaries, Power & Light paid dividends in certain years when no surplus was available therefor.

13. During the period from June 30, 1924 to December 31, 1927, Power & Light included as income its proportion of subsidiary companies' earnings before the deduction therefrom of accruals for depreciation or retirements, and deducted from its income an amount for such accruals as stipulated by its bond indenture, which amount was substantially less than the depreciation or retirement provisions charged to income by subsidiaries. As a result of this accounting policy, Power & Light paid dividends when no surplus would have been available therefor under accepted accounting practices.

14. Cities Service Company has also received engineering and management fees from Power & Light and subsidiaries which were not based on the cost of rendering such services but were determined by arbitrary percentages of construction costs and gross revenues, respectively.

15. Net income of Power & Light amounted to $2,948,219 in 1941. Dividends paid during 1941, including $1,650,000 on the common stock, totaled $4,450,756. As of December 31, 1940, current assets of Power & Light exceeded current liabilities by $519,581. As of December 31, 1941, current liabilities exceeded currents assets by $162,320. Subsequent to December 31, 1941, and the payment of $1,650,000 of common stock dividends to Cities, Power & Light borrowed $650,000 on a 2% short term bank loan.

16. The following table shows the changes in the corporate capitalization and surplus of Power & Light between November 7, 1924 and December 31, 1941 (per books) and reflects an increase in the ratio of long term debt, and a decrease in the ratio of common stock and surplus, to the total capitalization and surplus:

	Nov. 7, 1924		Dec. 31, 1941

[1] Compared with the above stated value, the preferred shares have preference upon involuntary liquidation of $17,792,300.

17. The following table shows the changes in the consolidated capitalization and surplus of Power & Light and its subsidiary companies between June 30, 1924 and December 31, 1941 (per books), and reflects an increase in the ratio of long term debt and a decrease in the ratio of the common stock and surplus to the total consolidated capitalization and surplus:

18. As of December 31, 1941, the structure of the holding company system of Power & Light and its subsidiary companies reflected the following ratios on a consolidated basis.

Ratio	Percentage
Debt to total capitalization and surplus	59.5
Debt and preferred stock to total capitalization and surplus	78.3
Debt to net fixed assets and investments	63.3
Debt and preferred stock to net fixed assets and investments	83.2
Debt to net fixed property	65.5
Debt and preferred stock to net fixed property	86.2

The capitalization tables in paragraphs 16 and 17 and the foregoing computations are based on the books of the companies and do not exclude intangibles or items of inflation herein described.

19. Appendix (1) attached hereto and made a part hereof shows the securities of subsidiary companies held by Power & Light as of December 31, 1941. Such securities (excluding those of Citizens Gas Fuel Company) are carried on Power & Light's books at $38,480,794 in excess of the principal amount, par or stated value thereof, on the books of the subsidiary companies. Appendix (2) shows securities of other companies held by Power & Light at such date.

Public Service Company of Colorado, The Ohio Public Service Company, The Toledo Edison Company and The Empire District Electric Company, among others, are all operating public utility companies and are direct subsidiaries of Cities Service Power & Light.

[1] The above preferred stock is shown at the involuntary liquidating value ($110 per share) which exceeded par value ($100 per share) by $587,270. This excess has been eliminated from the above earned surplus account. The other classes of preferred issues reflect involuntary liquidating values which are equal to the par values.
[1] Earned Surplus per books amounted to $2,273,673 of which $2,182,954 is restricted under the Trust Indenture as to payment of Common Dividends.

21. Power & Light exercises 100% voting control over Colorado by reason of ownership of all of its common stock. The preferred stock is entitled to one vote per share when dividends are in arrears for a period of twelve months. In such contingency, the common stock would still represent more than 66% of the voting control.

22. The changes in the capitalization and surplus of Colorado and subsidiaries between June 30, 1925 and December 31, 1941 (reflecting an increase in the ratio of long term debt, and a decrease in the ratio of common stock and surplus, to total capitalization and surplus) are shown by the following table:

	June 30, 1925		Dec. 31, 1941

[1] Includes $2,182,954 restricted under trust indentures.

23. Common stock dividends paid to Power & Light and earnings available therefor for the years 1930 to 1941, inclusive, by Colorado, and the annual depreciation charged to income and the depreciation allowed or claimed for Federal income tax purposes for the years 1933 to 1940, inclusive, were as follows:

Year	Balance after preferred dividends paid	Common stock dividends paid	Balance
1930	$2,482,736	$1,248,000	$1,234,736

25. The ratios of long-term debt, and long-term debt and preferred stock of Colorado to its net utility plant per books, and adjusted to eliminate items of inflation, are shown in Appendix (3). As of December 31, 1941 long-term debt and preferred stock amounted to 104.56% of net utility plant as adjusted.

26. The common stock and surplus of Colorado, per books, and adjusted to eliminate items of inflation is shown in Appendix (4). The common stock and surplus, as adjusted, amounts to $2,068,443 as compared to $25,492,862, per books.

The Ohio Public Service Company

27. The following table shows the capitalization and surplus as at December 31, 1941 of The Ohio Public Service Company (hereinafter sometimes referred to as "Ohio") and the division of ownership of the outstanding securities as between Cities Service Power & Light Company and public investors:

[3] Earned Surplus is restricted as to payment of cash dividends on common shares under the order of the Public Utilities Commission of Ohio in connection with the issue of the 2⅝% unsecured notes due serially over a period to January 1948. Such restriction amounts to $1,624,325 at Dec. 31, 1941.

28. Power & Light exercises 100% voting control over Ohio by reason of ownership of all its common stock. The preferred stock is entitled as a class to 50% of entire voting power when dividends are in arrears for a period of twelve months.

29. The changes in the capitalization and surplus of Ohio and subsidiary company between December 31, 1924 and December 31, 1941, reflecting an increase in the ratio of long-term debt and preferred stock, and a decrease in the ratio of common stock and surplus, to total capitalization and surplus, are shown by the following table:

[1] Includes accounts payable to affiliated companies of $35,971.
[2] Excludes $7,000,000 being advanced by the Reconstruction Finance Corporation for construction of generating plant.
[3] Earned surplus is restricted as to payment of cash dividends on common shares under the order of the Public Utilities Commission of Ohio in connection with the issue of the 2⅝% unsecured notes due serially over a period to January 1948. Such restriction amounts to $1,624,325 at December 31, 1941.

30. Common stock dividends paid to Power & Light and earnings available therefor for the years 1930 to 1941, inclusive, by Ohio, and the annual depreciation charged to income and the depreciation allowed or claimed for Federal income tax purposes for the years 1933 to 1940, inclusive, were as follows:

Year	Balance after preferred dividends paid	Common stock dividends paid	Balance

46. The Report to Stockholders of Empire District for the year 1941 contained the following:

The Federal Power Commission has made a report indicating a reduction in the plant accounts of $324,938.26 by charges to surplus of $190,059.16 and to other balance sheet accounts of $134,879.10, and has issued an order requiring the Company to show cause for not effecting this adjustment and also to submit a plan for the disposition of balances (established in the Commission's report) in the following accounts:

Electric Plant acquisition adjustments	$1,015,853.55
Electric Plant adjustments	6,624,099.31

The Company does not agree with the Commission's findings, and pending final settlement of the matter, the effect on the accounts is indeterminate.

47. The ratios of long term debt, and long term debt and preferred stock and arrears thereon of Empire District to its net utility plant per books, and adjusted to eliminate items of inflation, are shown in Appendix (3). As of December 31, 1941 long term debt and preferred stock and dividend arrears thereon amounted to 137.38% of net utility plant adjusted.

48. The common stock and surplus of Empire District, per books, and adjusted to eliminate items of inflation, is shown in Appendix (4). The common stock and surplus, as adjusted, amounts to a deficit of $5,038,473 as compared to $4,235,894 per books.

49. Appendix (5) attached hereto and made a part hereof shows Power & Light's income from all sources and the amount thereof received from Public Service Company of Colorado, The Ohio Public Service Company, The Toledo Edison Company and Empire District Electric Company for the three calendar years 1939 to 1941, inclusive. During such period the aggregate income from these four subsidiaries constituted approximately 70% of Power & Light's income from all sources.

VI

It appearing to the Commission in the light of the foregoing that it is appropriate in the public interest and the interest of investors to institute proceedings against Cities Service Company, Cities Service Power & Light Company, Federal Light & Traction Company, Central Arkansas Public Service Corporation, Public Service Company of Colorado, The Ohio Public Service Company, The Toledo Edison Company and Empire District Electric Company, pursuant to sections 11 (b) (2), 12 (c), 12 (f) and 15 (f) of the Public Utility Holding Company Act of 1935 in order to determine whether certain orders should be entered pursuant to the provisions of said sections, all as set forth more fully below:

It is ordered, That such companies named immediately above file with the Secretary of the Commission on or before the 22nd day of September 1942, answers to the allegations of paragraphs 1 to 49, inclusive, hereof in the form prescribed by Rule U-25 of the Rules pursuant to said Act.

It is further ordered, That pursuant to sections 11 (b) (2), 12 (c), 12 (f) and 15 (f) of the Public Utility Holding Company Act of 1935, a hearing be held on such matters at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania at 10: 00 o'clock in the forenoon of the 6th day of October, 1942 to determine:

a. Whether the allegations in paragraphs 1 to 49, inclusive, are true and accurate;

b. Whether the corporate structure or continued existence of Cities Service Power & Light Company unduly or unnecessarily complicates the structure of the holding company system of Cities Service Company and/or Cities Service Power & Light Company; and if so, what action shall be required to be taken pursuant to section 11 (b) (2) with respect thereto;

c. Whether the structure of the holding company system of Cities Service Company is unduly or unnecessarily complicated by reason of the ownership by Cities Service Company of debt securities and preferred stocks of Cities Service Power & Light Company in addition to common stock of such company;

d. Whether voting power is fairly and equitably distributed among the security holders of Cities Service Power & Light Company; and if not, what action shall be required to be taken pursuant to section 11 (b) (2) with respect thereto;

e. Whether voting power is fairly and equitably distributed among the security holders of Public Service Company of Colorado, The Ohio Public Service Company, The Toledo Edison Company, and/or The Empire District Electric Company; and if not, what action shall be required to be taken pursuant to section 11 (b) (2) with respect thereto;

f. What action shall be required to be taken so that Cities Service Company or Cities Service Power & Light Company shall cease to be a holding company with respect to each subsidiary company thereof which itself has a subsidiary company which is a holding company;

g. Whether it is necessary or appropriate to enter any order pursuant to sections 12 (c) and 12 (f) of the Act prohibiting or restricting the payment of principal or interest on the debentures of Cities Service Power & Light Company held by Cities Service Company or prohibiting or restricting the payment of dividends on the preferred stock and/or common stock of Cities Service Power & Light Company held by Cities Service Company in order to protect the financial integrity of Cities Service Power & Light Company or any of its subsidiary companies or to prevent the payment of dividends out of capital or unearned surplus or to prevent circumvention of the provisions of the Act or any rule, regulation or order thereunder or otherwise in the pulic interest or for the protection of investors;

h. Whether the payments of common dividends by Cities Service Power & Light Company since May 8, 1941, have been in accordance with the applicable requirements and standards of the Act and Rules and Regulations thereunder and whether it is necessary or appropriate to require any action to be taken in the light of such payments;

i. Whether it is necessary or appropriate to enter any order pursuant to sections 12 (c) and 12 (f) of the Act prohibiting or restricting the payment of principal or interest of debt securities or prohibiting or restricting the payment of dividends on preferred stock or common stock of Public Service Company of Colorado, The Ohio Public Service Company, The Toledo Edison Company and/or The Empire District Electric Company, held by Cities Service Power & Light Company in order to protect the financial integrity or safeguard the working capital of such companies or any of them or to prevent the payment of dividends out of capital or unearned surplus or to prevent circumvention of the provisions of the Act or any Rule, Regulation or order thereunder or otherwise in the public interest or for the protection of investors.

j. Whether it is necessary or appropriate in the public interest or for the protection of investors to require Cities Service Power & Light Company, Public Service Company of Colorado, The Ohio Public Service Company, The Toledo Edison Company and/or The Empire District Electric Company to restate their respective plant investment, surplus, capital or other accounts pursuant to section 15 (f) of the Act and the Rules and Regulations thereunder so as to segregate, dispose of and eliminate write-ups and intangibles in the plant and investment accounts, set up adequate reserves for retirements and depreciation of plant and property, and make other adjustments in conformance with the standards of the Act and Rules and Regulations thereunder.

It is further ordered, That upon convening of the hearing above ordered, the respondents, Cities Service Company and Cities Service Power & Light Company, shall show cause why the Commission shall not forthwith enter an order prohibiting the declaration or payment of further dividends on the common stock of Cities Service Power & Light Company as violative of section 12 (c) of the Public Utility Holding Company Act of 1935 and rules thereunder; such order to be effective until termination of the proceeding herein ordered and final determination of the issues stated above.

It is further ordered, That William W. Swift or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing on such matters. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the Public Utility Holding Company Act of 1935 and to a trial examiner under the Commission's Rules of Practice.

It is further ordered, That notice of said hearing is hereby given to Cities Service Company, Cities Service Power & Light Company, Federal Light & Traction Company, Central Arkansas Public Service Corporation, Public Service Company of Colorado, The Ohio Public Service Company, The Toledo Edison Company and The Empire District Electric Company, to their respective security holders, all States, muncipalities and political subdivisions of States within which are located any of the physical assets of said companies, or under the laws of which any of said companies are incorporated, all State Commissions, State Securities Commissions and all agencies, authorities or instrumentalities of one or more States, municipalities or other political subdivisions having jurisdiction over such companies or over any of the businesses, affairs, or operations of any of them; that the Secretary of the Commission shall serve notice of the hearing aforesaid by mailing a copy of this order by registered mail to such companies not less than fifteen days prior to the date hereinbefore fixed as the date for filing of answers; that such notice shall be given further by a general release of the Commission, distributed to the press and mailed to the mailing list for releases issued under the Public Utility Holding Company Act of 1935; and that further notice be given to all persons by publication of this order in the Federal Register not less than fifteen days prior to the date hereinbefore fixed as the date of hearing; and

It is further ordered, That any person proposing to intervene or to be heard in these proceedings shall file with the Secretary of the Commission on or before the 22nd day of September, 1942 his request or application therefor as provided by Rule XVII of the Rules of Practice of the Commission.

By the Commission.

[1] Prior to Dec. 31, 1940, Toledo Edison Company was a subsidiary of Toledo Light & Power Co. which in turn was a wholly owned subsidiary of Cities Service Power & Light Co. On Dec. 31, 1940, Cities Service Power & Light Co. acquired all of its assets and Toledo Light & Power Co. was dissolved. The above income for the years 1939 and 1940 reported as received from Toledo Edison Company represents amounts received from Toledo Light & Power Co. and not from Toledo Edison. However, Toledo Edison's payments to Toledo Light & Power for the years 1939 and 1940 exceeded the amounts paid by Toledo Light & Power Co. to Cities Service Power & Light Co.

ELECTRIC BOND AND SHARE COMPANY

NOTICE OF FILING OF APPLICATION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 4th day of September, A. D. 1942.

Notice is hereby given that Electric Bond and Share Company, a registered holding company under the Public Utility Holding Company Act of 1935, has filed an application designating section 11 (e) of the Act as applicable thereto for approval of a plan to enable it to comply with the provisions of section 11 (b) of the Act.

All interested parties are referred to said document, which is on file in the office of the Commission, for a statement of the transaction therein proposed, which is summarized as follows:

Said application states that Electric Bond and Share Company is the owner of 846,985 shares of the common stock of American Gas and Electric Company, a registered holding company under the Act and a subsidiary of Electric Bond and Share Company, and that the applicant now has outstanding 1,059,325 shares of $6 Preferred Stock and 269,600 shares of $5 Preferred Stock. The application also states that Electric Bond and Share Company now proposes to divest itself of its interest in American Gas and Electric Company and to use additional cash in retirement of its outstanding preferred stocks.

It is stated in the plan submitted with said application that Electric Bond and Share Company proposes to offer, for each share of its preferred stocks, common stock of American Gas and Electric Company plus cash from its treasury or from the sale of bonds in its portfolio. The plan, as filed, does not set forth the basis of such exchange offer, instead, the applicant states that the terms thereof will be submitted by amendment and will be predicated upon the market value of the common stock of American Gas and Electric Company and of the preferred stocks of Electric Bond and Share Company and upon other applicable considerations at the time such amendment to the plan is filed. The plan, as submitted, contemplates that the exchange offer will be open for a specified period (not presently stated), and that such offer will provide that if the number of shares of common stock of American Gas and Electric Company owned by Electric Bond and Share Company (846,985 shares) is not sufficient to take up all shares of its preferred stocks offered for exchange, Electric Bond and Share Company will apply its holdings of such common stock and cash to the acquisition upon such basis (to be furnished by amendment, as aforesaid) of a substantially pro rata portion of the shares of those preferred stockholders who desire to take advantage of such exchange offer. The applicant also states that in order to avoid the acquisition of fractional shares of its preferred stocks, the plan will provide that all shares of preferred stocks offered for exchange are to be subject to acquisition in whole or in any full share part.

Upon receipt of the proposed amendments to said plan in respect of the basis of such exchange offer and other material data, public notice of the contents thereof will be given and a hearing upon said plan, as supplemented and amended, will be ordered.

By the Commission.

BELLOWS FALLS HYDRO-ELECTRIC CORP. AND OLCOTT FALLS CO.

NOTICE OF FILING AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 4th day of September 1942.

In the matter of Bellows Falls Hydro-Electric Corporation, File No. 70-593, and Olcott Falls Company, File No. 70-594.

Notice is hereby given that applications have been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by Olcott Falls Company, a subsidiary company of Joseph B. Ely, C. Brooks Stevens and Henry G. Wells, As Trustee under a Trust Agreement dated January 31, 1939, a registered holding company, and by Bellows Falls Hydro-Electric Corporation, a subsidiary of New England Power Association, a registered holding company. All interested persons are referred to said applications, which are on file in the office of this Commission, for a statement of transactions therein proposed which are summarized as follows:

Olcott Falls Company proposes to sell and Bellows Falls Hydro-Electric Corporation proposes to purchase all of the physical properties and franchises of Olcott Falls Company which include the so-called Wilder Power Development at Hartford, Vermont and Lebanon, New Hampshire, on the Connecticut River consisting of certain facilities for the production and transmission of electric energy. The purchase price is to be $200,000 which is payable in cash. In connection with the proposed purchase, Bellows Falls Hydro-Electric Corporation will assume all the obligations of Olcott Falls Company under and in connection with a contract of October 1, 1937 for the supply of power to Granite State Electric Company and to Bellows Falls Hydro-Electric Corporation, such assumption to be on terms creating a novation with Granite State Electric Company and Bellows Falls Hydro-Electric Corporation remaining as the only parties to said contract.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to said matters and that said applications shall not be granted except pursuant to further order of the Commission;

It is ordered, That a hearing on such matters under the applicable provisions of said Act and the Rules and Regulations of the Commission thereunder be held on September 24, 1942, at 10:00 o'clock A.M., E.W.T., at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania. On such day the hearing clerk in Room 318 will advise as to the room where such hearing will be held. At such hearing cause shall be shown why such applications shall be granted.

Notice is hereby given of said hearing to the above named applicants and to all interested parties, said notice to be given to said applicants by registered mail and to all other persons by publication in the FEDERAL REGISTER.

It is further ordered, That Willis E. Monty, or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to a trial examiner under the Commission's Rules of Practice.

By the Commission.

AMERICAN UTILITIES SERVICE CORPORATION

NOTICE REGARDING FILING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 5th day of September, 1942.

Notice is hereby given that a declaration or application (or both) has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by American Utilities Service Corporation, a registered holding company; and

Notice is further given that any interested person may, not later than September 22, 1942 at 5:30 p. m., request the Commission in writing that a hearing be held on such matter, stating the reasons for such request and the nature of his interest, or may request that he be notified if the Commission should order a hearing thereon. At any time thereafter such declaration or application, as filed or as amended, may become effective or may be granted, as provided in Rule U-23 of the Rules and Regulations promulgated pursuant to said Act, or the Commission may exempt such transactions as provided in Rules U-20 (a) and U-100 thereof. Any such requests should be addressed: Secretary, Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania.

All interested persons are referred to said declaration or application, which is on file in the office of this Commission, for a statement of the transaction therein proposed, which is summarized below:

American proposes to acquire prior to December 31, 1942 a principal amount of not exceeding $250,000 of its Collateral Trust 6% Bonds, Series A through Continental Illinois Bank and Trust Company, Indenture Trustee, which will invite tenders pursuant to the indenture. $178,000 of the funds to be used for such redemption will be obtained by American from the pending sale of its investment in Lexington Water Company. The remaining funds will be taken from the release moneys held by the Trustee.

By the Commission.

NIAGARA HUDSON POWER CORPORATION AND ITS SUBSIDIARY COMPANIES, RESPONDENTS

ORDER EXTENDING TIME FOR FILING OF ANSWERS AND DATE FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 4th day of September, 1942.

The Commission having, on the 28th day of August, 1942, issued its Notice of and Order for Hearing, pursuant to sections 11 (b) (2), 12 (c), 12 (f), 15 (f) and 20 (a) of the Public Utility Holding Company Act of 1935, in respect of the above-entitled matter; and

Such Order having provided that the Respondents, Niagara Hudson Power Corporation and its subsidiaries, and, more particularly, Niagara Hudson Power Corporation, Buffalo, Niagara and Eastern Power Corporation, Niagara Falls Power Company, Canadian Niagara Power Company, Ltd., Central New York Power Corporation, Northern Development Corporation, and New York Power and Light Corporation, should file with the Secretary of the Commission, on or before September 15, 1942, answers to the allegations contained in said Notice and Order, and having further provided that a hearing should be held on such matters at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania, at ten o'clock in the forenoon of October 1, 1942; and

The Commission having, on the 3rd day of September, 1942, received a request of the Respondents, by letter, that the time within which answers should be filed by the Respondents be extended

to October 1, 1942, and that the date for hearing be extended to October 15, 1942; and

The Commission having considered such request for extension and finding that the same is not unreasonable and that the granting of such request would not be detrimental to the public interest or the interests of investors or consumers;

It is ordered, That the time within which answers shall be filed by the Respondents herein be and hereby is extended to October 1, 1942.

It is further ordered, That the hearing shall be held in this matter on October 15, 1942, at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania, at ten o'clock in the forenoon of that day.

THE UNITED GAS IMPROVEMENT COMPANY AND ITS SUBSIDIARY COMPANIES, RESPONDENTS

ORDER RECONVENING HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 3rd day of September 1942.

The Commission, on April 9, 1941, in connection with the above-entitled proceedings, having issued its order directing the Respondents to show cause at a reconvened hearing to be held on April 15, 1941 why the Commission should not forthwith issue an order, pursuant to section 11 (b) (1) of the Public Utility Holding Company Act of 1935, requiring, among other things, the divestment by The United Gas Improvement Company of its direct or indirect interests in Public Service Corporation of New Jersey or the properties owned or operated thereby; and

The Commission, at hearings held on April 15, 1941 and postponed to April 29, 1941, having heard, among other things, various statements and contentions concerning the status of Public Service Corporation of New Jersey in the above-entitled proceedings and with respect to the retention by The United Gas Improvement Company of its interest in such corporation, and, on April 29, 1941, having reserved, among other things, for later determination the procedure to be followed with respect thereto; and

It appearing to the Commission that it is appropriate and in the public interest and the interests of investors and consumers that the hearing in this matter be reconvened for the purpose of affording an opportunity to Respondents and any interested persons to present any relevant evidence, contentions and supporting arguments as to the question of the retention by The United Gas Improvement Company of its direct or indirect ownership, control or holdings of securities of Public Service Corporation of New Jersey;

Now therefore it is ordered, That the hearing in the above-entitled proceedings be reconvened on September 22, 1942, at 10 o'clock in the forenoon of that day, at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania. On that day, the hearing-room clerk in Room 318 will inform the parties as to the exact room in which said hearing will be held. At such hearing, an opportunity will be afforded all interested parties or persons to present any relevant evidence, contentions or supporting arguments as to the matter in issue.

It is further ordered, That the Secretary of the Commission shall serve notice of the reconvened hearing aforesaid by mailing a copy of this order by registered mail to the agents for service duly designated by The United Gas Improvement Company and its subsidiaries, Respondents, and to Public Service Corporation of New Jersey, not less than ten days prior to the date of the reconvened hearing; and that notice of this order and of said reconvened hearing is hereby given to any other persons whose participation in such proceeding may be in the public interest or for the protection of investors and consumers; that such notice shall be given by a general release of the Commission distributed to the press and mailed to the mailing list for releases issued under the Public Utility Holding Company Act of 1935, and that such notice shall be given to all persons by publication of this order in the FEDERAL REGISTER.

It is further ordered, That any person proposing to intervene or to be heard in this proceeding shall file with the Secretary of the Commission, on or before September 21, 1942, his request or application therefor as provided by Rule XVII of the Commission's Rules of Practice.

It is further ordered, That, without limiting the scope of the issues presented by this proceeding, some of which have heretofore been raised in previous hearings, attention will be directed at the reconvened hearing to a consideration of the following matter and question: Whether the Commission should immediately enter an order, pursuant to section 11 (b) (1) of the Public Utility Holding Company Act of 1935, directing The United Gas Improvement Company to sever its relationship with Public Service Corporation of New Jersey by disposing of its direct or indirect ownership, control or holdings of securities issued by Public Service Corporation of New Jersey.

AMERICAN UTILITIES CORP., ET AL.

ORDER GRANTING EXTENSION OF TIME

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 4th day of September 1942.

In the Matter of American Utilities Service Corporation, Louisiana Public Service Corporation, and Wisconsin Southern Gas Company.

The Commission having permitted to become effective by order dated April 18, 1941, the applications or declarations filed by American Utilities Service Corporation (American), Louisiana Public Service Corporation (Louisiana) and Wisconsin Southern Gas Company (Wisconsin) pursuant to the Public Utility Holding Company Act of 1935 with respect to the issue by Louisiana of 750 shares of its common stock and the acquisition thereof by American for $30,000, the issue by Wisconsin of 500 shares of its common stock and the acquisition thereof by American for $50,000, the acquistion by American of 250 shares of the common stock of Independence Water Works Company for $332,900 and the acquisition by American of 2,000 shares of the common stock of the Suburban Water Company of Allegheny County, Pennsylvania for $100,000 (all of the companies whose stocks were to be so acquired being subsidiaries of American), and the pledge of all such shares by American with Continental Illinois National Bank and Trust Company of Chicago, as Trustee under the indenture securing its Collateral Trust 6% Bonds, Series A; and

All of said transactions other than the issue and acquisition of the Wisconsin stock having been carried out within 60 days after said order of April 18, 1941 as provided by Rule U-9 of the Commission's Rules under the Act then in effect; but American and Wisconsin not having carried out their transactions within such 60 day period because Wisconsin did not during that period have an active need for the proceeds to be received from such proposed sale of stock; and

American and Wisconsin having filed with this Commission a request for an extension of 60 days from the date hereof of the time within which their said transactions may be consummated, stating that Wisconsin now wishes to carry out such sale so as to have the proceeds available for additions and betterments to its properties as provided in their original applications or declarations and that American now has available funds to purchase such stocks and that it is now contemplated that said transactions will be consummated within a short time; and it appearing appropriate that such request be granted;

It is ordered that the time within which said transactions may be consummated under the Commission's order of April 18, 1941 is hereby extended for 60 days from the date hereof.

UNITED STATES MARITIME COMMISSION.

[General Order No. 54 Revised]

DELEGATION OF AUTHORITY TO GUARANTEE LOANS

Whereas, the Commission, pursuant to the provisions of section 1 of Executive Order 9112, dated March 26, 1942, is authorized, without regard to the provisions of law relating to the making, performance, amendment or modification of contracts, (a) to enter into contracts with any Federal Reserve Bank, the Reconstruction Finance Corporation or with any other financing institution guaranteeing such Reserve Bank, Reconstruction Finance Corporation or other financing institution against loss of principal or interest in connection with loans which may be made for the purpose of financing any contractor, subcontractor or others engaged in any business or operation which is deemed by the Commission to be necessary, appropriate or convenient for the prosecution of the war, and to pay out funds in accordance with the terms of any such contract so entered into, and (b) to enter into contracts to make, or to participate with any Federal Reserve Bank, the Reconstruction Finance Corporation, or other financing institution in making loans, discounts or advances, or commitments in connection therewith, for the purpose of financing any contractor, subcontractor or others engaged in any business or operation which is deemed by the Commission to be necessary, appropriate or convenient for the prosecution of the war, and to pay out funds in accordance with the terms of any such contract so entered into;

Whereas pursuant to section 2 of said Executive Order, it is provided that the authority conferred by section 1 thereof may be exercised by the Commission or may also be exercised in its discretion and by its direction through any officer or officers of the Commission, and that in the discretion and by the direction of the Commission, power may be conferred upon any such officer or officers to make further delegations of such powers within the Commission; and

Whereas, in order to facilitate the exercise of the Commission's powers pursuant to Executive Order 9112, it is necessary that the Commission delegate its authority thereunder to appropriate officers of the Commission for the performance and functions of the activities authorized by said Executive Order.

(1) Authority is hereby delegated to the Director and the Assistant Directors of Finance to exercise on behalf of the Commission the powers conferred by Executive Order 9112 and to make such further and other delegations of the said authority to other officers and employees of the Commission as they shall deem necessary and proper with respect to guarantees not in excess of one hundred thousand dollars ($100,000.00) for any one loan: *Provided*, That the approval of the Commission shall be first had and obtained as to (a) guarantees of loans in excess of two hundred and fifty thousand dollars ($250,000.00); (b) guarantees of more than ninety percentum (90%) of the amount of any loan; and (c) purchase orders and all other contracts of whatsoever type providing for an advance payment by the Commission.

(2) All acts performed by the Director of Finance or Assistant Directors of Finance in accordance with the intent and purpose of said Executive Order 9112 are hereby ratified and approved.

WAR MANPOWER COMMISSION.

EMPLOYMENT STABILIZATION IN NON-FERROUS METALS AND LUMBERING ACTIVITIES

By virtue of the authority vested in me as Chairman of the War Manpower Commission by Executive Order No. 9139[1] establishing the War Manpower Commission, and having found, after consultation with members of management and labor in the affected industries, and after consultation with affected Federal departments and agencies, that immediate effectuation of the War Manpower Commission's policy to prevent pirating of war workers, issued July 16, 1942,[2] is necessary to alleviate serious labor shortages which imperil the nation's war production program, I do hereby give notice that:

I. The plan set forth in paragraph IV hereof, designed to prevent unnecessary migration of workers, and formulated pursuant to and in accordance with the War Manpower Commission's policy to prevent pirating of war workers and approved procedures in implementation thereof, is hereby approved, and shall constitute an approved plan for all purposes of the said policy.

II. The following areas, activities, and occupations constitute, respectively, critical labor areas, essential war production activities, and critical occupations, for all purposes of the War Manpower Commission's policy to prevent pirating of war workers and of the approved plan set forth in paragraph IV hereof.

(a) The area comprising the States of Arizona, Colorado, Idaho, Montana, Utah, Wyoming, California, Nevada, Oregon, Washington, New Mexico, and Texas, constitutes a "critical labor area."

(b) All non-ferrous metal mining, milling, smelting and refining, and all logging and lumbering industries and activities carried on within such critical labor area constitute "essential war production activities."

(c) All production and maintenance occupations in the industries and activities designated as "essential war production activities" in paragraph (b) above, constitute "critical occupations."

III. The aforementioned policy and approved plan shall become operative on and after September 7, 1942, and shall remain operative until publication by the Chairman of the War Manpower Commission of appropriate notice to the contrary.

IV. Plan to prevent unnecessary migration of certain war workers.

(a) After the effective date of this plan, no worker engaged in an essential war production activity shall seek employment, whether essential or non-essential to war production, without first obtaining from a designated representative of the United States Employment Service a certificate of separation.

(b) No employer in the critical labor area, whether conducting activities essential or non-essential to war production, shall employ any workers who, after the effective date of this plan, had been engaged in a critical occupation in an essential war production activity within the designated critical labor area except upon presentation of a certificate of separation issued by the United States Employment Service.

(c) Each employer conducting an essential war production activity in the designated critical labor area shall, when work is available, refrain from separating any worker, except in cases of gross misconduct, without the approval of a designated representative of the United States Employment Service. Such approval shall be granted only when continued employment of the worker in his present job will no longer contribute to the war production program.

(d) Any worker applying for employment with an employer engaged in an essential war production activity in the designated critical labor area who feels that he is being denied employment for some reason other than his lack of qualification and physical fitness for performing the job for which he is an applicant, may request a designated representative of the United States Employment Service to intercede in his behalf. The representative of the United States Employment Service will investigate the facts, and if he concludes that the worker is being refused employment on grounds other than lack of qualification or physical fitness for performing the job, he shall endeavor to persuade the employer to reconsider his decision and employ the worker. If an adjustment satisfactory to the worker is not achieved, the case shall be referred to the Area War Manpower Committee for appropriate action.

(e) Any worker engaged in a critical occupation in an essential war production activity within a critical labor area will upon request, be given a certificate of separation by the United States Employment Service if the circumstances are such that his separation is in the best interests of the war effort, as well as the individual concerned, or if a refusal to grant such separation certificate would result in hardship and injustice to the individual.

[1] 7 F.R. 2919.
[2] 7 F.R. 5500.

SEP 12 1942

The following circumstances are illustrative of what may be considered good ground for separation:

(1) When the worker is competent to perform higher skilled work than his current employer is able or willing to provide.

(2) When the worker is employed for a substantial period at less than full time.

(3) When the distance between the worker's residence and the place of employment is unreasonably great, considering restrictions on the use of gasoline and tires and the load on transportation facilities.

(4) When the worker has compelling personal reasons for wishing to change.

(5) When the worker is employed at wages or under working conditions substantially less favorable than those prevailing in the community for the kind of work on which he is employed.

(f) Any worker or employer, or group of workers or employers, dissatisfied with any act or failure to act pursuant to this plan shall be given a fair opportunity to present his or their case to the Area War Manpower Committee. Such committee shall make recommendations concerning such cases as well as other matters pertinent to the carrying out of this plan in its area to the War Manpower Area Director for appropriate action. The Chairman of the War Manpower Commission shall prescribe rules, regulations and procedures for the carrying out of the responsibilities of area committees under this policy, including procedures for the review of the recommendations of the area committees, by regional manpower committees and by the National Management-Labor Policy Committee. Upon request of the employers, the employee, or the union, the representative of the United States Employment Service shall present to such committee his reasons for having granted a certificate of separation.

(g) Nothing contained in this plan shall be construed to restrict any employee from seeking advice, aid or representation from the union of which the employee is a member at any step of the operation of the plan or the union to intervene in behalf of the employee.

(h) Nothing contained in this plan shall change, modify or restrict any collective agreement existing between the bargaining agency of the employees and their employers.

(i) At the call of the Chairman of the War Manpower Commission, but within three months after the effective date of this plan, a conference of representatives of management and labor shall be called for the purpose of considering the plan in the light of the experience thus gained. Such modifications or alterations as may be required to meet the problem of war production in the essential activities designated and to avoid injustices and hardships to employers and employees shall be recommended at that time.

V. All persons are hereby enjoined and directed to observe strictly all provisions of the War Manpower Commission's policy to prevent pirating of war workers, all provisions of the approved plan set forth in paragraph IV hereof, and all provisions of regulations and procedures issued by the War Manpower Commission in implementation of such policy and plan.

All departments and agencies of the Federal Government are hereby directed to take all steps which may be necessary or appropriate to effectuate these provisions and to insure their observance.

PAUL V. MCNUTT,
Chairman.

JAPANESE BEETLE ADMINISTRATIVE INSTRUCTIONS MODIFIED

TREATMENT OF PLANTS

Pursuant to the authority conferred upon the Chief of the Bureau of Entomology and Plant Quarantine by § 301.48–6, Chapter III, Title 7, Code of Federal Regulations [regulation 6 of the rules and regulations supplemental to Notice of Quarantine No. 48 on account of the Japanese beetle], paragraph (1) of § 301.48b [circular B. E. P. Q. 499, issued June 9, 1939] is hereby amended effective September 5, 1942, by the addition of the following subparagraph:

§ 301.48b *Administrative instructions to inspectors on the treatment of nursery products, fruits, vegetables, and soil, for the Japanese beetle.*

* * * * *

TREATMENT OF SOIL ABOUT THE ROOTS OF PLANTS

* * * * *

(l) *Treatment of plants after digging.*

* * * * *

(6) *Ethylene dichloride emulsion dip*—(i) *Materials.*

Potassium hydroxide: C. P.
Alcohol: 190 proof ethyl alcohol.
Oleic acid: crystal white olein.
Ethylene dichloride: commercial.

(ii) *Formula.*

	Pounds
Potassium hydroxide[1]	2.5
Alcohol[2]	14.0
Water	6.0
Oleic acid	17.5
Ethylene dichloride	60.0
	100.0

[1] An amount of commercial caustic potash containing an equivalent weight of potassium hydroxide may be substituted for the C. P. grade.

[2] Completely denatured alcohol (190 proof) may be substituted for the ethyl alcohol (190 proof).

(iii) *Preparation of dip.* Mix the several ingredients in the order given in the formula. Dissolve the potassium hydroxide in the alcohol and water, add the oleic acid, and stir intermittently for about 10 minutes. Compensate for evaporation loss by the addition of alcohol and water in the ratio given in the formula. Add the ethylene dichloride and stir.

The emulsible ethylene dichloride shall have a specific gravity of about 1.070 at 25° C. (77° F.) and contain 60 percent by weight of ethylene dichloride. It shall be a clear solution that may be readily diluted with water to form a uniform, stable, milklike emulsion. The product should be kept in gastight containers in a cool place at a temperature above 4.5° C. (40° F.). At lower temperatures it will separate into layers, in which case it must be warmed to room temperature and stirred to restore it to its original and usable condition.

(iv) *Caution.* Ethylene dichloride is an inflammable volatile solvent. It, the emulsible ethylene dichloride, and the ethylene dichloride emulsion should be kept away from fire, heat, and open flame. They should be used with adequate ventilation and prolonged breathing of the vapor should be avoided.

(v) *Season.* The treatment must be applied between October 1 and June 1.

(vi) *Temperature.* The temperature of both the dip and the plant balls at the time of dipping shall not be lower than 45° F. nor higher than 75°. At no time thereafter, during the holding period, shall the temperature of the treated plant balls be lower than 40° nor higher than 80°.

(vii) *Dosage.* Use at the rate of 1 gallon of the emulsible ethylene dichloride in 100 gallons of water. (For convenience in making small quantities use 40 cubic centimeters in 1 gallon of water.) To prepare the emulsible ethylene dichloride as a dip, add small quantities of water successively, stirring continually until a uniform, creamlike emulsion is formed. Dilute this emulsion with the remainder of the water, stir a few minutes to insure a uniform suspension, and pour into a trough or tank. This dip must be prepared immediately before using.

(viii) *Preparation of plants.* Plants with root masses or balls up to 10 inches in diameter at the narrowest dimension may be treated, either bare, wrapped, or in unglazed clay spots. If wrapped, the wrapping material must be of such a nature as not to prevent the proper penetration of the emulsion into the root mass. The plant balls shall be moist but not wet.

(ix) *Application.* The size of the trough or tank (wood or metal) used for the dipping vat, and the quantity of the emulsion shall be sufficient to provide a complete coverage of all the plant balls. The plant balls or pots must be immersed for a period of 10 seconds in the dip. They may be treated either singly or in groups with the balls spaced approximately ¼ inch apart in a wire basket or perforated tray, and arranged so as to permit of rapid penetration of the emulsion into all of the balls. In any case the plant balls or tray shall rest on the bottom of the tank. A sufficient quantity of freshly prepared, diluted emulsion shall be added to the dip so that the plant balls are completely covered during the immersion period. To reduce the hazard of plant injury, not more than the lower ½ inch of the plant stems should be immersed during the treatment. The contents of the trough shall be discarded and the trough rinsed out 4 hours after charging and/or when the dirt and debris exceed 2 inches in depth. The trough shall be located during plant treatments in a covered and well ventilated place. On removal of balled plants from the dip they may be allowed to drain into the tank for 1 or 2 minutes and then must be placed in a compact group either on a bench with a tight bottom and side walls as high as the plant balls, or on a tight floor of a greenhouse, packing shed or other enclosed area, and surrounded by wooden side walls as high as the plant balls. If they are placed on a dirt floor it must be wet and packed hard before using. In the case of potted plants any excess emulsion should be poured from the pot immediately after removing from the dipping vat. All plants must remain undisturbed for the prescribed 48 hours during which time excessive ventilation should be avoided. A light spray of water applied to the tops of the plants during this period may be beneficial.

(x) *Period of treatment.* Ten-second immersion in the dip followed by a 48-hour holding period.

(xi) *Varieties of plants.* The list of plants which have been successfully treated in experimental work include 18 varieties of azaleas, 60 kinds of greenhouse plants, 48 kinds of perennials, and 28 kinds of trees and shrubs. The list is subject to expansion and will be furnished on request. (7 CFR, § 301.48; sec. 8, 39 Stat. 1165, 44 Stat. 250; 7 U.S.C. 161)

PART 301—DOMESTIC QUARANTINE NOTICES

JAPANESE BEETLE QUARANTINE MODIFIED

FRUIT AND VEGETABLE SHIPMENTS

Administrative instructions modifying the restrictions of the Japanese Beetle Quarantine by advancing the date of termination of restrictions on fruit and vegetable shipments under § 301.48 of the Japanese Beetle Quarantine to September 9 for the year 1942.

It has been determined that the active period of the Japanese beetle in its relation to fruits and vegetables has already ceased for the present season and that it is therefore safe to permit the unrestricted movement of fruits and vegetables from the regulated areas. Therefore, pursuant to the authority conferred upon the Chief of the Bureau of Entomology and Plant Quarantine by the fourth proviso of § 301.48, Chapter III, Title 7, Code of Federal Regulations [Notice of Quarantine No. 48 on account of the Japanese beetle], it is ordered that the restrictions on the interstate movement of fruits and vegetables imposed by § 301.48–5 of Notice of Quarantine No. 48, revised effective March 24, 1942, be removed effective on and after September 9, 1942. This order advances the termination of the restrictions as to fruits and vegetables provided for in § 301.48–5 from October 16 to September 9, 1942, and applies to this season only. (7 C.F.R., § 301.48; sec. 8, 39 Stat. 1165, 44 Stat. 250; 7 U.S.C. 161)

TITLE 30—MINERAL RESOURCES

Chapter III—Bituminous Coal Division

[Dockets Nos. A–1594 and A–1596]

PART 322—MINIMUM PRICE SCHEDULE, DISTRICT NO. 2

ORDER GRANTING RELIEF

Order of consolidation and order granting temporary relief and conditionally providing for final relief in the matter of the petitions of District Board No. 2 for the establishment of price classifications and minimum prices for the coals of certain mines in District No. 2 and for a change in shipping points for Mine Index Nos. 2322 and 1561.

Original petitions, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 2 and for a change in shipping points for Mine Index Nos. 2322 and 1561; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That the above-entitled matters are herein consolidated.

It is further ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 322.7 (*Alphabetical list of code members*) is amended by adding thereto Supplement R–I and R–III, § 322.9 (*Special prices—(c) Railroad fuel*) is amended by adding thereto Supplement R–II and R–IV, and § 322.23 (*General prices*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof; and commencing forthwith, the shipping points appearing in the aforesaid Supplement R–III for Mine Index Nos. 2322 and 1561 shall be effective in place of the shipping points heretofore established for these mines.

It is further ordered, That pleadings in opposition to the original petitions in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: August 31, 1942.

PART 323—MINIMUM PRICE SCHEDULE, DISTRICT NO. 3

ORDER GRANTING RELIEF

Order granting temporary relief and conditionally providing for final relief in the matter of the petition of Rex Henderson, a code member in District No. 3, for assignment of an additional shipping point for the Henderson Mine, Mine Index No. 287.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of an additional shipping point for the Henderson Mine, Mine Index No. 287, a mine in District No. 3.

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, in § 323.6 (*Alphabetical list of code members*), the shipping points and price classifications set forth in the Schedule marked Supplement R annexed hereto and made a part hereof, shall be applicable to the Henderson Mine (Mine Index No. 287) of Rex Henderson in District No. 3.

Petitioner requests the establishment of Freight Origin Group No. 50. Freight Origin Group No. 57 will take the same necessary and permissible adjustments as Freight Origin Group No. 50.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: August 29, 1942.

PART 328—MINIMUM PRICE SCHEDULE, DISTRICT NO. 8

ORDER GRANTING RELIEF, ETC.

Order granting temporary relief and conditionally providing for final relief in the matter of the petition of District Board No. 8 for the establishment of price classifications and minimum prices for the coals of certain mines in District No. 8.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coal of certain mines in District No. 8; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 328.11 (*Alphabetical list of code members*) is amended by adding thereto Supplement R–I, § 328.21 (*Alphabetical list of code members*) is amended by adding thereto Supplement R–II, and § 328.34 (*General prices for high volatile coals in cents per net ton for shipment into all market areas*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Chapter VI—Selective Service System

[No. 120]

NOTICE TO APPEAR BEFORE LOCAL BOARD

ORDER PRESCRIBING FORM

By virtue of the Selective Training and Service Act of 1940 (54 Stat. 885) and the authority vested in me by the rules and regulations prescribed by the President thereunder, and more particularly the provisions of § 605.51 of the Selective Service Regulations, I hereby prescribe the following change in DSS forms:

Revision of DSS Form 60, entitled "Notice to Appear Before Local Board," effective immediately upon the filing hereof with the Division of the Federal Register.[1] The original supply of forms will be used until exhausted.

The foregoing revision shall, effective immediately upon the filing hereof with the Division of the Federal Register, become a part of the Selective Service Regulations.

GORHAM PROJECT

ESTABLISHMENT FOR CONSCIENTIOUS OBJECTORS

I, Lewis B. Hershey, Director of Selective Service, in accordance with the provisions of section 5 (g) of the Selective Training and Service Act of 1940 (54 Stat. 885) and pursuant to authorization and direction contained in Executive Order No. 8675 dated February 6, 1941, hereby designate the Gorham Project to be work of national importance, to be known as Civilian Public Service Camp No. 53. Said camp, located at Gorham, Coos County, New Hampshire, will be the base of operations for forestry work in the State of New Hampshire, and registrants under the Selective Training and Service Act of 1940, who have been classified by their local boards as conscientious objectors to both combatant and non-combatant military service and have been placed in Class IV–E, may be assigned to said camp in lieu of their induction for military service.

The work to be undertaken by the men assigned to Civilian Public Service Camp No. 53 will consist of fire presuppression, fire suppression, construction of telephone lines, construction of lookout houses, water systems and other administrative improvements, including some campground facilities, and shall be under the technical direction of the Forest Service of the United States Department of Agriculture insofar as concerns the planning and direction of the work program. The camp, insofar as camp management is concerned, will be under the direction of approved representatives of the National Service Board for Religious Objectors. Men shall be assigned to and retained in camp in accordance with the provisions of the Selective Training and Service Act of 1940 and regulations and orders promulgated thereunder. Administrative and directive control shall be under the Selective Service System through the Camp Operations Division of National Selective Service Headquarters.

PART 977—MANILA FIBER AND MANILA CORDAGE

[Amendment 1 to General Preference Order M-36, as Amended July 4, 1942]

Section 977.1 *General Preference Order M-36*, as amended July 4, 1942,[3] is amended in the following respects:

1. The words "or Metals Reserve Company" are inserted after the words "Defense Supplies Corporation" wherever they appear in the order except in paragraph (c).

2. Paragraph (e) (1) is amended to read as follows:

(e) *Restrictions on sales and deliveries of Manila cordage.* (1) (i) No cordage processor shall sell or deliver more Manila cordage during the period from March 2, 1942, to January 1, 1943, than an amount thereof equal to five times his basic monthly poundage, and, in each month thereafter, no cordage processor shall sell or deliver more Ma-

nila cordage than 41½ per cent of his basic monthly poundage: *Provided, however,* That any cordage processor keeping his books on a weekly basis shall apply the said percentage to the weekly periods of processing most nearly appoximating the respective calendar periods mentioned in this paragraph.

(ii) There is excepted from the provisions of paragraph (e) (1) (i) any manila cordage manufactured on defense order pursuant to paragraph (e) (3) (i) of Amendment No. 3 issued February 20, 1942, and in the possession of a cordage processor and ready for delivery on March 2, 1942, *Provided,* failure to make such delivery prior to March 2, 1942, did not result from circumstances under the control of such cordage processor.

3. Paragraph (e) (2) is amended to read as follows:

(2) In addition to the limitations in the paragraphs (e) (1) and (e) (3) no cordage processor or dealer shall sell or deliver any Manila cordage and no person shall purchase or accept delivery of any Manila cordage except to fill the following:

(i) Orders for Manila cordage for delivery to or for the account of the Army of the United States, the United States Navy, the United States Maritime Commission, its Agents, and the War Shipping Administration, its Operating or General Agents, or for physical incorporation in other products to be delivered to or for the account of the Army of the United States, the United States Navy, the United States Maritime Commission, its Agents, and the War Shipping Administration, its operating or general agents. Every such purchase order for physical incorporation into products to be delivered to or for the account of the foregoing named agencies shall be accompanied by a certificate in substantially the following form:

> The undersigned hereby represents to his vendor and to the War Production Board that the Manila cordage covered by the annexed purchase order is for physical incorporation into the products to be delivered to ---------- (here insert name of one of the foregoing named agencies) pursuant to contract No. ----------.

(ii) Purchase orders for the following categories and uses:

(a) Purse lines for use in commercial fishing;

(b) Lines not less than 4½" in circumference used exclusively in towage and by ocean-going vessels engaged in the carriage of cargo and passengers as common carriers;

(c) Manila drilling cables for use in drilling oil wells, gas wells, and mines;

(d) Manila torpedo lines for use in handling explosives;

(e) Manila shot lines.

(iii) Purchase orders for manila cordage.

(a) Carrying a preference rating of A–1–j or higher, evidenced by a preference rating certificate, or

(b) For use on vessels engaged in the carriage of cargo, as common carriers of passengers, in towage, in lighterage or in fishing for commercial fish markets or canneries, for use in hoisting for the loading or discharge of cargo of such vessels, and for uses of shipbuilding.

Provided, however, That the Manila fiber for the manufacture of cordage covered by the purchase order of the type specified in this paragraph (e) (2) (iii) (a) shall have been put into process by a cordage processor on or before September 14, 1942; *And provided further,* That Manila fiber for the manufacture of cordage covered by purchase orders of the categories specified in paragraph (e) (2) (iii) (b) shall have been put into process by a cordage processor on or before July 4, 1942.

(iv) Orders placed by Defense Supplies or Metals Reserve Company: *Provided, however,* That no cordage processor or dealer shall deliver any Manila cordage upon any order placed with him pursuant to paragraph (c) (2) (ii) or (e) (2) (iii) (b), unless and until such processor or dealer shall have first received from the person placing such order a certificate signed on behalf of such person by a duly authorized individual in substantially the following form:

> The undersigned hereby represents that the Manila cordage covered by this order will be used by the undersigned only for the uses specified in paragraph (e) (2) of General Preference Order M–36 as amended July 4, 1942, with the terms of which the undersigned is familiar.

4. Paragraph (g) (1) (v) is repealed.

5. Paragraph (m) is amended to read as follows:

(m) *Effective date.* This amendment shall take effect on July 4, 1942, except that paragraph (e) (2) (i) shall not take effect until September 14, 1942.

PART 1244—INSTRUMENTS, VALVES, AND REGULATORS USED IN INDUSTRIAL PROCESSES

[Conservation Order L–134, as Amended September 9, 1942]

CHROMIUM & NICKEL

Section 1244.1 *Conservation Order L–134*[1] is hereby amended to read as follows:

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of chromium and nickel for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense.

§ 1244.1 *Conservation Order L–134.*—(a) *Definitions.* For the purposes of this order:

(1) "Person" means any individual, partnership, association, business trust, corporation, governmental corporation or agency, or any organized group of persons whether incorporated or not.

(2) "Manufacturer" means any person manufacturing any industrial instrument, instrument end, instrument connection, control valve, safety valve, or regulator as defined below, to the extent he is engaged in such manufacture; and includes sales and distribution outlets controlled by such manufacturer.

(3) "Dealer" means any person primarily engaged in the business of selling or distributing industrial instruments, control valves, regulators, or safety valves, whether at wholesale, retail, or otherwise, but does not include sales and distribution outlets controlled by a manufacturer.

(4) "Industrial instrument" means any type of indicating, recording or measuring, or controlling instrument ordinarily used in industrial processes and containing an instrument connection listed in paragraph (5) below, or an instrument end listed in paragraph (6) below; except "laboratory equipment" as defined in Order L–144.

(5) "Instrument connection" means any of the following, to the extent used with or in an industrial instrument, if fabricated in whole or in part from nickel, chromium, or any alloy thereof: capillary tubing having an internal diameter of .025" or less; protective armor tubing; tubes or springs (pressure measuring systems); diaphragms or bellows (pressure measuring systems except differential measuring systems) and extension lead wire.

(6) "Instrument end" means any of the following to the extent used with or in an industrial instrument, if fabricated in whole or in part from nickel, chromium, or any alloy thereof; sockets, wells, protecting tubes, sheaths and target tubes; liquid level floats, float rods, float cages and flanges, expansion and immersion tubes; venturi tubes; cleanout valve trim and liner for use with venturi tubes; flow nozzles; orifice plates; orifice meters accessories; thermocouples and thermocouple wire; temperature bulbs (fluid filled tube system type); bushings and revolving or coupling nuts; safety shutters and switches for radiation pyrometers; contact rods for flame control; straightening vanes; studs for differential pressure chambers; conductivity cells for measuring conductivity of fluids; pitot tubes; and flexible and rigid extension stems for temperature bulbs.

(7) "Control valve" means any glove or butterfly type valve, the inner portion of which is automatically positioned by pneumatic, hydraulic, or electric motive power, containing any of the parts listed in paragraphs (d) (1), (2), (3) and (5), provided such parts are fabricated in whole or in part from nickel or chromium, or any alloy thereof. The term shall not include any type of gate valve or slide valve.

(8) "Regulator" means any self-operated or integral pilot operated type valve used to control temperature, pressure above 25 p. s. i., pressure where inlet pressure is above 25 p. s. i. flow or liquid level, and containing any of the parts listed in paragraphs (d) (1), (2), (3), and (5), provided such parts are fabricated in whole or in part from nickel or chromium, or any alloy thereof.

(9) "Safety valve" means any self-operated valve designed to relieve pressure at a predetermined set point in excess of 25 p. s. i. gage, and containing any of the parts listed in paragraph (d) (1), (3), (4) and (5), provided such parts are fabricated in whole or in part from nickel or chromium or any alloy thereof.

(b) *General restrictions.* (1) On and after the date of issuance of this order, as amended, no manufacturer shall knowingly put in process any chromium, nickel, or alloy thereof, in the production of any instrument end, instrument connection, industrial instrument containing an instrument end or instrument connection, control valve, regulator or safety valve, except for use under such operating conditions, if any, as may be specified in paragraphs (c) or (d): *Provided, however,* That the provisions of this subparagraph shall not apply to such items sold to another manufacturer or dealer for resale, or to items sold for use in a foreign country (except Canada).

(2) On and after the date of issuance of this order, as amended, no manufacturer or dealer shall knowingly deliver, and no person shall accept delivery of, any instrument end, instrument connection, industrial instrument containing an instrument end or instrument connection, control valve, regulator, or safety valve, except for use under such operating conditions, if any, as may be specified in paragraph (c) or (d): *Provided, however,* That the provisions of this subparagraph shall not apply to deliveries by a manufacturer to another manufacturer or dealer for resale, or to deliveries of any item to be used in a foreign country (except Canada).

(3) On and after the date of issuance of this order, as amended, no manufacturer shall put in process any chromium, nickel, or alloy thereof for the production of any instrument end, instrument connection, industrial instrument containing an instrument end or instrument connection, control valve, regulator or safety valve except in accordance with the specifications enumerated in paragraph (c) or (d).

(4) On and after the date of issuance of this order, as amended, no manufacturer or dealer shall accept an order for, or deliver, and no person shall accept delivery of any instrument end, instrument connection, industrial instrument containing an instrument end or instrument connection, control valve, regulator or safety valve, except pursuant to a preference rating of A–1–c or better: *Provided, however,* That the limitations and restrictions of this paragraph (b) (4) shall not apply to:

(i) Any order accepted by a manufacturer or dealer prior to September 9, 1942, and bearing a preference rating of A–10 or better, or

(ii) Any order for maintenance and repair purposes, bearing a preference rating of A–8 or better, or

(iii) Any order by and for the use of the Army, Navy, Maritime Commission, War Shipping Administration, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Authority, the National Advisory Committee for Aeronautics, or the Office of Scientific Research and Development.

(5) No person shall accept delivery of any instrument end, instrument connection, industrial instrument containing an instrument end or instrument connection, control valve, regulator or safety valve, for use, unless based upon experience records he expects to install the item which is being delivered, and all similar items on hand, within the next 90 days.

(6) *Certification to be furnished.* (i) Each person (other than a manufacturer or dealer acquiring the item for resale or any person purchasing the item for use in a foreign country, except Canada) receiving delivery of an instrument end, instrument connection, industrial instrument containing an instrument end or instrument connection, control valve, regulator or safety valve, shall certify to the manufacturer or dealer from whom he receives such delivery, as a condition to receiving delivery, the following on the purchase order, or in a separate letter:

> The undersigned hereby certifies that ----------
> (here fill in items ordered)
> will be used under the operating conditions permitted for such items under the terms of Conservation Order L–134. The operating conditions under which the items will be used are:
>
> ----------
> Here fill in operating conditions, if any (by reference to paragraph of order) for which items will be used.
>
> ---------- Company
>
> By ----------

Provided, however, That such certification shall be required only where a limitation on the use of the item in question is prescribed in an operating condition specified in paragraph (c) or (d), except where otherwise provided in paragraph (c) or (d).

(ii) No person shall make a delivery under this paragraph (b) who has reason to believe that the person accepting delivery has furnished a false certification; and no person shall falsely furnish the certification specified above. The certification specified above shall constitute a representation to the Director General for Operations, War Production Board, of the facts certified therein.

(7) Nothing in this order shall be construed to place any restriction upon any instrument, valve or regulator, or part thereof, unless such instrument, valve, regulator or part thereof contains nickel, chromium, or any alloy thereof (not including plating); or upon any instrument, valve, regulator or part thereof which was manufactured prior to the date of this order, as originally issued.

(8) The provisions of this order shall not apply to any instrument end, instrument connection, industrial instrument containing an instrument end or instrument connection, control valve, regulator or safety valve to be incorporated in, or used exclusively on board a vessel of the Army or Navy of the United States.

(c) *Operating conditions and specifications for instrument ends, instrument connections, and industrial instruments containing instrument ends or connections.* Pursuant to the provisions of paragraph (b) hereof, the production and delivery of the following instrument ends, instrument connections, and industrial instruments containing instrument ends or instrument connections shall be governed by the following operating conditions and specifications:

(1) *Capillary tubing having an internal diameter of .025" or less*—(i) *Operating conditions.* Capillary tubing having an internal diameter of .025" or less shall be delivered for use only under the operating conditions specified in List A paragraph 1; capillary tubing for use with a mercury filled thermal system may be delivered for use under any operating condition.

(ii) *Specifications.* Capillary tubing having an internal diameter of .025" or less shall be manufactured from a metal whose nickel and chromium alloy con-

tent does not exceed that of Type 347 metal and shall be manufactured in the following four sizes only: .06" x .007"; .06" x .011"; .06 x .017"; .06" x .025".

(2) *Protective armor tubing*—(i) *Operating conditions.* Protective armor tubing shall be delivered for use only under the operating conditions specified in List A, paragraph 1.

(ii) *Specifications.* Protective armor tubing shall be manufactured in lengths not in excess of 6" at either the instrument or bulb.

(3) *Tubes and springs (Pressure measuring systems)*—(i) *Operating conditions.* Tubes or springs for pressure measuring systems may be delivered for any use, but certification of operating conditions shall be required where delivery is for the use described in List A, paragraphs 1 or 2.

(ii) *Specifications.* The total nickel and chromium alloy content of such tubes or springs shall not exceed 6% chromium (with no nickel): *Provided, however,* That for use under the operating conditions described in List A, paragraphs 1 or 2, the total nickel and chromium alloy content shall not exceed 32%.

(4) *Diaphragms or bellows. (Pressure measuring systems except differential measuring systems)—Operating conditions.* Diaphragms or bellows for pressure measuring systems (except differential measuring systems) shall be delivered for use only under the operating conditions specified in List A, paragraphs 1 or 2.

(5) *Sockets, wells, protecting tubes, sheaths and target tubes.* The operating temperatures specified below shall be deemed part of the operating conditions for purposes of certification:

(i) *Operating temperature up to 1,400° F.—(a) Operating conditions.* When used under operating temperatures up to 1,400° F., sockets, wells, protecting tubes, sheaths and target tubes shall be delivered for use only under the operating conditions specified in List A, paragraphs 1 (a) to 1 (k) inclusive, paragraph 2, or paragraph 3 (b) or 3 (c), or on aircraft.

(b) *Specifications.* The total nickel and chromium alloy content of sockets, wells, protecting tubes, sheaths and target tubes shall not exceed 30%, or 20% of either nickel or chromium: *Provided, however,* That for use under operating conditions specified in List A, paragraph 1 (f) or 1 (k) the total nickel and chromium alloy content shall not exceed 80%, and maximum nickel and chromium content of not over 65% and 30%, respectively.

(ii) *Operating temperatures from 1,401° F. to 1,900° F.—Specifications.* The total nickel and chromium alloy content of sockets, wells, protecting tubes, sheaths and target tubes, used under operating temperatures from 1,401° F. to 1,900° F. shall not exceed 52%, and the nickel and chromium contents shall not exceed 35% and 28%, respectively: *Provided, however,* That for use under the operating conditions specified in List A, paragraphs 1 (f) or 1 (k) the total nickel and chromium alloy content shall not exceed 80%, and maximum nickel and chromium content of not over 65% and 30%, respectively.

(iii) *Operating temperatures of 1,901° F. and above—(a) Operating conditions.* When used under operating temperatures of 1,901° F. and above, sockets, wells, protecting tubes and sheaths shall only be delivered for use under the operating conditions specified in List A, paragraphs 1 (f) or 1 (k). Target tubes may be delivered for use under any conditions.

(b) *Specifications.* Sockets, wells, protecting tubes, sheaths and target tubes employed under the operating conditions specified in (a) above shall contain a maximum total nickel and chromium alloy content not to exceed 80%, and maximum nickel and chromium content of not over 65% and 30%, respectively.

(6) *Temperature bulbs (fluid filled tube system type)*—(i) *Operating conditions.* When used without sockets or protecting tubes, temperature bulbs (fluid filled tube system type) may be delivered for use only under the operating conditions specified in List A, paragraphs 1, 2, 3 (b) or 3 (c).

(ii) *Specifications.* The total nickel and chromium alloy content of temperature bulbs (fluid filled tube system type) shall not exceed 30%, or 20% of either nickel or chromium. No nickel, chromium, or alloy thereof, shall be used in temperature bulbs (except for mercury filled systems) when such bulbs are used in a socket or in protecting tubes. When used with a mercury filled system in a socket, temperature bulbs shall be manufactured from S. A. E. 4140 or alternate steels of no greater chromium alloy content and containing no more than 0.60% nickel.

(7) *Bushings and revolving or coupling nuts—Operating conditions.* Bushings and revolving or coupling nuts shall be delivered for use only under the operating conditions specified in List A, paragraphs 1 or 2.

(8) *Flexible and rigid extension stems for temperature bulbs*—(i) *Operating conditions.* When used with temperature bulbs without separable sockets or protecting tubes, flexible or rigid extension stems shall be delivered for use only under the operating conditions specified in List A, paragraph 1, 2, 3 (b) or 3 (c).

(ii) *Specifications.* The total nickel and chromium alloy content of such stems shall not exceed 30%, or 20% of either nickel or chromium.

(9) *Contact rods for flame control—Specifications.* The alloy content of contact rods for flame control, including contiguous brackets or clamps, shall not exceed 80% nickel and 20% chromium.

(10) *Thermocouples.* The operating temperatures specified below shall be deemed part of the operating conditions for purposes of certification.

(i) *Operating temperatures up to 800° F.—Specifications.* Where used in temperature ranges up to and including 800° F., the thermocouple wire alloy content shall not exceed 46% nickel, and the size of the wire shall not exceed #14 B and S gage.

(ii) *Operating temperatures from 801° F. to 1,400° F.—Specifications.* Where used in temperature ranges between 801° F. and 1,400° F., inclusive, the thermocouple wire alloy content shall not exceed 46% nickel, and the size of the wire shall not exceed #8 B and S gage, or as an alternate, the thermocouple wire alloy content shall not exceed 95% nickel or 20% chromium in either wire, and the size of the wire shall not exceed #14 B and S gage.

(iii) *Operating temperatures from 1,401° F. to 2,050° F.—Specifications.* Where used in temperature ranges between 1,401° F. and 2,050° F., inclusive, the thermocouple wire chromium alloy content shall not exceed 20% chromium in either wire, and the size of the wire shall not exceed #8 B and S gage.

(iv) *Operating temperatures of 2,051° F. and above—(a) Operating conditions.* When used in temperature ranges of 2,051° F. and above, thermocouple wire shall be delivered for use only under the operating conditions specified in List A, paragraphs 1 (f) or 1 (k).

(b) *Specifications.* The size of the wire shall be limited to No. 2 B and S gage or smaller when used under the operating conditions in List A, paragraph 1 (f), and shall be limited to No. 8 B and S gage or smaller when used under the operating conditions of List A, paragraph 1 (k).

(v) *Special provisions for replacement.* Except with respect to size of extension lead wire when used with potentiometer type pyrometers, the limitations of subparagraphs (i), (ii), (iii) and (iv) shall not apply to replacements if the extension lead wire or parts required to recalibrate existing instruments are not available in the user's plant.

(11) *Extension lead wire*—(i) *Specifications.* Two conductor extension lead wires shall not exceed 46% nickel content and shall be manufactured in sizes not larger than #16 B and S gages; except that extension lead wire used with millivoltmeter type pyrometers shall be limited in size to #14 B and S gage. When used with KA2S thermocouples, which measure surface tube temperatures, the nickel and chromium alloy content shall not exceed 95% nickel and 20% chromium in either wire, and no wire shall be longer than necessary: *Provided, however,* That there shall be no limitation on the size of wire used on aircraft.

(12) *Safety shutters and switches for radiation pyrometers — Specifications.* The nickel or chromium alloy content of safety shutters for radiation pyrometers shall not exceed 20% each; except that this restriction does not apply to the nickel or chromium alloy content of switches for radiation pyrometers.

(13) *Liquid level float cages and flanges*—(i) *Operating conditions.* Liquid level float cages and flanges shall be delivered for use only under the operating conditions specified in List A, paragraphs 2 (a) and 3 (b).

(ii) *Specifications.* The total nickel and chromium alloy content shall not exceed 30%, or 20% of either nickel or chromium: *Provided, however,* That when used under the operating conditions of List A, paragraph 2 (a), the nickel and chromium alloy content shall not exceed that of the contiguous metal.

(14) *Liquid level floats and float rods*—(i) *Operating conditions.* Liquid level floats and float rods shall be delivered for use only under the operating conditions specified in List A, paragraphs 1, 2, or 3 (b).

(ii) *Specifications.* The total nickel and chromium alloy content shall not exceed 30%, or 20% of either nickel or chromium: *Provided, however,* That when used under the operating conditions of List A, paragraph 2 (a), the nickel or chromium alloy content shall not exceed that of the contiguous metal.

(15) *Liquid level expansion and immersion tubes—Operating conditions.* Liquid level expansion and immersion tubes shall be delivered for use only under the operating conditions specified in List A, paragraphs 1 or 2 or at temperatures of 400° F. and above.

(16) *Flow nozzles—Operating conditions.* Flow nozzles shall be delivered for use only in the presence of a flowing medium with a temperature in excess of 900° F.

(17) *Pitot tubes—Specifications.* No. nickel, chromium or alloy thereof shall be used in the manufacture of pitot tubes, except when used on aircraft.

(18) *Orifice plates—Operating conditions.* Orifice plates shall be delivered for use only under the operating conditions specified in List A, paragraphs 1, 2, 3 (b) or 3 (c).

(19) *Orifice meter accessories—Specifications.* No nickel, chromium or alloy thereof shall be used in the manufacture of settling chambers, separating chambers or condensers.

(20) *Straightening vanes*—(i) *Operating conditions.* Straightening vanes shall be delivered for use only under the operating conditions specified in List A, paragraphs 1 or 3 (c) and their delivery shall be further limited to use in pipes having an internal diameter of 10 inches or less.

(ii) *Specifications.* The total nickel and chromium alloy contents shall not exceed 30%, or 20% of either nickel or chromium.

(21) *Cleanout valve trim and liners for use with Venturi tubes—Operating conditions.* Cleanout valve trim and liners for Venturi tubes shall be delivered for use only under the operating conditions specified in List A, paragraphs 1, 2, 3 (b) or 3 (c).

(22) *Venturi tubes — Specifications.* No nickel, chromium or alloy thereof shall be used in the manufacture of Venturi tubes.

(23) *Studs for differential pressure chambers—Specifications.* Studs for differential pressure chambers shall be manufactured from S. A. E. 4140 or alternate steels of no greater chromium alloy content and containing no more than 0.60% nickel.

(24) *Conductivity cells for measuring conductivity of fluids—Operating conditions.* Conductivity cells for measuring conductivity of fluids shall be delivered for use only under the operating conditions specified in List A, paragraphs 1 or 2.

(d) *Operating conditions and specifications for safety valves, control valves, and regulators.* Pursuant to the provisions of paragraph (b) hereof, the production and delivery of the following safety valves, control valves and regulators shall be governed by the following operating conditions and specifications:

(1) *Bodies, bonnets and blind flanges*—(i) *Operating conditions.* Bodies, bonnets and blind flanges shall be delivered for use only under the operating conditions specified in List A, paragraph 2 (a) and 3 (b).

(ii) *Specifications.* When used under operating conditions of List A, paragraph 3 (b) the total nickel and chromium alloy content shall not exceed 30%, or 20% of either nickel or chromium: *Provided, however,* That when used under the operating conditions of List A, paragraph 2 (a), the nickel and chromium alloy content shall not exceed that of the contiguous metal.

(2) *Inner valves and seat rings (exclusive of safety valves)*—(i) *Operating conditions.* Inner valves and seat rings (exclusive of safety valves) shall be delivered for use only under an operating pressure drop of 50 p. s. i. or more, or under the operating conditions specified in List A, paragraphs 1 or 2.

(ii) *Specifications.* When used under operating conditions of a pressure drop of 50 p. s. i. or more, the flow cutting surface shall be made of carbon steel, faced, where practicable, with a chromium or nickel alloy not in excess of $\frac{3}{32}$" finished thickness. When used under the operating conditions specified in List A, paragraphs 1 or 2, the total nickel and chromium alloy content shall not exceed 30%, or 20% of either nickel or chromium: *Provided, however,* That when used under the conditions of List A paragraph 2 (a) the nickel and chromium alloy content shall not exceed that of the contiguous metal.

(3) *Studs for valve bodies and flanges*—(i) *Operating conditions.* Studs for valve bodies and flanges may be used under any operating conditions; but certification shall be required for use under the operating conditions of List A, paragraph 3 (b) or 3 (d).

(ii) *Specifications.* Studs for valve bodies and flanges shall be manufactured from S. A. E. 4140 or alternate steels of no greater chromium alloy content and containing no more than 0.60% nickel: *Provided, however,* That where used under the operating conditions specified in List A, paragraphs 3 (b) or 3 (d) the total nickel and chromium alloy content shall not exceed 30%, or 20% of either nickel or chromium.

(4) *Safety valve nozzles, discs and trim—Operating conditions.* Safety valve nozzles, discs, adjusting rings, and guides shall be delivered for use only under the operating conditions specified in List A, paragraph 1 or 3 (d).

(5) *Stems, bushings and guiding surfaces for control valves, safety valves, and regulators—Specifications.* The total nickel and chromium alloy content of stems, bushings, and guiding surfaces for control valves, safety valves and regulators shall not exceed 30%, or 20% of either nickel or chromium.

(e) *Ninety-day exemption of Army, Navy, and Maritime Commission.* The provisions of this order shall not apply to deliveries to and for the use of the Army, Navy, or Maritime Commission until 90 days after the date of original issuance of this order. As used in this paragraph, the terms "Army," "Navy," and "Maritime Commission" shall not include any privately operated plant or shipyard, financed or controlled by any of these organizations, or operated on a cost-plus-fixed-fee basis.

(f) *Appeals.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him may appeal to the War Production Board setting forth the pertinent facts and the reasons he considers he is entitled to relief. The Director General for Operations may thereupon take such action as he deems appropriate.

(g) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, General Industrial Equipment Branch, Washington, D. C., Ref: L-134.

(h) *Violations.* Any person who wilfully violates any provision of this order, or who wilfully furnishes false information to the Director General for Operations in connection with this order is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using material under priority control and may be deprived of priorities assistance by the Director General for Operations.

(i) *Records and reports.* All manufacturers affected by this order shall keep and preserve for not less than two years accurate and complete records concerning production, deliveries, and orders for industrial instruments.

All persons affected by this order shall execute and file with the Director General for Operations, War Production Board, such reports and questionnaires as said Director General for Operations shall from time to time request. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Issued this 9th day of September 1942.

AMORY HOUGHTON,
Director General for Operations.

LIST A

PARAGRAPH 1. When exposed to:
(a) Nitric acid (dilute or concentrated).
(b) Coke oven gas.
(c) Blast furnace gas.
(d) Sulphurous gases.
(e) Steam above 200 p. s. i. or 400° F.
(f) Molten metal baths.

(g) Sulphuric or hydrochloric acids.
(h) Sour gas and vapors, and liquids contaminated with sour gas and vapors.
(i) Hydrofluoric acid.
(j) Salt brine in crude petroleum.
(k) Salt baths containing nitrates, chlorides, cyanides, or fluorides.

PAR. 2. (a) When contiguous metal coming in contact with the processed medium at the point of measurement or control is also a nickel or chromium alloy.

(b) When contiguous surfaces coming in contact with the processed medium at the point of measurement or control are nonmetallic but no protection other than that containing nickel or chromium will withstand the corrosive medium.

(c) In the production of synthetic rubber, when an explosive hazard due to chemical reaction cannot otherwise be avoided, or where acetic acid has a corrosive effect on seating, guiding, and measuring surfaces.

(d) When no other material can be substituted without contaminating the material being processed.

PAR. 3. When the fluid to which the part is to be subject is under:

(a) Static pressure of 250 pounds per square inch or more;
(b) Temperature of 750° F. and above, or minus 20° F. and below;
(c) Normal pipe velocity of 5,000 ft. per minute or more for gases or vapors; or 300 ft. per minute or more for liquids;
(d) Temperature of minus 250° F. to minus 20° F. inclusive, and from 400° F. to 1,250° F. inclusive, and 400 p. s. i. to 2,500 p. s. i. inclusive.

PART 1249—DRUM EXTERIOR COATING

[Conservation Order M-158, as Amended September 9, 1942]

Section 1249.1 *Conservation Order M-158*[1] is hereby amended to read as follows:

(a) *Definitions.* For the purpose of this order:

(1) "Drum" means any 29 gauge or heavier sheet steel cylindrical or bilged shipping container with or without bails, including kits and pails, which has a capacity of two gallons or more and is provided with a fixed or removable head or cover.

(2) "Class A coating" means any protective coating, lacquer, varnish or enamel, clear white, pigmented or colored, which contains any or all of the following materials: tung, oiticica, perilla or dehydrated castor oils; alkyd, phenolic, vinyl, urea or melamine resins; or cellulose esters or ethers.

(b) *Restrictions on drum exterior coatings.* On and after June 20, 1942, no person shall apply a Class A coating to the exterior surface of any drum, whether used, completed or in process of manufacture except:

(1) Where the drum is required for offshore or export shipment by such person, or where the person coating the drum is furnished with a written statement by the person on whose order the drum is coated that the drum is required for offshore or export shipment, provided that the exception contained in this subparagraph (b) (1) shall not apply to Class A coatings containing tung or oiticica oil; or

(2) Where a Class A coating is required to be applied to the drum by any contract or subcontract for the United States Army, Navy, Coast Guard, Maritime Commission or War Shipping Administration; or

(3) Where such Class A coating shall have been manufactured on or before June 5, 1942; or

(4) Where such Class A coating is wash-up salvage; or

(5) Where such Class A coating shall have been determined by the Director General for Operations to be overrun, off-color or other type of scrap coating.

(c) *Miscellaneous provisions.*—(1) *Applicability of priorities regulations.* This order and all transactions affected hereby are subject to all applicable provisions of War Production Board Priorities Regulations, as amended from time to time.

(2) *Violations or false statements.* Any person who wilfully violates any provision of this order or who wilfully furnishes false information to the Director General for Operations in connection with this order is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of material under priority control or from processing or using such material and may be deprived of priorities assistance.

(3) *Appeal.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of drum coatings conserved, or that compliance with this order would disrupt or impair a program of conversion from non-defense to defense work, may appeal to the Director General for Operations by addressing a letter to the War Production Board, Chemicals Branch, Washington, D. C. Ref.: M-158, setting forth the pertinent facts and the reasons he considers that he is entitled to relief. The Director General for Operations may thereupon take such action as he deems appropriate.

(4) *Communications.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Chemicals Branch, Washington, D. C., Ref.: M-158. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 9th day of September 1942.

PART 3075—COPPER CHEMICALS

[General Preference Order M-227]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of copper chemicals, for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3075.1 *General Preference Order M-227.*—(a) *Definitions.* For the purposes of this order:

(1) "Copper chemicals" means copper sulfate, copper carbonate, copper chloride, copper oxide, copper nitrate and copper cyanide. Such term includes copper chemicals in both cupric and cuprous form.

(2) "Producer" means any person engaged in the production of any copper chemical and includes any person who has such material produced for him pursuant to toll agreement.

(3) "Distributor" means any person who has purchased or purchases any copper chemical for purpose of resale without change in form.

(b) *Restrictions on delivery and use of copper chemicals.* (1) On and after October 1, 1942 no producer or distributor, subject to the exemptions provided for in paragraph (c) hereof, shall make delivery of any copper chemical except as specifically authorized by the Director General for Operations upon application pursuant to paragraph (d) hereof, and no person shall accept delivery of any copper chemical which he has reason to believe is made in violation of this order.

(2) Each person accepting delivery of any copper chemical pursuant to authorization of the Director General for Operations shall use the same only for the purposes specified in such authorization.

(3) Each person affected by this order shall comply with such directions as may be given from time to time by the Director General for Operations with respect to the delivery or use of any copper chemical.

(c) *Small order exemptions.* The specific authorization provided for in paragraph (b) (1) hereof, shall not be required with respect to the delivery by any producer or distributor to any one person in any one month of four hundred and fifty (450) pounds or less of copper sulfate or of twenty-five (25) pounds or less of copper carbonate, copper chloride, copper oxide, copper nitrate or copper cyanide, respectively, subject to the following conditions:

(1) Each supplier desiring to make small order deliveries of any copper chemical pursuant to this paragraph (c) shall apply for authorization to make small order deliveries pursuant to paragraph (d) (2) (ii) hereof and the aggregate amount of small order deliveries made by any supplier during any month shall not exceed the amount of such deliveries which he is specifically authorized to make during such month.

(2) Each person seeking authorization to accept a small order delivery of any copper chemical shall file with his supplier at the time of placing his order therefor, a certificate to the effect that after the delivery covered by such order is made, the deliveree will not have received during the current month in excess of the amount of the particular copper chemical covered by the exemption provided for in this paragraph (c).

(d) *Applications and reports.* In addition to such other reports as may from time to time be required by the Director General for Operations:

(1) Each person seeking authorization to accept delivery of any copper chemical pursuant to paragraph (b) (1) hereof shall apply therefor on Form PD-600. Such applicant shall file with the War Production Board the original and two copies of such form on or before the 15th day of the month preceding the month for which such authorization is requested and shall file with his supplier one copy of such form on or before the 15th day of such month if the supplier is a producer or on or before the 10th day of such month if the supplier is a distributor, which form shall be prepared in the manner prescribed therein, subject to the following specific instructions:

(i) *Heading.* Specify "copper chemicals" and order number "M-227", and specify pounds as the unit of measure, and in addition to specifying the delivery destination, indicate the address to which communications should be directed.

(ii) *Columns 1, 11 and 19.* Specify copper sulfate, copper carbonate, copper chloride, copper oxide, copper nitrate or copper cyanide and the percentage, by weight, of copper content.

(iii) *Columns 3, 20 and 22.* In the case of a distributor, specify "Resale pursuant to further authorization". In the case of a consumer, specify:

Preservative.	Dehydrating agent.
Insecticide.	Desulfurant.
Fungicide.	Deodorant.
Pigment.	Bacteriacide.
Antidote.	Purifier.
Mildew proofing agent.	Coloring agent.
Catalyst.	Electroplating solution.
Mordant disinfectant.	Other chemicals.
	Other.

If "Other chemicals" or "other" is specified, describe briefly.

(iv) *Column 4.* In the case of a distributor, disregard. In the case of a consumer, specify:

U. S. Army specification number.
U. S. Navy specification number.
U. S. Army-Navy Aircraft specification number.
U. S. Maritime Commission specification number.
Other (identify) U. S. Government agency specification number.
Agriculture.
Synthetic rubber.
Petroleum.
Printing ink.
Electric batteries.
Textiles.
Lumber.
Paint.
Electroplating.
Wood pulp.
Pharmaceuticals.
Varnish.
Pyrotechnics.
Ceramics.
Glazes.
Porcelain enamel.
Paper.
Glass.
Other.

If "Other" is specified, describe briefly. If "Electroplating" is specified, describe briefly the parts to be electroplated and the equipment in which they will be used.

(2) Each producer and each distributor seeking authorization to deliver any copper chemical pursuant to paragraph (b) (1) hereof, shall apply therefor on Form PD-601. Such applicant shall file with the War Production Board the original and two copies of such form on or before the 20th day of the month preceding the month for which such authorization is requested, which form shall be prepared in the manner prescribed therein, subject to the following specific instructions:

(i) *Heading.* Specify "copper chemicals" and order number "M-227", and specify pounds as the unit of measure, and in addition to specifying the plant or warehouse address, indicate the address to which communications should be directed.

(ii) *Column 1.* List customers alphabetically with respect to each grade. If authorization to fill small orders under paragraph (c) (1) is requested, insert "Aggregate small order deliveries" in Column 1 after completing the list of customers with respect to each grade and specify in column 4 the aggregate amount of small order deliveries requested to be authorized for the particular grade.

(iii) *Columns 3 and 8.* Specify copper sulfate, copper carbonate, copper chloride, copper oxide, copper nitrate, or copper cyanide and the percentatge, by weight, of copper content.

(e) *Notification of customers.* Producers and distributors shall, as soon as practicable, notify each of their regular customers of the requirements of this order, but failure to give such notice shall not excuse any such person from complying with the terms hereof.

(f) *Miscellaneous provisions.*—(1) *Applicability of priorities regulations.* This order and all transactions affected hereby are subject to all applicable provisions of War Production Board Priorities Regulations, as amended from time to time.

(2) *Intra-company deliveries.* The prohibitions and restrictions of this order with respect to deliveries of copper chemicals, shall apply not only to deliveries to other persons, including affiliates and subsidiaries, but also to deliveries from one branch, division or section of a single enterprise to another branch, division or section of the same or any other enterprise under common ownership or control.

(3) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact, or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(4) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Chemicals Branch, Washington, D. C. Ref: M-227. (P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 9th day of September 1942.

PART 3079—PHOSPHORUS

[General Preference Order M-230]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of phosphorus, for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3079.1 *General Preference Order M-230.*—(a) *Definitions.* For the purposes of this order:

(1) "Phosphorus" means the chemical element of that name in both yellow and white form excluding however, red phosphorus and other allotropic forms of phosphorus.

(2) "Producer" means any person engaged in the production of phosphorus and includes any person who has phosphorus produced for him pursuant to toll agreement.

(3) "Distributor" means any person who has purchased, or purchases, phosphorus for resale.

(b) *Restrictions on use and delivery of phosphorus.* (1) On and after October 1, 1942, no person shall, subject to the exemption provided for in paragraph (c) hereof, deliver or use any phosphorus without the specific authorization of the Director General for Operations upon application pursuant to paragraph (e) hereof, and no person shall accept delivery of any phosphorus which he knows or has reason to believe is made in violation of this order.

(2) Each person accepting delivery of phosphorus pursuant to specific authorization of the Director General for Operations shall use the same only for the purposes specified in such authorization.

(3) Each person affected by this order shall comply with such directions as may be given from time to time by the Direc-

tor General for Operations with respect to the use or delivery of phosphorus.

(c) *Small order exemption.* The specific authorization provided for in paragraph (b) (1) hereof, shall not be required with respect to the following:

(1) Use by any person of 1,000 pounds or less of phosphorus during any one month.

(2) Delivery by any person of 1,000 pounds or less of phosphorus to any one person during any one month, and the acceptance of delivery thereof by such person, subject to the following conditions:

(i) Each person desiring to make small order deliveries of phosphorus pursuant to this paragraph (c) (2) shall apply for authorization to make small order deliveries pursuant to paragraph (e) (2) (ii) hereof, and the aggregate amount of small order deliveries made by any such person during any month shall not exceed the amount of such deliveries which he is specifically authorized to make: *Provided, however,* That authorization to make small order deliveries pursuant to this paragraph (c) (2) (i) shall not be required with respect to small order deliveries by any one person where the aggregate amount of such deliveries during any month does not exceed 1,000 pounds of phosphorus.

(ii) Each person seeking delivery of 1,000 pounds or less of phosphorus during any month shall file with his supplier at the time of placing his order therefor, a certificate to the effect that if the delivery covered by such order is made, the deliveree will not have received during the current month in excess of an aggregate of 1,000 pounds of phosphorus.

(d) *Production and establishment of inventories.* (1) Each producer shall comply with such directions as may be given from time to time by the Director General for Operations with respect to the production of phosphorus.

(2) Each person affected by this order shall comply with such directions as may be given from time to time by the Director General for Operations with respect to the establishment of inventories of phosphorus.

(3) Each person producing any primary product specifically named in paragraph (e) (1) (iii) hereof, regardless of whether produced directly from phosphorus or from any other material, shall comply with such directions as may be given from time to time by the Director General for Operations with respect to the production of any such primary product and with respect to the establishment of inventories thereof.

(e) *Applications and reports.* In addition to such other reports as may be required from time to time by the Director General for Operations:

(1) Each person seeking authorization to use or accept delivery of phosphorus shall apply therefor on Form PD-600. Such applicant shall file with the War Production Board the original and two copies of such form on or before the 15th day of the month preceding the month for which such authorization is requested and shall file one copy of such form with his supplier on or before the 15th day of such month if the supplier is a producer or on or before the 10th day of such month if the supplier is a distributor, which form shall be prepared in the manner prescribed therein, subject to the following specific instructions:

(i) *Heading.* Specify "phosphorus" and order number "M-230", and specify pounds as the unit of measure, and in addition to specifying the delivery destination indicate the address to which communications should be directed..

(ii) *Columns 1, 11 and 19.* Specify "P", the chemical symbol for phosphorus.

(iii) *Columns 3, 20 and 22.* In the case of a distributor, specify "Resale pursuant to further authorization". In the case of a consumer specify:

Red phosphorus.
Phosphoric anhydride.
Phosphorus trichloride.
Phosphorus pentachloride.
Phosphorus oxychloride.
Phosphorus sesquisulphide.
Phosphorus pentasulphide.
Phosphoric acid.
Mono ammonium phosphate.
Di ammonium phosphate.
Phosphor copper.
Mono calcium phosphate.
Di calcium phosphate.
Tri calcium phosphate.
Mono sodium phosphate.
Di sodium phosphate.
Tri sodium phosphate.
Tetra sodium pyrophosphate.
Sodium metaphosphate.
Sodium acid pyrophosphate.
Sodium tetraphosphate.
Other.

If "other" is specified, describe briefly.

(iv) *Column 4.* In the case of a distributor, disregard. In the case of a consumer, specify:

Lend-Lease.
Phosphate plasticizers.
Bomber plastics.

If "other" is specified, describe briefly.

(2) Each producer and distributor seeking authorization to deliver phosphorus pursuant to paragraph (b) (1) hereof, shall apply therefor on Form PD-601. Such applicant shall file with the War Production Board the original and two copies of such form on or before the 20th day of the month preceding the month for which such authorization is requested, which form shall be prepared in the manner prescribed therein, subject to the following specific instructions:

(i) *Heading.* Specify "phosphorus" and order number "M-230" and specify pounds as the unit of measure, and in addition to specifying the plant or warehouse address indicate the address to which communications should be directed.

(ii) *Column 1.* If authorization to make small order deliveries under paragraph (c) (2) (i) hereof is requested, insert "aggregate small order deliveries" in Column 1 after completing the list of customers requiring in excess of 1,000 pounds of phosphorus and specify in Column 4 the aggregate amount of small order deliveries requested to be authorized.

(iii) *Columns 3 and 8.* Specify "phosphorus".

(f) *Notification of customers.* Producers and distributors shall, as soon as practicable, notify each of their regular customers of the requirements of this order, but failure to give such notice shall not excuse any such person from complying with the terms hereof.

(g) *Miscellaneous provisions.*—(1) *Applicability of priorities regulations.* This order and all transactions affected hereby are subject to all applicable provisions of War Production Board Priorities Regulations, as amended from time to time.

(2) *Intra-company deliveries.* The prohibitions and restrictions of this order with respect to deliveries of phosphorus, shall apply not only to deliveries to other persons, including affiliates and subsidiaries, but also to deliveries from one branch, division or section of a single enterprise to another branch, division or section of the same or any other enterprise under common ownership or control.

(3) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, willfully conceals a material fact, or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(4) *Communications to War Production Board.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Chemicals Branch, Washington, D. PART 1360—MOTOR VEHICLES AND MOTOR VEHICLE EQUIPMENT

[Amendment 16 to Rationing Order 2A [2]]

NEW PASSENGER AUTOMOBILE RATIONING REGULATIONS

Sections 1360.341 and 1360.344 are hereby amended to read as set forth below:

§ 1360.341 *Establishment of quotas.* (a) The Office of Price Administration will from time to time set quotas and reserve quotas stating the maximum number of new passenger automobiles for the transfer of which certificates may be issued, which quotas may be altered or revoked as the occasion may demand. No Board shall issue a quota certificate for the transfer of a new passenger automobile in excess of its quota.

(b) The Office of Price Administration will withhold a portion of each quota as a national reserve to be administered by it for the making of such adjustments as it may deem necessary, as provided in § 1360.344 and will withhold a further portion of each quota as a regional reserve to be administered by the Regional Administrator of the Office of Price Administration of each region, for the making of such adjustments as he may deem necessary, as provided in § 1360.344. The Office of Price Administration will also withhold a portion of each quota as a state reserve to be administered by the State Director of such state for the purpose of making necessary adjustment of quotas for the local War Price and Rationing Boards within the state, as provided in § 1360.342.

§ 1360.344 *Adjustment of state and regional quotas by the Office of Price Administration.* (a) A Regional Administrator of the Office of Price Administration may draw upon the regional reserve provided for in § 1360.341 to adjust the quotas within the different states of his region, as he may determine. Each State Director may apply for an allotment from the regional reserve held by the Regional Administrator of the Office of Price Administration of his region to augment the state reserve held under his control. Each such application shall be accompanied by a statement setting forth in full the facts giving rise to such application.

(b) The Office of Price Administration may draw upon the national reserve provided for in paragraph (b) of § 1360.341 to adjust the quotas within the different regions, as it may determine. Each Regional Administrator may apply for an allotment from the national reserve held by the Office of Price Administration to augment the regional reserve held under his control. Each such application shall be accompanied by a statement setting forth in full the facts giving rise to such application.

PART 1426—WOOD PRESERVING AND PRIMARY FOREST PRODUCTS

[Maximum Price Regulation No. 218]

CENTRAL APPALACHIAN WOODEN MINE MATERIALS

In the judgment of the Price Administrator, the maximum prices for certain mine posts, wedges, blocking and other wooden mine materials as established by the General Maximum Price Regulation should be put under specific dollars and cents maximum price regulation. In issuing the regulation, the Price Administrator has ascertained and given due weight to the prices prevailing between October 1 and October 15, 1941, and has made the adjustments which appear to be necessary and proper when viewed in the light of the Emergency Price Control Act of 1942. So far as practicable, the Price Administrator has advised and consulted with representative members of the industry which will be affected by this Regulation.

In the judgment of the Price Administrator, the maximum prices established by this regulation are and will be generally fair and equitable and will effectuate the purposes of said Act. A statement of the considerations involved in the issuance of this regulation has been issued simultaneously herewith and has been filed with the Division of the Federal Register.*

Therefore, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, and in accordance with Procedural Regulation No. 1,[3] issued by the Office of Price Administration, Maximum Price Regulation No. 218 is hereby issued.

Sec.
1426.51 Maximum prices for Central Appalachian wooden mine materials.
1426.52 Less than maximum prices.
1426.53 Adjustable pricing.

AUTHORITY: §§ 1426.51 to 1426.62, inclusive, issued under Pub. Law 421, 77th Cong.

§ 1426.51 *Maximum prices for Central Appalachian wooden mine materials.* On and after September 8, 1942:

(a) Regardless of any contract or other obligation no person shall sell or deliver any Central Appalachian wooden mine materials and no person shall buy or receive in the course of trade or business any Central Appalachian wooden mine materials at prices higher than the maximum prices set forth in Appendix A, § 1426.62 hereof.

(b) No person shall offer, agree, solicit or attempt to do any of the foregoing.

(c) The provisions of this Maximum Price Regulation No. 218 shall not be applicable to sales or deliveries of Central Appalachian wooden mine materials to a purchaser, if prior to September 8, 1942, such mine materials had been received by a carrier other than a carrier owned or controlled by the seller for shipment to such purchaser.

§ 1426.52 *Less than maximum prices.* Lower prices than those set forth in Appendix A, § 1426.62, may be charged, demanded, paid or offered.

§ 1426.53 *Adjustable pricing.* Nothing in this Maximum Price Regulation No. 218 shall be construed to prohibit the making of a contract to sell wooden mine materials at a price not to exceed the maximum price at the time of delivery or supply. Where a petition for amendment or for adjustment or exception has been filed which requires extended consideration, the Price Administrator may, upon application, grant permission to agree to adjust prices upon deliveries made during the pendency of the petition in accordance with the disposition of the petition.

§ 1426.54 *Evasion.* The price limitations set forth in this Maximum Price Regulation No. 218 shall not be evaded whether by direct or indirect methods in connection with an offer, solicitation, agreement, sale, delivery, purchase or receipt of or relating to Central Appalachian wooden mine materials, alone or in conjunction with any other commodity or by way of commission, service, transportation, or other charge or discount, premium or other privilege, or by tying agreement or other trade understanding or otherwise.

§ 1426.55 *Licensing.* The provisions of Supplementary Order No. 18 (§ 1305.22) licensing persons selling lumber, lumber products or building materials, are applicable to every person (except mills, manufacturers or producers) making sales of Central Appalachian wooden mine materials for which maximum prices are established by this regulation. The term "mills", "manufacturers" and "producers" when used in this section shall have the meaning given to them by Supplementary Order No. 18.

§ 1426.56 *Records and reports.* (a) On and after September 8, 1942, every person who, during any calendar month, offers or agrees to sell, sells or delivers, or offers or agrees to buy, buys or receives a total of one thousand dollars worth, or more of Central Appalachian wooden mine materials in the course of trade or business, shall keep for inspection by the Office of Price Administration for a period of not less than two years, a complete and accurate record of every offer, agreement, purchase, sale or delivery of Central Appalachian wooden mine materials showing the date thereof, the name and address of the buyer and the seller, the price paid or received, an exact description of the material and the quantity thereof.

(b) Such persons shall keep such other records in addition to or in place of the records required in paragraph (a) of this section and shall submit such reports to the Office of Price Administration as that Office may from time to time require or permit.

§ 1426.57 *Enforcement.* (a) Persons violating any provision of this Maximum Price Regulation No. 218 are subject to the criminal penalties, civil enforcement actions, proceedings for suspension of licenses, and suits for treble damages provided for by the Emergency Price Control Act of 1942.

(b) Persons who have evidence of any violation of this Maximum Price Regulation No. 218 or any price schedule, regulation, or order issued by the Office of Price Administration or of any acts or practices which constitute such a violation are urged to communicate with the nearest district, state, or regional office of the Office of Price Administration or its principal office in Washington, D. C.

§ 1426.58 *Petitions for amendment.* Persons seeking any modification of this Maximum Price Regulation No. 218, or any adjustment or exception not provided for therein may file petitions for amendment in accordance with the provisions of Procedural Regulation No. 1,[1] issued by the Office of Price Administration.

§ 1426.59 *Definitions.* (a) This Maximum Price Regulation No. 218 and the terms appearing therein, unless the context otherwise requires, shall be construed as follows:

(1) "Person" includes an individual, corporation, partnership, association, or any other organized group of persons or legal successor or representative of any of the foregoing and includes the United States, or any government, or any of its political subdivisions, or any agency of any of the foregoing.

(2) "Central Appalachian wooden mine materials" means any materials used in mines and named in Appendix A, § 1426.62 hereof, which is delivered to the mine and produced in any of the following counties of Pennsylvania: Greene, Fayette, Somerset, Washington, Westmoreland, Butler, Clearfield, Beaver, Lawrence, Mercer, Venango, Forest, Elk, Cameron, Jefferson, Centre, Cambria, Indiana, Bedford, Huntington, Fulton, Blair, Clarion, Armstrong, and Allegheny; or produced in either of the following counties of Maryland: Garrett and Allegany; or produced in any of the following counties of West Virginia: Mineral, Preston, Grant, Randolph, Upshur, Wetzel, Hampshire, Hardy, Tucker, Barbour, Monongalia, Taylor, Marion, and Marshal.

(b) Unless the context otherwise requires, the definitions set forth in section 302 of the Emergency Price Control Act of 1942 shall apply to other terms used herein.

§ 1426.60 *Applicability of General Maximum Price Regulation.* The provisions of this Maximum Price Regulation No. 218 supersede the provisions of the General Maximum Price Regulation with respect to sales and deliveries for which maximum prices are established for this regulation.

§ 1426.61 *Effective date.* Maximum Price Regulation No. 218 (§§ 1426.51 to 1426.62, inclusive) shall become effective September 8, 1942.

§ 1426.62 *Appendix A: Maximum prices for Central Appalachian wooden mine materials delivered to the mine.* (a) The maximum prices for Central Appalachian wooden mine materials delivered to the mine shall be as follows:

(b) The maximum prices herein established shall not be increased by any charges for the extension of credit and shall be decreased for prompt payment to the same extent that the sale price would have been decreased by the seller on April 1, 1942. The cash and credit periods recognized by the seller on April 1, 1942 shall not be reduced.

(c) All invoices of sales of mine materials subject to this regulation must show the complete description of the materials and the quantity thereof.

(d) No person shall pay and no person shall charge or receive a commission for purchasing Central Appalachian wooden mine materials which is based on the amount or value of such materials purchased, if the amount of the commission plus the purchase price is higher than the maximum price permitted by this Maximum Price Regulation No. 218.

(e) A gross price above the maximum price herein established shall not be quoted even if accompanied by a discount, the effect of which is to bring the net price below such maximum price.

Issued this 8th day of September 1942.

TITLE 46—SHIPPING

Chapter IV—War Shipping Administration

[General Order 20]

PART 302—CONTRACTS WITH VESSEL OWNERS AND RATES OF COMPENSATION RELATING THERETO

BASIS FOR VALUATION FOR WAR RISK INSURANCE PURPOSES

Adopting and amending General Order No. 53[1] of the United States Maritime Commission (§§ 243.1 to 243.5, incl.), prescribing basis for valuation of United States flag vessels and of foreign-flag vessels owned by a national of the United States, for war risk insurance purposes.

The War Shipping Administration, to whom there has been transferred by Executive Order of the President dated February 7, 1942, the insurance functions of the United States Maritime Commission under the Merchant Marine Act, 1936, as amended, and related Acts, hereby amends from its inception General Order No. 53 (§§ 243.1 to 243.5, incl.) of the United States Maritime Commission.

1. By striking out subparagraph (1) of § 243.2 (b) *Excess valuation* of said General Order No. 53, and substituting therefor the following:

§ 302.70 *Basis of valuation of United States-flag vessels and foreign-flag vessels owned by a national of the United States, for war risk insurance purposes.* * * *

(b) * * *

(1) Payments of total or constructive total loss will be put in escrow; except with respect to vessels the proceeds of whose loss are required by the United States Maritime Commission to be placed in the owner's capital reserve fund established under the provisions of Title VI of the Merchant Marine Act, 1936, as amended, in which cases payments will be made into said fund subject to suitable agreements for the utilization of said payments and the return to the Commission of the equivalent of payments not utilized for new construction, all in a manner similar to the requirements of this General Order applicable to other vessels subject to the provisions hereof relating to "excess valuation".

Funds in escrow may be used for replacement of the vessel by new construction approved by the Commission, if such new construction is completed within three years after peace between the United States and the nations with which it is now at war is proclaimed. In the event that such funds are not so used within such prescribed period, they will be paid to the Commission, after deduction of insurance premiums paid with respect to "excess valuation" on the vessel involved, which shall be returned to the owner of the vessel.

The escrow shall be in the form of an escrow agreement with a depositary satisfactory to the Commission, to which the Commission and the Assured shall be parties, containing such provisions consistent with the provisions of this General Order as the Commission may determine to be necessary or advisable, and in the event that the owner elects to put the entire net proceeds of loss, as said term is defined in section 511 of the Merchant Marine Act, 1936, as amended, and regulations issued thereunder, in a Construction Reserve Fund, as provided in said section 511 and said regulations, the agreement shall contain additional provisions necessary or appropriate in the opinion of the Commission in order to permit payments by the Escrow Agent to the depositary of said Construction Reserve Fund instead of to the owner.

By adding as a final paragraph to said General Order No. 53 (§§ 243.1 to 243.5, incl.) the following:

§ 302.74 *Effective date; definitions.* * * *

Wherever in this General Order the term "Commission" is used (except with respect to the first reference thereto in the first paragraph of subparagraph (1) of § 243.2 (b)) the word "Commission" shall be understood to include the War Shipping Administration as successor to the functions and duties of the Commission under the aforementioned Executive Order of the President.

The War Shipping Administration hereby adopts said General Order No. 53 (§§ 243.1 to 243.5, incl.) of the United States Maritime Commission, as herein amended, as a General Order of the War Shipping Administration, with respect to all cases to which it has been made applicable by specific action of the United States Maritime Commission or the War Shipping Administration, or to which it may hereafter be made applicable by specific action of the War Shipping Administration. (E.O. 9054, 7 F.R. 837)

By Order of the War Shipping Administrator.

DEPARTMENT OF THE INTERIOR.

Bituminous Coal Division.

[Docket No. B-314]

LINDSAY H. PUTMAN

NOTICE OF AND ORDER FOR HEARING

A complaint dated August 17, 1942, pursuant to the provisions of section 4 II (j) and 5 (b) of the Bituminous Coal Act of 1937 (the "Act"), having been duly filed on August 20, 1942, by Bituminous Coal Producers Board for District No. 1, a district board, complainant, with the Bituminous Coal Division (the "Division"), alleging wilful violation by Lindsay H. Putman, Hooversville, Pennsylvania (the "Code Member"), of the Bituminous Coal Code (the "Code"), or rules and regulations thereunder:

It is ordered, That a hearing in respect to the subject matter of such complaint be held on October 19, 1942, at 10 a. m. at a hearing room of the Bituminous Coal Division at Room 118, Colonial Hotel, Altoona, Pennsylvania.

It is further ordered, That W. A. Cuff or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in such matter. The officer so designated to preside at such hearing is hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, to take evidence, and to continue said hearing from time to time, and to such places as he may direct by announcement at said hearing or any adjourned hearing or by subsequent notice, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to said code member and to all other parties herein and to all persons and entities having an interest in this proceeding. Any person or entity eligible under § 301.123 of the Rules and Regulations Governing Practice and Procedure Before the Division in Proceedings Instituted Pursuant to sections 4 II (j) and 5 (b) of the Act, may file a petition for intervention not later than five (5) days before the date herein set for hearing on the complaint.

Notice is hereby given that answer to the complaint must be filed with the Division at its Washington Office or with any one of the statistical bureaus of the Division, within twenty (20) days after date of service thereof on the code member; and that failure to file an answer within such period, unless otherwise ordered, shall be deemed to be an admission of the allegations of the complaint herein and a consent to the entry of an appropriate order on the basis of the facts alleged.

Notice is also hereby given that if it shall be determined that the code member has wilfully committed any one or more of the violations alleged in the complaint, an order may be entered either revoking the membership of the code member in the Code and the code member's right to an exemption from the taxes imposed by section 3520 (b) (1) of the Internal Revenue Code, or directing the code member to cease and desist from violating the Code and regulations made thereunder.

All persons are hereby notified that the hearing in the above entitled matter and orders entered therein may concern, in addition to the matters specifically alleged in the complaint herein, other matters incidental and related thereto, whether raised by amendment of the complaint, petition for intervention, or otherwise, and all persons are cautioned to be guided accordingly.

Notice is also hereby given that any application, pursuant to § 301.132 of the Rules of Practice and Procedure before the Division for the disposition of this proceeding without formal hearing, must be filed not later than fifteen (15) days after receipt by the code member of the complaint herein.

The matter concerned herewith is in regard to the complaint filed by said complainant alleging that Lindsay H. Putman, Hooversville, Pennsylvania, code member, whose code membership became effective as of June 21, 1937, and who operates the Fallen Timber Mine, Mine Index No. 1914, in Subdistrict No. 37, District No. 1, Somerset County, Pennsylvania, (1) wilfully violated section 4, Part II (e) of the Act and Part II (e) of the Code, by selling and delivering subsequent to September 30, 1940, below the effective minimum prices established therefor, as set forth in the Schedule of Effective Minimum Prices for District No. 1 For Truck Shipments, coal produced at the aforesaid mine, including (a) sales during the period November 27, 1940, to February 22, 1941, both dates inclusive, of approximately 15 net tons of slack coal, to L. Carano, Hooversville, Pennsylvania, at $1.50 per net ton f. o. b. said mine; and (b) sales and deliveries during the period October 11, 1940, to May 19, 1941, both dates inclusive, of approximately 140 net tons of slack coal, to the Hooversville Schools, Hooversville, Pennsylvania, at the delivered price of $2.15 per net ton, whereas all of said coal, pursuant to Price Instruction No. 4 as set forth in said schedule was classified as Size Group 3 and priced at $2.20 per net ton f. o. b. said mine in said Schedule, which transactions constituted sales and deliveries of coal at prices less than the minimum established therefor by the Division, thereby resulting in violations of section 4, Part II (e) of the Act and Part II (e) of the Code;

(2) That said code member wilfully violated section 4, Part II (e) and (g) of the Act and Part II (e) and (g) of the Code by selling and delivering subsequent to September 30, 1940, below the effective minimum price established therefor as set forth in said Schedule, coal produced at the aforesaid mine, including sales and deliveries during the period from January 19 to May 24, 1941, both dates inclusive, of approximately 18 net tons of slack coal to various purchasers at Hooversville, Pennsylvania, at $2.25 per net ton delivered, whereas the effective minimum f. o. b. mine price for said coal, pursuant to Price Instruction 4, as set forth in said Schedule was $2.20 per net ton, to which there should have been added the transportation charges, handling charges or incidental charges from the transportation facilities at the mine to said purchasers at Hooversville, Pennsylvania, as required by Price Instruction No. 6 as amended, and contained in Supplement No. 1 to said Schedule, resulting in violations of section 4, Part II (e) and (g) of the Act and Part II (e) and (g) of the Code; and

(3) That said code member failed and refused to file with the Statistical Bureau of the Division for District No. 1, for each month from and including January 1, 1941, to date, within 5 days after the end of each of said months, a report of all sales made during each of said months of coal produced at said Fallen Timber Mine, Mine Index No. 1914, and shipped from said mine by truck or wagon to various purchasers and copies of truck tickets, sales slips, invoices and listings of said sales as required by section III (b) of Order of the Division No. 307 issued December 11, 1940, resulting in violations of Order of the Division No. 308 issued January 14, 1941 pursuant to said Order No. 307, and provisions of the Act and Code, pursuant to which said orders were issued.

Dated: September 8, 1942.

ALL OF THE CAPITAL STOCK OF E. LEITZ, INC. (1941), AND CERTAIN INDEBTEDNESS OWING BY IT

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding:

(a) That the property described as follows:

All of the capital stock of E. Leitz, Inc., a corporation organized under the laws of the State of New York on March 29, 1941 (herein called the "1941 Corporation"), which is a business enterprise within the United States, consisting of 1,800 shares of $100 par value stock owned by the persons whose names, last known addresses and number and class of shares owned by them, respectively, are as follows:

Names	Last known addresses	Common stock	6 per cent cumulative preferred stock
Alfred Boch	New York, New York	25	----
H. W. Zieler	New York, New York	25	----
E. Leitz, Inc., a corporation organized under the laws of the State of New York on April 22, 1916 (herein called the "1916 Corporation"), which is the predecessor of the 1941 Corporation, holding for the benefit of Dr. Ernst Leitz and E. Leitz, G. m. b. H., both of Wetzlar, Germany.	New York, New York	----	1,750
Total	----	50	1,750

is property of nationals, and represents ownership of said business enterprise which is a national, of a designated enemy country (Germany); and

(b) That the property described as follows:

All right, title, interest and claim of any name or nature whatsoever of the 1916 Corporation, Dr. Ernst Leitz, and E. Leitz, G. m. b. H., or any of them, in and to all indebtedness, contingent or otherwise and whether or not matured, owing to them or any of them by the 1941 Corporation, including but not limited to all security rights in and to any and all collateral for any or all of such indebtedness and the right to sue for and collect such indebtedness, and including particularly but not limited to all outstanding 20 year serial debentures issued by the 1941 Corporation.

is an interest in the aforesaid business enterprise held by nationals of an enemy country, and also is property within the United States owned or controlled by nationals of a designated enemy country (Germany), and determining that the property described in this sub-paragraph (b) is necessary for the maintenance or safeguarding of other property [namely, that hereinbefore described in subparagraph (a)] belonging to the same nationals of the same designated enemy country and subject to vesting (and in fact vested by this order) pursuant to section 2 of said Executive Order;

and determining that to the extent that any or all of such nationals are persons not within a designated enemy country the national interest of the United States requires that such persons be treated as nationals of a designated enemy country, and having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise, and deeming it necessary in the national interest, hereby vests such property in the Alien Property Custodian, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in a special account pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national", "designated enemy country" and "business enterprise within the United States" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

[Vesting Order No. 114]

1,990 SHARES OF THE CAPITAL STOCK OF AMERICAN VOITH CONTACT COMPANY, INC.

Under the authority of the Trading with the Enemy Act, as amended, and Executive Order No. 9095, as amended, and pursuant to law, the undersigned, after investigation, finding that the property described as follows:

1,990 shares of $100 par value common capital stock of American Voith Contact Company, Inc., a New York corporation, which is a business enterprise within the United States, which shares are registered in the name of Christian F. Benz, whose last known address was represented to the undersigned as being in Tuckahoe, New York, and who holds such shares for the benefit of the persons whose names and last known addresses, and the number of shares held for whom, are, respectively, as follows:

Names and last known addresses	Number of shares
Walther, Voith Heidenheim, Germany	690
Hanns Voith Heidenheim, Germany	650
Hermann Voith, Heidenheim, Germany	650
Total	1,990

is property of nationals, and represents ownership of said business enterprise which is a national, of a designated enemy country (Germany), and determining that to the extent that any or all of such nationals are persons not within a designated enemy country the national interest of the United States requires that such persons be treated as nationals of a designated enemy country, and having made all determinations and taken all action, after appropriate consultation and certification, required by said Executive Order or Act or otherwise, and deeming it necessary in the national interest, hereby vests such property in the Alien Property Custodian, to be held, used, administered, liquidated, sold or otherwise dealt with in the interest of and for the benefit of the United States.

Such property and any or all of the proceeds thereof shall be held in a special account pending further determination of the Alien Property Custodian. This shall not be deemed to limit the powers of the Alien Property Custodian to return such property or the proceeds thereof, or to indicate that compensation will not be paid in lieu thereof, if and when it should be determined that such return should be made or such compensation should be paid.

Any person, except a national of a designated enemy country, asserting any claim arising as a result of this order may file with the Alien Property Custodian a notice of his claim, together with a request for a hearing thereon, on Form APC-1, within one year from the date hereof, or within such further time as may be allowed by the Alien Property Custodian. Nothing herein contained shall be deemed to constitute an admission of the existence, validity or right to allowance of any such claim.

The terms "national", "designated enemy country" and "business enterprise within the United States" as used herein shall have the meanings prescribed in section 10 of said Executive Order.

[Order 17 Under Maximum Price Regulation 148 [1]—Dressed Hogs and Wholesale Pork Cuts—Docket 3148–75]

CAROLINA PACKING COMPANY

ORDER GRANTING PETITION FOR ADJUSTMENT

On June 1, 1942, the Carolina Packing Company, Orangeburg, South Carolina filed a petition for amendment redocketed as a petition for an adjustment pursuant to § 1364.29 (a) of Maximum Price Regulation No. 148. Due consideration was given to the petition and on June 26, 1942, Order No. 1 under Price Regulation No. 148 was issued granting relief as to some of the items requested and denying it as to others. Simultaneously with the issuance of Order No. 1 an opinion in support of it was issued and filed with the Division of the Federal Register. On August 25, the Carolina Packing Company requested that such petition receive further consideration. In compliance with this request, its petition has been redocketed as Docket No. 3148–75.

Such petition has been duly reconsidered, and an opinion in support of this Order No. 17 has been issued simultaneously herewith and has been filed with the Division of the Federal Register. For the reasons set forth in the opinion, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, and in accordance with Procedural Regulation No. 1,[2] issued by the Office of Price Administration, *it is hereby ordered:*

(a) The Carolina Packing Company may sell and deliver, and agree, offer, solicit, and attempt to sell and deliver, the kinds of wholesale pork cuts set forth in paragraph (b), at prices not in excess of those stated therein. Any person may buy and receive, such kinds of wholesale pork cuts at such prices from the Carolina Packing Company.

(b)

	Cents per pound
Dry salt clear plates	12½
Boiled hams	49½
Dry salt jowls	13
Dry Salt bellies	18
Dry salt fat backs	14
Smoked shankless picnics	29
Boned rolled and tied hams	43¼

(c) The permission granted to the Carolina Packing Company in this Order No. 17 is subject to the following condition: that the prices specified in paragraph (b) shall apply only during the period April 1 to November 30, inclusive, of any year during which Maximum Price Regulation No. 148 is in effect and that during the period December 1, to March 31, inclusive, of any such year, the maximum price at which the Carolina Packing Company may sell or deliver, or agree, offer, solicit, or attempt to sell or deliver, and at which any person may buy or receive or agree, offer, solicit, or attempt to buy or receive from the Carolina Packing Company, each wholesale pork cut specified shall be the seller's maximum price for such cut as determined under the provisions of § 1364.22 of Maximum Price Regulation No. 148.

(d) All prayers of this petition not granted by Order No. 1 or not granted herein are denied.

(e) This Order No. 17 may be revoked or amended by the Price Administrator at any time.

(f) Unless the context otherwise requires, the definitions set forth in § 1364.32 of Maximum Price Regulation No. 148 shall apply to terms used herein.

This Order No. 17 shall become effective September 9, 1942.

Issued this 8th day of September, 1942.

SECURITIES AND EXCHANGE COMMISSION.

[File No. 70-598]

GENERAL ELECTRIC COMPANY AND ELECTRICAL SECURITIES CORPORATION

NOTICE OF FILING AND ORDER FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 5th day of September, 1942.

Notice is hereby given that a joint application has been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by General Electric Company and by Electrical Securities Corporation. All interested persons are referred to said application, which is on file in the office of this Commission, for a statement of the transactions therein proposed which are summarized as follows:

General Electric Company, through its wholly-owned subsidiaries, Electrical Securities Corporation and G. E. Employees Securities Corporation, proposes to exercise its right to subscribe for shares of common stock, par value $1 per share, of Southwestern Public Service Company at a price not less than $4.50 nor more than $6.00 per share at the rate of 2 shares of common stock of Southwestern Public Service Company for each 5 shares of common stock of Community Power & Light Company in connection with a merger of Community Power & Light Company and of General Public Utilities, Inc., into Southwestern Public Service Company.

The Commission having on August 25, 1942, issued its notice of and order for hearing providing for a hearing to be held on September 4, 1942, at 10:00 a. m., with respect to joint and several applications filed by General Electric Company, Electrical Securities Corporation and G. E. Employees Securities Corporation relating to the request of said applicants for an extension of the Commission's order of August 18, 1941 which authorized such applicants to acquire 40,000 shares of the common stock of Community Power & Light Company on the condition that they sell or otherwise dispose of a sufficient number of the 40,000 shares of said common stock in order that at the close of business on August 31, 1942, said applicants did not directly or indirectly own, control or hold with power to vote 5% or more of the outstanding voting securities of Community Power & Light Company and which exempted said applicants from the provisions of the Public Utility Holding Company Act of 1935 which would require them to register under said Act; and said hearing having been adjourned on the record until September 10, 1942, at 10 a. m., at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania.

It further appearing to the Commission that it is appropriate in the public interest and the interest of investors and consumers that a hearing be held with respect to the proposed acquisition of common stock of Southwestern Public Service Company by the applicants herein, that said matters be considered together and in connection with the matters raised in the notice of and order for hearing of this Commission dated August 25, 1942, and that said application shall not become effective except pursuant to further order of this Commission;

It is ordered, That the scope of the hearing to be held on September 10, 1942, at 10 a. m., in the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania, be and hereby is enlarged for the purpose of considering the application with respect to the acquisition of the common stock of Southwestern Public Service Company under the applicable provisions of said Act and the Rules and Regulations thereunder. On such date the hearing room clerk in Room 318 will advise as to the room where such hearing will be held.

By the Commission.

MIDLAND UNITED COMPANY, TRUSTEE

ORDER PERMITTING DECLARATION TO BECOME EFFECTIVE

At a regular session of the Securities and Exchange Commission held at its office in the City of Philadelphia, Pennsylvania, on the 8th day of September, A. D., 1942.

The Trustee of Midland United Company, a registered holding company, having filed a declaration pursuant to section 12 of the Public Utility Holding Company Act of 1935, and certain rules promulgated thereunder, regarding a capital contribution to Indiana Railroad, its wholly owned nonutility subsidiary, in the aggregate amount of $7,093,910.08 (plus interest, accrued to date of the capital contribution on the Demand Promissory Notes of Indiana Railroad payable to Midland United Company, estimated at $11,287.22) in the following form and amounts:

Open Account Indebtedness of Indiana Railroad to Midland United Company	$6,223,600.31
Fourteen Demand Promissory Notes of Indiana Railroad issued to Midland United Company during 1932 (aggregate face amount)	302,132.13
Two Demand Promissory Notes of Indiana Railroad payable to Public Service Company of Indiana and endorsed for transfer to Midland United Company (aggregate face amount)	176,932.10
Reduction in principal amount of Demand Promissory Note of Indiana Railroad payable to Midland United Company, issued December 31, 1931, presently in the face amount of $1,111,245.54 (amount of reduction)	391,245.54
Total	$7,093,910.08

The declaration having been filed on August 13, 1942, a notice of said filing having been duly given in the form and in the manner prescribed by Rule U-23, promulgated under the Act, and an amendment to said declaration having been filed on August 19, 1942, and the Commission not having received a request for a hearing with respect to the declaration within the period specified in said notice, or otherwise, and not having ordered a hearing thereon; the above named party having requested that the effective date of said declaration be accelerated;

The Commission finding with respect to said proposed capital contribution that the requirements of section 12 (b) of the Act and Rule U-45, are complied with; and being satisfied that the effective date of such declaration, as amended, should be advanced;

It is hereby ordered, Pursuant to said Rule U-23, and the applicable provisions of said Act, and subject to the terms and conditions prescribed by Rule U-24, that the aforesaid declaration, as amended, be, and the same hereby is, permitted to become effective forthwith.

By the Commission.

EXECUTIVE ORDER 9240

REGULATIONS RELATING TO OVERTIME WAGE COMPENSATION

WHEREAS many labor organizations have already adopted the patriotic policy of waiving double time wage compensation or other premium pay for work on Saturday, Sunday and holidays, as such, for the duration of the war; and

WHEREAS it is desirable and necessary in the prosecution of the war, and to insure uniformity and fair treatment for those labor organizations, employers, and employees who are conforming to such wage policies that this principle be universally adopted:

NOW, THEREFORE, by virtue of the authority vested in me by the Constitution and the statutes, as President of the United States and as Commander in Chief of the Army and Navy, it is hereby ordered:

I. That the following principles and regulations shall apply for the duration of the war to the payment of premium and overtime wage compensation on all work relating to the prosecution of the war:

A. No premium wage or extra compensation shall be paid to any employee in the United States, its territories or possessions, for work on Saturday or Sunday except where such work is performed by the employee on the sixth or seventh day worked in his regularly scheduled workweek and as hereinafter provided.

(1) Where because of emergency conditions an employee is required to work for seven consecutive days in any regularly scheduled workweek a premium wage of double time compensation shall be paid for work on the seventh day.

(2) Where required by the provisions of law or employment contracts, not more than time and one-half wage compensation shall be paid for work in excess of eight hours in any day or forty hours in any workweek or for work performed on the sixth day worked in any regularly scheduled workweek.

B. No premium wage or extra compensation shall be paid for work on customary holidays except that time and one-half wage compensation shall be paid for work performed on any of the following holidays only:

New Year's Day
Fourth of July
Labor Day
Thanksgiving Day
Christmas Day

and either Memorial Day or one other such holiday of greater local importance.

II. All Federal departments and agencies shall conform the provisions in all existing and future contracts negotiated, executed, or supervised by them to the policies of this order. All such departments and agencies shall immediately open negotiations to alter provisions in

NOTICE UNDER PACKERS AND STOCKYARDS ACT[1]

SEPTEMBER 8, 1942.

Whereas the Platte Valley Sales Company was posted on February 20, 1941, as a stockyard subject to the provisions of the Packers and Stockyards Act, 1921; and

Whereas it now appears that the Platte Valley Sales Company is not being operated as a stockyard within the meaning of that term as defined in said Act:

Now, therefore, notice is hereby given that the Platte Valley Sales Company no longer comes within the foregoing definition and the provisions of Title III of said Act.

GROVER B. HILL,
Acting Secretary of Agriculture.

PART 204—POSTED STOCKYARDS AND LIVE POULTRY MARKETS

PLATTE VALLEY SALES COMPANY, NORTH PLATTE, NEBRASKA

NOTICE UNDER PACKERS AND STOCKYARDS ACT[1]

SEPTEMBER 9, 1942.

Whereas in accordance with the provisions of section 302 (b) of the Packers and Stockyards Act, 1921 (7 U.S.C. § 202 (b)), the Secretary of Agriculture posted the stockyard known as the North Platte Auction Company, North Platte, Nebraska, as being subject to the provisions of said Act; and

Whereas it appears that said stockyard is now known as the Platte Valley Sales Company, and is being operated by the Platte Valley Sales Company:

Now, therefore, it is ordered, That the notice of the posting of said stockyard be, and it hereby is, amended to show that the correct name of the stockyard is the Platte Valley Sales Company, North Platte, Nebraska.

GROVER B. HILL,
Assistant Secretary of Agriculture.

TITLE 30—MINERAL RESOURCES

Chapter III—Bituminous Coal Division

[Docket No. A-1602]

PART 321—MINIMUM PRICE SCHEDULE, DISTRICT NO. 1

ORDER GRANTING TEMPORARY RELIEF, ETC.

Order granting temporary relief and conditionally providing for final relief in the matter of the petition of District Board No. 1 for the establishment of price classifications and minimum prices for the coals of certain mines in District No. 1.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 1; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows:

Commencing forthwith, § 321.7 (*Alphabetical list of code members*) is amended by adding thereto Supplement R–I and R–II and § 321.24 (*General prices*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: August 31, 1942.

[SEAL] DAN H. WHEELER,
Acting Director.

[Docket No. A–1527]

PART 334—MINIMUM PRICE SCHEDULE, DISTRICT NO. 14

ORDER GRANTING TEMPORARY RELIEF, ETC.

Order granting temporary relief and conditionally providing for final relief in the matter of the petition of District Board No. 14 for the establishment of price classifications and minimum prices for certain mines in District No. 14.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 14; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 334.5 (*Alphabetical list of code members*) is amended by adding thereto Supplement R, and § 334.24 (*General prices for shipment into all market areas*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

Petitioner proposes a price classification and minimum prices for the coals of the Arnold Coal Company, Arnold Mine, in Size Group 20 for both rail and truck shipment, designating that mine as Mine Index No. 493. The records of the Division indicate that the correct mine index number for the Arnold Mine of the Arnold Coal Company is Mine Index No. 150. Accordingly, the Arnold Mine is identified as Mine Index No. 150 in the attached schedules marked Supplement R and Supplement T.

The original petition requests the establishment of certain price classifications and minimum prices for the coals of the No. 3 Mine of C. H. Harper & Sons in Production Group 8 in District No. 14. The records of the Division disclose, however, that the coals of that mine were previously classified and priced in Supplement No. 2 to Price Schedule No. 1 for District No. 14 For All Shipments Except Truck and in Supplement No. 2 to Price Schedule No. 1 for District No. 14 For Truck Shipments, under the name of the Elder Mine, Mine Index No. 194, of the Elder Coal Company (Lee Elder). The price classifications and minimum prices proposed by petitioner for the coals of the No. 3 Mine of C. H. Harper & Sons do not correspond in Size Groups 4, 6, 7, and 8 with those heretofore established for Mine Index No. 194 under the name of the Elder Mine. From the data contained in the original petition, it does not appear that petitioner was aware that the coals of the No. 3 Mine of C. H. Harper & Sons had been previously classified and priced for all shipments ex-

cept truck and for truck shipments. Further, no showing is made that petitioner seeks a revision in the price classifications and minimum prices in effect for the coals of Mine Index No. 194 in Size Groups 4, 6, 7, and 8, and no sufficient reason is advanced why such revisions should be made. Accordingly, no relief is granted herein for the coals of the No. 3 Mine, Mine Index No. 194, of C. H. Harper & Sons.

Petitioner proposes price classifications and minimum prices, for both rail and truck shipments, for the coals of the No. 7 Mine, Mine Index No. 134, of D. A. Henderson (Henderson Coal Company) produced by the machine cut method of mining. It appears that price classifications and minimum prices for the coals of Mine Index No. 134, produced by the machine cut method of mining, were originally established pursuant to General Docket No. 15. However, by the Order issued in Docket Nos. A–137, A–208 and A–251 such price classifications and minimum prices were deleted from the schedule and the coals of this mine were reclassified and priced on the basis of the solid shot method of mining. It now appears that the method of producing coal from Mine Index No. 134 is again to be changed and that, in compliance with Order No. 288, Henderson has advised the Division that the coals of that mine will henceforth be produced by the machine cut method of operation. Accordingly, the price classifications and minimum prices set forth in the attached schedules marked Supplement R and Supplement T apply only to the coals of Mine Index No. 134 when such coals are produced by the machine cut method of operation. Further, it appears that price classifications and minimum prices heretofore in effect for the coals of that mine, produced by the solid shot method of operation, should be eliminated from the minimum price schedules. Petitioner proposes no price classification and minimum price for the coals of Mine Index No. 134 of Henderson in Size Group 12. However, since price classifications and minimum prices for the coals in Size Group 12, produced from other mines presently operating in Production Group 7 in District No. 14, were permanently established by the Order issued in Docket Nos. A–137, A–208 and A–251 on March 28, 1942, 7 F.R. 2703, it is deemed advisable to make the same price classification and minimum prices applicable to the coals of Mine Index No. 134 in that size group. For this reason a price classification and minimum price for the coals of Mine Index No. 134 in Size Group 12 have been set forth in the attached schedules marked Supplement R and Supplement T.

The original petition requests the establishment of a price classification for the coals of the Myrtle R. Mine, Mine Index No. 446, of Myrtle Reginato, in Size Group 20. However, neither the original petition nor the records of this Division indicate that Reginato has shipped, or proposes to ship coals produced from the Myrtle R. Mine, by rail. In addition, the petition fails to set forth data showing the rail shipping point for this mine, the railroad upon which its coal would originate for rail shipment and other pertinent information necessary to the establishment of a price classification for rail shipments. Therefore, in the absence of such necessary information, no price classification is established for the coals of the Myrtle R. Mine, Mine Index No. 446, in Size Group 20, for shipment by rail.

For the No. 2 Mine of the Stewart Smokeless Coal Company, Mine Index No. 104, in Production Group 2, District No. 14, petitioner proposes price classifications and minimum prices in Size Groups 6, 7 and 8 which do not correspond with those in effect for comparable and analogous coals in the same size groups produced from other mines in Production Group 2 in District No. 14; petitioner's proposal is a classification of "L" for all shipments except truck, and a minimum price of $4.00 for truck shipments. Other mines in Production Group 2 producing similar coals, have an effective classification of "K" for Size Groups 6, 7 and 8 for all shipments except truck, and a minimum price of $4.05 per ton for truck shipments. Accordingly, since the original petition herein does not contain facts sufficient to warrant the differentiation in price classifications and minimum prices requested by petitioner, it is deemed advisable to temporarily establish a price classification of "K" for all shipments except truck and a minimum price of $4.05 per ton for truck shipments in the attached schedules marked Supplement R and Supplement T for the coals of Mine Index No. 104 in Size Groups 6, 7 and 8.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

Dated: August 31, 1942.

[SEAL] DAN H. WHEELER,
Acting Director.

PART 622—REGISTRATION

[Amendment No. 1]

TERMINATION OF REGISTRATION CERTIFICATES

By authority vested in me by the Selective Training and Service Act of 1940, as amended (54 Stat. 885; 50 U.S.C., Supp. II, 308), and Executive Order No. 8545, 5 F.R. 3779, and pursuant to the Selective Service Regulations, Section 622.71 is hereby amended to read as follows:

1. Amend § 622.71 to read as follows:

§ 622.71 *Termination of registration certificates under certain circumstances.* Whenever the Director of Selective Service finds that a local board, or a member thereof, or a group of local boards, or a group of members thereof, is supporting or opposing the war effort of any person, group or interest, he shall immediately terminate the right to consider any classification of any registrant of such local board or boards.

2. The foregoing amendment of the Selective Service Regulations shall be effective immediately. A copy thereof will be filed with the Division of the Register.

PART 622—CLASSIFICATION

[Amendment No. 77, 2d Ed.]

TERMINATION OF DEFERMENT UNDER CERTAIN CIRCUMSTANCES

By authority vested in me as Director of Selective Service under 54 Stat. 885; 50 U.S.C., Sup. 301–318, inclusive; E.O. 8545, 5 F.R. 3779, Selective Service Regulations, Second Edition, are hereby amended in the following respect:

1. Amend the regulations by adding a new section to be known as § 622.71 to read as follows:

§ 622.71 *Termination of deferment under certain circumstances.* Whenever the Director of Selective Service advises a local board that a deferred registrant or a group of deferred registrants is not supporting or is adversely affecting the war effort or the national health, safety, or interest, the local board shall immediately terminate the deferment of and consider anew the classification of such registrant or registrants.

2. The foregoing amendment to the Selective Service Regulations shall be effective immediately upon the filing hereof with the Division of the Federal Register.

BELTON PROJECT

I, Lewis B. Hershey, Director of Selective Service, in accordance with the provisions of section 5 (g) of the Selective Training and Service Act of 1940 (54 Stat. 885) and pursuant to authorization and direction contained in Executive Order No. 8675 dated February 6, 1941, hereby designate the Belton Project to be work of national importance, to be known as Civilian Public Service Camp No. 55. Said camp, located at Belton, Flathead County, Montana, will be the base of operations for park and forestry work in Glacier National Park, and registrants under the Selective Training and Service Act of 1940, who have been classified by their local boards as conscientious objectors to both combatant and non-combatant military service and have been placed in Class IV–E, may be assigned to said camp in lieu of their induction for military service.

The work to be undertaken by the men assigned to Civilian Public Service Camp No. 55 will consist of the construction, improvement and maintenance of park, parkway and recreational facilities, including roads, trails, utilities and park structures, and the restoration, conservation and protection of natural resources by reforestation, erosion control, fire suppression and presuppression, and shall be under the technical direction of the National Park Service of the Department of the Interior insofar as concerns the planning and direction of the work program. The camp, insofar as camp management is concerned, will be under the direction of approved representatives of the National Service Board for Religious Objectors. Men shall be assigned to and retained in camp in accordance with the provisions of the Selective Training and Service Act of 1940 and regulations and orders promulgated thereunder. Administrative and directive control shall be under the Selective Service System through the Camp Operations Division of National Selective Service Headquarters.

Chapter IX—War Production Board

Subchapter A—General Provisions

PART 905—SPECIFICATIONS

[Directive 8]

NATIONAL EMERGENCY SPECIFICATIONS FOR THE DESIGN, FABRICATION AND ERECTION OF STRUCTURAL STEEL FOR BUILDINGS

Pursuant to the authority vested in me by Executive Orders No. 9024 of January 16, 1942,[1] No. 9040 of January 24, 1942[2] and No. 9125 of April 7, 1942,[3] and pursuant to the policy stated in the Joint Directive of the War Production Board and the War and Navy Departments dated May 20, 1942, and the Army and Navy Munitions Board "List of Prohibited Items for Construction Work," dated April 1, 1942, as revised June 29, 1942, the following policy is prescribed (1) for the War Production Board and for the Army, Navy, Maritime Commission, Reconstruction Finance Corporation, National Housing Agency, and (2) for all other Departments and Agencies in respect to war construction and the financing of war construction.

§ 905.1 *National emergency specifications for the design, fabrication and erection of structural steel for buildings—Adoption of specifications.* (a) National emergency specifications for the design, fabrication and erection of structural steel for buildings issued by the War Production Board September 10, 1942, shall apply to and shall govern the designing, fabrication and erection of structural steel for all buildings which are constructed by, or the construction of which is financed by, or the construction of which must be approved by any of such departments or agencies, the contracts for which are placed after a date sixty days after the issuance of this directive. Such departments or agencies, however, are empowered to put this directive into immediate effect wherever possible.

(b) With respect to any such contracts already placed by any of said departments or agencies or entered into prior to a date sixty days after the issuance of this directive, the department or agency concerned shall review the contract promptly and shall change to said emergency specifications unless such change will result in any substantial delay in the war effort.

(c) The agency undertaking or approving the construction shall obtain from the person in responsible charge of the design of each such building a certificate to the effect that said specifications have been complied with, and that the building has been designed to secure the greatest savings of steel practical through continuity in design and through welded fabrication. In cases where Forms PD–200 and PD–200A must be filed with the War Production Board in order to obtain authorization to begin construction of such building, such certificate shall be filed with said forms.

(d) Authority to depart from the provisions of this directive may, upon specific request, be granted by the Director General for Operations of the War Production Board, or by such person or persons as he may designate for this purpose.

Subchapter B—Director General for Operations

PART 1010—SUSPENSION ORDERS

[Suspension Order S–95]

HERBERT S. KOHLBUSH

Herbert S. Kohlbush is the lessee and operator of an oil well known as Kohlbush No. 10 at Huntington Beach, California. Subsequent to December 23, 1941, and at a time when he was fully aware of the restrictions contained in Conservation Order M–68,[1] Kohlbush used material in the drilling of this oil well although such well does not conform to a uniform well-spacing pattern of not more than one single well to each 40 surface acres and was "spudded" subsequent to December 23, 1941. Kohlbush's use of material in the drilling of this well constituted a wilful violation of Conservation Order M–68 which has impeded and hampered the war effort of the United States by diverting scarce materials to uses unauthorized by the War Production Board. In view of the foregoing, *It is hereby ordered:*

§ 1010.95 *Suspension Order S–95.* (a) Herbert S. Kohlbush, his successors and assigns, shall not produce any oil from the well known as Kohlbush No. 10, located at Huntington Beach, California, for a total of 60 days during the 90-day period immediately succeeding the effective date of this order.

(b) Beginning 90 days after the effective date of this order, Herbert S. Kohlbush, his successors and assigns, shall not operate the well known as Kohlbush No. 10, located at Huntington Beach, California, except in accordance with conditions prescribed by the Director General for Operations.

(c) Nothing contained in this order shall be deemed to relieve Herbert S. Kohlbush from any restriction, prohibition, or provision contained in any other order or regulation of the Director of Industry Operations or the Director General for Operations, except insofar as the same may be inconsistent with the provisions hereof.

(d) This order shall take effect September 14, 1942, and shall continue in effect until revoked.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-96]

CHESTER F. DOLLEY

Chester F. Dolley is the lessee and operator of an oil well known as Girten Well No. 1, located at Torrance, California. Subsequent to December 23, 1941, and at a time when he was fully aware of the restrictions contained in Conservation Order M-68,[1] Dolley used material in the drilling of this oil well although such well does not conform to a uniform well-spacing pattern of not more than one single well to each 40 surface acres and was "spudded" subsequent to December 23, 1941. Dolley's use of material in the drilling of this well constituted a wilful violation of Conservation Order M-68 which has impeded and hampered the war effort of the United States by diverting scarce materials to uses unauthorized by the War Production Board. In view of the foregoing, *It is hereby ordered:*

§ 1010.96 *Suspension Order S-96.* (a) Chester F. Dolley, his successors and assigns, shall not produce any oil from the well known as Girten Well No. 1, located at Torrance, California, for a total of 60 days during the 90-day period immediately succeeding the effective date of this order.

(b) Beginning 90 days after the effective date of this order, Chester F. Dolley, his successors and assigns, shall not operate the well known as Girten Well No. 1, located at Torrance, California, except in accordance with conditions prescribed by the Director General for Operations.

(c) Nothing contained in this order shall be deemed to relieve Chester F. Dolley from any restriction, prohibition, or provision contained in any other order or regulation of the Director of Industry Operations or the Director General for Operations, except insofar as the same may be inconsistent with the provisions hereof.

(d) This order shall take effect September 14, 1942, and shall continue in effect until revoked.

PART 997—PRODUCTION AND DELIVERY OF MACHINE TOOLS

[Amendment 2 to General Preference Order E-1-b]

DISTRIBUTION AMONG SERVICE PURCHASERS

General Preference Order E-1-b (§ 977.2)[1] is hereby further amended by changing paragraphs (e) (1), (e) (5), and (h) (1) thereof so as to read as follows:

§ 997.2 *General Preference Order E-1-b.* • • •

(e) *Distribution of 75 per cent of production among Service purchasers.* (1) Service purchasers are hereby subdivided into seven groups consisting of the following, and their respective prime contractors and subcontractors: Bureau of Ships (Navy), Bureau of Ordnance (Navy), Ordnance Department (Army), Air Services, Miscellaneous Branches and Bureaus, the Maritime Commission, and the Signal Corps. The fourth group, designated "Air Services," includes the Army Air Forces and the Navy Bureau of Aeronautics and their respective prime contractors and subcontractors. The fifth group, designated "Miscellaneous Branches and Bureaus," includes the Quartermaster Corps, the Corps of Engineers, the Army Medical Department, the Chemical Warfare Service, the Bureau of Yards and Docks, the Marine Corps, and the Transportation Service of the Services of Supply, and their respective prime contractors and subcontractors.

• • • • • •

(5) If a producer does not have on hand on the first day of the fourth month preceding the month of delivery, rated purchase orders from the Bureau of Ships (Navy) group equal to that group's quota of a size of a given type of tool for that month, the producer shall schedule purchase orders received from the Bureau of Ordnance (Navy) group for the balance of the Bureau of Ships (Navy) group quota of that size and type for delivery during that month. Similarly, if the producer does not have orders on hand from the Bureau of Ordnance (Navy) group equal to its quota, he shall schedule purchase orders received from the Bureau of Ships (Navy) group for the balance of the Bureau of Ordnance (Navy) group's quota.

If a producer does not have on hand on the first day of the fourth month preceding the month of delivery, rated purchase orders from the Bureau of Ships group plus the Bureau of Ordnance group equal to their combined quotas of a size of a given type of tool for that month, or if he does not have on hand on such date rated purchase orders from any other single group of Service purchasers equal to that group's quota of a size of a given type of tool for that month, the producer shall schedule purchase orders received from members of other groups of Service purchasers for that size and type for delivery during that month. Where members of two or more other groups have placed purchase orders aggregating more than such unordered balance of the combined quotas of the Bureau of Ships and Bureau of Ordnance, or of any other single group's quota, the producer must first schedule the purchase orders of those purchasers who are members of the group having the greatest ratio of:

(i) Unfilled purchase orders, specifying required delivery dates in said month of delivery and in preceding months, but not scheduled for delivery in said months to;

(ii) The number of tools to which said group is entitled under its quota,

until that ratio has been reduced to or below the ratio of another group or groups, after which the producer shall schedule the purchase orders of members of the group or groups which then have the greatest ratio, and shall continue to schedule in this manner until the unordered balance has been entirely distributed. Where several groups have the same ratio, and there are not sufficient undistributed tools to schedule one for each group, preference shall be given to the groups having the lower percentage quotas.

(h) *Necessity for preference ratings.* (1) Except in the case of purchase orders of foreign purchasers, no purchase order for any machine tool shall be given priority standing in production schedules, or shall be sold or delivered, unless a preference rating of A-10 or higher has been assigned thereto by a Preference Rating Certificate PD-1A, by a Preference Rating Certificate PD-3A, by a preference rating certificate in the PD-408 series, or by Preference Rating Order No. P-19-h. Delivery of the preference rating certificate itself to the producer is not required, but each purchase order must contain the proper endorsement thereon prescribed by Priorities Regulation No. 3, as amended from time to time. In addition, there must be included in this endorsement or set forth on the purchase order in a separaate endorsement:

(i) The urgency standing of the purchaser, if any;

(ii) The required delivery date of the tool;

(iii) A statement as to whether the purchaser is a "Service purchaser," a "foreign purchaser," or an "other purchaser," and

(iv) In the case of Service purchasers, the Supply Arm or Bureau of the Army or Navy, or the Maritime Commission, which placed the prime contract, the number of the prime contract, and the name of the prime contractors;

(v) In the case of foreign purchasers, the foreign country for which the tool is purchased; and

(vi) In the case of other purchasers, a statement as to the product or production program for which the tool is to be used.

If the endorsement on any purchase order of a Service purchaser received after the effective date of this order does not specify the urgency standing of such purchaser, and the name of such purchaser does not appear with an urgency standing on the list, hereinafter described, then such purchase order shall be treated as one without any urgency standing.

The foregoing amendment of paragraphs (e) (1) and (e) (5) shall not affect deliveries of machine tools which have been scheduled for the months of September and October 1942, pursuant to General Preference Order No. E-1-b, as originally issued, but shall affect deliveries in November 1942 and subsequent months.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 9th day of September 1942.

PART 1171—ELEVATORS

[Amendment 2 to General Conservation Order L-89]

Paragraph (d) of § 1171.1 *General Conservation Order L-89*[1] is amended to read as follows:

(d) *Restrictions on use of materials.* No non-ferrous metals, or stainless or alloy steel may be used in the construction of the car enclosure, hoistway doors, car or landing thresholds, face plates of operating or signal fixtures, or for other than functional parts of the lighting fixtures. No cork or cork products, except cork tile, and no rubber tile (reclaimed or otherwise) may be installed on the platform, or as a wainscot in the elevator car.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 10th day of September 1942.

PART 3063—FOOTWEAR

[Conservation Order M-217]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of shoe manufacturing material for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense.

§ 3063.1 *Conservation Order M-217—*(a) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the Priorities Regulations of the War Production Board, as amended from time to time.

[1] 7 F.R. 5272, 5940.

(b) *Definitions.* For the purposes of this order:

(1) "Put into process" means the first cutting of leather or fabric in the manufacture of footwear.

(2) "Footwear" includes house slippers but does not include foot covering designed to be worn over shoes.

(3) "Work shoes" means any shoes or boots with unlined quarters which are designed to be worn at any form of work requiring specially heavy or substantially made footwear.

(4) "Horizontal quarter seams" means seams on quarters running in a predominantly horizontal direction (i. e. parallel to the sole).

(5) "Design and construction" of footwear means the make-up of the footwear in every detail, so that any two items of footwear of the same design and construction are necessarily identical, except in size; but does not refer to the means whereby the footwear is manufactured.

(c) *Curtailment in the use of materials and colors in the manufacture of footwear.* (1) After October 31, 1942, no person shall manufacture, or put into process any leather or fabric for the manufacture of, any footwear with:

(i) Leather seam laps gauging over ½ inch in width.

(ii) Horizontal quarter seams, on lined low quarter shoes.

(iii) Wing or shield tips on men's shoes and boys' shoes over size 6, or wing tips or long shield tips on women's, girls', misses', youths', little gents' and children's shoes and boys' shoes of size 6 and under.

(iv) Full overlay tips or full overlay foxings, except on work shoes.

(v) Woven leather vamps or quarters.

(vi) Quarter collars, except on unlined shoes and padded sole house slippers with cloth uppers.

(vii) Leather bows, except those made out of pieces of scrap too small in area to obtain therefrom a vamp or quarter.

(viii) Outside taps, on footwear other than men's high shoes, unless the middle sole is of synthetic composition material.

(ix) Leather slip soles other than those cut from bellies or offal.

(x) More than one full leather sole, in goodyear welt footwear other than work shoes.

(xi) Full breasted heels, except on hand-turned footwear.

(xii) Welting in excess of ½ inch in width and 5/32 inch in thickness in shoes other than work shoes, or welting in excess of 9/16 inch in width and 5/32 inch in thickness in work shoes.

(xiii) Straps, buckles, knife pockets or decorative stitching on boots or work shoes.

(xiv) Men's one piece uppers (i. e., vamp and quarter cut in one piece and seamed up the back).

(xv) Extension heel seats, except in stitchdown and prewelt shoes.

(xvi) Metal nail heads for studs or any metal for decorative purposes.

(xvii) Any stitching thread made from reserved Egyptian cotton (as defined in Conservation Order M-117) or reserved American extra staple cotton (as defined in Conservation Order M-197[1]) for any decorative or any non-functional purpose.

(2) After September 10, 1942, no person shall use in the manufacture of any footwear any steel shanks of any gauge except:

18 gauge-- .045 minimum, 50 carbon steel.
21 gauge-- .032 minimum, 50 carbon steel.
19 gauge-- .040 minimum, low carbon or basic steel.

unless such shanks were in said person's inventory on September 10, 1942, or were subsequently acquired from a producer of steel shanks who had, prior to September 10, 1942, rolled steel plate for shanks of a different gauge.

(3) After October 31, 1942, no person shall manufacture, or put into process any leather or fabric for the manufacture of, leather boots of any kind except blucher high cut laced boots or cowboy utility boots.

(4) After September 12, 1942, no person shall put into process any leathers or fabrics for the manufacture of footwear of more than one color (subject to unavoidable deviations in shade normally experienced in finishing leathers or dying fabrics). This restriction shall apply to the color of stitching, lacing and bindings, but shall not apply to the color of linings and soles.

(5) After October 15, 1942, no person shall use in the manufacture of footwear any leather or fabric except leather or fabric finished or dyed in accordance with paragraph (f) below: *Provided, however,* That nothing herein contained shall prevent any person from using any leather finished prior to October 16, 1942, or fabric dyed prior to September 13, 1942, if he furnishes the Director General for Operations with a certificate reading as follows:

We have used in the manufacture of footwear (*description of leather or fabric and quantity used*).

This leather (or fabric) was finished (or dyed) prior to October 16, 1942 (or September 13, 1942).

(d) *Restriction on styling.* After September 10, 1942, no person shall manufacture or put into process any leather or fabric for the manufacture of any footwear of a design and construction not utilized by him between September 1, 1940, and September 10, 1942, except footwear made with dies and lasts on order prior to September 10, 1942: *Provided, however,* That changes of design and construction are authorized to the extent necessary to remove tips, foxings, quarter collars, bows, excessively broad welting, metal nail heads, decorative metal, straps, buckles, pockets, decorative stitching, overlay tips, overlay foxings, steel shanks, full breasted heels, additional colors or excessively broad seam laps in order to conform to paragraph (c) above or to modify sole construction as required by said paragraph.

The Director General for Operations may make exceptions to this paragraph in favor of patterns or designs which will conserve leather or other materials.

[1] F.R. 5644, 6961.

(e) *Exceptions to paragraphs* (c) *and* (d) *above.* The foregoing prohibitions and restrictions of this order shall not apply to:

(1) Footwear the soles of which are made wholly from materials other than leather or rubber (which may, however, utilize leather for hinges or for tabs, heel inserts or other nonskid or soundproofing features covering not more than 25% of the area of the bottom of the sole).

(2) Special types of footwear made for the physically deformed or maimed.

(3) Football, baseball, hockey, skating, bowling, track, and ski shoes and other similar footwear designed for use in active participation in sports which require specially constructed footwear for such use.

(4) Footwear forming part of historical or other costumes for theatrical productions.

(f) *Restrictions on tanning of upper leather and on dyeing fabrics for footwear.* (1) After October 15, 1942, no person shall finish any leather for use as upper leather except in the following colors (subject to unavoidable deviations in shade normally experienced in finishing leathers):

Black.
White.
Turftan, Army russet, and town brown, as appearing on the fall 1942 color card of the Textile Color Card Association of the United States, Inc.
Bluejacket blue, as appearing on the spring 1942 color card of the Textile Color Card Association of the United States, Inc.

(2) After September 12, 1942, no person shall color any leather or dye any fabric for use in shoe uppers except in the colors mentioned in paragraph (f) (1) above (subject to unavoidable deviations in shade normally experienced in tanning and dyeing).

(3) The restrictions in this paragraph shall not apply to the dyeing of fabrics for use in padded sole house slippers, or the tanning or finishing of leather for formal evening slippers in gold or silver.

(g) *General exceptions.* The prohibitions and restrictions of this order shall not apply to footwear to be delivered to, or for the account of, the Army or Navy of the United States, the United States Maritime Commission, The Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Authority, the National Advisory Committee for Aeronautics, the Office of Scientific Research and Development and the War Shipping Administration; or to, or for the account of, the government of any of the following countries: Belgium, China, Czechoslovakia, Free France, Greece, Iceland, Netherlands, Norway, Poland, Russia, Turkey, United Kingdom including its Dominions, Crown Colonies and Protectorates, and Yugoslavia; or on any contract or purchase order placed by any agency of the United States Government for footwear to be delivered to, or for the account of, the Government of any country listed above, or any other country, including those in the Western Hemisphere, pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act).

(h) *Restrictions relating to sales and deliveries.* (1) No person shall sell or deliver any new footwear, the leather or fabric for which was put into process on or after October 31, 1942, unless such footwear is manufactured in conformity with this order.

(2) No tanner or sole cutter shall deliver any leather to any shoe manufacturer if he knows or has reason to believe said leather is to be used in violation of the terms of this order.

(3) The prohibitions and restrictions of this paragraph shall not apply to:

(i) Deliveries of footwear or leather by, or to, any person having temporary custody thereof for the sole purpose of transportation or public warehousing.

(ii) Any bank, banker or trust company affecting or participating in a sale or delivery of footwear or leather solely by reason of the presentation, collection, or redemption of an instrument, whether negotiable or otherwise.

(4) In making sales or delivery of any footwear, no person shall make discriminatory cuts in quantity or quality between former customers who meet such person's regularly established prices, terms and credit requirements, or between former customers and his own consumption of said footwear. Reduction in sales or deliveries proportionate with any curtailment in supply available for non-military use shall not constitute a discriminatory cut.

(i) *Appeals.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of shoe manufacturing material conserved, or that compliance with this order would disrupt or impair a program of conversion from nondefense to defense work, may appeal to the War Production Board, by letter or telegram, Reference M-217, setting forth the pertinent facts and the reason he considers he is entitled to relief. The Director General for Operations may thereupon take such action as he deems appropriate.

(j) *Records.* All persons affected by this order shall keep and preserve for not less than two years accurate and complete records concerning inventories, purchases, production and sales.

(k) *Reports.* Each person affected by this order shall execute and file with the War Production Board such reports and questionnaires as may be required by said Board from time to time.

(l) *Communications.* All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: War Production Board, Textile, Clothing and Leather Branch, Washington, D. C., Ref.: M-217.

(m) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

PART 3085—IMPORTED LONG STAPLE RAW COTTON

[General Conservation Order M-236]

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of imported long staple raw cotton for use in the manufacture of fabrics and thread and other items for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 3085.1 *General Conservation Order M-236*—(a) *Applicability of priorities regulations.* This order and all transactions affected thereby are subject to all applicable provisions of the priorities regulations of the War Production Board, as amended from time to time.

(b) *Definition.* For the purposes of this order "imported long staple raw cotton" means any imported raw cotton with staple length of from 1 1/8" to 1 21/32", inclusive, whether imported before or after the effective date of this order.

(c) *Restrictions on entry and withdrawal of imported long staple raw cotton.* No person shall, after September 19, 1942, enter through the United States Bureau of Customs for consumption, or withdraw from the bonded custody of the United States Bureau of Customs (bonded warehouse), any imported long staple raw cotton unless and until the entry or withdrawal shall have been authorized by the Director General for Operations on Form PD-644, notwithstanding any preference rating certificate or other authorization held by the person desiring to import the said imported long staple raw cotton. A copy of the authorization on Form PD-644 must be filed with the entry or withdrawal and no imported long staple raw cotton shall be entered or withdrawn in excess of the amount authorized in the approval of the application.

(d) *Applications for authorization for entry and withdrawal from customs.* All applications for authorizations for the entry for consumption or for the withdrawal from the bonded custody of the United States Bureau of Customs for consumption shall be made in triplicate on Form PD-644. They should be signed by the manufacturing concern desiring to use the imported long staple raw cotton. Applications may be filed by the manufacturing concern or by any person designated on the application as authorized to arrange for the entry or withdrawal of the imported long staple raw cotton on behalf of the manufacturing concern.

(e) *Appeal.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a degree of unemployment which would be unreasonably disproportionate compared with the amount of imported long staple raw cotton conserved, or that compliance with this order would disrupt or impair a program of conversion from nondefense to defense work, may appeal to the War Production Board by letter or telegram, Reference M-236, setting forth the pertinent facts and the reason he considers he is entitled to relief. The Director General for Operations may thereupon take such action as he deems appropriate.

(f) *Records.* All persons affected by this order shall keep and preserve for not less than two years accurate and complete records concerning inventories, production and sales.

(g) *Reports.* All persons affected by this order shall execute and file with the War Production Board such reports and questionnaires as may be required by said Board from time to time.

(h) *Communications to the War Production Board.* All communications concerning this order, or any reports required to be filed hereunder, shall, unless otherwise directed, be in writing and be addressed to War Production Board, Textile, Clothing and Leather Branch, Washington, D. C., Reference M-236.

(i) *Violations.* Any person who wilfully violates any provision of this order, or who, in connection with this order, wilfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

Chapter XI—Office of Price Administration

PART 1315—RUBBER AND PRODUCTS AND MATERIALS OF WHICH RUBBER IS A COMPONENT

[Amendment 1 to Maximum Price Regulation 149 [1]]

MECHANICAL RUBBER GOODS

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.*

A new paragraph (e) is added to § 1315.21 and a new § 1315.33a is added, as set forth below.

§ 1315.21 *Maximum manufacturers' prices for mechanical rubber goods.* * * *

(e) (1) Anything in this § 1315.21 to the contrary notwithstanding, any manufacturer of covered rubber thread may contract with the Defense Supplies Corporation that if his maximum price for covered rubber thread is changed to an adjusted maximum price pursuant to the provisions of subparagraph (2) of this paragraph, his selling price for covered rubber thread will be changed to such adjusted maximum price.

(2) Any manufacturer of covered rubber thread who believes that the maximum price for covered rubber thread established by this Maximum Price Regulation No. 149 impedes or threatens to impede the flow of that commodity to Defense Supplies Corporation may within thirty days after he contracts to sell covered rubber thread to the Defense Supplies Corporation petition for an adjustment of the maximum price established for that sale by this Maximum Price Regulation No. 149. Such petition shall be filed in the form and manner, and shall be acted upon, as set forth in §§ 1300.402 to 1300.404 inclusive, §§ 1300.407 and 1300.412 of Procedural Regulation No. 6 [2] issued by the Office of Price Administration, except that the manufacturer shall file actual costs of production of the covered rubber thread in question, or, if actual cost data are not available, an estimate of the costs of producing the covered rubber thread in question may be filed.

§ 1315.33a *Effective dates of amendments.* (a) Amendment No. 1 (§§ 1315.21 (e); 1315.33a) to Maximum Price Regulation No. 149 shall become effective September 9, 1942.

PART 1372—SEASONAL COMMODITIES

[Amendment 2 to Maximum Price Regulation 210 [2]]

RETAIL AND WHOLESALE PRICES FOR FALL AND WINTER SEASONAL COMMODITIES

A statement of the considerations involved in the issuance of this amendment has been issued simultaneously herewith and filed with the Division of the Federal Register.*

Section 1372.101 (c), and that portion of § 1372.106 (a) preceding subparagraph (1), are amended to read as set forth below:

§ 1372.101 *Applicability of this Maximum Price Regulation No. 210.* * * *

(c) *Purpose of this regulation.* This regulation establishes maximum prices for the particular fall and winter seasonal commodities which are listed in Appendix A (§ 1372.112). On and after August 31, 1942, regardless of any contract or other obligation, no person is permitted to sell any of the listed commodities, at wholesale or at retail, at a price higher than the maximum price permitted by this regulation. However, this regulation permits any person who determined the maximum price of a listed commodity under the General Maximum Price Regulation and offered it for sale at that price before August 31, to sell it prior to September 16, 1942, either at that price or at a price determined under this regulation. No person is permitted to buy or receive any of these commodities in the course of trade or business at prices higher than the maximum price.

* * * * *

§ 1372.106 *Relation between Maximum Price Regulation No. 210 and the General Maximum Price Regulation.* (a) Maximum prices which were determined before August 31, 1942, will not apply to fall and winter seasonal commodities listed in Appendix A when sold or deliv-

ered at wholesale or at retail on or after September 16, 1942. Prior to September 16, any person who determined the maximum price for any listed commodity under the General Maximum Price Regulation, and offered it for sale at that price before August 31, 1942, may sell it either at that price or at a price determined under this regulation.

The following sections of the General Maximum Price Regulation are made a part of this regulation, and the seller must comply with them:

PART 1380—HOUSEHOLD AND SERVICE INDUSTRY MACHINES

[Amendment 4 to Revised Price Schedule 102 [1]]

HOUSEHOLD MECHANICAL REFRIGERATORS

A statement of the considerations involved in the issuance of this amendment is issued simultaneously herewith and filed with the Division of the Federal Register.*

Sections 1380.51 and 1380.55 are hereby amended to read as follows, and four new paragraphs (f) (g) (h) and (i) are added to § 1380.58.

§ 1380.51 *Maximum prices for household mechanical refrigerators.* On and after September 9, 1942, regardless of the terms of any contract of sale or purchase, or other commitment, no manufacturer shall sell, offer to sell, deliver, or transfer any model of household mechanical refrigerator at a price higher than the maximum price, which is the base price plus such additions thereto as are specified in paragraph (d) below.

(a) *Base price of manufacturer's brand household mechanical refrigerators.* (1) In the case of all manufacturers who have had price lists on 1942 models approved by the Office of Price Administration, the base price, exclusive of federal excise tax, for any model of household mechanical refrigerator sold under the manufacturer's brand during the two-month period ended February 2, 1942, shall be the net price quoted to the same general class of purchasers for such model in the manufacturer's price list in effect on February 2, 1942.

(2) In the case of all other manufacturers, the base price, exclusive of federal excise tax, for any model manufactured for sale under the manufacturer's brand during the two-month period ended February 2, 1942, shall be the net price quoted to the same general class of purchaser for the most comparable model in the most recent 1941 price list, until a new price list has been approved by the Office of Price Administration.

(b) *Base price of private brand household mechanical refrigerator.* The base price, exclusive of federal excise tax, for any model of household mechanical refrigerator sold under a brand other than the manufacturer's brand during the two-month period ended February 2, 1942, shall be the highest price, exclusive of federal excise tax, specified for such model in a contract with a purchaser of the same general class in effect on February 2, 1942.

(c) *Base price of new models.* The base price for any 1942 model not manufactured or offered for sale before February 2, 1942, and for any other model not offered for sale by the manufacturer in the two-month period ended February 2, 1942, shall be the price approved in writing by the Office of Price Administration after the submission to it of a report in accordance with § 1380.54 (c), and no sale, offer to sell, delivery or transfer of such model shall be made until such approval shall have been given.

(d) *Additions which may be made to the base price in determining the maximum price.* The maximum price for the sale by a manufacturer of any model of household mechanical refrigerator shall not exceed the sum of the following items:

(1) The base price as set forth in paragraphs (a), (b) or (c) of this section, less any amount charged on account of cooperative advertising.

(2) (i) If the sale is to a wholesale consumer or to a distributor or dealer purchasing the refrigerator for resale to a wholesale consumer, an amount equal to 1% of the manufacturer's price f. o. b. the manufacturer's plant for each month or fraction thereof that elapsed between February 14, 1942, or the date on which the refrigerator was ready for delivery by the manufacturer, whichever is later, and September 13, 1942.

(ii) If the sale is to a distributor or to a dealer purchasing the refrigerator for eventual resale to an ultimate consumer, an amount equal to four-fifths of the amount which may be charged under subparagraph 2 (i) of this § 1380.51 (d).

(iii) If the sale is to an ultimate consumer, no amount may be added under this subparagraph (2) of § 1380.51 (d).

(iv) The amount which may be added for any portion of the inventory held by the manufacturer for the period between February 14, 1942, and September 13, 1942, may, at the option of the manufacturer, be calculated as follows: The total number of days that all refrigerators involved in the calculation have been ready for delivery up to September 13, 1942, shall be divided by the total number of refrigerators involved in the calculation. The resulting average of days during which the refrigerators involved have been ready for delivery up to September 13, 1942, may be assessed at the rate specified in subparagraphs 2 (i) and 2 (ii) of this § 1380.51 (d) for each month or fraction thereof against each refrigerator.

(3) The federal excise tax, unless the manufacturer is not obliged to pay the tax.

(4) The amount paid or to be paid by the manufacturer (i) on account of transportation of the refrigerator from manufacturer's point of shipment to destination, except any amount already included in the base price on that account, (ii) on account of uncrating, installation, and inspection of the refrigerator, (iii) on account of the one-year service contract, if that service is requested by the purchaser, but the amount to be added on such account shall in no event exceed $4.50.

(5) If the number of refrigerators to be delivered by the manufacturer to the purchaser requires a less than carload shipment, an amount equal to 2% of the base price of the refrigerator.

(6) If the refrigerator is sold to an agency of the United States which does not require the warranty customarily afforded by the manufacturer, the maximum price shall be reduced by the amount charged for the warranty by the manufacturer on February 2, 1942.

* * * * *

§ 1380.55 *Records and information to buyers.* (a) Every manufacturer making sales of household mechanical refrigerators on or after February 9, 1942, shall keep for inspection by the Office of Price Administration for a period of not less than one year, complete and accurate records of each such sale showing the date of billing, the name and address of the buyer, the name, number or other designation and the price received for each household mechanical refrigerator, the quantity of each household mechanical refrigerator sold, and discounts and allowance of any nature given.

(b) Every manufacturer who makes a charge to a dealer upon the sale of a household mechanical refrigerator on account of the amount which may be added pursuant to the provisions of § 1380.51 (d) (2) (ii) shall separately indicate the amount so charged on the invoice or bill of sale, together with a statement in the following form, and showing the proper amount in the blank:

The warehousing charge shown on this invoice ($_____) is added to the price charged with the permission of the Office of Price Administration contained in § 1380.51 (d) (2) (ii) of Revised Price Schedule 102. This amount represents your proportionate share of the increased warehousing costs which have been accrued because of the War Production Board action freezing new refrigerator stocks. We have already absorbed our proportion of the extra warehousing costs. Maximum Price Regulation No. 110 which establishes your ceiling for the retail sale of this refrigerator does not allow you to add this increased cost to the ceiling price.

* * * * *

§ 1380.58 *Definitions.* When used in Price Schedule No. 102, the terms:

* * * * *

(f) "Ultimate consumer" means a person who purchases a household mechanical refrigerator for use in his own home.

(g) "Wholesale consumer" means a person who purchases for use, rather than resale, but who is not an "ultimate consumer", as defined in paragraph (f) of this § 1380.58.

(h) "Dealer" means any person other than a manufacturer or distributor, engaged in the business of selling household mechanical refrigerators to persons purchasing for use, rather than resale.

(i) "Distributor" means any person other than a manufacturer or dealer, who, prior to February 14, 1942, was engaged in the business of selling household mechanical refrigerators to dealers, or any division, department or branch of a manufacturer, which, prior to February 14, 1942, was thus engaged.

PART 1380—HOUSEHOLD AND SERVICE INDUSTRY MACHINES

[Amendment 4 to Maximum Price Regulation 110 [1]]

RESALE OF NEW HOUSEHOLD MECHANICAL REFRIGERATORS

A statement of the considerations involved in the issuance of this amendment is issued simultaneously herewith and filed with the Division of the Federal Register.*

The text of § 1380.106, subparagraphs (3) and (4) in § 1380.109 (a) and the text of paragraphs (a) and (b) in § 1380.110, are amended to read as set forth below, and two new subparagraphs (13) and (14) are added in § 1380.109:

§ 1380.106 *Information to be furnished buyers.* (a) Every dealer shall post in a conspicuous place on the premises where refrigerators are offered for sale a legible notice setting forth the make, model number and maximum price under Maximum Price Regulation No. 110 of every model of refrigerator offered for sale on such premises.

(b) Any person subject to the provisions of this section may mark or post maximum prices for commodities for which maximum prices are established by this regulation, either in accordance with the provisions of this section or with the provisions of § 1499.13 (a) of the General Maximum Price Regulation.

(c) Every distributor who makes a charge to a dealer upon the sale of a household mechanical refrigerator on account of the amount which may be added pursuant to the provisions of § 1380.110 (b) (2) (iii) shall separately indicate the amount so charged on the invoice or bill of sale, together with a statement in the following form, and showing the proper amount in the blank:

The warehousing charge shown on this invoice ($_____) is added to the base price charged, with the permission of the Office of Price Administration contained in § 1380.110 (b) (2) (iii) of Maximum Price Regulation No. 110. This amount represents your proportionate share of the increased warehousing costs which have accrued because of the War Production Board action freezing new refrigerator stocks. We have already absorbed our proportion of extra warehousing costs. Maximum Price Regulation No. 110, which established your ceiling price for the retail sale of this refrigerator, does not allow you to add this increased cost to the ceiling price.

* * * * *

§ 1380.109 *Definitions.* (a) * * *

(3) "Dealer" means any person other than a manufacturer or distributor, engaged in the business of selling household mechanical refrigerators to persons purchasing for use, rather than resale.

(4) "Distributor" means any person other than a manufacturer or dealer, who, prior to February 14, 1942, was engaged in the business of selling household mechanical refrigerators to dealers, or any division, department or branch of a manufacturer, which, prior to February, 14, 1942, was thus engaged.

* * * * *

(13) "Ultimate consumer" means a person who purchases a household mechanical refrigerator for use in his own home.

(14) "Wholesale consumer" means a person who purchases for use, rather than resale, but who is not an "ultimate consumer", as defined in subparagraph (13) of this § 1380.109 (a).

§ 1380.110 *Appendix A: Maximum prices for the resale of household mechanical refrigerators* — (a) *Maximum prices for sales by dealers*—(1) *Models having recommended list prices.* The maximum cash price for the sale by dealers of the following models shall be the prices listed in this subparagraph. Prices on all models include delivery, installation, servicing, and a five-year warranty by the seller. Except as otherwise indicated with respect to certain 1941 models, all prices include the Federal excise tax, but do not include State or local taxes imposed at the point of sale. The limits of the numbered zones are those established by the manufacturer as of February 2, 1942.

(2) *Other models.* The maximum cash price, exclusive of state or local sales taxes, for the sale by dealers of any model not set forth in subparagraph (1) but offered for sale by the dealer on February 2, 1942, shall be the highest net price in effect, by the dealer's price list or other regular quotation, to consumers on February 2, 1942.

(b) *Maximum prices for sales by distributors to dealers and to other persons.* The maximum price for the sale by a distributor of any model or household mechanical refrigerator shall not exceed the sum of the following amounts:

(1) The base price, which (i) in the case of sales to dealers, shall be the net price which will yield the distributor the same percentage of the total dollar margin between the manufacturer's price to him, and the dealer's resale price to consumers, as he received during the period October 1, 1941, to October 15, 1941, for the sale of the same or the most comparable model to the same general class of dealer, or (ii) in the case of sales to other persons shall be the highest net price in effect to the same general class of purchaser during the two month period ending February 2, 1942. In the case of a sale to a purchaser who does not fall within any class for whom a price was in effect during the two-month period ending February 2, 1942, the base price shall be the manufacturer's price to the distributor, together with the cost of transportation from the manufacturer to the distributor, plus a mark-up of 20% of such price.

(2) (i) If the sale is to a wholesale consumer or to a dealer for resale to a wholesale consumer, an amount equal to 1% of the manufacturer's price to the distributor, f. o. b. the manufacturer's plant, for each month or fraction thereof that elapsed between February 14, 1942, or the date on which the refrigerator was ready for delivery by the manufacturer, whichever is later, and September 13, 1942.

(ii) If the sale is to an ultimate consumer, no amount may be added under this subparagraph (2) of § 1380.110 (b).

(iii) If the sale is to a dealer for resale to an ultimate consumer:

(*a*) And the refrigerator was acquired by the distributor prior to the effective date of this amendment, an amount equal to three-quarters of the amount which may be added under paragraph (b) (2) (i) of this § 1380.110.

(*b*) And the refrigerator was acquired by the distributor subsequent to the effective date of this amendment, an amount equal to three-fifths of the amount which may be added under paragraph (b) (2) (i) of this § 1380.110.

(3) The Federal excise tax.

§ 1380.112 *Effective dates of amendments* * * *

(d) Amendment No. 4 (§§ 1380.106, 1380.109 (a) (3), (a) (4), (a) (13), (a) (14) and 1380.110 (a), 1380.110 (b)) to Maximum Price Regulation No. 110 shall become effective the 9th day of September, 1942.

In section 1499.29, new paragraphs (e) and (f) are added, as set forth below:

§1499.29 *Exceptions for sales and deliveries to the United States or any agency thereof of certain commodities and in certain transactions and for certain other commodities, sales and deliveries.* * * *

(e) (1) Any person who has entered into or proposes to enter into a contract with Agricultural Adjustment Agency for the sale of agricultural liming materials and whose maximum price established by the General Maximum Price Regulation is below the general level of prices prevailing during March, 1942 for agricultural liming materials, and who is unable, without substantial hardship, as a result, to enter into a contract with Agricultural Adjustment Agency unless appropriate relief is granted may file an application for adjustment of his maximum prices in the manner hereinafter provided.

(2) After an application has been filed and until such time as an order is issued denying the application, the applicant may enter into, or offer to enter into contracts with Agricultural Adjustment Agency and may make deliveries and perform services at the prices requested in the application. If an order is issued denying the application in whole or in part, the contract price shall be revised downward in accordance with the terms of the order. In the event that an order is issued within 30 days after the receipt of an application by the Office of Price Administration it may direct the applicant to make appropriate refund to Agricultural Adjustment Agency. An order issued more than 30 days after the receipt of an application by the Office of Price Administration shall have no retroactive effect and shall be applicable only to sales, deliveries or services made or rendered after the issuance thereof.

(3) In no event shall a person pursuant to the permission granted by this section sell or offer to sell agricultural liming materials or services pertaining to the delivery and transportation of agricultural liming materials, at a price which shall exceed the sum of the following:

(i) Seller's cost of producing such agricultural liming materials or rendering such services at the time of the submission of his application for adjustment, plus.

(ii) Seller's dollar and cents margin over the cost of producing the same materials or the cost of rendering the same services at the date of seller's last offer of such materials accepted by Agricultural Adjustment Agency or in the event that Agricultural Adjustment Agency did not accept such offer made by the seller, then at the date of seller's last offer of such materials to Agricultural Adjustment Agency.

(4) The application shall be made on Form OPA 4SR:1 set out in Appendix A. A copy of such form may be obtained from any field office of the Office of Price Administration or any office of Agricultural Adjustment Agency at which bids are submitted pertaining to agricultural liming materials, or may be copied by the applicant from Appendix A. The applicant must declare that his maximum price established by the General Maximum Price Regulation is below the general level of prices prevailing during March 1942 for agricultural liming materials and that he will be unable to enter into a contract with the Agricultural Adjustment Agency, without substantial hardship, unless appropriate relief is granted.

(5) An original and two copies of the application shall be filed with the local Office of Agricultural Adjustment Agency to which applicant's bid for the sale, delivery or transportation of agricultural liming materials has been submitted. Agricultural Adjustment Agency shall within ten days after contracting for the sale, delivery or transportation of agricultural liming materials at a price for which approval of the Office of Price Administration has been sought by an application for adjustment, transmit an original and one copy of such application to the Office of Price Administration in Washington, D. C., together with a report certifying that the contract was made under circumstances which would have made it unfair or impossible to secure the materials or services at applicable maximum prices and that the contract was necessary in order to prevent undue impairment of the program of the Agency. The report shall also set forth:

(i) The name and address of the seller.

(ii) The date and term of the contract.

(iii) Description of the materials or services contracted for, including the quantity or extent thereof.

(iv) The price at which an award was made.

(v) A brief statement of any facts or circumstances corroborating seller's claim that his maximum price under the General Maximum Price Regulation is below the general level of prices prevailing in March 1942, and that the hardship resulting to him prevents his bidding or entering into a contract with Agricultural Adjustment Agency.

(vi) If a higher bid by another seller will have to be accepted by the Agency in the event the application is denied, the price contained in such higher bid.

(6) Any applicant whose application for adjustment is denied in whole or in part by the Administrator may, within sixty days after the issuance of the Administrators order finally denying such application, file a protest against such order in accordance with the provisions of Procedural Regulation No. 1.[2]

(7) Any person who is requested by Agricultural Adjustment Agency to contract or offer to contract for the sale of agricultural liming materials on a different basis than that upon which his maximum price for such sale has been established by the General Maximum Price Regulation, may adjust his maximum price in accordance with the value of the commodity or services which is added or withdrawn (*e. g.*, selling "f. o. b. plant" rather than "delivered to the farm", "delivered in bulk" rather than "delivered in bags", and "spread on the farm" rather than "delivered to the farm").

(8) As used in this paragraph (e), the term:

(i) "Agricultural liming materials" means the various grades and kinds of materials containing calcium and magnesium compounds, which are effectively used in neutralizing soil acidity.

(ii) "Agricultural Adjustment Agency" means Agricultural Adjustment Agency of the United States Department of Agriculture, or any successor thereof.

(iii) "Contract" means any contract, award, purchase order, open market purchase or other agreement between a seller of agricultural liming materials and Agricultural Adjustment Agency or the Division of Purchase, Sales and Traffic of the United States Department of Agriculture acting on behalf of Agricultural Adjustment Agency.

TITLE 36—PARKS AND FORESTS

Chapter II—Forest Service

PART 251—LAND USES

SPECIAL USE PERMITS, ETC.

By virtue of the authority vested in the Secretary of Agriculture by the act of June 4, 1897 (30 Stat. 35; 16 U.S.C. 551), the act of February 1, 1905 (33 Stat. 628; 16 U.S.C. 472), and the acts hereinafter cited, Regulations L-1 to L-11, inclusive, of the rules and regulations governing the occupancy, use, protection, and administration of the national forests, which constitute §§ 251.1 to 251.11, inclusive, Part 251, Chapter II, Title 36, Code of Federal Regulations, are revoked, and the following regulations are made and published in lieu thereof:

Sec.
251.1 Special use permits; general conditions.
251.2 Free special use permits.
251.3 Charge for special use permits.
251.4 Prospecting and mining permits.
251.5 Permits for roads and trails.
251.6 Exchange of use of privately-owned lands for use of national forest lands.
251.7 Home and industry sites in Alaska.
251.8 Permit for community improvements.
251.9 Management of municipal watersheds.

AUTHORITY: §§ 251.1 to 251.9 incl. (with the exceptions noted in the text) issued under sec. 1, 30 Stat. 35, 33 Stat. 628; 16 U.S.C. 551, 472.

§ 251.1 *Special use permits; general conditions* (Reg. U-10). All uses of national forest lands, improvements, and resources, including the uses authorized by the act of March 4, 1915 (38 Stat. 1101; 16 U.S.C. 497), and excepting those provided for in the regulations governing the disposal of timber and the grazing of livestock or specifically authorized by acts of Congress, shall be designated "special uses," and shall be authorized by "Special Use Permits."

The temporary use or occupancy of national forest lands by individuals for camping, picnicking, hiking, fishing, hunting, riding, and similar purposes, may be allowed without a special use permit; provided, permits may be required for such uses when in the judgment of the Chief of the Forest Service the public interest or the protection of the national forest requires the issuance of permits.

Special use permits shall be issued by the Chief of the Forest Service or, upon authorization from him, by the regional forester, forest supervisor, or forest ranger, except as herein provided, and shall be in such form and contain such terms, stipulations, conditions and agreements as may be required by the regulations of the Secretary of Agriculture and the instructions of the Chief of the Forest Service.

Special use permittees shall comply with all State and Federal laws and all regulations of the Secretary of Agriculture relating to the national forests and shall conduct themselves in an orderly manner.

A special use permit may be terminated with the consent of the permittee, or because of nonpayment of fees, by the officer by whom it was issued or his successor, but may be revoked or cancelled only by the Secretary of Agriculture or by an officer of the Forest Service superior in rank to the one by whom it was issued, except that a term permit may be revoked only for breach of its terms or violation of law or regulation. Appeals from action relating to special use permits may be made as provided in § 211.2 (Reg. A-10) of this chapter.

A special use permit may be transferred with the approval of the issuing forest officer, his successor or superior.

Special use permits authorizing the operation of public service enterprises, such as hotels and resorts, shall require that the permittee charge reasonable rates and furnish such services as may be necessary in the public interest.

Special use permits for the excavation of antiquities under the act of June 8,

1906 (34 Stat. 225; 16 U.S.C. 432), and leases of land under the act of February 28, 1899 (30 Stat. 908; 16 U.S.C. 495), shall be granted only by the Secretary of Agriculture.

Rights-of-way for electric power transmission, telephone, and telegraph lines granted under the act of March 4, 1911 (36 Stat. 1253; 16 U.S.C. 523), shall be subject to the condition that the grantee execute such stipulations as may be required by the regional forester for the protection of the national forests, pay such charges, furnish such facilities, and permit such reasonable use of its poles and lines for official purposes as may be required by the regional forester.

Nothing herein shall be construed to prohibit the temporary occupancy of national forest lands without permit for the protection of life or property in emergencies, provided a special use permit for such use be obtained at the earliest opportunity.

§ 251.2 *Free special use permits* (Reg. U-11). The Chief of the Forest Service may authorize the issuance of special use permits without charge when the use is (1) by a governmental agency, (2) of a public or semi-public nature, (3) for noncommercial purposes, (4) in connection with an authorized utilization of national forest resources, (5) of benefit to the Government in the administration of the national forests, or for similar purposes compatible with the public interest, and when authorized and directed so to be issued by acts of Congress.

§ 251.3 *Charge for special use permits* (Reg. U-12). Special use permits, except as provided in § 251.2 (Reg. U-11) of this chapter, or specifically authorized by the Secretary of Agriculture, shall require the payment of a fee or charge commensurate with the value of the use authorized by the permit, the amount of which shall be prescribed by the Chief of the Forest Service.

Special use permits involving government-owned buildings or improvements and facilities which require caretakers' services, or the furnishing of special services such as water, electric lights, and clean-up, may require the payment of an additional fee or charge to cover the costs of such services.

§ 251.4 *Prospecting and mining permits* (Reg. U-13). Specitl use permits pursuant to the act of March 4, 1917 (39 Stat. 1150; 16 U.S.C. 520), for the prospecting and mining of mineral resources, except oil and gas, on land acquired under the act of March 1, 1911 (36 Stat. 961; 16 U.S.C. 513 ff), or the act of June 7, 1924 (43 Stat. 653; 16 U.S.C. 569), or the act of March 3, 1925 (43 Stat. 1215; 16 U.S.C. 516), may be issued to citizens of the United States, or corporations organized and existing under the laws of the United States or any State thereof: *Provided*, That the use of the land for prospecting and mining shall not be incompatible with the purposes for which the lands are being administered.

Prospecting and mining permits shall not exceed 20 years' duration and shall provide for an annual rental payable in advance of not less than 25¢ per acre and a royalty of not less than 2% of the value of the minerals after having been brought to the surface of the ground: *Provided*, That after production begins the annual advance rentals shall be credited on the royalty payments for the year and similarly for each year thereafter. The permit shall also require annual advance deposits, in addition to the advance rental payments, in an amount to be determined by the issuing forest officer, against which royalty payments may be charged as they become due.

Prospecting may, in the discretion of the forest supervisor, be carried on without permit where no structures are to be erected and no substantial excavation or disturbances of the surface will be made. However, no exclusive rights may be acquired without a special use permit.

§ 251.5 *Permits for roads and trails* (Reg. U-14). Rights-of-way over national forest land for State or county highways or roads which are a part of an approved system of public roads shall be 132 feet in width in the case of Federal Aid and State highways and 66 feet in width in the case of county and community roads or other roads of a secondary character. The center line of the highway or road shall be the center line of the right-of-way except where otherwise provided by the permit. Rights-of-way in excess of 132 feet in width may be authorized only with the specific approval of the regional forester. National forest lands on which a highway or road right-of-way is located shall continue to be administered by the Forest Service but their use for highway or road purposes shall be dominant, and no use or occupancy thereof for other purposes shall be authorized unless concurred in by the appropriate State or county official, except that in the event agreement cannot be reached regarding such other use or occupancy as is essential to the proper use and management of national forests, the matter shall be submitted to the Secretary of Agriculture for decision. Direction and caution signs shall be erected and maintained by the State or county highway department. Information signs shall be approved by the Forest Service prior to erection.

Approval by the Secretary of Agriculture of a forest highway construction program shall constitute authorization for the occupancy of national forest lands for the highways included in such construction program, but where a special use permit for a project included within a forest highway program is desired by a State or county to meet legal or fiscal requirements, or for the execution of road contracts, a permit shall be issued by the regional forester and shall contain such stipulations as may be necessary to protect national forest interests.

Special use permits from the regional forester shall be required for a highway or road which is not a part of a forest highway approved by the Secretary of Agriculture. Application for a permit to construct such a highway or road shall be filed with the forest supervisor and shall be accompanied by a plat showing the location of the proposed highway or road. The forest supervisor will determine the effect of the proposed highway or road upon the national forest, and the changes in location or other features that may be necessary to safeguard the national forests, and he shall transmit the plat and his report to the regional forester for approval or rejection.

Trails may be constructed without permit upon consent and under the supervision of a forest officer, except that in the national forests in Alaska such consent and supervision will not be required.

No toll shall be charged for the use of roads or trails over national forest lands, and they shall be open to free public use unless otherwise authorized by the Chief of the Forest Service. Roads built at private expense may be temporarily closed to public use by order of the regional forester if their unrestricted use endangers public safety and property or interferes with the primary purpose for which they were built.

Roads across national forest lands which are not parts of State or county highway systems and which are constructed and maintained wholly at the expense of the Federal Government and its private cooperators may be designated by the regional forester as "special service" roads, and public use of such roads may be prohibited or regulated by the regional forester when necessary to the public interest.

§ 251.6 *Exchange of use of privately-owned lands for use of national forest lands.* (Reg. U–15). Owners or lessees of privately-owned lands within or adjacent to national forests, upon waiving their rights to the exclusive use of the land and allowing it to remain open to livestock authorized to graze on national forest lands, or to other recognized public uses, may be granted a special use permit without charge, authorizing the enclosure and use of a specific area of national forest land of which the public service value is not in excess of that of the privately-owned land, when such exchange will be advantageous to the administration of the national forests.

An application for a permit authoring the enclosure of national forest lands shall be accompanied by a certificate of title showing the ownership and description of the privately-owned land, and if such application is by a lessee, by a copy of the lease also. The application shall describe the national forest land it is desired to occupy.

§ 251.7 *Home and industry sites in Alaska* (Reg. U–16). A special use permittee who has constructed upon national forest lands within the Territory of Alaska permanent and substantial improvements for purposes of trade, manufacture, or other productive industry, in connection with which there are reasonable prospects for the establishment of a permanent industry, or who has occupied the land (not exceeding 5 acres) as a homestead or headquarters, in a habitable house, not less than 5 months each year for 3 years, may apply to the Secretary of Agriculture for the elimination from the national forest of

the land so occupied in order that it may be entered by the applicant under the provisions of section 10 of the act of May 14, 1898, as amended (48 U.S.C. 461–462). Upon determination, after investigation, that permanent and substantial improvements designed for trade, manufacture, or other productive industry exceeding in value the estimated value of the lands for national forest purposes have been lawfully constructed with reasonable prospects of establishing a permanent industry, or that the land has been so occupied as a homestead or headquarters, the Secretary of Agriculture will recommend the elimination of the land, not exceeding a total of 80 acres for an industry site or 5 acres for a homestead, from the national forest.

§ 251.8 *Permit for community improvements* (Reg. U-17). Special use permittees who occupy national forest lands for summer homes or other residential purposes not connected with timber sales, grazing permits, or water power developments, and who have organized an association which has been recognized under the provisions of § 211.1 (Reg. A-9) of this chapter, may be issued permits authorizing the construction and maintenance of improvements or facilities which contribute to their common welfare. Such permits shall be issued by the regional forester and may require that the total costs of the construction and maintenance of the improvements and facilities shall be paid by the association and that all persons authorized to occupy the area for summer homes or residential purposes and who share in the benefits from the improvements or facilities shall pay to the association their pro rata share of such costs.

Special use permits for the use of improvements and facilities constructed by the Government in the development of a group residential site may be issued to associations of permittees on the condition that they be operated and maintained by the association and the costs of operation and maintenance prorated among the persons who share in the benefits from the improvements and facilities, as provided in the above paragraph.

§ 251.9 *Management of municipal watersheds* (Reg. U-18). When necessary for the protection of water supplies of towns, cities, or irrigation districts the Chief of the Forest Service will enter into formal agreements with the properly authorized officials of the town, city, irrigation district, or private corporation, or with the owners of privately owned lands within the watershed to restrict the use of the national forest lands from which the water supplies are derived. The kinds of uses to be restricted, the nature and extent of the restrictions, the special protective measures which may be necessary or desirable, the assistance to be given the Forest Service in the enforcement thereof by the town, city, district, private corporation, or owner of land and the payments, if any, which shall be made to compensate the United States for losses of revenue resulting from the restrictions will all be clearly and specifically defined in the agreement.

In testimony whereof, I have hereunto set my hand and caused the official seal of the Department of Agriculture to be affixed, in the City of Washington, this 9th day of September 1942.

PAUL H. APPLEBY,
Acting Secretary of Agriculture.

TITLE 49—TRANSPORTATION AND RAILROADS

Chapter I—Interstate Commerce Commission

PART 120—ANNUAL, SPECIAL OR PRACTICAL REPORTS

At a session of the Interstate Commerce Commission, Division 1, held at its office in Washington, D. C., on the 31st day of August, 1942.

In the matters of annual reports from steam railway companies and the corresponding section of the Code of Federal Regulations, the Commission orders:

That the Commission's order dated December 18th, 1941, (7 F.R. 226) be modified as follows:

1. By the cancelation of that portion of paragraph (f) (2) preceding subparagraph (i) thereof and the substitution of the following therefor:

§ 120.11a *Supplement to form prescribed for large and medium steam roads.* * * *

(f) * * *

(2) All intercompany items within the consolidated group, except (a) transactions between noncontrolled lessor companies and (b) investments of such companies in securities of other companies included in the consolidated group, over which the respondent has no control, shall be eliminated from the net assets and liabilities as stated on the books of account. The amounts of such eliminations shall be entered in the eliminations column on Schedule A, and the net totals after eliminations entered in the column provided therefor on that schedule. Differences arising from such eliminations shall be variously disposed of as follows:

2. By the cancelation of Schedules A, B, C, D, E, and F and the substitution of the attached schedules A, B, C, D, E, and F therefor which are hereby approved and made a part of this order.[1]

3. By the cancelation of the phrase in the explanatory note reading as follows:

and Schedule F, Detail of Interest of Stockholders of Respondent and of Minority Stockholders of Subsidiaries in the Voting Capital Stock and in the Total Surplus of Subsidiary Companies

and the substitution of the following therefor:

and Schedule F, Detail [1] of Interest of Stockholders of Respondent and of Stockholders of Subsidiaries Other than Respondent in the Voting Capital Stock and in the Total Surplus of Subsidiary Companies.

By the Commission, Division 1.

0.65 PERCENT TREASURY CERTIFICATES OF INDEBTEDNESS OF SERIES C–1943

SEPTEMBER 10, 1942.

I. OFFERING OF CERTIFICATES

1. The Secretary of the Treasury, pursuant to the authority of the Second Liberty Bond Act, as amended, invites subscriptions, at par and accrued interest, from the people of the United States for certificates of indebtedness of the United States, designated 0.65 percent Treasury Certificates of Indebtedness of Series C–1943. The amount of the offering is $1,500,000,000, or thereabouts.

II. DESCRIPTION OF CERTIFICATES

1. The certificates will be dated September 21, 1942, and will bear interest from that date at the rate of 0.65 percent per annum, payable on an annual basis at the maturity of the certificates. They will mature May 1, 1943, and will not be subject to call for redemption prior to maturity.

2. The income derived from the certificates shall be subject to all Federal taxes, now or hereafter imposed. The certificates shall be subject to estate, inheritance, gift or other excise taxes, whether Federal or State, but shall be exempt from all taxation now or hereafter imposed on the principal or interest thereof by any State, or any of the possessions of the United States, or by any local taxing authority.

[1] Filed as part of the original document.

3. The certificates will be acceptable to secure deposits of public moneys. They will not be acceptable in payment of taxes and will not bear the circulation privilege.

4. Bearer certificates with one interest coupon attached will be issued in denominations of $1,000, $5,000, $10,000 and $100,000. The certificates will not be issued in registered form.

5. The certificates will be subject to the general regulations of the Treasury Department, now or hereafter prescribed, governing United States certificates.

III. SUBSCRIPTION AND ALLOTMENT

1. Subscriptions will be received at the Federal Reserve Banks and Branches and at the Treasury Department, Washington. Subscribers must agree not to sell or otherwise dispose of their subscriptions, or of the securities which may be allotted thereon, prior to the closing of the subscription books. Banking institutions generally may submit subscriptions for account of customers, but only the Federal Reserve Banks and the Treasury Department are authorized to act as official agencies. Others than banking institutions will not be permitted to enter subscriptions except for their own account. Subscriptions from banks and trust companies for their own account will be received without deposit. Subscriptions from all others must be accompanied by payment of 5 percent of the amount of certificates applied for.

2. The Secretary of the Treasury reserves the right to reject any subscription, in whole or in part, to allot less than the amount of certificates applied for, and to close the books as to any or all subscriptions at any time without notice; and any action he may take in these respects shall be final. Subject to these reservations, subscriptions for amounts up to and including $25,000 will be allotted in full. The basis of the allotment on all other subscriptions will be publicly announced, and allotment notices will be sent out promptly upon allotment.

IV. PAYMENT

1. Payment at par and accrued interest, if any, for certificates allotted hereunder must be made or completed on or before September 21, 1942, or on later allotment. In every case where payment is not so completed, the payment with application up to 5 percent of the amount of certificates applied for shall, upon declaration made by the Secretary of the Treasury in his discretion, be forfeited to the United States. Any qualified depositary will be permitted to make payment by credit for certificates allotted to it for itself and its customers up to any amount for which it shall be qualified in excess of existing deposits, when so notified by the Federal Reserve Bank of its District.

V. GENERAL PROVISIONS

1. As fiscal agents of the United States, Federal Reserve Banks are authorized and requested to receive subscriptions, to make allotments on the basis and up to the amounts indicated by the Secretary of the Treasury to the Federal Reserve Banks of the respective districts, to issue allotment notices, to receive payment for certificates allotted, to make delivery of certificates on full-paid subscriptions allotted, and they may issue interim receipts pending delivery of the definitive certificates.

2. The Secretary of the Treasury may at any time, or from time to time, prescribe supplemental or amendatory rules and regulations governing the offering, which will be communicated promptly to the Federal Reserve Banks.

1¼ PERCENT TREASURY NOTES OF SERIES C–1945

SEPTEMBER 10, 1942.

I. OFFERING OF NOTES

1. The Secretary of the Treasury, pursuant to the authority of the Second Liberty Bond Act, as amended, invites subscriptions, at par and accrued interest, from the people of the United States for notes of the United States, designated 1¼ percent Treasury Notes of Series C–1945. The amount of the offering is $1,500,000,000, or thereabouts.

II. DESCRIPTION OF NOTES

1. The notes will be dated September 25, 1942, and will bear interest from that date at the rate of 1¼ percent per annum, payable on a semiannual basis on March 15 and September 15 in each year until the principal amount becomes payable. They will mature March 15, 1945, and will not be subject to call for redemption prior to maturity.

2. The income derived from the notes shall be subject to all Federal taxes, now or hereafter imposed. The notes shall be subject to estate, inheritance, gift or other excise taxes, whether Federal or State, but shall be exempt from all taxation now or hereafter imposed on the principal or interest thereof by any State, or any of the possessions of the United States, or by any local taxing authority.

3. The notes will be accepted at par during such time and under such rules and regulations as shall be prescribed or approved by the Secretary of the Treasury in payment of income and profits taxes payable at the maturity of the notes.

4. The notes will be acceptable to secure deposits of public moneys, but will not bear the circulation privilege.

5. Bearer notes with interest coupons attached will be issued in denominations of $100, $500, $1,000, $5,000, $10,000, and $100,000. The notes will not be issued in registered form.

6. The notes will be subject to the general regulations of the Treasury Department, now or hereafter prescribed, governing United States notes.

III. SUBSCRIPTION AND ALLOTMENT

1. Subscriptions will be received at the Federal Reserve Banks and Branches and at the Treasury Department, Washington. Subscribers must agree not to sell or otherwise dispose of their subscriptions, or of the securities which may be allotted thereon, prior to the closing of the subscription books. Banking institutions generally may submit subscriptions for account of customers, but only the Federal Reserve Banks and the Treasury Department are authorized to act as official agencies. Others than banking institutions will not be permitted to enter subscriptions except for their own account. Subscriptions from banks and trust companies for their own account will be received without deposit. Subscriptions from all others must be accompanied by payment of 5 percent of the amount of notes applied for.

2. The Secretary of the Treasury reserves the right to reject any subscription, in whole or in part, to allot less than the amount of notes applied for, and to close the books as to any or all subscriptions at any time without notice; and any action he may take in these respects shall be final. Subject to these reservations, subscriptions for amounts up to and including $25,000 will be allotted in full. The basis of the allotment on all other sbscriptions will be publicly announced, and allotment notices will be sent out promptly upon allotment.

IV. PAYMENT

1. Payment at par and accrued interest, if any, for notes allotted hereunder must be made or completed on or before September 25, 1942, or on later allotment. In every case where payment is not so completed, the payment with application up to 5 percent of the amount of notes applied for shall, upon declaration made by the Secretary of the Treasury in his discretion, be forfeited to the United States. Any qualified depositary will be permitted to make payment by credit for notes allotted to it for itself and its customers up to any amount for which it shall be qualified in excess of existing deposits, when so notified by the Federal Reserve Bank of its district.

V. GENERAL PROVISIONS

1. As fiscal agents of the United States, Federal Reserve Banks are authorized and requested to receive subscriptions, to make allotments on the basis and up to the amounts indicated by the Secretary of the Treasury to the Federal Reserve Banks of the respective districts, to issue allotment notices, to receive payment for notes allotted, to make delivery of notes on full-paid subscriptions allotted, and they may issue interim receipts pending delivery of the definitive notes.

2. The Secretary of the Treasury may at any time, or from time to time, pre-

scribe supplemental or amendatory rules and regulations governing the offering, which will be communicated promptly to the Federal Reserve Banks.

SIGMUND SCHLESINGER AND PRIMUS CO.

ORDER DENYING LICENSING PRIVILEGES

Pursuant to Part 807 of the regulations adopted under section 6 of the Act of July 2, 1940, as amended, the Chief of the Trade Intelligence Division of the Export Control Branch, Office of Exports, has charged Sigmund Schlesinger and The Primus Company with certain violations of Proclamation 2497[1] authorizing a proclaimed list of certain blocked nationals and controlling certain exports issued in part under the authority of said section. The respondents have filed a written answer to the charges above set forth.

The Compliance Commissioner, duly designated under § 807.1[2] of the aforesaid regulations, has reviewed the record and filed his findings of fact and recommendations in the matter. The following facts have been found:

Sigmund Schlesinger is the sole owner of The Primus Company, an unincorporated business engaged in buying, selling, importing and exporting umbrella handles, umbrella silks, canes and accessories at 35 West 33rd Street, New York City. The Primus Company made five shipments of goods to customers of Werner Gurcke y Cia., a partnership located at Apartado 219, San Jose, Costa Rica, subsequent to December 3, 1941, on which date the latter firm had been placed on the aforesaid Proclaimed List of Certain Blocked Nationals. As part of these transactions, Sigmund Schlesinger and The Primus Company paid commissions amounting to $253.20 to Starr Pait Bruce, wife and partner of Werner Gurcke. Payment of these commissions was made with knowledge that Starr Pait Bruce was a partner of Werner Gurcke.

The Compliance Commissioner has found that these exportations, and the payment of commissions in connection therewith, were exportations indirectly to or on behalf of a blocked national and as such constituted violations of section 3 of the aforesaid Proclamation 2497.

Upon consideration of the record, findings of fact, and all recommendations in the matter, *It is hereby ordered*, That:

(1) All export licenses heretofore issued to Sigmund Schlesinger or The Primus Company for exportations as yet not consummated are hereby revoked, and

(2) Until February 9, 1943, Sigmund Schlesinger and The Primus Company and any person acting on behalf of either of them are denied the privilege of obtaining individual export licenses and the use of any general or unlimited export licenses for any exportations whatsoever from the United States.

The respondents may appeal in writing to the Assistant Director in charge of the Office of Exports provided the appeal is taken within ten days after receipt of this order. (Sec. 6, 54 Stat. 714, Public Law 75, 77th Cong.; Public Law 638, 77th Cong.; Order No. 3, Delegations of Authority Nos. 25 and 26, 7 F.R. 4951.)

ORDER GRANTING ADJUSTMENT

On June 15, 1942 Whitwell Coal Corporation, with offices at Tracy City, Tennessee, filed a petition for adjustment or exception pursuant to § 1340.207 of Maximum Price Regulation No. 120. Due consideration has been given to the petition and an Opinion in support of this Order No. 42 has been issued simultaneously herewith and has been filed with the Division of the Federal Register. For the reasons set forth in the Opinion, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942 and in accordance with Procedural Regulation No. 1,[2] issued by the Office of Price Administration, *it is hereby ordered*, That:

(a) The Whitwell Coal Corporation may sell and deliver, and agree, offer, solicit, and attempt to sell and deliver for shipment by rail the bituminous coal described in paragraph (b), at a price not in excess of that stated therein. Any person may buy and receive, and agree, offer, solicit and attempt to buy and receive such bituminous coal, so shipped, at such price from the Whitwell Coal Corporation.

(b) Size Group 7 coal produced by the Whitwell Coal Corporation at its Whitco Mine,[4] Mine Index No. 98, located in Subdistrict No. 3 of District No. 13, may be sold at a price not to exceed $2.80 per net ton, for shipment by rail, f. o. b. the mine.

(c) This Order No. 42 may be revoked or amended by the Price Administrator at any time.

(d) Unless the context otherwise requires, the definitions set forth in § 1340.208 of Maximum Price Regulation No. 120 shall apply to the terms used herein.

(e) This Order No. 42 shall become effective on September 11, 1942.

EXECUTIVE ORDER 9241

EXTENSION OF THE PROVISIONS OF EXECUTIVE ORDER No. 9001 OF DECEMBER 27, 1941, TO THE OFFICE OF STRATEGIC SERVICES, UNITED STATES JOINT CHIEFS OF STAFF

By virtue of the authority vested in me by the act of Congress entitled "An Act to expedite the prosecution of the war effort", approved December 18, 1941, and as President of the United States, and deeming that such action will facilitate the prosecution of the war, I hereby extend the provisions of Executive Order No. 9001 of December 27, 1941,[1] to the Office of Strategic Services, United States Joint Chiefs of Staff, with respect to all contracts made or to be made by it relating to the prosecution of the war; and subject to the limitations and regulations contained in such Executive order, I hereby authorize the Director of the Office of Strategic Services, and such officers and employees as he may designate, to perform and exercise as to that office all the functions and powers vested in and granted to the Secretary of War, the Secretary of the Navy, and the United States Maritime Commission by such Executive order.

TITLE 10—ARMY: WAR DEPARTMENT

Chapter V—Military Reservations and National Cemeteries

PART 57—SERVICE CLUBS, HOSTESSES, AND LIBRARIANS[2]

SERVICE UNIFORM

Sections 57.21 to 57.33 inclusive, prescribing service uniform for hostesses and librarians, are hereby added as follows:

Sec.
57.21 Service uniforms for hostesses and librarians; general.
57.22 Adopted standards of cloths.
57.23 Adopted shade of leather.
57.24 Buttons.
57.25 Coat.
57.26 Footgear.
57.27 Gloves.
57.28 Headgear; chapeau, service.
57.29 Muffler.
57.30 Shirtwaist, service.
57.31 Skirt, service.
57.32 Sweater, wool.
57.33 Insignia.

AUTHORITY: §§ 57.21 to 57.33, inclusive, issued under R.S. 161; 5 U.S.C. 22.

SOURCE: The regulations contained in §§ 57.21 to 57.33 inclusive, are also contained in AR 600-36, July 7, 1942, the particular paragraph being shown in brackets at end of sections.

§ 57.21 *Service uniform for hostesses and librarians; general.* (a) Samples of the adopted shades and standard cloths for uniforms will be maintained on display in the Office of The Quartermaster General. Samples of the several articles of the prescribed uniform and other clothing of the Army Hostess and Librarian Service, as approved by the Secretary of War, will be maintained on display in the office of The Quartermaster General, and in such other offices as he may prescribe. Specifications for the several articles of uniform and other clothing, as approved by the Secretary of War, are published by The Quartermaster General. Descriptions of certain such articles are published in these regulations.

(b) Prescribed articles of service uniforms or other clothing, except such articles specified as of "commercial pattern", will conform in quality, design, and color to the corresponding approved samples and published specifications.

(c) Whenever changes in design or material of uniforms are made, all numbers of the Army Hostess and Librarian Service are authorized to wear out existing clothing. Uniforms procured or manufactured after promulgation of changes will be of the new type.

(d) The Army Hostess and Librarian Service will include all hostesses and

librarians on duty with the United States Army who are paid from WEMA funds. [Par. 1]

§ 57.22 *Adopted standards of cloths.* The standards of cloths for uniforms for members of the Army Hostess and Librarian Service are as follows:

(a) *Coat, chapeau, and skirt.* Worsted gabardine, light blue.

(b) *Shirt waist.* Poplin or broadcloth, white.

(c) *Overcoat.* Fleece-faced overcoating, light blue. [Par. 2]

§ 57.23 *Adopted shade of leather.* The adopted shade of all leather in clothing and articles of equipment as listed herein, except as noted, will be black or dark blue. [Par. 3]

§ 57.24 *Buttons*—(a) *Coat.* Four-hole plastic or other suitable composition. Two-tone dark blue commercial button, 34 ligne.

(b) *Overcoat.* Four-hole plastic or other suitable composition. Two-tone dark blue commercial button, 45 ligne. [Par. 4]

§ 57.25 *Coat*—(a) *Service*—(1) *Material.* Of adopted standard (§ 57.22 (a)).

(2) *General description*—(i) *General.* A single-breasted coat, lining, if desired, to be same color as coat. To be slightly fitted at the waist, but toned down the front with five regulation coat buttons equally spaced so that the coat may be closed and buttoned to the collar.

(ii) *Collar.* The collar to extend approximately ¾ inches horizontally from the notch of the lapel.

(iii) *Pockets.* There will be four outside pockets, two upper and two lower, placed so that the upper lines are horizontal. The pockets will be slightly rounded at the lower corners. The pockets will be of suitable size according to the size of the coat, approximately of the following dimensions:

(*a*) *Upper pockets.* Depth 4¾ inches; width at top 4½ inches, at bottom 4¾ inches.

(*b*) *Lower pockets.* Depth 7 inches; width at top 5¾ inches, at bottom 6¾ inches.

(b) *Overcoat, long*—(1) *Material.* Of adopted standard (§ 57.22 (c)).

(2) *General description*—(i) *General.* A single-breasted woman's type overcoat with buttoned-in lining of the same color. Buttoned down the front with four large regulation overcoat buttons; the three lower buttons approximately 4¼ inches apart, the top button for use in closing the coat to the neck. Back to be an inverted box-pleat, closed at the waist and at the top; to have backstraps let into the side seams at the waistline, fastened together with two large regulation overcoat buttons and buttonholes.

(ii) *Pockets.* Two outside slash pockets, one on each side, with vertical openings. [Par. 5]

§ 57.26 *Footgear*—(a) *Shoes.* Commercial pattern, black or dark blue, oxford type.

(b) *Overshoes.* Black, commercial pattern. [Par. 6]

§ 57.27 *Gloves.* Commercial pattern, black or dark clue to correspond with color of shoes worn. [Par. 7]

§ 57.28 *Headgear; chapeau, service*—(a) *Material.* Of adopted standard (§ 57.22 (a)).

(b) *General description.* Standard adopted design with shoulder sleeve insignia as indicated in § 57.33 (b). [Par. 8]

§ 57.29 *Muffler, wool.* Blue, commercial adopted pattern. [Par. 9]

§57.30 *Shirtwaist, service*—(a) *Material.* Of adopted standard (§ 57.22(b)).

(b) *General description.* Of commercial adopted pattern. [Par. 10]

§ 57.31 *Skirt, service*—(a) *Material.* Of adopted standard (§ 57.22 (a)).

(b) *General description.* Of adopted pattern, eight-gore. [Par. 11]

§ 57.32 *Sweater, wool.* Blue, coat style, commercial adopted pattern. [Par. 12]

§ 57.33 *Insignia*—(a) *Identification, brooch type.* Of silver color metal of adopted design, engraved with name of hostess or librarian. Pin stem to be 2.1875 inches long, hinge to be the flat joint type, catch to be the ball-shaped safety type, the hinge and catch to be soldered to insignia with silver solder.

(b) *Shoulder sleeve.* On a light blue semidisk approximately 1⅝-inch radius, a fan 1½ inches of nine pieces of varying lengths, radiating from an open center of 7/16-inch diameter; each piece of a different color, clockwise from 9 to 3 as follows: Maroon, red, orange, green, white, dark blue, yellow, buff, and crimson. Chapter I—Bureau of Internal Revenue

[Regulation 3, Appendix]

Subchapter C—Miscellaneous Excise Taxes

PART 182—INDUSTRIAL ALCOHOL; APPENDIX

COMPLETELY DENATURED ALCOHOL FORMULAE

FORMULA NO. 12

To every 100 gallons of ethyl alcohol of not less than 160° proof add: 4.0 gallons of ST–115 or a compound similar thereto, 1.0 gallon of Dehydrol–0 or a compound similar thereto, 0.5 gallon of acetaldol (hydroxy-butyraldehyde) or 1.5 gallons of methyl isobutyl ketone, 1.0 gallon of kerosene.

FORMULA NO. 13

To every 100 gallons of ethyl alcohol of not less than 160° proof add: 4.0 gallons of ST–115 or a compound similar thereto, 1.5 gallons of methyl isobutyl ketone, 0.25 gallon of acetaldol (hydroxybutyraldehyde), 1.0 gallon of kerosene.

FORMULA NO. 14

To every 100 gallons of ethyl alcohol of not less than 160° proof add: 3.0 gallons of Dehydrol–0 or a compound similar thereto, 1.75 gallons of methyl isobutyl ketone, 1.5 gallons of kerosene.

THE SPECIFICATIONS FOR DENATURANTS IN COMPLETELY DENATURED ALCOHOL

Acetaldol

Acetaldol. 90 per cent to 100 per cent.

Specific gravity. 1.098 to 1.105 at 20° C.

Purity. It shall titrate not less than 90 per cent or more than 110 per cent by the following method:

Dissolve 15 grams of the acetaldol in distilled water and dilute to 1 liter in a volumetric flask. Transfer 5 ml. of this solution to a 250 ml. glass-stoppered flask containing 25 ml. distilled water. Add 25 ml. of a freshly prepared 1 per cent sodium bisulphite solution. Prepare a blank omitting the acetaldol solution. Place flasks in a dark place away from excessive heat or cold and allow to stand six hours. Remove and titrate free bisulphite with tenth-normal iodine solution using starch indicator.

$$\frac{(\text{ml. Blank} - \text{ml. test}) \times 200 \times 0.44}{\text{weight of sample}} = \text{per cent acetaldol.}$$

On account of the presence of acetaldehyde, titrations in excess of 100 per cent will sometimes be obtained.

Dehydrol–0

This product shall consist principally of a mixture of higher aliphatic branched chain primary and secondary compounds of characteristic odor and taste.

Specific gravity (15.56°/15.56° C.). 0.810 to 0.840.

Solubility in 95 per cent ethyl alcohol. The product shall be completely miscible with 95 per cent ethyl alcohol.

Solubility in water. It shall show a solubility of not more than 25 per cent when mixed with 10 volumes of water at a temperature of 80±5° F.

Procedure. This test may be conveniently performed in a glass-stoppered Cassia flask (No. 5522, page 399, A. H. Thomas Co., Philadelphia, Pa., 1931 catalog). Pipette exactly 10 cc. of sample into the flask and add 100 cc. of distilled water. Hold the stopper firmly in place and invert the flask. Shake vigorously for 30 seconds and allow to stand 2 minutes. Tap the sides of the bulb to remove adhered oil drops and read the volume of the oil layer. Repeat the shaking procedure until constant readings are obtained. The oil volume shall be not less than 7.5 cc.

Hydroxylamine hydrochloride values. The initial (readily reactive) value shall be not less than 20. The second (difficulty reactive) value shall be not less than 8.

Determination of hydroxylamine hydrochloride values. The hydroxylamine hydrochloride values measure (1) the readily reactive and the (2) difficultly reactive carbonyl compound contents. Both classes of carbonyl compounds are determined in this specification by the rate of reaction of the denaturant with hydroxylamine hydrochloride in 80 per cent ethyl alcohol. Hydrochloric acid formed in the reaction is titrated after 10 minutes and after 1 hour and 10 minutes using thymol blue indicator. The first class of carbonyl compounds reacts in 10 minutes. Subsequent hydrochloric acid formation is due principally to difficultly reactive carbonyl action on the reagent.

Procedure. To carry out the test add 100 cc. of 0.5 N hydroxylamine hydrochloride reagent to an 8 oz. narrow mouth bottle. Titrate with aqueous 0.5 N–NaOH to a pure yellow color. Immediately add 10 cc. of sample with stirring. Allow to stand exactly 10 minutes at 80±5° F. and titrate to the yellow end point with aqueous 0.5 N–NaOH. This shall require not less than 20 cc. of the sodium hydroxide. Allow to stand 1 hour at 80±5° F. and again titrate to the yellow end point. Not less than 8 cc. of the sodium hydroxide shall be required in the second titration.

The hydroxylamine hydrochloride reagent is prepared by adding 10 cc. of 0.1 per cent thymol blue in 95 per cent ethyl alcohol to 1,000 cc. of 0.5 N–hydroxylamine hydrochloride in 80 per cent ethyl alcohol. Acidify with aqueous 0.5 N–HCl to obtain the stock solution which should be distinct brown to red in color.

The 0.5 N–hydroxylamine hydrochloride is prepared by dissolving 35 g. of hydroxylamine hydrochloride in 160 cc. of water and diluting to 1,000 cc. with 95 per cent ethyl alcohol.

The thymol blue solution is prepared by grinding 1 g. of completely alcohol soluble thymol blue powder in a mortar with 95 per cent ethyl alcohol. The mixture is washed into a 1,000 cc. volumetric flask with 95 per cent ethyl alcohol, finally diluting to 1,000 cc. with 95 per cent ethyl alcohol.

Kerosene

The product shall have an odor which is characteristic of kerosene.

Distillation range. Initial boiling point of not less than 340° F.

End point not more than 570° F. minimum.

Flash point. 115° F. minimum.

Methyl Isobutyl Ketone

Acidity. Not more than 0.02 per cent as acetic acid.

Specific gravity. 0.799 to 0.804 at 20°/20° C.

Color. Water-white.

Boiling range (760 mm.). None should come over below 111° C. or none above 117° C. when distilled by the A. S. T. M. method D268–33.

ST–115

A product, free from wood alcohol, containing a definite proportion of the pyroligneous bodies produced by the destructive distillation of wood.

Color. This shall not be darker than that produced by a freshly prepared solution of 2.0 cc. of 0.100 N. iodine diluted to 1,000 cc. with distilled water.

Specific gravity 15.56°/15.56° C. 0.7800 to 0.8200.

Boiling range. One hundred cubic centimeters, slowly heated in a flask under conditions described below, must give a distillate that does not boil at a temperature less than 48.0° C. and not less than 80.0 cc. shall distill at a temperature not exceeding 110.0° C.

Measure 100.0 cc. of the sample into a round bottom, short neck, glass flask of 180–200 cc. capacity and place the flask on an asbestos plate having a circular opening 30 mm. in diameter. Use a fractionating tube in the neck of the flask which is 12 mm. in diameter and 170 mm. long, with a bulb located 1.0 cm. below the side tube and connect the fractionating tube to a Liebig condenser having a water jacket not less than 400 mm. long. Place a standardized distillation thermometer in the upper opening of the fractionating tube and adjust the thermometer so that its mercury bulb comes in the center of the bulb in the fractionating tube. Conduct the distillation in such a manner that 3.0 cc. of distillate pass over in one minute. Collect the distillate in a 100 cc. graduated cylinder. Allow 1.0° C. for every variation of 30 mm. in pressure in case the barometer should vary from 760 mm. during the distillation.

Miscibility with water. It must give an opalescent solution with no separation of oil at room temperature (20.0° C.) when 90.0 cc. of distilled water are added to 10.0 cc. of denatured alcohol (100.0 parts of 95 per cent ethyl alcohol and 5.0 parts of the sample).

Ketones. It must contain not less than 10 per cent nor more than 15.0 per cent by volume of ketones calculated as acetone when tested by the following method (Messinger):

Measure 5.0 cc. of the sample in a precision pipette, dilute to about 400 cc. in a precision volumetric flask, shake well to

insure complete solubility, complete the dilution to 500 cc. and mix thoroughly. After measuring 5.0 cc. of the diluted sample from a precision pipette into a 250 cc. glass-stoppered Erlenmeyer flask containing 25 cc. of cold distilled water, add exactly 10.0 cc. of a 2.0 normal sodium hydroxide solution. Then add 20.0 cc. of a 0.100 N. iodine solution, thoroughly shake the contents of the flask, stopper and allow the mixture to stand in an ice box for at least five minutes. When the 5-minute period is up, add exactly 10.5 cc. of a 2.0 N. sulphuric acid solution. Then add 0.100 N. sodium thiosulfate solution with shaking until the color becomes a pale lemon-yellow color and add a few drops of starch indicator solution. Continue the addition of the 0.100 N. sodium thiosulfate solution until the color disappears and add a few drops in excess. The color is just barely brought back with 0.100 N. iodine solution and then made to disappear again with 0.100 N. sodium thiosulfate solution.

Ketones as acetone by volume=(cc. 0.100 N. iodine added—cc. 0.100 N. sodium thiosulfate added) ×2.41.

Esters. It must contain not less than 0.80 per cent nor more than 2.50 per cent by volume of esters calculated as ethyl acetate and determined as follows:

Measure exactly 5.0 cc. of the sample with a precision pipette into a 500 cc. Erlenmeyer flask containing 20.0 cc. of 0.100 N. sodium hydroxide solution and 150 cc. of distilled water. Connect the Erlenmeyer flask to a condenser and reflux the mixture for one hour. Cool the flask after digestion, add about 10 drops of phenolphthalein indicator solution and titrate with 0.100 N. hydrochloric acid.

Esters as ethyl acetate by volume=(cc. NaOH×Normality of NaOH—cc. HCl ×Normality of HCl)×1.97.

Bromine number. It must contain a sufficient quantity of unsaturated pyroligneous bodies so that 100.0 cc. shall show a bromine number of not less than 7.50 when determined in the following manner:

Prepare a standard bromate-bromide solution by dissolving 12.406 grams of potassium bromide and 3.481 grams of potassium bromate (dried for two hours at 105° C.) in 1,000 cc. of distilled water. One gram of bromine in this solution has the equivalent of 125.12 cc. of 0.100 N. sodium thiosulfate solution, giving each cc. of 0.100 N. sodium thiosulfate solution a bromine value of 0.007992. To a 250 cc. glass-stoppered Erlenmeyer flask containing about 50 cc. of distilled water, add from a precision pipette exactly 25.0 cc. of the standard solution containing 0.25 gram of bromine. Add 1.0 cc. of the sample from a 1.0 cc. precision burette. Acidify the contents of the flask with 10.0 cc. of 1:4 sulfuric acid solution, shake vigorously for one-half minute and allow the mixture to stand exactly five minutes at room temperature (20.0° C.). Finally, add 10 cc. of 15.0 per cent potassium iodide solution and titrate with 0.100 N. sodium thiosulfate solution until the red color formed by the liberated iodine has changed to a lemon-yellow color. Then add some freshly prepared starch solution and titrate to the first disappearance of the blue color.

Calculation. The bromine number or grams of bromine absorbed by 100.0 cc. of the sample is obtained by subtracting the number of the cc. of 0.100 N. sodium thiosulfate solution used in the titration from 31.28. This figure is multiplied by 0.007992, giving grams of bromine per 1.00 cc. of the sample and then by 100.

Example. One cubic centimeter of the sample requires a titration of 23.00 cc. of 0.100 N. sodium thiosulfate solution to neutralize the excess iodine. Subtracting this from 31.28, the thiosulfate equivalent of the 0.25 gram of bromine in 25.0 cc. of the standard bromate-bromide solution used, gives 8.28, the thiosulfate equivalent of the bromine absorbed by the unsaturated pyroligneous bodies in 1.0 cc. of the sample. Multiplication by 0.007992 equals 0.06617 gram of bromine. Finally, 0.06617 multiplied by 100 equals 6.62, the bromine number.

Methanol content. It shall not produce a blue coloration when the denatured alcohol (100.0 parts of 95 per cent ethyl alcohol and 5.0 parts of the sample) is tested by the Georgia-Morales method in the following manner:

Prepare the following solutions for conducting the Georgia-Morales test:

1. *Potassium permanganate.* Dissolve 3.0 grams of potassium permanganate in a mixture of 15 cc. of 85 per cent phosphoric acid and 100 cc. of distilled water.

2. *Oxalic acid.* Dissolve 5.0 grams of oxalic acid in 100 cc. of 1:1 sulfuric acid in distilled water.

3. *Rosaniline hydrochloride.* Dissolve 0.40 grams of Kahlbaum's rosaniline hydrochloride in 240 cc. of hot, distilled water, cool, add 4.0 grams of anhydrous sodium sulfite dissolved in 40 cc. of distilled water and 4.0 cc. of concentrated hydrochloric acid. Dilute this mixture to 400 cc., store in a glass-stoppered, amber bottle, and allow it to stand at least 10 hours before using. Keep the solution stored in an ice box or at a temperature not exceeding 15.0° C.

Procedure. To 5.0 cc. of distilled water in a test tube, add exactly 0.25 cc. of the denatured alcohol (100.0 parts of 95 per cent ethyl alcohol and 5.0 parts of the sample) from a 1.0 cc. precision burette. To this solution add 2.0 cc. of the potassium permanganate solution and allow the mixture to stand for 10 minutes with occasional shaking of the test tube. Then destroy the excess potassium permanganate by the addition of 2.0 cc. of the oxalic acid solution. As soon as the solution is decolorized, add 5.0 cc. of the rosaniline hydrochloride solution and allow to stand for 10 minutes with occasional shaking of the test tube. A blue coloration should not be produced in the solution at the end of the 10-minute period.

Physical characteristics. The sample shall have the same odor, color, and taste as the standard sample of ST–115 supplied by the Alcohol Tax Unit, Bureau of Internal Revenue. In addition to the above chemical and physical constants, any material submitted as ST–115 or a substitute therefor shall have the same denaturing properties as the standard ST–115 supplied by the Alcohol Tax Unit, Bureau of Internal Revenue.

SPECIFICATIONS FOR DENATURANTS IN SPECIALLY DENATURED ALCOHOL

Animal Oil (Dipple's Oil)

Color. The color shall be a deep brown.

Boiling point. When 100 cc. of the animal oil are subjected to distillation in the same manner as prescribed for the determination of the boiling point of wood alcohol, not more than 5 cc. should distill over below 90° C.

Pyrrol reaction. 2.5 cc. of a 1 per cent solution of the animal oil in 90 per cent alcohol are diluted to 100 cc. with 95 per cent alcohol. A splinter of pine wood, previously moistened with concentrated hydrochloric acid, is dipped into 10 cc. of this solution containing 0.025 per cent of animal oil. After a few minutes the splinter should show a distinct red coloration.

Reaction with mercuric chloride. Five cc. of the 1 per cent solution of the animal oil in 90 per cent alcohol, when treated with 5 cc. of a 2 per cent solution of mercuric chloride in alcohol, should give an immediate turbidity followed by the separation of a flocculent precipitate after several minutes standing. Five cc. of the 0.025 per cent solution of animal oil, when treated with 5 cc. of the 2 per cent solution of mercuric chloride, should show a faint turbidity after several minutes.

Benzol

Solubility in water. When 10 cc. of benzol are shaken with an equal volume of water in a glass-stoppered cylinder, graduated into tenths of a cubic centimeter and allowed to stand 5 minutes to separate, the upper layer of liquid must measure not less than 9.5 cc.

Boiling point. When 100 cc. of benzol are subjected to distillation in the same manner as described for that of wood alcohol, not more than 1 cc. should go over at 77° C., and not less than 95 cc. at 85° C.

Brucine and Brucine Sulphate

Qualitative identification. A 10 per cent solution of barium chloride added to a solution of brucine sulphate produces a white precipitate insoluble in hydrochloric acid.

Nitric Acid—Stannous chloride tests. Concentrated nitric acid dissolves brucine and its salts to produce a blood-red colored solution. Add a few drops of freshly prepared dilute stannous chloride solution to the reddish solution produced by the nitric acid. An intense violet color will appear (distinction from morphine).

Purity. When dried to constant weight at 110° C. the brucine sulphate should lose not more than 12 per cent of its original weight. The brucine sulphate shall be free from strychnine when tested by the following method: Dissolve 0.3 gram of brucine sulphate in 15 cc. of 3 per cent sulphuric acid solution (warm if necessary). Cool solution and add 3 cc. of a cooled mixture of equal volumes of nitric acid (specific gravity 1.42) and distilled water. After rotating the liquid a few times set aside for exactly 10 minutes, shaking gently three times during the interval. The temperature of the solution should be kept below 25° C. during this operation. The resulting red solution should be transferred immediately to a separatory funnel containing 25 cc. of an aqueous solution of 10 per cent sodium hydroxide. The contents of the separatory funnel should be cooled to below 25° C. The solution in the separatory funnel must be alkaline. Extract with three successive portions of chloroform of 20 cc., 10 cc., and 10 cc., respectively. Draw off the chloroform through a wetted cotton filter into a white porcelain evaporating dish. Evaporate the combined chloroform extractions to dryness on the water bath, being careful to avoid decrepitation. To the residue add a small crystal of potassium bichromate and approximately 1 cc. of concentrated sulphuric acid. If strychnine is present, the characteristic violet color will appear.

NOTE. If the brucine contains as much as 0.05 per cent strychnine, a clear, distinctive violet color, characteristic of strychnine, will be obtained.

Chloroform (Crude)

Specific gravity 25°/25° C. Not less than 1.400.

Diethylphthalate

Specifications for diethylphthalate. Diethylphthalate is colorless, practically without odor, and is miscible with alcohol. Boiling range 290° C.–297° C. The ester content should be not less than 99 per cent as determined by the usual saponification method.

Ethyl Acetate

Color. Water-white.

Specific gravity 20°/20° C. Not less than 0.885.

Acidity. Not more than 0.015 per cent as acetic acid.

Water solubility. Not more than 16 per cent.

Saponification value. Not less than 85 per cent as ethyl acetate.

Distillation range. Below 70° C.—None. Below 72° C.—Not more than 10 per cent. Above 80° C.—None.

Ethylamines

Shall be a mixture of monoethylamines and diethylamines.

Specific gravity. Shall not be less than 0.704 at 4°/4° C.

Boiling range. When distilled by the Engler method with the mercury bulb of the thermometer immersed in the liquid, the boiling range shall be from 19 to 57.5° C.

Alkalinity. One cc. measured at 4° C. shall require not more than 28.7 cc. nor less than 19 cc. of 0.5 normal hydrochloric acid for neutralization.

Ethyl Ether

Specific gravity 15.56°/15.56° C. Not more than 0.728.

Ethyl Propionate

Saponification number. Not less than 474 by method given in U. S. P. XI, p. 445. Saponification value.

Boiling range. At 760 mm. by A. S. T. M. method D268–33. Not more than 10 per cent at 78.0° C. Not more than 50 per cent at 88.0° C. Not less than 90 per cent at 99.5° C.

Specific gravity. Not less than 0.88 at 20°/20° C.

Fumes (Condensed)

Condensed fumes recovered in the process of the manufacture of fulminate of mercury, containing not less than 4 grams per 100 cc. of mixed aldehydes calculated as acetaldehyde.

Gasoline

Volatility and distillation range. When 5 per cent of the sample has been distilled into a graduated receiver, the thermometer shall not read more than 65° C. (149° F.) nor less than 50° C. (122° F.). When 50 per cent has been recovered in the receiver, the thermometer shall not read more than 95° C. (203° F.).

Methyl Alcohol

Commercially pure methyl alcohol having a specific gravity at 15.56°/15.56° C. of not more than 0.810.

Methyl Isobutyl Ketone

Specific gravity 20°/20° C. 0.799 to 0.804.

Color. Water-white.

Acidity. Not more than 0.02 per cent as acetic acid.

Boiling range (760 mm.). None should come over below 111° C. or none above 117° C. when distilled by the A. S. T. M. method D268–33.

Methyl Propyl Ketone

Purity. Consists of at least 97 per cent of ketones.

Specific gravity 20°/20° C. 0.807 to 0.811.

Color. Water-white.

Water. Miscible without turbidity with 19 volumes of 60° Be. gasoline at 20° C.

Acidity (free acid as acetic acid). Less than 0.003 per cent.

Distillation range (according to A. S. T. M. specifications D268–33). More than 90 per cent distills over between 100° and 103° C.

Nonvolatile matter. Less than .005 per cent.

Nicotine Solution

The denaturing solution must conform to the following analytical requirements:

Determination of nicotine. It must contain not less than 1.88 per cent of nicotine when tested by the following process: 20 cc. of the solution are measured into a 500 cc. Kjeldahl flask provided with a suitable bulb tube, 10 cc. of N/10 alkali added, the liquid made up to 50 cc. and distilled in a current of steam until the distillate is no longer alkaline (about 500 cc.). The distillate is then titrated with N/10 H_2SO_4, using rosolic acid or methyl red as an indicator. Not less than 25.2 cc. should be required for the neutralization.

To determine the intensity of color. Of the denaturing solutions, 1 cc. is diluted with 100 cc. of water and 50 cc. of this solution are compared in a 50 cc. Nessler tube with 50 cc. of a solution containing 5 grams of $CuSO_4$, 5 H_2O, C. P., in 100 cc. of water.

Caution. It has been found that the above modified denaturing material when kept in closely-stoppered containers loses its color, but when agitated in the presence of air the color returns. Therefore, officers, before adding this material to the alcohol to be denatured, should see that the vessel containing the same is thoroughly agitated in the presence of air.

Normal Butyl Alcohol

Color. Colorless.

Acidity. To be less than 0.03 per cent determined as acetic acid.

Dryness. One volume to mix without clouding with 19 volumes of pure coal tar benzine.

Specific gravity 20° C/20° C. 0.810 to 0.815.

Pyridine Bases

Reaction with cadmium chloride. 10 cc. of a solution of 1 cc. of pyridine bases in 100 cc. of water are treated with 5 cc. of a 5 per cent water solution of anhydrous fused cadmium chloride, and the mixture vigorously shaken. Within 10 minutes an abundant crystalline separation should take place.

Behavior with Nessler's reagent. With 5 cc. of Nessler's reagent, 10 cc. of the same solution of pyridine bases must give a white precipitate.

Boiling point. When 100 cc. are subjected to the determination of the boiling point in the same manner as prescribed for wood alcohol, at least 50 cc. must distill at or below 140° C. and at least 90 cc. at or below 160° C.

Miscibility with water. The same requirements must be met as are imposed upon wood alcohol.

Water content. When 20 cc. of pyridine bases are shaken with 20 cc. of a solution of caustic soda with a specific gravity 1.40 at 15.56°/15.56° C. and the mixture allowed to stand for some time, at least 18.5 cc. of the pyridine bases must separate from the solution.

Alkalinity. One cc. of pyridine bases dissolved in 10 cc. of water are titrated with normal sulphuric acid until a drop of the mixture placed upon Congo paper shows a distinct blue border which soon disappears. It must require not less than 9.5 cc. of the acid solution to produce the reaction.

The Congo paper is prepared by treating filter paper with a solution of 1 gram of Congo red in 1 liter of water, and drying it.

Sucrose Octa Acetate

Sucrose octa acetate is an organic acetylation product commercially available as cream-colored, nonhydroscopic powder, having an intensely bitter taste.

Melting point. It shall have a melting point of not less than 78.0° C. or not more than 84.0° C.

Reduction with copper salts. It shall give a red precipitate when tested with Benedict's solution in the following manner:

Add 1.0 gram of the sample to 100.0 cc. of distilled water in 500.0 cc. Erlenmeyer flask, and to this mixture add 1.5 cc. of concentrated hydrochloric acid solution. Transfer to a reflux condenser, allow the mixture to come to a boil, and boil for 10 minutes to insure complete hydrolysis of the sample. Measure out 10.0 cc. of the resulting solution, add 10.0 cc. of Benedict's solution and heat in boiling water for 10 minutes. A red precipitate indicates the presence of sucrose octa acetate.

Benedict's solution. Dissolve 17.3 grams of copper sulphate ($CuSO_4.5H_2O$), 173.0 grams of sodium citrate, and 100.0 grams of anhydrous sodium carbonate in distilled water and dilute to 1,000 cc. with distilled water.

Free acid as acetic acid. The free acid as acetic acid shall not be greater than 0.15 per cent by weight when tested in the following manner:

Dissolve a 1.0 gram sample in 50.0 cc. of neutral alcohol, and titrate with N/10 sodium hydroxide solution using phenolphthalein as an indicator.

Per cent acid as acetic acid=

$$\frac{\text{cc. NaOH used} \times \text{normality} \times 6.00}{\text{Weight of sample}}$$

Sucrose octa acetate content. It shall contain not less than 98.00 per cent sucrose octa acetate by weight when tested according to the following method:

Weigh a 1.50 gram sample, and transfer to a 500.0 cc. Erlenmeyer flask containing 100.0 cc. of neutral ethyl alcohol and exactly 50.0 cc. of N/2 sodium hydroxide solution. Attach the Erlenmeyer flask to a reflux condenser, reflux the material for one hour, cool and titrate the excess sodium hydroxide with N/2 sulfuric acid solution using phenolphthalein as an indicator.

Per cent sucrose octa acetate

$$= \frac{(\text{cc. NaOH used} \times \text{normality} - \text{cc. } H_2SO_4 \text{ used} \times \text{normality}) \times 8.478}{\text{Weight of sample}}$$

Insoluble matter. It shall contain not more than 0.30 per cent insoluble matter.

Sulphuric acid

Specific gravity 15.56°/15.56° C. Not less than 1.84.

Tertiary Butyl Alcohol

Specific gravity 25°/25° C. 0.780 to 0.786.

Color. Water-white.

Water. Miscible without turbidity with 19 volumes of 60° Be. gasoline at 20° C.

Acidity (free acid as acetic acid). Less than 0.003 per cent.

Distillation range. When 100 cc. are distilled according to the A. S. T. M. method D268–33, none should come over below 78° C. and none above 85° C. More than 95 per cent should distill over between 81° C. and 83° C.

Residual odor. None.

Nonvolatile matter. Less than 0.005 per cent.

Freezing point (first needle). Above 20° C.

Identification test. Place 5 drops of a solution containing one-tenth of 1 per cent of tertiary butyl alcohol in ethyl alcohol in a test tube containing 2 cc. of Denige's reagent. The mixture is then heated just to boiling and then removed from the flame. A yellow precipitate should be produced.

Vinegar

Not less than 9 per cent of acetic acid.

Wood Alcohol

The wood alcohol submitted must be a partially purified distillate from crude wood alcohol obtained only by the destructive distillation of wood. It may be a blend of those distillation fractions commonly known as the methyl acetone, methyl alcohol, and allyl fractions. This blend shall consist in its entirety of all or portions of each of the fractions.

A mere physical mixture of the essential chemical constituents will not be approved nor will the addition of water subsequent to distillation in order to make the specific gravity conform to the specifications. It is the intent of these specifications that the chemical findings outlined below shall be due only to those impurities or ingredients naturally formed in the course of the destructive distillation of wood and that the extent of the presence of such impurities or ingredients be due entirely to their natural occurrence in the fractions mentioned above.

Every shipment of approved wood alcohol must be accompanied by a sworn statement in duplicate from the manufacturer thereof, giving the name and address of the refinery in the United States where produced, the amount of denaturant shipped and certifying that it is a partially purified distillate from crude wood alcohol produced in accordance with the letter and intent of the first paragraph of these specfiications.

These certificates should be sent to the storekeeper-gauger in charge at the denaturing plant which is receiving the approved wood alcohol. One copy of the certificate of origin should be held by the storekeeper-gauger in charge and filed for future reference. The other copy should accompany the sample taken from the shipment that is sent to the authorized chemist for examination and approval. The authorized chemist, upon completing his examination, shall make his report as required by the regulations and forward the certificate of origin to the supervisor of the district in which the denaturing plant is located, where it should be filed for future reference. The authorized chemist must note on the forms used for making the chemical reports of approved wood alcohol that the certificate of origin has been furnished with the sample examined.

Where producers of wood alcohol sell the approved grade to dealers, duplicate certificates of origin should be furnished and dealers in turn should furnish certified copies in duplicate to each denaturing plant purchasing approved wood alcohol from them. These certified copies of the original certificate of origin then will be handled in the manner described above. Approved wood alcohol which has been examined and approved when transferred from one denaturing plant to another denaturing plant should be accompanied by a certified copy of the certificate of origin of the lot transferred. This denaturant must conform to the following analytical requirements:

1. *Color.* This shall not be darker than that produced by a freshly prepared solution of 2 cc. of N/10 iodine diluted to 1,000 cc. with distilled water.

2. *Specific gravity.* It must have a specific gravity of not less than 0.81984 at 60° F. (15.56° C.), or not more than 94° of Tralles scale. The material analyzed shall be maintained at the indicated temperature sufficiently long to render it uniform. Readings may be made by the use of the pycnometer, specific gravity balance or standardized steins indicating specific gravity or degrees Tralles. Conversion of specific gravity to Tralles may be made by use of table 3 of the 1924 edition of the Standard Density and Volumetric Tables, Bureau of Standards Circular No. 19.

3. *Boiling point.* One hundred cc. slowly heated in a flask under conditions as described below must give a distillate of not less than 90 cc. at a temperature not exceeding 75° C. at the normal pressure of the barometer (760 mm.). One hundred cc. of wood spirit are run into a short-necked copper flask of about 180–200 cc. capacity and the flask placed on an asbestos plate having a circular opening of 30 mm. diameter. In the neck of this flask is fitted a fractionating tube 12 mm. wide and 170 mm. long, with a bulb just 1 cm. below the side tube, which is connected with a Liebig condenser having a water jacket not less than 400 mm. long. In the upper opening of the fractionating tube is placed a standardized thermometer, so adjusted that the mercury bulb comes in the center of the bulb. The distillation is conducted in such a manner that 5 cc. pass over in one minute. The distillate is run into a graduated cylinder, and when the temperature of 75° C. has been reached at the normal barometric pressure of 760 mm. at least 90 cc. shall have been collected.

Should the barometer vary from 760 mm. during distillation, 1° C. shall be allowed for every variation of 30 mm. For example, at 770 mm. 90 cc. should have distilled at 75.3° C., and at 750 mm. 90 cc. should have distilled at 74.7° C.

4. *Miscibility with water.* When mixed with twice its volume of water it must not show a distinct separation of an oily layer. Observation shall be made three minutes after mixing at a temperature of 25° to 30° C.

5. *Acetone content.* It must contain not more than 20 nor less than 10 grams per 100 cc. of acetone and other substances estimated as acetone when tested by the following method (Messinger):

One cc. of a mixture of 10 cc. wood alcohol with 90 cc. of water is treated with 10 cc. of double normal soda solution. Then 50 cc. of N/10 iodine solution are added while shaking, and the mixture made acid with dilute sulphuric acid three minutes after the addition of the iodine. The excess of iodine is titrated back with N/10 sodium thiosulphate solution, using a few drops of starch solution for an indicator. From 10.3 to 20.7 cc. of N/10 iodine solution should be used by the spirit.

The solution should be kept at a temperature between 15° C. and 20° C.

Calculation: X=grams of acetone in 100 cc. of spirits.
Y=number of cc. of N/10 iodine solution required.
N=volume of spirit taken for titration.

Then $X = \frac{Y(0.096672)}{N}$.

Optional method for acetone: Take 10 cc. of wood alcohol, dilute to 500 cc. with water in a 500 cc. graduated glass-stoppered flask; mix thoroughly. Take 5 cc. of this mixture, using a standardized pipette (proceed as usual).

It is recommended that whichever method is used the authorized chemist carry a blank test made up of a solution of pure acetone in methyl alcohol in the proportion of about 16 grams of acetone made up to 100 cc., and when each determination is made a blank be run; then add to the amount of acetone found in the sample under examination the difference between the known value of the blank and the titrated blank.

6. *Esters.* It shall contain not less than 3 nor more than 10 grams of esters per 100 cc. of spirit calculated as methyl acetate and determined as follows:

Ten cc. of wood alcohol are diluted to 500 cc. with water in 500 cc. graduated glass-stoppered flask; thoroughly mix; 100 cc. of this mixture is run into a flask, and 50 cc. deci-normal sodium hydrate, free from carbonates, is added and the flask connected with a reflux condenser and boiled for one hour. Instead of digesting at boiling temperature the flasks may be allowed to stand overnight at room temperature and then heated on a steam bath for 30 minutes with an ordinary tube condenser. The liquid after digestion is cooled and titrated with normal sulphuric acid, using phenolphthalein as an indicator.

Methyl acetate=grams per 100 cc. of spirit=

$$\frac{0.0074 \times \text{cc. of N/10 soda required} \times 100}{\text{2 cc. spirit taken}}$$

7. *Bromine absorption.* It must contain such a quantity of pyroligneous bodies that not more than 21 cc. nor less than 14 cc. shall be required to decolorize a standard solution containing 0.5 gram of bromine. These pyroligneous bodies shall be derived from the fractions referred to in the first paragraph of these specifications.

The standard bromine solution is made by dissolving 12.406 grams of potassium bromide and 3.481 grams of potassium bromate (which is of tested purity and has been dried for two hours at 105° C.) in a liter of water. Fifty cc. of the standard solution containing 0.5 gram of bromine are placed in a glass-stoppered flask having a capacity of about 200 cc. This is acidified by the addition of 10 cc. of diluted sulphuric acid (1 to 4) and the whole shaken and allowed to stand a few minutes. The wood alcohol is then allowed to flow slowly into the mixture, drop by drop, rate of flow not to exceed 5 cc. per minute from a burette until the color is entirely discharged. The temperature of the mixture should be 20° C.

8. In addition to the above requirements the wood alcohol must be of such a character as to impart its characteristic odor and taste to the ethyl alcohol with which it is mixed, thereby giving an unmistakable warning as to its presence.

SPECIFICATIONS FOR DENATURANTS USED IN ETHYL ACETATE

Calol Ethatate

A petroleum product free from water and all suspended materials having a specific gravity of not less than 0.830 at 60° F.

Sulphur content not less than 4.5 per cent as determined by the Bomb method.

Shall contain no hydrogen sulphide, carbon bisulphide, or added elementary sulphur.

The percentage of sulphur in the fraction distilling between the 20 per cent and the 70 per cent A. S. T. M. fractional distillation points shall not be less than 80 per cent of the percentage sulphur in the original sample.

Distillation range (A. S. T. M. method D86). (a) When 30 per cent has been recovered in the receiver the thermometer shall not read higher than 347° F. (175° C.).

(b) When 50 per cent has been recovered in the receiver the thermometer shall not read higher than 383° F. (195° C.).

(c) When 90 per cent has been recovered in the receiver the thermometer shall not read higher than 473° F. (245° C.).

Solubility in 95 per cent ethyl alcohol. When 10 cc. of the liquid is mixed with an equal volume of 95 per cent ethyl alcohol both at 25° C. and allowed to stand at 25° C. until separation is complete the alcohol layer will measure not less than 12 cc.

23-D. 3.5 gallons of methyl propyl ketone and 0.5 gallon of methyl isobutyl ketone. *Standard formula for rubbing alcohol compounds using S. D. A. 23-G:* S. D. A. No. 23-G ..... 98.1 fl. oz. Sucrose octa acetate ..... 0.5 oz. av. Water q. s. ..... 1 gallon All rubbing alcohol compounds or preparations coming under the general classification of rubbing alcohols must be manufactured with specially denatured alcohol Formulae 23-G or 23-H and they must contain 70 per cent absolute ethyl alcohol by volume or as near 70 per cent as is practicable to be obtained by the ordinary commercial methods used for compounding alcoholic preparations. In order that the finished products shall contain 70 per cent absolute ethyl alcohol by volume, the manufacturer should use the quantities of specially denatured alcohol in each gallon of the finished products as set forth in the standard formulae for rubbing alcohol compounds. All rubbing alcohol compounds must also contain the quantity of sucrose octa acetate set forth in the standard formulae. The manufacturer of rubbing alcohol compounds may also add to the formula such other odorous constituents or medicaments as is desired provided they are shown in the formula submitted for approval and that the finished product contains 70 per cent absolute alcohol by volume.

28. Ten gallons of approved benzol	Solvent in manufacturing: 012. Synthetic resin varnishes. 022. Plastics containing no cellulose compounds. Fuel purposes: 611. Automobile gasoline blends. 612. Airplane fuel.
28-A. One gallon of gasoline	Fuel purposes: 611. Automobile gasoline blends. 612. Airplane fuel.

SPECIALLY DENATURED ALCOHOL FORMULAE—Continued

Formula No. and composition	Authorized uses
To every 100 gallons of ethyl alcohol add:	
29. One gallon of 100 per cent acetaldehyde or 5 gallons of an alcoholic solution of acetaldehyde containing not less than 20 per cent acetaldehyde, or 1 gallon of GC-78, or 5 gallons of ethyl propionate, or 5 gallons of ethylamines, or 5 parts by weight if solid, or volume if liquid, of any chemical produced from ethyl alcohol. This formula is restricted to processes where the alcohol loses its identity as alcohol by being converted into other chemicals. Where it is desired to use any chemical produced from ethyl alcohol other than those mentioned as the denaturant for Formula No. 29, the use of such chemical shall be subject to approval by the Commissioner.	Raw material in manufacturing chemicals: 511. Vinegar. 512. Acetic acid. 521. Ethyl acetate. 523. Ethyl esters. 540. Ethylamines. 551. Acetaldehyde. 552. Other aldehydes. 562. Ethers. 579. Other chemicals. 580. Synthetic rubber.
30. Ten gallons of pure methyl alcohol	Solvent in lacquers, varnishes, etc.: 011. Cellulose componnd lacquers, etc. 012. Synthetic resin varnishes. 013. Shellac varnish. 014. Spirit varnish. 016. Other surface coating materials. 021. Cellulose plastics. Solvent in manufacturing other cellulose and resinous materials: 031. Photographic film and emulsions. 032. Transparent sheeting not photographic. 035. Soldering flux. 036. Adhesives and binders. Solvent in manufacturing: 051. Polishes. 052. Inks. 053. Stains. Solvent for chemical manufacturing and purification: Extraction, precipitation, crystallization: 320. Petroleum products. 331. Pectin. 332. Other food products. 341. Crude drugs. 342. Glandular products and digestive ferments. 343. Vitamins and related products. 344. Medicinal chemicals including alkaloids. 349. Miscellaneous drugs including tablet manufacture. 351. Dyes and intermediates. 352. Perfume materials and fixatives. 353. Photographic developers. 358. Other chemical products. 359. Miscellaneous products. Vehicle for chemical reaction in manufacturing: 361. Dyes and intermediates. 362. Drug products. 363. Photographic developers. 368. Other chemical products. 369. Miscellaneous products. Solvent in manufacturing miscellaneous products: 420. Embalming products. 430. Sterilizing and preserving solutions. 440. Industrial soaps. 450. Cleaning preparations and purposes. 481. Photo-engraving solutions. 482. Miscellaneous dye solutions. 485. Miscellaneous solutions. Raw material in manufacturing: 579. Chemicals. Fluid purposes: 750. Miscellaneous fluid uses. Other uses: 810. Laboratory and experimental purposes. Solvent in manufacturing: 113. Face and hand lotions. 131. Tooth paste and tooth powder. 141. Shampoos. 142. Toilet soaps and bath salts. 410. Disinfectants, insecticides, etc.
31-A. One hundred pounds of glycerin, U. S. P., and 20 pounds of hard soap, good toilet grade, containing not in excess of 5 per cent of moisture.	

SPECIALLY DENATURED ALCOHOL FORMULAE—Continued

Formula No. and composition	Authorized uses
To every 100 gallons of ethyl alcohol add:	
32. Five gallons of ethyl ether	Solvent in manufacturing toilet preparations: 111. Hair and scalp preparations. 112. Bay rum. 113. Face and hand lotions. 114. Body deodorants and deodorant creams. 121. Perfumes and perfume tinctures. 122. Toilet waters. 131. Tooth paste and tooth powder. 132. Mouth washes. 141. Shampoos. 142. Toilet soaps and bath salts. Solvent in manufacturing pharmaceuticals: 210. External pharmaceuticals not U. S. P. or N. F. 244. Antiseptic solutions, N. F. Solvent for manufacturing miscellaneous products: 410. Disinfectants, insecticides, etc. 420. Embalming products. 470. Theater sprays and incense.
To every 100 gallons of ethyl alcohol add: 33. Thirty pounds of methyl violet	Solvent in manufacturing toilet preparations: 111. Hair and scalp preparations. 112. Bay rum. 113. Face and hand lotions. 114. Body deodorants and deodorant creams. 121. Perfumes and perfume tinctures. 122. Toilet waters. 131. Tooth paste and tooth powder. 132. Mouth washes. 141. Shampoos. 142. Toilet soaps and bath salts.
33. Thirty-five gallons of ethyl acetate	Solvent in manufacturing: 523. Ethyl esters.
35-A. Five gallons of ethyl acetate	Solvent in manufacturing toilet preparations: 111. Hair and scalp preparations. 113. Face and hand lotions. 114. Body deodorants and deodorant creams. 121. Perfumes and perfume tinctures. 122. Toilet waters. Solvent in manufacturing: 470. Theater sprays and incense.
To every 100 gallons of ethyl alcohol add: 35-B. A total of 10 pounds of a mixture of two or more of the U. S. P. oils and substances listed below: Camphor. Chlorothymol. Benzaldehyde. Eucalyptol. Cassia oil. Menthol crystals. Oil of bay. Oil of bergamot. Oil of bitter almonds. Oil of cassia or cinnamon. Oil of cedar leaf. Oil of citronella. Oil of cloves or eugenol. Oil of eucalyptus. Oil of lavender. Oil of peppermint (volatile). Oil of pepermint. Oil of pine or pine needles. Oil of rosemary. Oil of sassafras. Oil of spearmint. Oil of thyme. Oil of turpentine. Oil of wintergreen or methyl salicylate. Phenol. Phenyl salicylate. Salol, 1 pound, effectively not less than 1.096 and not more than 1.110 at 16° C. Thymol. Anyone desiring to use the above formula must specify in the application which and how many of the above substances are required. Anyone desiring to use 10 pounds of only one of the above denaturants must request the privilege from the Department setting out the denaturant and the reasons for the particular request so that a ruling may be made. Upon application the substitution of other essential oils or substances for those listed above will be given consideration provided they are efficient denaturants and it is conclusively shown that none of the denaturants listed above is satisfactory for the manufacture of any particular product.	Solvent in manufacturing toilet preparations: 131. Tooth paste and tooth powder. 132. Mouth washes. Solvent in manufacturing: 132. Mouth washes.
38-C. One hundred and sixty ounces menthol, U. S. P., 1.25 gallons solution of formaldehyde containing 37 per cent formaldehyde.	Solvent in manufacturing: 132. Mouth washes.
38-D. Forty ounces of menthol, U. S. P. and 2.5 gallons of formaldehyde solution containing 37 per cent formaldehyde.	Solvent in manufacturing: 132. Mouth washes.
38-E. Five gallons of fluid extract ipecac, U. S. P. or 40 pounds of ipecac, U. S. P.	Solvent in manufacturing toilet preparations 111. Hair and scalp preparations. 112. Bay rum. 113. Face and hand lotions. 114. Body deodorants and deodorant creams. 121. Perfumes and perfume tinctures. 122. Toilet waters. 131. Tooth paste and tooth powder. 132. Mouth washes. 141. Shampoos. 142. Toilet soaps and bath salts.
38-A. Two pounds of sodium salicylate or salicylic acid, U. S. P., and 1.25 gallons N. F. fluid extract of quassia and ⅛ gallon of denaturing grade tertiary butyl alcohol.	Solvent in manufacturing toilet preparations 111. Hair and scalp preparations. 112. Bay rum. 113. Face and hand lotions. 114. Body deodorants and deodorant creams. 121. Perfumes and perfume tinctures. 122. Toilet waters. 141. Shampoos. 142. Toilet soaps and bath salts. Solvent in manufacturing: 210. External pharmaceuticals not U. S. P. or N. F. 410. Disinfectants, insecticides, etc. 470. Theater sprays and incense.
38-B. Two and one-half gallons of diethylphthalate and ⅛ gallon of denaturing grade tertiary butyl alcohol.	Solvent in manufacturing toilet preparations: 111. Hair and scalp preparations. 112. Bay rum. 113. Face and hand lotions. 114. Body deodorants and deodorant creams. 121. Perfumes and perfume tinctures. 122. Toilet waters. 141. Shampoos. 142. Toilet soaps and bath salts. Solvent in manufacturing pharmaceuticals: 210. External pharmaceuticals not U. S. P. or N. F. Solvent in manufacturing miscellaneous products: 410. Disinfectants, insecticides, etc. 430. Sterilizing and preserving solutions. 470. Theater sprays and incense. Raw material in manufacturing: 523. Ethyl esters.
38-C. One gallon of diethylphthalate The diethylphthalate used shall be of the same quality as that specified for use in specially denatured alcohol Formula No. 39-B. This formula may be used only in the manufacture of high-grade perfumes, toilet waters, and toilet preparations containing not less than 2 per cent by weight of essential oils, or their equivalent in perfume materials. The Department will permit the use of this formula only by manufacturers who are properly equipped by reasons of experience and manufacturing facilities to effectively control their manufacturing operations in accordance with the limitations governing the use of this formula.	Solvent in manufacturing toilet preparations: 111. Hair and scalp preparations. 113. Face and hand lotions. 114. Body deodorants and deodorant creams. 121. Perfumes and perfume tinctures. 122. Toilet waters. Solvent in manufacturing: 470. Theater sprays and incense.
38-D. Fifty ounces quinine sulphate, U. S. P., or quinine bisulphate, U. S. P., or 200 ounces avoirdupois sodium salicylate, U. S. P., and 1 gallon oil of bay, N. F.	Solvent in manufacturing toilet preparations 111. Hair and scalp preparations. 112. Bay rum. 113. Face and hand lotions. Solvent in manufacturing pharmaceuticals: 210. External pharmaceuticals not U. S. P. or N. F.
40. 3 ounces of the alkaloid brucine or brucine sulphate and ⅛ gallon of denaturing grade tertiary butyl alcohol.	Solvent in manufacturing toilet preparations: 111. Hair and scalp preparations. 112. Bay rum. 113. Face and hand lotions. 114. Body deodorants and deodorant creams. 121. Perfumes and perfume tinctures. 122. Toilet waters. 141. Shampoos. 142. Toilet soaps and bath salts. Solvent in manufacturing: 210. External pharmaceuticals not U. S. P. or N. F. 470. Theater sprays and incense.
40-A. Five pounds of sucrose octa acetate and ¼ gallon of denaturing grade tertiary butyl alcohol.	Solvent in manufacturing toilet preparations: 111. Hair and scalp preparations. 112. Bay rum. 113. Face and hand lotions. 114. Body deodorants and deodorant creams. 121. Perfumes and perfume tinctures. 122. Toilet waters. 141. Shampoos. 142. Toilet soaps and bath salts. Solvent in manufacturing: 210. External pharmaceuticals not U. S. P. or N. F. 470. Theater sprays and incense. Solvent in manufacturing: 430. Sterilizing and preserving solutions.
42. Eighty grams potassium iodide U. S. P., and 109 grams red mercuric iodide, U. S. P.; or 95 grams sodium ethyl mercuric thiosalicylate, C. P., or 76 grams of any one of the following chemicals: phenyl mercuric nitrate, C. P., phenyl mercuric chloride, C. P., phenyl mercuric benzoate, C. P.	Solvent in manufacturing: 430. Sterilizing and preserving solutions. Solvent in manufacturing: 015. Candy glazes. Special formula: 220. An antiseptic sterilizing, and bathing alcohol for use by visiting nurse associations, public nursing associations, clinics and dispensaries exclusively.
44. Ten gallons of normal butyl alcohol	Solvent for manufacturing pharmaceuticals: 210. External pharmaceuticals not U. S. P. or N. F.
45. Three hundred pounds of white or orange shellac, arsenic, and rosin free.	
46. Twenty-five fluid ounces phenol, U. S. P., and 4 fluid ounces oil of wintergreen or methyl salicylate, U. S. P. This formula will be authorized only for use by institutions and organizations which are of a semi-public character and engaged in charitable work.	
47. Seven gallons fluid extract of arnica flowers, N. F., fourth edition.	
48. Ten pounds of any of the following: Methyl salicylate, U. S. P. Oil of wintergreen, U. S. P. Oil of cassia, U. S. P., or Oil of peppermint, U. S. P. and 5 gallons of a water solution of 60 ounces of zinc chloride, U. S. P. The oil should first be dissolved in the alcohol, and to this should be added the 5 gallons of zinc chloride solution.	Solvent in manufacturing: 133. Tooth paste and tooth powder. 132. Mouth washes. 210. External pharmaceuticals not U. S. P. or N. F.
38-A. Five ounces emetine hydrochloride, U. S. P., 9 ounces emetine hydrochloride, U. S. P., and 16 pounds benzoic acid, U. S. P.	Solvent in manufacturing: 132. Mouth washes.

The number before each item under authorized uses for specially denatured alcohol are the code numbers that should be used in reporting the use of specially denatured alcohol in Part 2 of Form 1482.

INSTRUCTIONS CONCERNING THE SUBMISSION OF FORMULAE AND SAMPLES FOR APPROVAL

1. Formula for each preparation must be submitted separately on Form 1479–A, in quadruplicate.

2. The formula must be complete showing the exact quantities and kinds of ingredients, and the volume of the finished product should total 1 gallon or multiple thereof.

3. Consult list of authorized uses of specially denatured alcohol before making application for the formula you desire to use, because the formula selected must be authorized for the product you intend to manufacture.

4. No more alcohol should be specified in the formula than that required for extraction, solution, and preservation.

5. Where the specially denatured alcohol is to be used in the manufacture of chemicals, dyes, vinegar, ether, etc., either as a vehicle or as a raw material, Forms 1479–A should be accompanied by duplicate blue prints or duplicate drawings of the equipment used, including specially denatured alcohol storeroom, pipe lines, valves, and the recovery system, if any. Description of process should be given under "Formula" on Form 1479–A, in quadruplicate, or on separate sheets of paper attached to each copy of Form 1479–A.

6. All information required by Form 1479–A should be filled in, and the signature of the manufacturer or authorized agent must appear on the line provided for that purpose. Consult sections 182.149 and 182.861 of Regulations No. 3 for instructions with respect to the labels required to be attached to Form 1479–A.

7. A letter of transmittal covering all aspects of the application should accompany Form 1479–A.

8. Duplicate 8-ounce samples of the preparations and duplicate 1-ounce samples of the perfume oils used therein should be furnished with the formula on Form 1479–A, except 2-ounce samples of perfumes containing more than 6 ounces of perfume oils per gallon will be sufficient.

9. Samples of products containing no alcohol, such as extracts, purified synthetics, chemicals, etc., should be of sufficient quantity for examination as to their bona fide character.

10. Samples should be properly identified as to name of product, name and address of manufacturer, bear commercial labels and correspond to information stated on lines 1 to 4 of Form 1479–A accompanying samples.

Specific gravity, as used in this table, is "true specific gravity"; that is, all weighings are corrected for the buoyancy of the air. It is necessary, therefore, to change these values to "apparent specific gravity" before they can be multiplied by the weight of a gallon of water to give the weight of a gallon of alcohol at 60° F. in air.

The magnitude of the correction to specific gravity is as follows:

True specific gravity at 60°/60° F.	Correction	Apparent specific gravity at 60°/60° F.
0.70	−0.00085	0.69965
0.80	−.00028	.79977
0.90	−.00012	.89988

The necessary change of specific gravity basis has been made in the calculation of this table, and the only reason for calling attention to it is to point out the reason why the tabulated weights per gallon, as given in the table, are not obtained by a simple multiplication of the specific gravity at 60° F. by the weight of a gallon of water at 60° F. in air.

This Appendix supersedes Appendix to Regulations No. 3, approved December 29, 1938, and amendments thereto.

Chapter IV—Children's Bureau

[Order No. 4]

PART 422—OCCUPATIONS PARTICULARLY HAZARDOUS FOR THE EMPLOYMENT OF MINORS BETWEEN 16 AND 18 YEARS OF AGE OR DETRIMENTAL TO THEIR HEALTH OR WELL-BEING

SAW FILING

By virtue of and pursuant to the authority conferred by section 3 (l) of the Fair Labor Standards Act of 1938; an amendment to Hazardous-Occupations Order No. 4 having been proposed for final adoption by the Chief of the Children's Bureau; opportunity having been given to all interested parties to file objections thereto within twenty days from the date of publication of said proposed order in the FEDERAL REGISTER and, within ten days thereafter, to file a memorandum or brief in support of such objections; all objections having been carefully considered and no memorandum or brief in support of any objections having been filed; and no objection having disclosed just cause for revision of said proposed order,

Now, therefore, it is ordered, That § 422.4 of Part 422 of Chapter IV, Title 29, Code of Federal Regulations, is hereby amended so as to include the following paragraph, to be designated as paragraph (e):

§ 422.4 *Logging occupations and occupations in the operation of any sawmill, lath mill, shingle mill or cooperage-stock mill.*[1] • • •

(e) Notwithstanding the provisions of paragraph (a) hereof, during the continuance of the present war and for six months after the termination thereof this order shall not apply to saw filing, except in connection with logging operations; packing shingles, straightening, marking, tallying, or pulling lumber from the dry chain, the drop sorter, or the green chain (other than the pulling of lumber larger than 1 inch by 6 inches in size from the green chain); unstacking from the dry kiln; clean-up in the lumber yard; or the handling or shipping of dry lumber or of lumber products in yards or sheds of sawmills, lath mills, shingle mills, or cooperage-stock mills excepting the operation of cranes, lumber carriers, and other power-driven equipment, and the occupation of crane hooker.

This amendment shall become effective upon publication in the FEDERAL REGISTER and shall remain in force during the continuance of the present war and for six months after the termination thereof, or until amended or repealed by order hereafter made and published by the Chief of the Children's Bureau, whichever is earlier.

KATHARINE F. LENROOT,
Chief of the Children's Bureau.

TITLE 30—MINERAL RESOURCES

Chapter III—Bituminous Coal Division

PART 332—MINIMUM PRICE SCHEDULE, DISTRICT NO. 12

[Docket No. A–1566]

ORDER GRANTING TEMPORARY RELIEF, ETC.

Order granting temporary relief and conditionally providing for final relief in the matter of the petition of District Board No. 12 for the establishment of price classifications and minimum prices for the coals of certain mines in District No. 12.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 12; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That, pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 332.2 (*Alphabetical list of code members*) is amended by adding thereto Supplement R, and § 332.24 (*General prices in cents per net ton for shipment into all market areas*) is amended by adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this Order, unless it shall otherwise be ordered.

The prices established herein for the coals of the Hartley Coal Co. Mine (Mine Index No. 827) of Hartley Coal Co. (John Kenworthy), as shown in Supplement T, annexed hereto, are higher than those prayed for by the petitioner in Size Groups 8 and 9 by 5 cents. The increase was effected in order to relate these coals properly to analogous and comparable coals produced in the same Price Group, No. 11, since no showing was made by petitioner why the lower prices it sought in these size groups should be established.

No relief is granted herein as to the coals of the Zeck Mine (Mine Index No. 73) of the Zeck and Garrington Coal Co., such coals having been heretofore classified for rail shipment in General Docket No. 15, 5 F.R. 2961.

Acting Director.

TEMPORARY AND CONDITIONALLY FINAL EFFECTIVE MINIMUM PRICES FOR DISTRICT NO. 12

NOTE: The material contained in these supplements is to be read in the light of the classifications, prices, instructions, exceptions and other provisions contained in Part 332, Minimum Price Schedule for District No. 12 and supplements thereto.

[Docket No. A–1563]

PART 330—MINIMUM PRICE SCHEDULE, DISTRICT NO. 10

ORDER GRANTING RELIEF, ETC.

Memorandum opinion and order granting temporary relief and conditionally providing for final relief in the matter of the petition of District Board No. 10 for the establishment of a price exception for the resultant sludge coal produced by Mine Index No. 23.

An original petition pursuant to the provisions of section 4 II (d) of the Bituminous Coal Act has been filed with this Division by the above-named party, requesting the establishment of a price exception for the resultant sludge coal which passes through dewatering screens with openings not larger than ½ mm. for Mine Index No. 23 of Lumaghi Coal Company for rail and truck shipments.

Petitioner represents that this sludge product has accumulated over a period of years and continues to accumulate at the rate of 75 to 100 tons per operating day until now there is a pile estimated to contain about 70,000 tons. By

Order dated October 10, 1941 in Docket No. A-825, 6 F.R. 5253, the Division granted permission to the Peabody Coal Company to sell sludge produced at its Majestic Mine, as well as other mines of Peabody and one of Franklin County Coal Company at the established price for Size Group No. 16. Petitioner sets forth the following analysis of the resultant product produced at the Lumaghi Coal Company's Mine, Mine Index No. 23 as compared with the analyses of the resultant coal which was involved in Docket No. A-825.

	Cantine No. 2 ½ mm. sludge		Majestic 28 Mesh x 0 sludge	
	As received	Dry	As received	Dry
Moisture	15.81		22.11	
Ash	13.99	16.62	12.83	16.47
Volatile	33.34	39.60	26.41	
Fixed Carbon	36.86	43.78	38.65	
B. t. u.	9623	11430	8989	11540
Sulphur	3.34	3.97	1.4	1.80

It appears, therefore, that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That temporary relief in the above-entitled matter is granted as follows: Commencing forthwith § 330.8 (*Price instructions and exceptions*— (b) *Price exceptions*) and § 330.21 (*Price instructions and exceptions*—(b) *Price exceptions*) be and they are hereby amended to include the following price exceptions:

At Mine Index No. 23 the resultant coal which passes through dewatering screens with openings not larger than ½ mm., or the equivalent thereof, after the production of washed coal in other sizes, may be sold at a price not less than 50 cents per net ton: *Provided, however*, That this price shall not apply to said resultant product if it has mechanically or thermally dried; and *Further provided*, That there shall be filed with District Board No. 10 and the Bituminous Coal Division at Washington, D. C., within 10 days after any such sale a complete description of such sale as is required by the Marketing Rules and Regulations of the Division, Order No. 313, and any other order of the Division. The filing required herein shall be in addition to that required for filing with the field office.

It is further ordered, That pleadings in opposition to the original petition in the above-entitled matter and applications to stay, terminate or modify the temporary relief herein granted may be filed with the Division within forty-five (45) days from the date of this Order, pursuant to the Rules and Regulations Governing Practice and Procedure before the Bituminous Coal Division in Proceedings Instituted Pursuant to section 4 II (d) of the Bituminous Coal Act of 1937.

It is further ordered, That the relief herein granted shall become final sixty (60) days from the date of this order, unless it shall otherwise be ordered and that jurisdiction be and it hereby is reserved by the Acting Director subsequently to modify or revoke the price exception herein established.

Dated: September 10, 1942.

Subchapter A—General Provisions

PART 903—DELEGATION OF AUTHORITY

[Supplementary Directive 1-L]

RATIONING IN THE PANAMA CANAL ZONE

§ 903.14 *Supplementary Directive 1-L—Further delegation of authority with respect to rationing in the Panama Canal Zone.* (a) In order to permit the efficient rationing of all material in the Panama Canal Zone, the authority delegated to the Office of Price Administration by Directive No. 1 (§ 903.1)[1] is hereby extended to include the exercise of control over the sale, distribution and use of all materials in the Panama Canal Zone, except the acquisition or use thereof by or for the account of any of the person or agencies designated in subparagraph (1) of paragraph (a) of said Directive No. 1. The exercise of such authority shall be subject to the terms and conditions specified in said Directive No. 1 and to the conditions hereinafter specified in this Supplementary Directive, and, in the case of exports, shall also be subject to the provisions of section 6 of the Act of July 2, 1940 (54 Stat. 714) and in the case of exports, shall also be subject to the provisions of section 6 of the Act of July 2, 1940 (54 Stat. 714) and the pertinent regulations issued thereunder.

(b) As used in this supplementary directive, the term "materials" means any commodity, equipment, accessory, part, assembly, or product of any kind.

(c) Neither this supplementary directive, nor any action taken hereunder by the Office of Price Administration, shall relieve any person from complying with the provisions of any order or regulation of the Director General for Operations applicable to the Panama Canal Zone.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-90]

MAX ZEIGLER & BROTHERS, INC.

Max Zeigler & Brothers, Inc., a corporation, of Muncie, Indiana, is engaged in the business of buying, selling and otherwise dealing in ferrous and non-ferrous scrap. The company violated Supplementary Order M-9-b as amended December 31, 1941,[2] by accepting delivery of 3,726 pounds of copper scrap on March 18, 1942, although during the preceding sixty days it had not sold or otherwise disposed of scrap to an amount at least equal in weight to the scrap inventory of the company on the date of acceptance of delivery of such scrap, excluding the amount of such delivery. The company further violated Supplementary Order M-9-b as amended March 31, 1942,[3] in accepting delivery of 3,480 pounds of copper scrap on April 23, 1942, although during the sixty days preceding April 23, 1942, it had not sold or otherwise disposed of scrap to an amount at least equal in weight to the scrap inventory of the company on the date of acceptance of such delivery of scrap, excluding the amount of such delivery.

These violations of Supplementary Order M-9-b have hindered the war effort of the United States by impeding the flow of scarce materials. In view of the foregoing facts, *It is hereby ordered:*

§ 1010.90 *Suspension Order S-90.* (a) Max Zeigler & Brothers, Inc., Muncie, Indiana, its successors and assigns, shall not buy or accept delivery of any copper scrap as defined in Supplementary Order M-9-b, or any amendments thereof, except in connection with its present wrecking operations at the Cohoes Rolling Mill, Cohoes, New York, at the Whittaker Fireproofing Company, Chicago Heights, Illinois, Muncie, Indiana, and it shall dispose of any copper scrap acquired in connection with such operations without physically moving the copper scrap so acquired to its yards or warehouses.

(b) Nothing contained in this order shall be deemed to relieve Max Zeigler & Brothers, Inc. from any restriction, prohibition or provision contained in any other order or regulation of the Director of Industry Operations, or of the Director General for Operations, except insofar as the same may be inconsistent with the provisions hereof.

(c) This order shall take effect on September 14, 1942, and shall expire on March 14, 1943, subject to earlier termination by the Director General for Operations upon submission of proper proof to said Director General for Operations that the company has disposed of its entire inventory of copper scrap, in accordance with the provisions of Supplementary Order M-9-b, as amended.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-98]

LAWRENCE WOODWORKING COMPANY

Lawrence Woodworking Company is a corporation with a plant at Lawrence, Massachusetts. Paul R. Goldman is its sole stockholder and president. In December 1941, the company obtained a contract from the United States Navy for 30,000 ammunition boxes which contract carried an A-1-a preference rating. A PD-3 certificate was issued to the company in connection with the contract and the rating applied to delivery of the necessary steel.

On April 9, 1942, after it had received the steel required for the Navy contract, the company placed another order with its supplier for 34,368 sheets of 16-gauge steel and 1,914 sheets of 22-gauge steel. The company, by its president, Paul R. Goldman, applied the A-1-a rating which it had received in connection with the Navy contract to this order, representing in the prescribed certification that the steel covered by this order was necessary to complete that contract. This steel was not needed for that purpose and was not ordered for that purpose, and Goldman knew that the certification which he executed was false. The application of an A-1-a preference rating to an order which was not entitled to such rating constituted a wilful violation of Priorities Regulation No. 1 and Priorities Regulation No. 3 which has hampered and impeded the war effort of the United States. In view of the foregoing, *it is hereby ordered*, That:

§ 1010.98 *Suspension Order S-98.* (a) Deliveries of material, directly or indirectly, to Lawrence Woodworking Company or Paul R. Goldman, their successors and assigns, shall not be accorded priority over deliveries under any other contract or order and no preference ratings shall be assigned or applied to such deliveries to Lawrence Woodworking Company or Paul R. Goldman, by means of preference rating certificates, preference rating orders, general preference orders or any other orders or regulations of the Director of Industry Operations or the Director General for Operations, except as specifically authorized by the Director General for Operations.

(b) No allocation shall be made to Lawrence Woodworking Company or Paul R. Goldman, their successors and assigns, directly or indirectly, of any material the supply or distribution of which is governed by any order of the Director of Industry Operations or the Director General for Operations, except as specifically authorized by the Director General for Operations.

(c) Nothing contained in this order shall be deemed to relieve Lawrence Woodworking Company or Paul R. Goldman from any restriction, prohibition, or provision contained in any other order or regulation of the Director General for Operations, except insofar as the same may be inconsistent with the provisions hereof.

(d) This order shall take effect on September 12, 1942, and shall expire on January 12, 1943, at which time the restrictions contained in this order shall be of no further effect.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 10th day of September 1942.

AMORY HOUGHTON,
Director General for Operations.

PART 1010—SUSPENSION ORDERS

[Suspension Order S-100]

FLORIDA PIPE AND SUPPLY CO.

The Florida Pipe and Supply Company is a Florida corporation with its principal place of business at 821-829 North Myrtle Avenue, Jacksonville, Florida. It is a jobber of heating and plumbing supplies, and is a warehouse as defined in General Preference Order M-9-a.[1]

During the period from May 11 to May 30, 1942, the company made deliveries of 3,080 feet of copper tubing to fill orders carrying preference ratings lower than A-1-k, notwithstanding the fact that the company had actual knowledge of the prohibition placed upon such deliveries by General Preference Order M-9-a, as amended May 7, 1942. These deliveries constituted a wilful violation of General Preference Order M-9-a, as amended May 7, 1942.

These violations of General Preference Order M-9-a have impeded and hampered the war effort of the United States by diverting scarce materials to uses not authorized by the War Production Board. In view of the foregoing, *It is hereby ordered*, That:

§ 1010.100 *Suspension Order S-100.* (a) Deliveries of material to Florida Pipe and Supply Company, its successors and assigns, shall not be accorded priority over deliveries under any other contract or order and no preference ratings shall be assigned or applied to such deliveries by means of preference rating orders, general preference orders, or any other orders or regulations of the Director of Industry Operations or the Director General for Operations, except as specifically authorized by the Director General for Operations.

(b) No allocation shall be made to Florida Pipe and Supply Company, its successors and assigns of any material the supply or distribution of which is governed by any order of the Director of Industry Operations or the Director General for Operations, except as specifically authorized by the Director General for Operations.

(c) Nothing contained in this order shall be deemed to relieve Florida Pipe and Supply Company, from any restriction, prohibition, or provision contained in any other order or regulation of the Director of Industry Operations or the Director General for Operations, except insofar as the same may be inconsistent with the provisions hereof.

(d) This order shall take effect September 14, 1942, and shall expire De-

PART 1010—SUSPENSION ORDERS

[Suspension Order S-101]

MERIT OIL COMPANY

Merit Oil Company of Boston, Massachusetts, operates three bulk plants from which it supplies motor fuel to service stations owned by it and to certain other service stations. Its supplier of motor fuel established a quota under Limitation Order L-70 [1] for each of its bulk plants, but the company, although it was a supplier, did not establish any quotas for the service stations which it supplied. It divided the motor fuel delivered by its supplier among these stations without regard to their proper quotas and was thus able to keep its stations supplied with all the gasoline which they needed. This resulted in over-deliveries in May, 1942, to eleven of the service stations which it supplies. The largest over-deliveries in volume were to the company's service station located at Fall-River, Massachusetts, and the largest excess in percentage of overage was in deliveries to the company's service station located at Woonsocket, Rhode Island.

The over-deliveries of motor fuel to these service stations constituted a wilful violation of Limitation Order L-70 which has hampered and impeded the war effort of the United States. In view of the foregoing facts, *it is hereby ordered*, That:

§ 1010.101 *Suspension Order S-101.* (a) Merit Oil Company, its successors and assigns, shall not sell or deliver to any person any motor fuel as defined in Limitation Order L-70 at the service stations owned by it located in Fall River, Massachusetts, and Woonsocket, Rhode Island.

(b) Nothing contained in this order shall be deemed to relieve Merit Oil Company from any restriction, prohibition, or provision contained in any other order or regulation of the Director of Industry Operations or the Director General for Operations, except in so far as the same may be inconsistent with the provisions hereof.

(c) This order shall take effect on September 13, 1942, and shall expire on November 13, 1942, at which time the restrictions contained in this order shall be of no further effect.

Issued this 11th day of September 1942.

PART 3049—SOFTWOOD LUMBER

[Amendment 1 to Conservation Order M-208]

Section 3049.1 *Conservation Order M-208* [1] is amended in the following respects:

1. Paragraph (5) of List A is amended to read as follows:

(5) Replacement in inventory of an equal number of board feet of substantially similar items of softwood lumber delivered after September 1, 1942 for uses specified in List A, subject to the provisions of paragraph (e) (2) of this order.

2. Paragraph (5) of List B and paragraph (5) of List C are revoked.

3. Paragraph (b) is amended by adding at the end thereof a new paragraph (4) as follows:

(4) Preference ratings extended after September 11, 1942, pursuant to paragraph (c) (1) (ii) of Priorities Regulation No. 3, for replacement in inventory of softwood lumber delivered on Class 1 orders, may be so extended only to an equal number of board feet of substantially similar items thereof delivered on Class 1 orders subsequent to September 1, 1942. Preference ratings assigned by paragraph (5) of List A of this order may be applied or extended only for the replacement in inventory of an equal number of board feet of substantially similar items delivered subsequent to September 1, 1942, for the uses specified in said List A. Preference ratings shall not be applied or extended for the replacement in inventory of softwood lumber delivered for the uses specified in List B or C of this order.

Preference ratings applied or extended prior to September 11, 1942, to orders for softwood lumber for replacement in inventory, to which ratings may not be applied under this subparagraph (4), are hereby revoked.

(P.D. Reg. 1, as amended, 6 F.R. 6680; W.P.B. Reg. 1, 7 F.R. 561; E.O. 9024, 7 F.R. 329; E.O. 9040, 7 F.R. 527; E.O. 9125, 7 F.R. 2719; sec. 2 (a), Pub. Law 671, 76th Cong., as amended by Pub. Laws 89 and 507, 77th Cong.)

Issued this 11th day of September 1942.
